CHRISTMAS DINNER DELAYED FIVE WEEKS FOR IOWA PARK SOLDIER
... served Monday to Army Pvt. Micheal Johnson, second from left, by his grandmother, Mrs. Betty Quisenberry, shown with his date, Christy Fulfer and father, Steve Johnson.

Iowa Park soldier's letter recalls attack on Panama

Micheal Johnson had to wait for his Christmas dinner and gifts.

He was among several thousand American military men who took part in the liberation of Panama and the ensuing search for Gen. Manuel Noriega.

But the wait was over Sunday, five weeks later, when his grandmother, Mrs. Betty Quisenberry made good her promise.

She served a piping-hot chicken and dressing with all the trimmings to the young soldier, his date,

Christy Fulfer of Kamay, and his father, Steve Johnson of 308 E. Ruby.

On a table in the livingroom were a small Christmas tree and the presents.

Johnson enlisted in the U.S. Army a week after graduating Iowa Park High School last spring. He was sent to Panama in mid October, but is now stationed at Fort Polk, La., with the 5th Infantry Div.

His letter to his father was mailed from Panama Dec. 29, shortly

after Panama City was secured. In it, he gives a vivid description of the assault in which several of his comrades in arms were wounded.

One of his duties was to secure the office of Noriega, and it was there he secured the stationery on which to write his letter. The stationery is that of the Panamanian dictator's.

With the family's permission, the *Leader* is reproducing the letter to give the young soldier's friends and neighbors a greater insight into how a soldier saw the action.

Daddy,

Well I'm sure by now that everybody is worried to death over me. Tell everyone not to worry anymore because I made it through as you can tell. We've been in war for about 5 days now and I'm really tired. We don't get to much sleep & we have to be alert at all times. The first two days I didn't sleep at all, mainly because I was so scared. Only 7 people out of my platoon made it until now. Within the first 30 minutes of the war 20 people in our platoon were casualties. We didn't have any people die though. I sat there and watched all my best friends get parts of their bodies blown up. My best friend got his lips blown off & then he fell in my arms crying for help. There wasn't nothing I could though. I seen all kinds of dead bodies of the Panamanians laying around that we shot up. Even civilians were killed just for being in the way. Now everybody that got injured is back in the states at Ft. Sam Houston id San Antonio. They all got purple hearts too. All I'll be getting

s a combat infantry badge. And that's something everyone in the Army looks up to. Most people that are in the Army for 20 years never even get it. Right now were staying in Noriega's main office building downtown. This was the place we sat out to take over. They said we missed Noriega by just a couple of hours. We've all gone through all of his stuff. I've got pictures of everything. Including his office, dining room & everything. How do you like this paper of his I'm using? It came straight from his office too.

Well, I've got alot of stuff to do today. I may get a chance to call home today, at least that's what they said. I'll try to keep you informed on what's going on. Tell you more about the details later on. Tell everyone I'm O.K. & I made it.

Love,
Michael

General Manuel Antonio Noriega

Vol. 21, No. 20 IOWA PARK, WICHITA COUNTY, TEXAS 76367 Thursday, February 1, 1990

Home burglaries, thefts keep local police busy

Iowa Park police have been kept busy during the past week investigating two home burglaries, two thefts, a hit and run incident, one case of criminal mischief, and making four arrests.

The most serious of the home burglaries was reported Tuesday afternoon by a resident who lives on the access road in northwest Iowa Park.

Police were told that afternoon by the resident that the front door had somehow been forced open. Taken was a VCR and pillow case containing numerous pieces of jewelry.

Leads have been received by

police from citizens who reported having seen a suspect in the area, police say.

The other burglary was reported Thursday by a resident in the 700 block of Park Plaza. However, the only items listed as missing are three ice cream sandwiches.

Police were summoned to the 100 block of West Garden by a resident frightened by a strange man who was sitting on the porch of the home.

Officers arrested Clebern Doyle Warford, 47, of Midland, on a charge of public intoxication. He was later

transported to county jail.

Police executed a search warrant at a home in the 400 block of South Texowa at 9:31 p.m. Friday, and took Davis Chris Wilson, 40, into custody on a charge of possession of marijuana. He was taken to county jail.

When officers stopped Guy Thomas Kuhn, 38, for a traffic check at 1:16 a.m. Monday, a check of his license determined he was driving while his license was suspended. He was charged for that offense, and for having no vehicle liability insurance, and taken to county jail.

Tuesday afternoon, police stopped a vehicle in the 1200 block of Johnson Road, and when a check of the driver's license was run, learned the driver, Anna Lee McGough Lowe, 34, was wanted for two outstanding warrants from the sheriff's office in Abilene.

The warrants, according to police, were for theft by check and issuance by bad check. Lowe was transported to county jail.

The two minor thefts included a pair of tennis shoes from a pickup parked at the southside fire station, left there by fireman Joe Noel, Jr., when he responded to a fire call Sunday, and a Cadillac hood ornament taken from a car while parked overnight Monday in the 100 block of West Pecan.

Police are investigating an ongoing case of criminal mischief at a residence in the 700 block of Rebecca, where someone, believed to be juvenile, has been painting or using shoe polish on the driveway and car.

Also under investigation is a report received Saturday of a parked vehicle being damaged in a hit and run incident in the 100 block of East Garden.

Police rounded up about half a dozen young adults in residential areas Monday who were soliciting subscriptions to magazines. They were allowed to leave, after being informed of the city ordinance which requires a permit for sales in residential areas.

WORKERS BEGAN preparation work this week for the widening of West Highway between Colorado and Johnson Road. When completed, a third lane will be available for left turns only.

Does your subscription for the Leader expire this month?
Check the list on page 4.

Walls, Freeman exchange vows recently in double-ring ceremony

Miss Andrea Nicole Walls and Jay Robert Freeman Jr. exchanged double-ring nuptial vows in a ceremony Dec. 16 at the Country Chapel in Wichita Falls. Bro. John Ward, pastor, officiated.

Miss Walls is the daughter of Mr. and Mrs. Martin Chowning and Freeman is the son of Mr. and Mrs. Jay Freeman, all of Iowa Park.

The couple exchanged vows at an altar area centered with a brass heart-shaped archway, intertwined with greenery and ribbon. Baskets filled with pink and blue flowers flanked the archway, and a unity candle trimmed with pink and blue ribbon stood to the right, completing the altar setting.

Grandfather of the bride escorted her halfway to the altar, then presented her to her father who escorted her to the altar.

For her wedding day, the bride chose a formal gown of white satin with a pleated organza overlay. Pearled lace adorned the neck, bodice and sleeves that tapered to the wrist. A lace tiara accented with pearls and white flowers secured waltz-length and blusher veils of bridal illusion.

For the finishing touch, the bride-elect carried a bouquet of pink carnations interspersed with tiny pink, white and blue roses, and accented with pink and white streamers.

Jennifer Collinsworth was maid of honor, and wore a pink floral dress complimented by a bouquet formed of royal blue carnations. Jeanine Blair of Iowa Park was bridesmaid. She wore a blue floral dress and carried a bouquet made of pink carnations.

Miss Chrystal Camp of Iowa Park was flower girl and wore a white dress with a lace overlay and pink and blue ribbon accents.

The groom was attended by Dennis Blevens as best man and Jason Crawford as groomsman, both of Iowa Park. Each wore white tuxedos with royal blue bow ties.

Mrs. J. Robert Freeman Jr.

As the bride was escorted to the altar, "Shower Me With Your Love" was played. Other wedding selections included "My Only Love" and "Always."

For her daughter's wedding, Mrs. Chowning chose a royal blue tea-length dress. Mrs. Freeman wore a pink tea-length dress with royal blue accessories.

Following the wedding, the newlyweds were honored with a reception at the ASCS building.

The bride's table was covered with a white lace cloth trimmed with pink and blue ribbon. It held a three-tiered cake, topped with a traditional bride and groom highlighted with pink and blue flowers and silver leaves for accent. The couple's engagement picture and the bridal bouquet completed the table setting.

The groom's table was covered with a white cloth trimmed in pink and blue ribbon, and held a traditional chocolate cake.

Cindy Knight and Amber Sandquist, both of Iowa Park, presided at the tables. Denise Dunlay of Iowa Park directed the signatures of guests.

Out of town guests for the wedding included Mr. and Mrs. Grady Howell of Okmulgee, Okla., grandparents of the groom, Mrs. Wesley Pipkins of Muskogee, Okla., aunt of the groom, and Mrs. Dennis Walker of Oktaha, Okla., cousin of the groom.

The couple are seniors at Iowa Park High School and reside in Iowa Park.

LOOK WHO'S NEW

A daughter, Haley Marie, was born Sunday, Jan. 21, to Mr. and Mrs. Jon Catron of 204 E. Garden.

The six-pound, five ounce girl has an older sister, Kendra, who is 16 months old.

Grandparents are Mary Walls of Iowa Park and Mr. and Mrs. Jon Pahl of El Paso. Great-grandparents are Mr. and Mrs. Arnold Coleman of Iowa Park.

Chili Supper is Saturday

The Iowa Park Choir Boosters are sponsoring a chili supper from 5 to 8 p.m. Saturday at the Iowa Park High School cafeteria.

The dinner will be prepared by the Iowa Park MuleSkinners, and will include chili, beans, coffee, tea and homemade cakes and pie.

The Iowa Park Junior High Choir, Show Choir and the A Capella Choir will provide entertainment for the dinner.

Advance tickets for the event will be \$3 for adults and \$2 for children, and may be purchased from choir or booster club members or from Parkway Furniture, Settle Drug or the Iowa Park Leader. Tickets at the door will cost \$3.50 for adults and \$2.50 for children.

Friendly Door News

Joseph F. Koncelik will present a program on stress management at 11 a.m. Friday at Iowa Park Friendly Door.

The public is invited to attend.

...All information prepared by Iowa Park School Counselors

The Six Flags Corp. and Pearle Vision Center are sponsoring the "600 Minute Reading Club" at Iowa Park Junior High.

Students who complete a minimum of 600 minutes of recreational reading between Jan. 29 and March 9 of this year becomes a member of the Read to Succeed 600 Minutes Reading Club. Membership in the club entitles students to one free admission to Six Flags, to be used between June 23 and July 15.

Students participating may read books, magazines and newspapers, and they may read to themselves, to another person, or being read to by another. However, reading to complete school assignments will not count.

Students may pick up tally

sheets, used to record reading times, in the junior high library. All sheets must be signed by a parent or teacher.

The junior high library will be holding a book fair Feb. 14 - 19. A wide selection of high quality, high interest paperback books will be on sale during school hours.

Mitsi McKee and Guy Wayne Nethery

March date is selected

Miss Mitsi Jenine McKee and Guy Wayne Nethery are announcing their plans to marry March 17 at

Central Christian Church in Wichita Falls.

Miss McKee is the daughter of Thomas McKee of Wichita Falls, and Nethery is the son of Eldon Nethery and Dawn Craig, both of Wichita Falls.

The bride-elect is a 1988 graduate of Iowa Park High School and attends Midwestern State Univ. She is employed at Tranter, Inc. of Wichita Falls.

The groom-elect was graduated from Hirschi in 1985 and attends MSU. He is employed by Texas State Optical.

Band Boosters to meet

Iowa Park Band Boosters will meet at 7:30 p.m. Tuesday at the high school band hall. All junior high and high school band parents are urged to attend.

The annual cornbread and bean supper has been set for Feb. 24.

Band Booster officers are: Diane Eiben, president; Linda Bowden, vice president; James Barrington, secretary; Don Decker, treasurer; Candi McKee, historian; Donna Hodges, reporter; Ruth Welch, parliamentarian, and Yeada Gunter, membership.

Library News

By JO LYNN COCKRUM

The tax seminar held at the library Tuesday evening was very informative. If you missed it, you missed a lot of valuable tax tips. I would like to express my thanks to Lisa Ezzell for all of the time and hard work that she put into the program.

The library will be hosting a two-night CPR training course from 6 to 10 p.m. Monday and Tuesday evening. The cost of the course will be \$2 per person, and will include infant and adult CPR training.

Terry Byron of Lifeline EMS will be instructing the course, which will be limited to 30 people. Registration is necessary, and may be done by calling 592-4981, or by signing up at the library. This program was made possible by the efforts of officer DeDe Alderman of the Iowa Park Police Department.

The library has recently changed hours. They are as follows:
Tuesday & Thursday, 10 a.m. - 8 p.m.
Wednesday & Friday, 10 a.m. - 5 p.m.
Saturday: 10 a.m. - 2 p.m.

As I See It...

By BOB HAMILTON

On rare occasions when someone is renewing their subscription, they make a comment something like, "I thought you were still \$8."

And other times, especially when someone is subscribing to the paper for the first time, they say, "Oh, that's too cheap!"

So, when the Texas Newspaper Association sent out its new directory last week, I just thought I would do a little research, to see where we stand on our subscription rate.

First of all, let me say we appreciate each and every one of our subscribers. And when someone makes the comment about thinking the rate was still \$8 a year, we never take it as a complaint.

But for your information, most of the weekly newspapers in Texas do have a higher annual subscription rate than the Iowa Park Leader. In fact, there are 245 that charge more

than we do, and only 58 that have an annual rate less than we do.

There are 68 other weeklies in the state that also charge \$10.

The next most popular annual subscription rate is \$12, which is the price of 60 newspapers.

Annual subscription rates for weekly community newspapers range from as low as \$2.50, which is San Augustine, to \$31.50, the rate for the paper at Marble Falls.

For those who think \$10 is a bit much for a year's subscription, let me point out the rates above us: there are 17 that charge \$11; 60, \$12; 47, \$13; 22, \$14; 44, \$15; 11, \$16; 9, \$17; 8, \$18; 4, \$19; 12, \$20; 2, \$14; 5, \$15, and the one for \$31.50.

Actually, there are three weekly publications listed that charge \$36, but they are not community newspapers. Rather, they are courthouse records publications in three major

cities, and don't carry such things as weddings, sports, church and club news, and things like that.

No, this is not intended to be a prelude to a subscription rate increase, but rather for your greater understanding about our rate structure.

We will continue to maintain as low a subscription rate as is economically feasible. We have been able to maintain this low a rate despite the continued increases in newsprint, which has risen something like 200% over the past decade, and postal rates, which have risen more than that.

The point is, we want your continued readership. We know fully well that without it, we can serve no purpose as a community newspaper.

So, to all our subscribers, let us say again, "Thanks."

Worth Quoting

Every day of the year the pile grows taller. Every person in the country, on the average, tosses out about five pounds of trash each day. That is almost a ton of solid waste for each person each year.

That mountain of garbage has to go somewhere. It does not magically disappear once you carry it to the dumpster in the alley.

Traditionally the accepted method of disposing of trash was to bury it in a sanitary landfill. Alternating layers of waste and dirt are used to seal the trash underground, safe from rodents, birds and other pests that carry the garbage and the diseases it contains outside the landfill site.

The Environmental Protection Agency has determined that this method of trash disposal does not protect the underground water supply from contamination from toxic and organic chemicals found in our garbage. The agency has placed strict new rules on the operation of landfill sites.

What was once our primary method of disposing of trash is destined to be phased out over the next decade if the EPA has its way. Recycling will become the name of the game in solid waste disposal.

There are a few problems inherent in the recycling process. The optimists of this world have the idea that households across the nation will gladly and efficiently separate their garbage into neat little piles of aluminum, glass, paper, tin cans and other materials. This is called source recycling.

As most people that deal with the public know, source recycling will never work. The first problem is getting everyone to separate their trash and the second problem is to get everyone to do it right day after day, year after year.

As any parent knows, it is impossible to get that kind of consistency from their children on a daily task. Source recycling, though a good idea in theory, fails the test of human nature.

The other alternative is point recycling. That is to collect all the trash as it is now and bring it to a central site to be sorted into recyclable materials. This method holds some promise. Efficient, multi-million dollar machines have been designed to take the tons of solid waste and with magnets, air blowers, screens, water baths and other methods separate our trash into salable items.

This is also a very high cost way to get rid of our trash. Most cost projections point out that a large part of the cost can be recovered through the sale of recycled materials.

Most of those projections however were made by engineers, not economists. Simple economics tell us, that as the supply of recycled materials increases the price paid for those materials will decrease.

As an example the price paid for aluminum cans is now about 35 cents a pound. The country only uses 5.3-million tons of the metal each year. If the amount of recycled aluminum was doubled then the price paid per pound would fall and the metal would stack up in warehouses across the nation.

This situation has already occurred with waste paper and some

plastics. There is simply more materials recovered than there are buyers for the materials.

Probably the statement with the most truth about the trash problem was made by a city sanitation engineer

in Houston. He said, "The problem with garbage is that everyone wants us to pick it up, but no one wants us to put it down."

Letters to the Editor

Ordinance concerning To the Editor of the Leader,

Whether a person has, or intends to have, an alarm system or not I feel each resident and business person in Iowa Park needs to be aware of a situation which exists. If the city sees fit to enact an ordinance of this type, who knows to what extent they will go the next time.

Typical of the dictatorial attitude of the city government is Ordinance 617, which is a five page document governing all residential and commercial alarm systems. It was passed by the city council Sept. 11, 1989, and became effective Jan. 1, 1990 with no advance, nor subsequent, publicity except to those known by the police department to already have an alarm system installed. When I learned of the contents of the ordinance in November, I contacted three of the five council members regarding some concerns I had about the ordinance. None of those contacted could discuss the ordinance because of a lack of knowledge of it's contents, nor could they defend the ordinance which they were a party to passing. After talking to each of these persons, they told me they would "check into it." The reply I subsequently got was, he did not know any other way to handle it. It was explained to me that "he" was the police chief. I later talked to the police chief about my concerns. He agreed that I had some valid points that needed changing, but the council would not be meeting before Jan. 1, but he would be making some changes when they met. This has yet to happen. This clearly confirms my suspicions that the city council is a rubber stamp function serving the desires of the city staff members. By law the staff should be carrying out the policies as established by the council, but this is obviously not the case in Iowa Park.

The ordinance is all encompassing and bears an indepth study by any current or potential alarm owners. For those interested in the contents of the ordinance which concerns me, they are: 1. What is the driving force behind this ordinance except that "Big Brother," (Wichita Falls) recently passed an alarm ordinance, likely this same one? If one is required, it should be realistic to our needs, not someone else's. 2. There is a \$10.00 initial fee with an annual \$5.00 renewal fee. As there is no additional personnel required to enforce this ordinance and no overtime generated, why is there a need for a fee except to create another way to gouge residents for additional funds with which to expand their empire? 3. It states: "All alarm installations and installers must meet all State of Texas requirements as regulated by the Texas Board of Private Investigators and Private Security Agencies." When the location of a copy of these requirements was requested from the city administrator he did not know what I was talking about. When I made the same inquiry of the police

chief, I was told there really was no document as such, but it only pertained to commercial installers anyway and don't worry about it. That was not the way the ordinance reads. The ordinance should say what it means. 4. With the requirement for the names of three persons who can respond and disengage the alarm system to be listed on the permit, why is there a requirement to have written operating instructions maintained at each alarm site and on the panel if there is a fire alarm system? 5. If a dispute arises between an alarm owner and the police chief, the city administrator is the sole and final hearing officer. Should a hearing be requested, little is left to the imagination as to what the outcome would be. 6. There is a \$50-\$200 per day penalty for violating any provision of the ordinance. This penalty does not seem to fit the violation seeing as how the ordinance has questionable value in the first place. 7. There are provisions for a \$40.00 service fee for responding to alarms in excess of six false burglar alarms and three false fire alarms. This does not seem to be unreasonable, except it seems the policy has been determined by the police chief that any alarm except a successful, not attempted as the ordinance states, forced entry will be considered a false alarm.

In this time of rising crime rates, burglary and vandalism included, it would seem that the police would encourage the installation of alarm systems as they are a proven deterrent to such crimes. If a crime is committed, they learn of it at the time of the occurrence, not at some later time which, should they choose to investigate, could result in much evidence being lost and making the investigation more difficult and ineffective. But the contrary seems to be the case here as an ordinance as broad and restrictive as this one will most certainly discourage an alarm installation unless there is no alternative.

I wonder if it is not time to start making some changes in the city government, both at the elected and selected positions.

C.E. "Bud" Thompson

Planing reunion

Dear Sirs:

Forty-five years ago we were helping to make news for the media. Now we need to use your newspapers to locate and inform all 2nd Armored "Hell on Wheels" Division and all attached units of our reunion at Killean, Fort Hood, Texas, at the Sheraton Hotel, May 30 - June 3, 1990.

Among the many "Hell on Wheels" veterans that was from Texas we would like to contact are Sgt. Clark of Fox Co., 41st Inf. Reg. who was wounded at Humane, Belgium Dec. 26, 1944 in the "Battle of the Bulge" and the McElroy Brothers who rode motor cycles for the

41st Inf. Reg.

Write to Loren O. Guge, Reunion Chairman, 8053 High Point Blvd., Brookville, FL. 34613 for information.

Yours truly,
Gabe Struggles
Waldron, AR 72958

Liked advertisement

Dear Bob,

Excellent ad on page 11, upper right hand corner of this week's Leader. Unfortunately the "Sashas" of the world are no longer an exceptional case. I talk with many senior citizens, those that people would say have old fashioned ideas and all agree that we must better inform our youth. Mother and Grandmother's Victorian teachings, or lack of, do not meet nor even take issue with the current situations facing our young society.

I would like also to see an ad with a young male person. Let's address both sides, preferably together.

Morals, attitudes and a good feeling of self worth are vitally important to all our youth.

Let's also take a realistic look at contraception, it isn't a giggle anymore. It's reality!

Sincerely Yours,
Frances M. Krause

Cook of the Week

Mrs. Dorothy Cates

This week's featured cook, Mrs. Dorothy Cates, has an easy manner and is a pleasure to visit with.

Dorothy, a 28-year resident of Iowa Park, is in her fourth year as owner and operator of All Occasions Flowers and Gifts.

Mrs. Cates decided to open the shop while working for a Wichita Falls oil company that was facing the prospect of closing. She has always enjoyed creative work—sewing, crafts, ceramics and the like—and when deciding on her next career move, became interested in floral design.

That's when she and one of her daughters, Brenda England, attended and graduated Benz School of Floral Design at Texas A&M.

Upon completion of the course, Dorothy opened All Occasions, with Brenda as her full-time floral designer. "I couldn't do it without her," Dorothy says of Brenda.

Mrs. Cates' two other daughters, Linda Frazier and Marye, each fill in and help out at the shop as well, making it one of Iowa Park's family businesses.

Dorothy also enjoys cooking and has a great deal of respect for good cooks, defining them as those "who really love to cook." She said she has known many "good cooks" through the years and names her sister, Marye Lou Fairchild, and the late Pearl Guthrie as two of the best.

Among the recipes she shares this week is one that belonged to Mrs. Guthrie for Pound Cake. Others include Banana Bread, used by her

family since 1959, and one for Rolled Dumplings, a family favorite.

Mrs. Cates is a member of First Christian Church.

BANANA BREAD

- 1/2 cup shortening
- 1 cup sugar
- 1 egg
- 1 tsp. soda
- 2 large bananas
- 3 Tbsp. milk
- 2 cups flour

Mix first four ingredients. Cream until smooth. Mash bananas well and add to sugar mixture. Then add flour and milk. Bake in greased and floured loaf pan 1 hour at 325°.

POUND CAKE

- 1 lb. butter or margarine
- 4 cups sugar
- 4 cups sifted cake flour
- 10 eggs
- Vanilla or almond extract

Cream butter, add sugar a little at a time, mixing well after each addition. Add flour and eggs alternately, letting your last addition be flour. Grease and flour a tube or bundt pan. Bake at 350 degrees about an hour or until cake tests done.

After cake is baked and still hot, punch holds in cake with an ice pick.

Mix 2 cups powdered sugar and 2 cups pineapple juice together and pour slowly over cake. Let cake cool in pan until slightly warm before removing from pan.

TEXAS' FAMOUS CHILI RECIPE

- 1/2 lb. or 2 cups ground beef suet
- 2 lbs. ground beef
- 3 buds garlic
- 1 1/2 Tbsp. paprika
- 3 Tbsp. chili powder
- 1 Tbsp. comino seed
- 1 Tbsp. salt
- 1 tsp. white pepper
- 1 1/2 tsp. finely diced dried sweet chili pods
- 3 cups water

Fry out suet in heavy kettle. Add meat, finely diced garlic, and seasonings; cover. Cook slowly four hours, stirring occasionally. Add water, continue cooking one hour until slightly thickened. Serve plain or mixed with equal portions of cooked dried pink or red beans. Serves six. (Dried chili pods may be omitted).

ROLLED DUMPLINGS

Boil chicken in large pan. Remove chicken and debone. Set aside. Season broth as desired.

- 1 egg
- 2 Tbsp. cold water
- 1 cup self-rising flour
- 1/4 tsp. black pepper, if desired.

Beat egg until light in color. Add water and beat. Stir in flour, pepper and work in with hands until well blended. Divide dough into two parts. Roll out each part paper-thin on a lightly floured board. Roll up dough as for jelly roll. With sharp knife, cut into strips of desired

widths, 1/8-inch for fine dumplings and 1/2-inch for broad dumplings. Stir into boiling broth. Cover and simmer 12 to 15 minutes. Add chicken pieces and serve.

Note: This dough will be very stiff. Recipe can be multiplied as many times as you need. The above recipe serves two.

IOWA PARK SCHOOL MENU

Friday, Feb. 2

Breakfast: Oatmeal, buttered toast, jelly, fruit juice, milk.
Lunch: Soup/sandwich, fish, macaroni and tomatoes, fried okra, cornbread, dessert, milk.

Monday, Feb. 5

Thursday, Feb. 8

Breakfast: Oatmeal, buttered toast, jelly, fruit juice, milk.
Lunch: Soup/sandwich, creamed turkey, rice, green beans, hot rolls, dessert, milk.

Wichita Falls State Hospital history told to Lioness Club

Jill Avis, a director of Volunteer Services at Wichita Falls State Hospital, presented the program for the Evening Lioness Club Thursday in a meeting held in the Lions building. She was introduced by Mrs. Alan Bennett.

The program featured a slide film "Beyond the Red Bricks" and narration showing the changes in the hospital since it was established in 1917 as the North Texas Lunatic Asylum until the present time. It also emphasized how the goal of the hospital to help people walk beyond the red bricks to home activities was being realized through changes in medicine, therapy, and treatment.

Mrs. Avis said that there were 2,800 patients at the hospital in 1922 and at the present time there are only 450 patients, and the average

length of stay is 35 days. She said that there are 1,300 employees now.

Mrs. Kenneth Via, club president, presented the guest speaker with a check for Volunteer Services.

Preceding the program, Mrs. Sam Hunter gave a meditation taken from "Meditation Moments for Women," a book of daily devotions by Mildred Stamm and closed with a short story "Are You God's Wife?"

During the business, it was voted to give \$100 to the Ministerial Alliance to help meet local needs at the suggestion of the project committee. A nominating committee composed of Mmes. C.L. Thompson, Gerry Thurlo and Bennett was elected.

Hostesses for the meeting were Mmes. Joe Kennedy, Hunter and Homer Blalock.

Abuse counseling available

Educational counseling is now available to adolescents and their parents when the child is experiencing chemical use or abuse.

Sessions are available through Project PACE (prevention, awareness, counseling and education) in a five-week, 10-session program.

Parents who are experiencing, or perceive their child to be at high-risk to use drugs, can call 692-4963 to arrange for an interview.

Project PACE is sponsored by the Wichita Council on Substance Abuse. There is a fee charged for the sessions.

Obituaries

Joseph Paul Galliton

Joseph Paul Galliton, infant son of Jerry and Gayle Galliton of Henrietta, died Sunday.

Graveside services were Tuesday afternoon in Hope Cemetery with Rev. Eric Johnson, pastor of Grace Baptist Church of Iowa Park, officiating.

The child was born Jan. 28, 1990, in Wichita Falls.

Survivors include the parents; two brothers, Tony Galliton and Calvin Galliton; two sisters, Jennifer Elliott and Stephanie Elliott, all of the home; grandparents, Charlie and Barbara Galliton of Iowa Park and Fred and Audrie Arens of Wichita Falls; and a great-grandmother, Clydie King of Checotah, Okla.

Lola Brown

Services for Lola Brown, 79, were Saturday afternoon at Totten-Day Funeral Home in Electra with Rev. David Walker, pastor of Electra Church of God, officiating. Burial was in New Electra Cemetery.

She died Jan. 25 at an Electra nursing home.

Mrs. Brown was born March 23, 1910, in Knox City, and had lived in Electra most of her life. She was a member of Electra Church of God.

Survivors include a son, David of Electra; three daughters, Ima Jean Barker of Electra, Dorothy Ann Sluder of Wichita Falls and Mary Ellen Green of Levelland; a brother, Jim Darr of Holliday; a sister, Linnie Deemer of Quinlan; eight grandchildren; 10 great-grandchildren; and two great-great-grandchildren.

Elsie Shawver McCuistian

Services for Elsie Shawver McCuistian, 91, were Wednesday morning at Megargel Methodist Church with Rev. Raymond Grube, pastor, officiating. Burial was in Megargel Cemetery.

She died Monday in an Olney hospital.

Mrs. McCuistian was born Jan. 23, 1899, in Parker County, Texas, and lived in Archer County 60 years. She and Marion McCuistian were married Aug. 15, 1929, in Walters, Okla. She was a homemaker and a member of Megargel Methodist Church.

Survivors include her husband; two sons, Loyd of Enterprise, Ala., and Lewis of Hereford; two daughters, Louise Tatum of Megargel and Lois McCrory of Burleson; four brothers, G.E. Shawver of Iowa Park, Tommy Shawver of Archer City, L.E. Shawver of Megargel and V.M. Shawver of Graham; four sisters, Jewel Lamb of Wichita Falls, Audrey Wales of Archer City, Grace Ward of Megargel and Lillie Nored of Graham; 10 grandchildren; and four great-grandchildren.

Henry Williams

Services for Henry Williams, 29, of Holliday were Wednesday afternoon at Owens & Brumley Funeral Home in Burkburnett with Jack Hendry, minister of Grandfield, Okla., Church of Christ, officiating. Burial was in Burkburnett Cemetery.

He died Monday in a Wichita Falls hospital.

Williams was born Nov. 18, 1960, in Wichita Falls. He was a

custom hay hauler and a member of the Church of Christ.

Survivors include his wife, Kimberly; two sons, Nicholas Cole and Shane Lee; his mother, Maudie of Burkburnett; a brother, Michael of Wichita Falls; and five sisters, Levita of Florida, Jo Ann Young, Marylene Dorton and Patsie McDonald, all of Burkburnett, and Betty of Las Vegas, Nev.

The Henry Williams Memorial Account has been established at the First National Bank of Burkburnett, No. 7108087, to help the family defray medical expenses.

Troy Teichman

Rosary for Troy J. Teichman, 51, of Holliday was Tuesday evening at Owens & Brumley Funeral Home in Wichita Falls. Services were

Wednesday morning at St. Boniface Catholic Church in Scotland, with Rev. Bartholemew Landwermyer, pastor, officiating. Burial was in St. Boniface Cemetery.

He died Sunday in a Wichita Falls hospital.

Teichman was born Dec. 15, 1938, in Wichita Falls and had been a lifetime resident of the area. He was a retired restaurant owner.

Survivors include his wife, Frankie; two daughters, Celeste and Melissa Falkerson, both of Wichita Falls; his parents; Tony and Veronica of Scotland; two brothers, Dale of Wichita Falls and David of Germany; three stepdaughters, Debra Alley of Marion, Ohio, Dotti Blocker of Holliday and Donita Vieth of Henrietta; a stepson, Dan Alley of Baltimore, Md.; and eight grandchildren.

Willard to perform at Church of God

Kelly Willard, Christian performer and songwriter, will be special guest Sunday at services held at the Church of God.

Willard will sing at the morning service, beginning at 10:30, and again at the 6 p.m. service. A nursery will be provided, and an offering will be received for her ministry. There will be no specified admission charge.

Willard, a premiere Christian singer, has made four solo albums and is expected to record a fifth in the coming year.

Ed Prince, pastor of the church, said that Iowa Park is honored to have a singer of this renown to visit the city.

Discover the Joy

SUCCESS WITH CHILDREN

Alexander the Great lived an incredible life. He was the son of the brilliant Philip of Macedon. His mother was named Olympus and was a princess. One biographer states Alexander inherited the best qualities of both his parents. His mother taught him that Achilles was his ancestor and that his father descended from Hercules. After rescuing his father at age 15 in battle, Philip said to Alexander, "Oh, Alexander! Seek out a kingdom worthy of yourself...Macedonia is too small for you!" Talk about motivating children! Hey son, go for the world!

Parents are so important to children. Take off those leashes, give them direction, challenge them, and turn them loose! I believe you will find the following suggestions helpful in creating a sense of self-worth and confidence in your own children: (1) assure them of God's love. When a youngster is taught about God's abiding sacrificial love for him, he'll sense how important he is to God as an individual. When he realized that Christ died for him, he'll feel he must be worth something after all. (2) make realistic demands. Some parents expect more of their child than any kid could ever live up to. This causes the children to have almost constant feelings of failure and frustration. Be reasonable, but not too easy in your expectations. (3) spend time with your children. This lets them know they are important to you. Your personal attention will build up their view of themselves. (4) make assignments. Give your children regular responsibilities that are not beyond them, and expect them to be completed. Add extra duties on occasion. Nothing improves a person's self-concept like doing a job successfully-especially if its fairly difficult. (5) show interest in what your children are doing. Ask them about the events of the day, and then listen carefully to what they say. Attend special events in which they participate. (6) say no when necessary. Your child may be upset if you deny him something he wants to do, but he'll know you really are concerned about his welfare. He will be grateful to you in the long run. (7) pray for your children in their presence. This will show them that you think they're important enough to talk to God about.

As Christian parents, we need to give our children a high concept of themselves. The more they respect themselves, the more they will want to live godly, productive lives, and the happier they will be.

"YARD OF THE YEAR" IS PRESENTED TO MR. AND MRS. MONTY BRITT
... by Iowa Park Garden Club member, Mrs. Roy Fortner.

Britts have Yard of the Year

Stating that the couple kept their yard well-groomed throughout the year, Mrs. Norma Fortner presented the Iowa Park Garden Club's annual Yard of the Year award to Mr. and Mrs. Monty Britt, who reside north of the city on Bell Road.

The presentation was made during a meeting of the club Friday morning at the TU Electric Reddy Room.

During the business session, presided over by Mrs. Gladys James, Mrs. Joe Kennedy, treasurer, announced that a monetary contribution had been sent to the National Wildflower Research Center.

Mrs. W.A. George, social committee chairman, told members that the club's Valentine Social and 30th Year Anniversary Celebration will be held Feb. 9 at the Muleskinner Barn.

"Getting to Know Hummingbirds" was the title of the program, presented by Mrs. B.J. Gilmore. Using several books as reference, Mrs. Gilmore stated that there are 319 species of hummingbirds in North and South America, with 15 species in the USA and nine in Texas.

These birds spend the summer months as far north as Alaska, and spend the winter months in South American, some species migrating up to 2,000 miles.

Hummingbirds are usually three to four inches in length, and appear almost black with brightly colored feather tips. They eat 1 1/2 times their weight, and can fly in a straight line up to 70 miles per hour with their wings beating 60 to 70 times per second.

Since their legs and feet are weak, hummingbirds do not land or hop on the ground very often. The birds use spider webs to weave their nests, which are usually about the size of a quarter.

Mrs. Gilmore said that those who would like to attract hummingbirds to their yards should plant bright-colored flowers, as hummingbirds are attracted to bright red and yellow. Another suggestion she gave was to put out feeders with bright red flowers attached to them.

She then showed several examples of homemade feeders using discarded pill bottles, straws, bright red silk and plastic flowers and also a hummingbird feeder made from a hamster feeder.

She said that a commercial mix is available for the feeders, or a homemade mix of sugar, water and red food color was simple and would work in the feeders.

Mrs. Gilmore concluded the presentation by challenging each member to attract hummingbirds to their yards.

Members answered roll call by naming a species of bird they had seen in their yard. Hostesses for the meeting were Mrs. Dorwin Wooten, Mrs. Billy C. Gilmore and Gala Mikkelsen.

"Let's talk... It's The First Step" - Locally Owned

Gray's last-second shot beats Graham

Sophomore guard Melody Gray canned a 16-foot set shot with only three seconds remaining in Tuesday's game to give the Lady Hawks a one-point win, 45-44, over Graham.

The win was especially sweet for Coach Jimmie Cain's club, because in their earlier meeting at Graham, the Lady Blues had won 47-37 in a very physical contest.

Friday at Decatur, Iowa Park fell victim 43-37.

With only two games remaining on the team's schedule, the Lady Hawks will travel Friday to Bridgeport, and wind up the season in their home gymnasium Tuesday when Vernon comes to visit. Both games are scheduled to start at 6 p.m.

In their first meetings, the Lady Hawks fell victim to Bridgeport by a 59-39 margin, and then were edged on the road 54-49 by Vernon.

Iowa Park has a 10-18 record on the season, 2-6 overall against Dist. 5-AAA competition, and 1-2 for the second half of round robin play.

Graham had held a slim lead throughout Tuesday's contest, 11-8 at the end of the first quarter, 28-24 at the half and 33-32 going into the final period.

But Erica Knight tied the score

ANGIE TURNER BATTLES FOR LOOSE BALL AS MARCY MC CARTHY HELPS

at 33-33 with 7:11 remaining in the game.

Graham quickly reclaimed the lead, 35-33, before Michelle Cannedy came off the bench to can five unanswered points in a one-minute period.

That was followed by a pair of free throws by Kerri Dornier, giving the Lady Hawks a 40-38 lead. The junior then extended that to 42-38 with a couple more charity tosses, with 3:03 remaining in the game.

Graham scored another field goal but Gray sank a foul shot for a 43-40 lead with 1:07 remaining.

The visiting Lady Blues forced two turnovers and scored on both of them to take over the lead, 44-43. The last bucket gave Graham their final lead, with 20 ticks remaining on the scoreboard clock.

Following that last Graham score, Iowa Park worked the ball down to the visitors' end of the court, and Gray put up a long shot. But the ball bounced off the rim and into the hands of a Graham player.

But it bounced again, out of her hands and out of bounds, with six seconds on the clock.

Gray quickly was issued the ball after the in-bound pass, and swished the nets, to the delight of a large crowd of fans.

Iowa Park's scoring was evenly spread throughout the team, with Knight the only player in double digits. She scored 13 points, and Gray was next-high with nine.

The game was supposed to start at 6 p.m., but didn't get underway until 6:40, because one of the officials failed to show up. Assistant Coach Tim Clark was pressed into service and helped officiate the first half, until another official reported.

Decatur was forced to out-score the Lady Hawks 14-8 in the final quarter Friday, as the clubs were tied at 29-29 at the end of three periods.

Iowa Park was edged by the same club in their first meeting, by a 46-43 margin, in a game played here.

Dornier and Gray led Iowa Park's scorers with 14 and 10 points, respectively.

Sports

Shorts

Lady Hawk Coach Jimmie Cain really isn't superstitious, but he may become that way. In the afternoon prior to his team's only two victories against district opponents, he's put on his workout clothes and gone jogging. And it also happened that those two wins, Decatur and Graham, were the only district games in which Iowa Park scored more than 40 points.

SS SS SS SS SS

A basketball (?) game will be played in the high school gymnasium the evening of Friday, Feb. 15, between Iowa Park school coaches and the KNIN Hoopsters. A fundraising event sponsored by the Iowa Park Booster Club, IPHS jazz band and other forms of entertainment will be provided.

SS SS SS SS SS

Two college students, one from Texas A&M and the other from Southwestern Texas State Univ., had figured out a high-profit method of making money. They apparently invested in a ticket for the Vernon vs. Mexia championship football game, made copies, and were "scalping" the \$8 tickets for \$7 in front of Pennington Stadium. When police arrested the pair, they had more than \$3,700 in cash on them.

SS SS SS SS SS

Former outstanding Lady Hawk Lisa Yeakley, now a coach herself, reportedly was playing in a tournament last weekend in Fort Worth, fell and broke her hand. Surgery will be required to repair it, according to the report.

United Way recognizes locals

Three Iowa Parkans were recognized during the annual meeting Monday of the United Way of Greater Wichita Falls.

Gordon Griffith was noted as one of two board members retiring. Robert Palmer was elected to a three-year term on the board.

Ron Barnes was elected vice president in charge of long range planning.

Wichitan Mac MaGee will head the organization this year as president.

Grassfires flaring up again

The effects of the rains received two weeks ago are apparently beginning to wear off, according to the number of grassfires area volunteer departments are fighting.

Iowa Park firemen were called during the past week to fight 10 grassfires and two structure fires, one of which was to assist Burkburnett in fighting a home fire.

JIMMY DUGGINS ATTEMPTS TO STEAL BALL FROM GRAHAM STEER

Hawks have rough week

It was a tough week for the Iowa Park Hawk basketball team, losing 83-46 to state-ranked Decatur Friday and 77-57 Tuesday to Graham.

In both cases, it was the pressure defense applied by the opponents that caused disastrous turnovers and poor shot selections.

The loss at Decatur wound up the first half of Dist. 5-AAA play, leaving the Hawks standing fourth in the district with a 2-3 record.

Tuesday's game here against the Steers was the opener of the second half. Iowa Park now has a 12-12 season record.

The Hawks had lost their district opener to Graham, 60-46.

Friday, Iowa Park travels to Bridgeport to take on the Bulls, a club the Hawks beat here 72-39, and Tuesday they host Vernon. The Lions lost 98-86 to the Hawks earlier at Vernon.

Bridgeport, a 76-56 victim Tues-

day to Vernon, is 9-15 for the season and Vernon's record is now the same as Iowa Park's, 12-12.

Decatur jumped out to a 49-25 halftime lead, and outscored the visiting Hawks 17-7 in the third to keep their conference record unblemished for the first half.

Jimmy Duggins and Wayne Chitwood led Iowa Park scoring with 12

and 11 points, respectively.

Graham led 18-8, 35-23 and 56-33 at each of the first three official rest stops to enter the final quarter with a 23-point lead.

Chitwood canned 13 points in the final period to narrow the margin and finished with 27 points. Duggins was the only other player in double figures, with 12.

RAC NEWS

By PAT RABY

Reminder
Phil Johnson and Royal Hoffman will present a tax seminar at 7 p.m. today at the RAC Center board room. The seminar is entitled "A CPA's Guide to Tax Preparation." There will be no charge for current RAC members.

Needed
The RAC will gladly take donations of buttons, scraps of lace, ribbon and fabric, baby food jars with lids, coffee cans with lids, most anything that could be useful for the children's summer craft classes. Anything having items to donate should call Pat, 592-4471, 592-2497, or bring the items to the RAC Center.

Volleyball
The City Volleyball League will now be organized through the RAC. A committee meeting of RAC board members is scheduled for this week to discuss dates for public interest meetings. Letters will be sent to last year's captains, and notices will be posted around town and in the Leader.

Rental
The RAC building can be rented for various occasions. If you have run out of room for family reunions, private parties, birthday parties or anniversary receptions, you might try the RAC. It is large and has an area for children to play outdoors. Call 592-4471.

Freeport tax denied by most entities

"Local governments in Texas are proceeding cautiously on freeport tax policy," commented STAB executive director Ron Patterson. "This is a period of great uncertainty about funding of public services, especially with regard to school finance. With taxable property values having declined recently, many local governments are reluctant to forgo a major source of tax revenues."

He noted that many of the taxing units that have left freeport goods exempt have a relatively small base of business operations that would be subject to the tax.

The majority of units retaining freeport tax in 1990 were schools, of which 783 of 1,056 districts, 74 percent, retained the tax.

Seventy two percent of the counties, 60 percent of the junior college districts and 43 percent of the cities also retained the tax.

More than 60 percent of Texas' local taxing units that are eligible to retain taxes on "freeport" property though 1990 have elected to do so, according to the State Property Tax Board (SPTB).

Both Iowa Park city and school district were among those making up the 60 percent.

Last November, Texas voters amended the state constitution to exempt freeport goods from property taxation, effective Jan. 1.

These are inventories acquired or brought into the state by manufacturers, distributors, and other businesses and held temporarily (up to 175 days) before being shipped out of state.

Counties, cities, school districts, and junior college districts were allowed to continue taxing freeport goods this year, but had to elect to do so by Jan. 1. Those taxing units must decide by April 1 whether to retain the tax beyond 1990, or they will lose the right to tax freeport goods in the future.

The SPTB's mid-January survey gathered information on Texas' 253 central appraisal districts, and in a few cases, from local chambers of commerce and tax offices.

Overall, 1,414 of the 2,332 local taxing units surveyed -- 61 percent -- have kept the freeport tax this year.

Nearly three-quarters of all counties and school districts will continue taxing freeport property in 1990. On the other hand, more than half of the individual Texas cities have left freeport goods exempt.

Bone marrow donors sought

The National Bone Marrow Registry provides hope for thousands of individuals stricken with leukemia, aplastic anemia and other blood-related diseases. The chance of finding a match is slim, but a growing public awareness of the registry may encourage more people to sign up to save a life.

The success of the National Bone Marrow Donor Registry depends upon concerned individuals who are willing to commit to becoming potential bone marrow donors. The computerized registry is a centralized file of potential donors from across the country which optimizes the chances of finding a compatible donor for patients needing a bone marrow transplant.

In 1968, the first marrow transplant was successfully completed. This procedure opened a new avenue of hope for patients with aplastic anemia, leukemia and other blood-related diseases. However, it was limited to patients whose family members had matching bone marrow. As scientific breakthroughs came

about in classifying the characteristics of the immune system, it was found that random compatible marrow donors exist within the general population just as they do with whole blood.

To increase the chances of finding compatible donors for the registry and possibly for a patient here in the North Texas area, the American Red Cross has scheduled a blood sample drawing on Oct. 3.

This procedure is the first step in finding whether a person is a possible match and the process is called HLA typing. Two tubes of blood will be drawn and shipped to Wadley Blood Center in Dallas for screening.

If a potential match is found from persons in the Oct. 3 screening, follow-up with the potential donor will be coordinated by the Wadley staff.

Although a \$40 fee is requested, there are limited donations available to cover testing of fifty person scheduled for this event.

Appointments are available from 12 to 6 p.m. and may be made by calling the Red Cross at 322-8686.

Misc. for Sale
