Chairmen of Fair Events Report Good Progress in Plans

First general meeting of the division chairmen of the Texas-Oklahoma Fair last Thursday evening got off to a good start with a barbecue supper served in the Fair Auditorium.

Representatives were present from Chairmen, Vernon, Electra, Burk Burnett, Wichita Falls, Archer City and Iowa Park.

Dr. Gordon G. Clark, president of the fair association, was in charge of the meeting, which featured reports of progress made thus far and plans for work yet to be done.

Among the most interesting speakers was Dr. Jennie Louise Hindman of Midwestern university, who will direct the musical revue the first four nights of the Iowa Park fair.

W. S. Icard of Archer City told of plans for the square dancing contest which will take place at the arena on Friday and Saturday nights of the fair. He said 4,000 persons can be seated in the arena, which will be an advantage from the spectators' standpoint. The participants in the contests will be awarded prize money supplemented by merchandise from numerous firms.

Assisting Mr. Icard are Charlie Norris of Wichita Falls, who promoted the Wheat Harvest Festival, and Bill Mitchell, well-known caller.

Oral Jones of Wichita Falls, who is chairman of preparations for Pioneer Day on Oct. 3, introduced Sid Kring of Wichita Falls, and Mrs. Mae Tanner, who will register the old timers.

Bill Paimeyer, director of Boys' 4-H Club and vocational agriculture divisions of the fair, stated that trophies furnished by the Iowa Park Chamber of Commerce will be awarded to winners in the judging contests this year.

Miss Kathryn Sands, county HDA, reported that there will be 17 community exhibits, each having an educational theme, and three county-wide exhibits.

Max Carpenter, county agent, gave an over-all picture of the Live Stock department. Other chairmen who gave reports were J. L. Rice, hereafter; Mrs. Sam Hill, women's division; W. R. Pastusek, lighting; Mrs. D. S. Smith, publicity; R. E. Lewis, oil and industrial; Sam Hill, decorations; T. J. Pace, agriculture.

W. D. Dixon of Vernon reported that 7500 copies of the special publicity book would be ready for distribution within 10 days. Each book contains 160 pages, 50 per cent of which will be pictures and 50 per cent editorial matter.

From the standpoint of enthusiasm, H. C. Cheslar of Childress made a top ranking talk. Other Vernon speakers were W. H. Wright, president of the C of C; J. B. Golden, superintendent of schools; Frank Wendt, Wilbarger county agent.

Leon Rogers, manager of the C of C at Electra, announced that free programs will be rendered by talent in surrounding communities on Tuesday, Thursday and Friday afternoons.

Forty-two attended the meeting and were served by a committee of the Iowa Park C of C.

Allgood Brings First Bale to Iowa Park Gin

Premium on the first bale of cotton to be ginned at the Iowa Park Gin went to Manuel Allgood Jr., farming the Sherrill-Kemper farm a mile west of Valley View. The lint weighed 875 and seed 720 pounds.

A check has been sent to Mr. Allgood for \$62.50—contributed by the chamber of commerce and merchants of Iowa Park.

MISS WILCKE TO TEACH IN BIG SPRING HIGH SCHOOL

Miss Avon Wilcke, daughter of Mr. and Mrs. W. R. Wilcke, left Thursday to take her new job as teacher of Spanish and English in the Big Spring high school. Miss Wilcke is a 1949 graduate of North Texas State college, Denton, and had a year of experience as teacher at Fort Stockton. She spent the summer in Iowa Park assisting her father at the Tower Station.

Mrs. Arch Hughes and Pat Sewell were among those attending a safety and first aid meeting of the Wichita County Red Cross, held at Perkins reservation Monday night.

sHUCKS

Dr. C. J. Simpson is interested in having fluoride salts added to Iowa Park's new water supply when it becomes available. He says that anything which will help the rising generation to have better teeth will be a great benefit to the dental profession, because there are not nearly enough dentists available to care for the teeth of the world.

It would be interesting to have an expert on this subject make a talk before the Lions or the PTA.

Once the parents of Iowa Park learn of the benefits of adding fluoride salts to the municipal water supply, it will be a simple matter to arrange for financing the project.

Mr. Spruiell is a graduate of Iowa Park High School and attended Hardin college. He completed his B.S. degree at Tech in 1937. Except for the three years he served as wartime civilian instructor in aviation schools in Stamford, Lamesa and Brady, he has been employed as teacher in the Valley View school system. He now holds the position of principal of the elementary school.

Among those attending the graduation exercises were his wife and sons Lehman, Lynn, Lynel and Lance of Valley View; his parents and a niece, Lucinda Ruth Spruiell of Van.

Jim Locke of Orange, former Midwestern student, has arrived to design the sets and lighting for the revue. Locke has worked with the Lake Charles theater in Louisiana, the Beaumont Little theater, Murray Town Players of Los Angeles, Dallas Center Players and with the Civic Theater of Orange, during the past year.

Adding to the interest of the Tuesday evening show will be coronation ceremonies for the Pioneer Day queen.

Advance tickets for the revue were placed on sale early in August by Joseph W. Keith and associates with offices in the Holt hotel in Wichita Falls, and also in area towns.

Sorority Sisters Give Party for Bride

A kitchen shower was given at the home of Miss Helen Mitchell, Monday evening in honor of Mrs. Calvin Hansen, the former Miss Bettye Birk. Composing the guest list were the affiliates of Epsilon Eta, chapter of Epsilon Sigma Alpha sorority.

The dining table was especially pleasing for the occasion, covered with a white organdy cloth and caught up with white satin bows it was centered with a novel centerpiece fashioned of kitchen gadgets which were the hostess' gifts to the honoree. Each utensil was wrapped in white and tied with blue and yellow, the sorority colors, and the smaller pieces were arranged in a larger container to resemble a floral arrangement. The sorority colors were also used in the refreshments. Favors were colored plastic spoons.

Conservation and games directed by Mrs. Allen D. Guthrie furnished entertainment for the party.

Guests present were Mmes. C. E. Birk, Lavere Thompson, Allen D. Guthrie, I. W. Corder, Elmo Trayler, Joel Cathey, John Mixon, Orville Bell, W. A. George, Calvin Hansen; Misses Raydean Brown, Bonnie Metz, Roberta Hill, Mary Ellen Johnson, Ella Simmons.

Mrs. C. Birk, Mrs. Hattie Whittington of Ennis, Mr. and Mrs. C. E. Birk and Beverly returned Saturday night from a two weeks vacation where they spent most of the time in Glendale, Calif., visiting a cousin of Mrs. C. Birk, Mrs. Barbara Kilbourn and her daughters Misses Ruth and Ruby Kilbourn. While in California they also visited Yosemite Park and Anaheim. They also stopped in Denver and Colorado Springs on their trip.

Spruiell Completes Work on Degree

Euell Spruiell, son of Mr. and Mrs. Will Spruiell of Iowa Park, received the master of science degree in education at convocation exercises of Texas Technological college on August 23.

Except for the three years he served as wartime civilian instructor in aviation schools in Stamford, Lamesa and Brady, he has been employed as teacher in the Valley View school system. He now holds the position of principal of the elementary school.

Among those attending the graduation exercises were his wife and sons Lehman, Lynn, Lynel and Lance of Valley View; his parents and a niece, Lucinda Ruth Spruiell of Van.

Wichita County FARM BUREAU Newsletter

Texas Farm Bureau Federation will conduct a series of sub-district meetings in the state during September, according to J. Walter Hammond, president. A meeting is set for Wichita Falls, Saturday, Sept. 9, in the Holt hotel, and another will be held in Crowell, Monday, Sept. 11, at the district courtroom.

Loys D. Barbour of Iowa Park, state Farm Bureau director, will preside. Meetings will start at 10 a.m. and will be concluded at 3 p.m. State and national Farm Bureau officials will be in attendance.

Farm Bureau policies are developed by the membership, and the series of meetings has been scheduled so state and national officials may have the benefit of the thinking of farmers and ranchers of the state, and at the same time for officials of the organization to give farm people more needed information on the program of the Farm Bureau. Its aims and accomplishments. Every day the business of farming becomes more complicated and the need for a stronger Farm Bureau more necessary. If rural people want a democratic government, fair prices, good roads, a fair tax program, improved educational facilities for their children, and a better rural health program, then they want a strong Farm Bureau in Texas and the nation, Hammond says.

All farmers and ranchers of the area are urged to attend their nearest sub-district meeting.

Child Dies of Injuries When Hit by Auto

Mr. and Mrs. Carl Walsh attended funeral services for his three-year-old niece, Linda Lee Walsh, who died of injuries received when she was struck by an automobile.

The child, daughter of Mr. and Mrs. Ed Walsh, was struck by a car in the street in front of the Vincent Murphy home, where Mrs. Walsh was employed.

The car operator told officers he swerved to avoid hitting a playmate of the Walsh child who lost her balance and fell in the path of his vehicle. The car struck Linda Lee, who was not seen by the driver. He did not know until notified later that he had hit the baby.

Death was attributed to internal injuries. In addition to her parents Linda Lee Walsh is survived by three grandparents Mr. and Mrs. Andrew Baggett of Archer City and Mrs. W. L. Walsh of Olney; a great-grandmother Mrs. J. H. Roberson of Archer City; and many aunts and uncles.

Friends Surprise Mrs. Ridenour on Birthday

Mrs. J. B. Ridenour was pleasantly surprised Saturday evening by a group of close friends on the occasion of her birthday.

Gathering at the home of Mrs. M. C. Yeargan, the group went to Mrs. Ridenour's home where they presented her with a handsome card table and served refreshments. The lamb-shaped birthday cake was placed on a musical stand that played a "Happy Birthday" tune.

Those enjoying the get together were Mmes. Gayle Park, Locke Lowrance, Fred Myers, L. Lovelace, K. P. Abernathy, F. L. Emanuel, A. H. Estes, M. C. Yeargan, Mr. and Mrs. J. J. B. Ridenour; Misses Clara Overance, Mina Troutman, Cecelia Yeargan, Bernie Ridenour.

WHAT WE FIGHT FOR

These are desperate days in Korea, days that try men's souls as well as rack their bodies. Americans at home should stop to think what they are asking their young sons and brothers to do, and why they are asking it. The more important question is the "Why," because men will fight and die gladly in a great cause if only they understand what they are fighting for. The reports from the front of the bitterness and bewilderment of our troops are too insistent and too obviously correct to be ignored. The young infantryman who said to the New York Times correspondent the other day: ". . . Damned if I see why I'm fighting to save this hellhole," was giving expression to a tragic ignorance, but one for which his superiors and not he should be blamed.

Anyone who went through the World Wars knows the pitiful inadequacy of the political indoctrination given to American troops. In the last war, for instance, it was shocking to find G.I.'s slogging their way up the mountains of Italy month after month without any idea of what fascism or nazism really meant and what ideals they were defending. It is too easy to put these youngsters on the front lines where the age-old alternative of "Kill or be killed," plus their native guts and pride, will lead them to fight hard and even heroically. It stands to reason that a soldier who thinks he is fighting for a "hellhole," or does not know what he is fighting for, is at a disadvantage, and is, incidentally, being criminally neglected.

The basic facts that every American soldier—and for that matter every civilian—must understand are relatively simple. The soldier in the Korean hills and the folks back home who pay higher taxes and accept controls are, to begin with, fighting for survival. Korea is only a single battle in a long war whose sphere of action is the greater part of the world. This is an acute phase of a struggle in which our liberty and our whole way of life are at stake. One filthy, bloody-eyed boy firing a bazooka at a Russian-built North Korean tank is defending the freedom of his country and everything that Americans hold dear as surely as if he were defending the shores of California or Virginia against Communist hordes. His enemy is only incidentally the fanatic, misguided Korean who comes at him to kill. It is communism, totalitarianism, slavery, the police state, that is the true enemy.

He must, then, know what communism means and how it works in practice. He must be made to realize that there is no ground for compromise between Soviet communism and Western democracy; they can both live at peace in the world only if the Communists stay on their side of the iron curtain. But communism is an aggressive, expanding force carrying a pseudo-religious message. It believes that the so-called bourgeois-capitalist-imperialist world seeks the destruction by war on communism but that in the inevitable final conflict the Communists must win. It uses methods that have no regard for normal principles or scruples; the end justifies the means, and it is a wicked end. It is powerful in its appeal, especially to the backward Asian masses, but it is also powerful in its military strength.

This is the enemy that the young infantryman is fighting in his Korean "hellhole," and it is tragic that no one has made him realize the truth. It would be more tragic if we go on allowing our troops to be inducted and trained and sent to battlefronts in continuing ignorance of the real issues at stake. There is a powerful instinct in military leaders to think of war in purely military terms, and to forget that war is an instrument of politics. If that was true in the Napoleonic days of Clausewitz, how much more true is it today when the world could almost be expressed in ideological terms.

The simple fact today is that there is a price to be paid—a very great price. The soldier pays it in blood, others in other ways, but there is no escaping it. If everybody concerned knows what he is fighting for, the price will be paid gladly and bravely.

Gordon Turner In Sat Eve Post

Lt. Gordon Turner, son of Mrs. May Turner, Iowa Park, is mentioned in an article titled "How We Blasted the Enemy's Life Line to Russia," in the Aug. 26 issue of the Saturday Evening Post. Gordon was navigator on a B-29 which made a sortie into North Korea which resulted in the devastation of Wonsan.

19 Men Receive Farm, Shop Training In Veterans School

At present there are 19 men enrolled in the Veterans Agriculture School in Iowa Park, which is taught by E. W. Wells. The men are from Burk Burnett, Kamay and Iowa Park. On the roll are J. B. Ashton Jr., Jessie L. Dunn, John A. Nelson and Clinton Swinford, of Burk Burnett; J. D. Branch, William A. Frey, Amer L. Lewis, John A. Humphrey, Horace R. Williams, of Kamay; and J. D. Gilmore, William L. Hall, John Hoff, Quinton L. Howard, L. J. Lane, Gene Lowrance, Floyd May, J. R. Underwood, L. H. Williams, Wilbert L. Ramming of Iowa Park.

The school is in session every Tuesday from 10 to 12 noon and from 2 to 4 p.m. On the second and fourth Tuesdays the afternoon sessions are devoted to shop work.

Interesting stories concerning the ingenuity and achievements of the men are related by Mr. Wells.

Mr. Branch, who lives on the Munger farm, has invented a spray equipment to combat insects which will spray six rows of cotton at a time. Having his own pipe and electric welding machine, the sprayer was built by Mr. Branch at the unbelievably low cost of \$3.75. Already he has taken care of 95 acres of cotton for himself and the same number of acres for his neighbors, all of which he has sprayed 4 times.

Gene Lowrance has installed a milk bottling machine at his dairy which saves an appreciable amount of time. He is also planning a set-up that will enable him to pasteurize milk.

Wilbert Ramming has purchased a herd of 50 Aberdeen Angus cattle. He plans to exhibit some at the Texas-Oklahoma Fair, Oct. 2-7, and he is getting them in top condition now.

Mr. Wells came here from Quitman, where he had lived 20 years. He holds the B.S. degree from East Texas State college at Commerce and the M.A. degree from Sam Houston State at Huntsville.

Mrs. Wells and their son Roland will join Mr. Wells here before the start of public schools. She is a graduate of Baylor university at Waco. Roland is 9 years of age.

Assembly of God To Build Church Here

Rev. D. F. Ferguson, minister of the tent revival, reported this week in on No. 3 T. J. Pace, to be drilled 467 feet from the south bank of river and 600 feet from the west line of N. Graves survey, abstract 81, a 4650-foot rotary test in the Hammon - Ellenberg field about two miles south of Iowa Park.

Mr. Ferguson disclosed that about \$50 in contributions were received last week toward financing the new church building. Definite plans are not completed, but it is thought that the property, when finished, will be valued at about \$10,000.

Pee Wee Morton and Pete Noal, along with the sectional committee, will assist in the plans for construction of the new church.

The public is invited to attend services in the tent now being held, which will continue through September 10. Large crowds have been in attendance, where seating arrangements are available for 250 persons.

Farewell Dinner for George Speed

Mrs. D. A. Calhoun entertained at dinner Friday evening honoring her brother George Speed, who left Saturday for Dallas to report for navy duty. Safety Group Asks Motorists to Spare School Children

In a few more days the "Little Red Schoolhouse" will again become the center of attraction for approximately 2,375,000 Texas youngsters. For the next nine months these children will be going to and from school obtaining the education to aid them in finding a place in society in years to come.

We have learned that a certain amount of education is essential for a successful life. For that reason we provide the best educational system possible for school children of today who will be citizens of tomorrow.

We deny this privilege to many of them each year because of a few careless seconds on the part of some of us. Each year many school children are killed or maimed in accidents involving motor vehicles. Many never return to school, and scores are deprived of days, weeks and even months of training.

The Texas Safety Association urges us to accept the responsibility of a NEVER ENDING vigil to protect these youngsters while we are driving cars on the streets and highways. These young children do not have the sound judgment necessary to respect an automobile and to fear accidents, therefore it is up to adults to protect them and to insure their safety.

The fact that you would not be liable to legal action for the death of a youngster who darts out into the street and under the wheels of your car would not ease your mind, or bring back the life which would be lost.

Drive carefully, the child's life you save may be your own!

Queen Candidates Needed for Pioneer Day at T-O Fair

Sept. 15 has been set as deadline for nominations of the queen to reign over festivities at the Pioneer Day celebration Oct. 3, during the Texas-Oklahoma Fair and Southwestern Oil exposition in Iowa Park.

Nominees must have lived within a 100-mile radius of Iowa Park for at least 140 years. The nomination blank found elsewhere in this newspaper should be accompanied by a letter stating reasons you think the nominee should be chosen, and by a picture if possible.

The queen will be given special recognition and awards during the day and will be formally presented during the Midwestern University Revue on Tuesday evening in the new outdoor theater.

Bigger and better entertainment features during the day plus the free chuckwagon feed at noon are now being planned for the 2,000 pioneers expected to attend.

Local Oil Activity

Henry Grace Production company recently made location and spudded in on No. 3 T. J. Pace, to be drilled 467 feet from the south bank of river and 600 feet from the west line of N. Graves survey, abstract 81, a 4650-foot rotary test in the Hammon - Ellenberg field about two miles south of Iowa Park.

Buffet Supper Is Courtesy to Miss Metz

Graceful dignity characterized the buffet supper and personal shower given Tuesday evening by Mrs. Earle Denny and her daughter Miss Betty Denny as a courtesy to Miss Bonnie Metz, bride-elect of Jimmy Medlinger.

Guests were seated at trio tables arranged in a beautiful setting in the living and dining rooms of the Denny home. Each place was marked with cards ornamented with bridal symbols and with daintily wrapped personal necessities. Interest ran high as these were opened and the enclosed rhymes read, and the climax was reached when Mrs. Charles Metz unwrapped her package to be greeted: "This basket will hold—oh not half the larder but please give these gifts to my poor little daughter."

The dining table was covered with a cloth of white linen and held a low arrangement of white clematis and greenery from which yellow and blue satin ribbon streamers fell gracefully onto the table. Soft yellow candles burned in crystal holders on either side of the floral creation. The same flowers filled swanshaped crystal holders to center the smaller tables where the meal was served.

In the living room the mantle was adorned with a bouquet of pink roses, restia and greenery. After eating, guests assembled in the upstairs living room for the honoree to open the gifts they had brought her. These had previously been arranged on a chest with the satin lined lid up, which was attractively covered with blue net dotted with clusters of lilies of the valley. Uncle Sam Says

Many of you are sleeping soundly these nights, secure in the knowledge that your home is paid for, that there's an education fund ready to draw upon for that son or daughter ready for college. It doesn't take a financial wizard to figure out that the regular purchase of U. S. Savings Bonds is a safe, profitable and sure way of saving, one of the best ever invented. Today is the time to join the Payroll Savings Plan at your office or the Bond-A-Month Plan at your bank. That spells financial security. U. S. Treasury Department

Hunting and Fishing Licenses — Aug. 1950 - 1951

Valley View

By Mrs. Roy Lakey

Hi — Neighbors. I hope someone kept you posted on community activities while we were enjoying the cool (sometimes cold) mountain air in the Land of Enchantment — New Mexico. Don't get me started on the Chamber of Commerce of Texas will sue me. It is a grand place to spend your vacation and I hope you will take time off and explore that state where the modern and the primitive exist.

Mother and Alma Lakey were with us and they enjoyed seeing the old missions built in the 17th century and the Indian pueblos around Taos. Most anywhere you go you see things that make history lessons long forgotten come back to life. Try it sometime, you'll love it. Think I'll write New Mexico for a check!

I have not seen many neighbors since we got home, so do not know much to write this week. If you will let me know, next week perhaps we will get back in the news any happenings you would like to share with your friends.

We Lakeys enjoy people and our latch string is always out, but it isn't often we get to have the pleasure of so many relatives with us. If it could have been all at one time we would have called it a family reunion. The day after we got home we were happily surprised by Rev. and Mrs. Wm. Fred Galbraith and children Mary Lynn, John Yarbro and Bill, of Kilgore. Then Mr. and Mrs. Joe Lakey and sons Gordon and David of Austin. Later Mr. and Mrs. W. E. Lakey and sons Bill and Bob returning to their home in Pettus after a vacation Colorado.

Last Mr. and Mrs. Calvin Lakey and daughter Linda of Austin. Mr. and Mrs. Odis Evans have returned to our community from Dumas. They have "come back home," for until a few years ago they had lived here a number of years. We welcome them. Their daughter Bettye Jo, now Mrs. Joe Wall and husband of Austin, will visit them this weekend.

Mr. and Mrs. Ralph McKinlay and children Connie and Mickie spent the past week in New Mexico at the Philmont Boy Scout camp in the Cimarron canyon. Ralph instructed in geology. Sara Duncan of Fort Worth and granddaughter of Rev. and Mrs. House has been visiting them. Her plans are to remain here and attend Valley View school.

Speaking of school, I believe we have broken a record this summer among our faculty members. What other school of the district can boast three instructors receiving their master's degrees? Euell L. Spruiell with his wife and sons and his parents Mr. and Mrs. Will Spruiell proudly looking on, walked up on the rostrum at Texas Tech, Lubbock, last Wednesday and got that hard worked for piece of paper. Euell is principal of grade school.

Friday evening at Denton, Coach Ernest Sutherland and L. O. Matthews received similar honors. We are proud of these men and congratulate them, and wish them many successful years in their profession.

Two other teachers arrived this week. Mr. and Mrs. Cecil Hanes and son Terry. Mr. Hanes is high school principal and Mrs. Hanes teaches in grades. We are glad to have them with us again this year.

While we are speaking of schools, I'll put in a plug for the senior class. They are selling subscriptions for this little hometown paper. If you will take from them they will appreciate it and you will be able to keep up with the school activities and news, for they have elected

a class reporter, and I'm sure the other classes will do likewise. They will be seeing you, so be a supporter, will you?

Election day has come and gone. Not too many came to perform their duty in selecting our leaders. One, J. M. McFall, who has helped in elections in the past, had not forgotten how slow the day passes and how hot a closed school building is, brought ice cream for all of us. It was a real treat to O. D. Childers, Euell Spruiell, Mrs. Swan Reaves, Mrs. H. L. Culpepper and yours truly, for it was a very hot afternoon. Thanks, Mr. Mc.

Baptist Parlor Scene Of Prenuptial Party

Not even in the days of "once upon a time" could a lovelier party have been planned than the one given Saturday afternoon, August 26, as a compliment to Miss Bonnie Metz, bride-elect of Jimmy Medlinger.

From the standpoint of beauty and taste the parlor of the Baptist church was a spot of ideal perfection. Twenty-two friends of the honoree were on the hostess list. These were Meses. Dorothy Thompson, Orville Bell, John Tidwell, Harry Lee Mitchell, I. W. Corder, Bonnie Hudson, John Maier of Wichita Falls, Sam Hill, J. Louis Quick, Earle Denny, R. A. Tanner, L. E. Brooks, O. E. Lechridge, Lila Traylor, O. M. Jones, R. R. Brubaker, Herman Mitchell, Carroll Duke, R. E. Jackson, Homer Blalock; Miss Viola Smith and Miss Dossia Smith.

A blend of soft and rich shades was noted in the seasonal floral arrangements. The refreshment table was spotlighted in the setting where the colors of blue and yellow were combined. The handsome Mexican hand-drawn cloth which covered the table was set off by the blue cloth underneath. Yellow zinnias arranged in a low crystal bowl framed by tall yellow candles occupied a diagonal corner of the table. A wide blue satin ribbon of trailing design extended from the bouquet immediately behind the yellow napkins on which the names "Bonnie and Jimmy" were inscribed in blue. The heart-shaped and bell-shaped sandwiches suggested a wedding, and the crystal punch service added further interest to the table, which was reflected in the large wall mirror in the rear. Also reflected in the mirror were the honoree, her mother Mrs. Charles Metz, the groom-elect's mother Mrs. M. F. Medlinger, who were seated at a table at the opposite end of the room while the bride-to-be opened packages. Miss Metz was lovely in a pink seersucker organza dress with which she wore a blue carnation corsage.

An appropriate musical background was provided by Mrs. Lechridge, organist, and Mrs. Joe Chandler and Miss Lou Ann Duke, vocalists. Guests were received by Mrs. Hill and Mrs. Quick. Mrs. Harry Lee Mitchell directed registration and Mrs. Bell and Mrs. Corder served at the refreshment table. When the last guest had departed Miss Metz presented a package to each hostess. Inside were viking swan-shaped bonbon dishes with a card of appreciation attached.

Novel Theme Features Party of Presbyterian Youth Fellowship

Young people of the church gave a farewell party for Sammy Shelton on Wednesday evening. The party was on the school plan with Miss Cecilia Yeargan as the new teacher. During the strenuous classes of arithmetic, geography, history and reading, unschool-like events happened in quick succession. Recorded popular music gave the pupils lesson in public school music, and art was a race to see which contestant could best cut out a named object in the shortest time.

Pupils were given candy sticks for good (?) behavior. At recess, pupils participated in a treasure hunt that took them to the soldiers' shelter on the highway, then to the school, then the town Christmas tree, and back to the church and to the manse, where the treasure was found.

While the pupils rested, the instructor told a wordless story of the Three Bears.

Sammy was presented with a gift from the group, together with an address book containing the names, addresses, telephone numbers of all the young people. The presentation was made by Mary Gayle Park, president of the Youth Fellowship. Sammy Shelton will leave the first week in September for St. Louis university, where he will major in finance and commerce.

Sammy is immediate past president of the Presbyterian Youth Fellowship.

Dunn Explains Work Of Consuls to Liens

Members of the Lions club were so interested in the program this week that they forgot to go back to work until 1:30. They were listening to William B. Dunn tell of his experiences as No. 2 man in the U. S. consulate at Hanoi, Indo-China.

Introduced by Lion Buddy Tanner, Mr. Dunn first gave a summary of the types of service offered to American citizens by the consular service. He then branched off to give some of the more interesting of his experiences.

Mr. Dunn is a native of Wichita county who did not enter foreign diplomatic service until after the war. Following graduation from the University of Chicago, Mr. Dunn took the rigid examinations for a career in the state department and was assigned to Indo-China. He is home now on furlough and will take further studies in Washington, D.C. before resuming his duties in the foreign service.

Mrs. G. E. Cain and son returned last Thursday from a visit in Biloxi, Miss.

Uncle Sam Says

Planting time is over and farmers and gardeners are now tending those crops carefully. But, despite all this care there is one worry—the weather. A heavy storm or drought can wipe out all the work that has gone before. So it is with you. A crippling accident or a long illness can seriously affect you financially. In either case there is one sure-safe way of providing for a contingency—the purchase of U. S. Savings Bonds. You CAN guarantee future security by enrolling today for the Payroll Savings Plan where you work or the Bond-A-Month Plan at your bank. U. S. Treasury Department
