City council cuts tax, water rates

Iowa Park residents got a break on their budgets for the coming year Monday night, when the city council approved an 8.5-cent tax reduction and 15-percent lowering of water rates.

The council's action reduced the current ad valorem tax rate from 88.5-cents to 80-cents per \$100 assessed valuation for the 1990-91 fiscal year.

"I'm really proud of this, and I know the people will appreciate it," stated Mayor Wayne House.

The new balanced budget calls for expenditures of \$1,661,000 for the general fund.

Three different ordinances setting lower water rates were available for council consideration. They included rates lowered 10-, 15- and 20-percent.

Mayor House, at a meeting last week, had proposed only 10-percent, but Alderman Johnny Crawford had said he would be more comfortable with a 20-percent reduction.

The 15-percent reduction apparently was a compromise.

House polled the council prior to the vote, asking each for their opinions. Aldermen Virgil Woodfin, Johnny Coker and Diane Robnett each said they were comfortable with the 15 figure; Crawford said he wanted 20 but would agree to 15, and Alderman Charlie Helms said he wanted 20 but later said he would agree with 15.

The new lower rate will become effective Oct. 1, the start of the city's fiscal year.

OTHER BUSINESS

Rev. Mike Grubbs appeared before the council, requesting similar support of the city as in the past for a CROP

Walk, to be held Oct. 6.

A minimal amount of support from the police for traffic control at intersections was the primary request.

Funds raised from project are distributed on the basis of 75-percent to the Church World Service and 25-percent is retained by the local Ministerial Alliance for its relief funding, Grubbs explained.

The request was approved by an unanimous vote.

Darrell Jolly asked that East Valley Drive be reopened for traffic, and presented a petition he said represented 102 signatures and 88 homes of the Garden Valley Addition.

A culvert at Hawthorn had been removed by the city, in order to allow better flow of heavy rainfall and reduce flooding of residential areas where it backs up, he was told.

The area is extremely flat, and water

following heavy rains, such as occurred last spring, always present a problem.

Jolley, who confirmed he owned the property on both sides of the closed street, emphasized the request was from the residents of the entire residential area and not his alone.

One solution, offered by Crawford, might be to install a culvert just south of the Bradford school campus, to carry water from the west ditch to the east.

The mayor's suggestion to table the issue until discussions could be held with the county on a solution was approved by aldermen.

Contractor Jesse McCullough was scheduled to appear before the council to discuss possible actions that could be taken to save the old garage at the Tom Burnett Memorial Library.

However, McCullough was not

Trustees making cuts; keep teacher bonuses

Iowa Park school trustees again Tuesday night went on record that they had no intention of cutting the above-base salaries of classroom teachers.

That assurance was made during another of the board's meetings held to discuss cuts in the proposed 1990-91 budget, and was made before an audience consisting of approximately 30 teachers.

Board president Jerry Reed credited a "rumor by an employee" that there would be a cut in pay for the apparent reason for the large audience of teachers, both Tuesday and at the board's meeting last week.

Reed said he appreciated the teachers being at the meeting, but encouraged them to come more during the year and not just when salaries were being discussed.

Trustee Denny McCarthy, who commented that the *Leader* article in last week's edition concerning the proposed budget and tax rate was mislead-

ing, said one of the reasons for so many responses to any openings in the local teacher positions was because of the district's above-base salary. He added it "attracts good people."

Iowa Park pays its teachers \$1,500 above state base, plus an additional \$300 if they reside in the district.

One teacher told the board she felt the in-district bonus was discriminatory.

Trustee Sherri Kennedy explained the possible reason for the salary-cut rumor, when she told the audience that any time a board attempts to cut a budget, the first place they look is the largest item in the budget. In this case, it is salaries.

She added, "It appears to be war between us (the board) and you, and it shouldn't be. There's no reason for it."

Tuesday's meeting was held so areas of questions on the proposed budget, which trustees received last week, could be addressed.

Three areas in the proposed budget, which included a half-year special education teacher, a salary increase for administration and certain support personnel, and a trainer for the athletic department, were cut.

Administrative guidelines that might curb some spending likely will also come out of the meeting.

A three-percent increase for Robert Palmer, Richard Davis, Jimmy Alsup, Kenneth Davis, Ron Woods, Randy Lovelady and Herman Escue, as well as Georgia Kingcade, Barbara Teel, Nancy Padgett, Shirley Alsup, Susan Biddy and Judy Williams, was eliminated, despite Supt. Glen Mitchell's encouragement to retain it.

Athletic Director Len Williams attempted to justify an expenditure of approximately \$9,000 for a professional athletic trainer, detailing his hours and benefits.

POLICE REPORT:

Investigating attempted burglary

Police are continuing investigation of an attempted burglary of a business that was reported here early Monday morning, and they have at least two suspects.

A citizen telephoned local police at 1:45 a.m. to report two shirtless males in the laundry at 309 W. Bank using a tool to open the coin machines.

When officers arrived, the suspects

were not to be found, but a vehicle, a 1978 Datsun, was left behind.

At 4:00 a.m., according to the blotter, Wichita Falls police called to tell the local dispatcher that the vehicle had been reported stolen in that city.

Six minutes later, a computer check of a serial number on a walkie talkie found in the vehicle determined it had been stolen in Rusk.

The car was released to its owner.

Two persons were arrested during the week on warrants issued by other departments.

When Erna May Neal, 27, was stopped on a traffic check at 9:09 p.m. Monday at West Highway and Fourth Street, it was determined the Department of Public Safety had five outstanding warrants against her, and each of the tickets had a failure to appear warrant tacked on.

Total amount owed on the DPS warrants exceeded \$1,000.

She was transported to county jail.

Friday afternoon, at Crystal and Colorado, officers took Stacy Dickerson Vann, 29, into custody after it was determined the driver had three traffic warrants outstanding from the Wichita Falls Police Dept., amounting to \$323.

Vann was transported to county jail.

Friday evening at the intersection of Access Road and FM 368, police took Kim Alexander Dagger Jr., 20, into custody on a charge of possession of marijuana and carrying a fictitious drivers license.

Dagger was transported to county jail.

When police responded to a reported domestic disturbance at 1:38 a.m. Saturday in the 200 block of West Poe, they arrested Donovan Ray Gould, 19, on charges of public intoxication and

disorderly conduct.

Gould was released at 7:12 a.m. after paying \$138 in fines.

Tommy Sims, 24, turned himself in at the police station on three outstanding local traffic warrants.

After going before the municipal court judge, where fines for no drivers license were assessed for \$124, \$89 and \$54, Sims opted to "sit out" his fines in county jail, and he was taken directly to the jail, according to the blotter.

A resident in the 1100 block of Lincoln reported to police Thursday morning that someone, during the previous evening, had taken a white wicker patio table from his front porch.

There were numerous entries in the blotter during the week concerning juveniles, but three were primarily notable.

The first was Thursday night, when the police officer at Holliday turned over a local female runaway he had picked up. She was taken to the juvenile detention center in Wichita Falls.

At 7:22 a.m. Saturday, a three-year-old unsupervised boy was found walking in the area of Scobees and B&R Thritway. An officer recognized the youth and attempted to return him to his home, but no adult was there. The youth was finally returned to his grandfather at 8:35 a.m., according to blotter en-

Continued on page 4

City's sales tax report improves

A vast improvement in sales taxes collected in Iowa Park was noted when the city recently received its check from the state comptroller's office.

This month's check was \$18,293.32, which is an increase of 8.97 percent over the August check in 1989.

That raised the city's total receipts for the year to \$109,970.96, as compared to \$111,632.32 for the same time last year.

In July, Iowa Park's total was running 3.34-percent below the previous year's total. This month's check cut that to only a minus 1.49-percent.

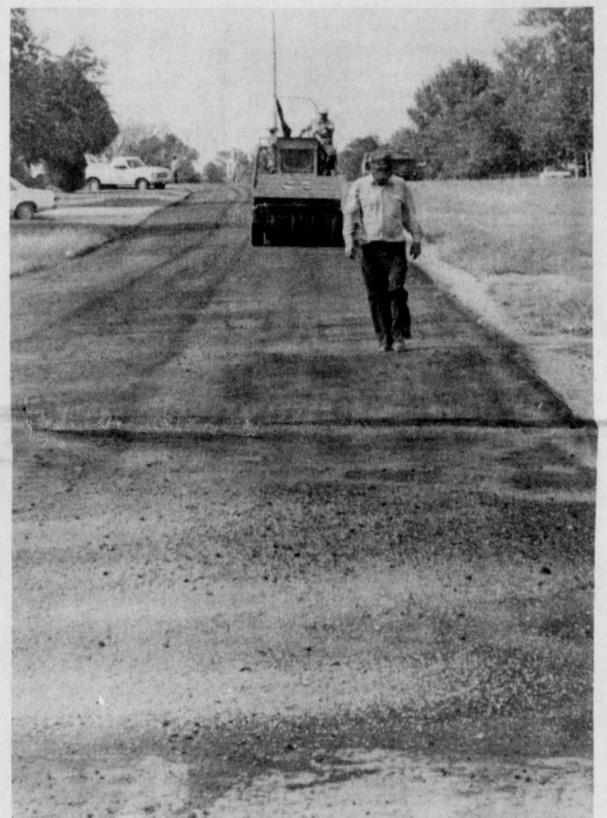

Burkburnett is a minus 1.82-per-

cent, but Electra jumped to a plus 7.67-percent, and Wichita Falls held almost even, at plus 0.13-percent.

Holliday is a minus 19.03-percent. This month's check reflect taxes collected on June sales and reported in late July by businesses filing monthly returns.

Also included are sales taxes reported by quarterly filers whose collections reflect sales made in April, May and June.

Merchants collect the state and local sales taxes and send them to the comptroller's office with their tax returns. The state keeps its share and sends cities and counties the local portion of the sales tax each month.

FIRST LEG OF 32-BLOCK STREET PROJECT
... got underway Tuesday on North Park.

Street project underway

An aggressive project designed to enhance and preserve the asphalt pavement surface of 32 blocks in the city got underway Tuesday.

Workers applied the first of two coats of a slurry mix on the 500, 600 and 700 blocks of North Park. The second coating was applied Wednesday.

Traffic on the streets being worked is halted through the day, according to Mike Price, public works director.

He explained that the slurry mix is applied early in the morning, allowed to cure, and late that afternoon the surface is rolled by a packer vehicle.

Some streets, such as North Park, are scheduled for double coatings, while others are to receive only one.

Streets to be worked in this year's program were identified as those in greatest need of the slurry coating.

In order to assist in the planning of residents who reside or use streets to receive slurry coatings, Price released a

tentative schedule of work.

The schedule could be adjusted in case of bad weather or other problems.

The remaining schedule includes: Aug. 16-17 -- 100 and 500 blocks of North Penn and 400 block of North Texowa; double coats each.

Aug. 20-21 -- 300 and 400 blocks of West Louisa and 500 block of West Manes; double coats each.

Aug. 22-23 -- 400 block West Jefferson; double coat.

Aug. 23 -- 300 and 400 blocks West Poe; single coat.

Aug. 24 -- 100, 200 and 300 blocks of West Chestnut; single coats.

Aug. 27-28 -- 300 block East Crystal; double coat.

Aug. 28 -- 500, 600 and 700 blocks South Jackson; single coat.

Aug. 29 -- 200 through 800 blocks of South Bond; single coat.

Aug. 30 -- 100 and 200 blocks of East Emerald and 100, 200 and 300 blocks of West Emerald; single coat.

Reusch heading overseas

The first report of an Iowa Parkan in the military to be dispatched to the Middle East since the Iraqi takeover of Kuwait was received this week by the *Leader*.

He is Capt. Ronnie Reusch, son of Mr. and Mrs. Earnie Reusch.

Capt. Reusch is an Army helicop-

ter pilot assigned to the 101st Airborne at Fort Campbell, Ky.

Details of Reusch's assignment are not available, but he was instructed early this week to report early from furlough to begin processing on Wednesday.

Reusch was in Iowa Park two weeks ago to help celebrate the 30th wedding anniversary of his parents.

News Briefs

Bloodmobile to be here Monday

The Red River Red Cross Bloodmobile will be in Iowa Park Monday, Aug. 20.

High school schedules next week

All Iowa Park High School students will pick up class schedules Thursday, Aug. 23, according to Richard Davis, principal.

Seniors and juniors are scheduled to pick their's up between 8:30 and 11:30 a.m., and sophomores and freshmen will follow between 1 and 3:30 p.m.

Kindergarten orientation Aug. 23

A kindergarten orientation for parents of children entering school for the first time will be held at 7 p.m. Thursday, Aug. 23, in the high school cafeteria.

Normally orientation would be held

The unit will be receiving volunteers between 4 and 6:30 p.m. at the Faith Baptist Church.

Any student with necessary changes in courses should contact Herman Escue, school counselor, on the same day.

As has been the custom in the past, the entire student body is to meet at 8:05 a.m. on the first day of school, which starts this year on Tuesday, Aug. 28, Davis said.

at Kidwell Elementary, but construction is in progress at this time.

Following the hour-long program, refreshments will be served, and parents will have an opportunity to visit with the kindergarten teachers.

Aug. 26 final day for swimming

Iowa Park Bicentennial Swimming Pool will close for the season when the regular hours of Sunday, Aug. 26 are completed.

City receives flood aid funds

Iowa Park received a check this week from the Division of Emergency Management of the Texas Dept. of Public Safety, in assistance for losses incurred from spring flooding.

The money, \$26,137, will be used to do repairs on bridges and streets that were damaged by the flooding, Mike Price, public works director, explained.

Burkburnett is a minus 1.82-per-

Tanner, Hunter solemnize vows Saturday

First United Methodist Church of Mineral Wells was the setting for the Saturday afternoon wedding uniting Lisa Dawn Tanner and Jack Randall (Randy) Hunter.

The bride is a daughter of Mr. and Mrs. Rex Chandler of Mineral Wells and Mr. and Mrs. Douglas Tanner of Orange. She is a granddaughter of Mr. and Mrs. Roy Childers of Iowa Park and Mrs. Bettye Tanner of Holliday.

Parents of the bridegroom are Mr. and Mrs. P.E. (Jack) Hunter of Mineral Wells.

B.C. Duggar, Jr., pastor, directed the recitation of vows. The altar featured an arch votive candelabra flanked by two smaller votive arches. Each candelabra was adorned with mixed greenery and peach bows.

Given in marriage by her family, the bride wore a gown of white bridal taffeta designed with a full gathered skirt and chapel length train, accented with Schiffler lace, pearls and sequins.

The gown was fashioned with a fitted bodice that was accented with lace and pearls and attached to a basque waistline. Large puffed sleeves were enhanced by clusters of pearls. Cut-out appliques of lace accented the hemline and train of the gown.

To complete her ensemble, the bride chose a finger-tip veil caught to a headband of pearls and silk flowers. Clusters of pearls accented the veil.

In keeping with tradition, the bride wore a pearl drop necklace that had belonged to her mother and aunt, for "something old". Her gown was new and she added pearl earrings belonging to her paternal grandmother for "something borrowed," and a blue garter.

Miss Necia Williams of Iowa Park was maid of honor. Bridesmaids were Laurie Stevens, Lisa Myers and Bridgett King, all of Mineral Wells.

Feminine attendants wore identical dresses of peach, gray and green print. The fitted bodice, with puffed sleeves was accented with a bow across the back and front. They were designed with a dropped waistline that was attached to a full tea length skirt. Each attendant wore a silver heart drop necklace that was a gift from the bride.

The maid of honor carried an arrangement of three open peach silk roses with peach and gray ribbon and pearl streamers. Other attendants carried two roses identical to the honor attendant's bouquet.

Steve Price of Mineral Wells was best man. Serving as groomsmen were Richard McDonald of Mineral Wells, Aaron Lytle, Dallas, and Kyle Lewis, Dublin.

Ushers were Rickey Hunter of Mineral Wells, brother of the groom, and Kerry Runyon, brother-in-law of the groom, of Cleburne.

Candles were lit by Stephen Tanner, Mineral Wells, brother of the bride, and Jeff Mason of Irving, cousin of the bride.

The groom wore a silver gray tuxedo with tails with matching cummerbund and tie and a white boutonniere of the same silk roses as those in the bridal bouquet.

Other male attendants wore silver gray tuxedos with peach ties and cummerbunds. They wore peach rosebuds in their lapels.

Nell Morgan presented traditional processional and recessional wedding music and accompanied Shane McNally who sang "Wind Beneath My Wings" and "Through the Eyes of Love."

Mrs. Jack Randall Hunter
(Lisa Dawn Tanner)

For her daughter's wedding Mrs. Chandler chose a street length peach and gray crepe dress designed with an accordion pleated bodice and skirt.

Mrs. Hunter wore a two-piece dark pink linen suit, accented with white piping on edges of the jacket.

Following the ceremony a reception was held in McMaster Hall of the church.

The area was decorated in the bride's chosen colors. Tables were draped with white satin accented with peach and silver bows.

The bride's table was centered with a four-layer cake arranged on the bottom with a larger layer centered on the edges.

An anniversary layer was atop pillars with a traditional miniature bride and groom on top. Peach roses decorated the cake. Serving were Jami Blue and Holly Hamilton, both of Mineral Wells.

Mrs. Margaret Whetstone of Mineral Wells presided at the punch table, serving peach punch from a silver bowl. The bridal bouquet and peach colored rose mints on silver trays were decor accents.

The groom's table featured a chocolate cake in the shape of a star and was decorated to resemble a deputy sheriff's badge, signifying his profession. Centering the table was a hurricane lamp, a miniature bale of hay and a ceramic cowboy boot. Peach and gray silk dogwoods highlighted the arrangement.

Mrs. Gay Williams of Iowa Park served the cake and Mrs. Diana Runyon, Cleburne, sister of the groom, served coffee from a silver coffee service.

Guests registered at a table that featured a lace picture frame holding a picture of the bride in her wedding gown. The bridal book and peach plume pen completed the setting.

On July 26, the attendants, Laurie Stevens, Lisa Myers, Bridgett King, and Necia Williams, honored the bride at a lingerie shower at K-Bobs in Mineral Wells.

The home of Mrs. Rhonda Vergawen of Iowa Park was setting for a linen shower.

Lee Ann Mason, aunt of the bride, hosted the bridesmaids' luncheon at the Olive Garden in Fort Worth on Aug. 4.

Arts and Crafts Assn. makes cloth wreaths

Sandy Conkling, assisted by her daughter, Lisa Brown, taught members of the Iowa Park Arts and Crafts Association how to make fabric wreaths, at their monthly meeting Monday night in the TU Reddy Room.

Each member covered a straw wreath with fabric, cut in four-inch squares. Then, finished it with a bow and ornaments to complement the fabric.

President Tommie Smith presided over the business session in which Gail McIlroy reminded members to be working on their entries for the Arts and Craft Show at the Whoop-T-Do. She displayed several articles, and gave suggestions for things that could be made.

It was decided that the September meeting would be a work night for the show. Members should decide what they are going to make and bring their supplies to the meeting.

Special guests were Lisa Brown, Madeline Davis and Eleanor Bell.

Ice Cream Social set for Saturday

An ice cream supper and sale is planned Saturday by members of Iowa Park Chapter of Eastern Star.

The social will be at the Masonic Lodge Hall, 700 W. Washington, from 6 to 9 p.m.

Items for sale will include homemade ice cream, arts and crafts, greeting cards, cake by the slice, ice tea, coffee, and a bake sale.

LOOK WHO'S NEW

Mr. and Mrs. Brian Cockburn of Bronx, N.Y. are the parents of a daughter, Chelsea Leigh, born Aug. 9, weighing seven pounds, eight and one-half ounces.

Grandparents are Mr. and Mrs. Eddie Cockburn of Iowa Park.

The Watermelon Patch
A Unique Country Gift Shop
Located in Jack's Park Pharm.
115 W. Park 592-5375
Owner - Denise Henderson

Holly Runyon, niece of the groom, distributed bird seed to the guests.

When the newlyweds left on their trip to San Antonio, the bride wore a peach and gray floral print strapless dress.

The rehearsal dinner was given Friday night by the groom's parents at K-Bob's.

An honor graduate of Mineral Wells High School, the bride will attend Tarleton State University, Stephenville.

Also a graduate of Mineral Wells High School, the groom attended Midwestern State University where he was a member of Sigma Nu Fraternity. He is employed by the Palo Pinto Sheriff's Department. The couple will make their home in Strawn.

Special out-of-town guests for the wedding were the bride's grandparents, and her great-grandmother, Mrs. Irene Tonello of Rancho Cordova, Ca., and Mrs. Clarita Hunter, Wichita Falls, grandmother of the groom.

The bride was honored with a miscellaneous shower at First United Methodist Church in Mineral Wells.

Hostesses were Mmes. Cathie Hosford, Lisa Loesch, Mary Hillard, Linda Lawrence, Donna Hinkson, Maureen Hodges, Diana Runyon, Myra Yingst, Kathy Schatzle, Renna Brock, Margaret Clemens, Lucy Gonzales and Miss Delmelia Dunn.

Davis' feted at post-nuptial shower

Mr. and Mrs. Steve Davis were honored at a post-nuptial shower and a "come and go" reception Saturday evening in the home of Mr. and Mrs. Howard Marlar.

Serving as co-hostesses were Mmes. Wayne Williams, Clyde Patterson, Lee Hale, Jack Railsback, Don Nethery, Nita Hughes, Glen Miller, Robert McIlroy, Luke Coffman, John Cummings, Cletys Styles and Donald Hill.

Delicate pink and white dominated the color scheme and was noted in the front doorpiece, a large pink satin bow marked with "Congratulations, Steve and Jen".

Glistening white damask covered the refreshment table. Focal point was a centerpiece that featured a handsome silver branched candelabra holding pink

votive candles and pink rosebuds entwined with pearls and ribbons.

White cake squares accented with pink frosting rosebuds, and the crystal punch service at table extremities added special appeal to the decor.

"Jan and Steve, June 14, 1990" was imprinted in silver on napkins marked with miniature bouquets of pink roses and silver leaves.

The stand where guests registered was decorated in the chosen colors. It held the book, white plume pen and pictures of the couple that were taken during their wedding and at the reception that followed.

Mrs. Davis was presented with a double pink carnation corsage to complement her white dress. Mrs. Herb Davis, mother of the groom, sat with the couple as they opened their large assortment of gifts for display.

Iowa Park Camp Fire sets parents meeting

An Iowa Park Camp Fire membership meeting for parents will be held at 6:30 p.m. Thursday, Sept. 8 in the TU Electric Reddy Room.
Pam Bottles is membership chairman for Kidwell Elementary and Carla Dennison for Bradford Elementary.
Children will receive Camp Fire brochures at school, to be taken home. Parents are asked to complete the forms and leave them in a box at each campus, or have them for the membership meeting.
Kindergarten five year olds, first and second graders are in the Camp Fire Starflight program. Third, fourth and fifth graders are in the Adventure program.
Camp Fire books are written to

meet the needs of today's busy volunteers, with specific instructions to make the programs easy to carry out with the children.

Bettye Ricks is council executive director and Linda Merrick is chairman of the Iowa Park District committee.

FFA Boosters set swimming party

Members of the FFA Booster Club will have a swimming party Thursday from 6:30-8:30 p.m. at the Bicentennial Pool.
All members are urged to attend and bring ice cream or a cake.

LOOK WHO'S NEW

Mr. and Mrs. Marty Esley of Iowa Park are the parents of a son, Jake Shelton, born Aug. 4, at Wichita General Hospital. He weighed seven pounds and one ounce. The new baby has two brothers, John and Bryan, and a sister, Karly.

Grandparents are Ron Esley of Wichita Falls and Robert Schultz of New Jersey. Ethel Corless of Iowa Park and Mae Seffin of Philadelphia, Pa. are great-grandmothers.

Barrington tells past, future improvements of Iowa Park

James Barrington, city administrator, presented a slide show with narration for the Evening Lions Club Tuesday. The program showed some of the things that have happened and are happening at the present time to improve and beautify the city. He also discussed some future plans that the city has for projects that will not only benefit the present residents but will also be an incentive for others to move here.

Some of the slides showed the improvements that had been made at Gordon Lake, improvements to be made at Lake Iowa Park and Buffalo Lake, renovation of the city hall and beautifi-

cation of the park behind it. He showed the new Chamber of Commerce building, and trap club house built on city grounds. He said that the city had organized the Sand Volleyball League to provide recreation for adults as he discussed the varied recreational activities for young people. Barrington showed the first phase of the new recreation center under construction and the paving project on Colorado Street.

To enhance interest, he showed pictures of the construction work that is being done at all of the schools, and the current work project of the Texas Highway Department on West Highway.

As I See It... By BOB HAMILTON

It's come to my attention, via a friend, that local teachers believe I am against their above-base bonus.

Nothing could be farther from the truth.

In fact, I not only favor retaining the current above-base bonus, but I would like to see an additional \$500 given all faculty members with a master's degree.

And I'd already expressed that to a couple of administrators and trustees, even before hearing what teachers thought I felt.

Looking back, I suppose I may

School

Continued from page 1

That, also, was cut.

The position of a special education teacher, who would have begun work about the beginning of the spring semester, also was left unfilled.

The teacher was to direct a new Extended Living Center which is yet to be developed at the junior high campus. The facility will be housed in one of the temporary classroom buildings being used at Bradford Elementary, and be converted into a home atmosphere.

Trustee Wendall House, after pointing out that the facility would not be in place before the middle of the year, said more than \$18,000 could be saved by not filling the position this year.

House further pointed out that there is no reduction of personnel nor addition of students.

The junior high special education teacher will be in charge of the pupils who were to be in the new facility, once completed, and a teacher's aide placed in charge of pupils not using the facility, it was explained by Principal Jimmy Alsop.

Other topics discussed included: employee and student travel guidelines; sponsors attending state meets; gasoline and utility budgets, employee insurance and journalism, primarily the cost of the yearbook.

One businessman in the audience, Ira Hambricht, complained he felt he was not given an opportunity to bid on certain items purchased by the athletic department, and asked about the school bidding process.

Supt. Mitchell said the advertisement for bids was run in the *Leader*, as are all other bids.

VOTE ON BUDGET

No vote has yet been held on the proposed 1990-91 budget, which calls for expenditures of \$3,381,559 and could be the first balanced budget in at least five years, according to Supt. Mitchell.

The board is to meet at 8 this evening in the junior high school library to act on the budget and take a "vote of record" on the tax rate.

Supt. Mitchell has asked the board to approve a 96-cent ad valorem tax rate, which would be a \$15-cent increase over the previous year's 81-cent rate.

Mitchell explained that 11-cents will be needed to fund the bond issue approved last winter by taxpayers of the district.

He is asking for an additional four cents, both to find his proposed budget and also to receive maximum state funding as provided by Senate Bill 1.

However, the effect of the cuts in salary increases for administration and support personnel, the special education teacher, athletic trainer, and any other adjustments will not be known until tonight.

The vote of the individual board members will be published in a quarter-page advertisement in next week's edition of the *Leader*, as required by law.

However, final action on the budget and tax rate will not be taken until a scheduled meeting of the board on Oct. 30.

Trustees will take care of some other business tonight, besides the budget and tax rate.

They are to act on bids for milk, bread and ice cream, set the cafeteria meal prices, act on free and reduced lunch schedules and hear a report on the cafeteria.

Also, action will be taken on bids for gasoline service this year, as well as reports on the transportation department.

Assistant Supt. Robert Palmer told the board Tuesday he had received only one bid for the supply of gasoline this year.

have given that impression in a column while the legislature was in special session. I said it appears some teachers look upon the current reform bill as another opportunity for higher salaries.

Apparently, the term some teachers was taken as all inclusive.

And then I wrote recently about a first grade teacher who refused to believe I knew something about law that applies to schools, primarily a school supply list that specified brand names.

As I said then, I didn't write the law, but I will not knowingly violate it by reprinting an illegally-prepared list.

No, the primary problem I have with public education -- and I've said this more than once -- is the fact that some jakeleg bureaucrats get down there in Austin and come up with mandates that cost money, and then don't attempt to fund them adequately.

Okay, I'm also against unions, and

Police

Continued from page 1

tries.

A clerk at Allsup's called police at 3:33 a.m. Sunday, complaining that several juveniles were harassing customers at the store.

Officers issued citations to each of the youths for violation of city curfew law.

Successful tournament

Dear Bob,

The Recreational Activity Center sponsored a Men's and a Women's volleyball tournament last Saturday night, and we were overwhelmed by the participation. The registration was double our expectations and due to this fact, I feel that we were unable to conduct the tournament as efficiently as we would have liked. On behalf of the R.A.C. I want to offer an apology for the confusion and a sincere thank you to all participants. I hope that all the changes and delays did not detract from the enjoyment of the one hundred or so players and spectators.

I would also like to thank Linda Horton, James Dudley, Jane Fitzgerald, Lori Shiery, Lisa Jenson, Delean Goin, Suzanne Davis, John Henderson, Robert Lee, Brenda Lee, and Mike Jenson for officiating the games for us and helping with the tournament. Volunteers are what makes things work and since the beginning of our volleyball program, we have had the best bunch of volunteers you could ask for. With this kind of community support the R.A.C. can continue to provide the quality of recreational activities the people of Iowa Park deserve. Once again, thanks to all who participated.

Billy Gilmore
President
Iowa Park R.A.C.

will oppose those who think the only way they can make a living is by banding together to force their desires upon their employers.

No, I'm not against teachers.

Heck, some of my best friends are teachers.

Council

Continued from page 1

present, and House told of his discussion with him on a possible solution.

He said three major cracks in the structure's brick walls have developed because the corners have sunk, and a leveling could be the solution.

House quoted McCullough as saying two corners could be fixed for \$1,500, but that was before shrubs had been removed and a third problem area was identified.

Aldermen expressed a desire to save the structure, and agreed to engage McCullough for the project.

Also approved was authority of the mayor to sign an easement agreement with TU Electric for underground service to the new RAC building.

Two employees were recognized as Employee of the Month. They included Mike Dozier, radio dispatcher for the police department, for July, and Hector Lopez, with the water department, for June.

It was pointed out that Dozier had recently completed a police academy, which he attended at his own expense, and graduated at the top of his class.

Letters to Editor policy explained

The *Leader* receives numerous letters which cannot, for one reason or another, be published.

Letters will not be printed unless they are signed. A typed name will not do. And, for the sake of verification, the writer's telephone number should be included.

Should the writer not wish his/her name printed, it will be omitted upon request. However, the letter will be kept on file to be read upon request.

Letters also must be free of libel. If not, they will not be published, because we will not edit their content.

Corrections will not be made if they change the message in any way, but will be edited to enhance readership.

In letters supporting political candidates or issues, the *Leader* reserves the right to limit their lengths.

We encourage your Letters to the Editor, and offer the paper as your forum for discussions of ideas and observations.

TU Electric hiking rates

TU Electric announced this week it is implementing an average annual 10.2-percent increase in rates under bond in accordance with state law.

Mayor Wayne House read a prepared announcement during Monday night's meeting of the city council.

The increase will mean an additional \$7 to \$8 per month on the average residential bill. The first bills to reflect a portion of the increase are expected to reach customers on or about today.

This is TU Electric's first general rate increase in more than six years. By taking advantage of declining fuel costs,

the company has been able to lower its rates twice since 1984.

The announced increase will bring rates back to about their 1984 level, according to the company.

TU Electric's present rates are sixth lowest among the nation's 25 largest cities and are second lowest among the investor-owned electric utilities in Texas.

"The new rates are necessary at this time to prevent further deterioration of the company's financial integrity," said Erle Nye, chairman and chief executive of TU Electric. "The increase we requested and are placing into effect is the minimum necessary to allow us to continue providing reliable and competitively priced electric service."

TU Electric filed a request Jan. 16 with local regulators and the Public Utility Commission (PUC) of Texas for an annual revenue increase of 10.2 percent, which would raise the com-

pany's annual revenues by about \$442-million.

Hearings on the request began before the PUC April 26 and are continuing.

The Public Utility Regulatory Act authorizes a utility to place its proposed rates into effect under bond if the PUC fails to make a final decision within 185 days of the filing.

TU Electric was authorized to implement new rates under bond in the case on or after July 21. The bond assures a refund, with interest, to customers if the PUC approves an amount lower than the company requested after hearings are concluded.

TU Electric offers a number of programs to make bill paying easier, including average billing and special services for senior citizens, and sponsors the Energy Aid Program, which is administered by local social service organizations.

Where Jesus is Lord

THE IDEAL TRIO:
LOVE, UNITY, COMMUNICATION

In a time when broken homes are so prevalent, the rare privilege of being part of a loving family is especially treasured. No matter what our physical family is like, Christians experience the joy of being in God's spiritual family, the church. We are God's children, having been adopted as sons through Jesus Christ (1 John 3:1, Ephesians 1:5). God's word clearly states what is necessary for a family to function successfully. Not surprisingly, the same qualities are essential both in the home and in the church. Here are just some of the attitudes:

Love for one another. Even in the world, love and loyalty to family members usually takes precedence over any other relationships. The same closeness and allegiances that we should "love as brothers" (1 Peter 3:8). Parents are known for their ability to maintain their love and vision for children even during times of disappointment, disobedience, and rebellion. This quality is needed everywhere. As Peter wrote, "above all, love each other deeply, because love covers a multitude of sins." (1 Peter 4:8).

Unity and Communication. Happiness, joy and contentment abound in families that are united. Unity is produced by open, honest, loving communication when there is a mutual commitment to God. Families which spend time together building a deep trust within their relationships remain close and united. In the church, unity results when leaders prepare God's people for work and service, when Christians speak the truth in love to one another, and when each member does his part to build up the body in love (Ephesians 4:11-16). Paul warned the Galatians, "if you keep on biting and devouring each other, watch out or you will be destroyed by each other (Galatians 5:15). Come on over and worship with us as we strive to be the close-knit family God wants us to be!

Mrs. Freddie Dale Kennedy, Jr.
(Meredith Lea Cabe)

Cabe, Kennedy wed Sunday in Jamaica

A pier overlooking the ocean at Montego Bay, Jamaica was setting for the Sunday morning wedding of Meredith Lea Cabe and Freddie Dale Kennedy, Jr.

The couple remained in Jamaica for their honeymoon.

Parents of the bride are Linda Cabe of Wichita Falls and R.F. Cabe of Austin. The groom is a son of Mr. and Mrs. Freddie Kennedy of Wichita Falls. He is a grandson of Mrs. J.W. Sims of Iowa Park.

Parents of the bride presented her for marriage.

The wedding was pre-planned in Jamaica.

A traditional bridal gown of taffeta and lace was styled with a fitted bodice of lace that featured a boat neckline and long lace sleeves.

The full taffeta skirt swept from the dropped waistline to a chapel length train. The bodice back terminated in a scalloped V and was accented with a large bow. Her veil of illusion was attached to a halo.

Matron of honor was Kristy Pol-

lard Hale of Lubbock. She was attired in a gown of pink and blue floral print.

Best man was Dean McAllister of Wichita Falls.

A graduate of Henrietta High School, the bride is a sophomore at Midwestern State University and is employed by Donna Adams, State Farm agent.

The groom also is a graduate of Henrietta High School and a sophomore at MSU. He is an employee of Wichita Falls State Hospital.

A reception for the newlyweds is planned for Aug. 25 at the Silver Square Room in Parker Square Bank.

They will make their home in Wichita Falls.

Friends and relatives who accompanied the couple to Jamaica for the wedding included the bride's mother, her father and stepmother, the groom's parents, Kerri Berend, Mr. and Mrs. Kyle Cabe, Novalene Toles, Cindy Toles, Debbie Sharpe, Cookie Dyess, Kristy and Brett Hale, Dean McAllister and Chris Ashbrook.

Kid's Krusade planned at First Assembly of God

The First Assembly of God is planning a "Kid's Krusade," from 7-8 p.m., on Aug. 21 and 22.

There will be Bible stories, singing, puppets, prizes, and other activities.

Rev. Charles Hensley, pastor, says all children are invited to attend this event at the church, which is located at 200 S. Yosemite. Bus rides are available by calling Murphy Burditt at 592-2587.

In The Military

Returns from Gulf

Navy Petty Officer 2nd Class Joseph L. Dyer, son of Jack Dyer of Holliday, recently returned from deployment to the Arabian Gulf while serving aboard the destroyer USS Ingersoll, homeported in Pearl Harbor, Hawaii.

During the five-month deployment, Dyer participated in various military training exercises including maritime patrols, escort of American flag tankers, and good-will community projects. Dyer also visited several foreign ports in the Republic of the Philippines, Singapore, Thailand, Hong Kong and Bahrain.

He is a 1985 graduate of Holliday High School.

Card of Thanks

I would like to thank the EMTs of the Iowa Park Volunteer Fire Dept. for their quick response last Saturday concerning my blackout. I would also like to thank all my friends who stopped by to check on my health. A special thanks to those who helped my son finish up the brake job and other work. Again, thanks for the great response and help.

Jim Sargent & Family

NEIGHBORS

MDA PLAYDAY

The Red River Riding Association and Muscular Dystrophy Association will sponsor a "Benefit Playday" Sunday, Aug. 26, at Burkburnett. Contact persons are Lonnie Case, 569-2070, and Becky Knox, 281-3393.

RAC News
By PAT RABY

The Grand Finale of the Children's Summer Program will be held from 1:30-4:00 p.m., Aug. 17.

There will be a charge of \$1 per child, and the children are being asked to wear old clothing.

Many activities are planned for this fun-filled afternoon. They include: Famous Person Look-a-Like Contest and a Talent Show.

Outside, there will be a balloon toss with water balloons, eraser race, wet sponge toss, hoola hoop contest, horse shoes, and many other events.

Kidwell P-TA officers have planning session

Officers of Kidwell P-TA met last week to discuss plans for the 1990-91 year.

A workday was set for Aug. 20 to put packets together to give the students on the first day of school. Preparation for Kindergarten Orientation was also made.

Officers for the 1990-91 year are: Sheri Kennedy, president; Angel Sheets, first vice president; Janet Bowling, second vice president; Annette Shook, secretary; Beckie Lovelady, treasurer; Patricia Costello, parliamentarian, and Karen Spruiell, historian/publicity.

Serving as room representatives are: Sheila Gholson, Teresa Arrington, and Tammie Patterson. Teacher coordinators are Vickie Johnson, Dorothy Palmer and Gayle Cleghorn. Chairmen are: Deanne Schram, Character/Spiritual; Ron Woods, Youth Protectional Health; Pat Pelz, programs; Pam Bottles, Membership; Cheryl Rust, Volunteers; Donna Williams and Valerie Latimer, School Annual; Kathy Hicks, Hospitality; Judy Culberson, Fund Raisers; Connie Ginnings and Betty Cash, Cul-

tural Arts Environment; Barbara Padgett, Volunteer Service/Teacher Coordinator, and Judy Stevens, Legislative.

Horton to serve as coordinator

Linda Horton will serve this year as Iowa Park pledge center coordinator for the 25th Jerry Lewis Labor Day Telethon, benefitting the Red River Chapter of the Muscular Dystrophy Association.

This year's telethon, to be carried on KFDX TV-3, will begin at 8 p.m. Sunday, Sept. 2, and continue until 6:30 p.m. the following Monday.

There will be 18 pledge centers in the area.

The Muscular Dystrophy Association provides patient services, orthopedic equipment, summer camp for children, adult retreat, support groups and the all-important research for the cures and treatments for 40 muscle-destroying diseases.

Mrs. Horton's telephone number is 592-5586.

WHEN CINDY LOOKS IN THE MIRROR, SHE SEES SOMETHING WE DON'T.

You see a bright and pretty young girl with the whole world at her feet. She sees an ugly, worthless creature with no hope beyond tomorrow. Yet, she puts on a front when she leaves for school only to come home and cry in her room. Is she depressed? Or is it just something all teenagers go through?

Call us, and together we can find the answer. Our staff is trained to evaluate adolescent behavior. We can help you understand what is going on with your teenager, and if necessary, recommend a

treatment plan — inpatient or perhaps, outpatient.

But we can not help at all, unless you call. One confidential phone call may set our mind at rest. So call now. And let us help Cindy see things a little more clearly

Willard Weaver
Distribution Coordinator

Hi, I'm Willard Weaver and I work for TU Electric. You may not know, but often there are power lines buried underground, as well as overhead... sometimes even in your own yard! I'm telling you this because every year a number of serious injuries or deaths are caused by people accidentally digging into buried power lines.

Electrical safety is a priority.

These types of accidents can easily be avoided. If people would just think before they dig. Know the location of underground electric lines before you dig. If you're not sure, call us at TU Electric.

We care about your safety.

TU ELECTRIC
A Commitment To Service

WARNING

Miller retiring after 32 years in education

"I'll not be bored, I assure you."
Dean L. Miller, in his unhurried Texas drawl, responded quickly to a question about his plans following retirement Aug. 31.

Miller has been an employee of Region IX Education Service Center since 1978, first serving as media director. He is retiring as Associate Executive Director of Administrative Support.

Region IX is retaining Miller's services for 100 days a year as a consultant.

So, the genial teacher/counselor/curriculum director/consultant is not making a complete break from his 32-year career in the field of education. He has been making preparations for his time of retirement.

He has formed a publishing company, Information Press, and in fact has been doing some of the work for the past year or more. He now will expand this work.

Miller has developed an Accreditation Management System utilizing his original materials and resources from the Texas Education Agency, superintendents, principals, classroom teachers and consultants from Service Centers throughout the state.

Using his knowledge, expertise and collection of resources, he will be editing and publishing educational material through Information Press for Texas educators.

"I'm not going into competition with anyone," Miller explained, "because there is no one providing this type of material to school administrators."

Miller is well qualified to provide information on accreditation to school personnel. He has worked with the 40 school districts included in the 12-county area that forms Region IX, although accreditation is only one of the eight phases of administrative support that has been included in Miller's duties.

Also while he has served as Director of Administrative Support, providing technical and consultative assistance in the Region, he has been involved in more than 150 TEA Visits and has chaired or participated in numerous NCATE or Southern Association of School and College Visits.

He explained that the Accreditation Management Kit has to be updated each year. "Each time the legislature meets there are changes to be made," he said.

The kit contains 10 management folders with information included for superintendents, principals, nurses, counselors, librarians, auxiliary personnel, at-risk and G/T coordinators, and classroom teachers. The information covers areas in preparation for observation by the visiting TEA Accreditation Monitoring Team.

Miller is assisted in this work by his wife, Cherie, a first grade teacher in the Electra School System.

DEAN MILLER

Their son, Lee, a graduate student at Southwestern State University, San Marcus, prepares newsletters focused on specific students, such as Speech and Debate Students, and Gifted and Talented Students.

These newsletters provide resource and research information in current events from a wide range of sources. They are sold in 26 states. Last year he also published a book for children, "Don the Dinosaur".

To help their son, the Millers have the newsletters printed in Wichita Falls and mail them from the Iowa Park Post Office, just as they do the materials Miller prepares.

Mrs. Miller assumed the responsibility of billing and mailing.

Miller is proud of Region IX ESC and could spend hours telling about the many services provided there.

He commented that many people do not realize that the Center is such a large and varied operation.

Some of the services covered are GED Program, Adult Education, Migrant Program, Special Education, Drug Education, Remedial Reading consulting, In-Service for Classroom Teachers, Cooperative Programs, In-Service Training for school personnel, providing consultation and technical assistance, a large graphics library which contains help for teacher aids.

Prior to going to work for Region IX, the native South Texan was the first counselor hired by Iowa Park High School. He came to Iowa Park in 1965 and spent 13 years with the system. The last three years Miller was curriculum director.

"Really, counseling is my first love, and I did not plan to get out of that phase of education, but the better opportunity came along and I felt I had to take it," the educator commented.

He continued, "I would not trade this profession for any other. I just thank the Lord for giving me the opportunities I have had. Never have I been unhappy in my job and I've never had a

boss I didn't like." He has had only six in his 32 years of working in education.

Miller was reared in Bryan. He received his Master of Education degree from Sam Houston State University, Huntsville, and did additional study at East Texas State University, Commerce. He also attended Texas Tech, Lubbock and North Texas State University, Denton.

He taught Texas and American History for one year at Brownfield and one year at Abernathy before coming to Iowa Park.

Mrs. Miller was a physical education teacher when the couple met in 1958. Twelve years ago she attended Midwestern State University for additional study in order to become a first grade teacher. She was reared in Olton.

Her mother raised iris on a commercial basis and had several acres growing on their farm near Olton. After her death Mrs. Miller's father took care of them as long as he was able. The Millers brought about 500 varieties to Iowa Park to plant in their garden. For some time Mrs. Miller was into hybridizing.

Miller says now he is the gardener and she is the boss. She knows all the 500 or 600 varieties they have by name. They were set out in a plot that had been Johnson grass, so it takes a lot of work to keep the grass and weeds out, Miller said.

"I didn't know a thing about 'flags' but I soon learned, and one thing I learned was that to an iris lover, you don't call them flags," he said.

"I really enjoy working with the iris. They are beautiful flowers and they are fascinating to me. We have a lot of company when they are in bloom and I'm just sorry they don't last longer. We have so many and my wife and I take them to our co-workers, to the churches, schools, hospitals and rest homes," Miller continued.

He plays golf, likes to fish, and they have a motor home and love to go to Branson, Mo. That is one of their most favorite places, Miller says. They also like to camp out at the lakes and they plan to do more of that than they have been able to do in the past.

In reviewing his 32 years working

with students, Miller commented, "I have enjoyed so much being able to see students I have had becoming a success in their chosen fields. And I have enjoyed my co-workers here at Region IX. To see young people just out of college come in and begin their work, watch how they progress and then see them realize they still have a lot to learn, and their response is really interesting," Miller said.

As a surprise at a retirement party-roast given to honor Miller Aug. 7, two of his favorite former students were in attendance.

Gary Nunn, who was a student of Miller's when he taught at Brownfield, drove a 500-mile round trip to be here for his party.

Nunn, a country-western singer, performer and song writer, is the son of Mrs. Riley Thompson of Iowa Park. He came from Hannah, Okla., to attend the party and to sing two songs for the retiring educator.

"It was such a surprise to walk in and see Gary sitting there," Miller said. He has supported Gary through the years in all he aspired to do.

The other former student, who has been successful in his career in education, was Ron Preston, now superintendent of schools at Henrietta. He was a student of Miller's when he taught in Abernathy.

The former students were not the only surprises Region IX personnel had planned for Miller when they arranged his party at City View School. More than 100 people were in attendance, including two other superintendents he did not expect to see. One was from the Dallas area and the other was from Coleman.

But the surprises didn't end there. Miller had said they would probably have a dinner for him and give him a watch. Wrong again. They presented him with a beautiful plaque and a very sophisticated stereo system. He was still on "cloud nine" this week.

"I don't know that I've had any unusual experiences, but I have had some comical and embarrassing ones," said Miller.

He told about one time he went to a school to give an in-service program

on a certain subject which the superintendent had asked him earlier to do. When the superintendent introduced him he announced an entirely different subject than what Miller had prepared. He had to improvise the entire program.

Continuing his reminiscing, Miller laughed as he began telling about the time he, his boss and the Associate Director of Education went to a school for a visual presentation. He had practiced at the Center on an average sized screen.

"The school had a large screen and everything worked different. I really was embarrassed. I made a mess of the presentation and I think the boss could have killed me," he said.

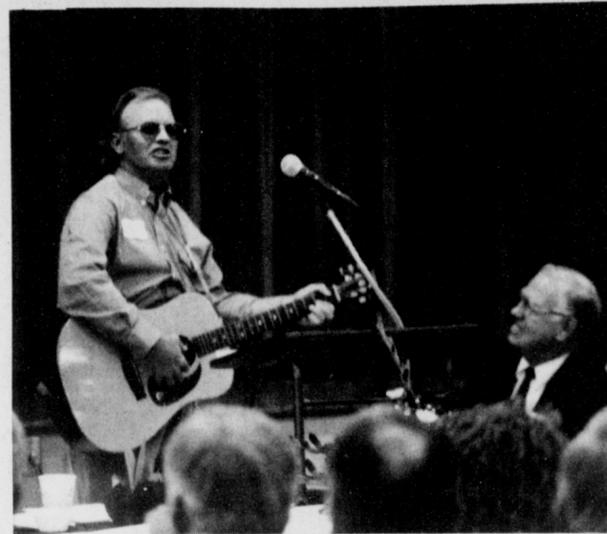

But, what made bad matters worse was when they started to return home that night Miller's boss gave him the car keys and told him to drive.

To his chagrin, someone had left the headlights on bright. "I kept pushing on the floor board to find the dimmer switch. Finally my boss reminded me that the switch had been on the steering wheel of cars since 1968. That definitely wasn't my day."

The Millers have three children. Lee, a daughter Dee Lynne, who is a physical therapist at Harris Hospital in Fort Worth, and Kenneth who graduated from Sam Houston University in May. He is a college basketball coach.

Mr. and Mrs. Miller are members of St. Paul Lutheran Church in Wichita Falls.

Dale Thomas, former assistant superintendent at Jacksboro, has been hired to take Miller's place and has been here working with him since the first of July.

Cook of the Week

Mary Parsons, wife of Iowa Park's new Police Chief Wayne Parsons, has barely had time to settle into her new home. But, with two children who will begin school here in two weeks, it won't take long for her to become involved in local activities.

Already, their 16-year-old daughter, Karen, is attending the local band camp. She will be a sophomore at Iowa Park High School and plays clarinet in the Hawk band.

Brian, who is eight years old, will be in the third grade at Bradford Elementary School. He likes to swim, and has been enjoying the family's backyard pool this summer.

The couple's oldest daughter, Lisa, is married and lives in Temple. She is the mother of their 20-month-old grandson, Christopher.

Mary is a native of Temple. After graduating from high school, she worked 10 years doing oil coloring on portraits. Then she learned how to do bookkeeping, and has been employed in that line of work for the past 15 years.

In her spare time, Mary enjoys working on arts and crafts, and likes to work in the garden, play golf, and swim.

Mary said that Wayne is a Methodist and she is a member of the Church of Christ. So they compromise by attending the Methodist services on Sunday morning and go to the Church of Christ in the evening.

The recipes she submitted are family favorites, and are sure to become favorites of the *Leader* readers. Mary said that Wayne's favorite is the recipe for "Baked Apples."

Mrs. Wayne Parsons

1 Tbsp. margarine
1 can cream of celery soup
1 can cream of mushroom soup
1 baking chicken (cut up)

Bake chicken in 350 degree oven until tender. Heat water until at rolling boil; add margarine and rice; cover rice for 10 minutes (no heat). In sauce pan, mix cream of celery and cream of mushroom soup with 1 can water. When soup is hot, cover bottom of large bowl with rice; lay chicken parts over rice, and cover with soup mixture. Serve with any vegetable you like and a salad.

MEATBALLS IN SWEET AND SOUR SAUCE

1 1/4 lbs. hamburger meat (lean)
1 egg beaten
1/4 cup milk
1 slice bread (broken into small pieces)
1 tsp. garlic salt
Handful of minced onions
1 tsp. chili powder

In medium size bowl, mix beaten egg, milk, bread, garlic salt, onions, chili powder and then add meat and mix together. Form medium size balls with mixture. In large skillet add just enough grease to cover bottom of pan. When grease is hot, add the meatballs and cook until done.

SAUCE

2 Tbsps. flour
1 cup ketchup
1 tsp. vinegar
Worcestershire sauce (few squirts)
1 Tbsps. sugar
4 cups hot water

With remaining grease in skillet, add flour and brown until mixture looks as if it is going to burn. Add water until mixture is of gravy consistency. Add ketchup, vinegar, Worcestershire sauce and sugar. Cook until gravy is as thick

as you like it. (If mixture tastes too vinegary, add more sugar). Remove from heat and place meatballs into gravy mixture.

BANANA PUDDING

2 cups sugar
1 Tbsp. flour (heaping)
2 1/2 cups milk
1 tsp. vanilla extract
2 eggs, beaten
5 bananas, mashed
Vanilla wafers

In medium sauce pan, mix sugar, flour, milk and eggs until smooth. Cook over low heat until mixture thickens like pudding. Remove from heat and add vanilla and bananas. Mix until smooth. In large bowl, place a layer of banana pudding then cover with wafers, continue this method until all pudding is gone. Cover top layer of pudding with wafers. Eat hot or place in ice box and eat cold.

Card of Thanks

My sincere thanks to all you dear friends for your outpouring of love and concern for me and my family during my recent by-pass surgery and long stay in Bethania Hospital. Your expressions of kindness in the way of prayers, phone calls, visits, flowers, cards and food will always be remembered with deep gratitude. I am still recovering and making progress daily, and hope to be back at my desk at Armored Roofing within the next 30 days. Again, my family and I are very grateful and appreciate your love and support through a very trying time.

Peggi and Ted Anderson
Denny Anderson
Julie and Roy Ressel

BAKED APPLES

8 Winesap apples
1/2 cup sugar
2 tsp. cinnamon
2 tsp. nutmeg
1/2 cup water
1 med. size bag red hots

Cut apples into halves and core. Place apples (skin side down) into a large skillet. Cover apples with sugar, cinnamon and nutmeg. Cover bottom of skillet with water. Pour red hots over each apple and the remaining red hots into skillet. Cook over low heat about 1

hour. About half way through cooking time, turn apples over and finish cooking. Serve hot with whipped cream.

WHIPPED CREAM

1/2 pint whipping cream
4 Tbsp. sugar
1 tsp. vanilla extract

Pour whipping cream into large bowl and beat on high speed until soft peaks form. Add sugar and vanilla extract and mix with spoon. Spoon over each bowl of apples.

COOKED CABBAGE

1 head cabbage
1/2 pint whipping cream
2 Tbsps. margarine

Cut cabbage into 4 quarters and cover, in large pan, with water. Cook cabbage until tender. Drain water and slice cabbage into small pieces. Add whipping cream and margarine and heat over low heat until hot. Season to taste with salt and pepper.

AREA OIL & GAS NEWS

Operating out of Midland, Atapco Inc., has driven stake for the No. 114 Reilly in the Wichita Regular Field, four miles west of Burkburnett. It will be a 1,750-ft. test with drill site in the Robert S. Killough Survey A-714.

Terco Energy of Abilene has filed for permit to drill the No. 2 King-Shallow "T" in the Wichita Regular Field. The lease is about two miles northwest of Valley View in the Moses Roberts Survey A-246. Total depth is projected to 500 feet.

A 2,000-ft. developmental well is planned in the Wichita Regular Field by Tom Swanson, independent operator from Electra. It will be known as the No. 67 Burnett "C." Location is in the T&NORR Survey A-316.

A depleted oiler has been plugged and abandoned in the K-M-A Field, Wichita County, by Marshall Energy Inc. of Dallas. Designated as the No. 34 Moncrief-Munger Unit, it was in a lease in block 30 of the KWVFL Subdivision, about one mile north of Kamay. Total depth was 3,863 feet.

Landrum West Inc. of Burkburnett has staked drillsite for a 1,999-ft. developmental venture in the Wilbarger Field, 10 miles south of Vernon. Designated as the No. 4 Andrews "L" it is in the H&TCRR Survey A-904. Location is 150 feet from the east line and 1,617 feet from the south line of the survey.

The No. 5 Mulloy, a shallow developmental bid, is scheduled for spudding in the Wilbarger Field, about three miles northwest of Electra. Carrying permit for 700 feet of hole making, the well is in the M.M. McLaren Survey A-624. Prince Brothers Drilling of Electra will be the operator. Location is 700 feet from the west line and 500 feet from the south line of the survey.

Two Foard County wildcats are planned by Gunn Oil Co. of Wichita Falls. Both located about 2.5 miles northeast of Thalia, the wells are designated as the No. 1 J.W. Coufal "A" and No. 1 John Matus Jr. They are located in the H&TCRR survey A-979 and A-

306, respectively. Total drilling depths are projected to 4,900 and 4,500 feet, respectively.

The same operator is planning a 4,000-ft. developmental well in the Foard County Regular Field. It will be known as the No. 1 John Matus Estate and is located 2.5 miles northeast of Thalia in the H&TCRR Survey A-306.

Prince Brothers Drilling of Electra has staked location for the No. 5 Mulloy, a developmental bid in the Wilbarger Regular Field, three miles northwest of Electra. It will carry authority for

700 feet of hole, with drillsite in the M. M. McLaren Survey A-624. It is 700 feet from the west line and 500 feet from the south line of the survey.

FIRST CUSTOMER at Saturday's carnival, sponsored by the Iowa Park Volunteer Fire Dept. was Brian Spruiell, son of Mr. and Mrs. Doug Spruiell, shown here testing his skills with a water-soaked sponge.

Obituaries

Grover Coffman

Grover Coffman, 78, father of Luke Coffman of Iowa Park, died Monday in a Seymour nursing home.

Services were held Wednesday afternoon in Vera Baptist Church with Rev. Douglas Crowe officiating. Burial was in Vera Cemetery.

Coffman was born Oct. 3, 1911, in Foard County, Texas, and was a lifetime resident of Knox and Baylor counties. He was a retired farmer and a member of Vera Baptist Church.

Other survivors include a son, Derrell of Seymour; a stepdaughter, Angelia Miller of Fort Worth; two sisters, Thelma Parker of Odessa, and Doris Bartlett of Seymour; six grandchildren and four great-grandchildren.

Herman Parnell

Services for Herman Parnell, 83, long-time resident of Kamay, were conducted Monday morning at 10:30 in Dutton Funeral Home with the Rev. Mark Mitchell, pastor of Kamay First Baptist Church, officiating.

Burial was in Crestview Memorial Park Cemetery, Wichita Falls, with Dutton Funeral home in charge.

Parnell died Friday.

Born in what is now Ardmore, Okla., Aug. 5, 1907, Parnell had lived in Kamay since 1938. He was a retired truck driver for Terry's Welding Service.

Parnell married Mamie Valdeva Tintman July 2, 1935, in Electra. They resided in Electra before moving to Kamay. He was a member of Kamay Baptist Church.

Survivors are his wife; two sons, Terry of Holliday and Dewayne of Abilene; two brothers, Tom of Wichita Falls and Raymond of Winnie; two sisters, Clara Turner of Burkburnett and Frances Worsham of Smithville; six grandchildren and four great-grandchildren.

The family suggests memorials go to the American Heart Association.

John "Pat" Patterson

Services for John D. "Pat" Patterson, 66, a native of Kamay, were held Saturday at 1 p.m. at Maddox-Hawkins Funeral Home in Jacksboro.

Woody Singleton of Live Oak Baptist Church officiated. Masonic

graveside services were at 4 p.m. in Highland Cemetery, Iowa Park.

Patterson died Friday in a Jacksboro hospital.

Born Sept. 11, 1923 in Kamay, Patterson was a retired truck driver for Groendyke Trucking Co. He was a member of Veterans of Foreign Wars No. 8914, Concho Masonic Lodge No. 1260 in San Angelo, and Jack County Eastern Star. He was a Baptist.

Surviving are two sons, Ed ofourdanton and Bill of Brownwood; two daughters, Carolyn Riley of Killen, and Vadene Mathis, Jacksboro; one sister, Jo P. Holland, Jacksboro, and five grandchildren.

Sports

Shorts

Harris Rating System's Texas Schoolboy Football Forecast surprised no one by picking Vernon the top Class AAA team in the state. And picked to follow the Lions in Dist. 4-AAA, in order, were Breckenridge, Iowa Park, Graham, Bowie and Bridgeport.

ss ss ss ss ss

Harris gave the Lions the same power rating they had at the end of the 1989 season, 191, when they finished runners-up for the state crown. That 191 rating is the same as he gave West Orange-Stark, which he lists as the third-best club in Class AAAA.

ss ss ss ss ss

Decatur, which was moved from the Hawks' conference and replaced by Breckenridge, is picked in 10th place in the preseason poll. Between Vernon and Decatur are Newton, Southlake Carroll, Sealy, Mexia, Odem, Waco La Vega, Navasota and Springtown.

ss ss ss ss ss

Probable starting offensive center for the Hawks this year, Lewis Skinner, was showing his desire to hold on to his position when two-a-day practices opened Monday. Skinner broke the big toe on his left foot two weeks earlier, playing soccer.

ss ss ss ss ss

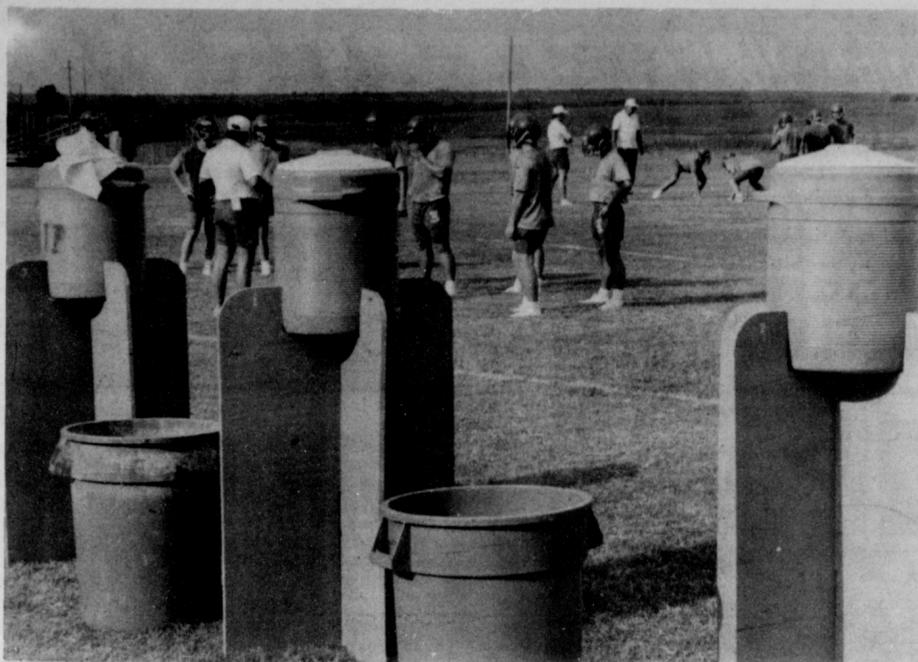

Only one former Hawk is listed as a returning player on this year's Midwestern State football team. He's center Jimmy Kirkhart, a two-year letterman for the Indians. But there are two former Hawks in administrative positions. They are Roy Boutwell, the defensive line coach, and Marc Klinkerman, head trainer.

ss ss ss ss ss

Filling of a coaching position left vacant when Barry Lucy resigned recently will not take place until the spring semester, officially. Former Hawk Ray Sefcik Jr., a senior at Midwestern State Univ., is doing his practice teaching at IPHS and part of his responsibilities is to assist in coaching football this fall. Once hired, his duties reportedly will be those formerly handled by Tim Clark, who was assigned Lucy's coaching duties.

Hunters' course here Aug. 27-30

Volunteer instructor Harold Phillips said he would hold a hunter's education course here Aug. 27-30. Instruction will be from 7 to 10 p.m., and will be in the county agriculture building at 206 W. Park. A fee of \$5 is charged by the state for supplies, Phillips said.

TWO-A-DAY WORKOUTS STARTED MONDAY FOR HAWKS
... with plenty of water to help protect them in the heat.

Hawks to put on pads Friday

After four days of running in shorts and helmets, the Hawks will put on full pads Friday and begin full contact workout.

The players began two-a-day workouts Monday, with 72 players reporting, according to Head Hawk Len Williams.

Saturday morning will be the annual "Watermelon Bowl" intrasquad scrimmage, with the freshmen beginning at 9, followed by the JV and varsity. "We'll try to get in at least 80 plays and be over by 11," Williams said.

The players will have only two more days in which they will work out twice. They'll report at 8 a.m. Monday and again at 6 p.m. Tuesday, the morning session will start at 10, with the 6 o'clock session following.

Wednesday, workout will be at 6 p.m., and Thursday they will practice at 3:30 p.m.

Friday of next week, Holliday will bring its junior varsity and varsity here for scrimmages, with the JV starting about 6 p.m.

Because Holliday has no freshman

team, Iowa Park's will scrimmage at Rider the following Thursday, Williams said.

The Hawks will have one more scrimmage, Olney here Aug. 31, before

opening the 1990 campaign Sept. 7 at Burkburnett.

Kid football signup extended

Registration will be held again Saturday for youth wanting to play Top 'O Texas Football, according to Gordon Griffith.

Registration will be held from 10 a.m. until 12-noon at the county agriculture building, 220 W. Park.

Players must be at least eight years of age before Sept. 1, and cannot be 12 before the same date, to be eligible.

Any youth unable to attend the registration can contact Griffith at 592-4840.

Junior Hawks to get pads

Issuing of football equipment and workouts have been scheduled by Coach Bob Gray.

Eighth Grade players will receive their equipment between 4 and 6 p.m. next Wednesday.

Seventh Grade players will be issued their equipment between 3:30 and 5:30 p.m. Friday, Aug. 24.

On the first day of school, Tuesday, Aug. 28, both the Seventh and Eighth Grades will work out that afternoon.

However, regular workouts for the Seventh Grade after that will be at 7 each morning, according to Coach Gray.

Bobby Halady's body rated best

Bobby Halady of Iowa Park copped the title of "Mr. Sheppard '90" in the Annual Bodybuilding Contest held July 28 in the Recreation Center at Sheppard Air Force Base. He also placed first in the Heavyweight Division.

Halady was in competition with 10 other participants, both Air Force and civilian.

Charles Adams, also of Iowa Park, won second place in the Middleweight Division.

Halady, a 1984 graduate of Iowa Park High School, is a senior at Midwestern State University. He is a son of Bob and Mary Haladay and grandson of Pearl Elms and the late Randle Elms, Sr. of Iowa Park.
