Driver Hurt in Car-Truck Collision

Considerable excitement was had on the highway just east of the Hav-A-Lunch cafe Monday when a Plymouth car driven by a Mr. Key of Electra ran into the back end of a cattle laden truck from Fort Worth bound for Amarillo.
The driver of the truck had left the highway preparatory to pulling in for gasoline at the Wilcke station when the Plymouth rammed into the trucks left rear. Spectators say the Plymouth turned over three times and righted itself. Its usefulness was completely destroyed and its driver was seriously injured.
Repairs on the truck required two days hard work on the part of W. C. Brown and the truck operator.
Mr. Key was carried to Electra immediately following the accident by Tanner ambulance, with Buddy Tanner at the wheel and Jim Smith caring for the injured man. Jim says the man surely had a terrific shock. When he came to he did not realize he had been in an accident. He further said he had no car and could not drive!

Local Lions Give Program This Week

Presentation by Pat Pastuszek of a wedding gift to Mrs. Katherine Sae Jaquart was the main event following luncheon at the Lions club meeting Tuesday. The gift was an expression of appreciation to Mrs. Jaquart for her assistance to the Lions in every program they put on and for the willingness and interest she has shown to help with entertainment during luncheons.
Mrs. Jaquart has been a Lions Sweetheart for many years and, in accepting the gift, called attention to the many times in early years when only five or six Lions were regular attendants at the weekly meetings. She recalled that C. C. Hudson, first president of the local club, put forth unceasing and successful efforts to keep the Lions club alive and growing.
Dr. Gordon G. Clark, speaking on behalf of the Texas-Oklahoma Fair which will be an event of Oct. 2-7 in Iowa Park, outlined a few of the new features of the exposition. Midwestern university will present a musical program the first four nights of fair week; the last two nights will feature a square dance contest. Dr. Clark said that we can expect square dancing teams from Oklahoma, Texas, New Mexico and Arizona.
Advance ticket sales are now in progress to these evening programs. One dollar tickets will admit the holder to the fair grounds and also to the special events. Purchase of advance tickets will save the gate ticket cost.
The fair association president expects at least 50 per cent greater attendance this year than last. He pointed out that the heretofore, dairy cattle and quarter horse divisions of the fair will be stronger, with greater interest being shown by breeders of these types of stock.
Arrangements have been made for the 12 agencies which co-operate in the District Agricultural Workers Council will have displays in the south portion of the main auditorium. A carnival, Pioneer Day, industrial displays and the women's division are all shaping up to make the best fair yet put together in Iowa Park, Dr. Clark said.
Reserved seats for Iowa Park's football season were plugged by Lion O. R. Kelly, who introduced Assistant Coach Bill Cook for a few words of explanation of Iowa Park's prospects for the season.

Dental Ills Avoided In 3 Texas Cities by Doctoring Water

City fathers in three Texas cities, by adding fluoride salts to their municipal water supplies, are making the dream of fewer tooth cavities come true.
Corpus Christi and Marshall have fluoridation systems working now. Austin has one in the installation stage.
Children in these towns will be spared easily half the visits they now have to make to family dentists, because they'll have fewer cavities.
Dr. Geo. W. Cox, state health officer, describes the fluoridation as a tremendous step forward in the fight against dental diseases. It's simple and inexpensive, as well as effective.
"It won't be a cure-all," says Dr. Edward Taylor, director of dental health at the State Health department. "It won't give complete protection against tooth decay, but it will reduce decay from 23 to 47 per cent."
Addition of the chemical to drinking water in the ratio of 1 to 1.5 parts per million parts of water now has been recommended as a decay control measure by the U.S. Public Health Service, the American Water Works Association, and the Association of State and Territorial Dental Health Directors.

Bridwell Sponsors Soils Contest Again

J. S. Bridwell, well known independent oil operator and cattleman, has announced that he will offer an additional \$5,000 for a second Bridwell Soil Builders Awards program.
At the time of the announcement Bridwell said "The farmers who took part in the 1950 program for soil improvement did a most excellent job. However, we have only scratched the surface on what really can be done in the way of soil conservation in this area. Particularly with our national and international situation at present, it is important that we dwell on the improvement of our basic resources."
The announcement came at a breakfast of the District Agricultural Workers Council held Wednesday morning, August 23. Many of the farmers and ranchers of this area in addition to the agricultural workers were present.
The contest again will deal with the growing of soil building crops, and the improvement of permanent pastures. The Bridwell Soil Builders contest for this year is still in progress and the last division of that contest will be judged in late November.
Awards for this year will be made at a banquet to be held the first week in December.

IN GRATITUDE TO OUR FRIENDS

Since it is impossible to contact personally, each one who contributed in anyway, to our welfare and happiness during Mr. Morris' extended illness resulting from the unfortunate accident of March 7—we wish to express our thanks and sincere gratitude to friends and neighbors who so kindly were responsible for the nice clean yard and flower beds which everyone knows is Mr. Morris' pride and joy. Also, for the gifts of food, flowers, cards and many other deeds done, too numerous to mention here. To our faithful barber, Mr. Blalock, and to the ministers Bro. Beard and Bro. Easterwood, who, through their prayers and quiet bedside visits, made the long months of suffering more bearable. In moments of discouragement when things seemed to go wrong, and we may have been tempted to ask—why?—we remembered with reverence: "I will lift up mine eyes unto the hills, from whence cometh my help. My help cometh from the Lord, Who made Heaven and Earth."
Our Father, through you, our friends, has strengthened us spiritually and physically. From the depths of our hearts we say—"Thank you."
Mr. and Mrs. Scott Morris and family.

Flight Talk

By Eddie

Last week when we could have been writing this column we were winging our way to Midland with L. D. Ryan in his Luscombe. With a headwind it took 1:40 to go to Abilene, then 1:45 from Abilene to Midland.

Our mother lives at Garden City, and we left Ryan in Midland for two sight while visiting with her. We flew mother to Snyder, Texas, and spent a day and night with our sister and brother-in-law O. S. Clark. Had a very nice trip.

Tuesday, Aug. 15, we were amused at the way stories grow when passed on from one to another. While flying back from our wife and children's home in Burns Flat, Okla., our airplane engine got to running very rough. Nothing we could do in the cockpit seemed to alleviate the vibration. We chose a pasture and set her down and tried to determine the fault. In the process of getting the engine running again it is possible we ran the carburetor over with the primer, and got some gas on the grass. When it did start it ignited the grass and burned the plane.

Now stories have been going the rounds that we were on fire, and what else we can't remember.

O. W. Phillips, nine miles north-east of Mountain Park, Okla., took us to Snyder, Okla., where we called the CAA weather station at Hobart and had them relay the message. When calling the station we gave our indicated elevation and left out a lot of details in between them and when we first saw the smoke coming up from the groundboards and looked out on the ground and saw the grass on fire. Things got in a critical condition by the time the story gets a few repetitions old.

C. R. Galloway and J. B. "Dick" Neely. Fred is in Ward 103.

Howell, both of McAlester, Okla., flew their plane into the Gilchrist field on August 7.

This week's column is probably the last for the Herald, as we're going to work at the Wichita Falls Air Transport company north of Wichita Falls.

We hope the readers have enjoyed reading the strip as much as we have enjoyed writing each week; and now, until later, we will say, "Happy landings!"

Mr. and Mrs. John Street entertained at dinner Sunday for their son-in-law Wm. P. Christian, who left Monday for San Antonio to report for air force duty. Enjoying the meal were Mr. and Mrs. L. H. Myers and children and Mr. and Mrs. George M. Dinnin of Wichita Falls; Mr. and Mrs. Christian and children.

Mrs. Jack Cowden and children of Duncan, Okla., are visiting her parents Mr. and Mrs. Everett Sewell.

Mr. and Mrs. A. O. Beall moved back to Iowa Park, Tuesday from Electra. They are living in the Anderson apartment.

Mr. and Mrs. Joe Gabbart of Corpus Christi visited Monday with Mrs. Mae Tanner. The Gabbarts left Iowa Park in 1912 and this is their first visit since that time.

Fred Vealey had a serious back operation last Thursday, according to Mrs. Vealey, who went to the Veterans hospital in McKinney to be with Fred at the time. She reports that a disk was repaired in his spine and that he will be in bed three or four weeks at McKinney. Fred is in Ward 103.

Business Leader With Great War Record Tells How Hadacol Has Rebuilt Him Physically

Was run-down, weak, after service in South Pacific due to deficiencies of Vitamins B₁, B₂, Iron and Niacin

Mr. Donald Hedburg, who resides at 1812 Parker in the fashionable Riverside District of Wichita, Kansas, has been an up-and-coming executive member of the staff of the great Wichita Eagle newspaper for over four years.

Mr. Hedburg has an enviable record of combat with the U. S. Army in the South Pacific in World War II. He is very active in civic affairs. And just as he was anxious to pitch in and do a job during the war—he now wants to help his fellow citizens who (like he was once), are physically run-down and weak due to lack of Vitamins B₁, B₂, Iron, and Niacin in their systems.

Here is Donald W. Hedburg's witnessed statement: "When I returned from service, I faced the problem of rebuilding myself physically. I was in a general run-down condition. "In my present capacity of advertising salesman for Kansas' greatest newspaper, The Wichita Eagle, it's absolutely necessary that I have plenty of vitality—'get up and go.' I had real cause to worry. Nothing seemed to rebuild me constitutionally. Then a friend of mine on the national staff told me about HADACOL—he asked me to try at least five bottles. I'm on my fourth bottle and already I feel like my old self. I look forward to a day's work and go home—play with the children—work in the yard—fish until midnight! Thanks again to HADACOL, energy and vitality once again course through every fiber of my body. You bet, I too, am now a missionary for this great new HADACOL."

Get That Wonderful HADACOL Feeling Everyone is Talking About

HADACOL gives such wonderful results because it not only supplies deficient, weak run-down systems with more than their daily needs of important

Vitamins B₁, B₂, Iron, and Niacin—but also helpful amounts of precious Calcium, Phosphorus and Manganese—elements so vital to help maintain good health and physical fitness.

If you are a victim of neuritis pains, certain stomach and nervous disturbances, constipation, insomnia or a weak, run-down condition due to such deficiencies, HADACOL will start you on the road to feeling better often within a few days. Thousands upon thousands of records of grateful men, women and children proved this to be so.

Many Doctors Recommend It HADACOL is recommended by many doctors not only to their patients but to members of their own families who have such deficiencies. Before giving up hope—you owe it to yourself to at least give HADACOL a chance to help you. Why keep dragging yourself around feeling "half-alive" when it's so easy to have that wonderful HADACOL feeling that everyone is talking about! Trial-size bottle, only \$1.25. Large family or hospital size, \$3.50. Refuse substitutes.

Stork Shower Honors Mrs. Weldon Phillips

Decorations of delicate beauty inspired by the soft shades of pink and blue were arranged for a layette shower given in honor of Mrs. Weldon Phillips, Friday afternoon. Mrs. Noah Guthrie Jr., and Mrs. K. W. Sullivan were hostesses for the party at the home of the latter.

Pink and blue crepe paper streamers from ceiling corners to the chandeliers formed canopies overhead in the reception rooms of the home. Standing close to the door where guests entered was a tall stork tied with a large blue bow. The attractive register which was shaped like a baby bonnet, was edged with lace and decorated with lace and decorated with pink and blue rosettes.

China baby shoes filled with small pink flowers highlighted decorations in the living room. The dining table further emphasized the theme of daintiness. Covered with a lace cloth over blue, the floral centerpiece featured small wild roses. The individual cake squares which were topped with pink rosettes, the crystal punch service and unique stork favors completed the table picture.

Remembering the honoree with gifts were Meses. Ted Overbey, Harrell Sullivan, Emma Phillips, Forest Bates, Doyle Koonce, Roy Kimber-

YOUR CHAMBER OF COMMERCE — RUTH HILL YEARGAN

(We quote this from the San Antonio, August, 1950) ARE YOU A DUCK OR A HEN? "When a duck lays an egg, no one knows it but the duck. "When a hen lays an egg, she cackles the event to the whole wide world.

"Perhaps this accounts for the fact that hen eggs out sell duck eggs!" Activities that denote progress call for "cackling." Iowa Park could do a lot more cackling and still not be bragging.

Mrs. Jack Spruiell and son left Wednesday night for their home in Anaheim, Calif., after a week's visit here with her parents Mr. and Mrs. T. L. Dillard and her husband's parents Mr. and Mrs. Hill Spruiell.

IT'S TIME for BROOKS! Because...

Something must be done now about the runaway cost of our state government—a cost which has increased more than 500 percent in the period between 1935 and 1950. Aside from the cost of World War II, the cost of the Federal government did not increase that much during the same period.

With the State plunging wildly towards a financial crisis, the Lt. Governorship is a business rather than a political office. It needs a business man with a business viewpoint.

Only by the election of a business man can the people of Texas be assured of a direct and vigorous attack on this runaway cost, useless waste, and needless extravagance in our State government.

Only a business man who has not been a part of the system which spawned this era of waste and extravagance can give the problem that searching inquiry and impartial analysis needed now. Pierce Brooks is that man.

The next Lt. Governor of Texas should be above any internal friction, beyond all cross currents of politics, and completely judicial when clashes of personalities arise among members of the Senate. He must be in a position to treat them all alike, to be fair to each, and also to be true to his obligations to the people. Pierce Brooks meets these tests.

Pierce Brooks is the only candidate completely free from the entangling alliances, political obligations, cliques, clans and groups which grow up when men stay in office too long.

The Lt. Governor to be elected in 1950 should not come from the confused atmosphere of the State government, but direct from the people with a program for the people. Pierce Brooks is such a man.

In these crucial times the next Lieutenant Governor should be answerable to the people of the State and not to any group of special interests that has made millions of dollars off the taxpayers.

Pierce Brooks for Lt. Governor

4-H CLUB NEWS

Summer encampment for District III 4-H boys held recently at Perkins Scout Reservation near Wichita Falls, with J. A. Scofield, district agent, presiding. About 170 boys, leaders and agents attended and joined in the games, lectures and demonstrations.

Demonstrations were given by the Wichita county range management team (Page Morgan and Carl Burch) and the Archer county tractor maintenance team. A safety demonstration was conducted by the State Highway Patrol.

Lectures and demonstrations were also given by the following specialists: Allen Gunter, entomology; Roy Donehue, soils; Stumpy Simmonds, forestry. Dutch Karcher, assistant 4-H leader, directed activities with assistance from George McBee of College Station. J. D. Prewitt, vice director, was also a camp visitor.

The Wichita county delegation consisted of J. M. Carpenter, CAA; W. O. Palmeyer, ACAA; Don Hancock and Ernie Gaudy, Midwestern university who acted as leaders; Milton Mertins, Clara; Billy Borton, Jackie Waiser, Ray Brosech, Owen Irby and Carl Burch, Electric; David Waters, Valley View; Leonard Luckett, Iowa Park; Shuman Lewis and Page Morgan, Valley Farms; Sonny

Smith, Tommy Clark, Norman Gilbert and Bill Kallis, Wichita Falls; Gary Bean and Bob Hagemann, Burkburnett. Jack Stewart of Valley View, Walter Spruiell of Iowa Park, Bobbie Bates and J. W. Brumley of Wichita Falls were unable to attend.

Wichita county visitors included Ralph De Shong, who presented his magic act, W. M. Borton, J. C. Walser, M. C. Waters, Wayne Luckett, Mr. and Mrs. Floyd Brosech and others.

The State 4-H Conservation Camp was held at Trinidad, August 14-18 with about 100 boys and girls and Extension personnel attending.

From Wichita county, Jimmy Jones of Electric and Bill Palmeyer, assistant county agent, were present. From District III they were joined by Wayne Borchardt of Board county; Juana Carpenter of Childress county; Dorothy Stone of Hardeman county; and Hazel Harrison, demonstration agent.

The camp was led by Floyd Lynch, state 4-H leader and his staff of Erma Wines, Mildred Houis and A. H. Karcher. Also conducting lectures were: R. E. Callender, wildlife; A. H. Simmonds, forestry; Dr. Ray Donahue, soils; Willie Ulrich, safety; Mary Jo Garland, recreation; Francis Arnold, photography; and Lucille Shultz, foods.

The 4-H members and agents were divided into groups and each received training in one of the above fields. On Thursday, Achievement Day was observed, and each group presented to the entire group what they had learned. Conservation was the main theme of the camp, but leadership and recreation played an important role also.

Fun and fellowship were enjoyed by all, and many fine ideas were presented for the campers to take to their home clubs. All attending considered the joint camp one of the best they had attended, and by means of demonstrations, radio programs and club meetings it is hoped that the information gained at the camp can be passed on to thousands of others.

Ideas gathered by this year's Wichita county campers and by Page Morgan, who attended camp in 1949, are to be compiled and presented to the county clubs. By this we hope to form an even better and larger 4-H organization in Wichita county.

Mr. and Mrs. O. E. Dykes and two year old daughter Janice have moved here from Birmingham, Ala. They are staying with the A. M. Bedfords at 309 West Pecan. Mr. Dykes is attending school at Sheppard Air Force Base. The family is Methodist.
