Christmas lighting ceremony set tonight

Iowa Park's traditional ceremony to turn on the city's Christmas lights will be held at 7 this evening at the Tom Burnett Memorial Library.

Highlight of the ceremony will be

the appearance of Santa Claus, who will take the time to visit individually with the children of the community.

Besides the lights and Santa, other

entertainment will include the high school band and the Rockin' Rockettes drill team, according to Ruth Welch, chairman of the lighting committee and coordinator of the ceremony.

Iowa Park host for AA playoff game Two highpowered Class AA high

school football teams will be battling Friday night in Hawk Stadium to advance into the state quarterfinals.

They are the Wellington Skyrockets, champions of Dist. 2, and DeLeon Bearcats, Dist. 8 title holders.

The regional semifinals kickoff will be at 7:30 p.m. Ticket prices are \$5 for adults and \$3 for students.

The same night in Sweetwater, the runners-up of the same districts will face off, and the winners of the two nial power Wheeler 21-0, and later beat games will meet next week.

Wellington, with Coach James Williams at the helm for his 18th sea- their conference: 46-6 over White Deer;

With Burns calling the signals for the Skyrockets' Wing-T formation, Wellington knocked off a pair of Oklahoma schools to start the season off: Mangum 18-0 and Hollis 51-14.

A lot of eyebrows were raised the following week, when Wellington outscored Sanford-Fritch, the AAA club that lost 41-19 last week to Vernon, 21-17.

Winding up their non-conference schedule, the Rockets shut out peren-Memphis 45-12.

Then the Rockets marched through

week's 51-20 romp over Seagraves. But while the Skyrockets were raising eyebrows, DeLeon was racking

up a record that may be even more impressive. The Bearcats have shut out nine of their 12 opponents!

Coach Grady West is no newcomer in producing teams that grab attention. His club last year started the season winless through the first five games, and wound up advancing all the way to the regional semifinals and a 6-7 record. From the club that was finally eliminated in the playoffs 31-7 by Panhandle, Coach West returned nine

son, is undefeated in 12 games.

He credits the team's turnaround from last year's 6-4 season to returning a lot of talent from 1989, a lot of help from last year's junior varsity team, good team speed, and the development of freshman quarterback Clifton Burns.

10-6 over district runner-up Panhandle; 6-0 over Canadian; 44-6 over Clarendon, and 30-6 over Highland Park.

Not given a lot of pre-season credit to do much in the playoffs, Wellington gained a lot of respect with its 44-14 bidistrict win over Spearman, and last

offensive and eight defensive starters. Seven of them are two-way starters this year.

West said experience was mainly the reason for his team's outstanding defensive record.

The Bearcats shut out Dublin 42-0 and Class AAA Early 38-0 in their season openers. Their only blemish thus far was a 14-14 tie, but that was to another AAA club, Commanche, which was ranked among the state's top 10 by the Associated Press until the latter part of the regular season.

Only one of DeLeon's district opponents scored against them, and that was a lone field goal by Coleman.

The Bearcats beat Bangs 33-0, Coleman 33-3, Ranger 58-0, Goldwaithe (which is still in the playoffs) 21-0, Eastland 45-0, Cisco 45-0 and San Saba 14-0.

Continuing that shutout binge, the Bearcats defeated Winters 24-0 in bidistrict. And to advance into this week's playoff, DeLeon defeated Wall 27-13 for the area title.

DESPITE THE CHILLING DRIZZLE that fell over the city Monday morning, crews were installing Christmas lights and decorations in preparation for tonight's lighting ceremony. Local electrical contractor Kendell Hill, using his newly-acquired "cherry picker" was a major help in raising the decorations, and he asked no fee for his services.

Home burglarized here on Thanksgiving Day

More than \$7,000 worth of valuables were taken sometime Thanksgiving Day from a home in the 300 block of West Pecan.

The theft took place sometime between 10 a.m. and 5 p.m. while the residents were in a Wichita Falls hospital.

Detective Ray Smock said someone kicked in the front door to gain

entry, and took so many items while ransacking the home that a pickup or truck would have been needed to haul it all away.

Smock also pointed out the home was next door to a church that was burglarized the week before, when the thief used the same method of entry.

Among the items taken were several guns, antiques including swords, bridles and other leather goods, jewelry, a silverware set, television, and even the meat from the freezer.

KENDELL

ELECTRICAL CONTRACTOR Journ Park, Manas

One theft reported the previous week, of a shotgun from one of the Woodbriar Apartments, resulted in the arrest of a man Tuesday.

Police arrested James Virgil Bealls, 33, after tracing him through a pawn ticket reportedly issued him by a Wichita Falls business.

Bealls was transported to county jail after his arrest, according to the police blotter.

Vandals are attacking outdoor Christmas lighting in the 400 and 500 blocks of West Texas, reports state.

A resident in the 500 block told police Sunday afternoon someone had cut the light cord and also removed several bulbs.

Later that same day, a resident in the 400 block said someone had taken a complete string of decorative lights.

Police were called to one of the Woodbriar Apartments at 11:30 p.m. Tuesday of last week where a domestic disturbance was underway, and arrested Rodney Jason Wariner, 17, on a charge of public intoxication.

Wariner was released about four hours later, according to the blotter entry.

Another public intoxication arrest was made at 12:09 a.m. Sunday in the 1100 block of FM 368.

Arrested was Samuel Joe Bates, 40. He was released four hours later on a personal recognizance bond.

A newspaper carrier alerted police at 4:16 a.m. Wednesday of last week after finding the front door glass shattered at K&K Quick Stop on Johnson Road.

Officers determined no entry had been gained through the door, and listed the case as vandalism.

News Briefs

High school open house tonight

Iowa Park High School will hold open house from 7 to 8:30 this evening, according to Richard Davis, principal. Parents, as well as all interested

residents of the district, will have the opportunity to view completed con-

struction and renovation of the main building as well as the football field house.

Teachers also will be in their respective classrooms to meet with parents, Davis said.

Senior citizens MuleSkinner guests

The MuleSkinners will feed all senior citizens who reside in the Iowa Park school district, from 12-noon to 2 p.m. Saturday at the MuleBarn, 111

West Cash. The free meal will consist of stew, combread and peach cobbler, according to Bill Gilmore, MuleSkinner president.

Leader to print letters to Santa

Letters to Santa Claus will be printed in the Leader as space permits, as well as in the annual Christmas edition.

The letters can be mailed at the local post office, addressed to Santa Claus, or dropped off at the Leader office at 112 W. Cash.

Merchants planning evening event

The majority of retail merchants in Iowa Park are planning a joint open house next Thursday evening, to kick off the Christmas shopping season.

Businesses will remain open after

Iowa Park school trustees are to hold a called meeting at 8 p.m. today in the administration building on a four-

Trustees in called meeting tonight

item agenda.

Action is expected on the school's annual performance report, contract to replace a portion of the junior high gymnasium roof, a list of surplus items to be sold at the FFA Booster Club's Dec. 1 auction, and two items under personnel.

One of the personnel topics is to hire an aide at Bradford Elementary, but no other information is available for a second topic which states, "employee personnel matter."

voted to accept the low bid on a new trash compaction truck, gave the goahead to seek bids to purchase slurry application equipment, and decided to hold only one meeting in December.

Following a lengthy presentation by a salesman who offered two trash truck bids that were higher than the one accepted, aldermen approved the one provided by Hodges Truck Center of Wichita Falls.

The Hodges bid was \$66,481, while the other two bids ranged as high as \$72,668.

The unsuccessful salesman told the council, "I'm sorry that my product is more expensive, but it's worth it."

To that, Mayor Wayne House said, "I get a little skittish if we don't go with the low bids."

Administrator James Barrington pointed out to the council that state law concerning bidding requires that the council either accepts the low bid or higher-price items.

With one alderman, Virgil Woodfin, absent, three aldermen approved the low bid. Voting for the low bid were Johnny Coker, Johnny Crawford and Charlie Helms. Diane Robnett voted against it.

to advertise for bids to purchase equipment for applying slurry mix onto existing asphalt streets.

ment is \$80,000, and it is not included on this year's budget.

Approximately \$25,000 worth of slurry was applied by a contractor on 71 blocks this year.

Alderman Crawford said he would like to set up a four-year program durwould be surfaced with the slurry mix, a process which seals the pavement and keeps it from being damaged when wet

Even with the new equipment, most members of the council expressed interest in continuing a program which includes replacement of severelydamaged asphalt streets with concrete.

Thursday, Nov. 29, 1990 Iowa Park, Texas

Mr. and Mrs. Neil Reddick (Lana Jacks) Jacks, Reddick married recently in Fort Worth

Lana Jacks, formerly of Iowa Park, and Neil Reddick of Fort Worth were married Nov. 17 in Fort Worth.

The couple celebrated their wedding with close family and friends in their home and then travelled to Corpus Christi for their honeymoon.

Reddick is a foreign car mechanic and Mrs. Reddick raises exotic birds. The couple is at home in Fort Worth.

PTA members attend convention

Nine members of Iowa Park PTA units attended the 81st Annual Texas PTA Convention Nov. 18-20 in San Antonio.

Representing the local units were Sheri Kennedy and Janet Bowling of Kidwell PTA, Anita McShan, Susan Dillard, Linda Horton, Vickie Jordan, Tandra Williams, Galyia Kasparek and

Delegates attended workshops on such topics as understanding cultural differences, parenting issues, at risk

children, drug/alcohol abuse prevention, and parent involvement in schools. Numerous exhibit booths and

displays on a wide range of commercial and non-profit educational items, equipment and publications were a

Dinner party given to celebrate wedding

Mr. and Mrs. Paul O. W. Forrer hosted a dinner party Nov. 10 at the Four Seasons Hotel, Inn on the Park in Houston. The black-tie event was in celebration of their marriage May 23, which took place in The Nederlands.

As a surprise to her husband, Mrs. Forrer had the room decorated with a hand carved ice sculpture windmill duplicating the Dutch windmills in Holland, Forrer's homeland.

Also, tulips and flowers were imported from Europe for the celebration.

The dinner consisted of veal with a morel sauce, a tureen of vegetables, zucchini bisque, caviar for hors d'oeuvres and a 14-course Venetian dessert cart.

The 54 dinner guests were entertained by piano music and belly dancing.

In the afternoon, Dr. and Mrs. Robert L. Dickey, Jr., of Abilene hosted a Tex-Mex party by the pool, complete with Mexican delicacies, margaritas and a live Mexican mariachi band.

Guests attending the weekend festivities came from 10 states. The furthest guests travelled from Holland.

Those formerly from Iowa Park and Holliday attending were Leslee Phillips of Wichita Falls, Rhonda Talley of Austin, Mrs. Penny Parnell Apple of Midland, Cinda Grantham of Arlington, Vanesa Stucki of Houston, Mrs. Tina Blalack Crush of Wichita Falls, Mrs. Alisa Cain Allison of Santa Barbara, Ca., Dr. Dickey of Abilene and Mr. and Mrs. Bob Hausler of The Woodlands.

Mrs. Reed feted at baby shower

Mrs. Robert Reed recently was honoree for a baby shower. Hostesses were Sharon Barker and Betty Reed.

The registration table featured a baby book that matched the shower invitations.

For the evening, Mrs. Paul Forrer wore a black and gold sequined tealength evening gown.

Mrs. Forrer, formerly Jane M. Dickey, is a 1981 graduate of Iowa Park High School. She is the daughter of the late Rose M. Reynolds of Iowa Park and Robert L. Dickey Sr., Wichita Falls. Her stepfather, Jack Reynolds, resides in Iowa Park.

Mr. and Mrs. Forrer currently reside in Houston.

Ladies Auxiliary elects officers

New officers of the Ladies Auxiliary of Iowa Park Volunteer Fire Department were elected Nov. 7.

Elected were Suzanne Wick, president, Sherry Wood, vice president and trustee, Lorraine Wright, secretary-treasurer, and Karen Evans, trustee.

Meetings are every first and third Thursday of the month at 7:30 p.m.. at the fire station.

It was voted to leave the membership open to anyone interested in joining.

Meeting set to organize **1991 Rockin' Hawkettes**

An organizational meeting to prepare for the 1991 Rockin' Hawkettes' season will be held at 1 p.m. Saturday in the TU Electric Reddy Room.

Parents of girls, in grades K-5, who would like to be involved should attend this meeting. Such matters as directorship, committees, budget, registration, and rules will be voted on.

The Rockin' Hawkettes is a pep squad/drill team designed to support the Top of Texas Pee Wee and Midget football teams. Membership is open to girls in grades 1-6 as of September, 1991.

For additional information, contact Jo Lynn Cockrum at 592-4436.

I'm sure there are a lot of bureau- according to the articles. crats drawing salaries down in Austin, but one in particular not only needs to be terminated -- he should reimburse the state some \$10,000 for his foul up.

According to articles in the Dallas Morning News and Austin American-Statesman, a "media relations specialist" in the Commerce Department has pulled one of those classic boners.

ticular department is mainly in the business to promote businesses of the state. Am I right?

Let me tell you what this character did.

The Texas Department of Commerce wanted printed a calendar for distribution, complete with the slogan "Texas: It's like a whole other country."

Responsibility for the project was placed in the hands of Mike Murphy,

Murphy calls up one of the most expensive printing businesses in Texas, i.e. Texas Monthly Press. He gets a price for printing 5,000 calendars.

It must be pointed out that the department wanted several full-color photographs taken over the entire state of Texas.

Well, he apparently didn't feel First, let me explain that his par- Texas Monthly Press had as good a price as Falcon Press Publishing Co. in Helena, Mont.

No one knows where he got that firm's prices, or why he failed to check any other printers within the restrictive borders of our small state.

Anyway, Falcon Press was given the contract by our Mr. Murphy, for which Texas paid \$1.90, plus tax, for each of the 5,000 calendars.

But the blunder doesn't stop there.

The calendars, it has been determined, were not printed in Helena, Montana

It seems Falcon Press "farmed" the printing job out to some plant in Korea.

Murphy attempted to explain that he actually didn't authorize the printing job, because state law requires competitive bids.

So he got around that by turning the job of having the calendars printed to the department's advertising agency, an outfit known as GSD&M of Austin.

One of the state's loopholes, it appears, is the fact that a state agency can get around the law by turning such projects over to a designated agent. That way they don't have to go through the bidding process.

And, in the meantime, Texas businesses are left without bids while paying some bureaucrat's salary with taxes.

An indication of Iowa Park's schedule strength is evidenced by the fact that half the eight teams that defeated the Hawks will be playing this week in the regional semi-finals. In area championships last week: Burkburnett beat Fort Worth Poly 27-20, and will meet Big Spring Friday in Abilene: Childress knocked off Denver City 38-13, and plays Sonora Saturday at Sweetwater; Abilene Wylie edged Crane 15-14, and plays Vernon Saturday in Abilene; and Vernon advanced by blowing out Sanford-Fritch 41-19.

SS SS SS SS SS

It took him three years, but former Head Hawk David Baugh finally produced a winning team at Snyder. Now 9-2-1, Snyder takes on Stephenville Saturday at Abilene, just before the Burkburnett-Big Spring game. Snyder was district champion back in 1978, and had a winning season in '79 but no title.

ies lately, viewing these on the AMC television channel, and while we remember seeing some of the classics, ing story. One thing about the AMC channel, however, is that it goes right through the film without commercial breaks and by now we are used to breaks for a bathroom visit during television movies.

about these movies made in the 1930s and 1940s. For one thing everybody smokes cigarettes and plenty of them, apparently lung cancer having never been considered a threat in those days. The other thing is that all of the men wear hats. In these movies of 40 and 50 years ago, every man has a felt hat and he never makes a move without donning it. He comes in from the street, wears a cap that has something on the takes off his hat or if he is a tough guy, front which advertises something or keeps it on. Nobody ever leaves the denotes an organization. house without his hat. remember him leaving the house with- a blow. I have misplaced several of out his hat and men of his generation thought hat wearing was mandatory. He wore a felt hat in the winter and straw hat in the summer. I can remember that it was a big event, promoted by the hat makers and clothing stores, to designate a Straw Hat Day when all felt hats would be put away and straw hats put on, preferably new ones, of course. When I was a kid I never had a hat, except what we called an aviator's cap with ear flaps, worn in cold weather. My dad thought I should learn to wear a hat and when I was in high school he bought me a hat in honor of my taking out-of-town trips with the Ranger basketball team. Thus he took me to the Men's Wear Store where he and Roy Orrill selected a nice felt hat for me to wear just before the team went to Pampa for a basketball tournament. We stayed in Pampa for several days, being housed in homes of local families in that day and time. When we came home, the first thing my father asked me was where was my hat. I was in shock because I remembered exactly where my hat was. It was on the hat rack in the Courthouse Cafe in Pampa, site of the very first meal the team ate together while there. My father never bought me another hat. I never wore a hat until entering the Army where it was decreed that soldiers would never be caught without one. We had two hats, one the overseas soft cap and the other the dressy cap with a bill. We learned never to leave the barracks without a hat. When we were overseas we were issued steel helmets, which fitted over a sort of plastic helmet lining. Third Army regulations decreed that no soldier would be caught without his steel helmet in combat areas. We learned that the helmet, while heavy and all that, offered some security. It also served as a shovel for digging foxholes, as a sink for bathing and shaving, as a kettle for heating water for soup and such. It was a useful piece of equipment as well as a head covering.

We have watched a lot of old mov- of these cowboys wear their hat while seated at a restaurant table. Big hats lend a certain air of Western manhood and Texas Agriculture Commissioner most of the time it is a new and interest- Jim Hightower, a man as thoroughly unacquainted with farming or ranching as anyone could be, bought himself a big white Stetson to wear during his first campaign and he has worn it ever since. A cowboy hat is a mark of manhood and maturity even if it doesn't Anyway, two things impress me mean you know anything about horses and cows.

> Hat wearing has not gone completely out of style, but today it is the baseball style "gimme" cap that is universally worn. You can see these caps worn by just about anybody and everywhere. Golfers wear them, fishermen wear them, farmers and roughnecks and coaches and everybody else

And after 40 years of holding out the carrot with one hand and a ball of string in the other, Moscow can repeat the U.S. history. The states will become empty shells, shadows of their former status, and merely vehicles to answer to the steering of the ship of state from Washington or Moscow.

Let your people go, Gorby! They'll eventually come home, head down, tails wagging behind them, pushing their long snouts under the tent in order to slurp at the federal trough.

Read our history, Gorby! **JAMES ROBERTS** Andrews County News

Hats are still the custom in the West and all cowboys and would-be cowboys wear Stetson hats or something similar. No real cowboy feels comfortable without his hat and a surprising number

The good thing about gimme caps My dad wore a hat this way. I never is that when you lose one it is not such them and none has caused the vivid memory of that hat I left in the Courthouse Cafe. HAROLD HUDSON

Perryton Herald

News reports indicate that the Soviet Premier Gorbachev is having difficulty keeping the Russian union together.

Currently four states plus Georgia want complete and independent status from the union and refuse to go along with the premier's plan for the new Russian country.

Gorby ought not to worry.

He should let the states strike out on their own -- then study U.S. history for the past 40 years.

Our U.S. Constitution set up the states as independent, sovereign entities. The national government was supposed to restrict its activities to providing for the right to declare war, conclude peace, contract alliances, establish commerce including coinage, postal service, maintain military forces, and to guarantee the right to life, liberty, and the pursuit of happiness.

Let'em go, Gorby!

All he has to do is put liberals in power, give them a few years of knocking down the rights of states and concentrating the money and the power in Moscow, and he'll have them back in the tent in no time.

Gorby can have his officials pass all sorts of national programs -- federal highways, federal welfare programs, federal ag programs, federal waterways and dams -- and fund them -- with strings attached.

"You will have a 55 mph speed limit in Texas -- or we'll withhold your highway funds! You will have a breakfast and lunch program in your public schools -- or we'll withhold Title III money! You will raise the limit on payments of Aid to Dependent Children -- or we'll cut off all federal benefit funds! You will pass a water bill, a clean air bill, an environmental bill, an unemployment benefit, a medical program -- or else!"

75 percent of the cost.

Materials for the project were stockpiled this summer, but the council instructed Price to utilize it on street projects.

Now the state has given notice that it is withdrawing its participation, unless an extension is sought and approved.

Price said he would send a letter this week, seeking an extension.

Portions of three streets, where the asphalt surface has fallen apart, will be worked on through the winter, allowing desired compaction to take place in preparation for new surfacing in the spring, according to a council discussion.

The three streets are portions of Penn, Wagon Wheel and Second St.

New asphalt cannot be applied until the winter's freezes are over, Price said.

The mayor said he felt work on Wagon Wheel should not take place as early as Price is intending, because it is the only route residents of Shiloh have to get to their homes.

Price, however, said the compaction process would be best during the winter months, allowing new asphalt to be put down earlier in the spring.

Other members of the council agreed with the plan Price proposed.

Because of bids being sought and conflicting holidays in December, the council decided to hold only one meeting next month, and that would be on the 17th.

Anissa Jo Dossey and Kyle Ray Long

Couple sets January date

Mr. and Mrs. Dennis Dossey of Houston announce the engagement and forthcoming marriage of their daughter, Anissa Jo, to Kyle Ray Long, son of Mr. and Mrs. Raymond Long of Iowa Park.

The couple will exchange nuptial vows Jan. 5 at Bammel Road Church of Christ in Houston.

Miss Dossey, a 1988 graduate of

tending West Texas State University in Canyon. She is a pre-chiropractic major. Long, a pre-engineering major, attended ACU and will continue his education at WTSU in the spring. He is

Cypress Creek High School in Hous-

ton and a former student of Abilene

Christian University, is currently at-

a 1987 graduate of Iowa Park High

Heritage Manor Activities

School.

We hope everyone enjoyed a wonderful Thanksgiving holiday. Residents and staff here at Heritage Manor are already planning many special events for the Christmas season. Remember to be extra careful while doing your Christmas shopping.

Don't forget that we have a "Toys for Tots" box for any donations of

Sunday will be an important day at Heritage Manor. It is our "Looking Toward the Future" open house. Faith Baptist Church will provide music, and our dietary department will have lots of good refreshments for everyone to enjoy. The activity department will have a drawing for a door prize at 3:30 Plan on joining us from 1-4 p.m. The 100 Best Mutual Funds You Can Sunday to help us celebrate.

CHRISTMAS LIGHTING

The annual Christmas Lighting Ceremony will be held tonight at the library beginning at 7:00 p.m. Entertainment will be provided by various organizations including members of the High School Band and the Rockin' Hawkettes Drill Team. Following the entertainment, the lights will be turned on and a visit from Santa Claus is scheduled for the youngsters. Don't miss this beautiful family event brought to us through the efforts of Ruth Welch! **OPEN HOUSE**

In conjunction with the Lighting Ceremony, the library staff will host an open house so everyone can enjoy the beautiful Christmas decorations provided by the Garden Club. An open invitation is extended to all of our friends and patrons. Come by and visit and enjoy refreshments with us!

SANTA'S CASTLE

The 2nd annual Santa's Castle will be open December 19 for children of all ages to visit Santa and Mrs. Claus. Reservations are required, and morning time slots are already beginning to fill up. Reserve your place by calling 592-4981.

usable toys or games which you might wish to give to a needy child this Christmas.

Our dietary department honored two very special ladies on Thanksgiving Day. May Dell Banks, wife of Clinton Banks, and Mary Tabor, wife of Cecil Tabor were provided a complimentary dinner.

These two ladies are at the home every day assisting with care of their husbands. They always have a pretty smile and a kind word for other residents and for the staff.

Members of First United Methodist Church visited their members who are in Heritage Manor, Bettie Smith, Jane Hoffman and Aurora Mixon. They also brought fruit for all of the residents at the home.

We would like to give a word of special thanks to Sue Kiser. She visits her mother, Myrtie Carter, almost every day. During her visits she spends time with other residents doing the little things with which they need assistance.

Among activities shared by all the past week was the church services provided Sunday by the Assembly of God.

The Red River Blue Grass Band played for the residents Monday night and the Just Friends Band will be here Saturday for our residents and their families to enjoy.

Floyd Bloodworth and Beulah Stewart have returned from the hospital. We are very happy to have them back with us.

Loree Dunegan was our big bingo winner last week. Other winners included Cecil Chowning, Roberta Spears, Mary Parks and Gerhard Kinkle.

Our prayers are with Jo Williams, LVN, and her husband Gene. Their son, Brad, is stationed in Saudi Arabia. He has been enjoying the many "care" packages being sent to him, especially the Gatorade.

Many of our staff members are wearing red, white and blue ribbons that were made by Hannah Cooke, CNA or yellow ribbons, honoring the many service men stationed overseas.

Doyle J. Churchman

Services for Doyle J. Churchman, 76, of Wichita Falls, were at 4 p.m. Monday at Hampton-Vaughan Funeral Home.

Dr. Jim Rudd, pastor of Highland Heights Christian Church, officiated. Burial was in Iowa Park Highland Cemetery.

Churchman died Saturday in a Wichita Falls hospital.

Born Jan. 8, 1914, in Boles, Ark., he was a retired superintendent of Mann Drilling Co. He was a member of Highland Heights Christian Church and a member of Faith Masonic Lodge No. 1158 AF&AM. He had been a resident of Wichita Falls since 1925.

Surviving are his wife, Ollie; one son, Doyle of Cedar Hill; one daughter, Marilyn Sue Lagesse of Scottsdale, Ariz.; five sisters, Grace Churchman and Vedas Miller, both of Iowa Park, Orpha Watts of Richardson, Dessie Willeford, Burkburnett and Wilma Williams of Electra, and two grandchildren.

Memorials may be made to Highland Heights Christian Church.

James W. Stewart

James W. Stewart, 83, of Gilmer, former Iowa Park resident, died Friday in a Dallas hospital.

Services were Sunday at 2 p.m. at Croley Funeral Home in Gilmer. Rev. Dan Bynum, pastor of First United Methodist Church in Gilmer, officiated. Burial was Monday in Highland Cemetery.

He was an Army veteran and a member of the Methodist Church. He was a member of Dundee Masonic Lodge No. 994 and a Shriner. He was in the oil, gas and ranching business. Surviving are two brothers, T.O. "Doc" of Gilmer and Elton of

Longview; two sisters, Thelma Davis of Lindale and Johnna Mae Hughes of Winnsboro.

Sylvia Warren

Services for Sylvia Warren, 78, mother of Floy Fonville of Iowa Park, were at 2 p.m. Friday at Circleback Baptist Church with Rev. Jesse Shaver, pastor, officiating.

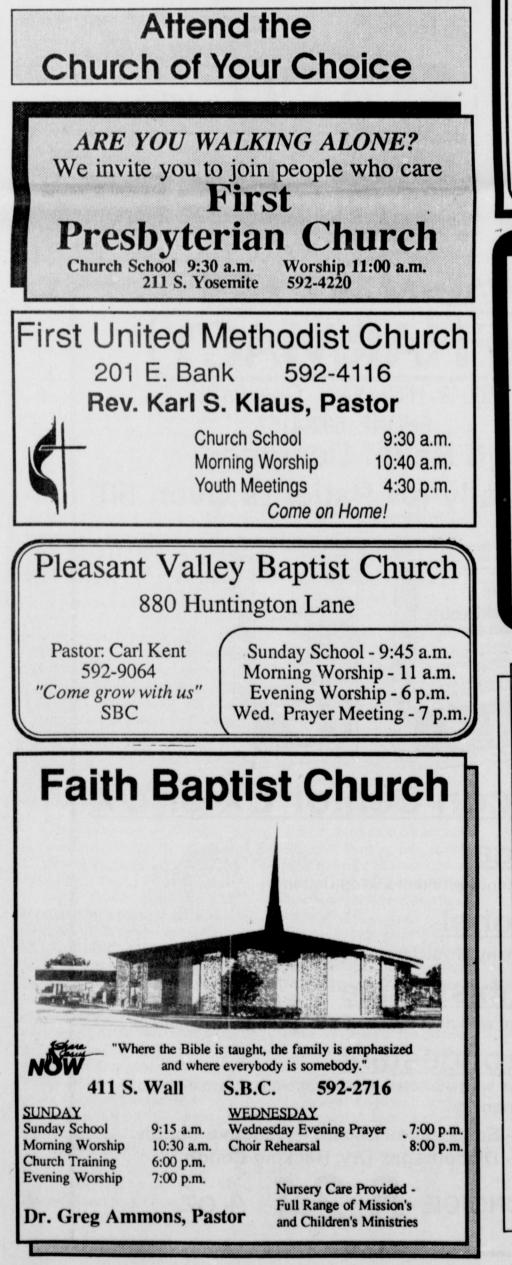

Burial was in Muleshoe Memorial Park.

Mrs. Warren died Nov. 21 in a nursing home.

Born Oct. 20, 1912, in Joplin, Mo., she was married to Floyd O. Warren Aug. 12, 1928 in Charlie. He died Dec. 28, 1984.

Mrs. Warren moved to the Needmore community in 1942 from Wichita Falls. She was a member of the Circleback Baptist Church, the Needmore Community Club and the Needmore Singers.

Other survivors include two sons, J.R. of Amherst and Leon of Muleshoe; five other daughters, Faye Neal and Alice Faver, both of Fieldton, May Evins of Rocky Ford, Barbara of Portales, N.M., and Leta Albright of

Lubbock; two sisters, Pearl Walbrick, Wichita Falls and Georgia Meyer of Abilene; two brothers, Andy Summers of Thornberry and Rudolf Summers of Petrolia; 16 grandchildren and 17 great-grandchildren.

Paul M. Smith

Graveside services for Paul M. Smith, 64, were at 10 a.m. Friday in Highland Cemetery, with George Owens, past district chaplain of Veterans of Foreign Wars Post No. 8878, officiating. He was assisted by Rev. John Ward, chaplain of Foreign Wars Post 8878.

Smith, who lived in Vernon, died Monday, Nov. 19 in a Wichita Falls hospital.

Born June 21, 1926 in Iowa Park, he had been a resident of Vernon 20 years. He was retired from the U.S. Navy.

Surviving are three sisters, Lucille Lepley of McKinney, Ethel Faye Ford, Wichita Falls and Lillian Fern Stampfil, Clinton, Mont.

"THE GOOD OLD DAYS"

When we nostalgically look back to "the good old days" thinking them better than today, we forget what they were really like.

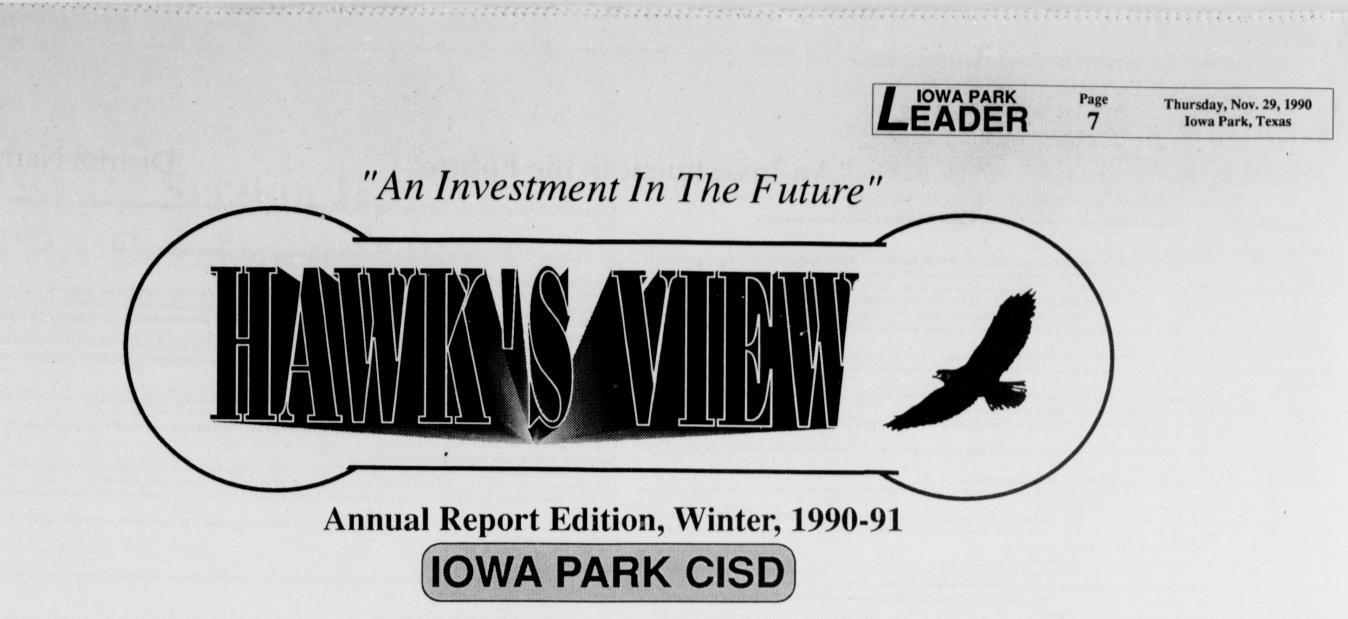

We tend to imagine in the "good old days" everyone went to worship and Bible study was an everyday affair. Over one hundred years ago in Chicago a church was asked if they would permit the use of their building for a Sunday School. The request was denied replying that "it is too worldly a purpose for a church."

J.C. Penny, founder of the chain of retail stores bearing his name, recalled the time when his father was put on trial before his church for teaching that ministers should be paid, so that they could devote full time to the ministry. The church solemnly voted him out of membership. His wife sprang to her feet in the balcony and shouted, "I believe as he does." They expelled her from membership also.

Six hundred years ago people were burned at the stake for translating the Bible into English, and thousands were imprisoned for reading the Bible. Only three hundred years ago, Bunyan, whose Pilgrim's Progress was written in Bedford Jail, was sentenced to twelve years in the dark and dreary prison for the crime of preaching the gospel in the open fields.

Today is a day to be thankful for progress that has been made. Doors of opportunity are opening up all across the world for the gospel of Jesus Christ to be preached. Conditions have never been more favorable for the preaching of Jesus Christ than they are today. These are "the good old days."

An Annual Report on the Iowa Park Consolidated Independent School District

1989-90 Continues Excellence, Builds for Future

To the Patrons of Iowa Park C.I.S.D.

The Iowa Park Consolidated Independent School District administration and staff are pleased to share with you

Iowa Park Consolidated Independent School District

Superintendent Assistant Superintendent High School Principal High School Assistant Principal Junior High Principal Junior High Assistant Principal Bradford Elementary Principal Kidwell Elementary Principal Glen Mitchell Robert Palmer Richard Davis Dennis Brooks Randy Lovelady Steve Moody Kenneth Davis Ron Woods

School Board Members

President Vice President Secretary Trustee Trustee Trustee Trustee Trustee Jerry Reed John Sibley Sheri Kennedy Randy Catlin Keith Fisher Wendall N. House Denny McCarthy

through this Annual Performance Report the many accomplishments that were made during the 1989-90 school year.

One of the highlights of the 1989-90 school year was passage of the 2.75 million dollar bond election on November 14, 1989. The bond election called for renovations and additions on all campuses. The projects are expected to be completed by January, 1991. Iowa Park C.I.S.D. will have some of the very finest school facilities in the region and you as patrons are to be commended for your commitment to education.

Our number one goal is to provide the very best education possible for the students of the school district. One of the major indicators that this goal is being met is that families continue to move to Iowa Park and the enrollment in the school district continues to increase.

Community support for the schools is one of the District's strongest assets. Iowa Park administrators and staff want you, our citizens, to be informed in order that we may better assist you.

This report gives our citizens the opportunity to review the many aspects of our educational system including student performance, curriculum, staffing, organization and management, finance, parent and community involvement, innovations and communication. We are justly proud of our students and our schools, and we appreciate the opportunity to share with you our accomplishments.

Sincerely yours,

Jalm 1d. Mitchell Glen H. Mitchell, Superintendent

The expansion at the Junior High also will feature a distinct "new" look.

'Investment in the Future' Shown by Building Program

During the 1988-89 school year the district adopted "Investment in the Future" as its official slogan. The 1989-90 school year put words into action. A \$2.75 million bond issue was approved by the voters in October of 1989.

Almost immediately plans were drawn and construction began. All of the projects were designed to enable the district to better serve students in the coming years. Iowa Park had truly looked to the future.

The educators of the Iowa Park School District fully realize the future of our city, state, and country is truly controlled by the worthiness of our citizens. In its mission statement the district pledges to educate today's students to serve tomorrow's world. There is no better investment than the time and money we spend today to make our students worthy citizens tomorrow.

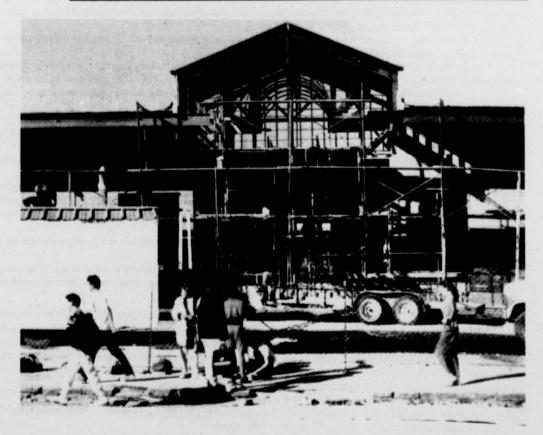

Annual Report Keeps Public Informed

During 1989-90 the Iowa Park C.I.S.D. continued to develop and support an educational program based on excellence, sound financial management, and exceptional community support. During the year the District moved fully into a building program funded by a \$2.75 million school bond issue.

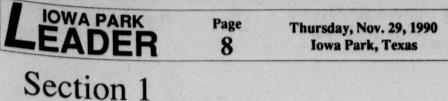

This Annual Performance Report describes the planning, actions, and programs developed and followed during the 1989-90 school year. It describes a school fully committed to continuing a proud tradition of excellence. It describes a school district that fully realizes that its students are indeed "An Investment in the Future."

The narrative section of the report follows the eight long-range goals adopted by the State Board of Education in its organization. Each goal will be discussed as it was implemented in each of the schools in the district.

Locally Developed Statistics	Page 10

Much needed space was gained with the addition of the new choir hall.

"An Investment in the Future"

GOAL ONE: Student Performance. All students will be expected to meet or exceed educational performance standards.

Performance on basic skills and achievement tests

The district continued to score well on standardized tests during the 1989-90 school year. High School mathematics scores proved to be exceptional while writing scores on the ninth grade TEAMS test were improved; jumping to 89% Mastery from the previous year's 86%. Exit level Mastery scores were Mathematics 93%, and Language Arts 97%. Scaled scores on he 9th grade TEAMS rose, indicating progress on both Reading and Writing.

The CTBS (Comprehensive Test of Basic Skills) is administered to the 9th, 10th, and 11th grades each year in the Spring. All three grades scored well above the appropriate grade level and only one or two areas indicated any need for closer monitoring during the coming school year.

The CTBS (Comprehensive Test of Basic Skills) is administered in March of each year to all students in grades 6, 7 and 8. All three grades scored approximately two grade levels above the national norms.

The TEAMS (Texas Educational Assessment of Minimum Skills) was given to all students in grade 7. The percentage of students showing mastery on the TEAMS were 98% in math, 92% in reading, and 93% in writing. These figures showed a very significant improvement in the writing area from previous years.

Thirty-three seventh grade students qualified to participate in the TIP (Talent Identification Program) sponsored by Duke University. Eligible students scored in the upper 3% on the CTBS taken in the Spring of their sixth grade year.

The student performance in grades 3-5 at Bradford has been consistent the past three years. CTBS and TEAMS scores continue to be very satisfactory, with progress noted in all areas.

Kidwell Elementary achievement test scores showed the instruction produces students with outstanding scores. Performance on the CTBS continued to be above the national average.

Performance in academic competitions and scholarship received by students:

Iowa Park High School has always been competitive in academic endeavors. The students place well each year in UIL events even though there is no particular class assigned to students for UIL event practice.

As in the past, our high school students have competed well in Spectrum competition at Midwestern State University. The students are selected from a very competitive group and are able to receive college credit while still in high school. Even through MSU was unable to fund as many Spectrum Students this year, Iowa Park High School had two students accepted.

The Mock Trial Team qualified for state competition.

Each year senior students at Iowa Park High School have been successful in securing scholarships. The various scholarships come through the school (Memorial Scholarships), community, and college-university. The students are generally very competitive and are able to interview well. In the past Iowa Park High School has had commended scholars, semi-finalist, and finalist in National Merit Scholarship competition. This last year two students were recognized as commended scholars for their academic excellence.

An Iowa Park High School student was awarded the Wal-Mart scholarship this last year; making the fifth year this award had been given to an Iowa Park High School Senior.

Iowa Park Junior High School hosted the spring UIL Literary meet for area schools. Our school also hosted a science fair.

Bradford Elementary participated in the area UIL academic competition and BASAL BALL competition in Wichita Falls. The students did very well in the UIL competition and placed first in the BASAL BALL contest.

Kidwell Elementary students competed in UIL Literary Storytelling and BASAL Ball. The first grade won first place in BASAL BALL and the second grade won second.

Impact of no pass/no play on academic performance:

No pass/no play has produced little positive impact on the high school students. The rule fails to reach students who were probably the original target because those students are seldom involved in school activities. The negative aspect appears in students who select easier courses rather than tackle a more challenging subject because of the possible consequences.

A review of the academic records for 1989-90 indicates that the "no pass/no play" rule had very little, if any, effect on academic performance at the junior high level.

Pass-Fail Rate

In high school more students fail English than any other course, with Math and Science following. Students are encouraged to attend tutorial classes in order to help them in their problem subject area. All of the student who have failed subjects have been targeted as "At Risk" and will be worked with diligently during the next school year. (1990-91)

Overall 1989-90 rates of failure for the junior high students were as follows: English - 9%; History-6%; Math-11%; Science - 10%. Overall retention rate for the campus was 3%.

No pass/no play rule has no effect on students at Bradford and Kidwell Elementaries because extracurricular activities are not a factor for these children.

Bradford failures (retention) rates were up slightly from the pervious year, with the 89-90 rates being: grade 3, 4%; grade 4, 0%, and grade 5, 5%.

Pass/Fail rates at Kidwell were: Kindergarten, grade 1, 3%; and grade 2, 0%

Compensatory/remedial education efforts and results:

The Iowa Park C.I.S.D. compensatory program offers assistance to educationally disadvantaged students at all grade levels. Federal Chapter funds, State Compensatory fund, and Block Grant funds are used to fund the services.

Classes in the high school which are designated to assist educationally disadvantaged students such as C.I.A. (Correlated Language Arts), Introductory Biology, Fundamentals of Math, Consumer Math, Pre-Algebra, and Informal Geometry are funded through S.C.E. (State Compensatory) money

A full-time Chapter I Mathematics aide serves all three grade levels at Junior High. As a result, Junior High math scores have been quite high. Kidwell serves both math and English students in Grade Two. In addition, a special aide is employed locally at Grade One to assist students who would normally be served by a Chapter I aide.

Gifted/Advanced Placement Program:

The G/T program aims at the student possessing unique abilities. The program provides a setting for this uniqueness to blossom. Outside programs are provided to acquaint the G/T student with a look at the challenges and demands of the adult arena. High school served grades 9-11 in 1989-90 with 12th grade being developmental.

Advanced placement is available to those meeting initial criteria and scoring adequately on Advanced placement testing. A language arts gifted/talented program was operational in grades 6, 7, and 8.

Elementary gifted students have served in the S.P.A.A.C.E. Program.

College/Post Secondary Plans of Students:

Approximately 45% of all Senior Students attend college in the fall. Of that group approximately twenty-five percent graduate four to five years

Electra I.S.D., Holliday I.S.D., and City View I.S.D. The cooperative employs seven full-time professional employees, three aides, secretaries, and a Director Director

GOAL THREE: Teachers and Teaching - Qualified and effective teachers will be attracted and retained.

Awards Received by Teachers:

High school foreign language teacher Carole Venhaus was named Chamber of Commerce Teacher of the Year and was nominated for consideration as Region IX Teacher of the year. Candice McKee, high school Gifted/Talented teacher, was the recipient of a monetary grant from Region IX in the Gifted/Talented area. Nancy Bauer, second grade teacher, received a Region IX grant for higher level thinking skills teaching.

During 1989-90 the district employed 125 professional staff members. Of these, 109 were classroom teachers. Forty-one have Masters Degrees. **Profile of Teachers** Eight-nine have at least six year experience. The average experience is 11.2 years and the average time in the district is 7.9 years.

The turnover rate is 5.2%. This is well below the state average of 12.4%.

Every effort is made to attract and keep the best qualified teachers available. Teachers are recruited from Universities throughout the state. Recruiting issues and needs:

The Iowa Park C.I.S.D. placed 66 teachers on Career Ladder Level 2, and 19 on Level 3 during 1988-89 school year. Teachers on Level 2 received **Career Ladder Program**

\$1,500.00. Teachers on Level 3 received \$3,000.00.

During the 1989-90 school year the Iowa Park C.I.S.D. offered a Comprehensive Inservice program for teachers of the district. A needs Skill enhancement programs used by the district

assessment was conducted and sessions were offered in areas of need listed by the teachers on the needs assessment instrument Twenty-three teachers were trained during the year as part of the T.E.S.A. (Teacher Expectation and Student Achievement) program.

GOAL FOUR: Organization and Management - The organization and management of all levels of the educational system will be productive, efficient, and accountable.

Paperwork reduction efforts:

It is the administrative policy of the Iowa Park C.I.S.D. that every effort should be made to reduce teacher reports and paperwork in the following areas

1. Lesson Plans

- 2. Grade reports for U.I.L. purposes
- 3. T.E.A. reports
- 4. Forms for tutorial classes
- 5. Progress reports
- 6. Attendance forms
- 7. Absentee permits
- 8. Grade documentation
- 9. Disciplinary forms

Where possible coding is used and all efforts are made to eliminate duplication.

Management changes - No management changes took place during the 89-90 school year.

Facilities and needs

On November 14, 1989, a \$2.75-million dollar bond election was passed by the patrons of the school district. The bond election called for expansion and renovation of facilities on all four campuses.

The projects which began in April of 1990 included:

Kidwell Elementary School

A library, music room, and physical education building.

Bradford Elementary School Five new classrooms, and expansion and remodeling of the library.

Junior High School

Eight new classrooms, science lab, restrooms and offices.

High School

Three new classrooms, music room, new roof, air-conditioning, and remodeling of the inside of the high school. Field House

Expansion of the field house to take care of the crowded conditions in the weight room.

Agriculture Barn

New cattle and lamb barns

Maintenance and Bus Barn

New maintenance and bus barn to house the schools' twenty buses.

Cost Saving Efforts

Supplies and equipment are purchased through regional combined purchasing and by purchasing in volume.

Every effort is being made to see that lights are turned off and that thermostats are turned down at the end of the school day.

Remodeling includes heating and air conditioning designed to be more cost effective. Upgrading in other areas of the remodeling should prove beneficial in maintenance and overall upkeep.

During the 1989-90 school year the District adopted an energy management plan. Copies were sent to all employees. Mike Bowling was hired to supervise the program.

Activities involving administrative and support staff

The school district's administration and support staff has remained the same. There is a superintendent, assistant superintendent, high school principal, assistant high school principal, junior high principal, and one principal at each elementary campus. There is one high school counselor, one junior high school counselor, and one elementary school counselor who serves both elementary campuses.

Three of the administrative staff; Assistant Superintendent Robert Palmer, High School Principal Richard Davis, and Elementary Principal Ron Weeds participated in the Texas Education Agency TSII Program. Along with other Texas administration they were trained in Austin and then joined TEA

District Narrative

later. The students who do well at Iowa Park High School in general do well in college. Other students do well in the job market, military, and vocational schools. SAT/ACT preparation classes are being initiated in the 90-91 school year.

GOAL TWO: Curriculum: A well-balanced curriculum will be taught so that all students may realize their learning potential and prepare for productive lives.

Curriculum changes advocated by the Campus Planning Committee at the high school include the following:

1. G/T now expanded to include all high school grade levels.

2. Greater emphasis on "At Risk" students at each grade level. A push to have every teacher a potential "At Risk" counselor.

3. Further refinement of Study Skills classes at Freshman level. Study Skill classes seem appropriate in guiding Freshmen student to better work habits.

4. Chemistry moved to Junior year in order to upgrade Course Curriculum.

5. Jr. high and Sr. High teachers employing greater opportunities for working together to create a smoother Jr. High to Sr. High change. A parents night was continued for Jr. High so that parents might better understand high school curriculum and schedules.

6. The Campus Planning Committee has initiated additional recognition of academic and achievement honors. The emphasis being to more adequately reward academic achievement in our students.

The curriculum for Iowa Park Junior High School is a well-balanced curriculum based on the State Board of Education Rules for Curriculum as mandated by the Texas Legislature in the Texas Education Code.

Curriculum changes during 1989-90 at Bradford Elementary were:

1. Development and implementation of an "At Risk" program.

2. Addition of on section of grade four to provide for the large number of students in that grade level.

3. Adoption of new social studies and spelling textbooks.

Kidwell Elementary moved into a program of increased mathematics manipulations during 1989-90. In addition, teachers at the second grade level stressed writing skills.

Plans for future developments in Curriculum

The present campus plan will be reviewed and changes initiated as dictated by TAAS test results. A fine tuning of curriculum and TAAS objectives will be undertaken when results are available.

An in-depth study of homework policy and effectiveness will be accorded a high degree of priority.

At the high school gifted education will be extended into the 12th grade. The gifted program in grades 6-12 will be transformed from a "pull out" program to an "in class" program during the 1990-91 school year.

The extremely large number of students in the 4th grade during 1989-90 will require more teachers, more classrooms, and more supplies as they progress upward through the grades.

During 1990-91, a much greater emphasis will be placed on "At Risk" students at all grade levels. Plans are in motion for a special counselor to be available to work with "At Risk" parents, an approach that was not addressed during the 1989-90 school year.

Effect of mandated Curricular requirement for graduation:

Iowa Park High School exceeds the state requirements for graduation. Iowa Park continues to use a seven period day in order to offer the students more opportunities for extra elective courses.

Local business input regarding structure of curriculum:

Iowa Park C.I.S.D. makes a special effort to work with business in developing its curriculum. A district-wide curriculum committee meets during the year to discuss school direction. Several business people are included in the committee.

Computer Education Efforts:

The high school utilizes computers in the following classes: Math, Science, Computer Science, Home Economics, English, Vocational Agriculture, Resource, Library, Journalism, Gifted/Talented, and Athletics. Computers are also available to teachers for maintaining records and grades.

The district curriculum committee met several times during 1989-90 and isolated computer improvement as one of its goals. A thorough study revealed a great need with a total cost exceeding \$130,000.00. The local school board is studying the needs during the 1990-91 school year and charting an extended course of action to meet the problem.

Description of basic curriculum structure by grade level:

Grades 7-12 are subject scheduled. Grades 4, 5 and 6 are departmentalized. Grades K-3 are self-contained.

Library facilities and availability of librarians

The high school library program follows an ongoing schedule for teaching library resource skills. Formal skills training takes place during the freshman and sophomore years. Research techniques are taught during the junior year and reinforced in the senior year.

Library materials are selected by the librarian using standard selection tools and personal examination. Faculty/students are given the opportunity to suggest titles for purchase.

The book collection number 15, 614 volumes as of November 1, 1990.

The audiovisual collection housed locally and the prorated collection housed at Region IX ESC, exceeds the state requirement. All materials are catalogued in the card catalog and are available for circulation to teachers and students.

A regular weeding program is followed by the librarian to dispose of inappropriate, worn, and/or obsolete materials and equipment.

The media center is open and supervised by the librarian from 8:00 - 3:30 each instructional day.

The librarian cooperates with the Tom Burnett Memorial Library is inter-library loan of materials and resource sharing.

The high school library program follows an ongoing schedule for teaching library resource skills. Skills training takes place during the freshman and sophomore years. Research techniques are taught during the junior year and reinforced in the senior year. Library skills are reinforced throughout the four years in various curriculum areas.

Students and teachers receive assistance in producing instructional materials and faculty members are supplied with inservice programs and consultation concerning sue of library resources.

The librarian produces bibliographies for faculty/students and is available to assist with any reference questions.

The librarian attempts, through a variety of other programs and services, to support the curriculum and meet the information and reading needs of teachers and students in the high school.

Kidwell and Bradford each have a classroom-size room designated as the library. The libraries provide resources of books, audio-visual materials and periodicals for approximately 900 students and faculty/staff of 66. A total of 43 classes visit the libraries weekly for a regular period of 30 to 55 minutes, checking out an average of 1700 books weekly. The bond issue will add full sized libraries to Kidwell and Bradford.

There is a full time librarian and also a full-time aide, each dividing her time between the campuses, so that both libraries are open full-time. The librarian and aide work cooperatively with the teachers to intergrate the learning center resources into the daily instructional plan. Students develop skills in locating and using materials for education as well as for pleasure.

Emphasis in the past has been on building a basic book collection appropriate in the subject and grade level for the students and teachers at both schools, while also meeting the state mandated standard of a minimum of 10 books per student. While this will continue to be a high priority, future emphasis will be on strengthening our audio-visual collections at both schools.

Cooperative arrangements to enhance program offerings:

Iowa Park C.I.S.D. is a member of the West Wichita County Cooperative for Special Education services. Other school districts in the coop are:

Accreditation Teams visiting other schools.

GOAL FIVE: Finance

The district had a total budget of \$6,055,800 in the 1989-90 school year. The budget included 48.93 percent from state funds, 1.42 percent from federal funds, and 49.65 percent from local funds.

The tax rate is 1989-90 was \$0.81 and the assessed value was \$257,652,265. The school district spent \$1,781.28 per pupil for instructional service. A total of \$3,135.65 per pupil was spent for the total current operating expenses.

Per pupil instructional costs by campus were: High School - \$2,184.00, Junior High - \$1,661.00, Bradford - \$1,677.00, and Kidwell - \$1,552.00.

GOAL SIX: Parent and Community Involvement - Parents and other members of the community will be partners in the improvement of schools.

Iowa Park High School actively involves parents and other community members in many of its program. (Example - guest speakers, committee members, Resource people, Booster organizations, etc.)

Community support and parent participation is always in evidence at Iowa Park Junior High School. Booster organizations support the band, choir and athletics programs. Parents attendance is encouraged at the annual honors program. Parents are incited to an evening induction ceremony for new members of the national Junior Honor Society. Extracurricular events were well-attended by parents during the 1989-90 school year.

Bradford parent/teach association projects and activities in addition to regular monthly meetings and programs for 1989-90 included book fairs, fund-raising booth at the annual "Whoop-T-Do" and production and sale of Bradford year books. Our Bradford P.T.A. has always been very supportive in providing needed materials and equipment for our campus.

The Kidwell Parent Teacher Association is very active in fun and fitness programs, drug awareness, and more fun and fitness programs, drug awareness, and more fund raising activities.

The V.I.P. people assist teachers in curricular materials development and software. Parents are involved in committees and discussion groups. Many committees, including the District Curriculum Committee, utilize parents as members.

School/business partnerships and activities:

Various business organizations in the city help in Project Graduation by giving prizes and materials to make the program a success. This program is an effort to keep graduation night drug free. It provides graduates a place to come for entertainment and relaxation in a safe atmosphere. Local businesses have been extremely supportive of the project and have aided in making it a real success. Newsletters, surveys, media activities:

The school received extensive coverage in the Iowa Park Leader, the Wichita Falls Paper, and the News Plus. In addition to standard articles, the school counselors wrote a special column each week in The Leader.

The Hawk View was published as a newsletter by the central administration office. The superintendent distributed Board Briefs after every board meeting. Several special pamphlets were published in preparation for the school bond election.

GOAL SEVEN: Innovation - improvements in school programs: All schools in the Iowa Park C.I.S.D. are constantly studying existing programs for improvement. Computers continue to play an important part in the classroom; aiding students in computer literacy as well as remediation of various subject areas.

At the junior high school planning was begun on skills learning center for handicapped students. The center will be set up very similar to a home and will teach practical skills.

At the elementary school new programs using more math manipulatives were planned.

The high school continued to emphasize attaching the "At Risk" situation. Special study skills classes were added during the 1989-90 school year. The Teacher Expectations and student Achievement program for teachers was taught by the Assistant Superintendent, Robert Palmer. Material and equipment needed:

At the high school, the Campus Improvement Committee had addressed several areas for improving. 1. Upgrading computer lab.

- 2. Greater student recognition for outstanding students.
- 3. Upgrading of Media Center.
- At the junior high, a need still exists for more computers and space to house them. At the elementary schools more math manipulatives, computers, and TAAS writing materials are needed.
- Special Programs aimed at Special Needs:

High School special programs include Special Education and Compensatory Education classes. These programs provide the learning opportunity for the special education and slow learning students. the programs are reviewed annually to ascertain their effectiveness in meeting special students needs. Other special programs include the Gifted/Talented and the CVAE Farm and Ranch Management classes. These programs are targeted for the needs of a special group of students.

The school has also initiated an "At Risk" program designed to work closely with those students who exhibit the characteristics, as determined by the State and Local criteria, to be possible dropouts.

Special programs at the junior high level include the special education program and the Chapter 1 math program. The Chapter 1 program is reviewed annually and adjustment made based on evaluation procedures and monies available. The West Wichita County Cooperative oversees the special education program at all levels. Perhaps the greatest need at junior high is for an S/PH center to better educate our S/PH students in the area of functional Other special programs are the CVAE Farm and Ranch Management course and the Gifted/Talented S.P.A.A.C.E. program.

During the 1989-90 school year a support program for at-risk students was implemented for the Junior High School. Students were identified and intervention activities (such as study skills classes) initiated to prevent eventual loss of the students.

Program reviews/needs assessments:

A campus committee meets each semester to determine immediate and future needs as well as to assess the appropriateness of existing programs. Applications of technology to delivery of services:

The use of computers has expedited the time of delivery of services. It is now possible to keep more accurate records and present new techniques with the use of the computer terminals.

GOAL EIGHT: Communications:

Public Relations Efforts and Activities

The superintendent after each school board meeting sends a description of the meeting and any needed explanations to each teacher. Media representatives are welcome and attend each board meeting.

A key communicator network was established to provide information to patrons of the school district about the facility study completed by the school board and about plans to call a \$2.75-million dollar election.

The network was made up of community leaders. The group was informed about the facility needs so that they could answer questions on a one on one basis with patrons in the community. There was a total of 47 people who served as key communicators. The school board and administrators spoke to every organization in the community about the facility needs and plans for the bond election.

Passage of the bond election on November 14, 1989, was the culmination of nearly one year of planning and working to inform the community

of the facility needs throughout the community.

Thursday, Nov. 29, 1990 Iowa Park, Texas

Section II TEA Developed Statistics

Section II of the Annual Performance Report compares Iowa Park C.I.S.D. to state figures and to a group of schools who are similar in size, wealth, and number of low income students. This is very similar to the procedure that will be used during the 1990-91 school year when districts will receive a rating. As the following information shows, Iowa Park rates with the top groups.

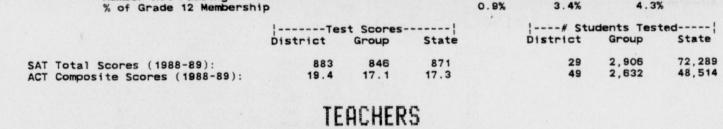

1989-90 ANNUAL PERFORMANCE REPORT - SECTION II DISTRICT REPORT INFORMATION COMPILED BY THE TEXAS EDUCATION AGENCY

BY YEARS OF EXPERIENCE

Kidwell Elementary will be provided a new guy, library, and enclosed walk area.

In the Iowa Park C.I.S.D., business and residential pay the most taxes.

Section III **Locally Developed Statistics** Interesting Facts about the Iowa Park C.I.S.D.

1. I.P.C.I.S.D. students averaged 96.73% attendance for 1989-90.

2. It takes 33,922 books valued at \$237,460.00 to teach I.P.C.I.S.D. students.

3. The Iowa Park schools used 3.5 million sheets of duplicating paper in 1989-90.

4. Iowa Park school buses drove 188,200 miles last year. The average cost per mile was \$1.24.

5. It takes 115 air conditioner units to cool the buildings in the district.

6. The high school auditorium seats 860 people, the high school cafeteria 240 people, the high school gym 1,088 people, and the high school football field 5,040 people.

7. The school cafeterias served 259,000 meals last year.

Dropout Information 1989-90

To	otal Number of Students	Dropouts	Dropout Rate
High School	499	16	3.2%
Junior High	402	6	1.4%
Total District	1,842	22	1.19%

The at-risk program was created to meet the needs of all at-risk students so that they can move through the system successfully toward a graduation diploma or its equivalent. The focal point of the district program is the belief that parent support and involvement is an integral part of the educational process. An at-risk counselor works with administrators and building counselors in the identification of the at-risk population. Regular communication with parents is maintained through mail-outs, telephone calls, home visits and weekly newspaper articles. Counseling services and parent training are provided.

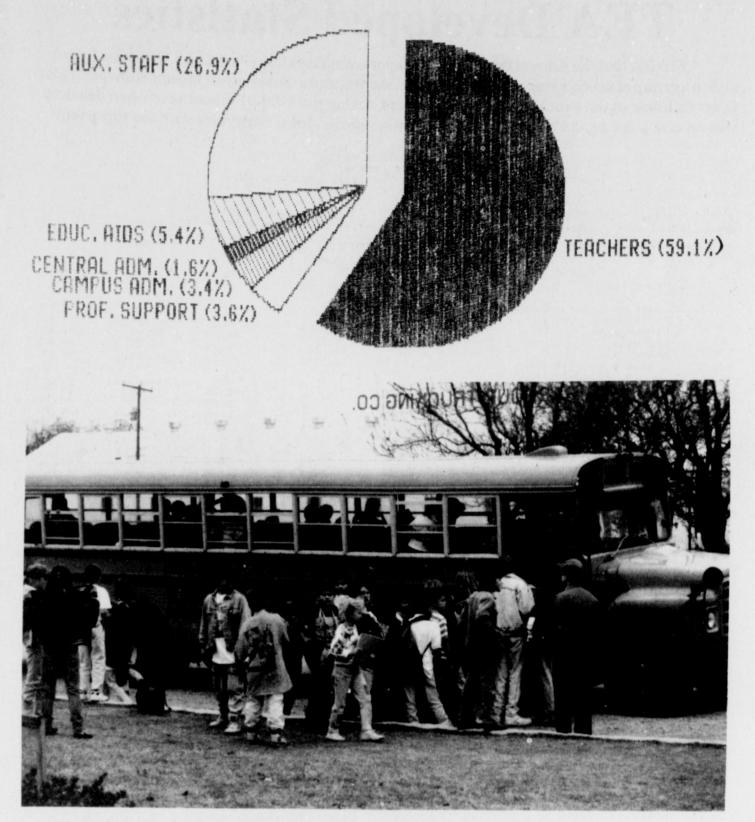

A number of other programs are available to students at-risk in the Iowa Park School District. A drug and alcohol prevention program has been developed to fight chemical abuse among youth through education. The special education program provides a comprehensive program for students that cannot be adequately educated in regular classes. Students not qualifying for special education and yet consistently unable to succeed in the regular classroom have access to modified programs. Reading Improvement is offered for seventh and eighth grade students. Remedial courses in English, math and science are available at the high school level.

Other support services provided are the Chapter I program, elementary and secondary counseling services, tutorials, study skills classes, and teachers (at the high school level) assigned by grade to work with at-risk.

IP - Average Expenditures for District

Because of the broader range of programs, high school receives the largest amount of instructional funds. Overall expenditures per student will increase in 1990-91 because of the bond issue.

PROFESSIONAL STAFF EDUCATIONAL AIDS & AUXILIARY STAFF

Iowa Park buses transport over 900 students each morning and 700 each evening.

Meaningful activity time is a part of the daily schedule of the elementary schools.

Disciplinary Activities 1989-90

		Acti	ons	
	Total	1-3 days	4-10 days	11 days to 6 weeks
High School	83	50	33	0
Jr. High	36	24	11	1
Bradford	1	0	1	0
Kidwell	0	0	0	0
		Stud	ents	
High School	46	26	22	0
Jr. High	32	20	11	1
Bradford	1	0	1	0
Kidwell	0	0	0	0

The total amount of disciplinary activities showed a slight increase from 1988-89 to 1989-90. Most of the activities involved the In School Suspension facility. This program is a tightly supervised study area supervised by a certified teacher.

The school year 1989-90 was the last year for the T.E.A.M.S. test to be administered. Beginning with the 1990-91 school year the state test will be a full range test instead of a minimum skills test.

During 1989-90 mathematics continued to be the area with the highest percentage of mastery and writing was the lowest area.

The district exceeded the scores for Region IX and the state in virtually all areas.

The Iowa Park schools provide students an opportunity to study, make new friends, and perform to the best of their ability.

Achievement Test Results

The Iowa Park C.I.S.D. used the Comprehensive Test of Basic Skills (CTBS) to measure yearly growth. The following chart illustrates the three-year scores for grades K-11 in each of the areas:

	Reading		Language		Mathematics		Spelling		Total Battery		Science		Social Studies		Ref. Skills	
K	69	89-90 72		89-90	82	89-90 84	88-89	89-90	88-89	89-90	88-89	89-90		89-90	88-89	89-90

Former resident earns national prominence

Linda Merrill, daughter of Iowa Park residents John and Sue Greenwood, has risen to national prominence as the newest officer of the General Council of Workshops for the Blind.

By unanimous action, Mrs. Merrill was voted secretary of the GCWB for 1991-92 at the combined fall meeting of GCWB and National Industries for the Blind in October in New Orleans.

Only the second woman member in GCWB history to be so honored, tradition dictates that Mrs. Merrill will become president of GCWB in 1995-96.

She will relinquish her current role as the groups Region III Representative at year's end. In a similar move, Mrs. Merrill was nominated to the board of directors of NIB, pending a formal vote at its February meeting in Washington, D.C.

A native Texan, Mrs. Merrill began her career in blind services at Beacon Lighthouse for the Blind in Wichita Falls.

Gaining experience in Quality Control, she rose to operations manager and vice president of operations before leaving to become CEO of her own non-profit workshop.

"We knew Linda had the ability when she was here," said Wichita Falls Beacon president, A.W. "Buddy" Edgemon. "When preparation meets opportunity great things happen. We're really proud of her success."

Mrs. Merrill has been president of Wichita Industries and Services for the Blind, Wichita, KS. since 1986.

Linda Merrill

Under her leadership WISB has posted four record years.

She is credited with increases in product lines--adding three new items to the federal procurement list--and with growth in employment and benefits for legally blind Kansans.

Mrs.Merrill is a 1971 graduate of Iowa Park High School and attended Midwestern State University.

Bradford PTA to meet

Members of Bradford PTA will meet Tuesday at 7 p.m. in the high school auditorium.

The fourth grade class will present the program, "A Texas Christmas."

ARTS & CRAFTS SHOW

Don't miss the first annual RAC Arts & Crafts Show on Saturday, Dec. 8. To register your booth, contact Pat at 592-4471.

CHRISTMAS TOUR OF HOMES

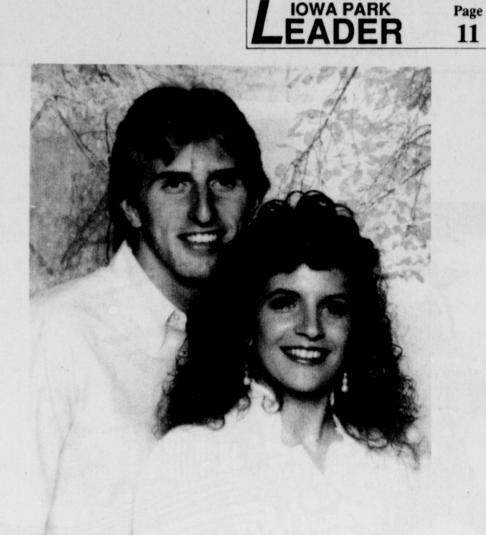

Now is the time to purchase your ticket for the RAC's Christmas Tour of Homes.

The tour, scheduled from 3 to 7 p.m., Dec. 15, will include the homes of Messrs. and Mmes. Joe Singer, Dale Thompson, Robert Horton, Harold Smith and Howard Marlar, and refreshments will be served at the home of Mr. and Mrs. Don Decker.

Price of a ticket is \$4, and can be purchased at the Watermelon Patch, Chamber of Commerce Office, Iowa Park Leader, RAC, or from any RAC board member or person who's home is on the tour.

BRIDGE CLUB

With players for three tables, Dolores Hamilton and Dorothy Ward had the high scores at Monday Morning Bridge Club. Play begins at 9:30 every Monday morning. If you are interested in joining, call Pat, 592-4471.

Michelie Crittenden and Robert Byrne Engagement announced

The engagement of Michelie Crittenden and Robert Byrne and their forthcoming wedding date is announced by the bride-elect's parents, Mr. and Mrs. Charles R. Gant of Iowa Park.

Parents of the future groom are Mr. and Mrs. James E. Byrne, also of Iowa Park.

The couple will exchange nuptial vows Feb. 2, 1991, at Christ the King Catholic Church. Miss Crittenden is a graduate of

592-5000

Iowa Park High School and Midwestern State University. She is a fifth grade teacher in the Bellevue Independent School District.

Byrne graduated Iowa Park High School and works at Patterson Auto Center in Wichita Falls.

592-4151

Church to offer childcare plan

Thursday, Nov. 29, 1990

Iowa Park, Texas

A free after-school child care program, for parents meeting eligibility requirements, is being offered by the First Baptist Church, according to Mrs. Ellie Bell, who will coordinate the program.

The service is being made available from 2:45 to 5:45 p.m. each school day, but only for children in the third through sixth grades.

Only single parent family or one with limited income is eligible, Mrs. Bell explained.

The program is to begin in early January. A limit on the number of children who will be accepted has not yet been established. That will be determined by the volunteer help available, said Mrs. Bell.

Parents wishing to enroll their children, and volunteers who want to participate in the project, should contact Mrs. Bell by calling 592-5139.

Ashton awarded trophy at MSU

Tommy Ashton II, son of Mr. and Mrs. Tommy Ashton of Iowa Park was awarded a trophy from Midwestern State University for making the All Star Team at the MSU 1990 High School Bowl.

The event took place at MSU Nov. 10. Only four such trophies were given.

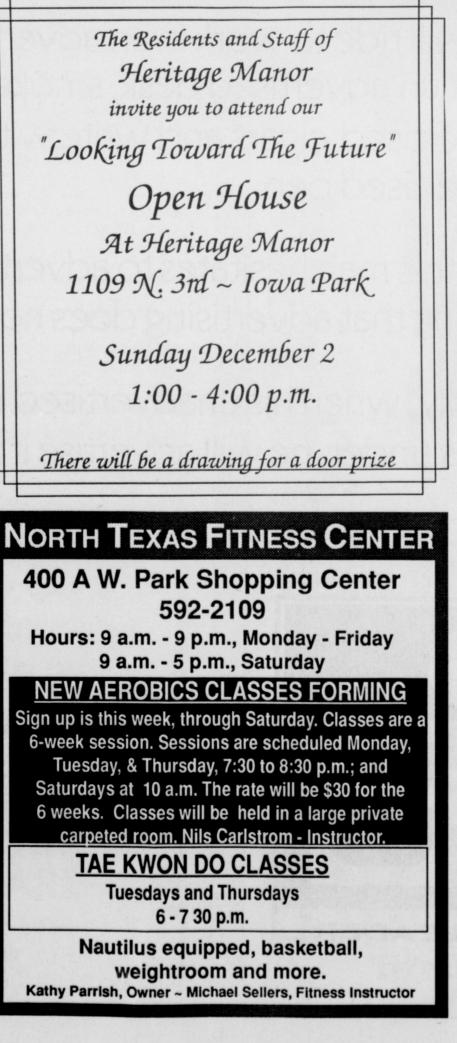

Honor students from area high schools participated.

THEN . . . IT'S TOO LATE

Why is it?

A man wakes up in the morning after sleeping on an advertised bed, in advertised pajamas. He will bathe in an advertised tub, wash with advertised soap, shave with an advertised razor, have a breakfast of advertised juice, cereal and toast (toasted in an advertised toaster), put on advertised clothes and glance at his advertised watch.

He will ride to work in an advertised car, sit at an advertised desk, smoke advertised cigars and write with an advertised pen.

Yet this man hesitates to advertise, saying that advertising does not pay.

Finally, when his unadvertised business goes under, he will advertise it for sale.

Get the message?

Area Oil & Gas News

Tommy Swanson Oil of Electra has staked location for a 2,000-ft developmental well in the Wichita Regular Field, about six miles southeast of Electra.

The well is in a 186-acre lease in the H&TCRR Survey A-131. Drillsite is six miles southeast of Electra.

The No. 369 KMA Waterflood Unit Southwest is scheduled for spudding in the Wichita Regular Field, 5.5 miles west of Kamay. The operation is in a 4,640-acre lease in the William H. Spillers Survey A-457 with total depth projected to 4,500 feet. Ellenburger pay is the target. S&J Operating of Wichita Falls is the operator.

At a location two miles northwest of Burkburnett, Primrose Operating is preparing to make hole for the No. 11 Birk "KD." It is a projected 1,900-ft. developmental well in the Wichita Regular Field. Drillsite is in a twoacre lease in the F.W. Huseman Survey A-93.

Ronny L. Brumbelow of Wichita Falls has driven stake for a 1.999-ft. developmental try in the Wichita Regular Field. Located three miles south of Electra, it is known as the No. 6W.T. Waggoner "LVV." Location is in a 77-acre lease in the Seale and Morris Survey A-393.

Bohner Oil Co. of Wichita Falls has filed for permit to drill the No. 1 Kemp and Allen "S" in the Wichita Regular Field, about three miles north of Kamay. The 1,999-ft. test is in a 40acre unit in the Moses R. Roberts Survey A-246.

ABB Oil of Wichita Falls is preparing to make hole for the No. 14 Perkins and Cullum in the Wichita Regular Field, three miles north of

Holliday. Carrying permit for 1,875 feet of hole, it is in a 180-acre lease in the Denton School Land League 57.

Deeper production will be the target when American Energy and Land Corp. of Beaumont conducts a reentry at the No. 1 Mary E. Prince in Wilbarger County's National Field. The well currently is bottomed at a depth of 3,050 feet in the H&TCRR Survey A-356, one mile east of Harrold. It is 330 feet from the south line and 330 feet from the west line of Section 37 Block 13.

Shallower pay will be sought in a plugback operation in the Times Field, Wilbarger County, three miles west of Harrold.

Involved in the operation will be the No. 19 W.T. Waggoner, which originally was completed as a pumping oil well in October 1986. Initial potential was 19 barrels of oil daily from Mississippian perforations 4,768 to 4,780 feet into the hole.

Location is in a 20-acre lease, H&TCRR Survey Section 9 Block 14, 1,320 feet from the south line and 660 feet from the east line of the section.

A new pool wildcat, located near production in the Apex Field, is scheduled for spudding in Hardeman County, 6.4 miles northeast of Quanah. The well is under permit for a 9,200-ft. test with EP Operating of Dallas as the operator. Location is in a 286-acre lease in the W&NW Survey Section 96 Block H. It is 467 feet from the north line and 2,580 feet from the west line of the section.

Aimed at expanding the pay area of the Moncrief-Dodson Field, the No. 6 Cato Unit is scheduled to be drilled by Kadane Oil of Wichita Falls about 5.5 miles southeast of Medicine Mounds, Hardeman County.

The new pool wildcat is in a 40acre drilling unit in the H&TCRR Survey Section 283 Block A. It is 27 feet from the south line and 2,076 feet from the west line of the survey.

The Better Business Bureau has issued a warning about the high cost of calling Santa Claus on the telephone, when the 900 number is used.

The holiday season will no doubt bring television ads inviting children to call Santa, Rudolph, or Frosty the Snowman by dialing a 900 telephone number.

Parents who don't talk to their children about the ads may be in for a shock when they receive their postholiday phone bill, says the BBB.

Children, who don't recognize the relationship between the use of the phone and an end of the month bill won't understand that these calls are not free. Long distance 900 numbers, as well

as local 976, and long distance 700 exchanges, all cost the caller money -either a flat fee for the entire call, or so much for each minute the caller is on the line.

The Better Business Bureau of North Central Texas cautions that these advertisements may mislead children.

The ads may state that children can speak with Santa, or some other character, when in fact they will only hear a recorded story about that character.

Many of the advertisements are more elaborately produced than the actuator phone message, which could lead to unrealistic expectations by children.

These recordings also may encourage children to "continue on the journey" by calling back day after day. It's important for parents to make children understand they shouldn't call 900 numbers without parental permission.

Of course, 900-number advertisements don't end when the holidays do.

Breakfast: Cinnamon toast, buttered rice, fruit juice, milk. Lunch: Soup/sandwich, pizza, corn, tossed salad, dessert, milk. Tuesday, Dec. 4

Children can look forward to hearing from the Easter Bunny or their favorite cartoon character, while adults can enter contests, vote in an opinion poll, talk with strangers on a party line, and much more.

BBB warns public about 900 numbers

If the caller knows exactly what he or she is getting into and how much that

will cost, it can be a good way to do business or get information.

On the other hand, many consumers have been taken by 900-number scams that charge high fees for worthless or misrepresented information or services.

To avoid 900-number scams, the

BBB advises residents to deal with reputable companies, know exactly what the call will cost before you dial, and don't confuse 900 numbers with tollfree 800 numbers.

The caller pays for the 900-number call and the company pays for the 800number call.

TIPS ON STAYING SAFE AND SOUND WITH NATURAL GAS.

or more than 80 years, Lone Star Gas has been providing safe, dependable energy to Texans. Our customers trust gas and take comfort in the impressive safety record we've compiled. By following a few simple rules, you can help keep that record intact.

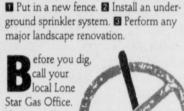

Always have qualified service people install and maintain all gas appliances, following the manufacturer's instructions for installation and operation. And always use a gas appliance only for its intended purpose. An oven, for example, should not be used to heat a room.

Natural gas itself is odorless. Its strong smell is added for your protection. If you ever smell gas in your home, follow these rules: Do not switch anything electrical on or off. Do not use your own telephone

(telephones use small amounts of electricity). Do not strike a match, and do not do anything that might cause a spark. 2 Have everyone leave the house immediately, leaving the doors open for

ventilation. B Go to the nearest telephone and call Lone Star Gas Company. Wait until we have found the cause of the gas leak before returning to your home.

Since gas lines run underground, you should also take precautions against disrupting

these lines, particularly if you plan to:

If you smell gas while you're outside, contact Lone Star Gas immediately. In our continuing

effort to provide better, safer service, local Lone Star Gas offices are ready to answer any questions that contractors may have concerning the location of gas lines in their areas.

Our safety record proves that when you follow these simple guidelines, you and your family can stay safe and sound with natural gas. Energy you can trust.

Don't Compromise. Demand Gas.

LONE STAR GAS

Mr. and Mrs. Stanley Watson are parents of a son, Caleb Stephen, born Nov. 2 in Wichita General Hospital. He weighed eight pounds, three ounces. He is the Watson's first child. Mrs. Watson is the former Charla

Hickey of Iowa Park.

Grandparents are Mr. and Mrs. Charles Hickey and Betty Watson of Iowa Park.

Great-grandparents are Mr. and Mrs. J.T. Watson of Iowa Park, Mrs. A.M. Neel of Vernon, Mrs. Ima Lee Reece, Iowa Park and Mrs. Ollie Hickey of Bowie.

A son, Chad Michael, was born Nov. 13 in a Phoenix, Az. hospital to Mr. and Mrs. Mike Mueller. He weighed six pounds, 10.5 ounces. He has one brother, Michael Kieth. Grandparents are Mr. and Mrs. Louie Reed of Iowa Park and Mr. and Mrs. Gilbert Mueller of Vernon. Linda Reed of Iowa Park is his great-grandmother.

Mrs. Larry Lange and Linda

Jo Ann (Mrs. Larry) Lange and her family moved here last summer from Alexandria, La., where they had lived 11 years.

Jo Ann was born in Fort Worth, and has lived in many interesting places because her father was in the Air Force.

Larry, who grew up in Burkburnett, retired from the Air Force after 22 years and is now employed at DynCorp.

The couple has two children, 15year-old Larry Joe "Duke", a freshman at Iowa Park High School, and four-year-old Linda, who is enrolled in classes at a local dance studio. Duke, who was a member of the freshman football team, enjoys most sports and likes to play the drums.

Jo Ann said that her husband's family is musically oriented, and he can play almost any instument. They like to get together on weekends and play the piano, fiddle, drums and other instruments.

The Langes recently built a new home next to his parents on Wellington Lane, and one room has been designated as the music room.

Jo Ann likes to crochet, work on ceramics, cooking and baking, but she and Larry enjoy the weekends when they have family and friends over to eat and visit.

Being use to living in a larger city, Jo Ann said that she enjoys shopping in Iowa Park where the pace is slower and people are friendly. And son Duke likes going to school here where the size of the student body is

All of the recipes Jo Ann brought in are ones she got in Louisiana. She said "Red Beans and Rice" is a family favorite. They should all be good to use for parties and gatherings during the holiday season.

RED BEANS AND RICE

Rinse and clean 2 lbs. red beans and place in a large pot or slow cooker. Add to this two garlic cloves and some salt pork and fill with water. Cook all day or overnight in a slow cooker.

About an hour before your meal, add cased sausage cut. Serve this over rice and with a tossed salad and some good French Bread.

This will feed an army! You can also use pinto beans instead of red beans.

CHEESE BALL

1/2 bell pepper, chopped
1/2 cup crushed pineapple, drained
1/2 jar chopped pimento
1 tsp. seasoned salt
8 oz. Cheddar cheese, shredded
8 oz. cream cheese
2 green onions, chopped
Mix with mixer. Chill and form 2

balls. Roll in 1 cup chopped pecans.

CARMEL CORN

6 qts. popped corn 1 cup brown sugar 1 stick oleo 1 cup white Karo syrup Boil 5 minutes, brown sugar, oleo

and syrup. Add 1 tsp. cream of tartar and 1 tsp. baking soda. Pour all of this over popcorn that has been placed on a cookie sheet or broiler pan. Put in oven on broil and watch and stir every little bit to keep from burning, about 15 minutes. You can also use nuts such as

SHRIMP DIP 1 - 8 oz. pkg. cream cheese Dash of lemon juice 1 can shrimp, drained 1 green onion, chopped Dash of Worchestershire and Tobasco

sauce Salt & pepper to taste

OOK

of the

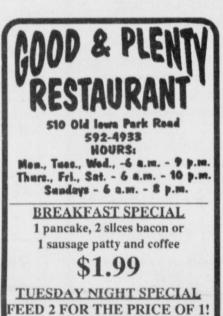

WEEK

Add mayonnaise to desired consistency. Make one day ahead of time.

PECAN PIE SQUARES

box yellow cake mix
 large eggs
 cup cooking oil
 cup dark or light Karo syrup
 cup sugar
 cup butter
 cups chopped pecans

Mix cake mix, 1 egg, 1/3 cup oil until crumbly and press into 13x9 pan and bake 20 minutes. In large bowl, at high speed, beat remaining eggs, corn syrup and butter until blended. Stir in pecans. Pour on top of mix in pan. Bake 45 minutes or until set. Cool and cut.

Honor rolls released

High School students making the second six weeks honor roll have been announced as follows:

Ninth A--Dennie Atchley, Ronny Berry, Carissa Carroll, Jennifer Eiben, David Hollis, Casey Hunter, Gina Inman, Jessica Meyers, Dianna Orender, Jennifer Ricks, Randy Schmidt, Stephanie Smith, Michael Stanford, Lennaya Thonack, Stan Tigrett, Mindy Vanek, David Warren.

Ninth AA--Brent Brown, Holly Burroughs, Melissa Ervin, Ronda Morath, Brande Overman.

Tenth A--Kristen Bauer, T.J. Bean, Thomas Brillhart, Christie Catlin, Mariano Chacon, Misty Cook, Jeff Franklin, Shelley Goodknight, Cheri Halady, Jolene Hodges, Robert Horton, Rhonda Jones, Patrick Kennedy, Jason Lytle, Chris Mayfield, John Padgett, Jerry Sranford, Melissa Sullivan, Chad Thompson, John Travland, Cody Witherspoon.

Tenth AA--Chrystal Camp, Cody Cole, Tess Goodwin, Lane Holloway, Len Holloway, Michelle Robertson.

Eleventh A--Tricia Anderson, Leisa Bates, Misty Beck, Corey Bridwell, Jana Carender, Jeremy Carroll, Laura Davis, Randa Falke, Latricia Fry, Anthony Garcia, Kelly Grider, Becky Hall, Chasti Hrncirik, Melissa Lawson, Beckiey Leath, Joel McIlroy, Lychelle Monday, Kristi Ring, Lance Shortt, Desiree Tyson, Dee Ann Warren, Kim Welch, Lisa Wiggins.

Eleventh AA--Cindy Bryant, Andy Cravens, Jessical Galliton, Melody Gray, Marcy McCarthy, Chris McKee, Jason Meisel, J'Bill Merrick, Todd Pulley, Michelle Roberts, Libbie Robinson, April Springer, Greg Stanford, Greg Steger, Jason Stevens, Christy Wagner.

Twelfth A--Patrick Birk, Marie Brinlee, Tony Chacon, Christie Chandler, Karen Elder, Cassie Fisher, Scott James, Jamie Kaspar, Jeremy Kingcade, Brian Luney, Bill Perry, Lewis Skinner, Scott Skinner, Bryan Smith, Jason Welch, Brent Wineinger, Chad Witherspoon.

Twelfth AA--Denise Arnold, Tommy Ashton, Clint Beavers, Dawn Beeman, Paul Birk, Tim Bradberry, Michelle Cannedy, Michelle Church, Stacey Crume, Kerri Dorner, Hope Drissel, Karen Ellis, Kristi Fulfer, Marsha Glass, Gary Green, Shelley Hamlett, Becky Jones, David Lyons, Stephanie Roberts, Paul Schlaud, Michelle Sellers, Emily Short, Julie Short, Aaron Smith, Eric Smith, Vance Stark.
