## Jim Sligar Releases Seven Point Platform

J. H. (Jim) Sligar, candidate for state representative 112th Floterial district, has authorized this newspaper to make formal announcement of his platform. The flatorial district is composed of Wilbarger and Wichita counties, and Sligar

seeks the post being vacated by Leslie King of Vernon. Sligar has based his campaign upon the following points:

1. Crime: Work to keep Texas free of all organized crime.
2. Schools: The state has embarked upon a broad program of providing a better education for our children. This program must be fostered and encouraged if Texas is to progress. Let us train the hands and minds of our children.
3. Tidelands: Assist in every way possible those who are fighting to retain for our schools the valuable income from our submerged coastal lands.
4. Old Age Assistance: Our rich and growing state of today was largely made possible by the hard and devoted toil of our old folks. They deserve to live in comfort and peace of mind. Those who would deny them this must be stopped. In such times as these we must remember the high cost of living and base our pension plan accordingly so that they shall not want.
5. Good Neighbor Policy: Texas is the gateway to Mexico. As a growing manufacturing state, we are in a very favorable position to find a vast market for sale of our products in Mexico. In return, Mexico has many products we now need, and of which our needs will increase in the future. Let us implement a policy of sound trade with our neighbor to the end that industries of both shall benefit and thus provide greater employment and gain to all citizens. New jobs must be created for our growing population.
6. Taxes: The present cost of our state government for one month would, a few short years ago, pay the cost of our government for one year. This tremendous cost of doing business has come both from many added services and increased cost of old established services. No one can deny that improved methods and greater efficiency can save some of the money now being spent. The last legislature, one-third of whose members were students in the university, spent the huge wartime accumulated surplus along with greater appropriations than the present income is providing. The burden of providing a balanced budget will be thrown upon the next legislature. Jim Sligar will, if elected, examine thoroughly the present tax structure. If new taxes are voted upon, and prove to be necessary, attention will be focused upon those great and thriving industries and businesses of the state, many of them new, who are now bearing none or very little of their fair share of the cost of our government.
7. Farm-to-Market Roads and Highways: These should be soundly financed. Over a period of several years the cost of maintaining a road or highway is greater than the first construction cost. Let us build the future maintenance into the roads and the savings will allow additional roads at less total cost. If we do not adopt this policy we will ultimately face the prospect of spending almost all road funds on maintenance with little left for new construction.

Sligar, who is married and a home owner, is well qualified to work toward his legislative program. He has always been active in civic affairs. A past vice-president and director of the Lions Club, he has

Sunday guests in the home of Mr. and Mrs. E. W. Sumrall were Mrs. T. E. Key and Miss Merle Key of Freeport, Mr. and Mrs. J. E. McCurry and Karren of Fort Worth, Mr. and Mrs. Gordon Key and Glynda of Vernon, Mr. and Mrs. A. K. Key of Willow, Okla., Mr. and Mrs. Ross Harris, Scott, Martha and Jack of Wichita Falls, Wayne Shook of Wichita Falls, Mr. and Mrs. Pat O'Neil, Janet and Melanie of Norman, Okla.

## Education Is Theme Of 23 Study Club Year

Those responsible for the compilation of programs for the 23 Study club for next year feel that real progress has been made as a result of several meetings, many hours of planning and a long list of correspondence. Mrs. R. A. Tanner is chairman of the program committee.

Working with her are Mrs. Fred Widmoyer, club president, Mrs. Charles Metz, Mrs. Sam Hill and Mrs. Homer Blalock.

"Education—the Basis of a Peaceful World" has been selected as the year's theme. Each program will emphasize a phase of education as found in the required and Federation department programs. Likewise, each program will be closely correlated with the others.

Members of the club will answer roll call with an assigned topic throughout the year. The club affiliates and their assignments include:

also served as Scout Commissioner and Scoutmaster. He has made many public appearances in past years as speaker before various clubs and meetings. For five years he was an instructor and department head at Hardin College. During the last year there he was made head of Trades and Industrial Education. Under this program many free classes were sponsored for apprentice and journeyman tradesmen. Sligar also was an instructor at the University of Texas before joining the staff at Hardin. Mrs. Clark has mailed letters to presidents of the 92 councils in Texas urging them to promote the program in their towns and to stimulate interest in crocheting and knitting woolen articles for aged displaced persons.

World Community Day will be Nov. 3. Mrs. Rollins Woodall is chairman of the local committee. The offering received will be used for relief and peace projects.

## Observes Birthday 88

The beloved Mrs. C. Birk observed her birthday Wednesday. If one did not know her age, he never would judge her to be 88, because she is as active as a person years younger.

She is still a member of the choir and works in the Presbyterian church. She is a member of the 23 Study club and keeps abreast of the times.

The home of her son in law and daughter Mr. and Mrs. G. S. Weeth at Vernon was scene of a picnic supper Wednesday evening. Celebrating were Dr. and Mrs. J. D. Hall and Dudley, Mr. and Mrs. Ralph Birk, Misses Kate and Emma Haynes, all of Wichita Falls; Mrs. C. E. Birk, Bobby and Beverly of Iowa Park; Mrs. Jennie Moss of Dallas; Mrs. Morse of Fort Worth; Mr. and Mrs. Loyd Osborne, Mrs. Charlotte Still, the hosts, all of Vernon; and Mrs. C. Birk.

Registration will begin at 2 p.m., Sunday, July 30. A vesper service that evening will be the first session of the institute. Classes will begin on Monday morning. A recreation party will be held at the Slab on Monday evening and a square dance party on Wednesday evening, also at the Slab.

Farmers have only 10 days to file applications for free government classing and market news services. Sam W. Martin said today. Martin is in charge of the Dallas cotton classing office, U.S. department of agriculture's production and marketing administration.

August 1 is the deadline for filing applications for these services due all farmers who belong to organized cotton improvement groups.

Last year 265,000 bales of cotton ginnings in this area were classed by the Dallas cotton office. This cotton was classed for farmers without cost under the Smith-Doxey act, Martin reported.

Applications should be mailed to 1104 South Ervay Street, Dallas.

Mr. and Mrs. R. B. Cage had the pleasure of having all the children and their families home last weekend. These included Miss Eva Cage of Denver, Colo.; Mr. and Mrs. Bill Kemp of Fort Worth; Mr. and Mrs. Leon Cage and daughter of Wichita Falls; Mr. and Mrs. Garnett Kemper and son; Miss Bernice and Harrell Cage of Iowa Park.

Fred L. Rayborn of Wichita Falls was in Iowa Park Tuesday on business for Texas Electric Service Co.

"I served as an enlisted man in World War I, and as a member of the State Senate in World War II. I am familiar with the problems that will face us if another world struggle comes. Such men will be needed in the Texas Legislature, for there, as anywhere else, there is no substitute for experience.

**Iowa Park Herald**

Published Thursday of each week at Iowa Park, Texas. Entered at the Postoffice at Iowa Park, Texas, as second class matter under Act of Congress of March 3, 1879. George R. Huckaby, George Huckaby Publishers

In Texas during 1949 TB killed 2,446 people. This is 184 less than died of TB in the previous year. The TB death rate in Texas for 49 is 32.5.

Despite the remarkable progress made against the menace of TB, the Texas Tuberculosis Association and its affiliated local units must work ceaselessly to help maintain these gains and to push TB back still farther in this state. There is an estimated number of over 22,000 cases of TB in Texas. The State has only 2,702 beds for tuberculosis patients (exclusive of beds in Federal, mental and penal institutions). The average number of deaths annually from TB for the past five years (1945-1949) is 2,742. The minimum standard of 2 1/2 beds, and preferably 3, per average annual death indicates that approximately 4,500 additional beds are needed for tuberculosis patients in Texas.

Of the estimated 22,000 cases of TB in Texas, only 5,864 were reported to the State Health authorities.

TB causes more deaths among people between 15 and 44 than any other disease.

TB costs millions of dollars in lost hours of work, hospitalization for the sick, and welfare for the patients' families.

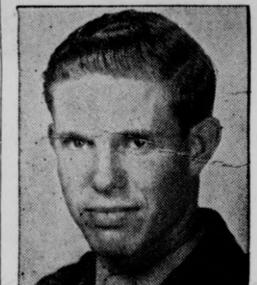

TB can be eliminated by public action. It can be wiped out—if individuals take the necessary steps to detect, diagnose and treat the disease, and to arrest its spread. The tuberculosis associations are dedicated to getting those steps taken.

The sole fund-raising drive of the Texas Tuberculosis association and its affiliated locals is the annual sale of Christmas seals. Proceeds from this sale support the educational work, case-finding services, medical research and rehabilitation activities carried on year-round by the TB associations.

Zada Lemond, Edith and Evelyn Birkman and Herbert Kiesling are on a trip to Colorado and Yellowstone National Park.

Mr. and Mrs. Charlie Lemond visited in Rosenberg last week.

Betty Tooley of Odell visited with Essie Caldwell this week.

## Election Workers Are Named for Saturday

Texans go to the polls Saturday to choose Democratic nominees for the various state offices, the legislature, and district and county offices. All qualified electors are being urged by the candidates to exercise their right of franchise.

There are no strictly local races in Iowa Park and surrounding community, and the candidates have been faced with comparative indifference, but by Saturday morning the political pot shoot be warmed up, and a sizable vote is expected here, at Valley View and at Clara.

Ed Foster jr. has been named precinct judge for the election at Clara; Otho Childers, Valley View; J. C. Searl, north Iowa Park; and R. N. Watson, south Iowa Park.

Assisting Mr. Searl will be Fred Parkey, assistant judge, and Mmes. T. J. Tidwell, R. R. Brubaker, Fenton Dale, Ruth Lucy and Wilson Huckaby, clerks.

Mr. Watson has secured to assist him: Rev. M. C. Yeagan, assistant judge, Dr. L. A. Crawford, Mrs. May Turner and Mrs. Louis Quick, clerks.

The polls are to be open from 7:00 a.m. to 7:00 p.m. North side voters are scheduled to cast ballots at the city hall; south sliders at the home of Dr. Crawford.

Besides the primary election, T. J. Pace announces that there will be a precinct meeting of party members, at which delegates to the county convention will be chosen.

## Interest Growing in Texas-Oklahoma Fair

An optimistic feeling over prospects for a successful Texas-Oklahoma Fair permeated the atmosphere at a breakfast of the various chairmen and department heads Thursday morning at Metz Cafe.

Dr. Gordon G. Clark, president of the T-O fair association, stated that due to continued publicity during the year and an intensive campaign of contacts in Texas and Oklahoma, interest and enthusiasm are higher than ever before in the period immediately before the fair.

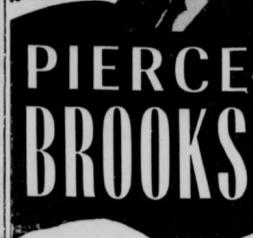

Dr. Clark reported that the Midwestern Shows on Tuesday, Wednesday and Thursday nights, and the world's champion square dancers on Friday and Saturday nights during Fair Week would be added attractions.

Ted Overbey, manager, mentioned the possibility of different towns of Oklahoma and Texas presenting programs. Thomas B. Taylor has plans for band programs to be presented by high school bands in both states.

Reports indicated that each chairman is leaving nothing undone to improve the fair. The same group will probably meet at the fair auditorium in August for a supper.

Attending the breakfast were W. H. Hammond, R. E. Lewis, Max Carpenter, Bill Palmeyer, Fred Parkey, Thomas B. Taylor, W. R. Pastusek, Dr. Clark, Ted Overbey, Mr. and Mrs. Sam Hill, Mrs. D. S. Smith and Mrs. Homer Blalock.

### Visiting Aviator Sets Flat Tire Down Easy

Richard R. Board of Tuskegee, Ala., was forced to demonstrate his skill as a pilot last Sunday when he discovered the Piper Cub he was flying had developed a flat tire on its landing gear.

Board is an experienced operator of all types of aircraft, a member of the Civil Air Patrol. When he, with Jimmy Jake Freeman of Tuskegee, Bob and Ted Bartlett of Oklahoma City, were visiting with Mr. and Mrs. George R. Huckaby in Iowa Park, Sunday, they decided to take some spins in a Cub at Gilchrist airport.

The first trip or two came off just fine with three point landings and everything. But when the flat tire occurred, Mr. Board coolly made his joyride and then set the plane down on the airport with a skill that made it all look easy.

### Shower for Bride Has Many Hostesses

The lace laid refreshment table in the parlor of the Baptist church was especially appealing Saturday evening for the post nuptial shower given as a compliment to Mrs. Robert Donald Samuelson, the former Miss La Creta Jackson. Stressing the colors of pink roses and white shasta daisies formed the floral centerpiece. Massed at the base of the cut-glass container which held the flowers were several graceful white satin bows.

Pink tea napkins were inscribed "La Creta and Bob" and blended with the colors noted in the refreshments. On either side of the table tall white floor baskets were filled with gladiolus, daisies and greenery. Elsewhere in the room were arrangements of crape myrtle, zinnias, petunias and carnations.

Hostess list for the party were Mrs. M. O. Jones, Wayne Short, Sam Ferguson, Ronald Deloy, Charles Metz, Bonnie Hudson, Earle Denny, Dorothy Thompson, J. Louis Quick, O. E. Lochridge, Lila Traylor, Taylor George, Aaron Brubaker, L. E. Brooks, R. R. Brubaker, Sam Hill, F. W. Bell, Homer Blalock and Miss Betty Jo Hatten.

Throughout the evening a felicitous atmosphere characterized the setting through the musical entertainment furnished by Misses Katy Merle Sumrall, Bonnie Metz, Frances Bell and Betty Jo Hatten.

The honoree wore a pink brocaded organza dress styled with a full circular skirt and a closely moulded bodice accented with pearl buttons down the front. A white carnation corsage added further interest to her costume. Occupying places of honor at the party were the bride's mother, Mrs. R. E. Jackson, and the groom's mother, Mrs. Donald F. Samuelson of Milton Junction, Wis. The latter took pictures of the most interesting features of the party.

During the evening hostesses alternated with duties at the refreshment table. Miss Hatten pre-

### Organist Enjoyed by Iowa Park Audience

The organ concert presented by Pfc. Aonzo Price, Sunday afternoon at the First Baptist church was well received by music lovers. They were treated to a remarkable interpretation of the works of Bach, Malotte, Franck, Mendelssohn and Schubert.

Perhaps the outstanding feature of his recital was the bass playing, particularly in his last selection, "Toccata in C Major" (Bach).

Following the concert a reception was held in the church parlor at which time organists of the different church in town were named special guests.

### Reserves May Enlist

An immediate call for volunteer enlisted Reserve men and Wacs for extended active duty was made recently by Col. Oscar B. Abbott, chief of the Texas military district. Reservists most urgently needed include radar, radio, tank, anti-aircraft artillery mechanics, engineer heavy equipment operators, cryptographic technicians and engineer construction specialists.

Included in the requirements for enlistment are: Reservists agree to serve on extended active duty for a minimum of one year and meet current physical requirements.

Interested enlisted Reservists are urged to contact their ORC unit commanders and instructors for further details.

## A Challenge to Jim Wetherbee by JIM SLIGAR

Will you please tell the voters of the 112th Floterial Representative District why you sought and received an endorsement by LABOR UNIONS and the BEER JOINTS and other organizations and associations?

Jim Sligar does not believe that a man can fairly and honestly represent his district and the people therein if he has his hands tied by promises to support selfish legislation.

Will you tell the voters who put up the thousands of dollars you are spending in this campaign?

It is a distinct surprise to me that you show up the last week of the campaign with hundreds of dollars to spend on the radio and in newspaper advertising!

Jim Sligar is a family man who believes in fair dealing in political races as well as in his private life. He will represent all the people and will go UNPLEGGED TO SUPPORT ANY BILLS EXCEPT THOSE THAT WILL BENEFIT ALL THE PEOPLE

## DENO TUFARES

FOR A SECOND TERM  
Place 1, 111th District

The Outstanding Record of His First Term Proves That He Is:

#### CAPABLE:

His natural gas tax bill, if passed, would have provided funds for schools, rural roads, and eleemosynary institutions, and would have made the special session unnecessary, thereby saving the state approximately \$100,000.00.

#### EXPERIENCED:

He is actively preparing now for the submission of bills which will equalize and modernize our out-moded tax system.

#### HONEST:

He openly opposed class legislation and groups seeking special privileges. HE STATED AT ALL TIMES WHERE HE STOOD.

#### SINCERE:

Why does one man so unselfishly devote himself to the service of his state? Deno says, "I want Texans to have the most modern and efficient state government in the nation. My son and your children will grow and live in this state. It is the duty of every citizen to do his share. Serving as a chosen representative of the people, I am doing mine."

He hitch-hikes to campaign. He could have a car to drive, but refuses the collar that goes with it.
