Pastusek Repeats Kite Safety Warning

Five "don'ts" for boys and girls who fly kites were outlined this week by Pat Pastusek, Texas Electric Service company manager. He cautioned parents to warn their children about the dangers of flying kites near electric wires and declared that few youngsters realize the dangers in this innocent pastime.

Friendly

His don'ts are:
Don't fly kites near electric lines.
Don't use wire or metallic cord for kite strings.
Don't fly kites in the rain. Even a wet cotton string will carry electricity.
Don't try to remove a kite caught in wires.
Youngsters who fly kites have been careful in the past and we've had no serious mishap in several years, but each year over the nation there are many cases of injuries, some serious, to kite flyers.

If a kite gets tangled in wires, don't try to get it down by climbing a pole or using a long stick. Call the electric company and a lineman will rescue the kite if it can be saved.

New Nash 'Rambler'

The new Nash Rambler custom convertible offers full-size five-passenger accommodations. Exterior appearance is highlighted with sweeping front-to-rear fender lines.

Revising the name of one of America's first mass produced cars, the pioneer ancestor of the new Rambler was first built in 1902 at Nash Motors' Kenosha Wisconsin plant. It offers new standards of safety for

convertibles with the added protection of two heavy steel rails overhead at the top of doors and side windows. These safety rails also form a strong structural bridge-beam for extra rigidity of the Air-lyte-type body. Priced below the lowest of today's five-passenger convertibles, it includes at no extra cost about \$300 worth of custom appointments such as radio, heater and special upholstery.

Flight Talk

By Eddie
Lancaster, Wis., is the destination of a pilot who just left the ground in an Aeronca Chief. Distance is well over 1,000 miles, but he will be there before dark if no bad luck sets in. His name is Thomas C. McReynolds. Used to be a soldier at Sheppard. He got a discharge and went to running his airport in Lancaster. We're hoping he does well and know he will from manifested interests there. Mac is a good Joe and we hate to lose him.

Up to three or four years ago little had been known or done regarding the care and treatment of spastic victims. It seems to be a disorder caused by brain and other injuries at birth. We're not versed on the matter enough to discuss it fully, but our youngest daughter is 11 years old and so far hasn't begun to talk because of the trouble. The worst thing for afflicted ones to overcome, according to older more recovered patients, is the fact that many consider the patient to be mentally weak. That is being disproved in nearly every case.

For more than a year we have been in the process of getting Marg Et in the Cerebral Palsy Institute, which is a branch of the University of Oklahoma, Norman. They work wonders. Their need is for more specialists in training the children. Some are afflicted to the extent they can't hear, others can't control their muscular activities and in other ways are affected. The shortage of trained help in this field is appalling.

Wichita Falls has a clinic for like cases, we have been told, and plan to visit the clinic soon. For anyone interested in that type of work there is no broader and more vacant field available today. The need is really great.

We flew to Burns Flat, Monday evening in an old BT-13, the wind being too strong for the lighter aircraft. Tuesday a.m. we headed for Norman. Arrived at 8:30 and our good policeman friend Lick Wilkerson met us and took Pearl (my wife) and daughter into town. We did not kill the engine. Turned around and came home.

Our qualifications for writing the next few lines are slim, but we're putting down personal feelings and nothing more.

When one has lived simply, thought simple thoughts, demands are simple — then it is hard to think about something complicated. For 11 years we have quietly had simple chats, not out loud but in our mind, with the Power that causes the smallest blade of grass to exist with its particular shade of green. The same source controls the spacing and timing of objects in their mad rush through space, of which our world is only a small speck. One cannot sleep on a mat of grass night after night and look into the vast space above full of mysteries that twinkle back, without realizing there is some centralized source of control behind it all.

To this great source we have been appealing in common language and sincerity for help in alleviating the brain and nervous disorder that prevails in all spastic cases. In our particular instance, it appears that a push is being exerted in the right direction.

Visitors have been Evert Clark, the best Cub pilot west of the Mississippi as far as we're concerned, was in the third of this month. We're working on his Swift aircraft now at Electra. Clark has the airport at Erick, Okla.

Gordon F. Marrow, Walters, Okla., was in his BT-13. It is a good one and for sale. He is going to bring it down for relicensing soon. He flew a lot in the last war.

Dr. Edwin Bebbs of Wichita Falls has started learning to fly and we're having the pleasure of instructing. Doctor is a good student and asks a lot of questions, which makes teaching much easier.

You boys interested in getting a twin engine rating on the GI Bill keep your ears to the ground and in touch with Gilchrist airport. It is coming soon, we think.

Excuse our personal part of the column this week, but had to get it off our chest.

Remember — Anyone is qualified to give up.

Weds Airman In
Church Ceremony**

At 5 o'clock Sunday afternoon, Miss Joyce Marie Curlee became the bride of Sgt. Willie Harold Gray in rites performed at the First Baptist church under direction of Rev. James N. Easterwood, pastor of the church.

The bride is a daughter of Mr. and Mrs. G. W. Anderson of Vernon and the groom is son of Mr. and Mrs. W. H. Gray of Shorter-ville, Ala.

The bride was attired in a white sharkskin suit with which she wore a large picture hat and white accessories. A purple throat orchid worn on the shoulder enhanced the charm of her costume. For something old she carried an embroidered handkerchief belonging to Mrs. Carrie McCorkle. She borrowed earrings from Mrs. Lloyd Lowe and observed the other sentimental traditions.

Miss Peggy Curlee was her sister's only attendant. She chose a gold gabardine suit with navy accessories. Her corsage was fashioned of red roses.

T-Sgt. Bertman A. Brand of Iowa Park participated in the ceremony as best man.

The bride is well known here, where she has made her home with grandparents Mr. and Mrs. R. G. Bancroft. She was graduated from Iowa Park High School in 1947 and for the past 1½ years she has been employed in the office of the Industrial Supply company of Wichita Falls.

The groom was graduated from Abbeville high school in Alabama. He has been in the Air Force the past four years.

Sgt. and Mrs. Gray have established a home at 1916 Sixth in Wichita while the groom is stationed at Sheppard Air Force Base.

Mrs. Warren McDonald and son of Dallas spent the weekend with her parents Mr. and Mrs. O. E. Lochridge.

Valley Jean Branch of Kamay and the Valley View school visited in the Herald office Saturday morning while waiting for her chicks. She is 12 years old and is in the fourth grade. This is her first time to enter the chick project. She is a daughter of Mr. and Mrs. Claude Branch. She has three brothers and four sisters.

Mrs. Rex Lehman was dismissed from the Wichita Clinic hospital Monday where she had been a patient for a week. She is recovering at her home, according to reports from her family.

The Cha-Ki-Ka Camp Fire girls closed the March celebration of the 40th anniversary of the organization recently, at which time they celebrated their first anniversary.

Special guests for the meeting were F. E. Hill and Mrs. John B. Barbour, president and secretary of the North Texas central area of Camp Fire, and A. L. Reed, group sponsor.

A birthday cake decorated with Indian symbols and topped with their emblem, the cross logs and one candle, was prepared by Sara Johnson in honor of the groups anniversary.

Following the meeting the party went to the Parkway theater where Mr. Reed lectured to them on how to make movies.

Carrying out the theme "Discovery Unlimited," the girls have busied themselves with several exploring projects, among which have been visiting the Herald office and making aluminum trays under the supervision of Mrs. C. C. Burrows.

Torn between love and what she feels to be her duty, Jeanne Crain faces a tight emotional conflict when Bill Lundigan, with whom she is in love, visits her in her Southern cabin home. The scene occurs in "Pinky," which begins its run at the Parkway Theater next Tuesday. Cast in other starring roles are Ethel Barrymore and Ethel Waters.

Announces Hadacol Rationing

SENATOR DUDLEY J. LeBLANC

The continued increasing demand for HADACOL, one of the truly great medical discoveries given to the world by Senator Dudley J. LeBlanc, has made it necessary to decrease the ration allowance on HADACOL from six bottles to two bottles.

"We placed the limit at two bottles to a customer only after trying every other alternative," said Senator LeBlanc. "The demand for HADACOL has increased 1000 per cent in the past year as more and more people have learned the blessings of its five B Vitamins and four important Minerals. Despite our new \$250,000 plant equipped with the most modern machinery and our fleet of 30 great trucks to speed delivery, we just cannot keep up with the demand."

"We placed a ration limit of six bottles to the customer several weeks ago but still cannot catch up with production. Our 300 employees are working shifts around the clock but one bottlenecks after another comes up. We expect to lick them all, but meanwhile we are asking our customers to have patience and accept no inferior substitutes."

"For instance, when I created HADACOL I read every available authoritative medical and drug book in order to use the very finest ingredients regardless of cost. I read on page 234, U. S. Dispensary, 23rd edition, that 'Theoretically Calcium Glycerophosphate should for many purposes be superior to most other calcium salts because it represents both calcium and phosphoric acid in a soluble combination.'"

"Little did I realize when I made Calcium Glycerophosphate a part of the now famous HADACOL formula that in time the demand for this great medical discovery—HADACOL—would be so great that we would use up the entire available supply in the United States of this product. But that is exactly what we have done and great plants throughout the nation are now working to increase their facilities to expand production of this essential ingredient which blends with other expensive products to help so many million suffering people in distress."

Yes, in HADACOL Senator LeBlanc envisioned the medicine that would bring blessings to folks of all ages, and in perfecting this formula he worked in his own small laboratory, sometimes 18 to 20 hours a day. Perhaps others could have placed the same ingredients in a medicine, but it remained for him to develop a formula which contains the most expensive ingredients of their kind. For instance, he uses Vitamin B-6 which costs at the factory \$550 a kilogram, which is less than half a gallon.

At the present time it is difficult to predict how long the shortage of HADACOL will continue. It is still being merchandised in less than a third of the nation and is being denied to all foreign countries that have asked for supplies because of the production bottlenecks. In the meanwhile folks are asked to limit their purchases to two small or two large bottles and not to accept inferior substitutes, because there is only one HADACOL.

Mr. and Mrs. Jack Holmes, Robert and Joe were home during the week, also other members of the family and friends.

The Featherstone's are about to complete the cement tile house on their place. It promises to be most attractive when finished.

Mrs. Vaughn Jones and son Vaughn A. went to visit her mother in Alice last Thursday. Mary Gallo-way went with them. Her mother was ill with virus pneumonia when they arrived but was much better Tuesday when they left for home. The Wednesday afternoon bridge club met with Mrs. Vaughn Jones this week.

Mrs. Noel Hasley, Janice and Sally visited her mother in Oklahoma, returning Monday night. The mother has been bedfast for 5 weeks and is to enter a hospital this week.

Mr. and Mrs. Garrett Marshall and children of Wichita Falls were dinner guests of Mr. and Mrs. Preston Pace, Friday evening. The group enjoyed home movies after the meal.

Mr. and Mrs. Frank D. Sutton and children of Dallas were weekend guests of Mr. and Mrs. Scott Morris.

Mr. and Mrs. J. H. Hatten visited her parents Mr. and Mrs. C. E. Scales at Chico over the weekend.

The weather has been acting like a naughty child (good one minute and unpredictable the next). We had small showers Tuesday night and Wednesday morning the air smells fresh and it seems that God did a part of his spring cleaning at last. Coming just after the Easter season, it is another reminder that there is a beginning again.

Bluebonnets on the Methodist church grounds are showing their beautiful color in spite of dry windy weather. This morning they seem to be stretching toward heaven in thanks for the few drops of moisture.

Mrs. Paul Lambert and son attended the pageant at Lawton.

Mr. and Mrs. Kirkpatrick and Karen spent Sunday at Megargel with her sister and family.

Mr. and Mrs. R. E. Ballinger and family of Ozona are here. Their 3 year old Morris underwent surgery Wednesday morning at Beth-ania hospital. The Ballingers lived here until last fall.

Mr. and Mrs. J. C. Farris of Fort Worth spent the weekend with her parents Mr. and Mrs. Swan Reaves. J. C. returned Sunday but Mary Frances remained for a few days.

Mr. and Mrs. Gilbert Kress and Phyllis and Joan of Fort Worth visited her parents Mr. and Mrs. O. H. Buzbee. Another daughter Mrs. Robert Brummage of Fort Worth accompanied them.

Mr. and Mrs. W. E. Lakey and sons Bill and Bob of Pettus, Mrs. Mary Lakey and Miss Alma Lakey, Mr. and Mrs. Neal Mikeworth of Wichita Falls were weekend guests of Mr. and Mrs. Roy Lakey and Mr. and Mrs. Leroy Lakey.

Mr. and Mrs. Belva Jones went to Southbend over the weekend. They were also dinner guests of friends in Wichita Falls one night.

Mr. and Mrs. Ezra Jones had as

guests their son and family Mr. and Mrs. Earl Jones of Dallas. Mrs. G. F. Phillips has returned to Fort Worth after spending most of the last few months here. They operate the U.S. tourist courts there so business will be increasing soon. Buddy also spent the weekend here with his parents.

All the college group had to be back Tuesday in their class duties. Most of the Moms were kept rather busy during their stay but it's such a pleasure to have them home for even a short while and the family soon settles back to its routine.

WCS members and friends heard Mrs. Buena Coleman of Wichita Falls as guest speaker give the chapter The Five Marys. This closed the study on Women of Scripture. Every one present expressed pleasure at hearing Mrs. Coleman's interpretation, and all have a better understanding of the different Mary's and their relation to the life of Jesus. Mrs. Harrell gave a devotional on Prayer. After a brief business session refreshments were served. Mrs. Jack Coleman accompanied Mrs. Buena Coleman here Monday afternoon.

A WCS luncheon is to be served next Tuesday. We welcome all. Mr. and Mrs. Paul Coppock attended sacramental services and visited in our community last Friday night.

Miss Fanchell Snow, who attends the Lady of Victory academy in Dallas, visited her grandmother bringing with her a schoolmate Miss Stella Buford.

Mrs. Hodges also had several of her children home: Mr. and Mrs. Bill Hodges and son of Bellevue; Mr. and Mrs. Bob Steiner of Ada, Okla.; Mr. and Mrs. W. S. Pettit and daughter; Mr. and Mrs. Lewis Hodges of Wichita Falls; Mr. and Mrs. Marshall De Board of El Paso spent Thursday night with Mrs. Hodges, Jerry and Maude Kirschner.

Mrs. DeBoard is daughter of the late Mrs. George Hodges. They were met Friday by daughter Mary Ann, a student at Norman, Okla., and all went to Sherman to visit Mrs. De Board's father.

Mr. and Mrs. Glen Crowe and

Sutherland also attended the reunion from Grandfield, Okla. Mrs. Sutherland is also an aunt by marriage of our own coach Ernest Sutherland. Little Courtney Hodges Snow, after visiting several days with his grandmother, returned home with his parents Mr. and Mrs. Bob Steiner, Ada, Okla.
