Man Found Dead In Hamby

COUNTY-Mario Escobedo, a 36 yr. old Mexican male, was found dead Sunday morning on the John Estes ranch in Hamby.

An autopsy was performed by Dr. Williams, but cause of death is still undetermined.

According to Chief Deputy Dale Duckworth, the incident is still under investigation.

Open Letter to Callahan County Commissioners Court

The Clyde Chamber of Commerce committee on ambulance service would appreciate that some information be made public about the status of prospective ambulance service in the area. The latest information we have is that the county commissioners court is trying to make arrangements with the cities to cooperate in providing this service, however, verifying that any meetings or efforts have occurred has been impossible. Any evidence of progress in this area would be appreciated to allay the fears and apprehensions of the public.

This committee was formed long before Callahan County was without ambulance service. In this phase of its work, the committee viewed a county-wide service as the logical solution. County officials were ap-

proached to provide ambulance service for the county. At this time any assistance needed to prove either the need or support of the program was offered. The Chamber of Commerce has no authority in this matter and this fact has continually frustrated our efforts. Our only methods were to demonstrate support.

The committee has found overwhelming support of county ambulance service. This committee is very interested in what is taking place and what we can do to expedite a solution to this problem. This committee is willing to work on this project with you if we could just be aware of what you need to have done. We would appreciate a speedy reply as we feel the situation is desperate.

The classes are available to any student who has been enrolled in at least one year of homemaking classes. All morning classes are from 9:00-11:30; afternoon from 1:00-3:30.

Classes will consist of:
May 30 Monday A.M., Monday P.M.; May 31 Tuesday a.m. — Quilting Workshop

June 6(morning)-Yeast breads workshop

June 7(morning) — Cake decorating workshop

June 8(morning) — Cake Decorating workshop

June 13-17(morning) — Garment construction

June 20(morning)-Foreign cookery-specializing in Spanish and Italian.

June 21(morning)-Foreign Cookery-specializing in French-Scandinavian.

Most of the workshops require no supplies. The exceptions will be: garment

construction and cake decorating. Students in garment construction need to come with pattern and fabric for something they want to learn to sew. Students in cake decorating need to come with a single-layer, unfrosted cake. Optional-but desirable-would be to purchase cake decorating tips #4, 14, 47, 32, 104, and 127 from either West Texas Coffee & Equipment, 881 Oak, or from The Hobby Shop on North Mockingbird, Abilene.

Students planning to take classes for credit need to attend at least 10 classes and complete a home experience.

Mrs. Judy Odom, Vocational Homemaking Teacher, is in charge of this program, and any questions should be directed to her at the high school (ph. 854-1334).

Clyde Nursing Home

Dear Friends,

We took a day or two of rest after our Nursing Home Week, but we're back to our regular routine now.

Some of our exercisers are "out of pocket" right now so we have been a little short on numbers. We are still doing our full routine and hope others will come join us.

Our bingo winners this week were: Mrs. Lofton, McElrath, Harless, Matlock, Gabbert and Ed Lauw. Congratulations.

Thursday was our beauty shop day and we had two nice movies that night.

Friday was our crafts day and we worked real hard on our carpet wall hangings. We are trying to get some made to carry to the Flea Market at the Fire Station on June 4.

We will sell these to build up our activity fund and then any resident who wishes, may make a wall hanging free to keep or give as a gift. Also, this money will be used to pay for any resident unable to play for any outing that we go on where a charge might be involved, such as the zoo or eating out.

The residents had two special treats this week. A group of ladies from Buffalo Gap, called the "Buffalo Gals", came and put on a show for us. Everyone enjoyed it so much. Also Dr. Gayao and friends came and entertained with some lovely singing. Many thanks for this special entertainment.

Love,
Peggy

AG Opinions

County officials drawing travel allowances are not required to account for every mile traveled but must show a "reasonable relationship" to actual expenses, Atty. Gen. John Hill said.

In other recent opinions, Hill concluded:

A court must find that all inheritance taxes due the state have been paid prior to distribution of a ward's estate on closing of a guardianship where the estate will not be administered further.

The Animal Health Commission authority to reclassify on proclamation by the governor, counties within an inactive quarantine area. The commission also may impose a limited quarantine in any area formerly subject to the action and may restrict movement of livestock in a tick eradication area.

AUSTIN — The 65th legislature is winding down, with most of its major finance chores unfinished but with significant legislation clearing both houses at a fast clip.

As the last week of the session began, lawmakers had still to accept a conference committee's version of a \$15.4 billion 1978-79 state budget.

They also had yet to resolve differences between the House's \$700 million school finance bill and \$373 million teacher pay raise measure and the Senate's \$820 million wrapup of both subjects.

Among issues on which both houses came to terms were the bill to bring Texas unemployment compensation laws in line with federal statutes. The measure also increases maximum unemployment benefits from \$63 to \$84 a

week (with an escalator feature to cope with inflation).

Its passage assures Texas employers of retaining \$600 million a year in federal unemployment program tax credits and retains \$60 million in administrative aid to Texas Employment Commission.

The legislature has also passed and sent to the governor a bill to grant Texas motorists an exemption from insurance and drivers license "penalties" for speeding violations in the 55-70 miles per hour category.

Major casualties of the legislative session may be bills dealing with property tax reform and the medical malpractice crisis.

A variety of law and order compromise bills are finding their way through the legislative maze to

Gov. Dolph Briscoe's desk.

Agencies Merged

Merger of three major state water agencies has legislative approval.

The consolidation act (SB 1139) combines the Water Development Board, Water Rights Commission and Water Quality Board under a new three-member State Department of Water Resources.

The six-member Water Development Board, effective September 1, will exercise legislative functions of the merged department. An executive director will handle administrative functions.

A three-member Texas Water Commission will exercise judicial functions of the department.

Veteran Texas Water Quality Board Executive Director Hugh Yantis Jr. acknowledges an interest in heading the big new agency.

Short Snorts

The bill increasing the penalty for prostitution — for both buyers and sellers has passed both houses and gone to the governor.

Comptroller Bob Bullock mailed May city sales tax rebate checks totalling \$22 million to 867 Texas cities and towns levying the one per cent tax.

Use your Refrigerator Wisely...

- * Open and close the refrigerator and freezer doors only when necessary. Several items can be removed at once to reduce loss of cold air.
- * Freezers and refrigerators operate most efficiently when filled to the correct capacity. Foods should be placed slightly apart on refrigerator shelves for correct circulation.
- * Cover all liquids stored in the refrigerator (especially frost-free models). Moisture is drawn into the air from uncovered liquids making the refrigerator work harder.
- * Be sure your appliance is standing level so that the door seals properly. By setting a glass of water on the top, you can see if it is level.

Baird Nursing Home

BAIRD—Our Activity Director Millie Crutchfield had a "freak" accident" Thursday night after the rodeo and has been absent from the scene all week. While riding in a friend's car, "something" broke and wrapped around her right foot injuring it so that she couldn't walk on it. As of yet that something hasn't been found! Millie's back now and we're ready to get back into the swing of things.

We're sorry to hear that Mrs. Vida Hill is ill and in a Lubbock hospital. Hope her surgery isn't going to keep her down too long. She's not only a great person but a wonderful volunteer and we miss her. Mrs. Cortez Shanks has had minor surgery also. Altho we bet it didn't seem minor to her. "You gals get well quick."

Mrs. Elaine Reynolds is our newest volunteer and comes every other Wednesday afternoon to play the piano for our listening pleasure. "Welcome, Elaine!"

With Norma West visiting in Va. and Bob Fuqua in the hospital, we sure needed volunteers to play dominoes Thursday P.M. Adna Walker, Edna Whitt, Esther Gillit and Norma Baulch made up one table.

Others in the hospital are Ralph Short in Big Springs, J.O. Warren, Albert Kehrer and Mrs. Jewell May, all in the local hospital.

We welcome two new residents: Mrs. Janie Brewer and Mr. J.C. Swor checked in this week.

Talmadge Green passed away May 21 and we'll miss him here. He had been our neighbor several years. Our sympathy to his family.

Our thanks to members of Baird's Rebekah Lodge for going over to Clyde's Leisure Lodge and presenting the "school" skit to those residents. We enjoyed it here so much and hope they did also.

Our bazaar will be Saturday morning 9-12 in front of McElroy's. "You all come!"
