TOM BURNETT MEMORIAL LIBRARY IS DECORATED AND READY FOR SANTA ... ceremony is slated tonight to turn on community's Christmas lighting.

Santa Claus coming Lighting ceremony tonight at library

The traditional Christmas lighting ceremony and Santa Claus' first appearance of the season is to take place this evening at the Tom Burnett Memorial Library.

It is all held in conjunction with the library's open house, which is to begin at 6:30 and continue until 8.

Entertainment is to begin at 7 with the band playing, followed by a performance by the Rockin' Hawkettes.

Soon after the entertainment, Santa is to make his appearance. But the question remains unanswered, as to what mode of transportation he will be using this year.

Santa has set aside time following his arrival to hear request from youngsters. Weather permitting, he will be in the gazebo on the East side of the main building. He will move inside the library if weather is too harsh, however.

Apparently wanting to give his reindeer a rest for their big world-wide trip on Christmas Eve, Santa Claus has arrived in Iowa Park in the past using virtually every type of vehicle, from a motorcycle sidecar to a helicopter.

City crews began installing decorations and lights Monday, so they would be ready for tonight's program.

The decorations have all been purchased through voluntary donations of residents and businesses, through a small -- usually 10 cents per month -- deduction on their monthly city utility bills.

Mrs. Philip Welch, who first suggested the fund-raising program and has served as a committee chairman ever since, says 15 new units were purchased this year.

Most of those were added to the decorations at the library, and include poles on the facility's circle drive.

The city's decorative lighting fixtures will remain lit through the Christmas holidays.

Needy family food baskets still lacking

A lot of needy families will not be helped this Christmas, unless there is a major reaction from the public during the next week.

The annual food drive sponsored by the Iowa Park Ministerial Alliance has fallen far short of its goal, and more than 100 families have signed up this year for assistance.

The Alliance is to deliver what food baskets they have been able to fill next Thursday.

Response from the public to donate canned foods at boxes put out at the local grocery stores has fallen far short of previous years, and the same was true when Boy Scouts sought door-to-door donations at homes.

Additionally, announcements were not made at some of the schools, where donations in the past by students have been a major source of what is donated in the food baskets, according to Paula Booth, Alliance spokesperson.

The boxes will remain through next Wednesday at the stores.

Police investigating major burglary case

Iowa Park police are continuing their investigation into a major burglary discovered Monday at Mini-Con Stor-

age at 805 West Highway.

They were notified Monday afternoon that seven storage buildings had been identified as having locks cut off.

The incident took place some time between Friday morning and Monday, according to Chief Ray Smock.

Two of the units were virtually cleaned of their contents. One had only a chain saw and air compressor left behind.

While the police as yet have no idea what all is missing and its value, Smock said the loss would run "well into the thousands of dollars."

Getting the inventories has been one of their problems, according to the chief. Police have been unable to locate several of those who have rented the units.

Because of that, they still have no idea if anything was taken from some of the units.

None of the seven locks have yet been found.

Also under investigation is the possibility that three VCR units found in a garage in the 400 block of West Washington.

A resident called police Monday afternoon and reported having found the items in the garage.

All three were still in their boxes,

and the seals were unbroken on two of them.

Tags indicated they were Wal-Mart merchandise, but the investigation as of Wednesday had not determined if they had been taken from the Iowa Park store, or another, Chief Smock said.

A watch valued at less than \$20 was reported as stolen at the Video Library Tuesday of last week. Officers located a juvenile suspect, resulting in the return of the watch and the juvenile's being prohibited from ever entering the property in the future.

Three arrests were reported on the week's blotter, two of them on charges of public intoxication.

David Ray Glover, 22, was taken into custody at 1:05 a.m. Sunday in the 300 block of North Pacific. He was later released after signing a personal recognizance bond.

Arrested at 7:40 p.m. Monday in the 200 block of East Highway on a public intoxication charge was Fenton Dale Warren, 45. He also was released on bond.

Police arrested Steven Lee Swanson, 19, in the 400 block of East Ruby Saturday evening, when it was determined the Department of Public Safety had an outstanding warrant is-

sued against him.

Swanson was transported to the county jail by a DPS trooper.

Hawks, Lady Hawks win games Tuesday

The Lady Hawks defeated Wichita Falls High Tuesday, 50-45, while the Hawks were taking measure of Jacksboro by a 60-48 margin.

The girls will host Burk Burnett Friday night, and then travel Tuesday to Boomtown for a rematch.

Decatur will be the boys' next opponent, but that game won't be played until Saturday, and it will be here. Their next game won't be until the following weekend, when they play in the Seymour tournament.

The Lady Hawks outscored the Lady Coyotes in the first three quarters, and then had to fight off a determined four-period rally to hold their lead. They had led 29-19 at the half.

Misty Cook led Iowa Park scorers with 16, while Cheri Halady racked up 12, to advance the Lady Hawk record to 5-2.

Jacksboro held a 12-10 edge when the boys finished the first quarter of their game, but Iowa Park took over in the second to lead 28-14, and outscored their hosts the rest of the way.

Ken Cooper racked up 22 points to lead the Hawk scorers, Mark Childs had 13 and Chad Thompson 12.

TOURNAMENT RESULTS

The Lady Hawks won two of their three games in last weekend's Fantasy of Lights Tournament in Wichita Falls.

They knocked off Nocona 69-46 in the first contest, but fell 68-49 in the next to Dublin, a state semifinalist club in 1991 and currently ranked sixth among Class AA clubs. But they rebounded for a 57-47 victory over Kaufman Saturday.

Leading scorers for Iowa Park were: Cook 18 and Gina Inman 12 against Nocona; Inman 16 and Cook 12 against Dublin, and Cook 16, Jennifer Ricks 13 and Inman 12 against Kaufman.

In their game Tuesday of last week, the Lady Hawks ran over Archer City by a 20-point margin, 61-41. Inman was the only Iowa Parkan to finish in double digits, with 13.

The Hawks lost all four of their games last week, three of which were in the Fantasy tournament.

In their game Tuesday with Archer City, they scored only four points in each of the first two quarters and trailed 18-8 at the half. The final score was 48-30. Brandon Ashlock was high for Iowa Park with six points.

After leading 29-24 at the half in the first round of the tournament against Boyd, the Hawks fell by a narrow, 54-51 margin. Cooper was high with 12.

Brook dumped Iowa Park in the second round, 91-56, as Cooper and Garland each scored 10 points.

The Hawks suffered their second three-point loss of the tournament Saturday, when they played Nocona, 65-62. Cooper finished with 16 and Mark Childs had 10.

OTHER GAMES

The Lady Hawk JV and Freshmen made it a clean sweep Tuesday against Wichita Falls. The JV won 60-37 and the Frosh 49-26.

The JV is entered in a tournament at Denton that starts today. Their first game is against Denton-Ryan at 7 this

CRP program landowners not achieving full potential

Some landowners enrolled in the CRP program are not realizing the full wildlife and future livestock grazing benefits, Mike Isbell, conservationist with the Soil Conservation District, says.

The program objectives are to protect fragile soils, enhance water quality and wildlife. But some land owners are not achieving the full potential of the program.

Occasional disturbance for wildlife is beneficial and increases diversity of habitat.

The disturbance could be discing up a strip of land and planting a food plot between the open CRP land and the brush.

This would especially benefit quail. "Bobwhites and other ground-nesting animals thrive where various cover exists," says Isbell.

"Large, grass-smothering pastures may meet the needs of the quail for nesting. Quail also need open ground, weed areas or annual planted areas and thick low-growing brush cover," he explained.

Land with several cover types in small areas is much better than large open grass-smothering pastures.

Some land owners do not realize that CRP regulations are flexible. In fact, county ASCS committees have considerable latitude to authorize wildlife oriented management practices.

But Isbell reminds CRP producers that prior approval is needed from the ASCS.

Landowners can contact the local SWCD office for full information about land management practices under CRP rules.

Chaplain gives Lions program

Jeffery Bennett, chaplain at the Wichita Falls State Hospital, presented the program for the Evening Lions meeting held Thanksgiving Eve. He was introduced by Harvey Troutman.

Bennett said that in the early years of the hospital there were far more patients than employees. In the 1970s the hospital began to take the care of patients more seriously.

He said hospital officials began to realize the importance of getting the patients ready to take their places in society again if at all possible. At the present time there are 500 patients and 1500 employees at the hospital.

The hospital focuses on the body, mind and spirit, Bennett said, adding that he and an assistant are responsible for providing a spiritual environment and training.

During the brief months that the speaker has been at the hospital he has started the pastoral care program, with its goal to have religious services once each week, and the silent care program which gives patients the incentive to work.

Bennett also is involved in adolescent and adult counselling, substance abuse treatment, setting up Bible studies, Bible stories and Vacation Bible Schools during the summer months for the children who are there for various reasons.

The next meeting of the club on Dec. 8 will be highlighted by the annual Christmas dinner honoring members of the Evening Lioness Club and their spouses.

The evening will be climaxed with a musical program and the exchange of gifts.

As I See It

By Bob Hamilton

I have a strong feeling, that one of the main results to come out of all this public school financing legislation will be the forced consolidation of small schools.

It's not a new topic. But it comes up in about every report coming out of the special legislative session underway in Austin.

No, it's not new. I can remember it being a hot topic when the legislature was in session during the mid 1960s.

Bigger is better. Bigger is more efficient. More manageable. It would, supposedly, trim costs per pupil. And it would effect the minority of voters.

But is it?

I can't claim to be expert on the

subject, but I do have some first-hand knowledge.

I was here when the Valley View district consolidated with Iowa Park. And I was operating the paper at Kress when the issue first arose. From those two experiences, I've not only studied the issue, but know the feelings of those related to the small school situation.

It may be true that there are some counties with 10 or more school districts. On those situations, I can't comment on their efficiencies.

But of the almost 1,500 school districts, there are certainly a lot of them around which communities survive. Take away their schools, and those communities will eventually disappear.

What does that have to do with the efficiencies of public schools? Maybe nothing, but how about the people who have their lives wrapped up in their homes and businesses in those communities? Are they to be sacrificed so the legislators can solve their problem?

And how much efficiency would really be realized? With all the mandates handed down on faculties and administrations by state and federal governments, wouldn't those receiving (or surviving) schools need more people to do exactly what is now being done in the smaller schools?

Because of our population shift to the major cities of the state, that's where the legislators come from. They have no idea of life, and needs, in smaller communities.

My gosh, they refer to cities as large as 25,000 as "small towns." Kress, the town I mentioned earlier, had only 500 population. How small is that, in some big city feller's thinking?

But I was told, in the '60s, that if those students at Kress were forced to be bussed to Tulia, the larger school of Swisher County, the community's bank, lone grocery store, and other businesses not directly involved in supplying farmers, would close within two years.

Valley View, though its consolidation was not forced by legislation, certainly has not grown since 1970. Both its businesses closed, but one has reopened. But growth is out of the question, as long as classes are not held there.

A community without a school is like a house without an occupant: it deteriorates and eventually crumbles.

How much of that public education money saved through consolidation would it cost the state in the long run, with those business closures in all those communities? What happens to the tax base of those communities? What happens to the people who lived there?

Some of the discussions of the legislators has been to consolidate all schools into the 188 districts now operating as "county education districts." But what happens to some of those West Texas schools, where it takes as many as four counties to make a "good-sized district?"

I don't have the answer the state needs to solve public education financing. But I can tell you one thing: sacrificing entire communities for the purpose of saving money through forced consolidation is not the answer.

Letters to the Editor

Christians too quiet

Dear Sir,

I hope that Madelyn O'Hair does not read the Leader. She would get too much enjoyment from the recent bickering between denominations of Christians. Instead of spending energies defending denominational egos, Christians should be uniting in an effort to get our country back in God's will. Ms. O'Hair, with her vocal minority, has convinced the courts to take God out of our schools. Now she wants Him off radio and TV, another step toward her goal of completely removing God from any public exposure.

There is much evidence that the founding fathers of this great country sought the wisdom and guidance of God when they created the Constitution and its first ten amendments. In doing so they preserved the right of everyone to worship in their own way. Although the founding fathers strongly felt that Christianity should be encouraged, they did protect the right of non-Christians, even anti-Christians, to practice their own beliefs, as long as those beliefs did not threaten the state or cause physical harm to others.

The first amendment to the Constitution of the United States reads "Congress shall make no law respecting an establishment of a national religion. . . ." The Atheists believe in the absence of any religious practices. Christians

wake up, these past and future attempts to ban our practices should be viewed as a step by step covert attempt to establish Atheism as the national religion, and is therefore in direct violation of the first amendment.

The first amendment, in its regard to religion also states "...or prohibiting the free exercise thereof." Is this not violated by the recent bans on prayer and other Christian practices.

Christians have too long been a silent majority, in doing so, we have allowed a vocal majority to rule. Our government is theoretically based on the premise of majority rule. Government officials act on the majority of the people that they hear from. There also seems to be an unwritten policy of the squeakiest wheel getting the grease. In our pledge of allegiance we refer to this country as a nation under God. If we are to keep this nation under God, Christians of all denominations must work together to make our government representatives aware that we are a majority. That we do not wish to be dominated by minorities of atheists, idolaters, sodomites, and others that God calls abominations. The constitution gives equal rights to all. I, in no way, desire to diminish that. What must stop is the trend of the liberal courts to give these minorities (no reference to race or skin color) superior rights.

Rolaid F. Putman

Worth Quoting

The "Fair Share Plan" school finance package announced by Governor Ann Richards, Lt. Gov. Bob Bullock and Speaker of the House Gib Lewis looks like a tax inhaling dragon. It has all the earmarks of another of those "no new state taxes" but plenty of additional burden at the local level.

At a time when it appears we're totally loaded on property taxes, this plan calls for additional ad valorem revenue.

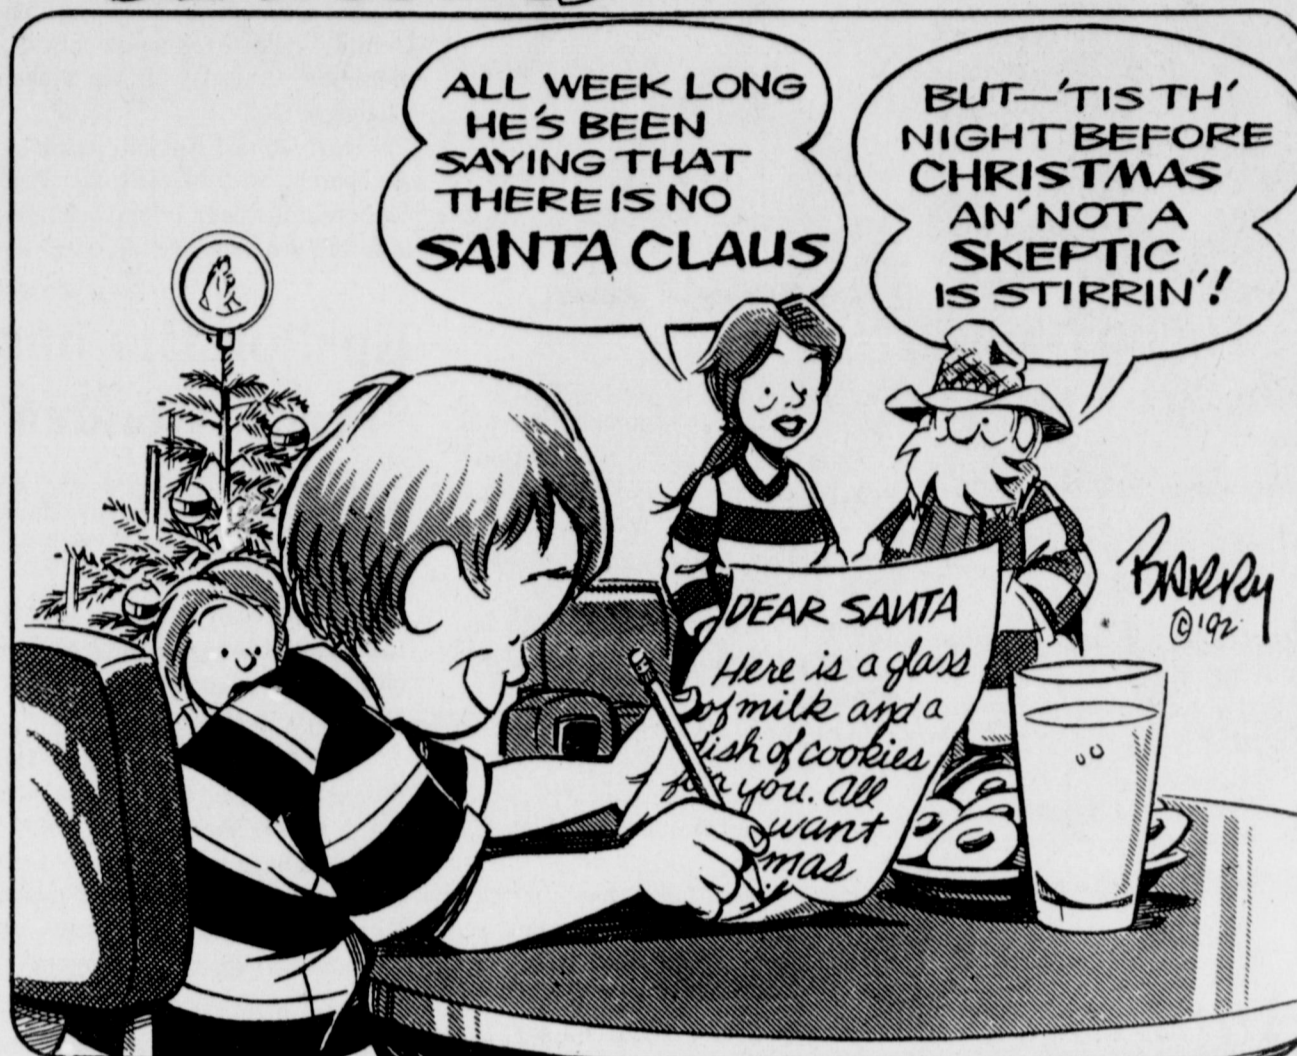

It will be particularly hard on property-poor school districts such as those in agriculture-based, rural West Texas which are not blessed with oil and natural gas reserves below their surfaces.

Roughly 40 percent of the billions of dollars' worth of property that the State Property Tax board considers taxable in Texas is concentrated in Dallas, Harris, Tarrant and Travis Counties. This "Fair Share Plan" might be tailor-made for those metropolitan areas.

Joe Hughes, editorial writer/columnist for the Lubbock Avalanche does a bit of comparing between the Lubbock and Richardson schools, both of which have approximately 31,000 students.

"For one penny on its ad valorem tax rate, Richardson ISD can raise \$1,200,000. For a penny on its ad valorem tax rate, Lubbock ISD can raise \$400,000," Hughes figures. "Think about it. For every cent on its tax rate, Richardson raises three times as much revenue as Lubbock does."

Mrs. Kerry Scobee and Bobby

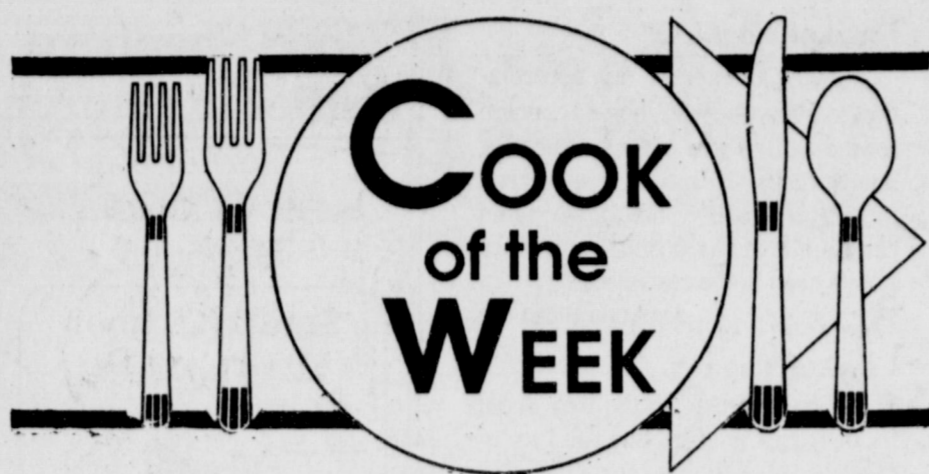

Rhonda (Mrs. Kerry) Scobee enjoys cooking both at home and at the Bradford Elementary School cafeteria.

A graduate of Hirschi High School, Rhonda attended Midwestern State Univ. two years. She worked at the Wichita Falls State Hospital when she was a senior in high school, has been a cake decorator at Albertsons and worked for Home Health Care. Last year she was a substitute worker in the Bradford cafeteria, and this year she is employed full-time as a meat cook.

She and her husband Kerry, who is employed by P.P.G., share many interests. They are members of the Red River Renegades, bowl together in a mixed league, and belong to the Independent Order of Foresters, a group that mans the local rest stop on Memorial Day weekend. These activities keep the couple busy, but their main interest is three-year-old son, Bobby.

Rhonda's hobbies include cake decorating, crafts and bowling. Also, from time to time she helps her father, Bob Neal of Wichita Falls, who is one of three men called "The Living Legends of Texas." These men present programs for different groups and schools depicting the lifestyle, weapons, etc. during the Mountain Men era of the early 1800's.

Rhonda enjoys going to the Mountain Men Rendezvous, a retreat

held once a year where everyone lives and eats the way Mountain Men did. The event has been held in Wyoming the last two years, and Kerry was able to go with her last summer.

Rhonda started cooking when she was nine years old by helping her mother. She would prepare the deviled eggs and potato salad for special dinners.

The recipes we are featuring are ones that Rhonda uses most of the time. "Rhonda's Surprise #1" got its name from her husband. She said originally she got the recipe off the side of a box of rice, but she adds something different everytime she prepares it, and it's never the same.

Rhonda's Surprise #1

1 pkg. hamburger
1 onion, chopped
1 small bell pepper, chopped
1 can whole kernel corn, drained
1 can stewed tomatoes (save juice)
1 can golden mushroom soup
1 1/2 cup minute rice
Shredded cheese or Velveeta
Brown hamburger and season as desired. Drain. Add corn, onion, bell pepper and tomatoes with juice, plus 1 cup water and minute rice. Bring to a boil, then reduce heat to simmer. Cook until rice is tender, stirring occasionally so it doesn't stick. Cover with cheese, put a lid on it and turn off heat. Ready in five minutes.

Turkey and Potatoes

1/4 cup margarine
1/2 tsp. minced garlic or garlic powder
2 Tbsps. Parmesan or Romano cheese
1 pkg. old fashioned hash browns
Shredded cheese
Sliced turkey (1/2-inch thick)

Melt butter with garlic and cheese. Place turkey on broiler pan, brush with butter mixture. Place under broiler for 5 minutes. Turn and brush other side with butter mixture. Return to broiler for 5 minutes.

Put potatoes in cake pan. Pour remaining butter mixture over potatoes. Stir to coat potatoes and place in broiler 10-15 minutes or until golden brown. Turn potatoes over and return to broiler until brown. Cover with shredded cheese and allow cheese to melt.

East, West Stir Fry

1 lb. hamburger meat
1 carrot, sliced thin
1 stalk celery, sliced thin
1 turnip
1 pkg. mushrooms
1 can spinach, drained
1 can green beans, drained
3 Tbsps. oil
1/2 cup chopped onion
1/2 cup chicken broth
1 Tbsp. honey
1/4 cup soy sauce
1 Tbsp. cornstarch
2 Tbsps. water

Cook in wok or stir fry pan, medium to medium high heat. Cook hamburger meat (leave in large chunks) and onion. When done, remove and set aside. Add oil to wok and stir fry fresh vegetables until hot, but still crisp. Add spinach, greenbeans, chicken broth, honey and soy sauce. Mix cornstarch in water until dissolved, then add to vegetables. Add meat to the mixture and cook until hot. Do not overcook. Serve over prepared rice.

Raisin Pie

2 cups raisins
2 cups water
1/2 cup brown sugar
1/8 tsp. salt
2 Tbsps. cornstarch
1 Tbsp. vinegar
1 tsp. cinnamon
1 Tbsp. butter

Boil raisins in 1 3/4 cup water 5 minutes. Combine sugar, cornstarch, cinnamon and salt and moisten with remaining 1/4 cup water. Add to raisins. Stir until mixture boils. Remove from heat and add butter and vinegar. Pour into pie crust and bake 25 minutes at 425 degrees.

Impossible Cheesecake

3/4 cup milk
2 tsps. vanilla
2 eggs
1 cup sugar
1/2 cup Bisquick
2 pkgs. (8 oz.) cream cheese
Cheesecake topping (below)

Blend milk, vanilla, eggs, sugar and baking mix in blender on high 15 seconds. Add cream cheese and blend on high 2 minutes. Pour into greased 9x1 1/4" pie plate. Bake until center is set, 40 to 45 minutes; cool. Spread topping carefully over top. Serve with fruit.

Topping

1 cup sour cream
2 Tbsps. sugar
2 tsps. vanilla
Mix well and pour over center of cake.

Card of Thanks

The family of Everett Boulware wishes to thank everyone who brought food, sent flowers, and made memorials. There were so many, we became concerned that we might fail to recognize everyone. We don't want to do that. The ladies of Faith Baptist Church did a super job on our lunch the day of the funeral. No one went away hungry, noon or evening. The people of Iowa Park and Wichita Falls mean so much to us. The service was so very calming for us all. We appreciate you all. God bless you everyone.

Discover The Joy

NEITHER CATHOLIC, PROTESTANT, NOR JEW #4
There is a tendency among men to preach only a partial gospel, tailoring the Lord's message to suit their own personal inclinations. This has sometimes led men to stop far short of the gospel of Christ. It has also sometimes led them to go far beyond the teachings of the Lord. Either error is disastrous. (2 John 9-11). It is a very serious offense to lead sincere men and women to believe they are saved when they have only partially obeyed their Lord.
The church of Christ is neither Catholic, Protestant, nor Jewish. We are unique and different for we are endeavoring to go all the way back to the original New Testament church. Using the New Testament as our blueprint, we have re-established in the twentieth century Christ's church. It fits no modern label. It is not just another denomination. We believe in the restoration of New Testament Christianity. We believe in calling Bible things by Bible names and insist on having a "thus saith the Lord" for all we do. Being neither Catholic, Protestant, nor Jew we aspire to be Christians only.
The attempt to consider the followers of Jesus Christ under labels obscures the Christ and the beauty of New Testament Christianity. Is it possible to be just a Christian today? Can a person be a Christian and not be a Catholic? Even the Catholics will admit that he can. Is it possible to be a Christian and not be a Protestant. Even most Protestants spend much time in proclaiming this is true. Is it possible for one to be a follower of God and not be a Jew? The Jews today will answer in the affirmative. Why not be just a Christian, not bound by human tradition, not enslaved by human ecclesiasticism, and not tied to any sect or party? Be loyal to Christ. Study the Bible and see Christ as He is. Obey His commandments. It is only when we stop pouring the new wines of Christian truth and love into the old bottles of tradition that we will be Christians in the New Testament sense. Why not be just a Christian and neither Catholic, Protestant, nor Jew?

PUBLIC NOTICE

Contel of Texas, Inc. has filed an amendment to its application with the Public Utility Commission of Texas for approval of its Universal Emergency Number Service 9-1-1 tariff. The proposed tariff establishes rules, regulations and rates including the provisioning of the B9-1-1, C9-1-1, and E9-1-1 services; optional services, such as Selective Routing and Data Base Administration; additional services, such as Forced Disconnect, Called Party Hold, Emergency Ringback, Switched Access System; and Public Safety Answering Point Equipment.

Customers affected are either 9-1-1 districts or councils of government with 9-1-1 responsibilities. The application does not propose changes to emergency fees charged to end-user customers.

Twenty-three customers would be affected by the Universal Emergency Number 9-1-1 tariff, which would increase annual revenues by \$10,107.12, a 2.92% increase in the revenues generated by the contract rates of the current customers. Customers will have the option, however, of continuing the rates under their contract for up to one 12-month renewal term.

The deadline to intervene in this proceeding is December 24, 1992. Correspondence or any other communication regarding this matter should reference Docket No. 10929.

Persons who wish to intervene or otherwise participate in this proceeding should notify the Commission. A request to intervene, participate, or for further information, should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Information Division of the Public Utility Commission at (512) 458-0246 or (512) 458-0221, teletypewriter for the deaf.

CHAMBER PRESIDENT GENE JORDAN PRESENTS TROPHY TO WINNING COACH

Goldthwaite marches on

The Goldthwaite Eagles took one more step here Friday night, in their attempt to match their achievement of 1985.

They defeated the Canadian Wildcats 7-6, and will now take on Springlake-Earth, 16-12 victor over Hamlin, in the Class AA quarterfinal playoff.

Eventhough the Eagles ran all over the Wildcats during the first half, they weren't able to score until 1:05 remained in the second quarter.

During the first half, Goldthwaite amassed 116 yards and 10 first downs, while holding Canadian to only 24 net yards rushing and 34 passing, and two first downs.

Goldthwaite had marched all the way to the Canadian 13 yard line after taking the opening kickoff, but stalled and turned the ball over on the 16.

Following a poor Goldthwaite punt late in the second period, Canadian appeared to be the team that would light up the scoreboard first. The Wildcats drove from the Eagle 36 to the 19, but fumbled the ball away.

Goldthwaite used that to gain the momentum needed, and marched the 81 yards in 11 plays, sending Heath Nucholls over right tackle on the final scoring play.

And then, Andy Beard kicked the all-important extra point that was to eventually provide the needed differ-

ence in the score.

The second half was a different game for the upper Panhandle team, as the Wildcats amassed 73 yards rushing and 92 more passing while earning eight first downs. Goldthwaite was held to an even 60 yards total offense and five first downs.

Part of the difference in the Wildcat offense was when Coach Paul Wilson moved Steven Flowers from runningback to quarterback.

It was a Flowers' pass to end Trent Butcher that provided Canadian with its only score of the contest. The play covered 55 yards, and came with only 3:21 left in the game.

Flowers also attempted to pass for the two-point conversion, but a hard rush by the Wildcats forced the incompletion.

Canadian had marched all the way to the Goldthwaite 16 before stalling out, after taking the second half opening kickoff. And then the Wildcat defense did its share, by holding Goldthwaite outside the end zone after picking up a first down on the Wildcat four.

That touchdown pass came on the next series, capping a 98-yard drive.

	G	C
First Downs	15	10
Yards Rushing	176	97
Yards Passing	12	160
Total Yards	188	257
Passes	2/9	8/27
Interceptions by	1	0
Fumbles Lost	0	2
Penalties	1-5	7-45
Punts	6/26	4/40

The playoff game was held in Hawk Stadium through the cooperation and coordination of the Iowa Park school district and Chamber of Commerce.

Financing the trophy was made possible through donations by the Iowa Park Rotary Club, Iowa Park Lions Club and Iowa Park Athletic Booster Club.

Three Hawks are All-District

"To the victor goes the spoils." District 4-AAA coaches certainly had that famous quotation in mind when they made their All-District selections for the 1992 season.

Champion Vernon landed 16 players on the team, and Graham had

14. Breckenridge landed seven, Bowie six, Iowa Park three, and Henrietta, the newcomer that failed to win a single conference game, placed 11.

Senior tackle Scott McNeely was the only Hawk selected to a first team. He was named to the offensive line.

Senior guard Patric Kennedy was a second offensive team choice.

The other Hawk selected was junior Brent Brown, who was the only underclassman among five defensive backs on the second team.

A complete list of All-District selections is as follows:

Remember who the speaker for the Hawk football banquet in 1975 was? He was an assistant coach for the Dallas Cowboys, and now the head coach of the Chicago Bulls -- Mike Ditka.

Philip Dawson's talented leg did it again Saturday. The son of former Hawk Robert Dawson, after kicking four extra points, was called on to boot a 52-yard field goal with only 17 seconds remaining in the game, and give Lake Highlands a 31-28 victory over Nacogdoches. His 53-yarder earlier in the year gave his team a 19-17 win over Richardson. Lake Highlands now takes on Temple Saturday afternoon at Baylor's Floyd Casey Stadium.

Both Dist. 4-AAA representatives were eliminated from the state playoffs last weekend. Vernon was edged 39-35 by Southlake Carroll and Graham lost 29-22 to Alpine.

IN FAMILIAR TERRITORY - These three Plainview coaches knew Memorial Stadium and the surrounding area well, when they brought their team here Saturday to play Stephenville. They are Frank Johnson, former Hawk and Iowa Park High graduate; Steve Parr, former freshman Hawk coach and now head at Plainview, and Neil Billingsley, former assistant Hawk coach.

Junior high teams in action

Iowa Park Junior High basketball teams will be competing this weekend in the City View tournament.

Both Seventh Grade boys and girls teams will see action today, with the girls playing Electra at 4 p.m., followed at 5:15 by the boys playing Vernon.

Electra will be the girls' opponent at 4 p.m. Friday, and the boys will follow against Windthorst at 5:15.

The teams will take on Vernon Monday, with the girls' teams playing there and the boys' here. First games are to start at 4:30 p.m. at both locations, according to the schedule.

Iowa Park Junior High's Seventh Grade girls basketball teams swept all three of their games against Graham, but both Eighth Grade teams lost.

The "C" team shut out Graham, 14-0, with Lacie Crume and Amber Brandt each scoring four points.

The "B" team doubled their opponent, 28-14. Brooke Muncy had eight points and Sara McCarty six.

It was a 24-16 victory posted by the "A" team, as Wendy Bridwell led the way with 12 and Amanda Roberts chipped in eight.

In the Eighth Grade "A" game, host Graham was forced to use an overtime period to win 36-33. Randi Tigrett and Christie Rauls were high for Iowa Park, with eight and six points, respectively.

The "B" team was edged 19-13, despite the four-point efforts of Teresa

Fields and Lindsey Thompson.

Graham won three of four games against the Junior High Hawks here Monday.

The Seventh Grade "A" team was Iowa Park's only winning club. Todd Yeager racked up 14 points in that 46-29 victory.

Graham racked up big numbers in the other three games, winning 52-38 in the Eighth "A", 71-19 in the Eighth "B" and 33-9 in the Seventh "B".

Nick Black had 19 for Iowa Park in the Eighth "A" game, Matt Strange seven in the Eighth "B" and Tommy Kingcade four in the Seventh "B".

College education financing session

"College Night," a financial aid session to help students and their parents prepare for college, will be held at 6:30 this evening at Rider High School in Wichita Falls.

Several state and non-state universities will be represented, as well as military organizations, according to LaRae Collins, Iowa Park High School counselor.

The meeting is sponsored by the Wichita Falls school district, but is open to all area students and their parents.

TEXAS PRESS ASSOCIATION

AUSTIN — Lawmakers went home early for Thanksgiving last week — leaving behind a disappointed governor and disgruntled lieutenant governor — after House Republicans rejected a proposed compromise school finance bill.

Gov. Ann Richards and Lt. Gov. Bob Bullock, their own "Fair Share Plan" roadblocked by the GOP caucus, had asked Republicans to offer their own plan.

Although cynicism abounds in this special session, hopes rose briefly when freshman Rep. Steve Ogden, R-Bryan, steered his bill through committee.

But after the House Republican Caucus abandoned the Ogden bill as too expensive, lawmakers went home, leaving Ogden to fine-tune it over the holidays.

Nothing Accomplished

"For all practical purposes, there's no way we can accomplish what we wanted. This session is just as good as over," said Rep. Hugo Berlanga, D-Corpus Christi.

Democrats, who hoped to resolve the issue before more GOP troops arrive in January for the reg-

ular session, blamed the failure on the Republicans.

Bullock blasted House Republicans, saying they are playing hardball politics with the state's schoolchildren and the state's \$14 billion education system.

"They get an 'F' in leadership and an 'F' on their plan," said Bullock, who presides over the Senate.

Bullock said it was clear to him that some Republicans came to the special session intent on "trying to embarrass Gov. Richards." If the session fails, Bullock said, "we ought to send the Republicans a bill for \$500,000 for wasting taxpayer money."

Governor's Mistake?

Rep. Tom Craddick of Midland, leader of the 58-member GOP caucus, said Republicans are not trying to be spoilers. He said GOP members choked on the Ogden bill when they saw its \$15 billion price tag. He said the bill would require about \$1 billion in new

state money — significantly more than the Democrat-backed plan.

Craddick said Richards was told last spring that Republicans would not support any bill until told precisely how funds would reach each school district.

"Without an agreement in hand before the session, I'd say it was a waste for the governor to call the session," Craddick said.

Compromise Possible

But Richards said the Senate Education Committee is expected to take up a bill to deal with public education spending this week.

She did not have specifics about the new proposal, but House Speaker Gib Lewis said Sen. Bill Ratliff, R-Mount Pleasant, is expected to file a new bill on school finance.

HEADACHES

Headaches are the most frequent reason people seek medical care. Pain from headaches ranges from mild to severe to the daily activities of many patients. Causes of headaches are genetics, psychological, neurological, vascular, biomechanical, environmental, etc... One of the most commonly over-looked causes of headache is cervicogenic headache or headache related to the neck. Many headaches are caused by irritation to the nerves that exit the spine in the upper neck. These nerves provide most of the sensation to the back and sides of the head and to the forehead over the eyes. When these upper nerves are irritated, headache radiating from the back of the skull to the temple or over the eyes may result. Irritation of these nerves often caused by whiplash injuries, jobs that require one to hold their neck in a fixed posture for long intervals such as a secretary, assembly worker, telephone operator, dentist and factory workers.

The most appropriate treatment for this type of headache is chiropractic manipulation. There have been many studies done on manipulation as a treatment of cervicogenic headaches with the latest being done by researchers at Maribor General Hospital. A group of 100 patients with these headaches were treated with spinal manipulation. Within three weeks of treatment, 75% had a good reduction in the headaches. When questioned after one year, 25% had had no headaches, and 65% had maintained a good improvement in the number and severity of the headaches. These were exceptional results when it is considered that most of these patients had had their headaches on and off for years.

The more that is learned about headaches, the more apparent two facts become. The first is that many headaches are caused by nerve irritation in the upper neck, and the second is that chiropractic manipulation is an effective treatment for this common problem.
