a great success even I have to say Sam Norwood to be presumed so myself. (Someone else told me be dead, and for recovery of the it was, too.) I have heard so many so myself. (Someone else told me compliments on everyone, and incidentally, a talent scout said Babs Entrekin played her part perfectly. Not that everyone else didn't. Oh no-Barbara is a girl and the talent scout was a man. We really had some interesting

experiences during play practice. Take for example, Miss Lintonshe's taught us some new words for our vocabulary. But if you didn't go to college, Flo, where did you learn THAT word? And you should not have said it just because some one made a little noise. And then there was the night all the doors were locked except the one on the far end. But a couple of boys and girls just couldn't find that door. They came in a certain window. Huh-Katy and Betty?

Gilmore, excuse me, I mean, Blondie (he's called that for a reason besides his hair) really did look swellelegant in his ballet suit. That beautiful blond hair goes perfectly with blue. All the rest of the boys Election Precinct No. 1 includes just wonderfully too. The girls in that portion of said district lying their long tails (dresses, I mean) South of the Big Wichita River and were cute. Didn't you think Lavern looked gorgeous? I heard one little girl say she wanted Santa to bring a big doll just like her.

Lloyd and Boyd West are now 17 years old. They threw a shindig down at their house t'other night. Some affair.

I noticed Einstein has discovered a new theory. Well, James Hair, it's time you went to work and helped him a little. After all, you helped him on the evolution theory and so duty calls you again. Who else helped on the evolution theory? Oh, it was Eddye?

At the party the other night you his second childhood-but you were wrong. Everyone exchanged toys under the Christmas tree. Venita Tate got the prize of all. She told me she was going to take it to the ball games from now on. Johnnie Worrell, Jock and Delano sure did look like seniors playing jacks. And who was jumping the rope? Oh yes, it was Walter Spruiell.

I hope Santa was as good to you as he was to me. If he wasn't good, maybe you haven't been eoo good. Now's the time to start being good. Get down to work and see if you can't do a good deed daily.

Well, it's two hairs past a freckle and time to get this junk into print. Until next week, so long.

PS. Here's wishing to all a happy New Year. Don't stay up too late now because we want you refreshed and ready to go to church Sunday morning. Goodbye again.

Guests in the L. E. Brooks home for Christmas dinner were Mr. and Mrs. James Brooks and children of Slaton, Mr. and Mrs. Leonard Lynch and daughters and Miss Wanda Price from Gainesville.

A program of interest with special consideration of Christmas was given at the Baptist church Sunday evening with Mrs. Sam Hill as program co-ordinator

The spiritual and esthetic significance of the Yuletide was keenly portrayed in the music, the numbers by the primary and junior departments, and the Christmas story told by Mrs. Roy Smith.

The prelude music traditionally associoted with Christmas was furnished by Mrs. O. E. Lochridge, organist, and Miss Mary Jo Hamilton, violinist. Later Miss Hamilton contributed Ave Maria for a vocal

REHEARSAL DINNER

Miss Maye Mitchell and her fiance Bill R. Kelley shared the spotlight for a buffet supper follow-Monday evening. The courtesy was extended by Mr. and Mrs. Earle Denny at their home.

Decorations in the living room and dining room where the white damask-covered tables were arranged for the meal, followed a blue and white color scheme to produce unusually attractive appointments.

Claiming special attention was the mantel above the fireplace in the living room. On one extremity a boy and girl stood gazing at pictures old. They were inspired to see the faces of angels amid the clouds painted on the gold framed mirror, and to hear the music of the minithe carolers on the other extremity of the mantel.

Centerpieces for the dinner tables were formed of silver bells and velveteen suit, the coat of which leaves, Christmas spears, blue balls,

and glittering symbols arising from white mounds from which dainty white satin ribbon streamers extended gracefully onto the table. Place cards were marked with blue wedding bells adorned with lilies of the valley and white satin ribbon. The honored couple was seated to face the shadow boxes in the dining room which held a snow bride and groom appropriately attired in formal wedding garments. Further interest was noted in the two sweetheart cakes bearing the names Maye and Kelley, each one cutting his own cake and serving it.

During the meal, the honored couple presented their attendants with lovely remembrances.

Guests were Mmes. C. W. Coppock, R. A. Tanner, O. E Lochridge, Sue Mitchell, Paul Hamner.

IS HADACOL A MIRACLE FORMULA?

No, there is nothing miraculous or mysterious about HADA-COL. The potent health-giving benefits of HADACOL are based on a proven scientific fact: Lack of sufficient vitamins and minerals in most diets leaves the door WIDE OPEN to diseases and weaknesses of all kinds. HADACOL, the scientifically balanced dietary supplement, helps to CLOSE that door and KEEP it closed.

Had is not been for HADACOL, the story of Mrs. Prejean's lit-tle boy, as told in her letter above, might have had a tragic above, might have had a tragic ending. His system was run down to the danger point. Medicines and treatments didn't help. What he really needed was a supply of "building materials" for his poor little wasted body—and that's what he got from HADACOL. Today, like thousands of others, he is healthy again!

WHO SHOULD TAKE HADACOL?

HADACOL is not a medicine. It is a concentrated FOOD formula containing all the important vitamins in the B Compertant vitamins in the B Com-plex group as well as these vital minerals: iron, calcium, phosphorus and manganese. If you are not getting your full daily quota of these essential dietary components, you may be heading straight into dan-ger—weakness, loss of appetite, and then disease!

And, in order that our wish may bear fruit for our many friends, we pledge ourselves to serve you better during this New Year than we have before.

C. M. Miller Lumber Co.

Sure! We can boast the best standard of living of any nation in the world. But we didn't get it by staying in a comfortable rut. We got it by working together in an atmosphere of freedom where the best is considered only something to be improved. To this principle we pledge ourselves as a New Year dawns for all.
