

Council to meet Monday

Bids, ordinances and a resolution make up most of the items listed on the city's tentative agenda for Monday's meeting, which is to begin at 7 p.m. in council chambers.

Two of the bid requests relate to this summer's street work program. One will be for crush run base material and the other for asphalt.

The third bid for which authorization to seek will be considered is construction of concrete valley gutters and alley returns.

Two ordinances are on the agenda. One would change the speed limits on certain streets, if approved, while the other concerns changes in the city's code of ordinances, amending some and repealing others.

The council will consider action on a proposed resolution which, if approved, would establish an enterprise project zone of the Cryovac plant area.

A public appearance is scheduled by Laura Perkins of the Iowa Park Police Dept., who will brief the council on the status of the DARE Program.

Mayor Wayne House is to read a proclamation declaring May 6 as "National Day of Prayer for America in Iowa Park."

Administrator Mike Price is to suggest changing the dates of regular meetings during the month of May. Regular meetings are held on the second and fourth Mondays.

Price also is to brief the council on grant applications either underway or proposed.

SMASH-AND-GRAB

Burglar hits local grocery

Burglars did another "smash-and-grab" act on King's Foods, now known as Food Depot, at 300 West Bank sometime Saturday night.

Police don't know if Saturday's action was taken by the same person or persons that attacked the store last Aug. 13, but the results are about the same.

Someone smashed out a front window of the store, went inside the building, and took several bars of candy and possibly as many as 50 cartons of Marlboro cigarettes.

The incident again took place without any alerting of police, because the business' alarm system malfunctioned.

It was discovered by a person delivering newspapers to the paper rack, and reported to police at 5:26 a.m. Sunday, according to the blotter entry.

The investigation indicated

whomever did the burglary had a knack for two particular brands of candy, because the intruder passed several other brands to get what was wanted.

Wrappers of two candy bars, the same as those taken, were found in the back yard of a neighboring residence.

The exact number of cigarette cartons missing was not determined by presstime. Cartons are sold for \$21 apiece or more.

A different style of alarm system is being installed at the business, police

were informed, in an effort to deter any further such burglaries.

A woman was transported from the 600 block of South Wall to a hospital in Wichita Falls Sunday evening, after reportedly making a threat to commit suicide.

The only criminal mischief report received during the past week was from a resident in the 800 block of East Pasadena, who told police the outside light on the back porch had been broken out.

Parenting program to begin

The first in a monthly series of parenting programs will commence at 7 p.m. Thursday of next week at the Iowa Park RAC.

Lisa Ezzell, financial planner, will

give the program on budgeting and money management. Free childcare will be available for those wishing to attend.

The parenting programs will cover a variety of topics, such as nutrition, discipline and time management, that are designed to enhance parenting skills.

The programs are free of charge and will be scheduled each month year-round.

The programs are open to the public, and those wishing to attend should register before the 29th by calling the RAC, 592-4471.

Early voting ending Tuesday

Residents wishing to cast early ballots in the May 1 city, school and state elections must do so by Tuesday.

Early voting polls will continue accepting early votes cast in person

until the close of business that day.

Interest in the three city alderman races is running a close second to the state, according to counts made at noon Wednesday.

There were 44 early ballots cast by that time, 65 at the Wichita County Agriculture Building in the state elec-

No grass grows under their feet

By MYRNA SMITH

Larry and Janis Latimer, residents of Iowa Park since their marriage almost 38 years ago, don't "let any grass grow under their feet."

In addition to both of them having full time jobs, they also stay busy full time when they are away from their places of employment.

Janis has always loved to work with her hands and has many pieces in her home representative of her dexterity with needle crafts.

In addition, the home itself is mute testimony of Larry's skillfulness with hammer, saw, and woodworking tools that are housed in the shop that he built.

About 12 years ago the couple decided to combine their creative talents in building and crafts. Until the past two or three years the Latimers set up at craft shows in the area.

Currently they are working on some craft items so they will have enough to start making the shows again. They almost always enter the Whoop- T-Do held in Iowa Park annually.

Janis especially enjoys crocheting and embroidering. She has crocheted many afghans and has crocheted clothes for at least 150 dolls. She also crochets smaller pieces, such as pot holders.

Her dolls are dressed as princesses, cowboys and cowgirls, Indians, brides and others. She makes their jewelry, strings their beads and handsews or handbeads the decorative accents for their attire.

She especially likes to do counted cross stitch and plastic art. And bed dolls are a specialty. For the bed dolls she uses china faces and dresses them a variety of ways.

She said, "These dolls really take on a personality of their own before I get through with them." Janis also does tole painting and examples of this art are found in their kitchen.

Larry does all kinds of wood-work, from large to small pieces. He

Larry and Janis Latimer

cuts the wooden figures or pieces Janis wants to make and she paints them.

He makes small or large hanging shelves, paper towel holders, (they have one he made that has a clock on the top). He has made well over 100 "later bins" and has cut out several figures which Janis has painted and dressed, suggestive of patriotic figures.

But where Larry's aptitude really comes to the fore is in the house that he has remodeled to make it twice its

original size since they moved into it 37 years ago. He built and finished the kitchen cabinets, snack bar, and smaller utility pieces in the kitchen.

On the back of the house he built extra bedrooms and a second bath. He enlarged an area off the kitchen to make room for their piano and organ and allow additional room for Janis to have a working area with her dolls.

"Larry does all of the work himself, except the inspection and he has to have someone come for that when

he has finished the work," Janis said.

Janis also sells Mary Kay cosmetics and Watkins Products.

In addition to their creative abilities, the Latimers and their five children are musically talented. When their three daughters and two sons were at home they sang as a family. Janis said they sang country gospel at churches and at large meetings, most of the time in surrounding towns in Wichita County.

They have traveled coast to coast. They both like to travel, but have been so busy lately they haven't had time for that leisure. However, they are planning a trip to Grand Canyon sometime this summer, Janis said.

Janis was born near Grandfield, Okla., to Ralph and Emma Due, one of 13 children.

When the family moved to Texas they moved just across Beaver Creek from the man Janis later married. She and Larry started to school at Rocky Point (but not in the same grade) before it consolidated with the Electra School System.

Her father was an oil field pumper and Larry's father was supervisor for Hammon Properties, a position that he assumed when his father retired.

Another endeavor of hers has been to prepare a family history for herself and her seven living brothers and sisters. Most of it pertains to their own family and their mother's family.

Janis commented, "I guess I thought my dad would always be around and I have very little information on his family". All members of his family are now deceased.

Her mother was born in Tennessee July 29, 1893, of Choctaw Indian heritage and is set to mark her 100th birthday this July. She is in a nursing home in Grandfield, but is not ill. She still can do handwork and paint and she sings special songs for religious

LAMPS ARE LIT - The new natural gas-burning street lamps were lit Monday all along the three-block boulevard of West Park. Four fixtures are in each block. Though Iowa Park has never had gas lights in its history, the fixture appears in a natural setting by being in front of one of the city's oldest buildings, constructed in 1892. The tall electric lights on those blocks are to be removed in the near future.

Chamber to sponsor tourney

The third annual All Iowa Park Golf Tournament will be held Friday, June 4, according to a report made during Monday's monthly meeting of the Chamber of Commerce board of directors.

Entry fee will again be \$20, except for those high school students who can participate by paying only green fees and cart rental, but are not eligible for any prizes.

Entry forms will be available at

the Chamber office beginning next week.

Also discussed during the meeting was the organization's membership drive, which is currently underway.

Iowa Park has more than 240 businesses, most of which are operated out of homes, and only a small fraction of that number holds membership in the Chamber.

Non-members are being contacted by committee members and assisted by volunteers.

News Briefs

Fish fry to benefit Little League

A fundraiser to benefit Iowa Park Little League Baseball will be held between 6 and 7:30 p.m. Saturday at the W.F. George Fields on West Magnolia.

Sponsored by the Little League

Auxillary, tickets will be \$4.50 for adults and \$2 for children eight and younger.

An exhibition game is planned to follow the feed.

1.27 total rainfall last week

The rain system that hovered over Iowa Park Wednesday of last week left 1.27 in precipitation.

Virgil Woodfin, who reported at presstime last Wednesday that he had measured 1.02, said .25 more fell.

Food drive program is success

The Subway gave away 75 sandwiches to canned food donors during an hour and a half period Sunday, according to Guy Traylor, owner.

As part of a national project by Subway franchise businesses, each person delivering one or more cans of

food during that period received a free Subway sandwich.

The canned food will be turned over to the local Food Bank operated by the Ministerial Alliance.

Fifty nine of those 75 sandwiches were passed out during the first hour, Traylor said.

Television personality speaker for 23 Study Club program

"The Silver Report" was theme of the last meeting of the current club year held Thursday for The 23 Study Club at the RAC.

The program was highlighted with a speech by Warren Silver, retired station manager of KFDX Television in Wichita Falls. He presently gives "The Silver Report" in which he discusses the needs and problems facing older citizens.

Mrs. Carl McKinnon directed the program inspired by the public Affairs Department of General Federation of Women's Clubs, planned to show how senior citizens can help conserve national heritage through good citizenship, safety and crime prevention.

In keeping with the theme, club members responded to roll call by showing silver souvenirs and giving the history or sentiment attached to

them. Mrs. Keith Aulds read "I Am Showing My Age," by Majorie Holmes for the meditation.

The fine arts part of the program was introduced by Mrs. Jim Medlinger who played "Among My Souvenirs" on the keyboard. She also accompanied an ensemble group composed of Mmes. Delbert Todd, Ross Roberts, Joe Singer, Charles Harrell and Aulds, who sang "Look For the Silver Lining".

Local trivia was given by Mrs. Homer Blalock who used a handpainted picture of the threshing machinery used by her late grandfather, John White, and her late father, Jim White, as they went to different farms in the county threshing grain in the 1920s and early 1930s. The picture was painted on a rectangular piece of iron that her grandparents used for

door stop before the days of air-conditioning.

Silver's speech for people over 60 was flavored with both good humor and sound advice. He said that they are lucky if they have good health and financial security, and that there is no need for them to be bored because of the many opportunities that are offered for self-employment.

Silver stressed that worry does not solve anything for senior citizens, but it behooves them to be very concerned about the political dishonesty, moral decay, AIDS, economic conditions, criminal element, scandal, television preaching, etc., that now plague the nation.

Continuing, he stressed the importance of senior citizens knowing about their wills and insurance, to stay

meeting will be held in Dallas June 9-12.

Mrs. John Rentschler conducted the business meeting following the program, where members voted to participate in "Kids in Kindness-- Adopt A Teacher Program" for students from grades two through six, and to raise the club dues.

Hostesses for the meeting were Mmes. C. E. Birk, Harrell and Rentschler.

The refreshment table was laid with an antique white embroidered linen cloth draped with net and centered with a bouquet of fresh lilacs.

Mrs. D. O. James, federation counselor, announced the annual General Federation of Women's Clubs

meeting will be held in Dallas June 9-12.

Mrs. John Rentschler conducted the business meeting following the program, where members voted to participate in "Kids in Kindness-- Adopt A Teacher Program" for students from grades two through six, and to raise the club dues.

Hostesses for the meeting were Mmes. C. E. Birk, Harrell and Rentschler.

The refreshment table was laid with an antique white embroidered linen cloth draped with net and centered with a bouquet of fresh lilacs.

CAMP FIRE NEWS

The Teddy Bear Overnight for grades one and two will be held Friday, April 23, from 5 p.m. until 8 a.m. at Harrell Park in Wichita Falls.

Peggy Kaspar of Iowa Park is in charge of organizing the activities for the event.

Saturday, May 1, Iowa Park Camp Fire Club will meet at Funland Amusement Park in Wichita Falls for a morning of fun on the rides. This will be followed by a noon cookout in the adjoining park.

Garden Club has workday at RAC

Iowa Park Garden Club members met for a workday Friday at the Iowa Park Recreational Activities Center.

Before weeding and trimming the flower beds, the group had a short business meeting.

Gladys James announced that the Yard of the Month award for April had been given to Kathryn Leonardi, 114 West Garden.

The thought for the day, entitled "Sudden Spring," was read by Bernice Williams.

Members agreed to collect canned goods April 17, at B&R Thriftway, to supply the Iowa Park Food Bank. It was emphasized that all food collected will stay in Iowa Park to benefit the Ministerial Alliance Outreach Food Bank.

Amy Conley, Arbor Day chairman, announced that Barberry and Sweet William was planted at Kidwell Elementary School around the rock on the front lawn. This is a continuing project of the club to maintain the flower bed around the memorial to Miss Ethyl Kidwell.

The club treasurer, Charlette Kennedy, reported that a contribution to the American Cancer Society had been made in memory of Lavena Harlin.

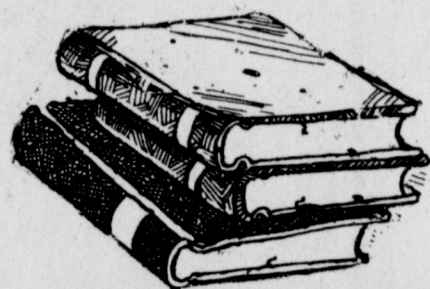

President Louise Clapp thanked

the members for participating in Iowa Park Clean-Up Week by picking up trash around the Tom Burnett Memorial Library.

Pam James, chairman of the social committee, reported that members and their guest enjoyed a recent pro-

duction, "Dry Thunder," at the Backdoor Theater.

After the work in the flower beds was completed, hostesses Pam James, Maryanne Gilmore and Nell Copening served refreshments from a table decorated in a picnic theme.

LIBRARY NEWS

By Ardis Jensen

ADULT EDUCATION CLASSES

Reading, Writing, Math and Computer Application classes will be taught by Kris Hines from 10:30-12:30 each Saturday from now until the end of May.

These classes are sponsored by Region IX Service Center and the Tom Burnett Memorial Library.

There is no charge for the classes.

NATIONAL LIBRARY WEEK

All this week we have celebrated National Library Week. Special refrigerator magnets in the form of an open book are being given to our library patrons all this week. On it is information about our library hours and storytime hours, and our address. If you haven't stopped by this week, please take a few minutes to stop and get acquainted with YOUR library.

The annual Book Sale will end Saturday.

MOVIE DATES

Thursday, April 29 at Friendly Door and Friday, April 30, Heritage Manor.

We extend an invitation to our friends to join us for the movie en-

titled, "ATCHAFALAYA, America's Largest River Basin Swamp".

This beautiful color documentary film of the Atchafalaya River Basin in South Central Louisiana shows the ecological cycle of life structured around the river and its marshlands.

The scenery is beautiful and the habitats of the birds, fish, and other animals are carefully examined. The message is clear: if the Atchafalaya River is channelized, then an entire ecostructure will be destroyed. This is a multi-award winning film.

THANK YOU

Once again our Genealogy Workshop was well attended. From all of us attending we extend a special "Thank You" to John Yates for presenting our topic on Masonic Records.

Our next workshop will be held Monday, May 17, 7-8:30 p.m. Topic will be on "Researching for Adoptees Biological Family".

We again ask that you pre-register for this class to ensure that enough materials have been made for all of our researchers. Please call 592-4981 or stop by the library.

Look Who's New

Thomas and Dana Ross are parents of a son born April 4. He weighed seven pounds, 10 ounces and was 19 and 3/4 inches long. He has been named Dillan Austin. He has a brother, Dusty. Mrs. Ross is the former Dana Hicks.

Grandparents are Greg and Vera Ross of Iowa Park and Linda and Jack Ayres of Holliday and the late Ray O. Hicks.

FREEDOM PRESCRIPTION PLAN®

A unique prescription service aiding you in the relief of rising costs of prescription medication.

***HOW DOES IT WORK?** This pharmacy has the capabilities to direct bill your health insurance company for prescription medication supplied by our pharmacy.

***DOES THIS MEAN I NO LONGER HAVE TO FILL OUT AND FILE LENGTHY INSURANCE CLAIM FORMS?** Absolutely! Our pharmacy will complete all necessary claim forms required by your insurance company.

***WILL I STILL HAVE TO WAIT FOR REIMBURSEMENT FROM MY INSURANCE COMPANY?** Of course not! We will directly receive payment on all prescriptions supplied by our pharmacy.

***WILL THIS REDUCE MY COSTLY OUT-OF-POCKET EXPENSE?** Certainly! Pay only your portion as stated by your insurance company.

Example:
80/20 Insurance Plan
\$25.00 Prescription
5.00 (20%) YOUR PORTION!
20.00 (80%) Insurance Portion

***HOW DO I QUALIFY?** Easy! Just present your health insurance card and we will contact your insurance company asking all the qualifying questions. It takes only a few minutes!

***WHY WOULD WE WANT TO PROVIDE SUCH A TREMENDOUS AND DESPERATELY NEEDED SERVICE?** Because we care about you!!!

Martin, Morris vows read Saturday evening in double-ring ceremony

Kristin Carole Martin became the bride of Vance Alan Morris Saturday evening in an eight o'clock double ring ceremony performed in All Saints Episcopal Church of Wichita Falls.

Rev. John D. Payne was the officiating minister.

Parents of the couple are Mr. and Mrs. Jack Wesley Martin, Wichita Falls, owners of Jack's Park Pharmacy of Iowa Park, and Mr. and Mrs. George Robert Morris, Sr., of Wichita Falls.

Forming the elegant background for the recitation of vows in the church sanctuary were arrangements of fresh white gladioli, fuchsia carnations, purple liatris and gypsophila mixed with leatherleaf and emerald greenery, resting on white stands. In flanking positions to the altar were spiral candelabra holding crystal votives with candles. Candelabras were garlanded with greenery and candlelight roses.

The altar railings were banked with Swedish ivy, purple and fuchsia roses, carnations, and wisteria. Votive candles in crystal cups amongst the greenery and flowers provided additional illumination to the scene.

Completing the decor in the area was the traditional unity candelabra placed on the lower level of the altar. It was intertwined with Swedish ivy, purple and fuchsia roses and a candlelight bow. Mothers of the bride and groom lit the outer tapers that were later used in the ceremony by the couple to light the center candle, symbolizing the unity of the two families.

Bows of candlelight satin ribbon, with roses and carnations of fuchsia and purple and Swedish ivy streamers adorned the sanctuary pews.

Mothers and grandmothers of the couple were seated as Broyles Hall, organist, played "Jesu, Joy of Man's Desiring"--Bach.

Hall played "Trumpet Tune In C"--Purcell, for the processional as the acolytes, priest, layreader, groom, groomsmen, ringbearer, bridesmaids, and flower girls entered the sanctuary. As the bride entered, "Trumpet Voluntary"--Clark, was played and for the recessional Hall played "Toccata"--Widor.

Soloists for the ceremony were Danna West who sang, "The Lord's Prayer, and Buddy Mercer who sang "The Greatest of These Is Love". They were accompanied by Hall.

Layreader was Charles Phillip Salter, Jr. Acolytes were Brian Phillip Salter, Lara Christine Smith and Lisa Katherine Smith, all of Wichita Falls.

The bride was given in marriage by her parents.

For her wedding, the bride chose a candlelight bridal satin gown over taffeta with Schifflil lace cut-out motifs.

The fitted satin bodice was styled with a V-shaped neckline edged with scalloped Schifflil lace adorned with clusters of tiny seed pearls and sequin trim, which was repeated over the lace motifs on the front bodice.

Victorian sleeves featured a gathered pouff at the shoulders with a sheer illusion motif accented with pearls and sequins. They were tapered at the wrist to a petit point, edged with lace, pearl and sequin trim.

Her full gathered skirt, lavishly adorned with lace motifs sprinkled with seed pearls and sequins, fell from a lace trimmed basque waistline.

Mrs. Vance Alan Morris
(Kristin Carole Martin)

The skirt was edged along the hemline with scalloped Schifflil lace and swept to the back of an attached cathedral length train that repeated the motif accents.

Her veil of candlelight illusion was secured to a tiara covered with cascades of pearls and lace leaves, and featured a double illusion pouff at the center back of the tiara.

The bride's cascade was fashioned of fuchsia, off white and purple roses, interspersed with candlelight carnations, fuchsia tiger lilies, candlelight baby's breath, and ribbon loops of candlelight satin and lace.

The bride's sister, Jamie Lynn Martin, was maid of honor. She wore a two-piece fuchsia dress made of moire taffeta. The bodice was fashioned with a princess neckline, short sleeves with pleats and carrier, an open back with peplum at the waist and a tea length straight skirt.

Other attendants were Danna Renee West of Wichita Falls, sister of the groom, Nikki Suzanne Fellhauer of Plano, Janie Lynn Gee, Lisa Diane Hudgins, and Sandra Gail Brom, all of Wichita Falls. They wore dresses styled identical to the honor attendant's.

They each carried small cascades of flowers similar to the bridal bouquet except with purple brocade ribbon loops and Swedish ivy.

Flower girls were Marisa Lynne Myers and Caroline O'Hara Williamson, both of Wichita Falls.

They wore fuchsia dresses of moire taffeta. Their tea length dresses were designed with a high neckline, slightly dropped waist and short sleeves.

They carried princess style candlelight straw baskets filled with fuchsia tea roses, candlelight and purple sweetheart rosebuds, baby's breath and Swedish ivy. Satin bows and streamers of purple and fuchsia accented the baskets.

The groom's father attended him as best man.

Groomsmen were Scott Spencer West, George Robert Morris, Jr., brother of the groom of Wichita Falls, James Gilbert Hollingsworth of Daleville, Ala., Scott Edward Ward of Burk Burnett and Perry Theodore Curry of Wichita Falls.

Ushers were Jimmy Nathan Alexander II, Wichita Falls, Cody Wayne Goode and Wayne Thomas Scholl, both of Burk Burnett.

Ringbearer was George Robert Morris III, Wichita Falls, nephew of the groom.

The groom wore a black tuxedo with an ivory shirt and tie. The groomsmen, ringbearer and ushers wore black tuxedos with ivory shirts and black ties.

Boutonnieres of the groom and his attendants, and fathers of the groom and bride, were made of fuchsia rosebuds and candlelight baby's breath. The ringbearer wore a smaller version of the attendants' boutonnieres.

Mother of the bride wore a shoulder corsage of purple sweetheart rosebuds, candlelight pixie carnations, baby's breath, pearl sprays and purple and fuchsia satin ribbon bows.

The groom's mother wore a wrist corsage fashioned of the same flowers and ribbon as that of the bride's mother.

A reception was held in the church following the ceremony. Guests were registered by Karen Morris at a round table in the foyer.

The round table was covered in candlelight lace over linen and held a large crystal globe and an off-white pillar candle surrounded by Swedish ivy, and flowers in the bride's chosen colors. The bride's book and an off-white feather pen completed the decor.

The bride's and groom's tables were draped in candlelight lace over off-white linen. The bride's table featured a contemporary candelabra

holding crystal cups filled with votive candles and accented with Swedish ivy, purple liatris and fuchsia roses that was placed on a glass reflector.

Fresh grapes were draped over the rim of the silver punch bowl and fresh strawberries floated in the punch. Mints and mixed nuts were served in smoked crystal and silver trays.

The four-tiered wedding cake was an ivory-iced confection with ivory calla lilies accented with fuchsia and purple forget-me-nots and a floral top piece. Base of the cake was encircled with fresh baby's breath and fuchsia carnations.

Cheryl Arnold and Terry Pence served the cake and Leah Ford and Sharon Ramirez presided at the punch bowl.

The groom's German chocolate 14-inch two layer cake with German chocolate filling was topped with chocolate fudge frosting in a basket weave design and chocolate roses. It was accented around the base with sprigs of baby's breath and gladioli blossoms.

A silver coffee service on a silver tray, along with a centerpiece of fuchsia roses, purple carnations and purple tapers in a white ceramic vase decorated the table. Complementing the table decor was a crystal compote filled with MM candies.

The groom's cake was served by Marla Moore and Sheila Stephens. Stefanie Forester presided at the silver coffee service.

The gift table, draped in candlelight lace over linen also held an arrangement of white gladioli and fuchsia carnations with emerald and leather greenery in a crystal vase.

Pink and off-white balloons with purple streamers were also included in the centerpiece. The table held the baskets filled with bird seed bags and the bride's throw-away bouquet.

Guests at the reception sat at tables covered in white linen cloths and held hurricane globes with votive candles surrounded by ivy and the chosen flowers.

The bride graduated Holliday

High School in 1985 and Midwestern State University in 1989. While in college she was cheerleader three years and a member of Sigma Kappa Sorority and Phi Chi Theta. She is currently employed by Parker Square Bank in the Trust Department as Administrative Assistant.

Morris graduated Burk Burnett High School in 1988 and will graduate MSU in May. He currently is employed by Nationwide Maintenance Co., as a supervisor and is a student teacher at Burk Burnett High School.

The couple will live in Wichita Falls.

Out-of-town guests here for the wedding include the bride's grandmother, Lena Martin of Frederick, Okla., and grandparents, Mr. and Mrs. A. A. Skidmore of Kingston, Okla. Also Donna Rider and Dana Connell, both of Oklahoma City, Kelly Bransom of Missouri, Bill Cook of Dallas, Danny and Cheryl Arnold, Lisa Grace Smith, Sheila and Rodney Stephens, Steve and Stephanie Forrester and Kevin O'Donnell.

How To Choose The Right Real Estate Agent (It's Easy. Just ask the Right Questions.)

- Your questions to ask, compare, then decide.
- ★ How many homes did you sell last year?
 - ★ What percentage of homes have you sold in your immediate territory?

As I See It... By Bob Hamilton

If you were shocked by the dramatic conclusion to the Branch Davidians' standoff Tuesday near Waco, I share that shock with you.

But if you were surprised at how it ended, I was not.

In fact, in conversations early on, I expressed concern that it could end up in a fashion similar to "Jonestown." It did.

Nor was I surprised at the immediate demand for explanations and the condemning of the federal agencies

that worked on the standoff.

There are those who have no confidence in any agencies of the law, and are quick to condemn anything they do, regardless of the facts.

Frankly, the way the FBI kept the public informed on a daily bases with news briefings, I don't understand how anyone could say they were hiding anything.

I'm sure this will all come out with the numerous enquiries that already have been called for. But regardless of all the evidence that likely will be given, those who do not respect law and order will still be howling.

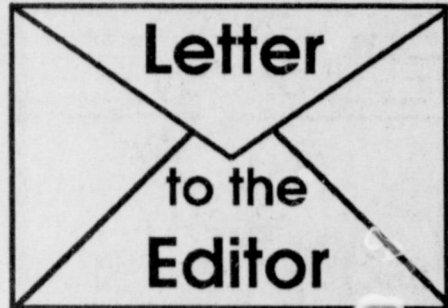

I couldn't live in a country where I did not respect law and order, and those entrusted in maintaining it. And I can't

understand why anyone who continuously raises cain and doesn't share that respect, just doesn't give up their citizenship and move elsewhere!

The lesson I feel I've learned from the Waco standoff, as well as Jonestown, is that one can be excessive in anything.

It doesn't seem to matter if one exercises excess in drinking too much water, eating too much, work or anything, including excessive belief in religion, can have serious problems.

Had it not been for excess in belief of the teachings by David Koresh, which led to those victims' blind following of him, they likely would all still be alive today.

Opposes tax on SS

To the Editor:

I am a member of the Seniors Coalition and I oppose the Clinton tax on Social Security.

I have written my U.S. Senators and my Congressman urging them to sign the Seniors Coalition "Congressional Pledge" that says: "I Pledge to Oppose Any New Taxes or Cuts in Social Security."

I would like you to write a story informing your readers whether our representatives have signed this important pledge to Seniors.

Social Security is not adding to the federal deficit -- it's running a surplus.

It's unfair to balance the budget on the backs of Seniors. For more information please call the Seniors Coalition's Washington office at 703-273-5449.

Sincerely,
Mrs. Betty Whitworth

Worth Quoting

With the little taste of warm weather, we are reminded that summer is just around the corner. Shortly, not just the temperature will make you hot under the collar.

If you, as most Americans do, drive a car that is equipped with an air conditioner, the repair bills are poised for an enormous leap. The refill of the system with freon, a \$25 to \$50 operation, will climb to \$400 to \$500 in cost.

No, the auto repair shop is not wildly inflating the bill. The federal government has mandated a phase out of freon and the gas is to be replaced by a new coolant, R-134a. In addition, auto repair shops will be required to purchase special equipment to insure that none of the freon leaks into the

atmosphere.

Most car owners are fairly pleased with the way freon performs. They turned the switch and cool air came out of the vents. Most air conditioning systems worked efficiently and fairly inexpensively, so why the change?

The environmental lobby has just found another way into your pocket book. In the name of clean air, ozone holes and saving the planet, you get to pay the price for removing freon or by sweating your way through the summer in a hot automobile.

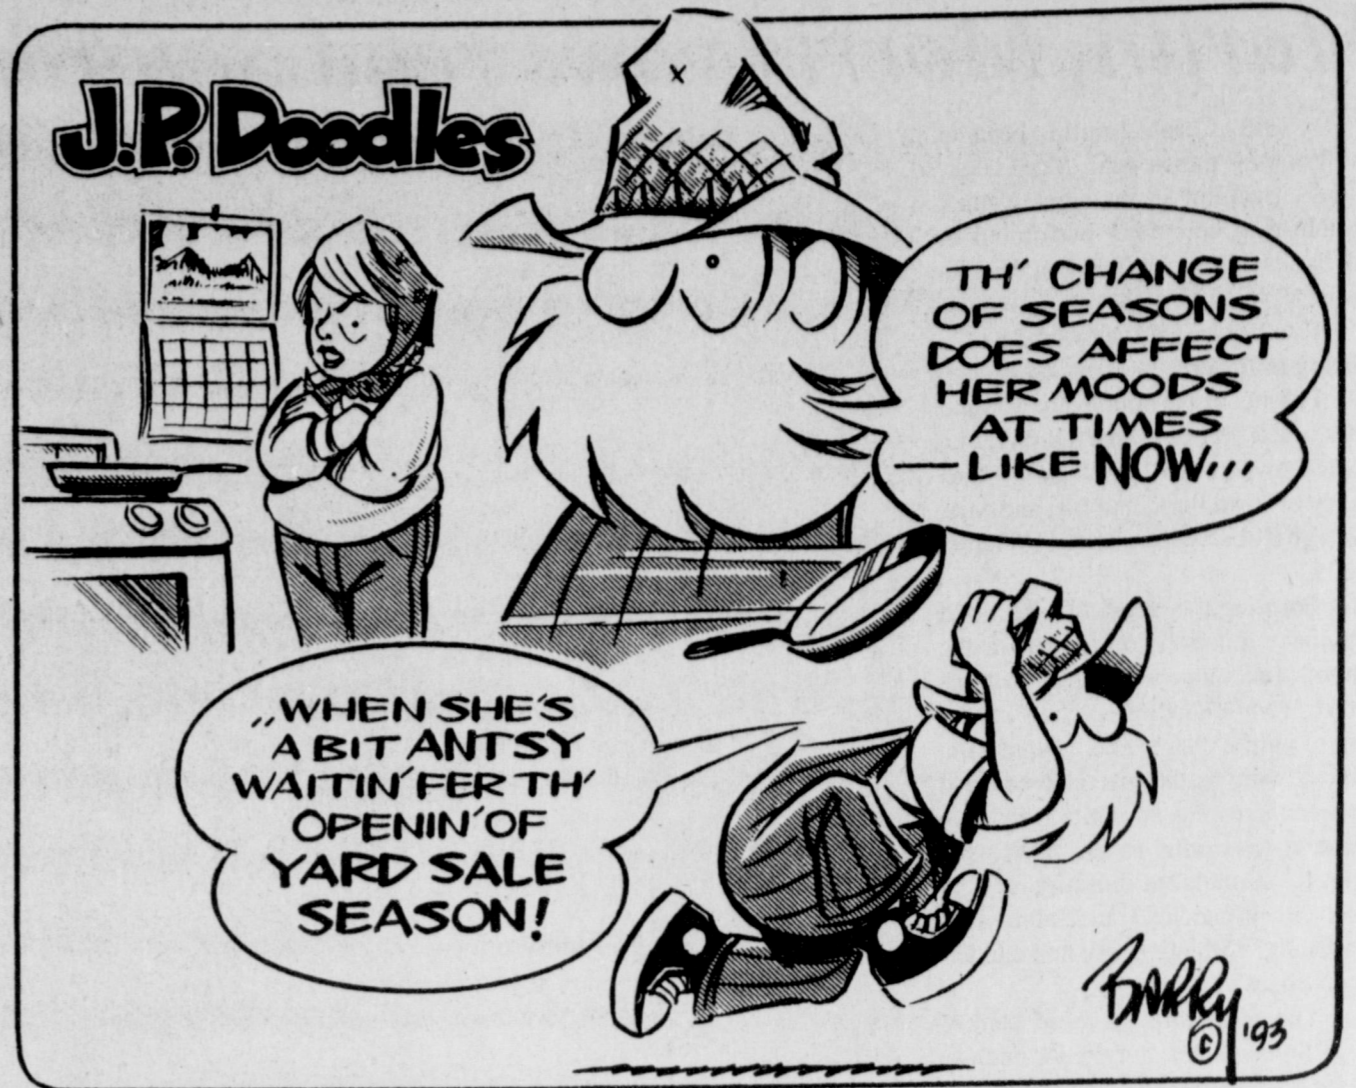

For years the environmentalists have claimed that the release of chlorofluorocarbons (CFC) into the air has damaged the ozone layer of the planet. Most scientists agree that it is theoretically possible for that to occur, but there is no hard evidence that it is happening.

There are many problems with the theory that CFCs destroy ozone in the stratosphere. The first is that not a single CFC molecule has ever been found in that part of the atmosphere. How can CFCs have an effect if they are not present?

The second problem is that CFCs are generated at ground level. The stratosphere is the upper part of the atmosphere, about seven miles above ground level. How do CFCs, which are much heavier molecules than those of nitrogen, oxygen, hydrogen and carbon dioxide, which make up the atmosphere, rise nearly 40,000 feet into the air?

Also, the "hole" in the ozone layer, much ballyhooed by the environmentalists, is actually a reduction of two to three percent of the amount of ozone in the very upper layer of the atmosphere. Hardly a "hole." That reduction took place after the amount of ozone in the stratosphere increased from 1985 to 1991.

It is the same environmentalist belief that anything man-made is bad for the planet, while anything produced

tion, and only five in the unchallenged school trustee election.

Two of the three incumbent city aldermen seeking re-election are being challenged. They are Virgil Woodfin, in Place One, challenged by Mike Sellers, and Bob Hamilton, Place Three, challenged by Chris Powell.

Place Five aldermen seat holder Mark Raby is unchallenged.

Neither of the incumbent school trustees has drawn a challenge. They are Randy Catlin in Place Six and Keith Fisher in Place Seven.

The state elections are expected to draw the greatest number of votes, both early and on May 1.

On the ballot is the election of a

state senator and three proposed changes in the state constitution, all dealing with public education.

There are 24 candidates for U.S. Senator, brought about when Sen. Lloyd Bentsen was appointed Secretary of the Treasury.

Included in the three proposed amendments to the state constitution are one to allow the transfer of a limited amount of ad valorem taxes from some districts to others, prohibiting legislative mandates without funding, and authorizing general obligation or revenue bonds for construction that would be guaranteed by the permanent school fund.

services held at the home.

Janis's father was of Black Dutch and Irish parentage. He was born in Illinois. Both he and his wife came to Texas in early childhood with their parents. And, their long trip to Texas was one of their first and most vivid memories.

Both sets of grandparents settled near Nocona. Janis's parents met at a singing at a church near there. After their marriage in 1909 they farmed near Nocona until 1913 when they moved to Oklahoma near Grandfield where Janis was born.

"Mama can tell some interesting tales about the Indians surrounding their house near Nocona, waiting for something to eat.

Janis recalls she and her siblings came up during some hard times, especially after their father began having medical problems.

She said, "When papa had to retire from working mama went to work doing whatever she could and we children chopped and picked cotton to help the family financially."

Janis and her brothers and sisters learned early what hard work was about and they also learned how to be frugal when necessary.

She remembers that most of their food was home grown. "It was not unusual for us to can between 700 and 1,000 jars of food every year when the garden produced as it should.

"We raised chickens for eggs and meat, hogs were butchered, and we gathered wild plums from the river banks and used them for cobbles, jelly and plum butter.

"It was necessary that nothing went to waste. We also made lye soap when there was enough 'taler' as they called it, to make it with."

Both Larry and Janis graduated high school in Electra. Larry went into military service, serving his stint with the army in Fort Eustace, Va., and Canada. About one year after his discharge he began working for Hammon Properties 34 years ago. He now is supervisor, a job he fell heir to when his father retired.

Larry is very active in Iowa Park Masonic Lodge No. 713. He serves as official floor instructor this year, and each Thursday night teaches other officers their special duties. He recently received the Golden Trowel Award for exceptional service. He has been Past Patron nine times. He also is a member of the Order of Eastern Star.

After graduation Janis took some special accounting courses at Midwestern State University.

She worked for Beacon Insurance in Wichita Falls, then for the ASCS office in Iowa Park three years.

Janis began working for State National Bank in 1970, where she is vice president and cashier.

She has been a member of Order of Eastern Star No. 42 for 34 years and has been Past Matron four times. This year she is musician for the Electra OES. She was Mother Advisor of the Order of Rainbow for Girls when that organization was active here.

She also serves on the board of directors of the Friendly Door Senior Citizens. The Latimers are members of First Baptist Church of Iowa Park.

They have five children, all graduates of Iowa Park High School, and 14 grandchildren.

Their son, Dwayne, lives at Rocky Point and has worked for Hammon Properties 12 years. He has three children.

Keith lives at Valley View and is a contract pumper. He has three children.

The Latimers' daughter Julia Ross of Roswell, N.M., is studying to be a Certified Public Accountant. She has three children.

Janet Hill lives in Estill, Tenn. and works in a factory that produces medical uniforms, gas masks and other equipment used in hospitals and doctor offices. The factory provided gas masks for the Desert Storm conflict. She has two children.

Their daughter Linda Rogers and three children are preparing to join Linda's husband in Germany. They spent three years in Hanau, Germany and then returned to the States where where he has been stationed three years at Ft. Leonardwood, Mo., and recently was transferred back to Germany.

Bluebirds topic of program

Wanda Hunter, local member of the North American Bluebird Society, presented the program at the April meeting of Philia Study Club. The meeting was in the home of Helen Burrell.

Mrs. Hunter gave a slide presentation with commentary on the bluebird and its habits. She told of the action the Bluebird Society takes to preserve and protect this beautiful bird.

Mrs. Hunter showed a bird house which people can make to protect the nest and the young from animals.

A brief history of Iowa Park as a bird sanctuary was also presented by Mrs. Hunter.

Sue Tate, Philia Club president, directed the business meeting at which time the yearly scholarship was discussed. The club presents a scholarship each year to a member of the local senior class.

Do-It-Yourself Tips

Making Under-The-Bed Drawers Master Mechanic Power Tools
That old, outdated dresser that you may want to get rid of, can turn into a great storage solution for your home. Just read this creative tip from Parkway TrueValue. Take the drawers out of the dresser and turn them into under-the-bed bins. Fasten small casters to the bottoms and slide the drawers under the bed to store seasonal clothes, extra blankets and other items. And to help you attach the casters, pick up some Master Mechanic hand tools from Parkway TrueValue at 200 W. Bank.

Correction

In the Cook of the Week column last week, Mrs. Roger Jensen's husband was mistakenly referred to as John. We regret the error.

Asthma and Allergy Facts

- 35 million Americans suffer from asthma and allergies.
- House dust, foods, pollens, animal dander, molds, medicines, cosmetics, and insect venoms are common "triggers" of asthma and allergy.
- These diseases are serious, sometimes even life-threatening.
- There are no "miracle cures," quick-fix techniques or secret treatments for asthma and allergies.
- Avoidance of asthma and allergy "triggers" is the best line of defense.
- Numerous, scientifically-proven medications are available, both by prescription and over-the-counter, to treat symptoms.
- Local chapters of the American Lung Association, and the Asthma and Allergy Foundation, 1302 18th Street, N.W. Washington, DC 20036, provide advice and help.

For more information on asthma and allergies — Ask your pharmacist.

DON'T CELL YOURSELF SHORT!

There are many amazing things in the universe which God created. One of the most amazing is the cell. Cells come in a variety of different shapes and sizes. Cells may be shaped like rods, spirals, daisies on their stalks, string beans, shoe boxes, or snowflakes. Some cells can be quite large like the yolk of an ostrich egg. Others can be quite small. If you were to place some cells of the human body into a capital "O," 20,000 of them would fit inside that "O." Some cells have very short lives. Platelets, which help blood to clot, live less than four days.

Cells are beautifully organized and extremely complex. Each human cell is able to communicate with other cells, dispose of waste, reproduce, feed, and repair itself. Some areas of the cell produce proteins, which are carried to other parts of the body. Some areas of the cell produce the energy which your body needs to work, think or play. Other areas of the cell are responsible for what we call reproduction, the process by which cells make other cells.

Deep inside the cell is the nucleus, which contains what we know as the "genetic code." This code is a set of instructions inside each cell which tells the cell to become a fingernail, a hair, an eye, a bone, or some other part of the body. These instructions are very complicated, and are placed in the cell in a chemical which scientists call DNA, a short way of saying deoxyribonucleic acid. The DNA in a single human cell is about three feet long and contains over six billion "steps." If all the DNA in a single human body were stretched out end to end, there would be over a billion miles worth.

The writer of Psalms said to God, "I will praise you, for I am fearfully and wonderfully made." (139:14). Our bodies, composed of 60 to 100 trillion cells, are wonderful. Could evolution have produced such cells or bodies by accident? No! The Bible states, "for every house is built by someone; but He who built all things is God." (Hebrews 3:4). The cell speaks to us about how great and wonderful our God is!

Cook of the Week

With the planting of spring gardens in progress, this week's recipes feature ways to preserve the abundance of vegetables and fruit that is sure to be produced.

Green Tomato Relish

- 8 cups chopped green tomatoes
- 1 1/2 cups chopped onion
- 1/2 cup sweet red pepper, chopped
- 1/2 cup green pepper, chopped
- 1/2 cup sugar
- 1 Tbsp. mustard seed
- 1 Tbsp. salt
- 1 tsp. white pepper
- 1 1/2 cups cider vinegar
- 1 cup light corn syrup

In a large saucepan, combine all ingredients. Bring to a boil, reduce heat and boil gently 45 minutes or until vegetables are tender crisp. Pour into sterilized pint jars, leaving 1/2-inch head space. Seal jars and process in boiling water bath 10 minutes. Makes 4 pints.

Cauliflower Pickles

- 3 quarts cauliflower florets
- 2 cups onion, sliced
- 1 cup red pepper, cut in strips
- 1/4 cup salt
- 2 quarts ice cubes
- 1 quart white vinegar
- 2 cups sugar
- 1 Tbsp. mustard seed
- 1 Tbsp. celery seed
- 1 tsp. turmeric
- 1 hot red pepper

Wash cauliflower and divide into florets. Combine cauliflower, sliced onion, red pepper strips, and salt. Cover with ice and let stand 3 to 4 hours. Drain well.

Combine remaining ingredients and bring to a boil. Add vegetables; boil 10 minutes or until vegetables are tender-crisp.

Remove hot red pepper from vegetable mixture. Pack hot vegetables into hot pint jars. Cover with boiling liquid to 1/2-inch from top of jar. Cut hot red pepper into five pieces and add one piece to each jar. Adjust jar lids.

Process in boiling water 5 minutes. Remove jars and complete seals if necessary. Set jars upright on a wire rack or folded towel to cool. Place them several inches apart.

Watermelon Rind Pickles

- 2 lbs. watermelon rind
- 1 Tbsp. powdered lime
- 4 cups water
- 4 cups vinegar
- 5 cups sugar
- 1 Tbsp. whole cloves
- 1 Tbsp. whole allspice
- 1 stick cinnamon

Soak first three ingredients 3 hours; drain. Cover with fresh water and cook 1 1/2 hours or until tender. Let stand overnight; drain. Drop into syrup of remaining ingredients and cook gently for 2 hours. Pack into sterile jars. After opening, keep jars in the refrigerator. The pickles are crisper when you take them out.

Pepper Jelly

- 1 1/2 cups apple cider vinegar
- 1 lb. green pepper
- 1/4 lb. or less jalapeno pepper, seeded
- 6 1/4 cups sugar
- 1 1/2 bottles Certo
- Green food coloring

Put vinegar and peppers in blender. (Wear rubber gloves to handle jalapeno peppers.) Add pepper mixture to sugar and boil 4 to 5 minutes in a large pot. Add Certo and cook 1 minute. Add green coloring. Skim and then stir 5 minutes. Pour into sterilized glass jars and seal tightly. Makes 6 one-half pint jars.

Pear Relish

- 16 pears, peeled, cored, and ground
- 6 med. onions, ground
- 8 green peppers, ground
- 4 sweet red peppers, ground
- 2 hot peppers, ground
- 6 cups vinegar (5% acidity)
- 6 cups water
- 3 Tbps. mustard seeds
- 3 Tbps. pickling salt
- 1 Tbsp. turmeric
- 1 tsp. allspice
- 1 tsp. cinnamon
- 1 tsp. ginger

Let pears, onion, and peppers stand in separate containers for 1 hour. Pour boiling water over each; drain well. Combine pears, onion, peppers, vinegar, sugar and seasonings in a large kettle. Bring to a boil; reduce heat and simmer, uncovered, 30 minutes.

Pour hot mixture into hot sterilized jars, leaving 1/4-inch headspace. Remove air bubbles; wipe jar rims. Cover at once with metal lids and screw on bands. Process in boiling water bath 20 minutes. Let stand in a cool place for 1 month before using. Chill before serving. Yield: 10 pints.

Pear Mincemeat

- 7 lbs. pears (weighed after peeled and cored)
- 1 whole lemon
- 1 apple
- 1 cup grape juice
- 1 Tbsp. cinnamon
- 1 Tbsp. cloves
- 1 Tbsp. allspice
- 1 lb. raisins
- 6 cups sugar
- 1 cup vinegar
- 1 tsp. salt

Grind pears, lemon with peeling and apple with seed. Mix all ingredients. Let come to a boil and simmer 2 hours. Place in sterilized jars and seal while hot.

Tomato Sauce

- 24 medium tomatoes - about 12 1/2 pounds
- 3 cups chopped onion
- 2 cups chopped celery
- 1 1/2 cups chopped green pepper
- 1 Tbsp. salt

Combine all ingredients in a large kettle. Bring to a boil; reduce heat, and simmer, uncovered, 30 minutes, stirring frequently. Remove from heat and put tomato mixture through a food mill or sieve, reserving tomato juice.

Bring juice to a boil. Reduce heat and simmer, uncovered, 2 hours or until thick, stirring frequently.

Quickly pour hot mixture into hot jars, leaving 1/2-inch headspace. Remove air bubbles; wipe jar rims. Cover at once with metal lids and screw on bands. Process in boiling water bath 45 minutes. Makes 9 half pints.

Bread and Butter Pickles

- 2 quarts unpeeled, thinly sliced cucumbers
- 2 1/2 Tbps. salt
- 3 cups thinly sliced white onion
- 2 1/2 cups sugar
- 1 1/2 cups vinegar
- 1/2 Tbsp. mustard seed
- 1/2 Tbsp. celery seed
- 3/4 tsp. turmeric

Arrange cucumbers in a large glass bowl and sprinkle with salt. Cover and refrigerate overnight. Rinse in cold water and drain well. Stir in remaining ingredients and bring to boil in a large pan. Pack cucumbers and liquid into hot sterilized pint jars, leaving 1/2-inch head space. Seal jars and process in boiling water bath 5 minutes. Makes 4 to 5 pints.

Obituaries

Leo Earl Brady

Services for Leo Earl Brady, 84, of Adrian, Mich., were at 11 a.m. Monday at Christ The King Catholic Church.

Rev. Patrick J. Burke, pastor, and Rev. Aidan Donion, chaplain of Bethania Regional Health Care Center, officiated. Burial was in St. Mary's cemetery in Adrian. Local arrangements were by Dutton Funeral Home.

Brady, father of David Brady of Iowa Park, died Saturday in a Wichita Falls hospital.

Born March 10, 1909, in LaGrange, Ind., he had lived in Adrian five years. He lived in Burk Burnett from 1979 until 1981. He was married to Dorothy Sweeney Dec. 27, 1933 in Nick Settlement, Ind. She died Jan. 23, 1990.

Brady graduated LaGrange High School. He was a grocery store owner and operator before retirement in 1970. He was a member of St. Mary's Catholic Church in Adrian where he was a member of the Knights of Columbus.

Other survivors include two daughters, Sherrill Stalder of Alathe, Kan., and Susan Brown of Adrian; one brother, James of Florida; two sisters, Kathryn Wirick of White Pigeon, Mich., and Hilda Kolb of LaGrange; 10 grandchildren and 12 great-grandchildren.

Sibyl Emma Freeman

Services for Sibyl Freeman, 86, of Wichita Falls, former teacher in the Valley View schools, were at 4 p.m. Tuesday at Floral Heights United Methodist Church.

Rev. Paul Goodrich and Mrs. Merle Anthony officiated. Burial was in Crestview Memorial Park under direction of Hampton-Vaughan Funeral Home.

Mrs. Freeman died Saturday in a Wichita Falls nursing home.

Born Jan. 19, 1907 in Harper, she was married to O. T. Freeman Aug. 26, 1930.

Mrs. Freeman received her bachelor's degree from North Texas State University and attended the University of Texas for post-graduate work. She taught third, fourth and fifth grades at Valley View schools, in the Friberg Community schools and at Crockett Elementary School in Wichita Falls for more than 28 years. She retired from teaching in 1965.

She was a member of Floral Heights United Methodist Church

since 1937 and was a member of the Friendship Sunday School Class. She was a member of Retired Teachers Association, the Texas State Teachers Association and the National Education Association. She was active in Rotary Ann's the Woman's Forum and the Criterion Club.

Survivors include her husband; one son, Jerry Thomas of Wichita Falls; one brother, W.B. Johns Jr., of San Antonio, and one sister, Louise Siler of Henderson.

Memorials may be made to Floral Heights United Methodist Church or the Boys and Girls Club of Wichita Falls.

Dovey Jo Newman

Services for Dovey Jo York Newman, 65, were at 2 p.m. Monday at Lunn's Colonial Funeral Home.

Rev. Leslie Davis, pastor of Lamar Baptist Church, officiated. Burial was in Highland Cemetery in Iowa Park.

Mrs. Newman, mother of Linda Franklin of Iowa Park, died Thursday in a Wichita Falls nursing home.

Born in Plainview Sept. 14, 1927, she had lived in Wichita Falls 45 years. She was a member of Lamar Baptist Church and a retail merchant.

Others surviving are her mother, Alma York of Wichita Falls; one sister, Helen Griffin of Wichita Falls; two brothers, Richard York of Wichita Falls and Johnny York of Garland, and two grandchildren.

Memorials may be made to American Cancer Society.

Planning session slated Monday

A planning session for programs using federal funds will be conducted at 3:30 p.m. Monday in the junior high school library.

Parents are encouraged to attend. The district currently receives money in three categories: Chapter One; Chapter Two, and Drug Free Communities and Schools.

The funds are expended in a variety of ways, including assistance to educationally-disadvantaged students, at risk prevention, library material purchases and drug and alcohol abuse prevention.

Assistant Superintendent Robert Palmer is seeking public input, explaining it is "very important to the success of the program."

Local women attend Christian retreat

Toni Virgin, Sue Tillery, Helen Roberts, Kristi Lane, Coleta Grubbs, Amy Conley and Betty Cole recently attended the Central Area Christian Women Fellowship's Retreat at Lake Brownwood Christian Retreat Center.

The Center is located on Lake Brownwood. Approximately 70 women attended from across the area which represented 15 congregations of the Christian Church (Disciples of Christ).

Cindy Guthrie Ryan, an ordained Disciples of Christ minister, who also has current standing with the United Methodist Church was the keynote speaker.

The speaker is a graduate of Brite Divinity School and currently serves the United Methodist Church in Graham as associate pastor.

Theme of the retreat was "How Can We Sing the Lord's Song?" Mrs. Ryan took her message from the Old Testament prophet, Ezekiel.

She gave three points to remember, "remain faithful in your service, put your hope in what God is able to do, and go, even when you don't know what to say or do, or when you feel inadequate to meet the task".

Virginia Pingleton, director of the Department of Church Women in the Southwest Region previewed the literature available for the upcoming CWF year.

As a service project for the Lake Brownwood Christian Retreat Center each CWF group brought and planted perennial flowers around the grounds. Two monetary offerings were collected.

A scholarship fund for Quadrennial received \$195 which helps sponsor women from the Central Area to attend the International Christian Women's Fellowship.

The International Christian Women's Fellowship meets every four

years on the campus of Purdue University in West Lafayette, Ind.

The Basic Mission Finance received \$230 which will help with global missions through the brotherhood.

Focus groups to choose from included Christian Women Share Their Faith, Liturgy and the Church Calen-

dar, and Women and Managing Money, which was led by local investment broker, Betty Cole.

Special guests included CWF Regional President Charlotte Hackley, Virginia Pingleton, director of the Department of Church Women in the Southwest Region, and Interim Central Area Minister, Tom O'Neil.

Arts, Crafts show rescheduled

The Arts and Crafts Association Spring Arts and Crafts Show has been rescheduled for May 1 at the RAC. The announcement was made at the April meeting of the club held at the RAC.

Sheri Albus, president, conducted the business meeting. Two guests, Roxanna Wood and Becky Fudge, were recognized.

The door prize, a set of four grapevine napkin rings made by Sheri Kennedy, was won by Amy Brown.

The evening's craft project was the creation of "Broom Angels", demonstrated by Sandy Conkling and Amy Brown. Next month's project will be "Button Angels."

Mrs. Kennedy is displaying her craft work at the library during the month of April.

The next meeting of Iowa Park Arts and Crafts Association will be the second Tuesday in May at 7 p.m. at the RAC. New members and visitors are always welcome to attend the meetings.

In The MILITARY

Rogers back in states

Navy Airman Herbert R. Rogers, a 1989 graduate of Iowa Park High School, recently returned aboard the aircraft carrier USS Ranger, homeported in San Diego.

The Ranger has returned from a six-month deployment to the Western Pacific and Indian Ocean as part of the aircraft carrier's battle group.

The Ranger was deployed to the Persian Gulf to enforce the United Nations "no-fly zone" over southern Iraq.

The ship was also deployed to Somalia in support of the relief effort Operation Restore Hope. Elements of the battle group have participated in several joint exercises, including training with Russian naval forces in the Persian Gulf.

Rogers joined the Navy in February, 1990.

IPHS HAPPENINGS

Deadline near for senior ads by Chondra Bills

Senior Ads for the '93 yearbook can be purchased now. The price for these ads are twenty dollars each. For the twenty dollars, parents may submit a message of twenty-five words and a picture of their choice.

Many parents choose to submit baby pictures. The pictures they submit will be sent to the publishing company to be put in the yearbook, but they will be returned this summer. Parents may pick up their pictures when school resumes for the 1993-1994 school year next fall.

The deadline for these ads is May 3. Parents are encouraged to submit theirs as soon as possible.

Teachers win free dinner by Chris Campbell

Each six weeks, teachers who have had perfect attendance have their names put in a jar from which one name is drawn, with the winner receiving a free dinner.

In the fourth six weeks, the winner was Mrs. Ruby Black. Black said "I am surprised, pleased, and glad that they have a reward for teachers as well as students." In the fifth six weeks the winner was Mr. Jim Gotcher. "The closest thing I had ever come to winning before this was when Ed McMahon sent me the sweepstakes letter," said Gotcher.

When parents are teachers by Stephanie Rust

How would you like your mom to wake you up in the morning, fix your breakfast, nag you to get ready, and then walk you up to the front door of the school with you? That's what some Iowa Park students go through every day.

For some students, the student-teacher relationship doesn't always end at 3:10, it goes home with them, where it turns into a parent-child relationship. Many of the staff at Iowa Park High School have children that attend school here during the day. These include French and Spanish teacher Carol Venhaus and her daughter Amanda, Biology II Teacher Tim Kaspar and his son James, food server Mrs. Balch and her daughter McKenzie, Band director Ed Hefti and his daughter Erin, food server Mrs. Routh and her daughter Amanda, Algebra teacher Alice Dyer and her daughter Brandie, and also secretary to vice principal Mrs. Wineinger and her son Wes.

When asked, "How do you feel about your parent working at your school?", freshman McKenzie Balch said, "I like it a lot because I get extra cheese on my nachos." Mrs. Venhaus said she likes working at the same school her daughter goes to, "because it makes things a lot more convenient."

While most students and parents don't seem to mind, one student whose parents don't come to school with her said that she would never trade places with one of these students because, "she gets enough of her parents at home."

Thirty-six inducted into NHS by Heather Hincks

Thursday, April 15 at 7:00 p.m., 36 new members were inducted into the National Honor Society. The banquet was held in the Garden Room of the Women's Forum.

The order of the evening was dinner, talents, pledges, induction of new members, and the lighting of the "candle of knowledge." The new members were issued a patch and a certificate.

Members were required to perform a talent. The talents ranged from reading inspirational Robert Frost poetry to blowing bubbles. The talent coordinator was senior, Kamron Robnett.

NHS advisor is Jean Johnson. Master of Ceremonies was Cody Cole. Officers are president, Cody Cole; Vice President, Jeff Franklin; Secretary, Michelle Robertson; Parliamentarian, Christie Catlin; and Treasurer, Kristen Bauer.

The menu consisted of deep fried chicken, mashed potatoes, fried okra, and for dessert either strawberry shortcake or chocolate cake.

FFA teams in state contest by Joshua Johnson

The two teams going to Texas A&M for state FFA contest are the Farm Business team and the Horticulture team. The people on Farm Business are Dennie Atchley, Len Holloway, and David Hollis. The people on the Horticulture team are Clay Parker, Christi Matthews, Rusty Downs, and Jennifer Richardson. Len Holloway, senior, said, "Farm Business is going to be very helpful in furthering my abilities in college and in life in general."

These teams have practiced for this since the first of February. They will go to College Station on April 24.

Teachers' pictures to be displayed by D'Aun Morgan

Haven't you or someone you know always wanted to know what your teachers looked like their senior year? Well, Mrs. Linda Escue, high school librarian thought that same thing.

On the first of May until school is out, IPHS students' very own teachers' pictures will be put on display in the library. The catch is that a contest will also be held for the students of Iowa Park High. Whoever can recognize the most pictures on display will be eligible for a drawing and a prize.

Mrs. Escue said, "putting the teachers' pictures on display has been done in the past, and now since there are different teachers and students, it seemed like a good time to do it again." This idea was done for the benefit of the school and students. Since it is very close to summer vacation and school seems to be getting boring, this is just something to try to make the last part of school more interesting.

As students will see, many teachers look very different but to their surprise, some teachers will look much like they did as a senior.

RAC NEWS
by Jo Lynn Cockrum

DANCE LESSONS

The country & western dance lessons which were scheduled to begin this week have been postponed. Classes will be offered in six-week sessions when there are at least six couples registered. Cost of the lessons will be \$40 per couple for RAC members and \$50 per couple for non-members.

Mary Neale Payne will be instructing the class and will teach the most popular country & western couples dances. She does not teach line dances in this class; however, if enough interest is shown a line dance class can be arranged.

Classes will be held Tuesday evenings from 8 to 9. Please call the RAC at 592-4471 to register or for further information.

BASEBALL SCHOOL

The OSU Mid-America Baseball School will begin tomorrow and continue through Sunday. If you were unable to register in advance, you may still be allowed to participate if space is available. Tuition for the school is \$90, and the school is open to students in grades 2-8. For further information call the RAC at 592-4471.

CRAFT SHOW

Thus far there have not been enough reservations made to hold the spring craft show scheduled May 1. If you would like to participate in the show and have not yet made your booth reservation, please call the RAC as soon as possible. The show will be cancelled if there are not at least 10 vendors registered by April 23 at 2 p.m. Vendors who have already made reservations will be contacted after 2 p.m. Friday.

REMINDER

Parents, please remember that if your child is taking any lessons at the RAC, the class fee is due by the second class of the month. After that a late fee of \$5 will be added. Also all students should have a paid RAC membership. If you are not certain of your membership status, check with your class instructor. Thanks.

CPR-FIRST AID

Plans are underway to offer a CPR/First Aid course at the RAC in May. If you would be interested in taking the class, please contact the RAC (592-4471) and have your name put on the waiting list.

The class can only be held if there are at least 15 persons who can attend. Further information on cost and dates will be available soon.

STUDENT OUTREACH PROGRAM

Thanks to all the wonderful volunteers and great kids in the group. This program is growing beautifully. The goal of the program is to offer students a place to come for assistance with homework and to ensure them that they have someone who cares and will listen to them.

The volunteers in this program have been trained in listening and communication skills, an area that can

often times be very confusing for young students.

If you know someone who could benefit from this program, either as a participant or a volunteer, please contact the RAC at 592-4471 or stop by at 806 N. Third to pick up an application.

BEAUTIFICATION COMMITTEE MEETING

There will be a meeting of the newly formed Iowa Park Beautification Committee at the RAC today at 5 p.m. Interested persons are invited to attend or contact Dolores Hamilton at 592-4431 for further details. This would be a great way to show that you care about our town. Why not come by and offer your input?

INFORMATION CENTER

We are still receiving a great number of calls at the RAC in regard to information about various organizations. We try to answer as many questions as possible or place people in contact with the proper persons. However, we would like to be certain that we have the correct information to pass on.

If you are in charge of an organization that you would like the public to know about, feel free to contact the RAC and we will list your information in our files. You may mail any info to the IPRAC, P.O. Box 129, Iowa Park, or you may call the info in to 592-4471.

BRIDGE CLUB

With two tables in play this week the high score was held by Marilyn Hale with 5430 points. Frank Mayfield held the second high score of 4050.

High school honor rolls released

Twelfth Grade--Brandi Brown, Misty Cook, Jason Dudley, Chad Featherston, Cheri Halady, Amy Hessinger, Jolene Hodges, Stacy Johnson, Darrin Langford, Chris Mayfield, Jason Miller, John Padgett, Shane Perry, Cody Reck, Michelle Robbins, Michael Smith, Jerry Stanford, Tracie Stark, Melissa Sullivan, Chad Thompson, Rachel Thompson, Clay Williamson, Jeremy Wood, Leslie Yow.

State Capital HIGHLIGHTS
By Lyndell Williams and Ed Sterling
TEXAS PRESS ASSOCIATION

AUSTIN — If voters reject Proposition 1 on the May 1 special election ballot, the Texas Legislature has only until the court-imposed June 1 cut-off date to approve another funding system for public education.

Prop. 1 would balance funding of public schools by allowing the sharing of local property taxes.

Now, the House Public Education Committee, chaired by Rep. Libby Lineberger, D-Manchaca, is working on several school district consolidation bills to introduce should the proposed constitutional amendment fail.

Consolidation Option
A committee member, Rep. Scott Hochberg, D-Houston, filed a bill that would create 83 larger districts out of 260 of the state's 1,048 school districts.

"Let's Talk"

By Bob McJilton, External Affairs Manager
Southwestern Bell Telephone of Texas

Last week, the Texas Telephone Association (TTA) made public a commitment to invest more than \$1.4 billion in Texas. This would be over and above the normal construction budgets of TTA companies.

A commitment of this magnitude ought to make big news in Texas. Right? Well, chances are, you haven't read much about the \$1.4 billion offer, even though big-city newspaper publishers have known about it for months.

Makes you wonder what gives? And perhaps more importantly, what do these newspaper publishers have to do with blocking a commitment that could bring jobs and technological improvements to Texas?

Texasans deserve to know why they've been kept in the dark about an effort by big-city newspaper publishers to kill one of the biggest economic boosts Texas has ever seen.

Here's the background so you can decide yourself.

Telephone companies in Texas, including mine, are seeking changes in the way they are regulated. The TTA does not support total deregulation. For example, continued Public Utility Commission (PUC) of Texas regulation of basic local telephone service is essential.

The rate you pay telephone companies for local service is low today, and must continue to remain affordable. The TTA proposes to freeze these low basic local rates for four years.

So, where's the catch?

Telephone companies in Texas are seeking the flexibility to compete in areas where competition already exists. We want the financial incentives to invest in advanced telecommunications technologies; like *Distance Learning* which links teachers with distant classrooms over the phone lines; and *Telemedicine* which allows health care professionals to video conference with patients and educators to share medical expertise. Services like these are examples of how telecommunications stands ready to improve the quality of life for all Texans.

Enter the "Big-City" Publishers.

For some five months now, the newspaper industry, led by publishers of papers owned by out-of-state media conglomerates, have raised false concerns about the TTA proposal. They called it a deregulation proposal. It's not. They said telephone company profits are financing foreign investments. That's not true. The newspaper bosses are wrong to make such ludicrous, unfounded accusations.

In an attempt to appease the newspaper moguls, state leaders called for meetings between the telephone and newspaper industries to settle their differences. A reasonable idea.

But, we've been trying to get representatives of these publishers to sit down and talk since November. They refused to do so until just recently and have done little more than drag their feet.

Their strategy? It's been reported in their own words. A paid newspaper industry lobbyist is quoted one day saying his group would continue to seek a compromise with telephone companies. Then, speaking before the Texas Daily Newspaper Association the same lobbyist is quoted saying: "We need to slam these guys. Let's take these guys out." So much for the publishers' motives.

Why are they fighting progress?

Money. The newspaper bosses have used a massive lobbying effort and scare campaign to protect their own self-interests. They see any change in telephone regulation as a direct threat (although unfounded) to their classified advertising profits. As long as they can stall the talks, they can continue to keep any competitive threat at bay.

The publishers would have you believe this is a complicated issue between two large interests that needs to be studied for another two years. Let me simplify the debate, since they won't.

Phone companies are ready to invest \$1.4 billion in a fiber optic system that will bring jobs and new business to Texas. Sure, that will help grow our business, but don't forget, we're also willing to freeze basic phone rates to ensure that our local customers are protected.

The TTA group has negotiated in good faith. TTA representatives attended every meeting held, and tried to work with the publishers in every way reasonable. We said "yes" to rate freezes and even to local network competition.

The newspaper publishers, on the other hand, did little more than to delay any progress serious talks could have produced. They offer no vision for Texas. Let's hope their message to Texans wasn't spoken by their paid lobbyist when he said, "Let's take these guys out." H-m-m-m.

Help and Support When You Need it Most

Drawing from our professional experience with families during times of loss and our personal experience after the loss of our father in 1978, we know that after the death of a loved one, we need to draw from many resources, to make it through a difficult time in a healing way. Our public library is one of those important resources.

In keeping with the tradition we began last year during National Library Week, Owens & Brumley has donated more than 70 books on grief recovery to local libraries. You'll find a list of these new additions at each library, along with our complete Grief Resources Reading List published in 1992.

We encourage you, your family, and friends to take advantage of the grief recovery information our libraries have to offer. We trust you will find what we found as we reviewed the books for our Grief Resources Reading List: comfort, inspiration, guidance, and hope.

- Jerry J. Van Loh, President

Pictured here: Three of the 160+ books donated by Owens & Brumley in 1992 and 1993.

Copies of the Grief Resources Reading List are available free at the public libraries in Wichita Falls, Burkburnett, Iowa Park, and Sheppard Air Force Base, and at Owens & Brumley Funeral Homes in Wichita Falls and Burkburnett. If you would like to have a free copy of the reading list mailed to you, just call 322-3181 or 569-3361.

Steers edge Hawks to hold loop lead

After losing their important Dist. 4-AAA game 9-7 at Graham Tuesday, the baseball Hawks will be fighting Friday to improve their place in the league's standings when they host Henrietta Friday.

The Steers were able to keep their district record unblemished, as all teams enter the final round tomorrow of the round-robin schedule.

Graham stands at 4-0, Bowie is 3-1, Iowa Park 2-1-1, Henrietta 2-2, Vernon 0-3-1 and Breckenridge 0-4.

Besides Friday's contest being the end of the first half of the district schedule, it also is one of three remaining games to be played here.

Three of the four second-half games for the Hawks are on the road, as only Vernon and Graham are slated to play here. Those also are the only teams to mar Iowa Park's district record. Vernon tied Iowa Park in the district opener, when the game was called because of darkness.

The Hawks jumped on the Steers early, scoring four runs in the opening inning. They blanked their hosts until the third, when Graham scored three runs.

Iowa Park added its fifth score in the top of the fifth, but Graham rallied in the bottom of that frame to score four more and knock starting pitcher Chad Thompson off the mound.

Despite reliever Jason Young's efforts, the Steers tacked on two more

runs in the sixth, to account for their nine runs.

Iowa Park's rally in the seventh and final inning fell short, as the Hawks were able to get only two more runs across the plate.

Two of Iowa Park's runs were off Scott McNeely's home run over the short, 300-foot outfield fence. Patric Kennedy went two-for-three at the plate and was credited with an RBI.

Three Steers hit balls that cleared the fence for homers, and also had a pair of doubles.

Graham's Toby Dollar did not start the game on the mound, but was sent in to relieve the starter in the first inning, and earned the win.

Friday's game with the Bearcats is to get underway at 4:30 p.m., which will be the same starting time when Vernon comes to town Tuesday to open the second half of play.

SPORTS

Shorts

Erica Knight, who was a starter on the Lady Hawk basketball teams both her freshman and sophomore years, earned the Oklahoma 4-A player of the year in her senior year at Ardmore. After scoring 30 of her team's 43 points in the state tournament semifinals, Knight has reportedly accepted a four-year scholarship to play at Baylor Univ.

Lady Hawks district runners-up

The Lady Hawks finished second Friday in the Dist. 4-AAA track and field championships, qualifying six athletes for the Region One meet.

The Hawks, however, finished in sixth place and qualified only one for the regional.

The Hawk Junior Varsity repeated its 1992 achievement, out-pointing the other JV teams for that division title.

Three of the six Lady Hawks who qualified for regional are repeaters from last year. They are Brandi Catlin, Jennifer Ricks and Christi Welch.

Scott Byrd also qualified last year, and will be the sole Hawk representative at Odessa.

The Lady Hawks amassed 110 points to finish ahead of Vernon, which had 106, but behind champion Breckenridge, which earned the title with 171.

Two pairs of sisters will represent Iowa Park in the May 1 regional meet. They are Jennifer and Julea Ricks, who finished first and second in the discus, and Christi Welch, second in the 800 meters, and Dusti Welch, a freshman who won the high jump.

Jennifer Ricks tossed the discus 113-1, slightly beating her 112-10 1/2 she won with last year, and Julea placed second with a 102-1.

Christi Welch placed second in the 800 last year, with a faster time (2:22.59) than the 2:30.51 she ran Friday.

Catlin qualified in both distance events Friday, placing second in both. She had a 12:32.58 in the 3200-meter run, well ahead of the 13:34.70 that qualified her in 1992. She then edged a Bowie contestant by two seconds with a 6:05.65 in the 1600-meter run.

Dusti Welch won the high jump by two inches over her closest opponent, clearing 5-2.

The sixth Lady Hawk earning a ticket to Odessa was Mandy Threet, who placed second in the 100-meter hurdles with a 15.84.

Jennifer Ricks also placed third in the shot put, with a heave of 32-7 3/4.

Placing third in the 1600-meter relay event with a time of 4:19.58 was the team of Dusti and Christi Welch and Cheri and Lisa Halady.

Dusti, Lisa and Cheri were joined by Briana Stalker to form the 400-meter relay team that finished in fifth place with a 55.21.

Other points earned by the Lady Hawks included: Jodi Young, 4th in the discus, 97-4; Mandy Threet, 3rd in the long jump, 15-11; Christi Welch, 5th in the triple jump, 32-5 1/2; Amanda Thompson, 6th in the 100 hurdles, 18.09; Mandy Threet, 5th in the 300 hurdles, 54.23; and Lori Kyle, 6th in the 1600-meter run.

Most of the Hawks' points were in the pole vault.

Inman, McNeely are All-District

Two Iowa Park High golfers were named to the 4-AAA All-District golf teams, it was announced last week.

Scott McNeely, who finished the three-round district schedule as seventh-place medalist, was a second team choice.

Gina Inman was ninth-place medalist in the girls' competition, and also was a second team selection.

Inman's being named to the select group is significant, in that she is the first Lady Hawk so recognized. This was only the second year for girls' golf in the school system.

IOWA PARK SCHOOL MENU

MONDAY, April 26
Breakfast--Oatmeal, toast, fruit, milk.
Lunch--Corn dog, au gratin potatoes, green beans, dessert, milk.

TUESDAY, April 27

Unless They're Stopped, Southwestern Bell Will Know More About You Than Even The IRS.

By keeping track of who you call, how often you call and how long your conversations last, Southwestern Bell and other Texas telephone companies can create an alarmingly detailed profile of your life.

Fortunately, they have never had any reason to do this.

Until now.

The telephone companies are no longer satisfied with owning a monopoly over local telephone lines. They now want to own and control the information services that flow through those lines.

By using their file on you, these companies could make you the target for all kinds of sales messages

involving your business, your health, your finances, your family life and more.

Call an obstetrician and you could be hounded by diaper services and daycare centers. Call for stock quotes and the telephone company could try to sell you their stock selection service. Call a dating service and the next thing you know the telephone company could try to arrange your social life.

The Texas legislature can go a long way towards preventing this abuse by supporting a two-year study that will provide the true facts behind the telephone companies' desires to be deregulated and free to set their own

policies and rates.

Urge your legislator to vote in favor of a two-year, fact-revealing study that will protect Texans from the monopolistic whims of Texas telephone companies. Because if you remain silent now, everything you say later can, and just might, be used against you. Support the two-year study and protect your pocketbook.

Tell your legislator that you want to be protected from powerful Texas telephone company monopolies.

BOOK SALE CONTINUES - The annual Tom Burnett Memorial Library book sale began early this week, and will continue through Saturday. Almost 1,000 books had been purchased by Wednesday, according to library personnel.

Revival begins Sunday

Beginning Sunday, First Baptist Church will be hosting a "Victory In Jesus" revival, with Dr. Claude Cone as preacher of the week.

Sunday will be "Victory Sunday", with a high attendance in Sunday School. Services will be at 10:55 a.m. and 6 p.m. Services Monday through Friday will be at noon and 7 p.m.

The noon services will include a free meal and all area business people are invited to attend. The service will be concluded in time for these people to return to work by 1 p.m.

Each evening will have a special promotion. Monday will be "Span the Gap Night", with everyone inviting and sitting with people from a different group.

Tuesday will be "Come As You Work Night", when persons will attend services in their work clothes.

"Family Night" will be Wednesday with a pre-service meal for children grades one through six at 6 p.m. and all families sitting together in the service.

"Appreciation Night" will be Thursday and will be observed as a time to say thanks to those who help make the city work. Friday is to be promoted as "Bring A Friend Night," with a youth supper at 6 p.m. with recreation after the services and a time to bring a friend to church.

Dr. Cone is the Executive Director for New Mexico Baptist State Convention and former pastor of First Baptist Church in Pampa. He is a graduate of Wayland Baptist University in Plainview and has two degrees from Southwestern Baptist Theological Seminary.

Claude W. Cone

Dr. Cone has preached in many places overseas as well as in the states. Dr. Cone will begin the revival Sunday morning with a sermon entitled "The Greatest Message You Will Ever Hear" from John 3:16.

The members of First Baptist Church invite everyone to join them for the special week of "Victory In Jesus" revival services.

Helpful Facts

The city's Board of Adjustments meetings are at 6:15 p.m. on Mondays when there is an agenda, in Council Chambers, 103 North Wall. Public notices for all Board of Adjustments meetings are published two weeks in the Iowa Park Leader, and are open to the public.

Do-It-Yourself Tips
Soldering Copper Water Pipes Without Water Interference
Master Mechanic Propane Torch
If you need to solder a broken copper water pipe, try this tip from Parkway TrueValue. Stuff balls of white bread in the line before you solder. The bread will help prevent trickles of water from interfering with your work. After you're done, the bread will dissolve when the water is turned back on. And, when you solder, rely on a quality Master Mechanic propane torch from Parkway TrueValue at 290 W. Bank.

Full Time Realtors, Members of Wichita Falls Association of Realtors and Multiple Listing Service. Over 40 years experience in selling Real Estate, including Farm and Ranch land from West Texas to Clay County and Jacksboro area, and Commercial and Residential property in the Iowa Park - Wichita Falls area since 1958. We also have an active Rental Service, and sell FHA, VA and Farmer Home acquired properties.
Having "grown" and "worked" for and in this city. (Served two terms as Street Commissioner and on Iowa Park City Council), we know Iowa Park and this area as perhaps no other Realtor could. When you need to buy or sell, or need pertinent information concerning your home, call us. We'll appreciate your business, and provide honest and reliable service.
