MRS. LITA WATSON 520 W. CLARA IOWA PARK TX 76367

Council accepts bid to sell landfill Approves year's budget, with no increase in taxes

Rarely does the city council take action on so many far-reaching topics that affect the community, than was undertaken during Monday's regular twice-monthly meeting.

Actions were taken on the sale of the city landfill, approving a plat for a housing addition, and agreeing to allot property for a new senior citizen building.

Additionally, council members voted to approve the 1994 budget that called for no increase in the tax rate.

Prior to taking action on the sale of the landfill, the council heard an appeal from Mrs. Vern Mikkelson that the site's sale to a commercial operator be reconsidered.

Mrs. Mikkelson expressed her concern that the site, when expanded, would be too close to the city, that trash would be hauled here from many other areas, a potential hazard to the health of the citizens might develop, and it would be unsightly to the image of the community

Many of her concerns were answered, by the mayor, some aldermen, and the city's engineer.

Mayor Wayne House responded, "It will be a lot better than you think. It will surprise you how clean an operation it will be, because the trash will be baled, and no paper and plastic will be blowing" over the countryside.

The trash will be tightly compressed into bales before being hauled to the landfill. Not only does that process prevent trash blowing, but the bales take up less space than loose trash.

In response to a concern that the landfill could be elevated in heigth as much as 50 feet, engineer Kerry Maroney said the landfill was not permitted for "aerial" stacking.

Also, to aleviate concerns that the entire acreage might be one huge hole in the ground where trash would be buried, Maroney pointed out that each

pit could be dug only six months in advance. That meant that a six-month life per pit is mandated.

When asked how many more acres than the city's 23-acre tract would be used for the commercial operation, it was reported 220 adjoining acres were being negotiated for a sale.

Following the discussion, city administrator Mike Price announced only one bid had been received, at the advertised specified time, to purchase the landfill, all related equipment, and offer of trash collection.

It was submitted by Bell Trucking Company, in the amount of \$10.

That same bid had previously been accepted by the city, but voided. Then, upon the advice of legal council, the city went through its required advertising and bidding procedure.

Another bid was received, from Texas Waste Management. However, because it was not delivered until 10:45 a.m. Friday, late for the advertised time

of 10 a.m. bid openings, it was returned unopened.

In return for the permitted landfill and all collection equipment, Bell will continue picking up trash in place of the city, at a monthly rate of \$6.75 for residences and \$12 commercial, according to the bid contract.

Time of the changeover in operation was not announced.

The agreement provides that the city's trash will be accepted at no charge for 10 years, in return for the property and equipment. Savings to residents will range well into the millions, House said.

The motion to approve Bell's bid included a provision that an attachment to the bid be disallowed, with the explanation that it was not included when the bid was received.

The attachment contained two sentences: "We reserve the right to negotiate or modify issues in the agreement," and "The agreement will be valid as long as we have the full support of the city of Iowa Park on all issues concerning collection and landfill."

With the acceptance of the plat for Park Place Addition, which is a tract of land north of Country Hills Estates, Iowa Park's size will be increased by the site's annexation.

Proposed by Tommy Key and Tommy Hammonds, the development is planned to be completed in four phases, and will include the equivelant of some 14 city blocks.

The development is bounded on the west by Johnson Road, and extends eastward to a line equal to Fourth Street.

Rev. Mike Grubbs, in his capacity as president of The Friendly Door board of directors, appeared before the council to request enough land next to the RAC that a new senior citizens center could locate.

He explained that the present location does not meet requirements of the Americans with Disabilities Act, and financing of construction possibly can come from grants.

The request included land for the center, site development, and an expansion of the RAC's parking lot.

He was assured the city welcomes the center at the proposed location, and the city's attorney will be contacted for details on how to proceed.

The proposed city budget, which calls for expenditures of \$2,767,700, was formally adopted, and the present tax rate of 80 cents per \$100 valuation remains unchanged.

The mayor explained that \$.1039 of the tax rate is for bond retirement, and \$.6961 is for general expenses.

Included in the balanced budget are \$1,726,100 for the general fund, and \$1,036,600 for the water and sewer fund.

Administrator Price presented a list of "needs" for the water and sewer department, which includes a new water tower on Johnson Road and north of US 287.

No action was taken on the proposal, which calls for \$1,265,000 for the water system and \$1,322,000 for the sewer system and will require a bond issue, so council members could study the plan.

A request that portions of Cash and Wall be closed Saturday, Oct. 2, for the annual Whoop-T-Do was approved.

Hawks heading north to take on Bombers

News Briefs

City receives 2.6-inch rain

Though Virgil Woodfin reported he had measured 2.63 inches of rainfall over a three-day period, he admits that the total at his home was likely more than his gauge caught.

The reason all the precipitation didn't reach the bottom of his gauge is high winds. Strong winds accompanied Monday afternoon's storm.

Some residents reported having

Open House slated at Kidwell

Kidwell Elementary will hold its annual Open House Tuesday from 6:30 to 8 p.m.

The times for each grade will be kindergarten, 6:30 - 7:00; first grade, 7 - 7:30; and second grade, 7:30 - 8.

Commodity distribution set today

U.S.D.A. food commodities will be distributed to eligible recipients between 3 and 6 p.m. today, at the First Christian Church.

Still room for more parade floats

From the number of entries that have already signed up to participate, this year's high school homecoming parade could be impressive.

But there's still room for more, according to Carole Venhaus, sponsor of the Iowa Park High Student Council which coordinates the annual event. The parade will wind its way 4715.

On the distribution list are butter, peanut butter, dried beans and apple juice, according to Frances Park, local

through the downtown business area in the afternoon prior to the Oct. 1 homecoming football game.

Organizations and individuals wishing to have entries in the parade, which will have a theme of comic strip and cartoon characters, should contact Mrs. Venhaus at 592-2144 or 592-

here last year, when the Oklahoma club handed the Hawks their third loss of that season, 18-9. There are 18 seniors and 19 juniors on the Bomber roster.

Frederick has a 1-1 record for the season, but that loss didn't make the Bombers hang their heads. They lost by a 47-21 margin to Clinton last week. But Clinton is the top-ranked Class AAAA team in Oklahoma.

The Bombers are expected to use their size, as well as speed, to their advantage in a ground game, much like last year when they out-gained the Hawks 311-166 rushing.

Commenting on his team's 0-2 record for the young season, Coach Robert Clensay said, "We have a good football team" even though it has lost both its games thus far.

"I have total confidence in them,"

Continued on page 13

Board hears comments

The Iowa Park School Board of Trustees held a public hearing on the proposed tax rate of \$1.16 for the 1993-94 school year during a clled meeting Monday evening.

The board will set the tax rate during a regular meeting at 7:30 p.m. Monday at the junior high library.

Two residents of the school district were in the audience at the hearing to question board members on the proposed increase.

Superintendent Glen Mitchell proposed several reasons to set the rate at \$1.16. He told trustees that the Texas Education Agency recommends for school districts a three-month carryover, which would amount to \$1.5-million for Iowa Park. Iowa Park, he said, has one of the lowest fund balances per pupil enrolled in the region.

He also said the district has many maintenance needs that have been ne-

glected in the past, as well as a need to build permenant kindergarten classrooms.

Iowa Park school trustees will set

the tax rate Monday night to find this

year's operation, but there is question

John Williamson told board members that much money could be saved in administrative costs in the county school districts would consolidate. "That's how it was when I was in school," Williamson stated.

Board members were quick to point out that a lot had changed since that time and that local school districts would lose a great deal of control over tax money in that situation.

Former trustee Denny McCarthy addressed the board, stating that since Iowa Park is trying to encourage new residents to move into the area, a lower tax rate would make our school district more attractive.

Trustees countered McCarthy, saying that even with the proposed rate of \$1.16 Iowa Park still has the lowest tax rate in the county.

key topic of trustees

Setting of tax rate

The board two weeks ago adopted a \$7,763,906 budget, but decided to not adopt a tax rate until this meeting.

NEAR TRAGEDY - Iowa Park High School senior Scott Wayne Essary, 17, escaped serious injury

because he wore his seat belt, when his car crashed in an irrigation ditch Tuesday afternoon. Essary

was traveling east on FM 367 about 2:50 p.m. when he apparently lost control, crossed a barrow ditch

and flipped one and a half times. He was transported by ambulance to a Wichita Falls hospital.

Supt. Glen Mitchell is proposing a four-cent increase above last year, to \$1.16 per \$100 valuation.

However, there is a resistance by some of the board. Four trustees cast unofficial votes against setting the tax rate at \$1.16. They included Randy Catlin, Wendell House, Dennis Yeager and Keith Fisher. Martha Dudley, Sheri Kennedy and Max Henderson said they would support the increase."

So, the maximum the board can adopt, according to their required legal advertisement, would be \$1.16. And it could be anything less than that, if the majority of the board agreed.

Iowa Park district taxpayers paid \$1.12 last year, including local and County Education District rates. The CED no longer exists, having been declared unconstitutional.

Besides reports from each of the campus principals, and a time given for patrons who may wish to address the board, the rest of the tentative meeting agenda includes:

* accept/reject bids for computer hardware and software;

* approve/reject requests for field trips;

* approve/reject requests for fund raising activities;

* approve/reject student transfer requests:

* approve/reject use of the junior high gymnasium for a donkey basketball game sponsored by the FFA Booster Club on Jan. 22;

* accept/reject football stadium and gym concession stand contracts for the 1993-94 school year;

* report on NAPT (Norm Reference Assessment Program for Texas):

* report on evaluation of Drug Free Schools and Community's Program;

* report on evaluation of Chapter 2 program;

* school board policies - first reading of Update 44;

* review long range needs, five year maintenance plan and board goals:

Also on the agenda are regular monthly reports on transportation department and cafeterias, as well as the superintendent's report on enrollment.

Parents are asked to come only during the time that their child's grade

project coordinator.

Avery to lead First Christian revival

Thursday, Sept. 16, 1993

Iowa Park, Texas

A three-day revival will begin Saturday at First Christian Church, 210 E. Cash, led by Johnnie Lou Avery of Big Spring.

EADER

Page

2

Mrs. Avery is an elder of First Christian Church in Big Spring, where she is one of three church trustees, and co-chair of the Pastor Search Committee.

Title of the Saturday evening speech by the businesswoman, political activist, public service volunteer, church and civic leader is "Fully Committed". The meeting will begin at 7 p.m. An ice cream social will follow.

Sunday at 10:55 a.m., her speech will be "Personally Committed". A fellowship dinner will follow. At 2 p.m. Mrs. Avery will conduct a Parenting Seminar and at 6 p.m. there will be a Youth Rally. Adults are encouraged to attend the rally.

"Praisefully Committed" will be discussed Monday evening at 7. A dessert tasting will follow.

Childcare will be provided for all sessions.

Mrs. Avery's influence is felt in many parts of the nation. She has had experience in both public schools and college administration. She served three years on special assignment to the U.S. Office of Higher Education in Washington, conducting high school and college workshops. She was appointed by U.S. Office of Education to conduct a special project in 30 largest U.S. cities aimed at ghetto basic education programs.

She has had free-lance works published in magazines and newspapers including two weekly newspaper columns and has edited books and textbooks for publishers and is in the process of collecting data and doing research to write a book on development and effective management of community organizations and nonprofits.

Mrs. Avery established and successfully operated a small company with widespread associates and clients. Helped plan and establish three other small companies as a silent partner. She was named SBA Regional Outstanding Women Business Advocate in 1985 and Big Spring

Johnnie Lou Avery

Outstanding Small Business Person of the Year in 1987, and is vice president of the board and major stockholder of Euphoria, Inc., a sports, health, and physical fitness center.

She has been active in governmental circles and has lobbied in Washington on various occasions. She received Gov. Ann Richard's appointment to both the Nursing Home Administrators Licensing Board and the State Department of Aging Advisory Board, is chairperson for the Texas Board of Licensure for Nursing Home Administrators and was named to the Governor's ad-hoc committee to write a state-wide plan for prevention of teenage pregnancies and sexually transmitted diseases.

Mrs. Avery was the first recipient of the National Award of Public Service to foster positive relations between federal prisons and communities. She has received numerous special awards from youth organizations and serves on the executive committee of Long Range Planning for the next 20 years of Girl Scouting.

She has served on the Salvation Army Advisory Board 15 years and is currently chairperson of the board. She was chairperson of the Capital Campaign Drive that exceeded the goal of \$750,000 and serves on the Salvation Army State Board. She serves as president of the Samaritan Counseling Center Governing Board of West Texas and holds an office with Church Women United.

Mrs. Avery was named Texas of the Year for her state-wide leadership by Texas Association of Extension Home Economists.

Mrs. Avery has been nominated for the Governor's Humanitarian of the Year Award, and has received numerous other awards, citations and special honors, and was included in the publication, Outstanding Women of the Permian Basin.

The Avery family has been active members of the First Christian Church in Big Spring many years. Her husband died in 1990 and before his death he was given the rare title of Elder Emeritus in recognition for his years of service. They had one daughter, Joni, who is following in the footsteps of her parents.

In 1979 Mrs. Avery opened Avery and Associates, a consulting company in personnel development, contracting nation-wide with business, education, and government agencies. She also is a well-known banquet and convention speaker.

Mrs. Avery has been the keynoter on several occasions for youth groups and camps. And, as a part of her business, she speaks all over the country to businesses and organizations, using her Christian beliefs and ethics to influence others.

D.A.R.E. DAY PROGRAM - The entire Bradford Elementary student body turned out Thursday afternoon for a program observing D.A.R.E. Day in Iowa Park. A proclamation was read by the city mayor, Wayne House, and presented to principal Pat Cravens. Officer Laura Perkins, D.A.R.E. coordinator, also took part in the program, which ended with a balloon release.

Mr. and Mrs. D.K. Wallace Couple celebrates 50th

Mr. and Mrs. D. K. Wallace of Weslaco celebrated their 50th wedding anniversary in Wichita Falls Sunday, Sept. 5.

Wallace and the former Opal Evelyn Byrd of Iowa Park were married Aug. 8, 1943 in Wichita Falls in the home of their pastor, Rev. L.H. Hood.

The couple met at Sheppard Air Force Base (then Sheppard Field), where Staff Sgt. Wallace was an airplane engines instructor and Mrs. Wallace was a secretary.

Mrs. Wallace graduated Iowa Park High School in 1939 and attended Midwestern State University (then Hardin Junior College).

The anniversary celebration was planned by the Wallace children, Richard Wallace of Waco, and Nancy Prahl of Grand Prairie, and their families. Three grandchildren of the honored couple attended and assisted in the special celebration.

The anniversary cake was served by Mrs. Wallace's niece, Joy Lyons.

On display at the celebration were Mrs. Wallace's wedding dress, a Staff Sgt. pin and earring set, the first gift from Wallace, and the first Easter and Christmas Greeting Cards Mrs. Wallace received from her future husband.

A money tree was presented to the couple.

For jewelry, Mrs. Wallace

an heirloom cameo necklace that was an engagement gift to her mother from her father in 1919.

Mrs. Wallace's mother, Mrs. Byrd of Wichita Falls, and her sister, Joyce Hallum of Iowa Park were in attendance.

the day entitled "Recipe for Success," and Mrs. Fortner said her theme for the year will be "Ours for a Time." During the business session, Frances George was elected as the club's historian. This year's officers

Beer.

Kathy Guy was introduced as a new member, and Sheri Kennedy won the door prize, a raffia scarecrow, made by Ida Cobble.

During the business session, conducted by Sheri Albus, the group include: Fortner, president; James, vice president; Bonnie Illingworth, recording secretary; Carolyn McCullough, corresponding secretary; Gala Mikkelson-Pinnex, treasurer; George, historian, and Jo Gilbert, parliamentarian.

Garden Club begins new year

Mrs. James distributed yearbooks and went over this year's projects and programs, as well as each member's duties for the year.

Flower show chairman, Louise Clapp, informed the group that the annual flower show will be held Oct.

This

2, at the First Christian Church. The theme will be "Expressions of Nature."

Page

3

Kay Cole, chairman for the Yard of the Month committee announced that the Yard of the Month for September belongs to Gerald and Pat Logan who reside at 701 West Louisa.

In other business, Mrs. George said that the club would be applying for a grant from Shell Oil Company. The environmental funding program

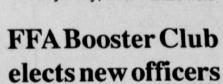

sponsored by Shell, entitled PETALS (Protect the Environment through Action, Learning and Service), is to help communities with beautification projects.

Mrs. James used the indoor and outdoor plants growing at her country home as the horticulture display for the meeting.

The next meeting will be Sept. 21, at the home of Frances George. This meeting is designated as "Guest Day."

New officers were elected Monday night during a meeting of the FFA Booster Club.

The slate includes: Jackie Downs, president; Jerry Hogan, vice president; Tina Dipprey, secretary; Rhonda Baumer, assistant secretary; LaRonda Downs, treasurer, and Penny Atchley, reporter.

In other business, the group planned the meals they will offer to the public before the next two home football games.

On Sept. 24, prior to the game played here against Memphis, they will have a fish fry with potato salad, cole claw, baked beans. Before the homecoming game on Oct. 1, they will serve chicken fajitas. These meals include coffee, iced tea, and all the trimmings, and is a major fundraiser for the club.

Preceding the business meeting, a covered dish supper was served.

Whoop-T-Do King and Queen Contest

Epsilon Eta Chapter of Epsilon Sigma Alpha International invites all boys and girls in the age groups of 0-3, and 4-7 to compete for WHOOP-T-DO KING AND QUEEN. A king and queen winner will be named for each age group. Votes are cast by a penny per vote. The winners will be determines as being the child who has collected the most penny votes. the winners will be crowned at the Whoop-T-Do celebration on Saturday, October 2, 1993. Anyone within the Iowa Park School district may enter.

ESA is a non-profit organization which supports many projects within the community.

Just 51 more issues of the paper, and I'll not be a "newcomer" in Iowa Park anymore.

Yep, we've completed 24 full years of publishing the Iowa Park Leader. In our first days around the local coffee shops, I was often informed that I'd be a newcomer until we'd lived here 25 years.

Our first edition was distributed on Sept. 15, 1969.

Looking back at that initial issue brings back a lot of old, good memories: the conditions under which it came about; what was happening at the time; people named and where they are now, and, mostly, the changes in our community since that time.

Rental property was just as difficult to find then as it is now. But we got lucky, and found a nice place on West Magnolia. Would you believe our nextdoor neighbor is now the mayor of the city, Wayne House?

Our first office was just a few doors west of our present location, in the old Overbey Building, now owned and occupied by Dwayne Williams.

We moved the week after Labor Day, and didn't even have typesetting equipment. I made a trip to Austin to buy a used piece of equipment, because I knew I had to come out on that particular date.

Why? Because school opening was postponed, and the Hawks didn't play their first game until Sept. 11. In Iowa Park, in those days, if you missed those two events, you might as well wait another year to start a newspaper.

In case you didn't know, or had forgotten, school opening was put off a week, because all the plans were changed in late summer. Seems the new high school building hadn't been completed, and those students, all 558 of them, were forced to spend one more semester in the W.F. George High building.

The four main stories on that first front page were "Watkins warns against taking

proposals," "Schools open here with 2,041 pupils," and "Proposed bank stock is sold."

Then coach Tommy Watkins had told Hawk fans not to take the Decatur Eagles lightly, just because the Hawks had blown the Burkburnett Bulldogs away, 44-7, in the season opener. The team went on to earn the coveted state class AA (that would be AAA now) championship with a perfect 15-0 record.

There were two issues on ballots for city voters Sept. 13, and both were defeated. One was an urban renewal plan, that failed 404-245, and the other was a proposal to adopt a zoning ordinance, which also failed 302-348.

After all 200,000 shares in a proposed state bank for Iowa Park were sold, an application was filed in Austin seeking a state banking charter. Chairman of that group's board was none other than Stanley Williamson, who eventually bought the existing State National Bank. Listed as the local group of record on the application were Williamson, Fred Parkey, Glen Miller, Donald Schram and C.E. Myers.

There was another familiar name in that article. The chairman of the Banking Board was Robert S. Strauss, who later became national chairman of the Democratic Party and ambassador to Russia.

The new high school building was needed, because district-wide, classes welcomed 128 more students on the first day of school than the previous year, school trustees were informed.

One of four new teachers hired that year was a fellow named Greg Clary, who had just graduated East Central Oklahoma, and was hired as athletic director at Kidwell Elementary. Clary became the first baseball coach at IPHS, and took his 1975 team all the way to the state tournament.

Oh, also in that board story, trustees were informed that they no longer had to burn trash at Bradford Elemen-

IOWA PARK JR. HIGH SCHOOL

at

made for the city to pick that stuff up! There was one other employee on the staff besides Dolores and me. Our typesetter was Annetta Reusch, who is now the journalism instructor at Wichita Falls High.

Our first wedding story announced the marriage of Linda Kay Steger to James Robert Merrick.

One of my fondest memories of that issue was a three-quarters of a page signature ad from Littlefield, where we had lived before moving here. It had 50 businesses who financed its publication, both to help us in our new venture and to introduce me to the community.

Our first merchandise advertisements by local businesses included Parkway Furniture, Shaw Ford Company, State National Bank, White's, Duckworth Chevrolet, Lone Star Gas, Park T.V. & Furniture, Park Pharmacy, A&K TrueValue, Settle Drug Store, Flowers by Shirley, and Kidd's Auto Supply.

That eight-page issue, as well as all issues for the following two months, were delivered door-to-door throughout the community by the Hamilton family. It was our way of introducing our product, while we were selling subscriptions.

My first column included a statement I've repeated from time to time. "I've vowed not to move again. At least, not from Iowa Park. And it's not just my fear of moving and the effort it requires that makes me say that. I've found the people of this community so open-hearted, so genuinely friendly and interested, that a move from here would be unthinkable."

I haven't changed my mind, and likely won't for another 24 years.

Тах	\$390.89	\$_406.00 (proposed)
INCREASE \$15.11 per year or \$1.26	per month.	

Keith Fisher and Matty Lou

Kay Fisher told us that since their daughter Cassie went off to college, her husband, Keith, has taken over most of the cooking duties. In addition, he insists on cleaning up the kitchen when he has finished.

Naturally we couldn't pass up a find like that, so we asked him to be the Leader's Cook of the Week.

He agreed and brought in some great recipes. Some are originals, others he has added or deleted ingredients to come up with the taste he likes. Some are unusual such as "Old English Prime Rib" which requires the use of a hammer or mallet before it can be served.

Keith has a nine-month-old Irish Setter named Matty Lou. She was a Christmas gift from his wife and daughter the year Cassie entered college. The auburn-haired beauty tagged along with Keith to the interview, and he asked, "since Cassie is away at college, can Matty Lou be in the picture with me?" How could we refuse?

Keith grew up and graduated high school in Marlow, Okla. He received a degree in business economics at Cameron University at Lawton, and attended the Oklahoma City Law School.

His wife Kay was an "Army brat" and lived in several foreign countries. including Japan and Germany, when she was growing up, but she considers Marlow her hometown.

The Fishers moved to Iowa Park, where they own and operate K&K Foods, in December of 1985.

Their daughter Cassie, a graduate

Old English Prime Rib Prime rib or standing rib roast 1 tsp. MSG powder 1 tsp. paprika 1/2 tsp. salt 2 tsps. cracked black pepper 2 Tbsps. Worcestershire sauce Ice cream salt

Combine all seasonings and rub into roast.

In a large, heavy pan, such as the bottom half of a roaster, pour a layer of rock salt until bottom of pan is completely covered. Lightly dampen salt. Place roast in pan, in standing position. Cover roast completely with rock salt, allowing salt to avalanche off roast and then build itself back up until meat is completely covered. Dampen salt very lightly with water. All of roast must be completely covered.

With no cover, place salt-covered roast into pre-heated 500 degree oven (yes, 500 degrees) and cook 20 minutes a pound for well done, or 15 minutes a pound for medium done.

The rock salt will be set up very hard and must be broken with a hammer or wooden mallet. Remove all salt sections and brush away all remaining salt crystals from meat.

This method of cooking does not give roast a salt flavor, but rather traps all the flavor and juices within the roast, and shrinkage is minimal.

Crawfish Pie

(Shrimp can be substituted) 1/4 cup vegetable oil 1/2 cup all-purpose flour 1/2 cup chopped green onions 1/4 cup fresh parsley 1 cup water 1/2 tsp. minced garlic Louisiana hot sauce (to taste) 1/2 cup fresh, chopped mushrooms

*Roux is a browned flour base for Cajun cooking, usually 1 part liquid oil (shortening, bacon grease, lard, olive oil, etc.) to 2 parts flour. It is best made in a cast iron skillet on top of the stove. Cook on medium heat, stirring constantly, while roux changes from cream to dark brown coloring. Don't burn it. If you do, throw it out, wash skillet, and start over.

* Chayote, also called mirliton, is a crisp, pear like vegetable grown on a vine, resembling a squash.

This dish not only tastes good, but really gives the kitchen an excellent. spicy aroma that impresses any occasional guest.

Beef Brisket

I like to say my brisket is as moist as a goodnight kiss, tender as a school teacher's heart, lean as a cowboy's wallet.

REMEMBER: Never trim off fat of brisket until later. Don't buy skinny, thin, or trimmed briskets, as they tend to dry out. SLOW cooking is the secret to tenderness.

Use an outdoor smoker that has indirect heat and a water pan. Build a good medium fire with water-soaked hickory or pecan chips for smoked flavor. I also use mesquite, but I remove the bark from the wood because it makes the smoky flavor just too strong.

Cover brisket with dry rub (recipe follows) and place on grill, fat side up. Cook 8-12 hours over medium heat. Remove and cover brisket with aluminum foil. Bring indoors and put brisket in roaster pan and cook in oven at 225 degrees another 6 hours, or 1 hour per pound. Remove from oven, trim off fat, and slice brisket across the grain. Serve on tray separate from barbecue or meat sauce.

Sour Cole Slaw So many Cole slaw recipes are

sweet, but this one is distinctively sour. Shred: 1 medium head cabbage 3 carrots

Or better yet, just buy a pkg. of cole slaw mixture from store.

Chop up: 1/2 bell pepper 1 medium onion Combine in large plastic bowl.

Combine in pan over medium heat: 1 1/2 cups cider vinegar 1 Tbsp. vegetable oil 1/2 tsp. sugar 1 tsp. celery seed

Bring to a rolling boil; remove from heat and pour over cole slaw. Stir and add salt and pepper to taste.

Good served with brisket. Cover any leftovers with plastic lid. Slaw gets better when stored in refrigerator about a week.

Chocolate Dream Pie

1 no-bake graham cracker pie shell 1 pkg. instant chocolate pudding 2 - 8 oz. tubs chocolate Cool Whip

Make instant pudding according to directions. Fold in 1/2 cup (4 oz.) Cool Whip into pudding and pour mixture into pie shell. Cover pie with 8 oz. (1 tub) of chocolate Cool Whip. Cover pie with chocolate sprinkles.

This recipe is really Kay's, but I like to tell everyone it is my Chocolate Mousse Pie recipe.

LEADER

Public meetings set to review impact of solid waste issues

Page

5

Keep Texas Beautiful, Inc. (KTB) and the NORTEX Regional Planning Commission are sponsoring a series of regional public meetings to review the impact of solid waste issues on the region.

Due to new federal regulations affecting landfills, residents and business owners face rising garbage collection and disposal costs.

Workshops in this area include: Quanah, Tuesday, Sept. 21, noon, at the Community Center; Henrietta, Tuesday, Sept. 21, 7 p.m., at City Council Chambers, and Burkburnett, Wednesday, Sept. 22, noon, at First National Bank.

The workshops will be conducted by Sharla Hotchkiss of Keep Texas Beautiful, Inc., a state-wide private non-profit environmental education and awareness organization. Hotchkiss is a Community Outreach Trainer with KTB and serves as the City of Midland Recycling Coordinator.

Matt Marrs, geologist and planner with the NORTEX Regional Planning Commission and Barbara Fangmann of the Wichita County Extension Service will also be featured experts. There will be plenty of time dedicated for a question and answer session.

The workshop is part of KTB's state-wide Texas Communities Solid Waste Education and Training Program. The overall goals of the training workshops are to provide public awareness of solid waste issues impacting the North Texas Region and increase public awareness of the options available for the home and work place, emphasizing that all citizens can and must take action to reduce the waste stream.

Look Who's New

Nolen

A son, Lucas Cole, was born Sept. 7 to Dr. and Mrs. Robert E. "Bubba" Nolen of Flower Mound. The baby's parents had been vacationing in Telluride, Colo., and were flown to Albuquerque, N.M. where he was born at 2 :22 a.m. at Children's Medical Center, University of New Mexico Hospital. He weighed two pounds and two ounces. He is the couple's first child.

Grandparents are J. C. Hester of Fort Worth, Lois and Gordon Trustee of Greenville, and Robert and Mary Ann Nolen of Iowa Park.

Great-grandparents are Mr. and Mrs. W.T. Crawford of Iowa Park.

Hogan

Jimmy and Debbie Hogan are parents of a daughter, Kimiko Nichole, born Aug. 6 at 9:51 a.m. at DFW Medical Center, Arlington. She weighed seven pounds, four ounces and was 20 inches long.

Grandparents are Mr. and Mrs. Virgil Parks of Iowa Park and Mr. and Mrs. James Hogan Sr., of Arlington.

Great-grandparents are Mr. and Mrs. B. F. Holloway and Mildred Parks, all of Iowa Park.

of Iowa Park High School, is a junior student at Austin College in Sherman. She is planning a career in international relations, and is studying foreign languages, business, economics and government.

Keith is president of the Iowa Park CISD Board of Trustees, where he is serving his second term, and is a member of the Iowa Park Chamber of Commerce. He is a Third Degree Mason.

He enjoys outdoor activities, especially fly fishing, and likes to fish in Colorado and New Mexico. Keith said he use to cook and eat the fish he caught, but now he catches them and then turns them back.

An avid reader, Keith especially likes novels written by Ken Fowlett, Michael Crighton and John Grisham.

TAX TIPS by Lori M. Shierry, CPA

Beware of the hidden future income tax hiding behind the disguise of a TAX FREE GIFT!"

There are several areas where estate planning can be equally as important for those with an estate of less than \$600,000 as for those with an estate of \$600,000 or more.

An area commonly overlooked in estate planning involves a practice by many elderly persons of gifting their home or other property to their children or other heirs. This can provide an orderly dissolution of the estate and eliminate probate or other problems that exist involving property of the elderly.

A gift of a personal residence not properly can transfer an unnecessary, but substantial, income tax burden to the beneficiary of the gift. In the hands of the person 55 years of age or older the property can be disposed of by sale with or without the recognition of a substantial amount of gain due to a one time election available to persons over the age of 55. Once the property is gifted the availability of the election to exclude part of the gain on a residence will be lost.

Even in a small estate one should realize that a gift transfers the property with a cost basis, for sal purposes, equal to that of the person making the gift. This basis is often times substantially low. If the property is transferred by a will a new basis is created which is equal to the fair market value of the property as of the date of death.

You may have been told that you do not need to talk to the CPA about estate planning. But, if you think estate planning is only for the rich and famous you may unknowingly step into a situation that is extremely undesirable for you but beneficial to the Internal Revenue Service! The decision to transfer property by gift prior to death or to transfer property under a will, regardless of the size of the estate, should be carefully analyzed. The wrong gift made from any size estate can include the gift of unnecessary income taxes to Uncle Sam. In many circumstances, proper planning can accomplish the same result except you can eliminate hidden income taxes to the recipient of the gift.

Program highlights uses of fiberglass

Fred Krautz, vice president of Research and Development Vetrotex Certain-TeedCorp. in Wichita Falls, spoke to the Evening Lions Tueaday. He was introduced by Harvey Troutman, club president.

To introduce his lecture and film presentation, Krautz said that Certain-Teed, which started in Wichita Falls in 1977, is the largest industrial employer in the area and now has over 1,000 employees. In giving its history, he said that it started in the United States in 1904 and now has operations in eight foreign countries.

Fiberglass was the subject of Krautz's comments and film presentation which showed how fiberglass is made from clay, silicia and sand, how it is used, applications that all recognize, and how it fits in the world markets.

The program revealed the many uses of fiberglass, some of which included the usage in boats, farm equipment, signs, telephone booths, car frames, in homes, etc., and some of the future applications for fiberglass vehicles. He used a chart showing what Certain-Teed had meant to the nation since 1970 and what it promises by the year 2000.

During the business, Donald Hall was inducted as a new member and he was pinned by Sam Hunter, his sponsor. It was voted to host the next zone meeting in November.

KIDWELL

GRIN Program

A new program has been initiated this year at Kidwell. The GRIN (Guidance Really Is Neat) is in place this month, according to counselor Janet Bowling.

Mrs. Bowling will have a special topic each month regarding self-help skill and self-esteem. She will go into the classrooms twice a month to discuss the topic with the students. September's topic is "uniqueness." "Pet" Projects

Mrs. Padgett's and Mrs. Moody's second grade classes has two special guests in their classrooms this week. Toni DeStefano and her can

friend, "Sprocket," visited the classrooms to emphasize the importance of owner responsibility in the care of pets. The theme was a part of the classes' reading and science units that are being studied.

The units concluded with a "Pet Parade" in which students shared pictures which they had created of their own pets.

Mrs. Brandt's second grade class is studying pets in reading this week. To end the study of pets, the class will have a "pet show" on Friday afternoon.

Beautification group has workday Saturday

Page

7

Fourteen members of Iowa Park Clean & Green worked Saturday morning at Oscar Park clearing out underbrush and pruning trees. A truck, furnished by the city, hauled off five loads of limbs and debris.

This was the second Saturday the group has worked on the north end of Oscar Park, and it was estimated that it will take at least two more work days to complete this phase of the project.

The group plans to meet at the park at 8 a.m., Sept. 25, to continue clearing the area.

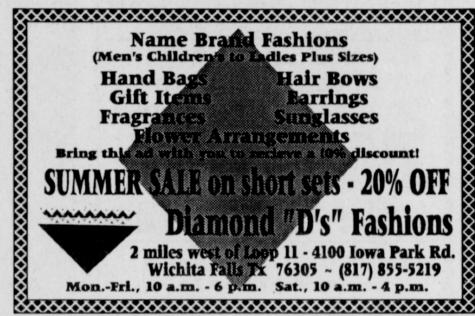

Iowa Park Clean & Green is a volunteer group of citizens who are working toward the beautification of the city, in addition to placing emphasis on recycling, anti-littering, and education of the public on these matters.

Individuals or organizations who want to become a part of this effort can do so by contacting Dolores Hamilton, 592-4431, or Frances George, 592-4197.

Class of '78 plans 15-year reunion

Iowa Park High School's graduated class of 1978 is planning its 15year reunion Oct. 1-2-3, during homecoming weekend.

Hawk mistakes are costly

Penalties and turnovers again spelled defeat for the Hawks Friday night, when they dropped their second game of the young season to the Childress Bobcats, 20-3.

It was the third consecutive loss to Childress in a series that has been marred each year by Iowa Park turnovers. The Hawk offense lost possession four times, three interceptions and one fumble. That was the same number as the 1991 season, and last year Iowa Park suffered six losses of the ball.

The Hawks led 3-0 at halftime, on an unusual field goal by Don Ellis. The soccerstyle kicker boomed a breeze-aided 48yarder that sailed over the crossbar in a tight spiral, rather than end over end.

The first quarter was a defensive battle. Iowa Park didn't pick up its initial first down until 1:07 remained in the period. And the Mean Green defense held Childress without a first down until the second play of the second quarter.

Iowa Park had possession of the ball five times in the first period. The Hawks ran three plays and punted on three possessions,

lost possession on an interception, and a holding penalty thwarted the fifth drive.

Childress was stalled on the Hawk 36 early in the second quarter, and Iowa Park drove to the Bobcat 27 on the following series, capping it with Ellis' scoring kick.

Iowa Park's only other possession in the second period ended on an interception.

Bobcat quarterback Wade Keys took command during the second half, breaking open on broken field runs and, in the fourth quarter, completing three of seven passes, one for a touchdown.

The host club scored on its first possession after the halftime break, capping the drive on a one-yard plunge. The Bobcats' final possession was a one-play series that covered 34 yards.

In their four possessions of the final quarter, the Hawks lost the ball on their own 30, stalled out at the Bobcat 47, turned over possession on their 34 after a sack of alternate quarterback Jason Young, and, on the last series, were intercepted.

were Ellis, who gained 35 yards on 15 carries, and Lozipone, who had 21 yards on three runs.

Brent Brown again led Iowa Park receivers, catching five passes for 63 yards.

Clint Scobee brought Hawk fans to their feet on two consecutive plays. The defensive tackle sacked Childress' Keys on two consecutive plays in the second period, for seven and nine yards. The second tackle almost gave Iowa Park two points, but the ball was downed on the one yard line.

Matt Bowden covered a Bobcat fumble for Iowa Park, and yard-costing tackles were credited to Bowie Farr, Tim Denton and Keith Hoover.

Local resident needs help

Susan Swanson, a 29-year-old lifetime resident of Iowa Park, has recently been diagnosed with "Primary Pulmonary Hypertension," and a heart and lung transplant has been deemed the only means of saving her life.

The daughter of Mr. and Mrs. Harold Swanson was an employee of B&R Thriftway when she was admitted to a Wichita Falls hospital Sept. 2. She has a son, Jason, who is in the third grade.

Primary Pulmonary Hypertension is caused by a malfunction in the lung, which has already caused an enlargement of Susan's heart and seeping of the arteries.

The family has no insurance. A fund has been set up to raise enough money to pay for Susan's transportation to a hospital more experienced in treating her condition.

Donations can be made to: "Swanson Fund" at the Bank of America in Iowa Park.

Susan Swanson and Jason

GENEALOGY WORKSHOP Monday, Sept. 20 from 7 to 8:30 p.m., Lita Watson will present the workshop.

Come join us for an informative hour and a half. Ms. Watson has informed me that she has enough material to cover a four-hour time span, so we invite you to become a part of this workshop. Advance sign up will not be necessary for this workshop.

WINNER

Matt Halstead, a fifth grader at Bradford, was the lucky winner of a drawing that was held at the library last Saturday.

This drawing was in conjunction with the D.A.R.E. program. Matt received a \$15 gift certificate to Waldenbooks

THANKS

We would like to thank the Fraternal Order of Eagles for their generous donation of \$300.

Books on Tape, and for large print materials.

PUBLIC NOTICE BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS SPECIAL ELECTION **NOVEMBER 2, 1993**

PROPOSITION NO. 1 ON THE BALLOT

Senate Joint Resolution 9 proposes a constitutional amendment that would authorize the Texas Legislature to provide for the issuance of bonds for the state financing of start-up costs for historically underutilized businesses. The amendment provides that the legislature by law may establish a Texas historically underutilized business capital growth and start-up fund. The money in the fund may be used without further appropriation and only for a program established by the legislature to aid in the start-up costs of a historically underutilized business, as defined by the legislature. To carry out the program, the legislature may issue up to \$50 million of general obligation bonds to provide funding. The legislature may require review and approval of the issuance of bonds, the use of the bond proceeds, or of the rules adopted by an agency to govern use of the bond proceeds. Bonds authorized by the amendment constitute a general obligation of the state.

The proposed amendment will appear on the ballot as follows:

PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 49 proposes a constitutional amendment that would prohibit a state personal income tax without voter approval and would dedicate the proceeds of any income tax, if enacted, to property tax relief and education. The amendment provides that a general law enacted by the legislature that imposes a tax on the net incomes of natural persons, including a person's share of partnership and unincorporated association income, must provide that the portion of the law imposing the tax not take effect until approved by a majority of the registered voters voting in a statewide referendum held on the question of imposing the tax. The referendum must specify the rate of the tax that will apply o taxable income

The amendment also provides that a general law enacted by the legislature that increases the rate of the tax, or changes the tax in a manner that results in an increase in the combined income tax liability of all persons subject to the tax, may not take effect until approved by a ity of the reg in a statewide referendum held on the question of increasing the income tax. The referendum must specify the manner in which the proposed law would increase the combined tax liability of all persons subject to the tax. The legislature may repeal, or amend without increasing, a tax approved by the voters without submitting the amendment or the repeal to the voters. If the legislature repeals a tax approved by the voters, the legislature may only reenact the tax without voter approval if the effective date of the reenactment of the tax is within one year of the effective date of the repeal of the tax. The amendment also provides that, in the first year in which an income tax is imposed, and during the first year of any increase in the tax, not less than twothirds of all net revenues from the tax shall be used to reduce the rate of ad valorem maintenance and operation taxes levied for the support of primary and secondary education. In subsequent years, not less than two-thirds of all net revenues of the tax shall be used to continue such ad valorem tax relief. The net revenues of the tax remaining after the dedication of money for reduction of ad valorem maintenance and operation taxes shall be used for support of education. The maximum rate at which a school district may impose ad valorem maintenance and operation taxes is reduced by an amount equal to one cent per \$100 valuation for each one cent per \$100 valuation that the school district's ad valorem maintenance and operation tax is reduced by the minimum amount of money dedicated under the amendment, provided that a school district may subsequently increase the maximum ad valorem maintenance and operation tax rate if the increased maximum rate is approved by a majority of the voters of the school district voting at an election called and held for that purpose. The portions of the amendment relating to dedicating tax revenues to reduce the rate of ad valorem maintenance and operation taxes apply on or after the first January 1 after the date on which an income tax takes effect, except that if the income tax begins to apply on a January 1, the amendment applies to ad valorem maintenance and operation taxes levied on or after that date. The proposed amendment will appear on the ballot as follows:

PROPOSITION NO. 6 ON THE BALLOT

House Joint Resolution 21 proposes a constitutional amendment that would abolish the office of county surveyor in Jackson County. The amendment also provides for the powers, duties, and functions of the county surveyor to be transferred to the county officer designated by the commissioners court.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment abolishing the office of county surveyor in Jackson County."

PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 57 proposes a constitutional amendment that repeals article XII, section 6, of the Texas Constitution, which currently provides that no corporation shall issue stock or bonds except for money paid, labor done, or property actually received, and that all fictitious increase of stock or indebtedness shall be void.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment repealing certain restrictions on the ability of corporations to raise capital."

PROPOSITION NO. 8 ON THE BALLOT

House Joint Resolution 22 proposes a constitutional amendment that would authorize the commissioners court of McLennan County to call an election to abolish the office of county surveyor. The office of county surveyor will be abolished if a majority of the qualified voters of McLennan County voting on the question favor the abolition. If the office of county surveyor is abolished, the amendment requires the maps, field notes, and other records in the custody of the county surveyor to be transferred to the county clerk of McLennan County. After abolition, the amendment also grants the commissioners court of McLennan County the authority to employ or contract with a qualified person to perform any of the functions that would have been performed by the county surveyor if the office had not been abolished.

new section 49-b-2 to article III of the Texas Constitution. This new section provides that, in addition to the general obligation bonds authorized to be issued and sold by the Veterans' Land Board (the "Board") by sections 49-b (\$950 million) and 49-b-1 (\$1.3 billion) of article III, the board may provide for, issue, and sell general obligation bonds of the state in an amount not to exceed \$750 million to provide financing to Texas veterans. \$250 million of the bonds authorized by this new section shall be used to augment the Veterans' Land Fund (the "Land Fund"). The Land Fund shall be used by the Board to purchase lands situated in Texas owned by the United States government, an agency of the United States government, the State of Texas, a political subdivision or agency of the State of Texas, or a person, firm, or corporation. The lands shall be sold to veterans in quantities, on terms, at prices, and at fixed, variable, floating, or other rates of interest determined by the Board. Lands in the Land Fund that are offered for sale to veterans and that are not sold may be sold or resold to the purchasers in quantities, terms, prices, and rates of interest determined by the Board. New section 49-b-2 creates the Veterans' Housing Assistance Fund II (the

"Housing Fund II"), and \$500 million of the general obligation bonds authorized by the section shall be used for the Housing Fund II. The Housing Fund II is a separate and distinct fund from the Veterans' Housing Assistance Fund (the "Housing Fund") established under section 49-b-1 of article III. Money in the-Housing Fund II shall be administered by the Board and shall be used to make home mortgage loans to veterans for housing within this state in quantities, on terms, and at fixed, variable, floating, or other rates of interest determined by the Board. The principal of, and interest on, the general obligation bonds authorized by this section for the benefit of the Housing Fund II shall be paid out of the money of the Housing Fund II. The principal of, and interest on, the general obligation bonds authorized by section 49-b-1 of article III for the benefit of the Housing Fund shall be paid out of money in the Housing Fund. If there is not enough money in the Land Fund, the Housing Fund, or the Housing Fund II, as the case may be, available to pay the principal of, and interest on, the general obligation bonds authorized by this section or by sections 49-b or 49-b-1 of article III, there is appropriated out of the first money coming into the treasury in each fiscal year an amount that is sufficient to pay the principal of, and interest on, the general obligation bonds that mature or become due during that fiscal year. If the Board determines that assets from the Land Fund, the Housing Fund, or the Housing Fund II are not required for purposes of the fund, the Board may transfer the assets to another of those funds or use the assets to secure revenue bonds issued by the Board. The revenue bonds shall be special obligations of the Board and payable only from and secured by receipts of the funds, assets transferred from the funds, and other revenues as determined by the Board and shall not constitute indebtedness of the State of Texas or the Board. The Board may issue revenue bonds from time to time, which bonds may not exceed an aggregate principal amount that the Board determines can be fully retired from the receipts of the finds. The revenue bonds shall be sold in forms, denominations, and in installments, and bear a rate or rates of interest as the Board determines. The general obligation bonds authorized to be issued by the Board by this section or be sections 49-b and 49-b-1 of article III shall be issued and sold in forms and denominations, on terms, at times, in the manner, at places, in installments, and shall bear a rate or rates of interest the Board determines. The bonds shall be incontestable after execution by the Board, approval by the Attorney General of Texas, and delivery to the purchaser.

board of trustees of such a system shall (1) administer the system of benefits; (2) hold the assets of the system for the exclusive purposes of providing benefits to participants and their beneficiaries and defraying reasonable expenses of administering the system; and (3) select legal counsel and an actuary and adopt sound actuarial assumptions to be used by the system.

National Highway Traffic

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing that the trustees of a local public pension system must administer the system for the benefit of the system's participants and beneficiaries."

PROPOSITION NO. 12 ON THE BALLOT

House Joint Resolution 23 proposes a constitutional amendment providing that any person accused of a violent or sexual offense committed while under the supervision of a criminal justice agency of this state or a political subdivision of this state for a prior felony may, after a hearing and evidence substantially showing the guilt of the accused, be denied bail pending trial. If the accused is not, however, accorded a trial within 60 days from the time of his incarceration upon the accusation or indictment, the order denying bail shall be set aside unless a continuance is obtained upon the request of the accused. In the amendment, the term "violent offense" means murder, aggravated assault (if a deadly weapon was used or exhibited during the commission of the assault), aggravated kidnapping or aggravated robbery. The term "sexual offense" means appravated sexual assault, sexual assault, or indecency with a child

provements that are to be used only for student housing, intercollegiate athletics, or auxiliary enterprises.

Safety Administration

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment relating to the amount and expenditure of certain constitutionally dedicated funding for public institutions of higher education."

PROPOSITION NO. 14 ON THE BALLOT

Senate Joint Resolution 45 proposes a constitutional amendment that adds a new subsection (e) to article III, section 49-h, of the Texas Constitution. The new subsection provides that, in addition to the amounts authorized by subsections (a) (\$500 million), (c) (\$400 million), and (d) (\$1.1 billion) of section 49-h, the legislature may authorize the issuance of up to \$1 billion in general obligation bonds and may use the proceeds of the bonds for acquiring, constructing, or equipping new corrections institutions, including youth corrections institutions, and mental health and mental retardation institutions and for major repair or renovation of existing facilities of those corrections and mental health and mental retardation facilities. The amendment also provides that the provisions of subsection (a) of section 49-h, relating to the review and approval of bonds, and the provisions of subsection (b) of section 49-h, relating to the status of the bonds as a general obligation of the state and to the manner in which the principal and interest on the bonds are paid, apply to bonds authorized by this amend

"The constitutional amendment authorizing the legislature to provide for the issuance of \$50 million of general obligation bonds for the recovery and further development of the state's economy and for increasing job opportunities and other benefits for Texas residents through state financing of the start-up costs of historically underutilized businesses."

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 86 proposes a constitutional amendment authorizing the legislature, by general law, to exempt from ad valorem taxation all or part of real and personal property used, constructed, acquired, or installed wholly or partly to meet or exceed rules or regulations adopted by any environmental protection agency of the United States, Texas, or a political subdivision of this state for the prevention, monitoring, control, or reduction of air, water, or land pollution. The amendment applies to real and personal property used as a facility, device, or method for the control of air, water, or land pollution that would otherwise be taxable for the first time on or after January 1, 1994. The amendment does not authorize the exemption from ad valorem taxation of real or personal property that was subject to a tax abatement agreement executed before January 1,

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to promote the reduction of pollution and to encourage the preservation of jobs by authorizing the exemption from ad valorem taxation of real and personal property used for the control of air, water, or land pollution."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 3 proposes a constitutional amendment to clear land titles in which the State of Texas relinquishes and releases any claim of sovereign ownership or title to an undivided one-third interest in and to the lands and minerals within the Shelby, Frazier, and McCormick League (now located in Fort Bend and Austin counties) arising out of the interest in that league originally granted under the Mexican Colonization Law of 1823 to John McCormick on or about July 24, 1824, and subsequently voided by the governing body of Austin's Original Colony on or about December 15, 1830. Title to such interest in the lands and minerals is confirmed to the owners of the remaining interests in such lands and minerals.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing for the clearing of land titles by the release of a state claim in a fractional interest, arising out of the voiding of an interest under a Mexican land grant, to the owners of certain property in Fort Bend and Austin counties.

"The constitutional amendment prohibiting a personal income tax without voter approval and, if an income tax is enacted, dedicating the revenue to education and limiting the rate of local school taxes.

PROPOSITION NO. 5 ON THE BALLOT

Senate Joint Resolution 18 proposes a constitutional amendment that would authorize the legislature to prescribe the qualifications of sheriffs. Currently, the constitution authorizes the legislature to prescribe the duties, perquisites, and fees of office, but not the qualifications for the office of sheriff.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to allow the legislature to prescribe the qualifications of sheriffs.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to abolish the office of county surveyor in McLennan County."

PROPOSITION NO. 9 ON THE BALLOT

Senate Joint Resolution 19 proposes an amendment to article VIII, section 13 of the Texas Constitution that would modify the provisions for the redemption of real property sold at a tax sale. The amendment deletes current language in article VIII, section 13 that allows the legislature to provide for the sale of property without trial to pay for delinquent taxes. It also states that the deed to the new owner vests a good and perfect title subject only to redemption as set out in this amendment or impeachment for fraud. Language is added limiting application of the current two-year redemption period to former owners of residence homesteads and land designated for agricultural use sold for unpaid taxes. When property is sold as the result of a suit to enforce collection of unpaid taxes, the amendment would allow the legislature to limit redemption to property used as a residence homestead or designated for agricultural use at the time the suit was filed. The amendment creates a second type of redemption for former owners of real property when property is neither a residence homestead, nor designated for agricultural use. These owners would have a six-month period in which to redeem their property by paying the amount of money paid for the property, including the Tax Deed Recording Fee, all taxes, penalties, interest, and costs paid plus an amount not exceeding 25 percent of the aggregate total. The amendment applies to redemption of properties sold at a tax sale for which the purchaser's deed is filed on or after January 1, 1994. For redemption of properties sold at a tax sale for which the purchaser's deed was filed before January 1, 1994, the former law is applicable and remains in effect.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to modify the provisions for the redemption of real property sold at a tax

PROPOSITION NO. 10 ON THE BALLOT

Senate Joint Resolution 34 proposes a constitutional amendment that adds a

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing issuance of \$750 million in general obligation bonds to augment the Veterans' Land Fund and the Veterans' Housing Assistance Fund and to fund the Veterans' Housing Assistance Fund II."

PROPOSITION NO. 11 ON THE BALLOT

Senate Joint Resolution 31 proposes a constitutional amendment relating to the duties of trustees of local retirement systems which provide retirement and related disability and death benefits for public officers and employees and that do not belong to a statewide retirement system. The amendment provides that the

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment permitting the denial of bail to certain persons charged with certain violent or sexual offenses committed while under the supervision of a criminal justice agency of the state or a political subdivision of the state."

PROPOSITION NO. 13 ON THE BALLOT

Senate Joint Resolution 13 proposes a constitutional amendment that amends article VII, section 17(a), of the Texas Constitution to provide that, of the \$100 million currently appropriated by that section for the use of public institutions of higher education during each fiscal year, those institutions may also utilize this money to pay for acquiring, constructing, or equipping or for major repair or rehabilitation of buildings, facilities, other permanent improvements, or capital equipment used jointly for educational and general activities and for auxiliary enterprises to the extent of their use for educational and general activities. For the five-year period beginning on September 1, 2000, and for each five-year period thereafter, the legislature, during a regular session that is nearest, but preceding, a five-year period may, by a twothirds vote of the membership of each house, increase the amount of the \$100 million constitutional appropriation for the five-year period. The amendment also reflects name changes that have been made to some of the institutions of higher education for which such funding is available. The amendment adds the Texas State Technical College System to those institutions eligible to receive such funding, but limits its allocation of the annual appropriation to 2.2 percent of the total appropriation each fiscal year. The amendment also provides that each governing board authorized to participate in the distribution of money under article III, section 17, may also issue bonds and notes for the purposes of refunding bonds or notes issued under that section or prior law for the purposes of acquiring capital equipment, library books and library materials, paying for acquiring, constructing, or equipping or for major repair or rehabilitation of buildings, facilities, other permanent improvements, or capital equipment used jointly for educational and general activities and for auxiliary enterprises to the extent of their use for educational and general activities. The amendment deletes language in article III, section 17, which authorizes the legislature to designate a single agency to issue such bonds or notes in lieu of the governing bodies, and to transfer to that agency the authority to collect and pledge money to the payment of such bonds and notes as directed by the governing body of each eligible institution. Funds appropriated under article III, section 17, may not be used for the purpose of constructing, equipping, repairing, or rehabilitat-ing buildings or other permanent imThe proposed amendment will appear

on the ballot as follows:

The constitutional amendment authorizing the issuance of up to \$1 billion in general obligation bonds payable from the general revenues of the state for projects relating to facilities of corrections and mental health and mental retardation institutions."

PROPOSITION NO. 15 ON THE BALLOT

House Joint Resolution 37 proposes a constitutional amendment that would authorize the county commissioners court of a county to call an election to abolish the office of county surveyor. The office of county surveyor is abolished if a majority of voters of the county voting in the election approve the measure. If the office of county surveyor is abolished, the maps, field notes, and other records of the county surveyor are transferred to the county officer or employee designated by the commissioners court.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to permit the voters of a county to decide, at an election called by the commissioners court, whether to abolish the office of county surveyor in the county."

PROPOSITION NO. 16 ON THE BALLOT

Senate Joint Resolution 44 proposes an amendment to article III, section 49-i(b) of the Texas Constitution, which currently limits the principal amount of bonds outstanding at one time for the Texas agricultural fund to \$25 million and for the rural microenterprise development fund to \$5 million. The amendment would raise the principal amount limit for the Texas agricultural fund to \$100 million. The amendment would also make the principal amount limit for each fund apply to the total principal amounts of both bonds and notes issued or sold rather than just the principal amounts of bonds outstanding at one time.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing up to a total of \$100 million in bonds and notes to be issued or sold to finance the Texas agricultural fund for providing financial assistance to develop, increase, improve, or expand the production, processing, marketing, or export of crops or products grown or produced primarily in this state by agricultural businesses domiciled in the state."

Este es el informe explanatorio sobre la enmienda propuesta a la constitución que aparecerá en la boleta el dia 2 de noviembre de 1993. GARDENING HINTS

By MARK TERNING, COUNTY AGENT - HORTICULTURE

By MARK TERNING

County Agent - Horticulture Fall is the ideal time for estab-

lishing a cool-season lawn.

In contrast to warm-season grasses such as bermuda or St. Augustine, fescue lawns thrive under temperature ranges of 65 to 75 degrees.

Fescue will certainly perform well under even colder conditions. However, when temperature goes above 90 degrees, the plant will go into some stress due to heat.

Cool-season lawns are grasses such as fescue and rye.

Fescue offers a permanent lawn with deep green color year-round if managed properly. Fescue also tolerates some shade which makes it a good alternative for bare areas under shade trees.

An area with filtered sunlight or some protection from full afternoon sun will be ideal for fescue.

A proper understanding of how fescue operates is necessary to create a beautiful cool-season lawn. Fescue is what we call a clump or bunch type grass which means it will not spread like bermuda or St. Augustine.

Complete soil coverage with seed will be necessary for a thick turf. You should also be aware that established fescue lawns require more water than other lawn grasses, especially during summer heat.

Cool-season grasses such as fescue are on the opposite end of the scale from bermuda or St. Augustine. Fescue is at its best during fall and winter. However, warm-season lawns of course are entering dormancy or are dormant during cool periods of fall and winter.

This means you may be one of the few people on your block pushing a lawn mower this winter if you establish a fescue lawn.

If you have decided to give fescue a try at your home, then follow these tips for cool-season lawn establishment:

* Rototill the soil area to a depth of four to six inches prior to sowing seed. Remove debris and rocks and level out the seed bed.

* Sow seed or have your ground areas hydromulched (a process where mulch, seed, and fertilizer are sprayed onto the soil) between now and Oct. 15. * Apply seed at a rate of at least

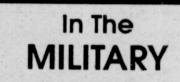

seven pounds per 1,000 square feet. * There are many different varieties available. The early varieties like K-31 are very wide bladed and have a rather coarse look. Newer varieties such as Rebel, Vegas, Falcon, Crossfire, Houndog and many others offer finer blades and a smoother turf appearance. A mixture of two or three of these would be fine. Check with your local nursery or seed distributor for selections.

* Rake seeds into the soil at a shallow depth of about half an inch deep.

* Water the area lightly each day for about the first three weeks after sewing to get proper germination.

* About four weeks after seeding if you have a good stand of grass, apply a slow-release nitrogen fertilizer at label rates.

* Begin mowing when grass is three inches tall. Cut the fescue at a mower setting of two inches.

Annual cotton tour is today

By DAVID FINLEY County Agent - Agriculture

It's cotton tour time again and boy do we have an excellent group of varieties to look at!

Cotton across most of this area of the state has really begun to mature. We look forward to some more hot weather now to continue this.

The 1993 edition of the Wichita County cotton tour will be held today.

Card of Thanks

On behalf of the Iowa Park D.A.R.E. students, I would like to thank everyone who supported our celebration of National D.A.R.E. Day.

The pep rally at Bradford was exciting for the 3rd, 4th, and 5th graders. We listened to the Mayor read a proclamation, sang, learned a D.A.R.E. cheer that was lead by the Top of Texas Cheerleaders, and launched over 500 balloons that read "D.A.R.E. TO KEEP A KID OFF DRUGS, IOWA PARK POLICE DEPARTMENT.

On Saturday, Iowa Park businesses showed their support to our youth. Students were encouraged to wear their D.A.R.E. T-shirt as they shopped. They received coupons, discounts, free products, and registered for special drawings.

D.A.R.E. is a successful program because of the cooperation of the schools, parents, students, police officers, and businesses. I sincerely hope the program continues in Iowa Park, as well as the celebration of National D.A.R.E. Day.

ETT O

Thank you, Laura Perkins It will begin at 10 a.m. as producers around the area gather at Texoma Ag Products here in Iowa Park.

From there the group will go to the variety plots located on FM 368 and farmed by Dwayne Pierce. We will look at several varieties of cotton that were planted in late May.

Speakers on the tour will be Robert Lemon, area Extension agronomist, and Emory Boring, area entomologist, both from Vernon.

They will discuss the growth and development of the cotton varieties, plus the insect situation that they have

PPG offering scholarship

Blaine Gibbs, plant manager and Foundation agent for PPG Industries in Wichita Falls, has announced plans for the 1995 Community Scholarship Program.

The Foundation's four-year scholarship is valued up to \$6,000. The winner will receive a stipend of \$1,500 for up to four years of college study or until undergraduate degree requirements are completed, whichever occurs first.

All junior students attending Iowa Park, Burkburnett, Rider, Hirschi, Wichita Falls, or Notre Dame high schools are eligible to compete for the scholarship. Children of PPG employees and retirees are eligible to compete regardless of which secondary schools they attend.

Junior class students who will graduate in 1995 must submit an application form and take the combined Preliminary Scholastic Aptitude Test-National Merit Scholarship Qualify-

Daddy is 40

faced during the year.

Following the tour, the group will travel to Wichita Falls for a sponsored lunch at Bonanza Restaurant. Sponsors are Farmers Coop Gin in Burkburnett and Texoma Flying Service.

I would remind producers that they will receive two Continuing Education Units (CEUs) for attending the tour. These will be useful for those producers that hold a private chemical applicator license.

Remember, you need 15 CEUs over the next three years to keep your license current.

ing Test (PSAT-NMSQT) Oct. 12 or

16, 1993 to be eligible for the scholarship.

Foundation scholarship brochures which include application forms have been distributed to area high schools. Juniors can obtain them by contacting their high school principals.

Applications for the scholarship must be received at the Wichita Falls plant by Dec. 17, 1993.

HOLLIDAY School Lunch MENU

MONDAY, Sept. 20

Breakfast--Biscuits and gravy, fruit, milk.

Lunch--Frito chili pie, cheese, french fries, pinto beans, peanut butter cookie, milk.

TUESDAY, Sept. 21

Breakfast--Cinnamon toast, fruit, milk.

Lunch--Chicken fried steak, gravy, whipped potatoes, broccoli mix, hot rolls, honey, milk. WEDNESDAY, Sept. 22

Breakfast-- Toast, jelly, fruit, milk. Lunch--Western burgers, french

fries, spinach or corn, dessert, milk. **THURSDAY**, Sept. 23

Breakfast--Donuts, fruit, milk. Lunch--Chicken and noodles, creamed potatoes, green beans, hot rolls, honey, milk.

FRIDAY, Sept. 24

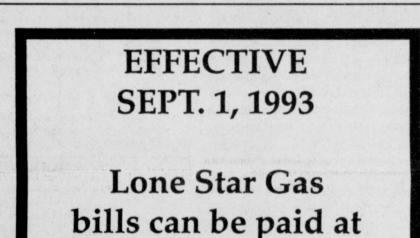

Breakfast--Cereal, toast, juice, milk.

Lunch--Eagle burgers, pickle, onion, lettuce, tomato, tator tots, Jello, milk.

Local man arrested on multiple charges

A 40-year-old man was jailed on three local charges by Iowa Park police, following an incident Thursday evening in the 800 block of North Wall.

Before an officer had time to respond to a domestic disturbance call at that address, a second call was received by the dispatcher concerning a man beating on a vehicle.

Two officers were needed to take Frank Steve Kelnhofer into costody. He was charged with assault, resisting arrest and criminal mischief.

However, before he could be accepted at the county jail, Kelnhofer had to receive treatment for minor cuts which were inflicted while officers were attempting to subdue the man.

Police continue their investigation into a burglary of a habitation case that was reported Monday in the 900 block of Cornelia.

Listed as having been taken in that case were a microwave, scanner, television and VCR. No signs of forced entry were found at the home.

There were signs of forced entry at a storage building in the 700 block of West Alameda, where a steel door had been pried open. However, nothing could be determined as missing. That case was reported Wednesday of last week.

A youth told police his bicycle had been stolen Friday, while he was practicing football at the junior high school.

It was a long, hot August.

Day after day, you saw temperatures over 100 degrees, with your home's air conditioner running full blast.

All that energy use is showing up on your September electric bill, along with a rate increase. If all this puts a strain on your household budget, we understand. And we'd like to offer our residential customers some relief.

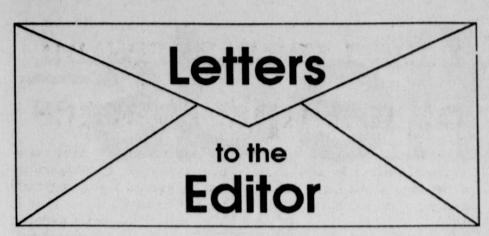

If you prefer not to pay all your bill at once, you can pay half or more now and the balance with the following month's payment.

No interest charge, of course.

You don't even need to call us to take advantage of this special offer. Just pay at least half now and we'll take care of all the details.

Look for the special insert in your September electric bill.

Parent complains

I want to write this letter to let the people of Iowa Park know how I and all the parents that have kids in JR. High feel about the way they are treating our kids. I am referring to sixth grade teachers. I may be wrong but I thought when you became a teacher that it meant HELPING KIDS.

I have a son that is in the eighth grade and I put up with this two years and the same thing is going on years later. It's pretty bad when our kids go up to the desk and ask for help and the teacher tells them, "Go set down", "I don't have time" "put your hands down". Well these teachers and they know who they are need to find the time for these kids or they need to find another job.

You know when our kids go from Bradford to JR. High they are scared to death. And they don't need some Teachers treating them like dogs, they need your help.

And the way these teachers talk to our kids you know I don't even treat my dog that way. These kids have FEEL-ING to, How would you like to be talked to like that, you sure would not put up this and why should they. We send our kids to school to learn and we put our trust in these Teachers to help them and this is how you treat them, I am not saying all teachers are doing this, because I know some teachers that will agree with me and I know some Teachers that are scared to death to send there kids to JR. High know that is

bad when other Teachers think that. If these certain Teachers want to act like this maybe they need to join the MARINES and not Teach the kids or find another job that is not stressful.

Some changes need to be made either by the PRINCIPLE or by the SCHOOL BOARD or maybe it's time that the Parent's do something.

Come on Teacher's do your job or get another one. Name withheld by request

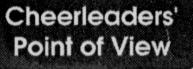

Hawks

Continued from page 1 Clensay continued. "It's my job to find out what's wrong.'

The Head Hawk said he did not plan to alternate his two quarterbacks, Tony Lozipone and Jason Young, as he did last week. "I've got to make a decision as to who's going to pull the trigger. There will be some alternating, but not like last week. I think both quarterbacks are capable, very capable."

No Mean Green players were injured last week. However, wide receiver Stan Tigrett is expected to miss tomorrow's game, as he has the other two contests, because of a nagging back muscle pull.

Kickoff time will be 8 p.m. The field is to the west of the highway, when approaching Frederick from the Oklaunion turnoff.

The cheerleaders would like to say a big thanks to the parents and the student body for getting envolved at the game and at the pep rally, but again there are still a few still not involved. All we ask is a little help every now and then to show we are still backing them. Winning or losing it doesn't matter. Don't be afraid to stand up and cheer. There has been an improvement in the attitude in the students, so let's see a change in some of the parents. A big thanks again to everyone who is trying.

This week is spirit week. Friday we ask that every student, and also everyone around town, to wear green and white. Then anyone traveling to Frederick to do the same.

Good luck Hawks, **Beat those Bombers!**

114 W. Cash 592-4721

Only four teams, besides Childress, on the Hawks' schedule this fall won their games last week. They included: Bowie 7, Decatur 0 Breckenridge 20, Burkburnett 6 Vemon 35, Wichita Falls High 21 Wellington 44, Mangum 6

SS SS SS SS SS

Joining Iowa Park in the losing column were: Springtown 15, Graham 6 Electra 61, Henrietta 0 Spearman 41, Memphis 6 Clinton 47, Frederick 21

SS SS SS SS SS

Burkburnett's defense couldn't stop Adam Bowen at Breckenridge. The Buckaroo back ran for all three of his team's touchdowns, all on pitchouts, and amassed 147 yards on 22 carries.

Jr. Hawks lose

Both Iowa Park Junior High football teams suffered their first losses of the season Tuesday night, to much larger players on the Frederick teams. The Seventh Grade lost 40-34, but

not because Tommy Duerson didn't do his part. He scored all five of Iowa Park's touchdowns.

The Eighth Grade was edged by a 28-22 margin. Brandon Brown scored a pair of touchdowns and a two-point conversion, Michael Swenson had the other TD, and Chad Wright ran for a PAT.

Both clubs will host City View next Tuesday. The City View teams defeated Bowie this week.

LEADER Page 13

Thursday, Sept. 16, 1993 Iowa Park, Texas

Frosh rally works as defense clicks

The Freshman Hawks posted a come-from-behind, last-minute win Thursday over Childress.

Trailing 10-6 with 1:36 remaining in the contest, Iowa Park defenders were instructed to "strip" the ball from Bobcat carriers, who were trying their best to run out the clock.

Linebacker D.J. McCray did just that, and carried the ball in for a 12-10 victory.

A team supplimented by Junior Varsity players, lost 12-0, in their game played at the junior high field.

Also Thursday, Holliday's Junior Varsity edged the Hawk JV 14-13, when Iowa Park went for a two-point conversion for a win, and couldn't get into the end zone.

James Armstrong scored both Iowa Park touchdowns, and Corky Petty kicked the extra point.

Both the JV and Frosh will host Frederick at Hawk Stadium today, with the first game getting underway at 5 p.m.

Runners impressive

Iowa Park High athletes made an impressive showing in their first cross country meet of the season.

The girls' varsity team finished fourth and two other runners were medalists in their divisions, Saturday at Trinity High School in Fort Worth.

Led by Christi Welch and Randi Tigrett, both of whom were medalists in the girls' varsity division, others on Iowa Park's team were Brandi Catlin, Dusti Welch, Lori Spruiell, Amanda Thompson, Alora Foster and Briana Stalker.

Michael Fallon was a medalist in

Boosters seeking supporters

We would like to be at the high school to give the football boys a send off Friday afternoon to Frederick. We'd like to see a lot of people there and also have a caravan of cars to follow the bus to Frederick. Let's back the Hawks! **Athletic Booster Club**

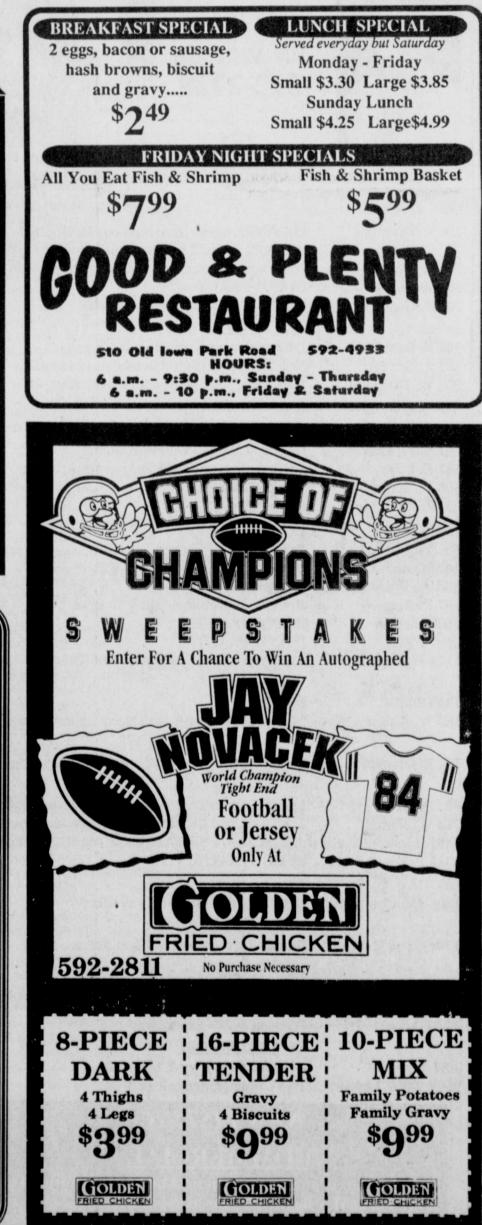

the varsity boys' division. Medalist in the boys' junior varsity

division was Shawn Phillips. Also competing for Iowa Park in that class were Jacob Robertson, Tim Estrada and David Waterbury.

Competing in the junior high girls' division were Wendy Bridwell and Christy Adams.

Iowa Park will compete in another meet Saturday, at Azle.

IOWA PARK SCHOOL MENU

MONDAY, Sept. 20 Breakfast--Cereal, toast, fruit,

milk. Lunch--Little smokies, potatoes,

Ranch Style beans, bread slices, dessert, milk.

TUESDAY, Sept. 21

Breakfast--Scrambled eggs, toast, fruit juice, milk.

Lunch--Pizza, combination salad, corn, dessert, milk.

WEDNESDAY, Sept. 22

Breakfast--Cinnamon roll, little

Rebate check drops slightly This month's sales tax rebate from

Austin took a dip, when compared to the same month in 1992, but Iowa Park's total for the year is still above last year, according to the state comptroller's report.

The city received a check for \$14,420.46, down 9.76 percent from the \$15,980.55 received in September of 1992.

However, for the year, Iowa Park sales taxes remain 6.21 percent above the same total at this time in 1992. Total sales taxes rebated thus far have amounted to \$165,086.06, according to the report.

All cities in Wichita County are

smokies, fruit juice, milk.

Lunch--Hamburgers, french fries, lettuce, tomatoes, pickles, onions,

dessert, milk. THURSDAY, Sept. 23

Breakfast--Biscuit, syrup, hash browns, breakfast meat, milk.

Lunch--Steak fingers, mashed potatoes, green beans, hot rolls, dessert, milk.

FRIDAY, Sept. 24

Breakfast--Cereal, toast, fruit, milk.

Lunch--Submarine sandwich, potato chips, lettuce, tomatoes, pickles, pork and beans, fruit, milk.

above last year thus far. Electra is 6.98 ahead so far, Wichita Falls 6.50 and Burkburnett 9.97.

Holliday, having received \$51,003 thus far this year, is 7.80 percent ahead of the same period in 1992.

Rebate checks received in September include taxes collected on July sales and reported to the comptroller's office in August.
