## Parade signals start of Little League season

Saturday will be Baseball Day in Iowa Park -- complete with the annual opening day parade through the business district.

Two things will be very noticeable about this year's parade.

First of all, there will be more youths marching -- more than 600!

Secondly, there will not be any throwing of candy ... at least, not by the players.

The parade is to get underway at 9 a.m. Formation will be on East Park, between Bond and Victoria.

The route will take the paraders west on Park to Jackson, back east to Wall, then turn south on Wall to Cash, and from there to the junior high campus area where it will disband.

There will be approximately 360 baseball players and 250 softball players taking part in the parade, along with their coaches.

For the past few years, players have been tossing candy to the crowd along the parade route. Because there were some problems last year, the practice will no longer be allowed.

The season's opening baseball games will be at 11 a.m.

Jimmy Duggins, this year's Little League organization president, is encouraging all citizens to show their support of the youngsters by attending both the parade and games.

The community-wide project officially begins Monday and continues through the following Sunday.

The annual beautification project is co-sponsored by the City of Iowa Park and Iowa Park Chamber of Commerce.

And, to make sure everything has a place to go, besides the dump grounds, the Chamber sponsors a community-wide garage sale, which will be Saturday, April 16.

Through the week, organizations have volunteered to pick up trash along major streets, in parks and on school campuses.

Individuals and businesses are encouraged to clean up their immediate areas.

The city is again offering its assistance during the project. Any resident of the city is allowed to dump trash and other items -- free of charge -- at the convenience center, located at the landfill.

The convenience center hours are 1-7 p.m. Fridays and Mondays, 9 a.m. to 5 p.m. Saturdays and 1-5 p.m. Sundays.

Also, large items, such as furniture and appliances, will be picked up by city crews, if the owner will call city hall during the week and inform them of whether the items are stacked at the front curb or in the alley.

In addition, city crews regularly pick up brush and tree limbs every Wednesday, if city hall is notified in

advance. Residents wishing to participate in the Chamber-sponsored city-wide garage sale should contact the Chamber office by Tuesday. Their location will be listed, free of charge, in an advertisement in the April 14 issue of the *Iowa Park Leader*.

Organizations that have volunteered to participate in the project, and their areas of responsibility, include:

\* Iowa Park Lions Club - West Highway from Fourth Street to the Access Road;

\* Evening Lions Club - West Highway from Pacific to Fourth Street;

\* Optimist Club - West Highway from Pacific to Wall;

\* Rotary Club - East Highway from Wall to Bell Road;

\* FFA - Johnson Road from West Highway to Magnolia;

\* FHA - Iowa Park High School campus;

\* Amity Study Club - Pacific from West Highway to Magnolia;

\* Bradford Fifth Grade - Bradford Elementary campus;

\* Kidwell Second Grade - Kidwell Elementary campus;

\* Cub Scouts - Junior High School campus;

\* Girl Scouts - Recreational Activities Center grounds, and

\* Camp Fire - City Hall Park.

Other organizations wishing to be assigned to areas needing cleaning can contact the Chamber of Commerce.

## Mischievous juveniles wind up at police station

Five youths and their parents have had sessions with the police, following a late-night criminal mischief spree early Friday morning.

The youths reportedly confessed to vandalizing two homes in the 1300 block of North Fourth, and then throwing some cans into the back yard of a neighboring residence in the 100 block of Wood Circle.

Their efforts with shoe polish and toilet paper were discovered at 3:33 a.m. by police, but the cans in the yard were not reported until later after sunrise.

The cans, according to the resident, were shaving cream cans that had almost struck the patio door. Investigating police determined who the culprits were by noon Sunday, and the visiting sessions soon began at the police department.

All five youths reportedly live in that part of the city.

For the second time in two weeks, a resident in the 700 block of West Manes told police tires on his parked car had been vandalized.

The first time, two tires had been slashed. However, this time only one tire was ruined, according to the report, which was filed Thursday afternoon.

One other case of criminal mischief was filed during the past week. A vehicle owner in the 300 block of West Bank told police of having found a hole in the windshield, apparently made by a BB, Thursday.

An Iowa Park woman was treated for dog bites she suffered Friday afternoon while on her front porch.

Mrs. Willie Potter, 515 W. Aldine, said she was sitting on her porch when a neighboring woman with her dog on a leash were passing by.

The walking woman reportedly stumbled, losing hold of the leash, and the dog allegedly attacked Mrs. Potter.

The dog was picked up by the city's animal control officer at 701 W. Magnolia, to be held for observation.

Police were called to Mini-Con Storage on West Highway Thursday

**FATAL SCENE** - Don Campbell, 69 of Wichita Falls, received fatal injuries while riding a bicycle Thursday afternoon when he was struck by a car driven by Matthew Kelly, 21, of Electra. Reported at 3:28 p.m., the incident took place on FM 369 about 200 yards north of FM 367. Both vehicles were traveling north at the time.

## Trustees extend contracts

The school board approved contracts for next year for auxiliary employees, accepted two resignations, and approved application of a waiver request for eighth grade TAAS test dates.

Following a short, 12-minute executive session, trustees voted to extend the contracts for auxiliary employees through the 1994-95 school year.

The two resignations acted on were from Brad Lewis, junior high coach and science teacher, and Debbie Rowland, computer aide at Kidwell Elementary.

Junior High Principal Randy Lovelady explained to the board his reason for asking test date changing next year for eighth grade students was to "spread out the testing more."

If approved by the Texas Education Agency, the changes would affect the science and history TAAS test dates. Lovelady told the board that, as it now stands, those test dates are immediately before final examinations in the spring, causing considerable stress on the students, as well as allowing little or no time for pre-test reviewing.

George Brandt, who has been administering the district's energy education program, told the board the savings had not been as great as had been anticipated.

The program is part of a contract with a private corporation, which was begun a year ago with the promise the savings would far exceed the cost of the contract.

No action was taken on whether to continue with the program, nor was any action taken on adopting a pro-

posed calendar for the 1994-95 school calendar.

Supt. Glen Mitchell told the board a slightly revised calendar would be presented to the board in May, for adoption consideration.

Robert Palmer, assistant superintendent who is in charge of the school lunch program, told the board the snack bar program at high school was well received and likely would be proposed for testing at the junior high in the future.

The list of auxiliary employees approved for next year included:

Maintenance - Jack Blagg, Mikel Bowling, Santos Carrizales and C.E. Hopkins.

High School Custodians - Estel Jameson and James Ward.

Junior High Custodians - Nadine Houston and Kathy Wagner.

Bradford Custodians - Johnny Hodges and Thena Richardson (half day).

Kidwell Custodians - Doyle Combs and Thena Richardson (half day).

Transportation - Tim Stewart (mechanic); drivers Harroll Brown,

Terry Davis, Herman Daymude, Carolyn Evans, Tom Fitzgerald, A.J. McAllister, Denny McCarthy, Darlene Phillips, Robbie Robinson, Dale Thompson and Mary Thompson; aide Lilia Alambar.

Printing Room - Diane Eiben.  
Bradford Crossing Guards - Wanna Hunter and Patricia Smith.

Kidwell Crossing Guards - Kim French, Darla Bradberry and Holley Sanders.

High School Cafeteria - Johni Brown, manager; Donna Balch, assistant manager; Emma Irby, Pat Jares, Wanda Routh, Linda Sanders, Charlotte Smith and Sondra Thompson.

Junior High Cafeteria - Annabel Hammonds, manager; Dixie Blackwell, assistant manager; Gwen Banks, Barbara Grove, Jeanetta Kirkhart, Sue Kiser and Kathryn Stephenson.

Bradford Cafeteria - Trena Reck, manager; Rose Wright, assistant manager; Silvesta Harrison, Peggy Kidd, Jamie Prunty and Rhonda Scobee.

Kidwell Cafeteria - Edith French, manager; Ilene Hill, assistant manager; Stella Campbell, Linda Crumbless, Annette Layne and Betty Whitaker.

## Council to meet Monday

Annexing another tract of land into the city and action leading to the construction of a gymnasium for youth will likely be acted on, when the city council meets Monday night.

The meeting is to begin at 7 p.m. in council chambers.

The third required public hearing on annexing a tract in the southeast part of the city will be held, and after that, the council will consider action on an ordinance completing the process.

If approved, it will be the second such annexation in as many meetings of the council.

Aldermen are to consider a resolution authorizing the mayor to execute a lease agreement with the Iowa

Park Optimist Club.

At issue is a plot of land on the south side of the Recreational Activities Center, where the civic organization proposes to build a gym for the community's youth.

Aldermen also are to consider bids for grazing rights on a 6.25-acre tract at Lake Iowa Park, according to the agenda.

Also on the agenda are action on the mayor's appointment of a representative to the 9-1-1 emergency phone board of directors, an ordinance establishing locations for stop and yield signs on Washington Street, and action on an ordinance accepting the replating of two lots.

## Epsilon Eta chapter plans spring activities

An abundance of spring activities were discussed and planned during a meeting of Epsilon Eta Tuesday night, with Joyce Henry serving as hostess.

President Mary Lynn Boyd called the meeting to order, and read an invitation inviting the chapter to the District VI meeting April 16 and 17, in Fort Worth.

Skeeter Clark, service chairman, set up schedules for the Miles of Pennies fundraiser to be held at Wal-Mart. Proceeds will go to St. Jude Children's Research Hospital. Epsilon Eta members, dressed as clowns, will be collecting the money, and Patterson Auto Center has donated extra large helium balloons for the event.

Barbara Hickman was named chairman for the annual salad supper and installation of officers to be held April 19, at the Gun Club. Inactive members are invited, and can make reservations by calling Essie Johnson at 592-4411.

In other business, Essie Johnson, Youth Award Chairman, announced that the top ten Junior High School Outstanding Boys and Girls had been selected by the teachers.

Dee Dee Forney presented a program on the Children's Aid Society and how it serves this area, and Mrs. Johnson narrated a story on the history of a flower, the Narcissus.

On March 22, the members met at the home of Mary Lynn Boyd for a work night.

They made and decorated 17 "Love Bags" for the Children's Aid Services. These will be given to the children to hold their belongings when they enter the home.

Pizza was served after the work was completed. Attending were Mrs. Boyd, Marie Huckaby, Barbara Hickman, Essie Johnson, Amy Brewer, Skeeter Clark, Pat Bradley, Joyce Henry, Romona Vaughn, and a guest, Jane Hopkins.

## TU Electric introduces program at junior high

The seventh grade class at Iowa Park Junior High School is about to learn some good driving habits long before they are old enough to get their license. These students will be taking part in a course to benefit the environment that will be introduced this week at the school.

Dolores Hamilton, chairman of the Iowa Park Clean and Green beautification committee, will help Iowa Park Independent School District officials launch the new program with a pep talk in conjunction with demonstrations of environmentally-sound uses of energy at an assembly of seventh grade students at 9:05 Wednesday morning in the girls gymnasium. Called "In Concert With the Environment (TM)," this new program teaches students how to protect the environment by changing the way they use energy in all facets of their lives - from car-pooling and regular cart-ups to efficient use of electric appliances and recycling.

TU Electric is bringing this program to junior high and middle schools throughout their service territory. The company plans to make it available to more than 100,000 seventh grade students over the next five years.

The seven-day course introduces a brand-new concept called an EcoWatt to measure the environmental impact of daily energy use. Students learn that EcoWatt Benefits result whenever energy is used more wisely, water is not wasted or air is not polluted.

"We're trying to prepare students now for the societal roles that will be needed in the future. Protecting the environment will be very important, and this program prepares them to use natural resources wisely," said Randy Lovelady, Iowa Park Junior High principal.

EcoWatt Benefits are calculated by each student using a computer program to show the results of their energy-saving actions, such as good driving habits, changing cooling or heating thermostat settings, using less

hot water and recycling cans. They also learn how poor energy-use habits damage the environment.

The interactive computer-based program is a science curriculum course developed two years ago by EcoGroup, Inc. for use in partnership with electric utilities. It has reached about 70,000 students in 250 schools in 15 states from New York to Hawaii.

"This program continues our long-term commitment to protect the environment," said Dale Cox, TU Electric manager. "By encouraging energy conservation, it also meets the company's goals to keep growth in peak electric load down in order to reduce the need for future power generating facilities."

In Concert With the Environment (TM) provides students comprehensive information about how natural resources are converted into energy for the home, transportation and other uses and how these conversions affect the environment. They complete an individualized energy audit to gather data on their own and their family's use of energy. Parent involvement is encouraged and parents will be invited to visit the classroom during the course.

Students input their research data into a computer to generate a personalized action plan that outlines how many energy dollars can be saved and how many EcoWatt Benefits can be gained by changing the way they and their families use energy. For example, a student's report might show that recycling cans would result in an energy dollar savings of \$1 per month and an environmental benefit of 194 EcoWatts, and that weatherizing the family's home would save \$100 a year in energy costs and 80 EcoWatt Benefits.

Course materials and computer data have been customized to reflect the energy use, fuel resources, residential electric rates and weather data in this part of Texas.

Mrs. Thomas Ross  
Dusty and Dillan

Dana (Mrs. Thomas) Ross grew up with the influence of several good cooks. She gives her mother and grandmothers credit for teaching her to cook, and says that her involvement in 4-H Club was also very helpful.

The daughter of Linda Hicks Ayres and the late Ray Hicks, said that she and her sisters, Wendy (Meadows) and Misty (Eppler), took turns cooking and cleaning up, so she had plenty of experience before she was married.

Dana and Thomas, her husband of nine years, built a home on the farm where she grew up, and they have wheat, cattle, horses, and Easter rabbits.

Dana is a 1982 graduate of Iowa Park High School, and in 1986 received a degree in marketing from Midwestern State University. She is an independent representative for a jewelry company, and sometimes helps with the farming.

In addition to farming, Thomas works for ABB Control in Wichita Falls.

They have two sons, Dusty, four and a half, and one-year-old Dillan. Dusty is already becoming involved in farm operations. For Christmas, he received three baby calves and raised them on a bottle.

Dana and Thomas enjoy riding horses, and they work cattle, plow and mow the grass together. She and her sister share a greenhouse where they grow bedding plants for their yards. When she has time, Dana also likes to read.

They are members of Faith Baptist Church, where Dana is a member of the adult choir and assists with the pre-school choir, and she and Thomas are members of the Adult 1 Sunday School Class.

Most of Dana's recipes came from relatives and friends. The "Homemade Rolls" and "Chicken Dorito Casserole" were given to her by her grandmothers.

## COOK OF THE WEEK

### Chicken Dorito Casserole

2 Tbsps. butter  
1 chopped onion, sauteed  
1 can cream of mushroom soup  
1 can cream of chicken soup  
1 can cheese soup  
2 small cans green chilies  
1 deboned chicken  
1 cup chicken broth  
Doritos  
Grated cheese

Mix all ingredients together, then spread over crumbled Doritos. Sprinkle grated cheese over top and bake 30-40 minutes at 350 degrees.

### Peach Cheese Pie

3/4 cup flour  
1/2 tsp. salt  
1 tsp. baking powder  
1 - 3 oz. pkg. vanilla pudding (not instant)  
3/4 cup sugar (divided)  
1/2 cup milk  
1 egg  
1 - 16 oz. can peaches (do not drain)  
1 - 8 oz. cream cheese, at room temperature

### Topping

1 Tbsp. sugar  
1/2 tsp. cinnamon  
Beat together flour, salt, baking powder and uncooked pudding mix, 1/4 cup sugar, milk and egg. Pour into greased 10" pie pan.

Drain peaches, save juice. Pour peaches over batter. Beat together cream cheese, 1/2 cup sugar and 3 Tbsps. peach juice until smooth. Spoon over peaches to within 1-inch of pan edge.

Combine sugar and cinnamon, and sprinkle over top. Bake 30-35 minutes at 350 degrees.

### Cherry Nut Crunch

2 cups crushed corn flakes  
1 pkg. white cake mix  
1 can cherry pie filling  
1/2 cup nuts  
1 stick margarine, melted

Combine corn flakes (I use Total) and cake mix. Spread pie filling in 8x8 inch baking dish. Sprinkle cake mix and crumb mixture evenly over the top of the filling. Drizzle margarine over the top, making sure it's completely covered.

Bake about one hour at 350 degrees. Top with nuts the last ten min-

utes so they don't become too brown. Serve with ice cream while still warm.

NOTE: For a lighter dessert, use a light cake mix, margarine and pie filling.

### Veggie Pizza

1 pkg. crescent rolls  
1 - 8 oz. pkg. cream cheese  
2/4 cup Miracle Whip  
1 pkg. Hidden Valley Ranch dressing  
Diced vegetables

Roll crescent rolls onto large cookie sheet. Bake 10 minutes at 350 degrees, then let cool.

Mix cream cheese, Miracle Whip and dressing and spread over crescent rolls. Top with all of your favorite veggies. I use broccoli, carrots, bell peppers, radishes, black olives, cauliflower and green onions. The more colors, the prettier it is.

### Quick Tamale Casserole

1 can tamales  
1 can corn, drained  
1 can chili  
Grated Cheddar cheese  
Fritos

Layer tamales, corn, then chili. Heat in microwave for 4 minutes. Top with Fritos and cheese. Heat again until cheese melts. If using oven, bake 15 minutes at 350 degrees.

### Homemade Rolls

3 cups flour  
1 cup warm water  
1 pkg. dry yeast  
1/2 tsp. salt  
1/4 cup sugar  
1 egg, beaten  
1 Tbsps. oil

Dissolve yeast in warm water. Add sugar, salt, egg and oil. Stir well and add flour. Mix together, then cover and let rise until double in size. Punch down. Pour a little oil in your baking pan. Form rolls, dip in oil, and let rise again. Bake 10 minutes at 350 degrees. Makes 1 dozen rolls.

# As I See It... By Bob Hamilton

I hope every home dweller and business owner does their part in this year's Clean-Up Week in Iowa Park.

It's actually an exercise in pride and common sense.

Oh, I know there are lots of things going on one would rather do. And it really does take a lot of effort to clean up a mess.

Actually, I'm not one who looks forward to doing yard work and puttering around. I do it. But no one said I have to like it.

Even so, I take pride in both my home and my business. Neither would

make someone else jealous, but they wouldn't embarrass a neighbor, either.

And I feel the same about my community, and its appearance to strangers. For that reason, I've gladly participated in roadside cleaning of carelessly-tossed trash each year since the annual project was begun.

Not because I'm on the city council, but frankly, folks, I believe our community appears neater and more beautiful than it has in our 25 years of

residency.

And I'd like to see it improve even more.

So, with your help and cooperation, we can make our town even more appealing to not only ourselves, but to those who are visiting.

I hope you agree, and do your part.

And for those who don't, I'll just put on my best sneer as I drive by your place. And maybe mutter a few unkind words under my breath.

Police have thus far determined at least one unit was burglarized. Included in the items missing were a VCR, train set, projector and bowling shoes.

### Helpful Hints

The owner of every animal shall be responsible for the removal of any excreta deposited by his animals on public walks, recreation areas or private property.

### GENEALOGICAL MEETING

## WORTH QUOTING

You new math people can chew on this in the absence of a Sunday afternoon football game.

A woman was 3/8 of the way across a bridge when she heard the Wabash Cannonball Express behind her, approaching the bridge at 60 miles per hour. She quickly calculated that she could just save herself by running to either end of the bridge at top speed. What is her top speed in miles per hour?

### Editor needs to walk

Dear Bob,

I have been remiss in not writing sooner. I heard by the grapevine, before you mentioned it in the paper, that you had had a mini-stroke. You need to know that I was very disturbed about it. You and your paper are a favorite segment of my life and it really concerned me. I am very happy that you are doing better. In the immortal words of somebody, "If I had known I was going to live this long, I would have taken better care of myself." That applies to you as well as me. Anyway, take care of yourself, get out there on the street about 6:16 AM and walk until about 7:15. Elzie Parks and I do that 6 mornings a week. It has improved everything but our memory and our virility. It is convenient that we can't remember when we were virile. Anyway, hope you do better quick.

Oscar (Lochridge of Fort Worth) P.S. Someday I am going to come by and tell you about the experiences of Harold Roberts (Chas. of Andrews Brother) and me in Northern Montana in the early 50's hunting oil. I plan to write a book and my friendship with Harold and his crews will play a major part.

P.S. Regards to Dolores.

Health Tips

**The Often Chronic Discomfort of Allergies**

- Each year, more than 40 million Americans suffer from allergic rhinitis, also known as hay fever.
- These "allergic bouts" of a stuffy head and watery eyes can occur one or more times a year, or they last practically all year round.
- Three million work days and two million school days are lost each year to allergy attacks.
- Normally harmless substances can cause allergic reactions in sensitive people. These substances commonly include: pollen from plants, dust, mold, foods, and dander (skin particles) from animals.
- Americans spend an estimated \$500 million each year on allergy treatments. Although there is no cure, there are a number of ways to fight allergies.
- Over-the-counter medications and prescription medicines are the most common forms of treatment. Immunotherapy, or injection therapy, is both expensive and time-consuming, so it is generally used only in severe or chronic situations.
- Avoidance, in principle, is the simplest therapy. Once the allergen has been identified, the sufferer can try to avoid it.
- Some of the most common allergy symptoms are:  
Eyes - itching, tearing, reddening, or swelling  
Nose - sneezing (often repetitive), itching, congestion, or runniness  
Skin - a rash develops that is almost always itchy and consists of spots that are raised, flat, red, or white, hive-like, or raw and oozing  
Digestive tract - nausea, vomiting, cramps, loose stools, or diarrhea from eating a particular food.

**Men's Chorus plans Spring Concert**

The North Texas Men's Chorus spring dinner concert will be held Friday, April 29, at the First Assembly of God Church on McNeil in Wichita Falls.

Prior to the hour and a half concert, a fish fry will be catered by Gilmore Inc. of Iowa Park, beginning at 6:30 p.m.

The four-part harmony group will sing traditional barbershop numbers such as *Aura Lee*, *Tell Me You'll Forgive Me*, and *Yes Sir, That's My Baby*.

The chorus does not like to be known as a barbershop group, however. Included in the program will be gospel, novelty and traditional numbers like *When I Fall in Love*, *An Everly Brothers Medley* and *No Arms Can Ever Hold You*, as well as patriotic selections plus much more.

Tickets for the evening fish fry and concert can be purchased from any chorus member, several of whom live in Iowa Park, or by calling 692-3976, for \$10. Children under the age of 12 will be \$5.

Proceeds will be used to purchase risers for the chorus.

Among the Iowa Parkers listed as members of the chorus are Dr. Erwin

Soell, Dr. James Edwards, Bob Dawson, Cecil Gilmore and Joe Singer.

Director of the organization is Darrell Dick, who was the choir director of Iowa Park schools for several years, during which time he was named by the Chamber of Commerce as an Outstanding Citizen of the Year.

The men's chorus, now beginning its fourth year, became incorporated as a non-profit organization in 1992. All monies it receives through performances and private donations are used to purchase new music, general operating expenses and travel throughout the state.

Many times members have paid expenses from their own pockets just for the opportunity to share their enjoyment of music with others.

The Annual Spring Dinner Concert is the only fund-raising program the chorus has all year. They perform

an annual Christmas concert every year that is free to the public.

In addition, the chorus performs at conventions and special events in the area.

Their most notable performances include a guest appearance at the outdoor production of "Texas" in Palo Duro Canyon, at the "Maid of Cotton" festivities in Dallas, and as special guests of the Granbury Opera House.

The 53-member organization represents seven communities, including Iowa Park, Wichita Falls, Sheppard Air Force Base, Burkburnett, Archer City, Henrietta and Electra.

As Director Dick puts it: "We're here for the community in any way the community wants us. Otherwise, we'll just sing for our own enjoyment."

# Hawks to open conference play here against Vernon

Former Hawk coach Bill Carter, who was recently named to the Hawk Track Hall of Fame, will receive another honor this summer. He, along with three retired coaches of Wichita Falls schools (Dug Largin, Morris Mercer and Bobby Page), will make up the coaching staff of the South team at the June 4 Greenbelt Bowl in Childress.

ss ss ss ss ss

Iowa Park High isn't the only school dealing with a new head football coach and athletic director, having just named Weldon Nelms to that post.

ss ss ss ss ss

Graham's Charles Hesse last week resigned to take a similar post at Class AAAA Boswell High in Saginaw. He was selected from a field of some 70 applicants who wanted to replace Blaine Springston, who accepted an assistant coaching job at Andrews High School.

ss ss ss ss ss

Another AAA school is now looking for a new head football coach and AD. Dan Hurley two weeks ago resigned, effective April 5, from Perryton to take another AAAA position, at Lockhart.

Both Graham and Perryton football teams went well into the playoffs last fall.

ss ss ss ss ss

Graham already has a replacement for Hesse, and he's no stranger to this area. He's Greg Ennis, a graduate of Holliday High and son of former HHS principal Bud. Ennis previously coached at Mart, The Colony and Decatur.

Bridgeport's head football coach Danny Henson, who took over a 0-10 program and in one year led the Bulls to a 11-2 season that included the school's first-ever area championship, was recently named "Man of the Year" by the Bridgeport Chamber of Commerce.

## Twenty nine strokes from playoffs

The Lady Hawk Green golf team must make up a 29-stroke deficit Monday, in order to advance in the state playoffs.

Following the second of three rounds of district play, they trail the Graham White team 826-797.

The second round was played Tuesday at Breckenridge, and Monday's final round will be played at Bowie.

The Graham Blue team, made up

After splitting their final two non-conference outings, the Baseball Hawks will launch their bid for the 1994 Dist. 4-AAA championship here Friday.

Iowa Park hosts the Vernon Lions at 4:30 p.m., and will carry a 10-5 record into the contest.

In their final two non-conference outings, the Hawks lost for the second time to powerhouse Holliday, but got their revenge against Frederick.

In their first outing against Frederick's Bombers, Iowa Park gave

up a couple of runs in the bottom of the final inning and lost 10-9 to the Oklahoma club.

But here Tuesday afternoon, it was a different -- and chilly -- story. Iowa Park bombed the Bombers 12-8.

Four Hawks accounted for eight of Iowa Park's 11 hits in the contest. Charles Bradberry, Clint Scobee, Jason Maxwell and Rudy Hawkins each had a pair of hits.

One of Bradberry's was the club's only double of the afternoon.

Both Iowa Park and Frederick lit

up the scoreboard with three runs apiece in the initial inning.

That was all the scoring until the bottom of the fourth, when the Hawks racked up six runs, which was enough to assure the victory.

But the Bombers rallied in their sixth, scoring five runs. Iowa Park added three more in the same frame, and held the visitors scoreless in the seventh for their 10th victory of the season.

Holliday pitching continued to frustrate Iowa Park batters, when the two clubs played at Eagle Field Thursday.

The game was called after five innings, with Holliday leading 12-2. So, in their two meetings, Holliday has out-scored Iowa Park 18-2, because the Eagles shut out the Hawks 6-0 in the Burk Burnett tournament a couple of weeks earlier.

Brent Brown and Hawkins had the only two hits Holliday gave up. Brown's was a home run, his second of the season.

The Eagles pounded Iowa Park pitching for 13 hits.

Iowa Park travels to Bowie next Tuesday, and doesn't play again until the following Saturday, when the club travels to Breckenridge. Their next home game will be April 19 against Graham, last year's district champion.

## Two more thinclad meets

Iowa Park High's varsity track teams have only one more competition in which to tune up for the April 14 District 4-AAA championships.

Both the Lady Hawks and Hawks are slated to compete in a meet Saturday at Henrietta.

The district meet will be the following Thursday at Breckenridge.

The Lady Hawks finished only 10 points shy of winning another meet last Thursday in Graham. They amassed 161 points to place second behind Graham's 171.

Other teams competing in that division and their points were: Aledo, 109; Bridgeport, 57; Jacksboro, 47, and Olney, 42.

The Hawks were sixth, a scant half a point shy of tying with Breckenridge, with 39 points.

Class AAAA Granbury won the division with 145 points, Jacksboro had 110, Graham 95, and Aledo had 62.

In the boys' JV competition, Granbury also won with 167 points. Iowa Park was second with 88, followed by Graham, 67; Bridgeport, 65; Breckenridge, 63, and Olney, 41.

Lady Hawk results included:  
100m Hurdles - 1. Mandy Threet, 16.05.  
100m Dash - 3. Dusti Welch, 28.40; 4. Lisa Halady, 29.09.  
800m Dash - 2. Christi Welch, 2:35.25.  
3200m Run - 1. Brandi Catlin, 13.18.23.  
1600m Run - 2. Catlin, 6:05.22; 6. Jodi Henderson, 6:23.91.

## Texas-Korea beef trade likely, says a leader of beef industry

The next major trading partner for Texas beef producers may be the Republic of Korea, says Texas beef industry leader Harlan Huffman of McGregor.

Huffman, a Texas rancher and farmer, was one of four directors of the Texas Beef Council (TBC) who recently returned from six days of meetings with representatives of Korean "supergroups" that handle sales of imported beef.

The Texas team evaluated the potential for beef trade between Korea and Texas under a new beef merchandising arrangement that became effective June 26, 1993. The agreement was negotiated and signed by the governments of Korea and the United States under the terms of the General Agreement on Tariffs and Trade (GATT).

The U.S. Meat Export Federation (USMEF) played a major role in the negotiations by providing technical and market information. USMEF also promotes the advantages of U.S. beef in Korea through promotion, marketing and trade servicing.

A major provision of the new agreement, Huffman says, is a Simultaneous Buy-Sell (SBS) system. SBS allows U.S. marketers to deal directly with end users--restaurants, hotels and supermarkets--for 10 percent of the imported beef Korea will buy in 1993.

The SBS portion will increase an additional 10 percent annually until full liberalization of the Korean market occurs in 1997. Before this agreement, the Korean government and livestock groups controlled access to that country's beef markets.

Huffman says the new terms on market access will greatly increase opportunities for exports to Korea from major cattle-producing states like Texas. By 2000, Korea's beef purchases could propel that country into second place among U.S. customers.

To reach the Korean market, Huffman says, U.S. beef producers will have to battle for market share with Australia and New Zealand. These

two countries also have signed beef agreements with Korea.

At present, they share two-thirds of the Korean market compared to the one-third share held by the U.S. However, Australian and New Zealand beef is produced mostly on grass. The average Korean meat buyer perceives that product as lower in quality than grain-fed U.S. beef.

"Through the effort of USMEF and the attitudes of the supergroups, we'll get our portion of the market," Huffman said. "We'll have to continue to maintain contact with buyers in Korea and reassure them that we will move our product in a way that benefits both countries."

Before returning to the U.S., Huffman and the Texas trade team members also met with beef importers on the island of Taiwan. Huffman says the Taiwanese market also offers great opportunity.
