Man jailed for selling equipment he leased

Iowa Park police arrested a local man Tuesday after he was accused of selling rented electronic equipment.

Thomas Cecil Sims, 28, was taken into custody in the 200 block of North Wall after a warrant for his arrest was issued.

He is accused of contracting for the rental of a 46-inch television set,

valued at \$2,000, and a stereo, valued at \$1,000, from Rent-A-Center in Wichita Falls, and violating the contract.

Police explained that under such a rental contract, the lesor is to have the equipment in his home, and Sims allegedly could not produce the items.

He was booked at the police station and transported to county jail under a charge of theft ovc. \$1,500 and under \$20,000, a fourth degree felony.

Police arrested a woman in the 900 block of East Cash Wednesday evening of last week, charged with assault.

When officers responded to a call at 7:06 p.m. at that address, they asked for emergency medical technicians to assist with a victim.

Officers then arrested Hester Jane Jenkins, 56, and booked her at the police station. She was released at 11:34

p.m., according to the police blotter, after posting a \$130 bond.

Two men were arrested early Saturday morning in the 200 block of West Highway on charges of public intoxication.

At 4:49 a.m., according to the blotter entry, police took into custody Jason Allen Dudley, 20, and David Carlton Pace Jr., 21.

They were released at 9:57 a.m. after Dudley entered a plea and payed a \$130 fine, and Pace signed a promise to appear in municipal court.

A resident in the 500 block of West Rebecca filed a criminal mischief complaint Friday night after discovering someone had punctured a hole in a tire with an unknown object.

Someone apparently attempted to force entry into Northside Baptist Church, 800 N. Wall. Pry marks could be seen on a door, but no signs of successful entry were discovered.

THE GROUND IS BROKEN for Iowa Park's new senior citizen building, to be located on Third Street next to the Iowa Park Recreational Activities Center. Participating Saturday with the traditional spades were Friendly Door board of directors Tommy Key and Larry Dutton, while appreciative members and friends

watch. A bean and cornbread fund-raising feed by the MuleSkinners followed, and that was capped off with a successful cake and pie auction. Construction on the new building, which will meet handicap requirements, is expected to get underway in the near future.

Dedication Saturday for new gymnasium

Formal dedication of the new Iowa Park Optimist Club Youth Gymnasium will be held at 2 p.m. Sunday.

A ribbon-cutting and brief dedication ceremony will be followed by a reception inside the facility.

The gymnasium is dedicated to the youth of Iowa Park by the local civic organization in memory of the late Everette Boulware, who was a charter member and served on the Optimist Club board of directors.

"The gymnasium was a vision of the Boulware family and the Optimists, and now it is a reality that is already serving the youth of the community," said Louis Sefcik, who served as general contractor of the construction.

Mayor Wayne House, Dr. Greg Ammons, pastor of Faith Baptist Church, and others will participate in the ceremony.

The 10,000 square foot building, located on the south side of the Recreational Activities Center, includes 8,000 of gym space.

Several youth basketball teams already are practicing there. However, regular league play will not begin until next season.

Optimist representatives said the gymnasium would be available for use by adults, when regular youth activities are not scheduled.

The general public is encouraged to attend the event.

Council meeting loaded with public appearances

Besides four separate public appearances Monday night, the city council is to formally call the city council election to be held May 6.

The meeting is to begin at 7 p.m. in council chambers.

The first public appearance on the agenda is to be by Bo Watson, who will seek a waiver of the solicitation permit requirement so he can introduce him-

self by calling door to door through the city.

Dr. Erwin Soell is to request permission to construct off-street parking for Park Clinic in the North Colorado St. right-of-way.

Essie Johnson, representing the Clean and Green Committee, is to

News Briefs

Band from Branson here Saturday

One of the annual entertainment events that attracts hundreds of people to Iowa Park is the country/western music show sponsored by the Iowa Park Lions Club.

This year's event will be held Saturday, at the Iowa Park High School auditorium.

The Lions have for more than a decade been contracting with musical

groups from famed Branson, Missouri.

This year's group, Campbell's Ozark Country Jubilee, has been here before and was asked to return because of favorable comments from audiences.

Tickets for the 7 p.m. show are \$9, and \$5 for children 10 and under.

On the backs of the tickets is space for purchases to register for drawings during the show.

Local youth livestock show nears

The annual Iowa Park Junior Livestock Show has been changed from a two-night format to one day this year.

All judging will be held at the school's stock barn on Saturday, Feb.

18. Entries and weight cards are to be turned in the preceding evening.

The annual event, formerly known as the Iowa Park FFA and 4-H Project Show, is sponsored by the Wichita County Young Farmers.

USDA commodities here Feb. 16

Distribution of U.S.D.A. food commodities will be held from 3 to 6 p.m. Thursday, Feb. 16, at the First Christian Church Fellowship Hall.

On the distribution list this month are canned beef, butter and flaked potatoes, according to Frances Park, local food bank coordinator.

County annex to close three days

All Wichita County vehicle registration offices will be closed Feb. 20-22, in order to implement a new state

vehicle registration and title system.

Monette Pemberton, tax assessor-collector, explained the new system will be directly linked by computer to the master records office in Austin.

The system should speed the registering and titling of vehicles, Pemberton said.

During the three-day period, installation and testing of new computer equipment will be accomplished, as well as training of county employees.

Pemberton suggested that residents needing to register vehicles should do so by Feb. 17, or starting on Feb. 23, when all the offices will again be open for normal business.

Administrators' contracts to be considered tonight

Iowa Park school trustees are to consider contracts of key administrators, act on a request to add girls' softball and volleyball to the list of extracurricular activities, and take action on a proposal to allow staff to donate unused leave time to others in need, when the board meets tonight.

The meeting is to begin at 7:30 p.m., but will be held in the Kidwell Elementary school library. Trustees actually are to meet an hour earlier, for a dinner.

Contracts for the assistant superintendent, principals and assistant principals, athletic director, counselors and tax collector will be considered, as they always are during the regular February meeting.

Two new athletic programs for girls, softball and volleyball, will be considered. Iowa Park has never fielded a school softball team, but volleyball was dropped some 10 years ago after participation dwindled to the point only 10 girls participated.

The administration has been asked to allow employees to pool one to five annual days a year for other employees who have experienced catastrophic illness or disability, and have no state sick or leave time.

The board will officially set May 8 as trustee election day. Polls for voting will be Kidwell Elementary for Precincts 32 and 38, Bradford Elementary for Precincts 33, 25, 44 and 35, and Valley View school for Precinct 34 and Archer County Precinct 9.

Early voting poll will be in the administration building. Candidates for the election can begin filing on Feb. 20.

Also on the meeting agenda are:
* consider student transfer request;
* consider a Gifted/Talented Talent Pool Waiver for kindergarten;

* consider bids on foods for the cafeterias, and approve an emergency purchase of a refrigerator for Bradford;
* consider accepting resignation of Marsha Duffie, junior high T.L.C. teacher.

JOSH MEETS JOSH - When children's book author Richard Lynn Stack learned an Iowa Park youngster couldn't be in one of the elementary school audiences he was to meet Monday with his wonder dog, Josh, he volunteered to take care of the situation. He went to the youth's home, so his Josh could meet six-year-old Josh McGuinn, son of Mr. and Mrs. Jack McGuinn. Young Josh only recently underwent his second heart operation, which is the reason he is shown wearing a mask. He looks at a wooden mug, given him as a memento. Stack's Josh is planned to be entered into the Guinness Book of World Records as the most-petted dog.

Hoover, Lehman exchange wedding vows

Faith Baptist Church was scene of the Saturday wedding of Karma Lee Hoover, daughter of Larry and Karen Halcomb, and Tracy Lynn Lehman, son of Garland and Sandra Lehman, all of Iowa Park.

A western theme was used in the attire of the wedding party. The double ring ceremony was performed before an altar decorated with double heart-shaped candelabras. Rev. Andy Stowe of Fort Worth, uncle of the groom, was the officiant.

Following the recitation of vows, the couple lit a unity candle as the song, "Just You and I" was sung. As the couple left the altar they presented each mother with a long stemmed red rose.

For her wedding the bride chose an ankle length western style dress. The bodice was accented with a lace yoke highlighted with silver and rose that formed a ring collar with keyhole neckline. The lace overlay extended over the long sleeves.

The skirt also featured a lace yoke that was trimmed with white fringe. A white leather belt marked the waistline.

She wore a white straw hat with a veil attached in the back by a silver accented bow. She carried a cascade bouquet of white roses, white stephanotis, white rosebuds, teal roses, and purple asters and rosebuds, depicting her chosen wedding colors.

Becky Bender served as the bride's maid of honor. She was attired in a black western cut skirt with conchos attached with teal ribbon. Her western blouse was of teal print,

designed with a keyhole neckline and yoke.

She carried a bouquet of long stemmed teal roses, purple tulips, and white rosebuds tied with a purple tulle bow.

Christy Anderson was bridesmaid. Her attire and bouquet were identical to the honor attendant's.

Samantha Holt and Veronica Hackbush served as flower girl and ring bearer, respectively. They wore identical long dresses of teal and purple print. The flower girl carried a white basket containing purple tulip petals. The ring bearer carried a white satin and lace pillow with the rings attached to a bow.

The groom wore black jeans, purple western shirt with teal yoke, black hat and boots.

Cory Manry served as best man and Jimmy Wright was groomsman. They were dressed in teal western shirts with purple yokes, black jeans, black boots and hats.

Serving as ushers and candlelighters were Dustin Lehman, brother of the groom, and David Beavers, the groom's brother-in-law.

They wore black jeans, black boots and matching western shirts of teal, purple and multi-color print with teal yokes.

Following the ceremony a reception was held in the fellowship room of the church.

A focal point in the room was a four-tiered heart-shaped white wedding cake. The cake was trimmed in purple and teal and was topped with a cowboy bride and groom. The cake

Mr. and Mrs. Tracy Lynn Lehman
(Karma Lee Hoover)

was made by the bride's Grandmother Streeter.

Special guests included Ida Lehman of Iowa Park and Gladys Balthrop of Rosston, grandmothers of the groom, C.O. Streeter of Manhattan, Kans., and Evelyn Halcomb of Antlers, Okla., grandparents of the bride.

Other out of town guests included Mr. and Mrs. Bill Stuart of Fort Worth, Sybil Smith of Texarkana, and Anna, Rebecca and David Kirk of Rosston.

Following a trip to the Dallas area the couple are at home in Iowa Park.

Gretchen Peters and Scot Davis

March wedding planned

Mr. and Mrs. Tracy Ray Peters of College Station are announcing the engagement and approaching marriage of their daughter, Gretchen, to Scot Davis, formerly of Iowa Park.

The prospective groom is the son of Mr. and Mrs. Danny Ray Davis of Wichita Falls, former Iowa Park residents.

The couple will exchange matrimonial vows March 18 at A&M Church of Christ in College Station.

Miss Peters is a graduate of A&M Consolidated and is employed by a veterinary clinic in College Station.

Davis graduated Iowa Park High School and Texas A&M University. He is employed by Progressive Wheels in Las Vegas, Nev.

Roberts named to President's List

Michelle Deanne Roberts, junior student at Texas Tech Univ., was named to the President's List for the 1994 fall semester.

Students named to the President's List earned a perfect 4.0 (A) grade point average while enrolled in 12 or more semester hours.

The daughter of Beth Ellis of Iowa Park, Roberts is a multi-disciplinary studies major.

As I See It...

By Bob Hamilton

So you think professional baseball is in a bad situation. Naaaat! It's gonna get "badder" if congress gets involved. And you can go to the bank on that one.

All the news reports have it that congress will involve itself if the league owners and players don't get together to settle their contract problems.

In case you haven't kept up with the on-going situation, the owners are wanting to act like they are the bosses and the players want to do the same thing.

So they haven't been able to arrive at a contract settlement. That means there will either not be a professional baseball season played, or the owners

might use replacements for the season.

Because baseball is so popular, and a lot of cities around the nation count on games being played as major sources of revenue, fans and players appear to be asking their elected representatives to jump into the middle of the whole affair and settle the dispute.

Since the owners have expressed a desire to have something to say about what their product costs, and the players have said they think the owners are making too much profit, the whole thing has been at a stand still for some weeks now.

But to think congress can settle the situation is a joke. Just look at our

nation's financial situation now. And you still think congress can settle it?

There's one suggestion to settle the mess I haven't heard yet. If the players want more money, and they think the owners are making too much, why don't the players either buy their own club or start their own league?

Naaaat! That makes too much sense.

Speaking of our nation's financial situation, an article in Tuesday's issue of the *Dallas Morning News* really put things in perspective.

Writers Michael Saul and Martin Zimmerman explained to those of us who live from paycheck to paycheck how much money is involved in the president's proposed new annual budget of \$1.6 trillion.

Using a smaller figure of only \$1 trillion, they said you would have to spend \$1,000 each day for the next 7 million years to run out of that much money.

Worth Quoting

The feds are stacking the deck again.

Over the weekend we received a press release from the Texas Office of Immigration and Refugee Affairs. They're in charge of IRCA.

And what, you may ask, is IRCA? It stands for "Immigration Reform and Control Act of 1986" enforceable by the U.S. Department of Justice.

According to the release, the Texas office is launching a state-wide public education campaign to tell Texans what they can and can't do when it comes to interviewing job applicants.

For example, you may not discriminate against job applicants or employees because of their national origin or citizenship status. In almost all cases, you cannot require U.S. citizenship. And, it's always illegal to demand to see specific documents, like a green card, or not accept other authorized documents that prove a right to work.

Well, it's see. Previously, an employer could not ask a job applicant about his or her marital status, credit standing, religious affiliation, or sexual preferences.

But citizenship?
No wonder the states of Florida,

Texas, and California are suing the federal government over its immigration policies. Since the feds insist that a state cannot deny illegal immigrants welfare benefits and health care and employers cannot even ascertain whether or not applicants are citizens of this country, no wonder we've lost control of our borders.

Evidently, the Justice Department rules apply to Texas agencies also. When hiring a public relations firm, a state agency cannot ask the home base of the prospect.

The firm employed by the Texas Office of Immigration and Refugee Affairs employed Walcoff & Associates as the firm to educate Texas employers on hiring practices.

The firm hails from Fairfax, Virginia.

Mr. and Mrs. Paul Wheeler are to request permission to construct a new home facing an unimproved street.

The agenda calls for possible action by the council following each of the public appearances.

The two-year terms of three council members, Virgil Woodfin, Mark Raby and Bob Hamilton, are to expire this year.

Filing of candidates for that May 8 election is to begin Feb. 20.

Also concerning the election, aldermen are to appoint election judges during Monday's meeting.

Guide for planning grassed waterways

By DONALD RAY LEWIS

When planning a terrace system on a field, the most important thing to look for is a safe outlet to empty the terraces into so the problem is not moved to another location on the farm.

If no pastureland is available to empty terraces into, then the solution is to build a grassed waterway. Grassed waterways provide a safe outlet to carry the runoff water off the field.

Waterways are best located in a natural depression or draw that is already a part of the natural drainage system. When waterways are put in these locations, less shaping or dirt moving is required, then again sometimes it is best to install the waterway along the fence to make a more farmable terrace system.

Early spring is the time to construct waterways to give a good growing season for a good established stand. On larger waterways, the grass can be harvested as hay when lots of grass is produced.

For more information, contact the Natural Resources Conservation Service at 592-4176 or come by at 402 N. Wall in Iowa Park.

Mrs. Dan Geil
Afton and Eric

Food preparation is more than putting together family meals for Kathy Geil - it is the source of her family's livelihood. She and her husband Dan are the owners of Ken's Pizza in Iowa Park, and Mazzio's Pizza in Burkburnett.

They moved to Wichita Falls in 1992 when they purchased the restaurants. Then, last year, they bought a home and moved to Iowa Park.

The Geils have a five-year-old daughter, Afton, who attends kindergarten at Kidwell, and a son, Eric, who is three years old.

Kathy graduated high school in Vinita, Okla., and is a graduate of Oklahoma State University. Dan lived in Texas until he was 17, and his family moved to Oklahoma City where he graduated high school. They met while both were attending OSU and co-workers at Mazzio's Pizza.

Kathy lists her hobbies as reading, sailing, and spending time with her children.

She currently works out of an office at home, which allows her to take care of the duties of bookkeeper/office manager for their business, as well as taking care of three-year-old Eric.

She said that the recipes are some that her family especially enjoys.

Migraine — Not Just Another Headache

Migraine is a debilitating disease that affects an estimated one in eleven Americans.

People ages 30-45 are most likely to suffer from migraine. It tends to affect about three times more women than men.

Migraine is different from other types of headache. Severe pain occurs on just one side of the head and is accompanied by nausea and vomiting as well as extreme sensitivity to bright light and noise.

Migraine attacks last from 4 to 72 hours. Typically migraine sufferers experience an average of one attack per month.

There are two types of migraine: migraine with aura and migraine without aura.

Between 10-20% of migraine sufferers experience auras before pain begins. An aura may last 15-45 minutes. The person may see colors, flashes of light or bright spots, and may experience other symptoms: loss of vision, numbness or tingling, weakness in limbs, mental confusion and occasional hallucinations.

The exact cause of migraine is not understood. There may be a number of "triggers", including: emotional stress, certain foods and drinks (such as cheese, red wine, and chocolate), the menstrual cycle and changes in sleep or eating patterns.

Genetics may play a role, too - people with a family history of migraine are at greater risk.

If you suffer from migraine, or think that your headaches are migraine, it is important to see your doctor.

The first step in treatment is to determine the migraine trigger and try to avoid it.

If it is not possible to avoid the trigger, there are prescription medicines available that will help reduce the likelihood of an attack and others to help reduce the pain.

For more information on migraine headaches—ask your pharmacist.

Trustees hold called meeting

School trustees approved three of four proposals they considered during a called meeting Thursday night.

The board approved a new managed health care plan, lease-purchasing of copier machines, and a fund-raising project for the baseball program.

No action was taken on the fourth proposal that was considered, which was to permit employees to donate unused sick leave days to other employees in need.

Trustees agreed for more information on that issue before taking action.

The approved health care plan with Blue Cross/Blue Shield, called "Blue Choice," increased monthly costs shared by the school district and employees.

Under the approved plan, the total monthly rate is shared, with the district paying 70.3 percent of the cost. Under the new plan, the school's monthly cost will be \$99.26 and employees paying \$41.79.

A proposal to lease copier machines for both elementary campuses and the junior high, with an option to purchase them in the new budget year, was approved.

The baseball fund-raising project was proposed by Coach David Fuhrman, who proposed purchasing some equipment not included in his formal budget.

A 100-inning intersquad game would be played with three rules: each player participating at least two hours; each should attempt to get 10 sponsors to pledge five cents per inning, and players not collect any money until after playing in the game.

Trustees were asked to consider allowing employees to give one annual leave day a year to another employee who has an extended illness and has used all state sick leave days and annual leave days.

Following the regular business of

the evening, trustees continued their study of facility needs of the district, but took no formal action during that portion.

BRADFORD

5th Graders give program

Fifth graders presented the Bradford PTA program Tuesday evening.

Students demonstrated a dance, the "electric slide," and aerobics exercises that they had learned in physical education classes.

Be My Valentine

Bradford teachers will host Valentine parties Tuesday for their individual classrooms.

During the parties, students will have refreshments and exchange valentines.

Keep on reading

Students have until Feb. 24 to complete 600 minutes of at-home reading for the 600-minute reading program.

Students completing the program will earn a free Six Flags ticket.

Teachers to attend M.O.S.T.

Four Bradford teachers will attend M.O.S.T. (Models of Successful Teaching) teacher training next week at Region Nine.

Michael Bean, Brooks Cain, Keven Robertson and Becky Pedon will attend the two day class, which will concentrate on classroom teaching styles.

Everybody say 'cheese'

Class pictures will be taken February 22.

That time again

Next Thursday marked the end of the fourth six weeks grading period.

Report cards will be handed out the following Thursday.

KIDWELL

Kindergartners learn about fire safety

Kindergartners took a trip to the Wichita Falls Central Fire Station last week where they learned about fire safety.

During their visit, the students got to go into the "Fire House."

Valentine parties scheduled

Kidwell students will get to enjoy Valentine parties Tuesday. Parties for the classes will begin at 1:15 p.m.

Students will have refreshments and exchange Valentine cards.

Carnival slated March 4

Planners for the Kidwell Spring Carnival will meet at 7 p.m. Monday at Kidwell to finalize plans for the March 4 event.

Each class will be in charge of a game or food booth, or a raffle.

Among the donated items to be raffled include a bicycle, wind suit and dinners. Classic carnival games as well as bingo will also be featured.

Advance booth and raffle tickets will be made available for purchase prior to the carnival.

Money raised at the carnival will be used by the PTA to buy needed equipment for the campus.

CUB SCOUT NEWS

Everyone had a good time Saturday at the Pinewood Derby. We were glad to see everybody show up.

Remember to get your tickets for the Blue & Gold Banquet on Feb. 25. They would like to get a head count by Feb. 14.

Lots of uniforms were seen Sunday. You guys looked great, and we're proud to see you looking good.

TEXAS PRESS ASSOCIATION

AUSTIN — Insurance Commissioner Rebecca Lightsey resigned Jan. 27, making way for former state Rep. Elton Bomer, who is Gov. George W. Bush's nominee for the post.

The day before her resignation, Lightsey postponed a hearing on auto insurance rates that she had scheduled against the wishes of Bush. Earlier this month, however — in defiance of Bush — Lightsey adopted rules that end "red-lining," a practice in which insurers discriminate against consumers based on where they live.

Bomer, a Montalba Democrat, once he is confirmed by the state Senate, will be responsible for balancing the interests of insurers and consumers in revising the benchmark rate for auto insurance.

A judicial panel has recommended that the benchmark be jacked up from 5 to 9.75 percent. Insurance companies base their individual rates from 30 percent below to 30 percent above the benchmark.

Meanwhile, Bomer said he wants to beef up fraud-fighting efforts in the Texas Department of Insurance. "Fraud is very definitely a major problem," Bomer told a Senate Finance Subcommittee.

Bomer also said he plans to meet Feb. 8 with a Travis County grand jury that accused the department

of failing to investigate fraud and cited "undue influence from the insurance industry," in a letter to Bush.

TexPool: Live or Die?

Texas Treasurer Martha Whitehead says she will oppose legislative efforts to kill the state's Tex-Pool investment fund.

In December, depositors who likened TexPool to the bankrupt investment fund of Orange County,

Calif., withdrew \$2.3 billion from the \$3.7 billion fund.

State Rep. Bill Siebert, R-San Antonio, said he is considering a bill that would shut down TexPool and privatize it.

Whitehead, who campaigned to abolish the Treasury and cede its functions to the comptroller's office, said TexPool should remain state-run, and pointed out that the fund has grown back to \$2 billion since the December run by depositors.

Since December, however, competing private funds run by former state Treasury officials have swelled.

No More Laptop Games

Texas House members are just as likely as anyone else to suffer from human frailties.

And so, John Bender, House director of communications, ordered the Texas Legislative Council to remove all games from the laptop computers assigned to every state representative.

"It seemed somewhat of a distraction," Bender explained.

Speaker James E. "Pete" Laney told the *Austin American-Statesman* he never knew the games were loaded into his computer, and admitted that he hasn't yet learned to switch on the unit.

Bans on games in state computers already exist in Virginia, Kentucky, West Virginia and Pennsylvania.

Ticket Scalping Targeted

Sen. J.E. "Buster" Brown, R-Lake Jackson has introduced a bill that would outlaw ticket scalping.

The measure would prohibit the resale of event tickets for a price higher than that offered to the general public by the event sponsor.

This is the sixth time such a bill has been filed. A similar bill passed the Senate two years ago but died in the House.

Other Highlights

■ The Texas Senate has confirmed Gov. Bush's choice for chairman of the State Board of Education, Houston chiropractor Jack Christie.

■ The Texas Trial Lawyers Association is supporting legislation by Sen. Eddie Lucio, D-Brownsville, to toughen the penalties for filing frivolous lawsuits. And prisoners who file frivolous lawsuits could lose their good conduct time under a separate proposal by Sen. John Whitmire, D-Houston.

NEWS OF THE
IOWA PARK
GENEALOGICAL & HISTORICAL SOCIETY

The next meeting of the Iowa Park Genealogical and Historical Society will be 2 p.m. Saturday at the Tom Burnett Memorial Library.

Our guest speaker will be Oscar Lochridge. Originally from Iowa Park, he is president of the Lochridge Society and a member of the Tarrant County Historical Commission.

At the present time Lochridge is involved in plotting graves and filing reports on cemeteries of Tarrant County. His program here will deal, in part, on what he has learned during his involvement in genealogy. It should be a very interesting and informative program.

It is very exciting to announce that the president of our Society, Mila Capes-Altom, has been formally invited by the Counsel of the Five Civilized Tribes of the Eastern Nations, to be an honorary guest speaker and representative of female leaders.

The National Conference, to be held in June in Mississippi, will be a gathering of male and female leaders from across the United States who are direct descendants of the Original Eastern Ancestors.

This will be the first gathering of such magnitude in 162 years. The theme title of the gathering is "Great Gathering of the Okla Chuda Ya Kni", the Homeland People.

While in Mississippi, Mila will be attending tribal conferences with leaders from across the United States. There will also be tribal dinners and dances. She has been given the honor of camping with the leaders on the shores of Beaver Creek. This is where her people, the Chickasaw, began their long journey to Indian Territory which is now Oklahoma. We know this journey as the "Trail of Tears".

The newest committee to be formed in the Society is the VVK (Valley View/Kamay) Committee,

with Ina Jacques as committee chair person. For more information contact, Mila Capes-Altom at 438-2807.

If you are not a member of the Iowa Park Genealogical and Historical Society please feel free to attend one of our meetings. We enjoy having guests, and as always our members will be more than happy to help you with any problems you may be encountering in your genealogy search. If you are interested in joining, please contact Sandi Koonce at 592-2007.

WANTED:

Please remember that the Society would like to have old newspapers, particularly the *Iowa Park Herald* and older *Iowa Park Leaders*.

Other things we could use in re-tracing our history are single newspaper articles, old photo albums or scrapbooks, diaries or journals, club yearbooks, information about early churches, businesses and schools.

Very old telephone books, prior to 1960 would serve as a guide to inhabitants of Iowa Park. Old pictures, even if they are unidentified, can be used to depict life as it was in years past.

We have many of the Iowa Park High School yearbooks, but some are missing.

We need 1972, 1974, 1976, 1979, 1980, 1981, 1982, 1983, 1984, 1985, and 1986.

As you are going through family memorabilia, remember your TRASH may be Iowa Park Genealogical and Historical Society's TREASURE.

Couple's roots deep in community history

By MYRNA SMITH

A community is many times measured by the accomplishments of its leaders, scholars, physicians and businessmen. This is true of Iowa Park that has been blessed with many in each of these fields throughout its century plus six years of existence.

The union of Billie Margaret Ford and C.E. "Bud" Thompson in December 1955, four months after they met, was a blending of two of those families who helped shape the development of the town and area. Their roots go deep and tap a vital line to the past.

Bud is a grandson of the J.H. Thompsons who came to this area in the very early days of the town, and is the son of the late Fred Thompson who was a partner with his brother Lee in Thompson Tool Company.

The brothers bought land where the old Humble Refinery was located and built their tool company there. It continued to grow and eventually their oil field equipment was known and shipped world-wide.

Billie is a granddaughter of the L.C. Dennys who settled seven miles southwest of Iowa Park before the turn

of the century. They later moved into town to a two-story house located where True Value is now. She was an only child of D.H. and Kathryn Denny Ford.

Her grandfather became active in city affairs, served on the school board, and was a director of First State Bank from its beginning. He continued as a director when the bank merged with First National Bank to form State National Bank. He remained interested and active in the community until his death in 1948.

Billie's family moved to Dallas in 1937, where they lived until 1955 when they moved back to Iowa Park.

Billie visited her grandparents every summer. In the summer of 1955 while visiting here in August, her aunt Marie Denny Callon, introduced her to Bud. The introduction evidently was all they needed to decide their future.

When Bud and Billie married, her uncle and aunt, Bill and Maggie Denny Burnett gave them the property where they live on North Pacific as a wedding present. Their home is only a short distance from where Bud was born on Magnolia St.

Incidentally, Billie Margaret was named for both Bill and Maggie, who had no children of their own. Three of the Denny grandchildren and a great-nephew were also named for their Uncle Bill.

Bud attended Iowa Park schools and graduated in Wichita Falls. He had always wanted to be a commercial pilot and at the age of 16 he took lessons at Gilchrist Flying Service here and earned his pilot's license.

He worked in Dallas for private companies as an executive and flew chartered planes, and many times as a special pilot for individuals who owned planes, but happened to be without a pilot and needed to make a trip. Bud also spent four years in the Air Force as an aircraft mechanic.

Billie is a medical technologist. She received her training at Baylor in Dallas. Following completion of her work there, she worked four years with Wadley Blood Clinic in Dallas.

The Thompsons returned to Iowa Park and Bud went into the oil well servicing business for seven years.

Billie said, "I took some time out while I raised our daughter Kathy". Kathy (Green) is their only child.

She then worked for Dr. Gordon Clark four years, before going to work as medical technologist at Wichita General Hospital. She retired in 1987 after 22 years service with the lab.

Bud went into civil service work, building training equipment at Sheppard AFB. He retired in 1992.

After serving as a volunteer fireman 27 years, he retired in the 1980s.

During the two terms Thompson served on the Iowa Park City Council, he and another councilman, Lee Turner, were responsible for the design and building of the new fire house and police station.

"It really wasn't just what either of us wanted, but we tried to do the best we could with what money we were allotted to spend," Bud said.

Designing and building is another skill Thompson possesses. The house they live in was built in the country and later moved into town after they were given their property. He has completely refurbished the house, including putting wood paneling in all

MR. AND MRS. C.E. 'BUD' THOMPSON
... in room decorated with his handy work.

of the rooms except the kitchen. He also does roofing.

The small house that was on the lot when the Burnetts gave it to the Thompsons served as their first home.

The house is still there but is making Bud a perfect workshop. He has an affection for working with stained glass.

"I started that hobby back in the '70s while I was still working, but decided to put it on the back burner for a while," Bud explained in his soft voice and easy manner. But he is now working with it steadily since his retirement.

He expressed his feeling, "I started stained glass work just because. Actually it fascinates me and it is very relaxing."

Did he take classes or workshops to learn how? "No, I bought a book and started reading it and decided that was what I wanted to do as I had time."

He certainly has learned his hobby well, and has been asked to be an instructor, but so far the answer has been "No, thanks".

"I probably put in more time on my hobby than I ever did on a job." He continued, "If I wake up at two or three o'clock and can't go back to sleep, I just get up and go out to the shop and start working".

The place where he buys his stained glass (which can be very expensive) always has a booth in conjunction with the National Arts and Crafts Week Shows in Wichita Falls. Thompson has exhibited his work there and received a first and second place on his pieces.

Bud does some lead glass freestyle, but most of the time he starts with a pattern and then reworks it to suit himself.

The Thompson home displays beautiful pieces of his art nouveau style of work. Tiffany style shades top expertly turned wooden lamp stands that are also his work.

One of the lampshades is an example of his artful blending of strong and muted colors and is made of 2400 tiny pieces of foil leaded glass in intricate designs.

The windows are also highlighted with the handiwork of his chosen hobby.

One day when Bud was working on a shade, his grandson Ponch Garcia, came in and said, "I sure wish I had one of those". Needless to say he got it. Then his granddaughter Jessica Dunn, said, "Well, I'd like to have one too". So two more lamp shades were on the agenda.

That left their daughter without one. Bud told her if she would pick out the pattern she wanted and the glass she wanted he would make one for her. But, there was a "catch" to that one. He has it on the lamp by his chair and Kathy will get it when he is through with it.

Bud is now in the process of completing a soaring Golden Eagle, one of three pieces he was commissioned to do. He does not make pieces to sell, but he has started accepting commission work.

The Thompsons always leave plenty of free time for travel time. They both love to travel and last year bought a new travel trailer. They do their traveling in the contingent United States.

They like to travel in the late summer and early fall. And some years they go to a warmer climate during the colder winter months, usually to the Big Bend Country.

Their Boston Terrier is always a passenger on their travels. They wouldn't think of leaving it, besides it loves to travel as much as they do.

If Bud ever tires of working with stained glass, he can always go back to leather work or woodworking at which he is also proficient.

Letters to the Editor

Thanks for support

To the wonderful and generous residents of Iowa Park,

Please accept our sincerest appreciation for all of the help and support you provided for the 1994 United Way Campaign in Iowa Park. Iowa Park itself raised a record \$82,906 and exceeded its goal by 107%. That success was achieved by the many fine and committed volunteers working with the campaign.

The Iowa Park United Way Campaign Cabinet was comprised by Dan and Lucy York, Buddy Ketchersid, Kim Roberts, Rev. Glen Blackmon, Rev. Greg Hardin, Sheri Kennedy, Doug James, Stormy Mikkelsen, and Bennie Horton. As we pass the leadership of two years to a new campaign chair, we give that person our best wishes and support to future success with the campaign and hope that he or she is blessed with as many wonderful volunteers as we were.

Last year, 4,351 Iowa Parkers were helped by 22 United Way agencies. While we all are fortunate that two of those agencies are located right here in Iowa Park, we are equally fortunate that the 20 other agencies never blink an eye to come to the aid of our families and friends in times of need.

Good neighbors do not always have to live next door to be good neighbors.

Again, thank you for the opportunity to serve Iowa Park as Co-Chairs of the past two United Way Campaigns in Iowa Park. We appreciate your support and dedication to an effort that truly improves the lives of our family, friends, and ourselves.

Sincerely,
Myrna Robinson

Hawks earn ticket into state playoffs

Tuesday night's 89-66 win at Vernon was more than something to add to the win-loss column.

The Hawks assured themselves a place in the state playoffs, regardless of what happens in their final two games of the regular season.

Iowa Park hosts Bowie Friday, and then closes out the schedule Tuesday on the road when they take on the No. 1 ranked Graham Steers.

The Hawks jumped into the lead with early scoring, and led 23-14 after the first period, and 46-32 at the half.

Six green-clad players finished in double figures. David Waterbury, the "sixth man" on the team, led with 19, Rylan McNeil had 14, Michael Fallon and Nick Black each had 13, John Lucas 12, and Rudy Hawkins canned 10.

The scorers kept the crowd buzzing with their long shots. Black had a trio of three-pointers, while Hawkins, Fallon and Waterbury each canned a pair.

"We played as a team," said Coach Tim Clark. "To be successful in the playoffs, you have to play as a team. We haven't the past two games (though they won).

"Passing to the open man" was important Tuesday night, Clark emphasized. "Nobody was trying to score all the points."

Entering the contest with the knowledge they needed the win to assure a playoff place, Clark said the Hawks "played with a little bit more pressure. We knew if we lost that game we would have to beat Graham and get into the playoffs."

Adding in Friday's 80-67 defeat of Bridgeport, the Hawks' season record is now extended to 24-4, and 3-0 in the district's second half of play.

Their only conference loss was to Graham.

Clark's reference to team play being needed was borne out Friday against Bridgeport, when the Bulls pushed Iowa Park all over the court in the first half to hold a 37-32 midway lead.

But Iowa Park turned things around in the final two periods, outscoring the Bulls 27-13 and 21-17.

DAVID WATERBURY DRIVES FOR A LAYUP

Black finished with 20 points, Fallon 19, McNeil 18 and Waterbury 10.

Clark has joined with coaches from Graham and Chillicothe in obtaining the D.L. Ligon Coliseum at Midwestern State Univ. for Monday, Feb. 20, to hold a three-game warmup in preparation for the playoffs.

Times of the games have not yet been determined, but Graham is to

play Archer City. The Hawks could face Krum or Mineral Wells. The opponent for Chillicothe also is not yet known.

Game times here Friday against Bowie and Tuesday at Vernon will be 5 p.m. for the freshmen, 6:30 for the junior varsity and 8 for the varsity.

Powerlifters place 3rd

Competing against some of the most-talented powerlifting teams in North Texas, three Hawks earned first places in their weight divisions to lead Iowa Park into third place at Frisco.

And two of the three established new school record in the process.

Five Lady Hawk powerlifters also competed, but no scores were given.

The teams are to compete Feb. 18 at Decatur, and host the Region meet, with 30 schools participating, Mar. 11. The top 10 in each class at Region qualify for the state meet.

Host Frisco won the meet, Sanger finished second and Iowa Park third in the final team standings.

Hawks earning points, their placings and total lifts included:

114 Class - Kevin Freeman, 5th, 615; Jeremy Tatom, 10th, 500.

132 Class - Dale Lindgren, 4th, 845; Chris Norris, 6th, 810; Cody Russell, 10th, 745.

148 Class - Jose Dominguez, 1st, 1,015; Shane Bagley, 6th, 925; Danny Payton, 8th, 910; Jimmy Fallon, 10th, 875; Jackie Miller, 13th, 820; Brandon McLemore, 17th, 800; Keith Trammell, 19th, 785.

181 Class - Troy Radford, 1st, 1,270 (new school record); Todd Cheesman, 8th, 980.

198 Class - Richard McCann, 11th, 800.

220 Class - Philip House, 1st, 1,295 (new school record); Keith Norris, 14th, 805.

242 Class - Tyson Spruiell, 3rd, 1,145; Tony Galliton, 6th, 945.

275 Class - Wally Wahl, 3rd, 1,000.

Super Heavyweight Class - Keith Hoover, 3rd, 1,185.
Lady Hawks competing and their total lifts included: Becky Petty, 405; Kasey White, 410; Misty Beavers, 460; Briana Stalker, 505, and Sarah Kaspar, 600.

- BASKETBALL ROUNDUP -

7TH GRADE A&B GIRLS

Both the 7th A and B teams lost to Vernon Jan. 30. Score of the B game was 15-11 and A game 33-13.

Bowie also swept the teams this past Monday, winning 14-11 in the B game and 31-13 in the A game. Ginger Clifton had three points in the B game and Melissa Threth led with five in the A game.

8TH GRADE A&B GIRLS

In their games against Vernon Jan. 30, the B team won 21-12, but the A team fell 22-15, despite Heather Miller's five points.

It was the same thing Monday against Bowie. The B team won 17-12, with four points each from Dunlap, Billington and Brashear. Bowie won the A game 28-17. Alisha Clements led the Lady Hawks with seven.

7TH GRADE BOYS

Iowa Park placed second in the district tournament at Graham Saturday.

After a first-round bye, the Hawks defeated Jacksboro 32-25 behind Ryan Huff's 18 points. But in the final, Bridgeport defeated Iowa Park 36-20. Scott Mitchell was high with 11.

8TH GRADE BOYS

Advancing to the second round of the district tournament at Graham Saturday with a bye, the Hawks earned a place in the finals by defeating host Graham 45-34. Leading scorers were Clayton Sales, 12, and Josh Arrington, 11. Bryan Lyons, Jon Thomas and Justin Denton were outstanding on defense.

Bowie won the district title by dropping the Hawks 34-18 in the championship game. Lyons and Sales each had five points, and Tommy Duerson stood out on defense.

Vernon finished in third place, Graham fourth, Bridgeport fifth and Jacksboro sixth.

JV LADY HAWKS

The Lady Hawk JV split their final two games of the season.

After defeating Bridgeport Friday by a 56-49 margin, Iowa Park lost 46-35 Tuesday at Vernon.

Iowa Park held a slim, 9-8 lead after the first period, but Bridgeport came back in the second to lead 30-27. However, the Lady Hawks out-scored

their opponents in both the third and fourth quarters to earn the victory.

Lori Spruiell led scoring with 15 and Belinda Terry had nine.

At Vernon, Iowa Park jumped out to a commanding 15-9 lead at the end of the first period, but the host Lady Lions took over in the second to lead 23-20 at the half. Vernon maintained its three-point lead through the third, which ended 31-28.

High scorers for Iowa Park were Fudge, 8, and Scobee, 6.

Iowa Park ends the season with a 14-11 record.

JV HAWKS

The Hawk Junior Varsity extended its season record to 21-5 during the past week, earning victories over Bridgeport, 63-28, and Vernon, 61-45.

In the Bridgeport contest Friday, Iowa Park jumped out to a 23-8 first-quarter lead, and needed it. The two teams had the second with 13 points apiece, and the Bulls won both the

second-half periods, 15-9 and 22-18.

Lance Fields racked up 21 points to lead the Hawks, while Jake Dillard and Jason Yeager each had nine.

Tuesday night, it was Vernon that had command of the first period, 12-5, and held on 22-20 at the half. But from there on, it was all Iowa Park. They jumped out to a 44-33 lead before going into the final period.

Yeager and Fields again were the high scorers, with 15 and 12 respectively.

FROSH HAWKS

The Hawks out-scored Bridgeport Friday 60-55 to extend their season record to 15-9.

Iowa Park outscored the Bulls 19-5 in the first period and 22-17 in the fourth to earn the victory. They were led by Todd Yeager's 20 points and 17 by Clint Mathis.

Mathis also was credited with having blocked several shots by the Bulls.

AUSTIN NOTEBOOK

by Sen. Tom Haywood

This past week was an exciting one for the citizens of Texas.

The Texas Legislature, after a long buildup of anticipation following last November's election results, finally began hearings on legislation designed to curb lawsuit abuse in our state and fix our civil justice system.

As many as 11 separate bills will be considered by the Legislature in the next few weeks, with each bill becoming an important part of a comprehensive solution to a problem which affects us all.

Our civil justice system in Texas is not just a little out of kilter; it is broken and in need of a major overhaul.

As I mentioned in last week's column, lawsuit abuse affects us all by driving up the cost of insurance, rising prices on the goods and services we use in our daily lives, and preventing those citizens who are truly injured from having their cases heard in a timely manner.

Over the next few weeks, I plan to provide you with a more detailed discussion of the reforms being considered by the Legislature regarding lawsuit reform, or "Tort Reform."

As always, I certainly solicit your comments and advice on any of the reform measures on which I will be voting. No legislation is ever "perfect," but input from the people in Senate District 30 helps me ensure that any legislation passed is in the best interest of my constituents and the citizens of Texas.

I have been overwhelmed by the positive comments I have received from folks in my district on this issue.

This week, the Senate passed the first two bills of the Tort Reform Package. The first of these two bills, Senate Bill 31, was co-sponsored by all 31 members of the Senate.

This bill allows judges to force plaintiffs and their attorneys to pay court costs, legal fees and damages when the judge finds that a lawsuit is frivolous or is filed to simply draw out the legal process or harass the defendant.

This legislation should help eliminate junk lawsuits such as the infamous McDonald's hot coffee case.

The second piece of legislation passed by the Senate this week was Senate Bill 23, which directs the Supreme Court of the State of Texas to draft and implement rules to discourage frivolous lawsuits, and to encourage litigants to seek mediation before taking lawsuits to court.

This process, also known as Alternative Dispute Resolution, can save individuals time and legal fees. It can also help unclog our courts.

The Supreme Court should move quickly to adopt such rules once the legislation is signed by the Governor. I was encouraged that two of the Supreme Court justices appeared at the hearing on this bill to indicate their support.

The passage of these two bills will only be the first step in fixing our Texas civil justice system. More changes are needed.

While I am confident that we will pass all or most parts of the Tort Reform Package, the debate ahead of us will be grueling. Opposition from those who benefit from the status quo will be fierce.

Next week, the full Senate will consider at least three more bills; all are likely to foster a lively debate.

The public has overwhelmingly indicated support for meaningful reform in our civil justice system. Your encouragement on this issue has inspired me. Fighting lawsuit abuse will continue to be a top priority for me during the legislative session.

Lady Hawks end at 12-18

The Lady Hawk basketball season ended Tuesday night at Vernon on a sour note, but it was tempered somewhat by a win Friday.

Iowa Park avoided a winless Dist. 3-AAA season Friday by defeating Bridgeport 67-58. That avenged a 49-42 loss at Bridgeport in their first meeting.

So, the Lady Hawks checked in their uniforms with a 12-18 season record.

Commenting after the Bridgeport victory, Coach Ronda Havins said, "Everybody contributed tonight, and I'm tickled with all my kids.

"I thought we played more as a team and we relaxed and shot the ball better than we have lately.

"I think it's always been there, we just finally finished a game. We've been able to play with all the teams in our district. We just haven't done a good job at finishing, and tonight we did."

The Lady Hawks out-scored their visitors in all quarters but the third. They held a 33-25 lead at the half.

Four Iowa Parkans finished in double digits: Jody Young, 16; Monica Merrell, 14; Wendy Bridwell, 12, and Brandi Catlin, 10.

It was anybody's game through the first half at Vernon Tuesday, but the ball just wouldn't go through the net in the second.

The Lady Hawks trailed by eight midway in the second quarter, but battled back to within one, 31-30, before the halftime buzzer sounded.

The Lady Lions surged into a commanding lead with a 24-12 third period. And in the fourth, Iowa Park was forced to foul in an attempt to get the ball back, and was outscored 21-

18. Freshman Bridwell led Iowa Park in scoring with 16 points, while Merrell and Young each contributed 12.

LADY HAWK FRESHMAN BASKETBALL TEAM COMPLETES 19-1 SEASON RECORD

Dreams of undefeated season scuttled

The Lady Hawk freshman squad almost completed the season with a perfect record.

Going into Tuesday night's final contest at Vernon, the Frosh were undefeated in 19 outings, some of which were against varsity teams.

But it didn't end the way they and their fans had wanted. They lost by a scant three points to the Lady Lions, 49-46.

Vernon held a single-point edge after the first period, 15-14, and extended it to nine, 30-21, by the half. Still trailing by nine as the final period got underway, Iowa Park's rally came close, but not enough.

Sara McCarty led in scoring with 17 and Amanda Roberts chipped in 11.

An unusual move was used by the host Lady Lions, according to observers' reports. Three Vernon freshmen who had been regularly playing on the JV team, played in the game, and then played in the following Junior Varsity contest as well.

Their playing two games reportedly did not violate UIL rules, which allows a player to participate in two regular-season games in the same week. Tuesday was the final game of their season.

The three combined for a total of

16 points in the game, and then had 32 in the JV game, according to the scorebook.

Iowa Park had racked up its 19th win of the season the previous Friday, by blasting Bridgeport 58-23.

Grace reports earning hike

W.R. Grace & Co. reported net operating earnings of \$1.10 per share in the fourth quarter of 1994, an increase of 21 percent over the 91 cents earned in the 1993 quarter.

Net income in the current quarter was \$103 million, compared to \$285 million in the year-ago quarter, which included a \$220 million after-tax credit related to asbestos insurance coverage.

Sales for the fourth quarter rose 24 percent to \$1.47 billion.

For the full year 1994, net operating earnings per share were \$3.01, an 18 percent increase from the \$2.56 per share recorded for 1993.

Including special charges and

credits recorded for both periods, full year 1994 net income was \$83 billion or 88 cents per share, compared with \$76 billion or 28 cents per share in 1993.

Full year sales rose 16 percent to \$5.09 billion from \$4.41 billion reported last year.

"In 1994, Grace achieved its strongest operating earnings performance in over a decade," said J.P. Bolduc, president and chief executive officer.

"Each of our businesses contributed to the earnings gain, as did each region of the world. We believe our strategy has laid a foundation that will enable us to maintain this performance reliably into the future," he said.

"Profitable growth opportunities abound for our core businesses through new products and regional market development, along with strategic acquisitions and joint ventures. We will

aggressively pursue these growth opportunities with continued capital infusions to our core product lines while relentlessly reducing costs and improving productivity. The future of Grace looks solid," Bolduc said.

Grace is the parent company of Iowa Park's Cryovac plant.

Softball association elects new officers

New officers and a board of directors for the Girls' Softball Association were elected during a meeting held Sunday at the Recreational Activities Center.

New officers are: Angel Sheets, president; Waylana Stewart, vice president; Cheryl York, secretary; Sheila Posey, treasurer; Sudda McLaughlin, reporter; and Mark Patterson, player agent.

LEGAL NOTICE

SHERIFF'S SALE

THE STATE OF TEXAS

County of Wichita

NOTICE IS HEREBY GIVEN That by virtue of a certain

Order of Sale issued out of the Honorable 89th District Court of Wichita County, on the 12th day of January 1995 by Dorsey Trapp, Clerk of said District Court for the sum of Eight hundred fifty seven and 53/100 DOLLARS Plus 10% interest from date of judgment and costs of suit, under a certain judgment, in favor of Iowa Park Independent School District, Et Al in a certain cause in said Court, No. 38,426-C and styled Iowa Park Independent School District vs. Ronald J. Forsgren, Paula A. Forsgren and placed in my hands for service, I Thomas J. Callahan as Sheriff of Wichita County, Texas, did, on the 27th day of January 1995 levy on certain Real Estate, situated in Wichita County, Texas, described as follows, to-wit:

TRACT 1: Ten (10) acres, Tract 1-A, SPRR Survey, Abstract 265, Wichita County, Texas, as more particularly described in a deed recorded in Volume 1418 at Page 752 of the Deed Records of Wichita County, Texas; known as 13453 Fuller Road, Iowa Park, Texas.

The above property shall be sold subject to the owner's right of redemption. The redemption period is two years for homestead and agricultural use property and six months for all other property. Purchasers shall receive a Sheriff's Deed that is without warranty. Bidders should satisfy themselves concerning title and location of the property and improvements on the property prior to sale.

And levied upon as the property of Ronald J. Forsgren and that on the first Tuesday in March 1995, the same being the 7th day of said month, at the Court House door, of Wichita County, in the City of Wichita Falls, Texas, at 10 A.M. by virtue of said levy and said Order of Sale I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said Ronald J. Forsgren

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Iowa Park Leader a newspaper published in Wichita County.

Witness my hand, this 27th day of January 1995
Thomas J. Callahan
Sheriff, Wichita County, Texas

INVITATION FOR PROPOSALS

Community Action Corporation (CAC) is soliciting proposals from local weatherization firms/contractors relative to the installation of federally eligible weatherization measures to dwellings of low income people in Archer, Baylor, Clay, Jack, Montague, Wichita, and Young Counties. The initial contract period begins April 1, 1995 and terminates March 31, 1996. The final selection process will be based on competitive negotiation with the responsive offerors for the purpose of selecting one primary and two alternate weatherization contractors. The contract may be renewed and extended for two additional twelve month periods under the agreement of both parties. The deadline for picking up bid proposal packages is 12:00 P.M. (Noon) February 14, 1995. Proposal package information may be obtained at CAC's Weatherization Office. A pre-bid proposal package meeting will be held at 9:00 A.M., Tuesday February 21, 1995 in the CAC Auditorium, 602 Broad Street, Wichita Falls, Texas 76301 (817) 723-8186. All sealed bids must be received by CAC no later than 12:00 Noon, February 28, 1995. CAC reserves the right to reject any or all proposals. 2-2-2tc

LIBRARY NEWS

TAX FORMS

Do you have all the forms needed to complete your Income Tax Return? If not, check out the available forms here at the library. We have a master copy of most of the forms and can make you a copy for 15 cents. Check with the librarian on duty, if the form you need is not on the display rack, to get the copy you need printed.

THANK YOU

Our special "Thanks" to Dr. Brian L. Hasse (La Casa Dental Clinic) for donating stickers and coloring books for our Storytime Classes, this week.

STORYTIME CLASSES

This week we have been sharing how important it is to keep our teeth healthy. We discussed how important it is to eat the right foods, and brush our teeth.

If you have a child between the ages of 2 and 5 and would like to bring them to one of our classes, please feel free to do so. There is no advance registration needed.

Classes are held Tuesday 9:30-10:10; Friday, 9-9:30. An additional class will be held Thursday for 4-6 years old, if enough interest is shown.

We have one little girl that would like to have additional children share this time slot with her. Please contact

Ardis (592-4981), if you feel like this time slot would work for you, so I can let her know.

Additional themes for this month are Spaceships and Pancakes. Programs are shared around the National Holiday themes, etc.

LIBRARY HOURS

For our new families in our community, we invite you to come and visit the library.

Our hours are: Tuesday and Thursday 10 a.m.-8 p.m.; Wednesday and Friday, 10 a.m.-5 p.m.; Saturday, 10 a.m.-2 p.m.

LIBRARY CARDS

To receive a library card, all we need is your driver's license number and proof of an Iowa Park address. There are no fees to receive our library card, and it will allow you to check out library books and videos.

We are sorry to report that our children's section is still closed. There are about 75 books from the Easy and Junior sections that have been placed on the bookshelf just outside the Children's Section. These were checked out at the time of the ceiling

falling. This give the children a few books to choose from.

TRIVIA

Q. Was Lincoln the first president born in a log cabin?
A. No, Andrew Jackson holds that honor. He was born March 15, 1767,

in a log cabin in Waxhaw, S.C. He was also the first president born in South Carolina and the first born west of the Allegheny Mountains.

Helpful Hints

City ordinance prohibits the keeping of any wild animal as a pet.

Helpful Facts

The city's Board of Adjustments meetings are at 6:15 p.m. on Mondays when there is an agenda, in Council Chambers, 103 North Wall. Public notices for all Board of Adjustments meetings are published two weeks in the Iowa Park Leader, and are open to the public.

Iowa Park 4-H will meet Thursday, Feb. 9, at 7 p.m. at the RAC.

Project and County Show entry cards need to be filled out, turned in and paid for.

The project show will be Feb. 18, and we have the concession stand.

The horticulture project has been done. Ceramic and leather projects are to be started this week.
