

School bells to ring again this morning

The 1995-96 school year begins this morning for Iowa Park students.

As has been the policy in past years, classes will be dismissed one hour earlier today, and regular hours resumed Friday until the final day of the school year, which will be May 23. The one exception for classes to-

day is kindergarten. Parents have been asked to attend individual conferences, with or without their children.

In preparation for the new year, teachers officially began their preparations Tuesday, holding in-service sessions. Wednesday was designated as a work day for all faculty.

Actually, almost every teacher, especially those in the elementary grades, started working on their own as much as two weeks earlier, to prepare their rooms for the start of the year.

The first holiday will be Monday, Sept. 4, which is Labor Day. A complete school calendar can be found inside this issue of the *Leader*.

STREET WORK PROGRESSING - Crews applied an asphalt overlay this week on Pasadena, as part of the city's summer street improvement project.

Trustees to continue study of new budget

Iowa Park school trustees will be meeting for the third consecutive Thursday, this evening at 7:30 in the junior high school library.

Besides continuing their study of the 1995-96 budget, board members also will discuss the tax rate to finance that budget.

Also on tonight's meeting agenda are employing of personnel, acting on bids for worker's compensation coverage and considering advertising for bids to purchase a new pickup and van.

Supt. Glen Mitchell earlier asked the board to consider raising the tax rate this year by four cents, which would put it at \$1.20 per \$100 valuation.

In last week's meeting, each of the campus principals appeared before the board, detailing cuts they had made in their original proposals, and also told of plans for this year's programs.

Trustees approved a proposal by Supt. Mitchell to hold a public hearing on the proposed budget, and officially adopt the budget on Aug. 31.

The board formally approved the district's certified appraisal value for 1995, at \$258,515,242.

Following an executive session, split votes approved action on two employees.

They voted to reassign Wendy Meadows to teach science three periods a day at the junior high, and two

periods daily teach horticulture at the high school. Her contract would be for 11 months.

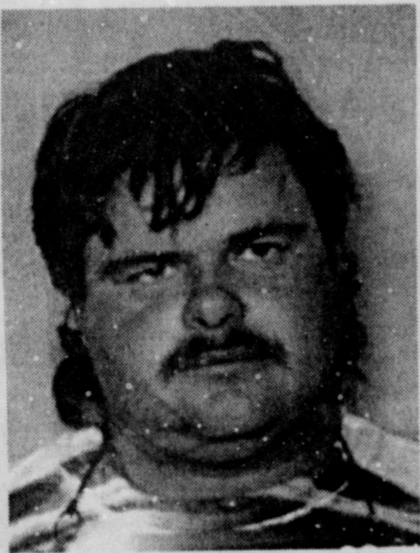

The other action was to employ Misty Hicks to teach junior high science on a full-time basis.

Meadows and Hicks are sisters, and both graduates of Iowa Park High.

Both motions were approved on 3-2 counts, with Randy Catlin, Martha Dudley and Jeff Watts in favor, and Bert Williams and Keith Fisher against.

Not voting were trustees Larry Dutton, who was called from the meeting earlier in the evening, and Dennis Yeager, who was absent.

In other business that evening, the board approved two student transfers, a freshman and a sophomore, from the City View District; accepted bids for cafeteria supplies from Borden, Inc., and Rainbo Bakeries, as well as several other smaller bids for the cafeteria, and also named Robert Palmer as the district's pest control coordinator.

THOMAS CECIL SIMS

DAVID STEVENS

Two face federal charges

Two Iowa Park men are facing lengthy sentences and heavy fines, if they are convicted on federal charges filed against them.

Thomas Cecil Sims, 29, is charged with theft of a state treasury check and forgery, and David Stevens, also 29, faces two counts of the theft and passing of a stolen check.

Sims, who has a lengthy record including three felonies and is under an estimated \$36,000 bonds, remained in a federal holding unit Wednesday in Wichita Falls.

Stevens, who turned himself in at the local police station, was released

on a personal recognizance bond pending a hearing before a federal magistrate in Dallas.

Iowa Park Detective Lynn Collins, with the assistance of two sheriff's deputies, served Sims with a federal warrant Monday evening at a residence in Wichita Falls.

At a hearing, Sims was placed under a \$5,000 surety bond, and when his attorney would not go on his bond, was placed in the holding unit awaiting transfer to the hearing in Dallas.

Two two are alleged to have stolen a government check from a local mail box in May of 1994. Collins began his investigation in February.

Burglars empty home

Iowa Park police are investigating the theft of an entire home's furnishings and personal possessions.

Police were notified Saturday, that sometime during the previous two weeks, someone had pried open the front door of the home that sits directly across the street north of Iowa Park High School and hauled away its contents.

The lone resident of the home had been staying since July 29 with rela-

tives, according to the police report.

Three arrests were made by local police during the past week, two on charges of public intoxication and the third on outstanding warrants issued locally.

An officer took Sean Lynn Mitchell, 18, into custody in the 1000 block of South Wall Thursday afternoon, for local warrants issued.

BY THREE CENTS

City drops tax rate

The Iowa Park city council Monday night lowered the tax rate for next year to 76 cents per \$100 valuation.

Because the city's values were increased by some \$8-million over the previous year, the effective tax rate was set at .766587, which would have generated the same amount of money as the current 79-cent rate produced.

During budget discussions, aldermen had considered lowering the rate by two cents, to 77. However, had the new rate exceeded the effective tax have been required by law.

The adopted tax rate will generate \$800,000, when 97 percent is collected. Following the vote, Mayor Wayne House noted that the new rate is 12.5 cents lower than it was five years ago.

During a discussion on the new rate, Alderman Bob Hamilton pointed out that a rate increase appeared likely for the school district, to meet added costs of operation, and the lowered rate could make this year's city/school taxes about the same as last year for residents in the city.

In other business, the council finalized annexation proceedings on a seven-lot tract in the McCluskey Addition, and approved authorizing the city administrator to advertise for bids to supply uniforms to employees over the next two years.

Also, the mayor was authorized to execute an agreement with the Texas Department of Transportation for the development and construction of Victoria, from Cash Street to the highway access road.

City Administrator Mike Dainig in late summer of 1996. However, Mayor House said he believed he could get the starting date moved earlier somewhat, in order that the junior high school area would not be affected.

The city's portion of the project's cost includes \$45,000, to be paid upon execution of the contract agreement, and \$76,666 two months following completion.

Though no vote was ever held, the council was informed of a request by the Hotter 'N Hell bicycle race coordinators in Wichita Falls had asked that the 100 block of Bond, East Cash and Wall be closed until approximately 12-noon on Saturday, Aug. 26.

City Administrator Mike Dainig use the city hall park as a rest area.

Though Alderman Hamilton expressed his dislike for the request, the

Continued on page 4

Cryovac manager promoted

Ray Youngblood has been promoted from manager of the Iowa Park Cryovac plant to vice president of manufacturing and engineering for Grace Container and Specialty Polymers.

Announcement of the change was made Tuesday at the plant, where he was one of the original employees 25 years ago, and served as its manager the past three years.

Making the announcement was Fred Lempereur, president of Grace Container Products.

Youngblood and his wife, Pat, will be relocating to Lexington, Mass., and he is to assume his new responsibilities about Oct. 1.

His replacement is expected to be named in the near future.

Youngblood, who will be reporting directly to Lempereur, will lead the global manufacturing and engineering support functions of one of Grace's six core units, which includes five state-side facilities and 18 overseas.

During his 30 years with Cryovac, Youngblood has functioned as the superintendent of production, superintendent of engineered analytical training, film manufacturing superintendent, films production manager, and plant manager.

His new responsibilities will include developing strategies for management of equipment processes, facilities and other fixed assets, as well as defining and facilitating programs to reduce costs, increase quality and improve service of worldwide manufacturing operations, Lempereur stated.

According to the 1994 annual report, the Container Products division increased sales six percent to \$325 million, consolidated global manufacturing facilities, introduced high-performance environmentally friendly, water-based container sealants, opened container technical center in the Philippines, completed construction of Indonesian container sealant plant, and formed can and closure sealant compound joint venture in Russia.

Grace sealants ensure the integrity of more than 400-billion cans and bottles each year, making Grace Container products the world leader in can sealing technology.

Grace container sealant systems protect foods and beverages from bacteria and other contaminants, extend shelf life and preserve flavor.

Grace specialty polymers are used in printed circuit board manufacture and component assembly in electronics, electrical, automotive and defense industries.

City continues its lead in county on sales gain

A check for \$31,297.45 was received by city hall this month from the state comptroller's office, raising the total sales tax rebate thus far this calendar year to \$175,252.57.

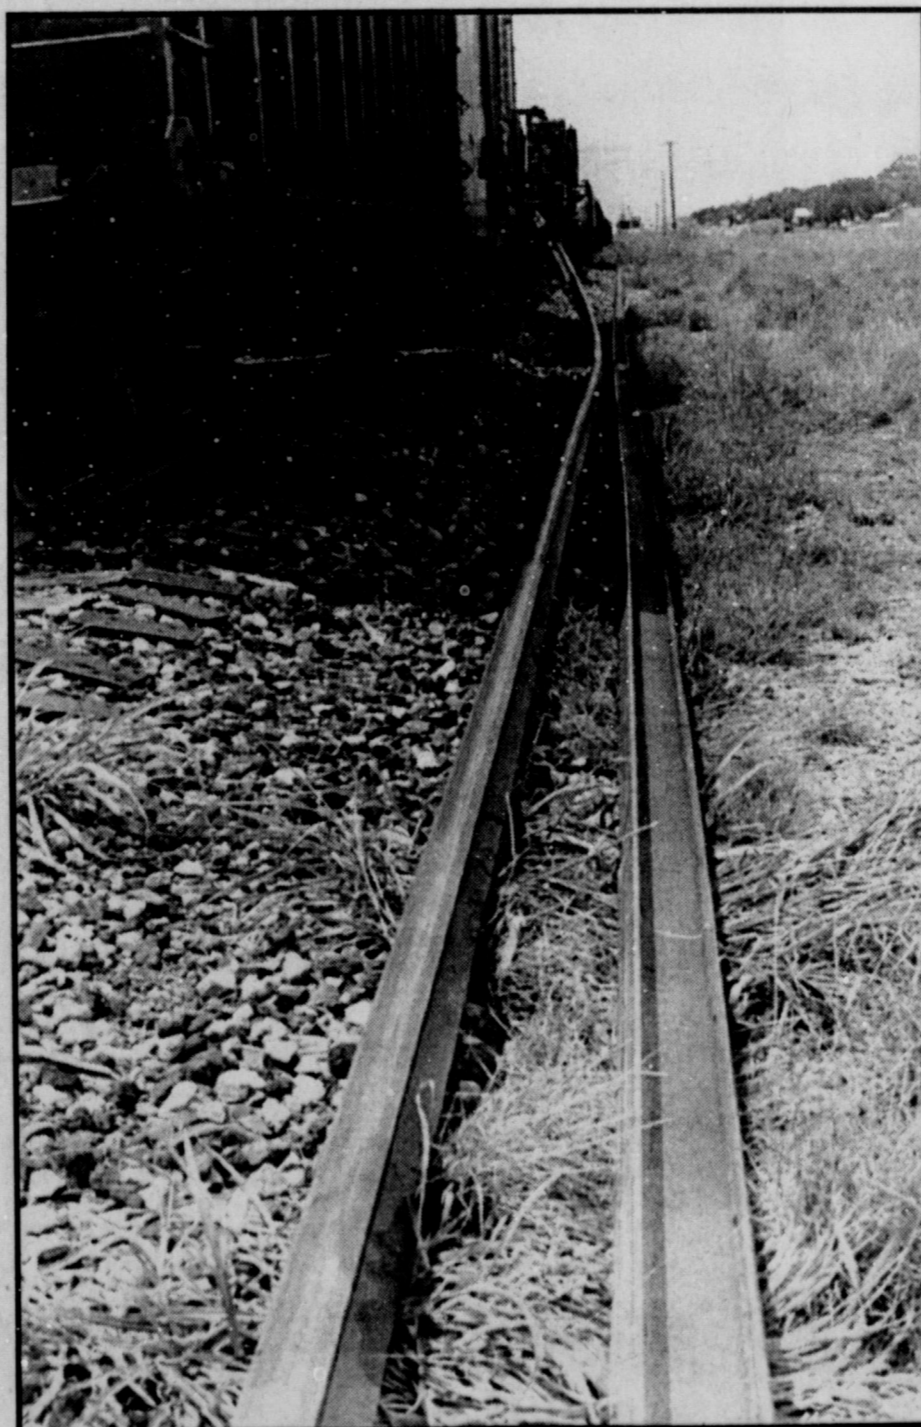

This month's payment includes local sales taxes collected by monthly filers on June sales, and by quarterly filers for April, May and June and reported in July.

The city's rebates are now 9.52 percent greater for the year than they

were in 1994, according to the comptroller's office.

Only Wichita Falls is showing a gain for the year, 2.34 percent, while the other two Wichita County cities are behind for the year: Electra minus 0.71 and Burkburnett minus 6.80 percent.

Holiday's check this month was \$5,978.62, 20.11 percent less than the check in August, 1994. However, for the year, that community's sales taxes are still running 3.10 percent higher than at this time last year.

NEW RAIL REPLACEMENT - Burlington Railroad workers laid continuous welded rail along the siding here this week. This section will replace the old style siding rail from Yosemite to just east of Bell Road.

Mr. and Mrs. Billy Joe Blanton, Jr.
(Jody Christine Beavers)

Beavers, Blanton vows exchanged recently

Jody Christine Beavers and Billy Joe Blanton, Jr. were united in marriage June 28. They are residing in a recently purchased home in Oakboro, N.C.

The afternoon ceremony took place deep in the Appalachian Mountains in the lovely garden of the groom's grandparents, Milan and Rachel Sutherland.

The bride is the daughter of Wanda Beavers of Iowa Park. The bridegroom is the son of Anna S. Blanton of Locust, N.C., formerly of Iowa Park, and the late Billy J. Blanton, Sr.

Rev. William T. Copson performed the ceremony against a backdrop of towering mountains and summer sky. The bride and groom stood beside two bubbling brooks, that flowed together to become one, symbolizing the unity of the couple's love for each other.

The ceremony contained many other aspects of the traditional Appalachian wedding. These included the descent of the bride with her mother down the front porch steps to join her husband-to-be for their stroll through the front yard garden path to the canopied altar.

The bride wore a tea length cream Victorian lace dress and the groom was attired in cream shirt and black jeans.

Dena Beavers of Iowa Park, sister of the bride, served as matron of honor and James E. Hand of Iowa Park was the groom's best man. Also

participating in the wedding were the groom's brother, Michael David Blanton and his sister, Cindy Deann Blanton Day.

The bride's niece, Ashley Beavers, of Iowa Park, as flower girl, scattered flowers in the path of the bride and groom.

Adam Flack, cousin of the groom, was ring bearer.

A reception, amidst the many beautiful flowers in the Sutherland gardens, was held following the ceremony.

Also in keeping with Appalachian tradition, the couple honeymooned on Big Tumbling Creek in the green mountains surrounding the area. Armed with tent, poles and waders, the new union was celebrated with fishing for trout in the cool mountain streams and getting back to nature.

You Can't Be Recycled

Buckle Up

A reminder from this newspaper and the Troopers of the Texas Department of Public Safety.

Moss, Smith nuptials read here Saturday

Double ring wedding vows for Shannon Elizabeth Moss and Russ Stephen Smith were solemnized Saturday at 2 o'clock in Faith Baptist Church. Wade Tomlinson, associate pastor, officiated.

The bride is the daughter of Sandi Adams of Petrolia. The groom's parents are Patty and Bill Dickerson of Iowa Park.

The altar area was decorated with teal and ivory trimmed candelabra and the unity candle continued the chosen decorative theme. Teal bows marked the pews.

During the lighting of the candles, Debbie James sang, "Let It Be Me",

accompanied by Linda Burgoyne. Missy Etheridge sang the wedding song "There is Love" while the mothers were being seated.

During the program of music, the bride sang, "Till I Loved You". After her grandfather, A.L. Allen of Waurika, Okla., presented her for marriage, Missy Etheridge sang, "Standing Right Next to Me" and as the unity candle was lit David Collins sang, "The Keeper of the Stars".

The bride wore an ivory gown embellished with lace, pearls and rhinestones. It was fashioned with pleated shoulders and a three-foot train caught with a bow that formed a bustle back.

Her veil was held by a close fitting cap that was trimmed with pearls and lace. She carried a bouquet of ivory and teal roses surrounded by greenery.

Christy Cullers of Lubbock served as maid of honor. She wore a gown designed with white lace bodice and teal floor length skirt. Her bouquet was formed of teal and ivory flowers.

Blaine and Cortney Moss, daughters of the bride, acted as flower girls. They were attired in matching ivory tea length dresses trimmed with lace and pearls and wore teal and ivory flowers in their hair.

Brett Etheridge of Waurika, nephew of the bride, was ring bearer. He wore black pants and an ivory shirt.

Doug Smith of Iowa Park, was best man. Candlelighter was Kyle Etheridge of Waurika, nephew of the bride. Ushers were Bryan Pyle of Azle, nephew of the groom and Lance Adams, Wichita Falls, brother of the bride.

As the couple left the altar, the groom picked up Cortney, 4, and the bride and groom and Blaine, 7, left the sanctuary as a family.

The reception was held in Fellowship Hall of the church.

Whitney Allen and Samantha McLemore presided at the guest book.

The refreshment tables were decorated in the bride's chosen colors

Mrs. Russ Stephen Smith
(Shannon Elizabeth Moss)

of teal and ivory.

The bride's three-tiered cake was frosted with ivory and decorated with teal roses. Leanne Harvey and Ann James presided at the bride's cake.

The groom's cake was decorated by his sister, Rebecca Kinnamon.

A rehearsal party was given in the home of the groom's parents.

The couple will make their home in Wichita Falls.

The bride graduated Ryan (Okla) High School and is attending Midwestern State University.

A graduate of Iowa Park High School, the groom attended Page Illinois Junior College.

Friends and family attended the wedding from Chicago, Ill., El Reno, Tulsa, and Bixby in Oklahoma, Azle, Fort Worth, Lubbock, South Dakota, and Tallahassee, Fla.

Horn, Pike nuptial vows exchanged July 22 in Dallas ceremony

David Kennedy Pike and his bride, the former Sharisse Linette Horn, have established residence at Valley Ranch in Irving, following a wedding trip to Bermuda.

Mrs. Pike is the daughter of Jack and Gaye Horn of Wichita, Kans., and Pike is the son of Mary and Afton Pike, Sr., of Lindale, former Iowa Park residents.

The couple exchanged vows of matrimony July 22 in a noon nuptial mass in St. Rita's Catholic Church in Dallas. Rev. J. Neil Jarreau, S.J. was celebrant for the ceremony.

Four candelabras intertwined with greenery, a large fresh flower arrangement was centered in front of the altar and twin arrangements were in flanking positions to the altar. Large white tulle bows with streamers marked the pews.

Musicians were Joel Martinson, organist, and David Reece, vocalist.

"Jesu, Joy of Man's Desirings"--J.S. Bach, and "When Love is Found"--Martin West, were presented for the prelude music and "Trumpet Tune in D Major"--David Johnson served as the processional.

Jennifer Cote of Richardson was reader. The first reading from Tobit 8:4-9, was followed by responsorial reading from Psalm 34. The second reading was from Corinthians 12:31 and 13:8.

Following the reading from the Gospel of John 15:9-12 and the homily by Rev. Jarreau, exchange of vows and rings, and lighting of the unity candle came the Liturgy of the Eucharist and presentation of the gifts.

Musical selection preceding the Lord's Prayer and Holy Communion was "Love in the Sunlight"--Donald Busarow, and the selection following was "Panis Angelicus"--Cesar Franck.

Presentation to the Blessed Virgin, "Ava Maria"--Franz Schubert. Offeratory gifts were by Gary Long, Wichita, Kans., Bret Emberson, Waterloo, Iowa, and Austin Long, also of Wichita.

The bride was given in marriage by her father.

For her wedding the bride se-

Mr. and Mrs. David Kennedy Pike
(Sharisse Linette Horn)

lected a white bridal gown designed with a halter type bodice and applique with lace sprinkled with sequins.

Her full floor length tulle skirt was also accented with replicas of the lace and sequined appliques. Her finger-tip veil of illusion was held by a covered headband. She carried a nosegay of two dozen fresh pink roses.

Matrons of honor were the bride's sisters, Shauna Horn Long of Wichita, Kans., and Stephanie Horn Emberson of Waterloo, Iowa.

Bridesmaids were Janelle Cox, of Wichita, Kans., Isabell Estes of Tulsa,

Okla., Julie Knobbe of Lawrence, Kans., and Judy Locke of Irving.

Feminine attendants wore blush pink tea length dresses. The bodice was halter style with a V-neckline and scalloped collar. They each carried an arrangement of three dark pink roses and mixed flowers with greenery, accented with pink tulle bows.

Julia Emberson of Waterloo, Iowa, niece of the bride, was flower girl. She wore a white knee length chiffon sleeveless dress with a V-neckline. Three layers of ruffles formed the skirt.

Kyle Long of Wichita, nephew of the bride, was ring bearer. He wore a black tuxedo with tails.

Best man was Afton Pike, Jr., of Lindale, brother of the bridegroom.

Groomsmen were Scott Ainsworth of Ovilla, Philip Davis of Euleus, Chuck Gilstrap of Plano, Van Hedrick, Gainesville, and Glenn Todd of Geneva, Switzerland.

Serving as ushers were Bryan Horn of Atlanta, Ga., and Jeff Warneke of Conway, Ark.

The groom wore a black tuxedo with white shirt and black and white print bow tie with matching vest.

All male attendants were attired in black tuxedos with white shirt and black bow tie.

Shawn Maxson of Irving presided at the guest book and Laura Parlett of Coppell and Cindy Saylor of Irving handed out programs as guests entered.

The reception was held at the Harvey Hotel in Dallas.

Elegant candlelit tables, water fountains on the buffet table and white lights intertwined in garland decorations set a festive mood for the occasion. Soft piano music could be heard in the background.

The bride and groom celebrated their first dance on the stage. The

song, "Unforgettable" was sung by Isabell Estes of Tulsa, accompanied by Nelda Moyer of Dallas, pianist.

The six-tiered raspberry liqueur stacked bride's cake with cream cheese frosting, was decorated with fresh pink roses and stargazer lilies.

The groom's "Chocolate Decadence" cake was accented with cascading chocolate dipped strawberries and chocolate curls.

The bride is a 1984 graduate of Pratt High School in Pratt, Kans., and a 1989 graduate of Kansas State University in Manhattan. She is a flight attendant for Delta Air Lines.

Pike is a 1985 graduate of Iowa Park High School and graduated in 1989 from the University of North Texas at Denton.

He is territory manager for Blue Bell Creameries.

A special guest was the bride's grandmother, Helen Bonhag. Guests attending from Iowa Park and Wichita Falls included Mr. and Mrs. Johnny Coker, Stan Coker, Mr. and Mrs. Allen Gilstrap, Mr. and Mrs. Darrell Hale, Douglas Hale, Lewis Hedrick, Mr. and Mrs. Eugene Owens, Ronald

Pappas, Mr. and Mrs. George Smith, Mr. and Mrs. Delbert Todd and Mr. and Mrs. Kyle Wells.

FFA Boosters to meet

The FFA Booster Club will meet at 7 p.m. Monday in the high school vo-ag building.

Topics to be discussed include the meal the club will serve before the football game with Electra on Sept. 15, and the upcoming election of officers.

Lisa Wiggins named to ACU committee

Lisa Wiggins was named to the intramurals committee of the 1995 Welcome Week Steering Committee at Abilene Christian University.

Lisa, daughter of Mr. and Mrs. Buddy Wiggins, of Iowa Park, will help plan sporting events for students coming in for Welcome Week.

ACU is a private university affiliated with the churches of Christ, with an enrollment of more than 4000 students.

As I See It... By Bob Hamilton

When I used this space a few weeks ago, expressing my concerns about all the bicycle rides in the area and how disruptive they are to residents along the routes, I wasn't aware of what was in store for Iowa Park.

In fact, no one except the Hotter n' Hell coordinators knew of the major route change.

The racers will be coming through the city, instead of the drop outs.

What does this entail? Well, we'll just have to change our routines on Saturday, Aug. 26, in the downtown business area for a few hours.

The racers will come from Wichita Falls via the Old Iowa Park Highway (shutting down both west-bound lanes) to Bond, where they'll turn north to Cash, use the city hall park as a start stop, then move out to Wall, and turn back onto the old highway to continue their run.

Because they'll be leaving their starting place about 7, they're expected to arrive here about 7:30 and should be cleared out by 9, I'm told.

But, what it all means is, the 100 block of North Bond, 100 block of East Cash and 100 block of North Wall will be closed to traffic from about 6 a.m. until shortly before 12-noon that day.

That means - if you want to go to the post office during that period, you'll have to park somewhere else and walk.

That means - if you want to drive to the 100 block of West Cash, which is a one-way street to the west, you'll either have to do it in violation of the one-way designation, or park somewhere on Yosemite and walk over.

That means - if you own a business that fronts onto the old highway, between Wichita Falls and Yosemite, you'll be on the north side facing the two lanes that are closed, and you won't have any business during that phase of the race; or if you want to take your business to one of those firms, you'll have to walk with the racers clear the area.

All this disruption wasn't known to any city official until just a couple of weeks ago.

Roby Christie, the general chairman, I guess, of the annual bicycle race and ride, did take the time to visit my office Wednesday of last week, after the Rotary Club meeting, and discuss the event.

While I expressed my appreciation for his visit, and information, I must admit I unloaded my frustrations on him. You see, I had only heard news of the route, officially, an hour before he walked into the office.

I tried to explain how disruptive the bicycle ride is, when it passes through our city, the cost to our tax-

Emergency farm loans

Applications for emergency farm loans for damages and losses caused by severe lack of moisture, which occurred on Sept. 1, 1994, and continuing, and a hard freeze, which occurred on April 11, 1995, are being accepted at the Rural Economic and Community Development office located in Vernon.

Wilbarger and Wichita are two counties in Texas designated as contiguous to 12 designated in Oklahoma recently named by Secretary of Agriculture Dan Glickman eligible for loans to cover part of actual production losses resulting from the storms.

Thomas J. Spencer Jr., area RECD supervisor, said farmers may be eligible for loans of up to 80 percent of their actual losses or the operating loan needed to continue in business or \$500,000, whichever is less.

For farmers unable to obtain credit from private commercial lenders, the interest is 3.75 percent.

"As a general rule, a farmer must have suffered at least a 30 percent loss of production to be eligible for an RECD emergency loan," Spencer said.

Farmers participating in Federal Crop Insurance program will have to figure in proceeds from those programs in determining their loss.

"Applications for loans under this emergency designation will be accepted until Feb. 26, 1996 but farmers should apply as soon as possible. Delays in applying could create backlogs in processing and possibly over into the new farming season," Spencer said.

The RECD office in Iowa Park is open from 10 a.m. until 12-noon each Wednesday.

payers who have to provide police to control traffic, and top it off with the opinion that our citizens have to endure the disruption to enable Wichita Falls to gain all the nation-wide publicity.

I asked how the leaders of his city would feel if a couple of us announced, even with more than three weeks notice, that we were going to sponsor an event that disrupted their citizens in a like manner. No response.

He mentioned several times about how the riders enjoyed seeing our fine city. And he also admitted a lack of communication over the years.

Oh, by the way, they were to have a press conference yesterday in Wichita Falls concerning all the race's changes. And I got a card and call about it. But, since Wednesdays are press days for us, I declined the invitation. So, for the first time since the ride was started, they're bringing us a packet, complete with maps.

I have a suggestion on how we can give the Wichita Falls people an example of our problems.

Since I've been the coordinator of the Turtle Trot event, held annually during Whoop-T-Do, I'm considering changing that event up somewhat.

The Oct. 14 contest this year will be "run" in three preliminary heats, followed up by a final race for the three preliminary winners.

The first heat will be at 7:45 a.m., in the intersection of U.S. 287 and Eighth Street, in Wichita Falls.

Second heat, to begin at 10:10 a.m., will require the 1000 block of Indiana (in front of the post office), in Wichita Falls.

And the third heat will begin at 12:05 p.m. across the intersection of the Kemp Street entrance to Sikes Center, in Wichita Falls.

Of course, we'll have big posters and broadcasting vehicles at each of the three preliminary heats, informing those in the area that the final of the 1995 Turtle Trot will be held in the intersection of Cash and Wall, in Iowa

Park. I'm sure the owners of all those Turtle Trot entrees will absolutely be delighted in seeing the beautiful scenes of our neighboring city, Wichita Falls.

City

Continued from page 1

mayor said "We need to be a part of such activities. We all need each other and need to work together."

During the general discussion period, George Witherspoon spoke from the audience, saying a member of the council had said things about him and his position as emergency coordinator for the city.

Alderman Hamilton responded, saying the city did not need a full-time office (complete with computerized weather equipment, radio and telephone) set up in city hall, for something that would be used infrequently.

Police

Continued from page 1

The warrants, two for exhibition of acceleration and one for no insurance, carried total fines in the amount of \$614. Mitchell was released that evening, after the fines were paid, according to the police blotter.

Rodney Lewis Klein, 25, was charged Friday evening of public intoxication. He was released Saturday morning after signing a promise to appear in municipal court.

At 2:55 a.m. Sunday, Terry Michael Rea, 35, was placed in jail on a public intoxication charge. He was released at 8:02 a.m. after paying a \$280 fine.

Worth Quoting

We thought the timing was perfect

Four days after Peter Jennings and ABC aired the special on the dropping of the A-bomb on Hiroshima, the announcement was made of the acquisition by Walt Disney of ABC/Capital Cities.

To us, it seems a perfect match -- ABC joining the Disney world of make-believe and fanciful dream cartoons.

We only watched a portion of ABC's Jennings rewrite of American history about the bombing of Japan. We figured he wouldn't know the difference between a bayonet and a butter knife.

But the idea of picturing President Harry Truman as indecisive and pawns of those around him, was downright laughable.

We've not had a president in this century that was more decisive and more independent than Harry Truman. A man who not only gave the okay to drop the bomb, but fire World War II's most dramatic general, Douglas MacArthur, and take on single-handedly the entire press corps of Washington over their criticism of his daughter's piano recital, certainly did not need the help of anyone to make the decision over Hiroshima or Nagasaki.

And if we were one of the 104,000 American prisoners held by the Japanese in the summer of 1945, we'd let Walt Disney and ABC know how grateful we were for Harry Truman's

decision.

There is no dispute over the fact that the hard-liners in the Japanese military had issued orders that all American POW's were to be killed immediately on the day Americans invaded Japan. We had deciphered their code earlier in the war and Truman knew about the POW orders.

Today's history revisionists tend to forget Okinawa. The bloody and brutal 82-day battle cost 13,000 American lives and three times that in casualties.

Following Okinawa, in July, 1945 here is what Truman faced:

The most reliable intelligence reports declared that even if the Soviets entered the war, the Japanese wouldn't surrender, as Gen. George Marshall said, short of a U.S. invasion -- and it would be the deadliest battle of the war.

Estimates placed the expected casualties of American GIs from the invasion at a quarter of a million men - and three times that of Japanese military and civilians.

The war ended four days after the bomb was dropped on Nagasaki, August 15, 1945.

And history revisionists aside, there's lots of veterans still around who still thank Harry Truman and the A-bombs for negating the necessity for an invasion of Japan.

As Russell Baker of the New York

Times said:

"History is written by winners, then rewritten by their children -- and the winners rarely come off well in the rewrite."

Maybe the combined Walt Disney and ABC company can next purchase the Smithsonian Institute in Washington and we'll have all the Mickey-Mouse outfits operating the world of make-believe.

JAMES ROBERTS
Andrews County News

In the past, I felt that many times our government was ignorant of our lifestyles here in the West, but when a recent article, written by the *Billings Gazette*, was brought to my attention, I didn't realize just how bad it really is! According to the article, President Clinton learned there were 100,000 cattle guards in Colorado. Since Clinton was so upset with ranchers' protests over his grazing policies, he told U.S. Secretary of Interior Bruce Babbitt to fire half the cattle guards immediately! Before Babbitt could proceed with the President's wishes, Colorado representative Pat Schroeder intervened with a request that before any were fired, they would be given six months of retraining.

Yes, folks, what you have read is true. Hilarious, all depends on how you look at it. Scary, definitely.

Adolphus' renew vows on 50th anniversary

James C. Adolphus and the former Mary Evelyn Corbitt renewed their vows of marriage on the occasion of their 50th wedding anniversary Saturday.

It turned out to be even more eventful than was first planned, when their granddaughter, Suzanne Mary Sparks, who was planning to be married in December to Robert Frank Faretta, decided she wanted them to be married at the same time her grandparents renewed their vows.

The double wedding was performed in the Country Chapel on Hwy 287 at Wellington Road by Rev. Darrell Cubine, a student at Criswell College in Dallas. He is the Adolphus' grandson and a cousin of the former Miss Sparks.

Group singing was led by Peter Powell, accompanied by Randy Reinhart at the piano. Reinhart also sang "Because" and Tammy Hendren, of Sulphur Springs, Ark., vocalist, sang "Til the Twelfth of Never".

Mrs. Adolphus was presented for the renewing of her vows by her son-in-law, Raymond White of Wichita Falls and Miss Sparks was presented for marriage by her father, George Sparks of Lewisville.

Attending Adolphus as best man was his son-in-law, Ronnie Cubine of Wichita Falls. Best man for Faretta was the bride's brother, Ken Sparks of Burkburnett.

Matrons of honor for Mrs. Adolphus were her daughters, Claire White and Barbara Cubine, both of Wichita Falls.

Matrons of honor for Miss Sparks were her cousins, Tammy Hendren and Robin Powell of Madisonville.

Acting as ushers were grandsons and cousins of the two couples, Del Livingston and Ray White, both of Wichita Falls.

Mrs. Adolphus wore a floor length gown of pastel pink brocade taffeta tufted at the hemline and

topped by a sheer matching jacket. The gown was designed and made by her daughter, Claire White.

Her groom of 50 years wore a white western shirt, a black and white string tie and black jeans.

Suzanne Mary Sparks is the daughter of George and Ann Sparks of Lewisville. Mrs. Sparks is the oldest Adolphus daughter.

Faretta is the son of Donato and Kazuyo Faretta of Los Angeles. The newlyweds are now residing in San Diego. In January they will be moving to Guam for a two-year tour of duty.

Faretta is a Petty Officer, 3rd Class, stationed at the Naval Training Center in San Diego. He is an Administrative Computer Specialist in the Service School Command.

Following the weddings a barbecue buffet lunch was served to guests.

Decorations carried the western theme. Tables were covered with red and white checked cloths. Centerpieces for each table were flowers arranged in boots and miniature bales of hay. Two gold wheelbarrows were decorated with balloons and held the iced soft beverages.

The Adolphus' cake was made and decorated by their youngest daughter, Barbara Cubine.

In addition to their three daughters the Adolphus' have seven grandchildren, all of whom participated in their Golden Wedding event, and they also have 12 great-grandchildren.

Mr. and Mrs. Adolphus were married in Nellie Dodd Memorial Methodist Church in Atlanta, Ga., with his father officiating.

They both were born in Atlanta,

she the daughter of an accountant in Atlanta, who also preached for the Methodist Church, and Adolphus to a farmer and circuit-riding Baptist preacher, who lived near Atlanta.

But Evelyn has said she wouldn't want to live back in Atlanta and he says he doesn't miss the Blue Ridge Mountains. In fact they both love Texas and wouldn't want to live anywhere else. She says ever since they got a drink out of Red River they have considered themselves Texans.

Adolphus was an Army Sgt. when the couple married in 1945. He joined the Army in 1938 and saw service in World War II in the cavalry. He was one of the 200 soldiers to see service in Burma and was one of 10 to survive the battle and a bout with malaria. He got out of the Army in 1945, but was called back for the Korean Conflict.

In 1951 the Air Force needed communications people. He had worked for a telephone company from 1945 to 1950. He and another airman were sent to Boeing in Seattle to prepare as instructors to teach communications systems on the Minute Man missile.

The two returned to Sheppard AFB. They set up the courses, wrote the tests and taught others how to fire the missile to get it airborne.

After retirement from the Air Force at SAFB in 1964, he went into the business of breaking, boarding and training horses. He trained race horses and Quarterhorses for barrel racing. He won many trophies and ribbons in the amateur rodeos and play day timed events. He worked for a time on a 3,000-acre ranch near Scotland.

Between buying and selling horses he also worked a year as Wichita County jailer.

Evelyn didn't help him break and train horses, but he did teach his "city" raised wife how to ride them. She commented that she just stood around waiting to pick him up and take him to the hospital.

They organized trail rides in the Wichita Mountains and she usually "led the pack".

Adolphus has had three cancer surgeries and believes prayer is the reason he is still around today. He said he had four churches in the United States and one in South America praying for him.

Evelyn said, "Jimmy has always kept his guardian angel working overtime".

He has been active in the Wichita County Mounted Patrol and she rides in the parades. He is a member of the American Legion and the Masonic

Mr. and Mrs. James C. Adolphus
1995

Lodge in Burkburnett. They have both been active in the Literacy Program.

He is currently running cattle on pasture. He loves to fish and she likes to go along. Before moving to Iowa Park 11 years ago, the couple lived near Burkburnett several years.

He says "she has always been a good supporter and encouraged me in things I've wanted to do." Could be one of the reasons they have made it to their 50th wedding anniversary.

Pharm/alert Health Tips

End of Summer + Back to School = Special Health Concerns The ABCs of Preventing Lice & Pinworm Infestations in School Children

As the summer months draw to a close and children begin returning to school after weeks of fun and games at camps, recreational gatherings, and other organized activities, parents may be faced with what is becoming an increasingly common health problem: lice and pinworm infestation.

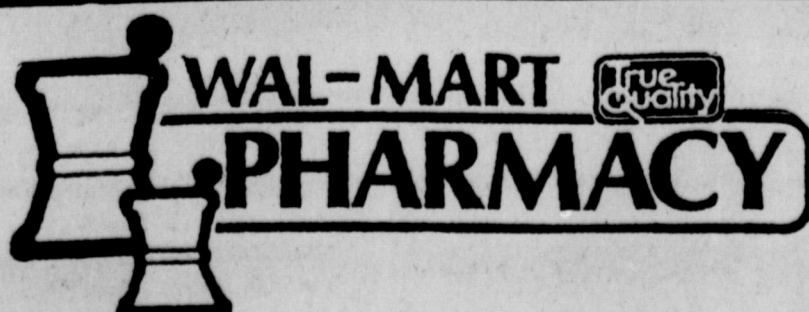

With the exception of the common cold, head lice and pinworms probably affect more children in the U.S. each year than all other communicable diseases combined.

Infestation can occur with anyone, no matter how "clean" they may appear to be.

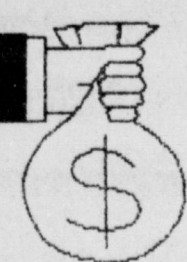

- ▷ Lice and pinworm infestation is most common from August through November.
- ▷ Both lice and pinworms are parasites: a human is necessary for either to thrive.
- ▷ There must be some form of direct contact to contract head lice or pinworms.
- ▷ Learn to recognize the early symptoms of infestation:
Head lice will be accompanied by itching of the scalp, ears, or neck.
Pinworms generally create discomfort and itching in the anal area.
- ▷ To reduce the potential for infestation of head lice and pinworms:
 - Discourage sharing of hair brushes, combs, and all forms of headgear, including headphones. These represent some of the easiest ways for lice to be transmitted.
 - Each family member must wash their hands thoroughly following visits to the toilet and before eating or preparing foods.
 - Children should sleep in separate beds, and should minimize sharing of personal belongings.
- ▷ Neither head lice or pinworms is life-threatening, and both are easily treated once detected.
- ▷ If you find that your child has either head lice or pinworms, consult your pharmacist for recommended treatment.

For more information about pinworms and head lice — Ask your pharmacist

NEWS OF THE IOWA PARK GENEALOGICAL & HISTORICAL SOCIETY

The Iowa Park Genealogical and Historical Society meeting was attended by 12 members at the Tom Burnett Memorial Library Saturday, Aug. 12.

After a short business meeting, chaired by acting president John Chapman, the group was treated to an interesting and informative program by Shirley Banks on researching for history and genealogy in the many cemeteries in Texas.

Shirley pointed out there are different types of cemeteries, some very old, and how to locate these burial grounds. She also presented tips on how to search and told what equipment to take to help and protect the searcher. Many of the old cemeteries are overgrown with weeds and brush and can really challenge the researcher.

But Shirley is an enthusiastic genealogist and she told how rewarding information discovered in cemeteries can be. Reference books on cemeteries in Texas are available in our library.

Chapman announced there are still

centennial books available, but they are going fast. Call John, 592-4952, if you would like one. The price is still \$20, and he will deliver if you are unable to pick up your copy. Also a reminder, John will mail copies for the small additional charge of \$3.

The Iowa Park Historical and Genealogical Society will begin their second year at the meeting Sept. 9. All interested in the Society are invited to join with the members in making this an interesting and exciting 1995-96 year.

A field trip to the Kemp Library is planned Aug. 21. If you are interested in learning the genealogical resources available at the Kemp Library, please meet at the Tom Burnett Memorial Library at 10:30, Aug. 21.

by Jo Lynn Cockrum

Bridge Club

With three tables in play this week, the high score was reported by John Chapman with 4970 points. Second high was reported by Ann Guthrie with 4340 points. The Monday club played four rounds.

Billie Dowell had the high score of 4200 at Wednesday bridge last week. Nita Morris had the second high of 3470. There were three tables, with four rounds played.

Bridge players, don't forget the tournament scheduled for this Saturday. If you haven't signed up yet, please call the RAC office (592-4471) for more info.

Thanks

We would like to thank Officer DeDe Alderman and the 9-1-1 crew for the program presented last week. There were approximately 30 students in attendance who now have a better understanding of the emergency call system. Thanks!

Fall Schedules

The fall schedule of activities at the RAC will begin the first week of September. If you have any suggestions for new programs, or questions about current ones, please call us. We would love to offer programs that meet your needs. Fall schedules will be passed out at the elementary schools next week, or you may pick one up at the RAC, 806 N. Third.

9-1-1 Class Participants

Help Needed

We are still in need of Mother's Day Out Supervisor at the RAC. Persons interested in applying for the position are urged to contact Jo Lynn at 592-4471 as soon as possible.

Mother's Day Out is held on Fridays from 9:00 a.m. to 2:00 p.m. during the school year. We will start next Friday, Aug. 25.

Kidnapping in Progress

The Iowa Park RAC and the Friendly Door will be kidnapping some of your friends next Thursday!! Be

prepared to help with their "ransom" and your contribution will go to a good cause! Our first annual "Kidnapped for Cash" will be held to raise funds for the RAC and the Friendly Door. If called upon to help, please remember you assistance will benefit citizens of all ages for a long time to come.

9-1-1 presentation at RAC

The correct way to use 9-1-1 emergency call procedures was explained to about 30 young people Thursday morning at the Recreational Activities Center.

The program was presented by Vereda Koch of Nortex 9-1-1 Communications District, and DeDe Alderman and Sherry Fowler of the Iowa Park Police Department.

During the one-hour presentation,

Ms. Koch explained the importance of not making a prank 9-1-1 call because it ties up the time of emergency personnel. And last but not least, it is a crime.

WORTH QUOTING

Only in America...

Auctioneer Wayne Ball had to call a halt to an auction and hang a "Not For Sale" sign on three dead ducks.

All it took was a call from a federal agent. Ball thought the agent might be interested in buying the ducks. Not so. Selling migratory birds is a federal crime, the agent said.

"I laughed till it hurt," said Ball. "I said I can't believe this one."

It's a crime to sell them, dead or alive, said the agent. The penalty is a \$500 fine.

The stuffed ducks have been dead since Thanksgiving, 1960.

SCHOOL DAYS Are Here Again!

N9586390*-11

DRIVE CAREFULLY!

The kids are on their way back to school. And being children, they might not be looking where they're going. It's up to you to slow down and look around, when driving where children are likely to be.

It's also important to keep your car in good working order—brakes, especially—to keep our children out of harm's way.

Come by today for an estimate on brake repair.

COOK OF THE WEEK

With school starting today, extra-curricular activities will soon follow. To keep kids active, parents must sometimes sacrifice evening hours to accommodate practice schedules, but healthy home-cooked meals don't have to fall by the wayside.

There are several meals which can be made in a crock pot, made ahead and be ready to put in the oven, and one-dish meals.

Many moms spend Sunday afternoons making up several helpings of burritos, spaghetti sauce, casseroles and other hearty main courses, and freezing them for future use. The same can be done with French toast, muffins and pancakes for a good school day breakfast. This method also comes in handy for those who just might not feel like cooking during the week.

Italian Meat Sauce

2 lbs. extra lean ground chuck
1 cup chopped onion
2 cloves garlic
2 cans (1 lb. 12 oz.) tomatoes
1 can (6 oz.) tomato paste
1/2 cup celery, chopped
2 tsps. salt
3 tsps. dried oregano, crushed
1/4 tsp. dried thyme, crushed
1/2 tsp. dried rosemary
1 bay leaf
1 cup mushrooms, chopped (opt.)
Put all ingredients in slow cooker; stir thoroughly. Cover and cook on low 10-12 hours, or high 5-6 hours. Discard bay leaf. Serve over cooked spaghetti or noodles and sprinkle with grated Parmesan cheese. Makes 2 quarts.

Sweet-Sour Pork

1 1/2 lb. pork steak, cut into strips
1 tsp. paprika
2 Tbsps. shortening
3 Tbsps. brown sugar
1/4 cup instant dry milk
2 Tbsps. cornstarch
1/2 tsp. salt
1 can (15 1/2 oz.) pineapple chunks, well drained (reserve syrup)
1/3 cup vinegar
1 Tbsp. soy sauce
1 Tbsp. Worcestershire sauce
1/3 cup water
1 small onion, thinly sliced
1 green pepper, cut into 2-inch strips

Sprinkle pork strips with paprika and brown in hot shortening in a skillet; discard excess fat. Combine brown sugar, dry milk, cornstarch and salt in

a 1 1/2 quart bowl. If necessary, add water to reserved syrup to make 2/3 cup. Gradually add combined syrup, vinegar, soy sauce and Worcestershire to dry ingredients. Add to pork in slow cooker; add onion and stir. Cover and cook on low 6 to 8 hours (or high 4 hours). 1 to 2 hours before serving, add pineapple tidbits and green pepper strips. Serve hot over fluffy rice. Makes 6-8 servings.

Beef-Broccoli Casserole

1 lb. hamburger
Salt and pepper to taste
1 small pkg. cornbread stuffing mix
1 can cream of mushroom soup
1-10 oz. pkg. frozen chopped broccoli
Shredded cheese
Saute hamburger, drain and season. Prepare stuffing mix per package directions. Prepare broccoli per directions.
In 2-quart oblong baking dish, layer ingredients: meat, dressing, broccoli and soup. Top with cheese. Bake 25-30 minutes at 350 degrees.

Green Chili Casserole

1 lb. ground beef
Small onion
Brown ground beef with small onion. Add:
1 can cream of mushroom soup
1 can cream of chicken soup
1-4 oz. can green chilies, chopped
1 can green chili enchilada sauce
1-12 oz. can evaporated milk
Pour mixture over 1 large bag of tortilla chips that has been emptied into a 9x12 pan. Cover with 1 pound grated cheese. Bake 30 minutes in 350 degree oven.

Mexican Salad

1/2 to 1 lb. ground chuck
1 can ranch style beans
1/2 cup chopped onion
1/2 cup lettuce, shredded
1 cup grated cheese
1 pkg. corn chips, broken into small

1109 FM 368 S. Iowa Park

pieces
Dressing of choice
Cook ground chuck until done; drain. Drain beans and combine with onion. Add ground chuck, lettuce, grated cheese and corn chips. Add dressing, toss and serve.

Chicken Parmesan

4 boneless, skinless chicken breast halves (about 1 lb.)
1 egg, slightly beaten
1/2 cup seasoned bread crumbs
2 Tbsps. butter or margarine
1 3/4 cups spaghetti sauce
1/2 cup shredded Mozzarella cheese
1 Tbsp. grated Parmesan cheese
1/2 cup chopped fresh parsley
Using palm of hand, flatten chicken to even thickness. Dip chicken into egg, then into crumbs to coat. In skillet over medium heat, in hot margarine, brown chicken on both sides. Add spaghetti sauce. Reduce heat. Cover and simmer 10 minutes. Sprinkle with cheeses and parsley. Cover; simmer 5 minutes or until cheese melts. 4 servings.

Sausage Wraps

2-8 oz. cans crescent dinner rolls
48 fully cooked cocktail smoked sausage links or hot dogs
Heat oven to 375 degrees.
Separate dough into 8 triangles. Cut each triangle lengthwise into thirds. Place sausages on shortest side of each triangle. Roll up from shortest side to opposite point. Place on ungreased cookie sheets and bake in 375 degree oven 12-15 minutes or until golden brown. Serve warm with ketchup and mustard, if desired.
To make ahead, prepare as directed above. Cover; refrigerate for up to 2 hours before baking.

Chicken Pot Pie

2 cans cream of potato soup
1 cup milk
1/4 tsp. pepper
1/4 tsp. dried thyme leaves, crushed
4 cups cooked cut-up vegetables

DISTRICT JUNIOR LEAGUE CHAMPS - Include (kneeling) Dustin Shierry, Troy Tatom, Chase Simpson, Rusty Sanders and Scott Balch; (standing) Eric Justus, Dustin Dean, Ronnie Ray Smith, Aaron Duran, Jeff Duerson, Wade Miser, Justin Phillips, Tyler Pulley and Jeremy Nelson. Ralph Dillard was manager of the 13-year-old group and Terry Tatom was coach.

2 cups cubed cooked chicken
1-10 oz. pkg. refrigerated biscuits
In 3-quart shallow baking dish mix soups, milk, pepper, thyme, vegetables and chicken.
Bake at 400 degrees, 15 minutes. Stir. Arrange biscuits over chicken mixture. Bake 15 minutes or until biscuits are golden.

HAWK LINEMEN PUT THEIR PADS TO GOOD USE IN MONDAY'S PRACTICE SESSION

Head Hawk is pleased

With a week of two-a-day practices under their belts, the '95 Hawks are miles ahead of where they were at this point last year, and improving every day according to head coach Weldon Nelms.

Nelms' biggest worry this year might be finding places to play everybody. "We're going to have a lot more depth at all the positions this year," Nelms said. "Partly because the kids are getting used to the system and partly because of the work we did last spring."

"We've still got a long way to go to get in football shape," Nelms added. "But we're getting there. The kids have a great attitude and I'm tickled pink with the great work ethic and demeanor they are showing. We've got a few more injuries and little dings than we'd like but that's something you have to deal with every year, but overall I feel real good about the direction we're heading."

One of the strong points for Iowa Park this season will be the depth at the quarterback position. Four different players could start as the signal caller this season including seniors Robert Klinkerman, Chris Norris, Brandon Campbell and sophomore Todd Yeager.

"We've got the luxury of having four guys at the quarterback position that can all play football," Said Nelms. "Every day it's someone else that makes the great play at that spot and each one of them has a certain area that they excel in. We'll be in good shape with any of the four and that's a big plus for us."

Another plus for the Hawk football team is the addition of a pair of basketball players who have come out for the team this year.

"We're real glad to have Michael Fallon and David Waterbury on our football team this year," Nelms added. "They're both great athletes that can make plays on both sides of the ball for you. If we are able to get the ball in their hands nine or ten times a game in any situation, they are capable of scoring."

Some of the changes you'll see

this year in the Hawk offense will be the multiple sets including a split end on every play and even the shotgun on certain occasions.

"Our offense is built around the different formations," Nelms said. "We're going to try and make other teams defend the entire field against us by using the passing game a bit more and adding some things that will spread the defense allowing us to hit a few more seams with our running game. With the depth we have at the running back positions, you'll see a lot of different players in different situations."

The Hawks will be introduced at the Back To School Pep Rally tomorrow at 8 p.m. at Hawk Stadium by coach Nelms. There will also be a cake auctioned off by each class to raise money for the Booster Club. The band will play and everyone is welcome to come out for "Meet the Hawk Night."

The inter-squad scrimmage will be Saturday morning with the freshmen getting started at 9:30 with the JV and varsity to follow.

Fans will notice the latest Booster Club project when you get to the Stadium Friday night when you look to the East end of the field where they have hauled and spread 42 tons of white rock and spelled Hawks in green shrubs. They're also putting a new speaker system in the High School gymnasium.

The Pep Rally is to give the com-

munity a chance to meet the team and coaching staff and to kickoff the upcoming season. The Hawks will get to hit someone in a different color jersey next Friday night when they scrimmage against the Coyotes at Memorial Stadium in Wichita Falls, then travel to Childress the following week.

Top of Texas registration deadline set

This Saturday will be the last day to sign up to play in the Top Of Texas Football League this year.

Sign ups will be held from 8 a.m. through 2 p.m. at the County Annex building on North Wall this year and a doctor will be on hand to give physicals from 8 till 2 with the cost being \$10.

All new players are required to have a copy of their birth certificate with them to sign up. All players are required to have a physical either from their own doctor or from the doctor at the sign ups.

Players must be eight years old by Sept. 1 and can not be 12 years old by that date to be eligible to play.

Players not able to make it to the County Annex can call Gordon Griffith at 592-4840 to sign up.

Socket sign-up deadline Friday

The last day for fall soccer sign-up will be Friday, according to Aquilla Carillo-Miranda, local coordinator of the Greater Wichita Falls Soccer Assoc. The fall soccer season is set for Sept. 9 through Oct. 28.

Registration fee will again be \$30 per child, payable at registration. Parents may register their child at Homestead Ceramics, 116 W. Cash.

Those signing up to play for the first time must also bring a non-returnable copy of their birth certificate.

To be eligible to play in the G.W.F.S.A., players must be at least four years old by July 31, 1995. Children through adult teams will be

formed.

Anyone interested in coaching a soccer team should contact Mrs. Carillo-Miranda at 592-2014 or 592-2631 or Marc Newman, 592-9310.

A clinic for new coaches and anyone else interested in attending

will be at 7 p.m. Saturday at the G.W.F.S.A. office in Wichita Falls

A mandatory referee instruction clinic for under 8 and under 6 coaches or parents will be from 7 to 9 p.m. Aug. 29 at the association office.

Some got shower, others didn't

To the surprise of most residents who live west of Pacific, a brief rain shower wet the eastern part of Iowa

Park prior to sunrise Tuesday.

Virgil Woodfin reported he had measured .07 of an inch.

Tournament to benefit Friendly Door

There will be a Co-Ed Volleyball Tournament to raise money for the Friendly Door building fund this Friday starting at 8 p.m. at the Optimist Club Gym.

The first 12 teams entered will be accepted. There will be a \$50 entry fee with all proceeds going to the building fund. T-shirts will be given for the first place team.
