BIKE RIDERS COMING

Traffic interruptions here Saturday morning

Iowa Park residents may have to alter their traveling routes somewhat Saturday morning, because of the new routing of the Hotter'n Hell Hundred bicycle race.

The 100-mile race route this year will exit Wichita Falls on Scott Street, and head west on Old Iowa Park

Highway, causing both west-bound lanes to be closed to vehicular traffic until the riders pass through.

Upon entry in Iowa Park, their route has caused the closing of the streets east, north and west of the block on which the city hall, post office and fire department are located.

Those streets, which will be blocked off from about 6:30 a.m. until shortly before 12-noon, include 100 North Bond, 100 East Cash and 100 North Wall.

Residents wishing to do business at the post office Saturday morning will have to park in the block north, and walk to their destination.

Purpose of that routing is to utilize the city hall park as an official rest stop, according to organizers of the race.

Once riders return to the old highway from Wall, they will turn south on Yosemite, and follow FM 368 to FM 367, and continue westward to SH 25.

Iowa Park Volunteer Fire Dept. personnel have organized a plan of action, should an emergency be called in during the riders' stay in the city.

Some of the personnel will be in the south part of town, and will use equipment at the south station, if called to a location in that area.

All equipment in the main station, which is located in the city hall block, will be moved to a location two blocks north, on East Park, according to Chief Danny Skinner.

In addition to Saturday's race through here, an additional event has been scheduled Friday which can affect traffic between here and Electra.

The new event, called a time trial, will commence on Business 287 just east of Electra, and end at Harmony Road. The outside lane of US 287 will be closed while that race is underway.

The Harmony Road exit will be closed to all south-bound traffic until the race is finished and riders cleared from the area.

The time trial is scheduled to begin at 10 a.m., and continue until all the riders, expected to be at least 200 men and an underdetermined number of women, are started at varying intervals.

Enrollment on first day 4th-highest

First-day enrollment in Iowa Park schools produced no surprises to administrators, who had predicted more students than last year.

Thursday's enrollment of 2,094 was the fourth-highest ever recorded here on the first day of classes, and surpassed last year's mark of 2,088 by six pupils.

The 1970 first-day record of 2,292 still remains the highest-ever mark here, followed by 2,188 in 1971 and 2,110 in 1973.

The largest student enrollment reported was at the high school campus, which had 610. The count at the junior high was 529, and 468 at Bradford and 487 at Kidwell.

Traditionally, enrollment continues to grow until just after the Labor Day holiday, as some families do not time their home moving until then.

A breakdown by grades on the first day included:

12th Grade	119
11th Grade	134
10th Grade	166
9th Grade	191
8th Grade	167
7th Grade	179
6th Grade	183
5th Grade	166
4th Grade	162
3rd Grade	140
2nd Grade	145
1st Grade	151
Kindergarten	152
Pre-Kindergarten	31
SPH & Early Childhood	8

VISUAL CHANGE was made recently at Hawk Stadium by the Athletic Booster Club, which sponsored a start-of-season pep rally Friday evening during which players and coaches were introduced. A feature of the event was the auctioning of four cakes, each representing the four classes at Iowa Park High. The event produced \$2,600.

Two meetings scheduled for school budget, taxes

Two called meetings of the school board have been scheduled next week, in order to finalize revisions in the

1995-96 budget and set the tax rate.

The first meeting will be at 7:30 p.m. Tuesday, in the junior high library, with the second slated at 3 p.m. Thursday in the administration building.

Board members gave an indication they favored a two-cent increase over the 1994-95 rate of \$1.16, when an unofficial "show of hands" last Thursday night was requested.

Leading off Tuesday's meeting will be a public hearing on the proposed budget for the 1995-96 year, which later in the meeting will be reviewed, according to the posted agenda.

The board also is to review the amended 1994-95 budget, and also discuss the proposed new tax rate.

Also on Tuesday's agenda are: acting on a maintenance contract bid; acting on pay schedules for maintenance, custodial, cafeteria employees and transportation mechanic; acting on bids for workers' compensation coverage, and discussing property adjoining the high school campus.

Thursday afternoon's meeting agenda calls for continuing the public hearing on the 1995-96 proposed budget, which is to be followed by amending the 1994-95 budget, adopting the 1995-96 budget, establishing the 1995-96 tax rate, and taking action

on bids to purchase two vehicles.

Trustees voted approval of pro-

Continued on page 4

City options land for golf course site

The city council is taking action which could lead to the development of a public golf course here.

In a called meeting Monday, aldermen approved making an offer to take an option on a tract of land where the course could be located, and also contacting at least two different developers.

The council approved expending \$5,000 to put the property, often referred to "the Van Horn place," under contract for a 90-day period. During that time, it was believed negotiations could be finalized with a developer to build the course.

The property is bounded by US

287, Johnson Road, railroad and property owned by Dennis Brooks.

Alderman Johnny Crawford presented a letter he had prepared to send to a developer who resides in New Mexico, and council members approved the letter.

Additionally, Mayor Wayne House said he had been talking with a group who reside in Wichita County, among whom existed financial and golf course operation responsibility and experience.

Both plans, Crawford and House explained, would include housing development around the golf course, and reimbursement to the city for its expenses.

Additionally, the city would make available to the course developer untreated lake water and effluent water from the treatment plant.

One of the items on the agenda for this coming Monday night's meeting also concerns the golf course topic. Administrator Mike Price will ask authorization to contract with Flatt Golf Services, for a feasibility study on the golf course.

Also, the agenda calls for an executive session, during which council members will discuss the possibility of purchasing the property.

Next week's meeting also will center on budgeting. A public hearing

will be held on the 1995-96 operating budget, and that will be followed by an ordinance formally adopting the budget.

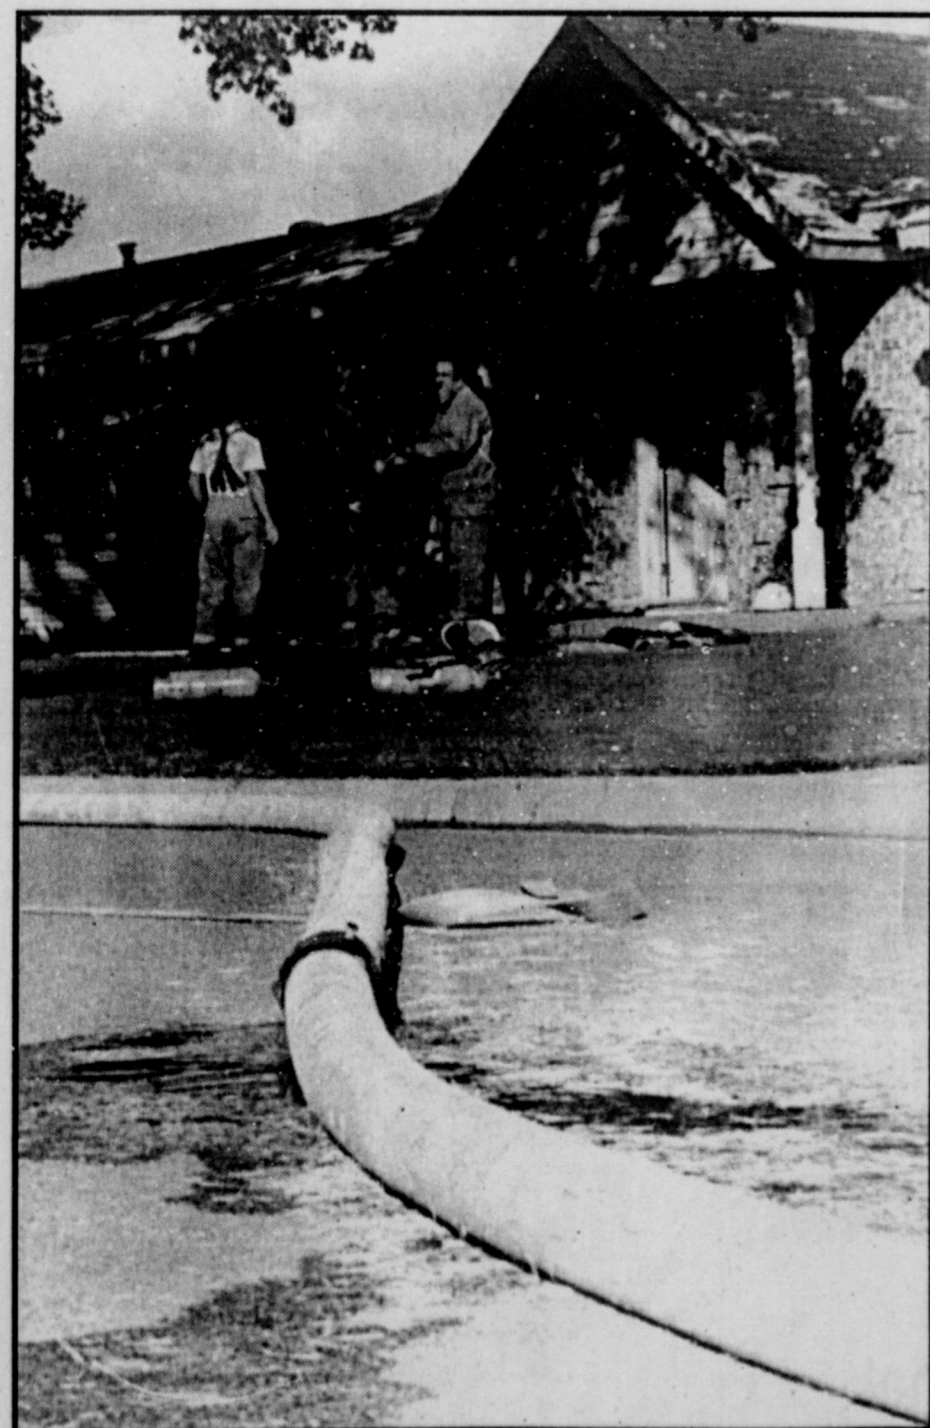

Two other topics also appear on the meeting agenda: a public hearing to discuss renewing the franchise agreement with TCI Cablevision; and considering an ordinance abandoning six feet on the south side of the 900 block of Pasadena.

SECOND CALLED MEETING

A second called meeting was held by the council, on Friday morning.

Aldermen approved a resolution authorizing the mayor and/or administrator to enter into a settlement agreement and severance package for an employee.

Because the agreement was handled under the topic of "personnel," details of the agreement and with whom it was made were not made available.

QUICK RESPONSE by Iowa Park volunteer firemen resulted in containing a fire Wednesday afternoon of last week, which apparently ignited in the garage, from engulfing the residence at 1003 Park Plaza.

Two arrests reported

Only two arrests were included during the past week on the police blotter, and both were on charges of public intoxication, within an eight-hour period.

Officers responded to a reported domestic disturbance in the 300 block of West Diamond at 6:30 p.m. Saturday, resulting in the arrest of Oscar Riano, 32.

Riano was released shortly after midnight, after signing a promise to appear in municipal court.

About 19 minutes after Riano's

release, officers were alerted by a resident on South Bond, that a vehicle was driving without headlights.

The vehicle was found near the intersection of Pecan and Bond, and Jay Lynn Young, 25, was arrested. He was released at 7:15 a.m. after paying a fine of \$280, according to the blotter entry.

A resident in the 600 block of West Cornelia filed a criminal mischief complaint Thursday evening, that someone had knocked out the back window of a vehicle parked at that address.

Olmsteads honored on 50th anniversary

Mr. and Mrs. Cecil Olmstead were honored Wednesday, Aug. 16, at a surprise immediate family get-together in the Eules home of their son, Paul, with their other son, David of Decatur and their families.

This was the culmination of a summer of short trips and visits with family members in other areas who would have been unable to attend a large anniversary celebration here on their actual wedding date of Aug. 23.

The Olmsteads spent some time in the spring in the Eureka Springs, Ark., area as the main observance of their 50 years together.

Cecil and Mary were married Aug. 23, 1945, in the Ardmore, Okla., Church of Christ, while he was still in service. At that time he was stationed at Camp Swift, near Austin.

Following their marriage he returned to Camp Swift and Mary lived in Elgin, near the base. Following Cecil's discharge in June 1946, they returned to Ardmore.

Cecil went to work as a butcher at Echols Meat Co., for a time before starting work for Lone Star Gas Co. and moving to Healdton, Okla. They lived there 20 years before moving across Red River to Jacksboro.

After two years he was transferred to Iowa Park. They arrived here 21 years ago on their anniversary. After 33 years with Lone Star Gas Co., he retired in March 1986 as North Texas District Manager of Technical Services. His territory covered an area from Amarillo to Ft. Smith, Ark. Upon retirement the couple chose to stay in Iowa Park.

Mary commented, "You know what they say about having to live here 25 years before you are accepted.

Well, we just have four years to go."

Cecil moved from Chicago to Oklahoma with his parents when he was two years old. Mary was born in Wilson, Okla., and has always lived within a 100 mile radius of her birthplace, except when she lived in Elgin.

Her family moved into Ardmore when she was in the seventh grade. When she was a freshman, she and Cecil were in a class together. Soon they began dating, and the rest is history.

While they were living in Ardmore Cecil was teaching a Sunday School class at the Church of Christ. The church at nearby Wilson was without a pulpit minister and asked Cecil to fill in for two or three weeks, which ran into four years. This was while working full time at his job and laying carpet on the side.

He has served as an elder for every congregation where they have been members. They now are members of Loop 11 Church of Christ and he has served as an elder there.

Mary said when their sons were in school they were always quick to offer her services for whatever was needed. One time that was for PTA president.

Mary collected dolls for a number of years. She has more than 100. Cecil, who has a special talent for woodworking, made all kinds of doll furniture, making up his own patterns and finishing each piece down to every small detail as if they were pieces of furniture for a home.

He also made wooden dolls and has made the cases for several clocks.

Each of their five grandchildren have their own cradle that was handmade by their grandfather.

Cecil and Mary K Olmstead - 1995

Mary has taken a sabbatical from collecting dolls as Cecil has from woodworking. He is not giving up his well equipped workshop, because he

plans at some time to return to his hobby. But, they are still traveling when the notion strikes them, as they have since Cecil retired.

Alumni begin planning homecoming activities

The Iowa Park Alumni Assoc. met Monday evening to begin finalizing their plans for the annual Alumni banquet and other Homecoming activities.

Gay Campbell Williams, alumni president has selected "Texas, Our Texas" for the celebration theme.

The Alumni Assoc. will take part in the annual homecoming parade October 13, in a horse-drawn covered wagon. The Coming Home Queen will be awarded during the banquet Saturday evening, instead of during the halftime activities at the Homecoming game.

Saturday's activities will begin with a come and go reception held at the Friendly Door from 10 a.m. to 2 p.m.

The Alumni banquet will be preceded with a visitation hour to begin at 5:30 p.m. Saturday at the Iowa Park High School cafeteria. The meal, prepared by the MuleSkinners, will be served at 7 p.m. Tickets may be pur-

chased at the door for \$12, or if purchased in advance, \$9.

Many alumni, ex-students and teachers will be receiving letters with information and registration forms by mail in the next two weeks. Those who do not receive a letter may call reservation in to Jo Ellis Patterson at 592-9038 or Patsy Rogers Cope at 592-4388.

Mary Morris to celebrate 100th birthday Monday

Mary A. Morris, mother of Ina Settle, and a resident of I.H.S., 1109 N 3rd, in Iowa Park, will celebrate her 100th birthday Monday.

I.H.S. is hosting a special birthday party Monday at 2 p. m. for Mrs. Morris. All relatives, friends and residents are invited to attend and help Mrs. Morris celebrate.

Mrs. Morris is one of six children born to William and Mary Janet Harmon. She was born Aug. 28, 1895, in Denton County, near Aubrey.

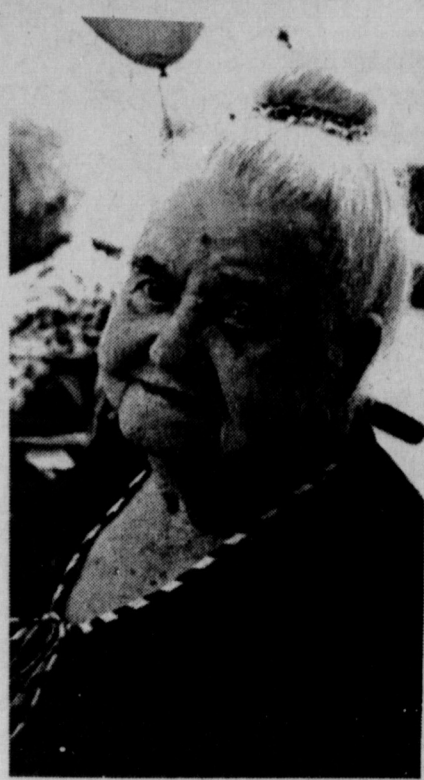

Her future husband, Wesley, was born in Wichita Falls in 1891. His parents moved to Denton County to a farm adjoining the Harmons. Mary, or Mae, as she was called by her neices and nephews, and Wesley attended school at the Rock Hill School.

Mary A. Harmon and Wesley K. Morris were married Aug. 31, 1913. They were married in Aubrey while sitting in a buggy, a pretty traditional custom of the time. The justice of the peace officiated.

The couple remained faithful to their vows almost 73 years, until his death March 15, 1986.

They lived in Denton County until 1921 when they moved to Wichita Falls for a brief period, then returned to Denton County until 1927 when they moved back to Wichita Falls. He worked for the Department of Transportation until his retirement.

Mrs. Morris was always a homemaker. She loved to garden, crochet, and piece quilts and always kept a beautiful yard. Mrs. Settle said her mother never learned to drive a car. She said her dad tried one time to teach her to drive a Model-T, but she ran it

Mary A. Morris

off the road and never tried to drive again.

Mrs. Settle commented that her mother was always busy, whether inside or outside the house. She remembered also that when anyone in the neighborhood was ill that she was usually the first to be there to help any way she could. "She was always doing for someone else," her daughter said.

The centenarian lived alone after her husband's death in 1986, with the help of her three children, until she was 96 years old, when she moved to I.H.S.

She apparently is in very good health for a person her age. Mrs. Settle said her mother would enjoy seeing friends on her special day.

Kathrine Gayle Smith and Lonnie Don Tucker

Announce engagement

Mr. and Mrs. Frank H. Smith of Bellevue are announcing the engagement of their daughter Kathrine Gayle, to Lonnie Don Tucker. He is the son of Lonnie Steve Tucker and Sandra Ann Tucker of Wichita Falls.

The bride-elect is a graduate of Iowa Park High School and is a junior at Midwestern State University. She currently is employed at Smith X-Ray Co., Inc. in Iowa Park.

Tucker is a graduate of Holliday High School and is employed at Fleetwood Manufactured Homes.

The couple has selected May 25, 1996, as their wedding date. They will exchange vows at Emmanuel Baptist Church in Wichita Falls.

Kite flight contest slated

The Red River Optimist Club of Wichita Falls and the Iowa Park Police Department have scheduled a "Just Say No" Kite Flight contest.

This event will take place Saturday, Sept. 9 and will be held at Lake Iowa Park (middle lake) on Wigley Road, from 12 noon to 4 p.m. All children through age 18 are invited to attend.

Prizes will be offered for the following: Largest Kite, Smallest Kite, Longest Tail, Longest Air Time, all first place only; Best Homemade, Best Theme, first, second and third prizes.

Business and/or service organizations are invited to participate in this community service project. Those interested should contact Ardis Jensen, 1111 W. Louisa, Iowa Park, 76367, 592-2803, or DeDe Alderman, DARE

Officer, Iowa Park Police Department.

This "Just Say No" Kite Flight will be a community service project only. Sponsors are asking that all participants setting up a booth or handing out materials, be a not-for-profit benefit.

Ardis Jensen, secretary-treasurer of the Red River Optimist Club, is project chairman of "Just Say No" Kite Flight.

NEIGHBORS

QUANAH FALL FESTIVAL

Quanah will hold its 12th Annual Fall Festival on Saturday, Sept. 9, beginning at 9 a.m. and lasting until midnight. Center of the event will be around the courthouse square.

FUMC plans S.O.C. Day

Saturday will be S.O.C. (Share Our Church) Day at First United Methodist Church, 201 E. Bank.

The day will feature a highly-organized garage sale and bake sale inside the Fellowship Hall from 9 a.m. to 3 p.m. Door prizes will also be given all day.

A combread and bean lunch may also be purchased during the noon hour, according to Karen Helwig, planner. Tickets may be purchased in advance from any FUMC member.

This is the second year the church has sponsored this activity, with last year's deemed highly successful. Mrs. Helwig said that during the day, those who wish may also visit the church area and classrooms.

As I See It.

By Bob Hamilton

What? Our Wichita County government will have to raise taxes this year, and still have to expend a million dollars out of reserves in order to make its proposed budget for 1995-96?

That budget, I understand, is \$20.3 million, and taxes, even at 37.3 cents per \$100 valuation, will produce only \$18 million.

Golly! Wouldn't that \$9 million that was donated to that urban renewal program in Wichita Falls, called the Multi-Purpose Event Center, come in

handy now.

Am I forgetful? Weren't we told that \$9 million donation wouldn't affect our taxes any?

Oh well, it's only money!

And speaking of money, isn't it a shame that our county judge, Nick Gipson, didn't get that \$29,000 raise he asked for? You remember, the one he felt he should get, in order to raise his salary to that of a district judge?

Poor guy. He had to settle for a 2.5 percent "cost of living" raise, like everyone else in the county.

That takes him up to \$57,264.

How in the world did our county judge, back in 1985, ever get along on

only \$35,912?

The four precinct commissioners didn't come out badly either. Their salaries for the coming year will be \$41,600.

Gosh, in 1985, they were paid only \$30,912. Must have been a lot of increases in their cost of living.

It appears the one elected county official who hasn't shared much in the cost of living increases over the past 11 years is Precinct 3 Constable, who in 1985 was paid \$12,231, and was just granted an increase for next year from \$12,300 to \$12,612.

Apparently, constables don't have as many increases in their living costs as county judges.

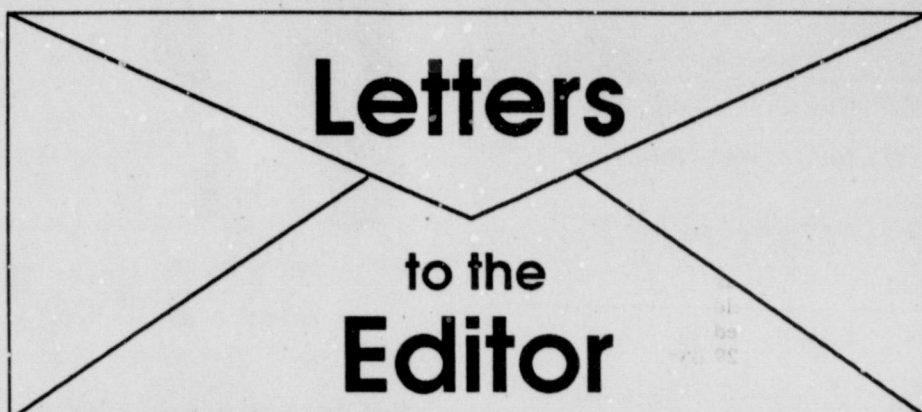

School

Continued from page 1

posals to advertise for bids during last week's meeting, to purchase a new pickup and van.

Employment of four persons was also approved Thursday. They included: Mary Baka and Holley Sanders, Title I aides at Kidwell; Sheri Kennedy, inclusion aide at Bradford, and Donna Wells, half-day resource aide at the high school.

The balance of the meeting was used to continue studying the 1995-96 budget.

Letters to the Editor

Brandon is fine!

Dear Mr. Hamilton:

I just had to write this letter to tell everyone in Iowa Park how proud I am to be living in such a wonderful city. Sometimes it takes a near tragedy to find out just how wonderful it is.

Saturday, my son Brandon was hurt at the football scrimmage and had to make an emergency trip to the hospital. He had flipped up in the air and had landed on his head causing numbness from his waist down.

The whole stadium became dead silent watching as the coaches, trainers, and all those with medical training in the stands evaluated his condition. After some time had passed and Brandon was still unable to move an ambulance was summoned.

My legs were like jello and as much as I wanted to run down to be by his side at that time I just couldn't. His dad had already made it down there and I watched him intently as I believe everyone else for indication of how bad was Brandon's condition.

Brandon's Nanny had come to sit behind me and his other grandmother and we all were holding hands when the heat and the panic took its toll on his Nanny (Geneva House) as she fainted. People were coming from everywhere to assist with ice, wet towels, and someone came along with an umbrella to shade her from the sun.

To make a long story short Brandon ended up at Bethania Hospital emergency room and after extensive x-rays he was released to go home with some muscle relaxers and Ibuprofen.

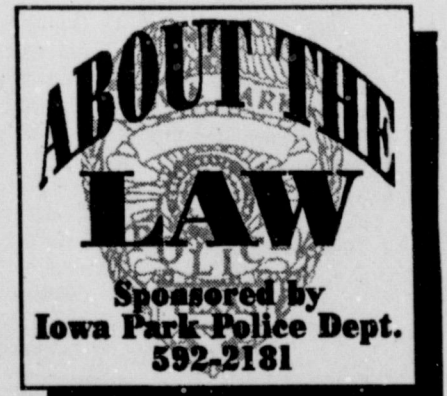

During all this we were never alone, many who witnessed the accident came to the hospital and others were on the phone calling the E.R. to see how Brandon was doing. The scrimmage was ended immediately after Brandon was hurt and as soon as they were able the majority of

Brandon's coaches and their wives were there in Bethania's waiting room. Even after we returned home many of the coaches came by the house and I believe most of the football team dropped in or called the house.

Saturday I realized that Brandon had an angel or two lending him a hand and God had blessed us with the loving, concerned people of Iowa Park who gave us strength in our time of need.

I thank God for all of you who took time to be there for my family and yes, Brandon will be back out on the field very soon during that football thing for I know now that God is watching over them and Iowa Park will be supporting each and everyone on the field in more ways than the cheering.

Sincerely,
Patty McLemore

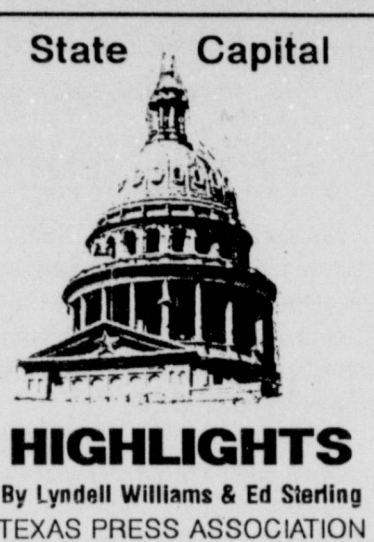

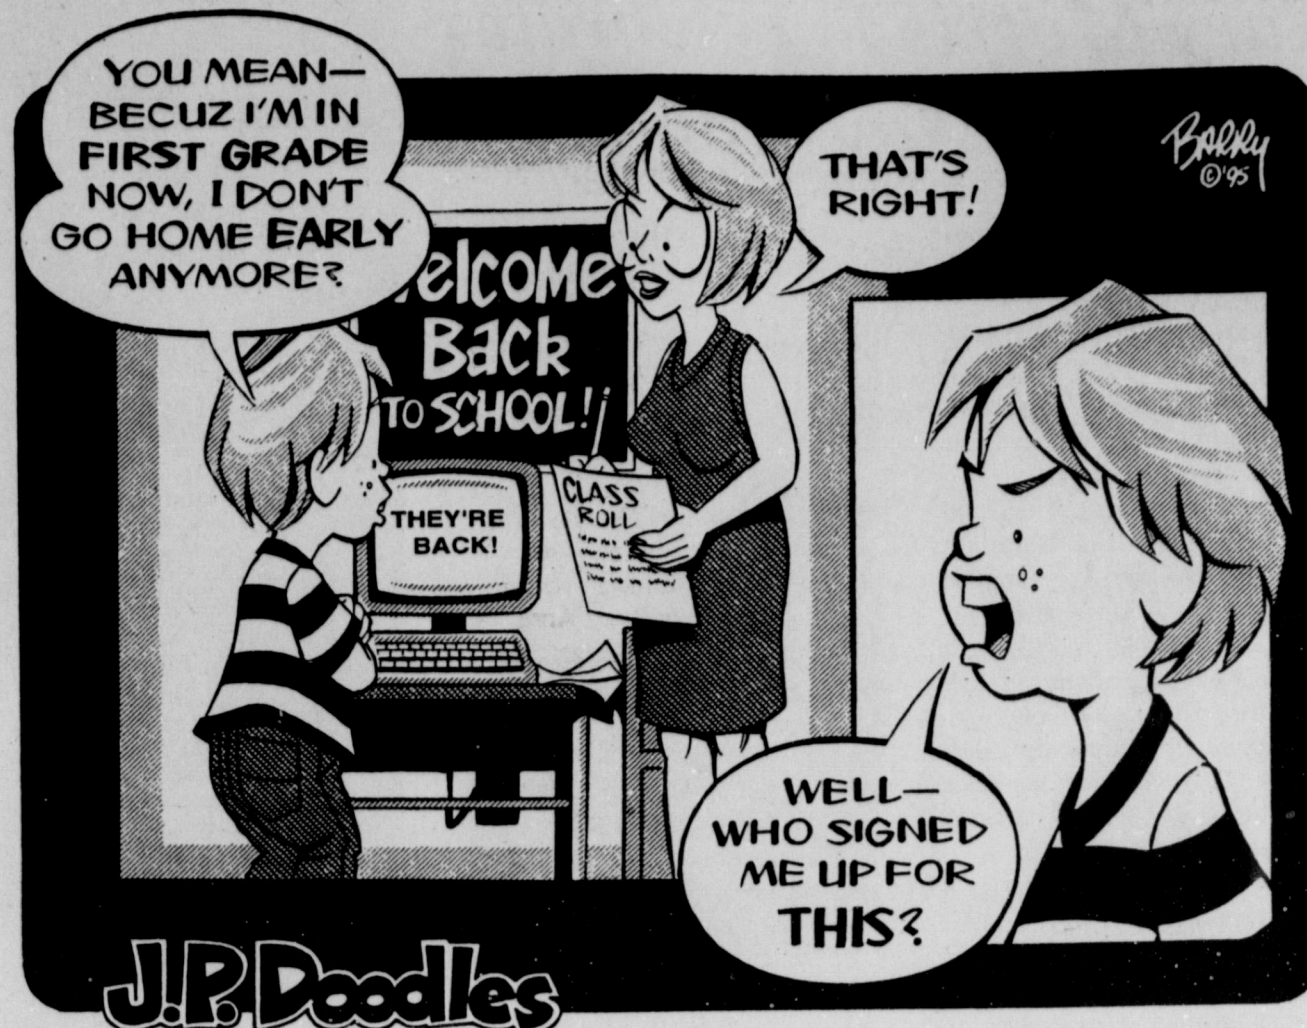

RAILROAD CROSSING

When you approach a railroad crossing and the crossing arms are lowered, you must stop your vehicle. You may not proceed until it is safe to do so.

If a train is approaching you may not proceed until the crossing arms are raised. A violation of this law is extremely dangerous.

Be cautious and remember, a vehicle is no match for a train.

AUSTIN — School districts can now raise their property taxes to pay for enrollment increases and make up for losses in state aid before they are subject to an 8-cent limit on tax rate hike — without requiring a tax rollback election — under a ruling last week by State District Judge Scott McCown.

In revising the education reform law passed by the state Legislature in May, McCown said, "The notion that anything I am doing today is going to make it easier to raise taxes under the new statute is wrong."

McCown's ruling untangles confusing language in the law making it appear that school districts could raise taxes after a rollback election, said Buck Woods, an Austin lawyer who challenged the law on behalf of Round Rock Independent School District.

Woods told the *Dallas Morning News* that without McCown's ruling, "This would have created havoc across the state in hundreds of school districts."

But Greg Hartman, a spokesman for state Comptroller John Sharp, told the *Morning News* McCown's ruling could result in higher taxes.

"We are concerned with anything that raises the bar on what it takes

for taxpayers to have a rollback election of dramatically increased tax rates.

"We will look at the final judgement on this, but it appears school districts can raise their rates a lot higher than they did before," Hartman said.

McCown's ruling will benefit 200 to 300 school districts that were concerned about facing rollback elections because they had large enrollment increases or lost state aid.

Prison Overcrowding Ends

The Texas Department of Criminal Justice no longer has a backlog of prisoners in county jails, officials said last week.

The state's unprecedented prison expansion program eliminated the overcrowding problem ahead of the Sept. 1 deadline set four years ago by the Texas Legislature.

James A. "Andy" Collins, TJEC

executive director, said 127,000 inmates were in state prisons when the last inmate was checked in from counties last week. The system's capacity is 134,864.

Construction will be completed by the end of the year on the final 14,000 beds in the expansion program, but officials said those units will not be opened until they are needed.

Larry Todd, TDCJ spokesman, said the agency will save \$52 million by delaying the opening of a \$39 million minimum security prison in Dallas and 13 other new state prisons.

Other Highlights

With the trek back to school under way, the Texas Department of Public Safety reminded state drivers that in 1994, there were 2,132 accidents statewide involving school buses, including eight fatal accidents that killed nine people.

The Iowa Park CISD Board of Education will hold a public hearing on the proposed budget for the 1995-96 school year during a special called meeting in the Iowa Park Junior High School Library beginning at 7:30 P.M. on Tuesday, August 29, 1995.

The public hearing will continue during a special called meeting in the Board Room in the Administration Building beginning at 3:00 P.M. on Thursday, August 31, 1995.

LEGAL NOTICE

NOTICE OF APPLICATION FOR WASTE DISCHARGE PERMIT RENEWAL

CITY OF IOWA PARK, 103 North Wall Street, Iowa Park, Texas 76367 has applied to the Texas Natural Resource Conservation Commission (Commission) for renewal of Permit No. 10691-02 which authorizes a discharge of treated domestic wastewater effluent at a final volume not to exceed an average flow of 1,000,000 gallons per day. The wastewater treatment plant is southwest of the City of Iowa Park, approximately 0.25 mile west of Farm-to-Market Road 368 and 1 mile north of Farm-to-Market Road 367 in Wichita County, Texas. The effluent is discharged into an unnamed tributary; thence to Buffalo Creek; thence to the Wichita River Below Diversion Lake in Segment No. 0214 of the Red River Basin.

In accordance with the Texas Surface Water Quality Standards, the Commission staff must determine the existing uses for the receiving water in the area of the proposed discharge. The unclassified receiving waters of the unnamed tributary and Buffalo Creek have no significant aquatic life uses. The designated uses for Segment No. 0214 are contact recreation and high aquatic life uses. The effluent limitations in the draft permit will maintain and protect the existing instream uses. All determinations are preliminary and subject to additional review and/or revision.

The Executive Director of the Commission has prepared a draft permit which, if approved, will enforce more stringent effluent limitations in order to meet existing applicable rules and regulations. It is proposed that the expiration date of the renewed permit be specified as midnight, April 1, 1998 in accordance with 30 TAC 305.71, Basin Permitting.

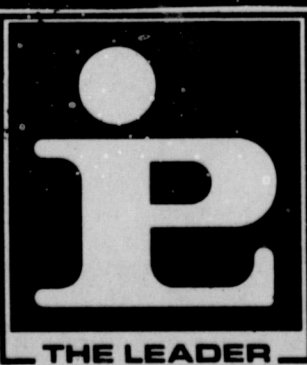

Legal Authority: Section 26.028 of the Texas Water Code and 30 TAC Chapter 305 of the Rules of the Texas Natural Resource Conservation Commission.

This application is subject to a Commission resolution adopted August 18, 1993, which directs the Commission's Executive Director to act on behalf of the Commission and issue final approval of certain permit matters. The Executive Director will issue this permit unless one or more persons file written protests and/or a request for a hearing within 30 days after publication of this notice. If you wish to request a public hearing, you must submit your request in writing. You must state (1) your name, mailing address and daytime phone number; (2) the permit number or other recognizable reference to this application; (3) the statement "I/we

request a public hearing;" (4) a brief description of how you, or the persons you represent, would be adversely affected by the granting of the application; (5) a description of the location of your property relative to the applicant's operations; and (6) your proposed adjustment to the application/permit which would satisfy your concerns and cause you to withdraw your request for hearing. If one or more protests and/or requests for hearing are filed, the Executive Director will not issue the permit and will forward the application to the Office of Hearings Examiners where a hearing may be held. Commission public hearings are evidentiary legal proceedings similar to civil court non-jury trials. Although general comments from the public may be submitted either in writing prior to the hearing, or orally at the start of the hearing, the law requires that the Commission's decision about whether to approve or deny the application be based on evidence and testimony submitted during the public hearing, presented under oath and subject to cross-examination by the other parties. Public comments are not evidence and cannot be the basis for the Commission's ultimate decision. In the event a hearing is held, the Office of Hearings Examiners will submit a recommendation to the Commission for final decision.

If no protest or requests for hearing are filed, the Executive Director will sign the permit 30 days after publication of this notice or thereafter. If you wish to appeal a permit issued by the Executive Director, you may do so by filing a written Motion for Reconsideration with the Chief Clerk of the Commission no later than 20 days after the date the Executive Director signs the permit. Requests for a public hearing on this application should be submitted in writing to Chief Clerk's Office - Mail Code 105, Texas Natural Resource Conservation Commission, P.O. Box 13087, Austin, Texas 78711, Telephone (512) 239-3307. Information regarding hearing procedures may be obtained by contacting Kerry D. Sullivan, Assistant Chief Hearings Examiner - Mail Code 102 at the same address or by telephone at (512) 239-4100. Information concerning any technical aspect of this application can be obtained by writing Zdenek Matl, Wastewater Permits Section - Mail Code 148 at the same address or by telephone at (512) 239-4433. Issued this 10th day of August, 1995

Gloria A. Vasquez, Chief Clerk
Texas Natural Resource Conservation Commission
8-24-1tc

Obituaries

Kenneth D. Miller

Services for Kenneth D. Miller, 62, were at 2 p.m. Saturday at Highland Pavilion.

Marvin Stuckey, a deacon of First Baptist Church of Wichita Falls, and Rev. E. V. Johnson, a retired Air Force chaplain, officiated. Military graveside services in Highland Cemetery were by the Marine Corps. Arrangements were under direction of Dutton Funeral Home.

Mr. Miller, former Iowa Park resident, died Thursday at his home in Holliday.

Born Feb. 28, 1933, in Seymour, he had lived in Iowa Park and the area most of his life. He had been a resident of Holliday since 1991. His brother, U.D. Miller Jr., died in 1986, and his sister, Ella Garlington, died in 1989.

Miller was a veteran of the Korean War, serving in the Marine Corp. He received the Korean Service Medal, National Defense Service Medal and the United Nations Service Medal. He was a Baptist.

Survivors include one son, Kenny Jr. of Houston, and five sisters, Barbara Roderick of Richmond, Carol Frank of Holliday, Mary Beck of Houston, and Dorothy Pitts and Sue Powell, both of Wichita Falls.

Memorials may be made to Hospice of Wichita Falls, P.O. Box 4804, Wichita Falls, 76708.

John Allen Wolf

Services for John Allen Wolf, 55, of Burkburnett, were at 1 p.m. Friday at Sacred Heart Catholic Church in Wichita Falls.

Rev. Ivor Koch, pastor, officiated. Burial was in Sacred Heart Cemetery.

Mr. Wolf, brother of Martha Norsworthy and Leola Elliott, both of Iowa Park, died Wednesday in a Wichita Falls hospital.

Born May 9, 1940, in Mount Carmel, he had been a lifetime resident of the Wichita Falls area.

Wolf retired as a service technician with TU Electric after 34 years. He was employed with Reece Building Hardware. He was a member of Sacred Heart Catholic Church and the Wichita County Young Farmers. He had been involved in agricultural activities most of his life.

Other survivors include his wife, Mary Lou; one son, James of Petrolia; one daughter, Carla of Fort Worth; four brothers, William of Denver, Colo., Paul of Throckmorton, Jimmy of Wichita Falls and Jerry of Austin.

Hazel Ethelene Haston

Services for Hazel Ethelene Haston, 76, will be at 10 a.m. today at Gish Funeral Home in Frederick, Okla., with Rev. Vernon Floyd, pastor of the Bible Baptist Church, officiating. Burial will be in Frederick Memorial Cemetery.

Mrs. Haston died Monday in her home at Frederick. She is the sister of Bonnie Pennycuff of Iowa Park.

Mrs. Haston was born April 22, 1919, in Marlow, Okla. She graduated from Marlow High School in 1936. She and Marion Wilburn Haston Jr. were married Oct. 29, 1938, in Marlow. They moved to Tillman County in 1943. He died April 9, 1985.

Survivors include five sons, Keith and Larry, both of Las Vegas, Terry of Vermilion, Ohio, Tony of Houston, and Danny of Frederick; seven daughters, Sonia Bailey of Fort Worth, Karen Brauer of Sheffield Lake, Ohio, Jerry Reyes and Joann Baldwin, both of Wichita Falls, Linda Nunley of Tucumcari, N.M., Vicki Lewelling of Oklahoma City and Judy Flores of Frederick; three brothers, M.C. Landrum of McCloud, Okla., Oscar A. Landrum of Torrance, Calif., and Donald Landrum of Fayetteville, N.C.; two sisters, Bonnie Pennycuff of Iowa Park and Phyllis Myers of Las Vegas; 32 grandchildren; and 30 great-grandchildren.

Memorials may be made to the American Cancer Society.

Elsie Ella Loyd

Graveside services for Elsie Ella Loyd, 72, were at 4:30 p.m. Tuesday in Crestview Memorial Park with Rev. Johnny Dowell officiating.

Mrs. Loyd, mother of Lonnie Loyd of Iowa Park, died Sunday in a Wichita Falls nursing home.

She was born Aug. 2, 1923, in Devol, Okla. She had lived in Wichita Falls 47 years and was a member of Southside Baptist Church. Her husband, E.J. "Shorty" Loyd, died March 21, 1984.

Mrs. Loyd retired from the commissary at Sheppard Air Force Base. She was active in square dancing, bowling and the Mall Walkers.

Survivors include three sons, Lonnie of Iowa Park, E. James of Wichita Falls, and Lawrence of Stephenville; one daughter, Linda Coontz of Franklin Furnace, Ohio; two brothers, Otis Hankins and Billy Jack Link, both of Wichita Falls; three sisters, Morine Coleman of Mineral Wells, Lorine Payne and Leatrice Bray, both of Wichita Falls; 12 grandchildren and five great-grandchildren.

GARDENING HINTS

By MARK TERNING, COUNTY AGENT - HORTICULTURE

Common questions the past week at the Wichita County Extension Office have centered around disease and insect problems.

Q. Stinging scorpions have invaded my home in Wichita Falls. What can I use outdoors and inside my home to control scorpions?

A. Clean up areas outside such as accumulations of lumber, boxes etc. Dursban can be used as an outdoor spray. Make a band treatment around the foundation wall and into the lawn. If a treatment is needed under a pier and beam home you should probably hire a pest control operator. Inside the home you can use FICAM to treat baseboards, cracks and crevices where scorpions will hide. Scorpions are tough to control and re-treatments may be necessary.

Q. I have an elm tree which is leaking sap from a wet, dark colored area about four feet up on the main trunk. Is this borer damage? What should we treat the tree with?

A. Borers may not be your problem in this situation. Dark colored areas and wet, odorless wood indicate a canker or wetwood bacterial infection. Elm trees happen to be susceptible to these type of problems. There is no treatment which has consistently shown positive results. The installation of drainpipes in the trunk to help remove

toxic gases and sap will offer some relief against fluid leakage. A professional tree care company may be able to help with a drainage system. Maintain the tree with proper watering and fertilization and avoid wounding the tree with any lawn equipment.

Q. I want to transplant several established Crape Myrtles and Nandinas before construction begins on a local property. It's now or never on these plants. What should I do to transplant these plants? I am tired of spending money on smaller plants at the nursery.

A. You may have a change of attitude on purchasing plants after you dig a few established plants. Summer is a tough time to transplant also. The fall to winter months are more ideal for moving plants, however, you do not have that option in this case. Try to get as much of the root system as possible when digging and immediately move the plants to their new location. Cut the top growth back by a third to compensate for root loss in digging. Water regularly during the heat of late summer.

Rabies, fire ants pose threat

During the past seven years 216 dogs, 270 coyotes, 15 cats, 15 raccoons, seven cows, three bobcats, three horses, one goat and one skunk have been confirmed positive for canine rabies.

An epizootic of gray fox rabies which began in Sutton County in 1988, rapidly spread to 22 counties with 260 cases confirmed through 1993. There was a dramatic upsurge in 1994, with 13 additional counties becoming involved and 264 rabies cases being recorded.

Clark advised that more domestic animals should be vaccinated to help provide a barrier between rabid wild animals and humans.

The seemingly unstoppable spread of the imported fire ant is another major concern for cattle raisers, who were told that not only is eradication of imported fire ants "highly unlikely, if not impossible," but that effective chemical control is "not likely in the near future."

Dr. Lloyd W. Morrison with the "Fire Ant Lab" at Breckenridge Field Laboratory at the University of Texas at Austin said that they are looking instead for "highly species-specific biological control agents (i.e. other organisms which are natural enemies

of the imported fire ant."

Morrison said that since the introduction into the United States from South America some six decades ago, the imported fire ant has spread across approximately 250 million acres in the southeastern and south central United States, and now occupies approximately half of Texas.

"Despite millions of dollars spent on the development and application of chemicals, the imported fire ants persist and continues to spread westward over the state," Morrison said.

"Although pesticides can effectively control the imported fire ant over small areas (i.e. one's back yard), it is not cost-effective to apply pesticides over larger areas (i.e. range lands and wild lands)," he explained. "And once pesticide application is discontinued, imported fire ants usually return in greater numbers than before."

The Breckenridge Lab is currently studying the phorid fly (flies of the genus *Pseudacteon*, family Phoridae) which are natural predators of fire ants in South America.

"Ultimately, if our research on phoride reveals them to be as effective biological control agents as they currently appear to be, we intend to mass-

rear selected species in our greenhouse and release them over large areas for the purposes of controlling the imported fire ant." Morrison explained.

Red Cross seeks help

The American Red Cross is seeking a person or organization to organize blood mobile operations in Iowa Park.

"We have had great success in blood collections in Iowa Park and would like to continue collections but we need an enthusiastic and organized individual to fill the volunteer position of blood mobile chairperson," said Diana Pugh, donor resource development consultant for the Iowa Park area.

The Iowa Park Optimist Club coordinated the program here for a number of years.

Anyone wishing to volunteer for the activity is asked to contact the Red Cross office in Wichita Falls, at 322-8686.

EXPRESS YOURSELF
with a letter to the editor
Iowa Park Leader
P.O. Box 430
Iowa Park, TX 76367

Letters to Editor policy explained

The Leader receives numerous letters which cannot, for one reason or another, be published.

Letters will not be printed unless they are signed. A typed name will not do. And, for the sake of verification, the writer's telephone should be included.

Should the writer not wish his/her name printed, it will be omitted upon request. However, the letter will be kept on file to be read upon request.

Letters also must be free of libel. If not, they will not be published, because we will not edit the content of any letter.

In letters supporting political candidates or issues, the Leader reserves the right to limit their lengths.

We encourage your Letters to the Editor, and offer the paper space as your forum for discussions of ideas and observations.

VOLUNTEER MEDICAL PERSONNEL prepare Robert Allan Yoe Jr., 37, to be transported by ambulance to a Wichita Falls hospital Tuesday afternoon, following a two-vehicle accident at FM 368 and Pecan. Yoe, who reportedly sustained a collapsed lung, broken shoulder and multiple abrasions, was traveling south when he saw a Post Office vehicle driven westward by Robert Keith Enloe, 38, pull into his lane of traffic. Yoe avoided a collision by "laying" his motorcycle down.

A ONE-VEHICLE ACCIDENT at 2:08 yesterday morning on West Highway resulted in Matthew Curt Wallace, 38, being transported by ambulance to a Wichita Falls hospital with multiple injuries. Wallace, who faces the possibility of being charged with driving while intoxicated, was the sole occupant of a pickup which crashed into the corner posts of a fence surrounding the pipe yard in the 600 block of West Highway.

RAC NEWS
by Jo Lynn Cockrum

Bridge
With three tables in play last week, only 40 points separated the top scores at Wednesday bridge. Kay Cole had the high of 3280 and Modena Lynch reported a close second of 3240. The club played four rounds.

Monday bridge also played four rounds with three tables this week. Virgil Woodfin had the high score of 5190. Kay Cole was second with a score of 4770. There are eight players registered for next Monday.

No scores were reported from the bridge tournament held Saturday. We would like to thank John Chapman for all the effort he put into organizing the tournament. Thanks also to all who entered. We appreciate your support.

Kidnapped for Kash
Today is the day! We'll be kidnapping lots of your friends and neighbors and holding them for ransom to raise money for the RAC and the Friendly Door. If you are called upon to pay ransom fees, please give generously... we need and appreciate your support.

Annual Meeting
The annual membership meeting of the RAC will be held on Tuesday, Sept. 19. All RAC members are invited to attend this meeting. Purpose of the meeting will be elect new members and officers to the RAC Board of Directors. Please mark your calendar and plan to be here.

Non-Profit Meetings
Leaders of non-profit groups who would like to meet at the RAC are encouraged to stop by the RAC office as soon as possible. Meeting space is filling up in a hurry, and all reservations are made on a first come, first served basis. If you met at the RAC last year, your meeting space is not guaranteed, a new reservation must be made. Although non-profit groups are allowed to meet rent free, a security deposit of \$50 is required in advance.

Helpful Hints
The owner of any deceased animal shall be responsible for the removal of the animal from public rights-of-way, recreation areas or private property.

on all reservations. Also, revenue producing reservations will take precedence over non-profits. If you have any questions or need to make a reservation, please call the RAC at 592-4471 or stop by the office at 806 N. Third.

Class Registration
New students are being accepted for gymnastics, tap, jazz, ballet, and taekwondo at the RAC. Gymnastics lessons will be offered on Thursday afternoons beginning Sept. 5. Taekwondo lessons are currently offered on Monday and Wednesday evenings. For more information on any of these classes, or to register, call 592-4471.

Volleyball Lights
It has come to our attention lately that the public is not aware of our policy on lights at the volleyball courts. Although the sand courts are open for public use, the lights are available on a rental basis only. Rental for the lights is \$5.00 per hour, and must be scheduled in advance by calling the RAC office. Please help us save on electricity and damages by following this policy.

Mother's Day Out
We're ready!! Mother's Day Out will start up again tomorrow! We have a new supervisor, and are looking forward to a great new year. Our program schedule will be on Fridays from 9:00 a.m. to 2:00 p. during the school year. We will follow the public school calendar for holiday and bad weather closings. If you have a youngster between the ages of two and six who would enjoy a weekly outing, please keep us in mind. Cost for the program is \$1.50 per hour or \$6 for the full day.

New business to open doors

A new retail business expects to open its doors to customers by Sept. 15.

Dollar General, which deals in general merchandise, will begin stocking its location Sept. 3 in Park West Shopping Center, according to Linda Chandler, manager.

The retail chain with home offices in Scottsville, Ken., presently has five outlets in Wichita Falls, and in the area communities of Burkburnett, Vernon, Quanah, Jacksboro and Bowie.

Mrs. Chandler anticipates operating the business with six to eight employees.

She quotes the company's mission as being, "Fun stores, where true partners give customers a better life."

Friendly Door Menu

- MONDAY, Aug. 28**
Lunch--Charbroiled beef patty, brown gravy, mashed potatoes, peas and carrots, tomato wedge, hot roll, watermelon.
- TUESDAY, Aug. 29**
Lunch--Lasagna, fresh spinach salad, whole baby beets, French bread, oatmeal cake.
- WEDNESDAY, Aug. 30**
Lunch--Meatloaf, Creole sauce, blackeyed peas, coleslaw, cornbread, sliced peaches.
- THURSDAY, Aug. 31**
Lunch--Paprika chicken over noodles, beets, French cut green beans, hot rolls, Mandarin fruit salad.

Helpful Facts
The city's Board of Adjustments meetings are at 6:15 p.m. on Mondays when there is an agenda, in Council Chambers, 103 North Wall. Public notices for all Board of Adjustments meetings are published two weeks in the Iowa Park Leader, and are open to the public.

CUB SCOUT NEWS

The Annual Scout Roundup will be Thursday, Aug. 31, from 7-8 p.m., at the RAC.

Every boy who signs up get a \$5.00 coupon from Dyers Bar-B-Que and entered in a drawing for a free entree at Dyers.

- Year's activity schedule**

NEWS FROM THE HALLS OF THE HAWKS

JUNIOR HIGH

Open House next week

Iowa Park Junior High will have OPEN HOUSE on Thursday, August 31, from 7:00 - 8:30 p.m. Parents and students should report to their first period class at 7:00 p.m. Bells will ring so that parents and students can change classes, thus allowing parents the opportunity to "experience" their son's/daughter's schedule and give each teacher a chance to explain what he/she will be doing in his/her classes.

"We hope this will give everyone a chance to hear and see what will be going on at school," said Principal Randy Lovelady. There will be approximately 20 minutes of "free time" for visiting. The PTA will have a sign-up booth for those who wish to join.

BRADFORD

We're off to a GREAT start for 95-96. Our enrollment is 468 and we have about 35 students that are new to the district. Everything has gone very smoothly this first week. The teachers are excited and enthusiastic and so are the students. I personally am looking forward to the year with anticipation.

Our focus academically is on reading this year. Please encourage your children to read for pleasure, check out library books, read out loud to you; and show them that reading is important for you, as well - especially in your job, for enjoyment, and for keeping up with news around the world. You'll be hearing more from us on this subject.

We appreciate so much the support we receive from parents and the community. It is such a pleasure to be a part of "our little corner of the world."
Pat Cravens, Bradford principal

Playground almost ready

New playground equipment purchased last year by the Bradford PTA

is close to being ready for the students.

Lee Pelz is working on setting the equipment, which features 13 different activities. Bradford Principal Pat Cravens said the equipment will be ready next week.

Reminder

Information forms that were received the first day of school should be turned in as soon as possible.

Among the forms were information cards on the students, party envelopes and handbook forms.

Homework Hotline

Parents are reminded that Homework Hotline is being utilized at Bradford Elementary.

Mrs. Cravens stressed that the hotline does not provide help with the homework. It simply tells what each class' assignments are each day.

Homework Hotline number is 720-2224.

5th Graders enjoy HOT Time

All fifth graders have gotten a taste of "HOT" (Homework On Time) Time this week.

The program allows for fifth graders who have turned their homework in on time all week, to utilize a 30-minute period each Friday afternoon to purchase soft drinks and candy and visit with friends.

All fifth graders had HOT Time last Friday and will again tomorrow. Beginning Sept. 1, only students who turn in homework on time all week will participate.

KIDWELL

With so much going on the first week of school, there has been no time to prepare a Kidwell news report. Please watch this column next week for news pertaining to Kidwell's students, faculty and classes. Great things are happening at Kidwell!

Sisters place in Angus show

Two Iowa Park sisters, Alora and Erin Foster, won in the National Junior Angus Heifer Show held in Louisville, Ky. They are the daughters of Mr. and Mrs. James Foster.

Alora and Erin, who are both Iowa Park FFA and Wichita County 4-H members had an outstanding week at the show, which is the largest single breed cattle show in the world with over 1400 entries.

Their heifers, Swan Miss Blackjack 424 placed 2nd, and Swan Quen Missie 412 placed 4th in February 1994 Class; Swan Kelle 459 also placed 2nd in the December 1994 Class; with Rosalyn 439 winning 1st in the August 1994 class. Miss Rosalyn 439 also went on to be named Intermediate Champion of the Junior Show, and class winner in the open show, All American Angus Futurity.

Erin is an eighth grader this year at Iowa Park Junior High School where she is also active in school sports. Alora is a junior at Iowa Park High School and is serving as Iowa Park FFA vice president. She has traveled across Texas this summer on many FFA trips ranging from Leadership Camps at Brownwood to the State FFA Convention in Lubbock.

Player's injury not serious; scrimmage Coyotes Friday

Saturday's intra-squad scrimmage had to be called early when Brandon McLemore had to be removed from the field in an ambulance after he landed on his head following a tackle.

McLemore landed on his head causing a loss of feeling from his waist down and even though he later regained his feeling, as a precaution, he was taken by ambulance to Bethania Hospital for x-rays. McLemore was released later and is expected to return to practice soon.

Before the injury, Hawk coaches and fans got to see their first glimpse at what this year's team would look like

as freshmen, JV and varsity units ran several plays. And even though the scrimmage was called about 40 plays early, head coach Weldon Nelms liked what he saw and said his team had used what they had seen on the film from the scrimmage and made some changes heading into Friday's scrimmage against Wichita Falls High School.

"Overall, we were real pleased," Nelms said. "We got a real good look at a lot of kids and were pleased at the progress we had made since we started two weeks ago. We will use the film of the scrimmage to help us prepare for

the Coyotes and we'll go into the scrimmage a little more prepared than we were this time last year."

The freshmen are scheduled to get underway around 4:30, with the JV to follow at 6, and the varsity to wrap up things at 7:30 with all the action taking place at Memorial Stadium.

In Saturday's scrimmage, the freshmen and the JV units ran plays together, both drawing the praise of the coaching staff.

"The freshmen looked really good and scored three times," Nelms added. "They moved the ball well offensively and played solid defense. All 32 of the

kids did a super job and you can just see them progressing every day and we're starting to get the right people in the right spots and that makes a difference."

With several of the JV running backs nursing nagging injuries, it didn't come as any surprise that the defense was ahead of the offense.

"With us moving Jason Yeager up to help us at quarterback, and coupled with all the injuries, the offense looked a little inconsistent," Nelms said. "The bright spots, I thought, were the offensive line and the defense."

"Our varsity offensive unit got to run 15 plays before the injury and I thought they did a pretty good job moving the ball," said Nelms. "We stalled at the 10 yard line after a couple of mistakes, but that is the difference in scoring and turning the ball over. Later we scored on a nice pass from Yeager to Corky Petty and overall, we threw the ball real well. Dusty Owen looked good at fullback and David Waterbury had some nice catches at the split end spot. I think our offensive line is starting to come into their own and our defense looked dominant in all areas."

Friday night's scrimmage against the Coyotes will give the Hawks a chance to do something they've been wanting to do since last year: hit someone that's not wearing green and white.

"We're going to spend a little more time preparing, charting some of our plays and trying to see what adjustments we need to make offensively," Nelms added. "And on defense, we're looking for the best 11 that will run to the football and make a play. We'll be using a lot of combinations in the backfield because of all the depth we have back there. We are two deep in most areas and deeper than that in some others and that is going to be a big plus for us as the year goes on. We're going to play our offensive line more as a unit because they need to develop as a group."

Following Friday night's scrimmage, the Hawks will travel to Childress next Thursday night in the

final tune-up before the season opener at Burkburnett on Sept. 8.

Volleyball to debut Tuesday

Iowa Park volleyball fans will get their first look at the Lady Hawk Volleyball team Tuesday night when they play host to Hirschi High School at 5 p.m. in the High School Gym.

Both the 9th grade and the JV girls will play dual matches against the Lady Huskies and immediately following

the game there will be a "meet the coaches night," giving parents and fans a chance to introduce themselves to each other.

There will also be a booster club meeting held. All Lady Hawk fans and parents are encouraged to attend to kick off the '95 volleyball season.

Police explorers earn awards

Wichita Falls Police Explorers competed in the 1995 Alamo Area Law Enforcement Competition in San Antonio recently, bringing home a number of awards.

Arlene Eaton of Iowa Park, sponsors the post.

Of the four Wichita Falls teams competing, one of them included Iowa Parkans David Ohm, a lieutenant on the team, and Jessica Eaton.

Their team earned a first place trophy in crisis intervention and a third place trophy in traffic stop (misdemeanor).

Other trophies earned by the post include second place crime prevention and hostage negotiation, third place in traffic stop (felony) and individual female physical fitness.

The combination of the four teams competing in two events each, plus physical fitness and FATS (shoot, don't shoot) brought home a third place trophy overall.

The group competed against 70 teams made up of 253 other explorers from all over Texas.

NOTICE

NOTICE OF APPLICATION FOR FLUID INJECTION WELL PERMIT
Deryl James c/o P.O. Box 507 Holliday, Texas 76366 is applying to the Railroad Commission of Texas for a permit to inject fluid into a formation which is productive of oil and gas.

The applicant proposes to inject fluid into the Gunsight Boyd Well Number 15. The proposed injection well is located 5 1/2 Miles NW of Burkburnett in the Wichita County Regular Field, in Wichita County. Fluid will be injected into stata in the subsurface depth interval from 1750 to 1754 feet.

LEGAL AUTHORITY: Chapter 27 of the Texas Water Code, as amended, Title 3 of the Texas Natural Resources Code, as amended, and the Statewide Rules of the Oil and Gas Division of the Railroad Commission of Texas.

Requests for a public hearing from persons who can show they are adversely affected, or requests for further information concerning any aspect of the application should be submitted in writing, within fifteen days of publication, to the Environmental Services Section, Oil and Gas Division, Railroad Commission of Texas, P.O. Box 12967, Capitol Station, Austin, Texas 78711 (Telephone 512/463-6792).

8-24-1tp

NOTICE

NEED RIDE to SAFB for afternoon classes at VRJC. Will pay. Call 592-4523 or 592-2684 after 5. Ask for Mickey. 8-24-1tp

PUBLIC NOTICE
The City of Iowa Park, Texas, is accepting sealed proposals for a two (2) year rental service agreement for uniforms for the Public Works and Public Utilities departments. Proposals will be accepted until 10:00 a.m. on Tuesday, September 5, 1995, at the office of the City Secretary at which time and place the proposals will be publicly opened and read. All proposals shall be sealed in an envelope clearly marked on the front "Uniform Rental Service." The City of Iowa Park reserves the right to reject any or all proposals. 8-17-2tp

Robin Hyde

Robin and Thomas Hyde and their three children have lived in Iowa Park a year and a half.

Thomas is a medical laboratory instructor at Sheppard AFB, and runs the laboratory at the hospital in Seymour.

Robin grew up and graduated high school in Dover, Del., and has an associate degree in accounting from Delaware Tech Community College. She and Thomas, a native of Springboro, Pa., met while he was stationed with the Air Force at Dover.

Thomas earned his bachelor's degree in education at Wayland Baptist University's branch facility at SAFB. In September, Robin will begin classes at Midwestern State University to work toward a degree in social work.

The Hyde's have three children: Valine, a fourth grader at Bradford; Tommy, who is in the second grade at Kidwell; and Kaylin, a Pre-K student at Kidwell. All of them play soccer and baseball.

Robin's recipes are ones she uses most frequently. She says they are easy and don't require special ingredients that are hard to find.

Dump Cake

1 can cherry pie filling
1 - 20 oz. can unsweetened pineapple
1 yellow cake mix
2 sticks margarine
1 - 12 oz. bag pecans
Spray a 13x9-inch pan. Spread the can of cherry pie filling in pan. Then spread pineapple over the cherries. Sprinkle the dry cake mix over cherries and pineapple. Cut the margarine into pats and lay over the cake mix. Top with pecans. Bake 1 hour at 350 degrees.

COOK OF THE WEEK

Quick Cherry Cheesecake

3/4 cup graham cracker crumbs
1/4 cup chopped walnuts
1/4 cup sugar
3 Tbsps. margarine
2 - 8 oz. pkgs. cream cheese, at room temperature
1 can ready to spread vanilla frosting
1/2 tsp. rum extract
21 oz. can cherry pie filling

In small bowl combine crumbs, nuts, sugar and margarine. Mix together well and press in bottom of 9-inch pie pan.

In large bowl, beat cream cheese until fluffy. Add frosting; mix well. Add extract; mix well. Spread over crumb mixture. Freeze for 2 hours. Spoon filling over top. Refrigerate until ready to serve.

Sweet Potato Casserole

3 cups sweet potatoes (1 large; 1 small can)
1 stick margarine
1/3 cup sugar
2 eggs, beaten
1/3 cup milk
1 tsp. vanilla
Topping:
1 cup brown sugar
1/2 cup flour
1/3 cup margarine
1 cup chopped nuts
Mix all ingredients together, except for the topping. Place in a shallow baking dish. Mix all ingredients for topping in bowl. Place on top of sweet potato mixture. Bake 30 minutes at 350 degrees.

Meat Loaf

Even Kids Will Love

2 lbs. hamburger
1 egg
2 cups crushed crackers; divided
1 cup brown sugar; divided
2 Tbsps. ketchup
Mix all ingredients in pan. Save 1/2 of crackers and sugar to sprinkle on top of loaf. Spread in loaf pan. Sprinkle leftover brown sugar and

crushed crackers on top. Bake at 350 degrees 45 minutes to an hour.

Chicken Fajitas

1 1/2 lbs. boneless, skinless chicken
1/2 cup lemon juice
Sour cream
1/4 cup sweet peppers (jarred)
Soft tortillas
Lettuce
Dash of salt
Dash of pepper
Shredded Cheddar cheese

Cut up chicken into bite-size pieces; soak in lemon juice for 3 minutes (make sure all chicken gets the juice on it). Pour all juice and chicken into a large frying pan with 3 tablespoons of vegetable oil in it. Cook with lid on pan until chicken is cooked all the way through. Add sweet peppers and juice to chicken. Add salt and pepper and simmer 5 minutes. Serve on heated tortilla shells topped with lettuce, cheese and sour cream. Makes 6 fajitas.

Banana Split Cake

Better if made 24 hours before needed.
2 cups graham cracker crumbs
6 Tbsps. melted butter
2 cups powdered sugar
1 stick butter
2 eggs
1 tsp. vanilla
5 bananas
1 can crushed pineapple
Cool Whip
Walnuts, crushed
Cherries, split in half
Mix graham crackers with 6 tablespoons butter; press on bottom of cake pan.

Mix together powdered sugar, butter and eggs with the vanilla. Beat 5 minutes. Spread sugar mixture on top of crumbs. Slice bananas over sugar mixture, then add crushed pineapple. Spread Cool Whip over the top and sprinkle with nuts and cherries. Refrigerate until ready to use.

NEWS OF THE IOWA PARK GENEALOGICAL & HISTORICAL SOCIETY

All of us, except those directly descended from the original Americans, had ancestors who immigrated to this country.

Knowing the ethnic origins of our families may give us clues as to their church affiliations.

If they came from the "old country" to New England, they may have been Quakers, Congregationalists or Baptists. If they were pioneers in the Middle Colonies, they may have been Dutch Reformed, Lutheran, Quaker, Presbyterian or Catholic.

They could also have been Amish, Mennonites, Moravians, Baptists, Methodists or of another Christian faith.

Those from the Church of England, later called the Protestant Episcopal, were apt to settle in the Deep South, but there were also Quakers, Moravians, Baptists, Presbyterians or Methodists.

Knowing the religion of our ancestors will sometimes help to establish the country of their origin. Most Colonial Dutch families belonged to the Dutch Reformed or the Antipapists. Those from the Scandinavian countries were Lutheran or Reformed, Swiss and German from the Rhineland, Westphalia and Holstein

were often Piests, Anabaptists, Mennonites, Amish or Moravians. French descendants might have been Catholic or Huguenots.

A great deal of information can be found from church records, especially those who practice infant baptism or christening, such as names, dates, place of birth, parents names, residence, witnesses or sponsors (sometimes other relatives).

In other church records may be found membership records and other pertinent facts, such as marriages, deaths, burials, or memorials.

The Mormon Family History Library has the largest collection of church records of all denominations, and many will find their families on the microfilmed records and on the Locality microfiche at LDS Family History Libraries. Also church records may be found in state libraries, archives and historical societies. Also some universities have excellent collections of church records.

First, determine the religion of your ancestors. Study the history of the locality where they lived. Try to

determine which churches existed at that time, local histories will include information about early churches in the area. All this research will save time at the Mormon Libraries and the National Archives.

The importance of the Iowa Park Historical and Genealogical Society's reforming the centennial edition of the Iowa Park Leader into a book available for research, will be more meaningful as we search for history of our ancestors in small towns.

Slow down in school zones

We've all heard the saying, "Kids say the damndest things!"

Well kids do the damndest things, especially around school zones. With school starting up Aug. 17, there's sure to be trouble afoot. Now is the time for drivers to start thinking about the dangers this presents.

Whether you drive in school zones once a year or work there every day, you can never forget certain lessons. One is that you have to use better judgement than the seven-year-olds who surround you, according to DPS Trooper Joe Clement, public information officer.

"It's important to remember that kids aren't small adults, and they don't think like adults. They lack experience with traffic, and they don't always act logically. When you sound your horn, for instance, a child may think it's okay to cross the street in front of your

vehicle," Clement said.

Children also have limited perceptual skills. Sometimes they can't even tell if your vehicle is in motion or stopped. They can't accurately judge the speed and distance of vehicles or detect safe gaps in traffic.

"Elementary school aged children often aren't tall enough to be seen on the other side of a parked car, or as they move between vehicles to cross the street when they're being picked up. School zones are not the time to light a cigarette or call the office on your car phone," Clement added.

The key is to see children in time to avoid a collision. Search from curb to curb for kids who could enter your path. Everyone who enters the roadway is vulnerable to injury, but children on foot are even more at risk.

Many times the kids probably have their minds on school or friends, not on

the vehicles moving toward them. That means it's your job to be even more aware of what's going on around you.

Since it's hard to predict kids action near schools, try to avoid these areas. Reroute your trip, if possible, to avoid peak drop-off and pick-up times and getting stuck behind a school bus.

However, if you can't avoid a drive through a school zone, the best strategy is to just slow down (to the required 20 MPH, as posted) and stay alert.

It's up to us to take precautionary steps to keep kids alive and safe.

Helpful Facts

The softball field on East Texas is available for practices and tournaments on a first-come, first-serve basis. A small fee is charged for use of lights.

RATTLESNAKE ROUND-UP!

ALLSUP'S

Every Ticket Can Win!

Win A 1995 Ford F-150 Super Cab XLT!

IOWA PARK & HOLLIDAY STORES | PRICES EFFECTIVE AUGUST 20-26, 1995

ATTENTION CUSTOMERS!

Our Rattlesnake Round-up game will be coming to a close in the next few weeks. We still have tickets available for the next week. **Be sure to turn in all your winning tickets.**
