# Hawks host Electra in first home game

When the Iowa Park Hawks play host to Electra Friday night, the Hawks will be looking to get into the win column for the first time in a long time, and after the way they played last week in the season opener against Burkburnett, their chances are good.

Iowa Park's ground game behind the running of fullback Dusty Owen's 139 yards and two touchdowns, racked up 319 yards on the ground as the Hawks lost a tough one 25-24 to the Bulldogs. Shane Bagley added 79 yards on seven carries and a pair of touchdowns while Todd Yeager finished with 42 yards and Corky Petty added 25.

"I thought our offensive line did a super job of blocking last week,"

head coach Weldon Nelms said. "We saw a lot of bright spots in the Burk game, and some things we need to work on but I'm definitely pleased with the effort the kids showed, especially in the second half."

In last year's game against Electra, the Hawks won every statistic on paper yet lost the game 47-15 after turning the ball over seven times with three of the turnovers returned for touchdowns.

This year, Electra is coming off a 27-6 loss to Jacksboro in which the Tigers rushed for 125 yards and threw for another 93. The Electra defense gave up 211 yards on the ground and 61 through the air to the Tigers.

"Electra is going to be very similar to the team we played last year," Nelms added. "If you make mistakes like we did last year, they will take advantage of them and can play with anybody. They're a well coached and disciplined group of kids just like they are every year. We need to force them to drive the ball against us and not give up the big plays like we did last year and we'll be in good shape."

"I think our overall depth will be a big factor in the game," Nelms said. "They have seven players playing both ways with three sophomores starting so we should be able to wear them down as the game goes on."

The Tigers will be led by their junior quarterback Joe Coffey who completed 51 percent of his passes in '94, but connected on only 5-of-22 against Jacksboro in week one. Joining Coffey in the Tigers backfield are Josh Morgan, Terry Monroe and Richie Hernandez.

Electra's offensive line is anchored by guards Robert Nettles and Roy Walters and tight end L.B. Owen.

With the Hawks' running game clicking on all cylinders, thanks in part to Owen's tough running, Iowa Park will look to get its passing game on track as well.

Sophomore quarterback Todd Yeager had a tough outing against

Burk completing only 3-of-10 passes for 71 yards with three interceptions, but Nelms isn't worried about his signal caller yet.

"Todd's a competitor," Nelms added. "He's one of those kids that takes it personal. He's worked even harder to prepare this week and he's earned the other kids' respect. Last week he came out in his first varsity start a bit jittery, but with that experience under his belt and the fact that he knows the job is his, I look for him to settle down and do a great job. He's challenged himself to get better and he's not one of those who'll back down or shy away from anything."

The Hawks have been spending

extra time this week with their extra point conversions after missing on all four attempts last week, but Nelms feels his team will be ready to go come Friday night.

Injury wise, Jimmy Fallon will likely miss the Electra game with a severely bruised ankle he sustained in the Burk game. His backup, Kevin Brazil, a move-in from Rider this year, came in last week and intercepted a pass and had a good game in relief and is expected to get the start at safety this week. Brandon Campbell is nursing a sore knee but is expected to be ready to play.

Friday's home opener is scheduled to get underway at 7:30 p.m. at Hawk Stadium.

**INJURED IN WRECK** - Iowa Park emergency personnel examine Antonio Palico Fuintes, 30, who was injured when the car he was driving rolled early Saturday morning near the landfill. His male passenger was unhurt. The Wichita Falls resident apparently thought a newly-cut dirt road which parallels the old landfill road was a public thoroughfare. He lost control of the vehicle on a sharp curve, causing the rollover. The passenger said they had been there "several hours" before he notified a Bell trucker of the incident. Fuintes was transported to a Wichita Falls hospital for treatment.

## Council nixes proposal for golf course design

A proposal to hire a firm to design a golf course was defeated Monday night during the city council meeting.

However, indications were that the majority of the council wanted to wait until a feasibility study, which is underway, was completed before taking any further action.

The council had considered a proposal from Finger Dye Spann, Inc. to prepare a conceptual plan for the course, complete with areas which would be sold for housing.

The council last month hired a firm to undertake a feasibility study to determine if a golf course built here could be successful.

An 18-hole course is proposed to be built on the 349-acre tract of land west of Johnson Road and South of US 287.

The city paid \$5,000 to hold the "Van Horn place" 90 days, during which time the study is to be prepared and a developer contracted.

Also during the meeting, aldermen approved bid to furnish uniforms for city workers, and also to seek bids to purchase a new street sweeper.

The lowest of three bids on the uniforms, which includes supplying the clothing and laundering them, was submitted by Unifirst Corporation of Lubbock, at a cost of \$6.88 per employee per week.

Alderman Tracy Fears said later he was in favor of also supplying caps for the workers, but no decision on that issue was reached.

The council approved a revised emergency management plan, which includes Iowa Park, Burkburnett, Electra, Pleasant Valley and Wichita County.

Also approved was a resolution authorizing the mayor to enter into a three-year financing through Parker Square Bank of a new dump truck.

The truck has been delivered, and is being fitted with a bed by the

Department of Corrections.

A request to close the east-bound lane in the 200 block of West Park on Friday, Sept. 29, was approved.

Administrator Mike Price explained that Parker Square Bank has been purchased by Norwest, and an outdoor celebration is planned that date.

Though activities are slated to be held off the street, on the lawn, permission was requested to use the street in case of wet weather.

Prior to adjournment of the meeting, George Witherspoon informed the council he was submitting his resignation as emergency management coordinator for the city.

He explained, "Iowa Park is the only town that doesn't give you (coordinators) what you need. You don't understand how important it is. I regret the low priority placed on this."

Witherspoon was appointed by Mayor Wayne House to the post.

## Student under arrest for burglarizing school

About eight hours after the discovery that the band department of burglarized, some \$2,800 worth of equipment was back in place.

Police were notified shortly after 7 a.m. yesterday, that someone had broken into the high school and stolen numerous pieces of equipment.

An 18-year-old student, identified as Trevor R. Pool, was placed under arrest after the equipment was recovered from a rural residence north of the city.

Pool was to be charged with burglary of a building, a felony, before Justice of the Peace Bill Robinson, according to Chief Ray Smock.

All the equipment was percussion related, including drums, symbols, stands, etc.

Det. Lynn Collins and Sgt. Mike Dozier worked throughout the day with school officials at the high school, interviewing people and gathering information.

A key in the investigation was identification of a pickup, Smock reported.

Pool, reportedly working alone sometime Tuesday night, apparently knocked out a glass panel beside the double doors on the northwest side of the building, unlocked the door, and entered the hall which leads to the band department.

Another theft, five unrelated arrests and an attempted suicide were

entered during the past week in the police blotter.

unidentified reportedly took more than \$100 worth of perfume from a drug store Friday afternoon.

While employees at Hughes Pharmacy were distracted answering questions, one of the females reportedly removed several bottles of perfume from a shelf, undetected.

Police arrested Harry Lee Skinner Jr., 34, last Wednesday afternoon at Johnson Road and Access Road, on an outstanding warrant issued by the Wichita County Sheriff's Office.

Wanted for forgery, with his attorney being off his \$7,500 bond, Skinner was transported by a deputy to the county jail.

At 12:15 a.m. Thursday, an of-

ficer on patrol stopped a vehicle on the access road, and had a computer

Huth, 33.

Information was returned that Huth was driving while her license was suspended, and taken into custody.

Permission was given by the driver to search the vehicle, and a small amount of marijuana was discovered. Huth was transported to the jail at 2:26 p.m., according to the blotter entry.

A migrant who said he lived in Amarillo was taken into custody late Thursday evening on a charge of public intoxication.

Richard Joseph Rich, 45, was

## Trustees facing lengthy agenda

School trustees likely are preparing themselves for a marathon-like meeting tonight, according to the 24-item agenda.

To begin at 7:30 p.m., the meeting is to be held in the junior high library.

At the outset of the session, special recognitions will be given to students who competed on state and national levels, and two teachers.

Michael Bean and Ruby Black have been selected the district's elementary and secondary teachers of the year, respectively.

Items on the agenda other than department and administrators' reports include:

- \* revision of student dress code policy on moustaches;
- \* student field trips;

- \* student fund-raising activities;
- \* student transfer requests;
- \* set beginning and ending teacher appraisal dates;
- \* consider list of appraisers other than principals;

- \* consider waiver so Agriculture Science 101/102 may be offered at eighth grade level and high school credit awarded;

- \* consider waiver to offer Algebra I over a two-year period;
- \* consider stadium and gymnasium concession stand contracts for 1995-96 year; and,

- \* reports on campus and district accountability ratings; evaluation of Drug Free Schools and Community's Program; evaluation of Chapter 1 and 2 programs, and energy program by Steve Harris.

**9-1-1 DAY** - Jerry Reed presents radio dispatcher Sherry Fowler and Chief Ray Smock with cups, in recognition of 9-1-1 Day, which was declared by Gov. George W. Bush. Reed is Iowa Park's representative on the Nortex 9-1-1 Communications District board of directors.

# Cook of the Week

Wanda Courtney & Evelyn

Wanda Courtney learned to cook when she was young and it is an activity she has always enjoyed.

Later, being the mother of four children, Wanda was interested in recipes that were simple to prepare and economical. While visiting with other mothers who wanted to stretch their food dollars, she began exchanging recipes with them, and some of those are ones we are using this week.

Most of Wanda's recipes came from friends, and the recipe for "Chili" was given to her by her son-in-law. Wanda makes the "Banana Nut Bread" often, and bakes extra loaves so she can share it with friends and family. Wanda grew up at Dundee and Kamay, and went to school at Holliday. She moved to Iowa Park three years ago and is employed as a direct care worker at Clara Cottage.

Wanda has four children. The three older children are married and live in other states: Pam, 28, lives in Altus, Okla., and Jimmy 23, and Charla 19, both live in Kansas City, Mo. They all went to school in Iowa Park when the family lived at Kamay. The youngest daughter, Evelyn, is nine years old and in the third grade at Bradford. Wanda also has six grandchildren.

In her spare time Wanda likes to work in the yard and flower beds, and she and Evelyn enjoy fishing.

- 2 lbs. ground beef
- 1 cup chopped onions
- 1 big can tomato soup
- 1 can peas
- 1 can kidney beans

Cook ground beef and drain. Add chopped onions, tomato soup, peas, and kidney beans. Stir until mixed. Cook slowly for 30 minutes.

### Banana Nut Bread

- 1 3/4 cups all-purpose flour
- 1 1/4 tsps. baking powder
- 1/2 tsp. baking soda
- 2/3 cup sugar
- 1/3 cup shortening
- 2 eggs
- 2 Tbsps. milk
- 1 cup mashed ripe bananas
- 1/4 cup chopped nuts

Stir together flour, baking powder, soda, and 3/4 teaspoon salt. Set aside.

In a mixing bowl, beat sugar and shortening with electric mixer until light, scraping sides of bowl often. Add eggs, one at a time, and the milk, beating until smooth after each addition. Add flour mixture and banana to creamed mixture, beating until smooth after each addition. Fold in nuts. Put batter into a lightly greased loaf pan. Bake in a 350 degree oven 60 to 65 minutes or until a wooden pick comes out clean. Cool in pan 10 minutes. Remove from pan, cool.

### Meat Loaf

- 2 slices bread
- 1/3 cup dry milk
- 1 lb. ground beef
- Salt and pepper to taste
- 1 Tbsp. minced onion
- 1 Tbsp. Worcestershire sauce
- 1 egg
- 1 slice bacon

Soften bread in 2/3 cup water in bowl. Add remaining ingredients, except bacon; mix well. Shape mixture into 1 or 2 loaves. Place in baking dish. Cut bacon into thirds. Top loaves with bacon and bake 1 hour at 350 degrees.

### Vinegar Pie

- 3 eggs (save white of 1 egg for frosting)
- 2 cups water
- 2 Tbsps. vinegar
- 2 Tbsps. flour
- 1 tsp. lemon extract
- 1 or 2 drops yellow cake coloring

Combine ingredients and cook until thick. Pour into crust. Use the white of egg for frosting now. You may have your crust pre-baked if you wish.

### Roast Beef Salad

- 1 cup diced cooked beef
- 2 hard-boiled eggs, sliced
- 2 tomatoes, quartered
- 1 small head lettuce
- French dressing

Toss first 3 ingredients together in bowl. Place on bed of lettuce on serving plate. Add French dressing to taste.

### Taco Salad

- 1 lb. ground beef
- 1/2 envelope onion soup mix
- 1 med. head lettuce, torn in bite-sized pieces
- 1 large tomato, cut into wedges
- 1 small onion, thinly sliced and separated into rings
- 1/4 cup chopped green pepper
- 1/2 cup sliced ripe olives
- 1 - 4 oz. pkg. sharp natural Cheddar cheese, shredded
- 1 - 6 oz. pkg. corn chips

Brown ground beef in skillet. Sprinkle soup mix over top. Stir in 3/4 cup water, mix well. Simmer 10 minutes. Combine next 6 ingredients in large bowl; toss well. Place lettuce mixture on individual salad plates. Spoon ground beef mixture on top and sprinkle with corn chips.

### Chicken with Dumplings

- 1 stewing chicken, cut up
- Flour
- Salt and pepper
- 2 1/2 tsps. baking powder
- 1 egg, beaten
- 1/3 cup milk

Cook chicken in boiling salted water in large saucepan until tender.

Remove chicken, reserving 4 cups broth. Bone chicken; set aside. Skim broth, reserving 6 tablespoons chicken fat. Combine 6 tablespoons flour with reserved fat in bowl; blend well. Add a small amount of reserved broth, stirring until smooth. Stir flour mixture into remaining reserved broth in saucepan. Cook over low heat until slightly thickened, stirring constantly. Season with salt and pepper.

Sift 3/4 cup flour, 1/2 teaspoon salt and baking powder together in bowl. Combine eggs and milk in separate bowl. Stir into dry ingredients; mix well. Drop by spoonfuls into boiling gravy; cover. Cook 15 minutes. Do not remove cover during cooking. Serve dumplings and gravy over chicken.

### Ranch-style Bean Bake

- 1 lb. hamburger
- 2 onions, chopped
- 1/2 stick margarine
- 2 cans pork & beans
- 3 cans ranch style beans
- 1/4 cup prepared mustard
- 1 cup brown sugar
- 1/4 cup maple syrup
- 1 cup catsup

Brown hamburger with onion in margarine. Add remaining ingredients; mix well. Bake 2 hours at 300 degrees. Can be simmered slowly on top of stove.

### More

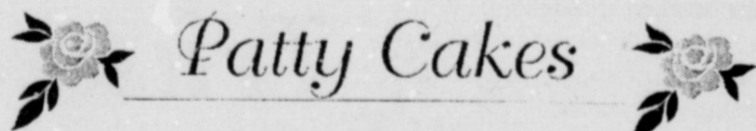

- 1 lb. ground beef
- 1/2 cup each chopped onions, green pepper
- 1 cup chopped celery
- 1 - 5 oz. pkg. egg noodles, cooked
- 1 - 8 oz. can tomato sauce
- 1 - 12 oz. can corn
- 2 Tbsps. chili powder
- Salt and pepper to taste
- 1 cup grated cheese

Brown ground beef in shortening in skillet, stirring until crumbly. Add onions, green pepper and celery. Cook over low heat for several minutes. Add noodles, tomato sauce, corn, chili powder, salt and pepper; mix well. Spoon into baking dish, top with grated cheese, and bake 20 minutes at 350 degrees.

### Pecan Pie

- 3 eggs
- 2/3 cup sugar
- Dash salt
- 1 cup dark corn syrup
- 1/3 cup butter or margarine, melted
- 1 cup pecan halves

In a mixing bowl, beat eggs slightly with a rotary beater. Add sugar and salt; stir until dissolved. Stir in dark corn syrup and melted butter; mix well. Stir in pecan halves. Pour pecan mixture into pie shell. Cover edge of pie with foil. Bake 25 minutes in 350 degree oven. Remove foil and bake about 25 minutes more or until a knife inserted off-center comes out clean.

## Epsilon Eta plans year's activities

The first meeting of the year for members of Epsilon Eta No. 1094, was Sept. 5, in the home of the president, Joyce Henry.

Mrs. Henry called the meeting to order and Ramona Vaughn presented the year back to members.

Rush chairman, Essie Johnson, presented plans for Pledge Rush. The first activity will be a fish fry at Lake Arrowhead for members, their husbands and special guests.

Plans were made for the Whoop-T-Do King and Queen Contest. Forms will run in the Iowa Park Leader.

Mary Lynn Boyd reported on the State Seminar Workshop and Board Meeting held in Dallas Aug. 12-13.

Mrs. Johnson, ways and means chairman, reported that the chapter had a successful Gun Club shoot and that it was the final shoot for the year.

The program was presented by Mrs. Henry on "Taking Time-Planning Time-To Make Time", with information taken from three books written by Emilee Barnes.

"The first book, 'The 15 Minute Organizer', tells us how to assume the right attitude in our mind," the program leader said.

Under "Establishing Daily Priorities, she listed 12 ways how not to procrastinate and how to stop saying "I'll do it tomorrow", and putting everything in its place.

The second book, "Survival for Busy Women," Mrs. Henry said the author tells how over the years she had found certain time wasters "that

rob us of the joy of proper organization". She said, "Once we recognize these distractors we can gain valuable extra minutes which can turn into hours in our day. Everyone has 24 hours in the day. The secret is not to get more time, instead, it is to manage our time. It only takes a little time to

plan the saving of a lot of time".

The third book is titled, "The Fifteen Minute Meal Planner".

Members in attendance in addition to the hostess were Dee Dee Forney, Beverly Guinn, Mary Lynn Boyd, Barbara Hickman, Pat Lincoln, Mrs. Johnson and Mrs. Vaughn.

## Garden Club begins year

Bonnie Illingworth challenged members of the Iowa Park Garden Club to "Preserve our country's beauty," during her president's welcoming speech Friday morning at the Recreational Activities Center. She said by preserving our country's beauty, we would also preserve our natural resources.

Marita Holdsworth and Karel Jahns, daughter of Charlette Kennedy, were guests at the meeting. Mrs. Holdsworth and Vera Cantwell were welcomed as new members.

Joyce Short gave the thought for the day concerning "wise men know which bridges to burn." Louise Clapp, secretary, called the roll and read the minutes of the previous meeting. Aretas Spruiell, treasurer, gave her report before Freddie Skinner, vice president, discussed the schedules in the yearbook.

Mrs. Illingworth led the group in making plans for the horticulture show to be held during Whoop-T-Do, and Kim Cox discussed the float the club

will sponsor in the homecoming parade.

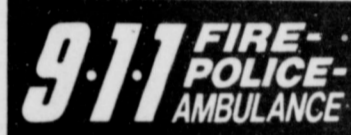

Kay Cole brought a Croton plant for the horticulture display.

At the next meeting on Sept. 22, the members will make Christmas "love knots" for each door at the local nursing home.

### Card of Thanks

I would like to thank the Iowa Park Police Department, EMT's, Lifeline, and Dr. Soell for their quick response following our 9-1-1 call recently. I feel like they saved my husband's life, and Iowa Park is fortunate to have such fine men. They were more than helpful. My husband is out of intensive Care now, but still in Bethania Regional Health Care Center.

### Art Association creates angels

Using pint and quart-size jars, members of the Iowa Park Arts and Crafts Association created "Angels with Secrets" during a meeting Tuesday night at the Recreational Activities Center.

Shirley Hicks instructed the group in making the angel jars using cloth for the wings and dress and styrofoam for the head and halo. The jars can be used to store any number of small things such as candy.

At the meeting next month, members will be making pumpkins, with Sheri Kennedy giving the instructions.

During the business, directed by Sheri Kennedy, reports were given by Melba McIlroy, secretary, and Shirley Hicks, treasurer. Susie Miller was recognized as a new member, and a guest, Mrs. Davis from Wichita Falls, was welcomed.

The door prize, made by Pat Fullerton, was won by Linda Motl. It was a handmade miniature sewing room equipped with miniature bolts of material, thread, etc.

The work of Kathy Hicks will be on display at Tom Burnett Memorial Library this month.

### TRIVIA

How did the rabbit's foot come to be considered a good luck charm?

In Western Europe, people have considered the feet of rabbits lucky since before 600 B.C. Several characteristics of the rabbit may have led to its great popularity:

It was born with its eyes open, suggesting innate wisdom; it spends much of its life underground, suggesting a connection to a mysterious netherworld; it is prolific, suggesting wealth and prosperity. Any part of

the rabbit was considered lucky, but the foot was especially prized—possibly as a phallic or fertility symbol.

### NATIONAL LIBRARY CARD SIGN-UP MONTH

September is National Library Card Sign-up Month. Do you have your card? It is very simple to attain your very own card. Adults just need drivers license number and date of birth. Children under 16 need parents to come in with them when they complete the application card.

Children in grades first, second, third have received a letter from school in promotion with Prudential and the library to attain a card. When they do so their name will be placed with all the other students in the USA, for a chance to win scholarship funds, computers, World Books, Childcraft. Be sure to bring your child in.

### Mammograms topic of Amity program

Sharon Grauerholz, a registered mammographer for the Women's Imaging Center in Wichita Falls, presented the program for Amity Study Club Monday evening in the home of Evelyn Ward. Marilyn Hale was co-hostess.

Mrs. Grauerholz pointed out that one in eight women will be diagnosed with breast cancer during her lifetime. Breast cancer is currently the number two killer of American women, she said.

However, early diagnosis is the key to fighting this disease. The speaker stated that his type of cancer has a 90 to 94 percent cure rate when detected early.

For women with no cancer symptoms, the American Cancer Society recommends a baseline mammogram at age 35 to 40. Women ages 41 to 49 should have a

## Pharm/alert Health Tips

### Make Your Medicines Work For You

- Many people prolong illness or grow sicker because they don't take their medicines correctly.
- Have your prescriptions filled right away, and have them refilled before you run out.
- When you get a prescription, be sure to ask your doctor or pharmacist the following five questions:
  1. What is the name of the medicine and what is it supposed to do?
  2. How and when do I take it, and for how long?
  3. What foods, drinks, other medicines or activities should I avoid while taking this medicine?
  4. Are there any side effects, and what do I do if they occur?
  5. Is there any written information available about the medicine?
- Be sure you understand all instructions before you leave your doctor's office or pharmacy. Write them down if it will help you remember later.
- Your medicines will work best for you when you take them as directed.
- Keep your medicines in their original containers.
- Do not share your prescription medicines with family or friends.

For more information about taking your medicines — Ask your pharmacist.

TEXAS PRESS ASSOCIATION

**AUSTIN** — Comptroller John Sharp and Land Commissioner Garry Mauro — both Democrats — said over the Labor Day weekend that their paths will be “up or out” in 1998, the *Houston Chronicle* reported.

Sharp was re-elected as comptroller in 1994. Though his name has surfaced as a possible candidate for governor or lieutenant governor, he shrugged off questions about a future campaign for statewide office. Thinking about running in 1998 is “like asking a lady who’s just had triplets whether she wants to go on a second honeymoon,” he said.

Mauro, who has served as land commissioner since 1982, said he would not seek re-election to the same office. He said he would stick with plans to run President Clinton’s 1996 reelection campaign in Texas.

Both Sharp — a real estate broker and goat raiser by trade — and Mauro indicated an interest in returning to the private sector.

On the other hand, fellow Democrat, Attorney General Dan Morales said he assumes he will seek a third term.

Republican Agriculture Commissioner Rick Perry also said he has plans for re-election and indicated an interest in filling the seat of U.S. Sen. Phil Gramm, if Gramm is elected president.

“Any high school football coach who doesn’t aspire to be the coach of the national championship football team, there’s something wrong with them,” Perry told the *Chronicle*.

Gov. George W. Bush, answering questions about his plans, said, “There’s nothing right now that would convince me not to seek re-election,” but stressed that he has no plans to seek national office.

**Deadbeat Law Prompts Calls**  
Attorney General Morales says a new law allowing for the suspension of driver’s, professional and recreational licenses of parents delinquent on child support already has made a difference.

Even before the law took effect on Sept. 1, Morales said parents concerned about the measure bombarded a special license suspension phone bank with calls. In one week after the phone bank became operational on Aug. 24, more than 5,000 calls were received, and parents committed to pay more than \$382,000, Morales said.

In late August, Morales announced his office was sending out notices about the new law to 50,000 deadbeat parents.

Morales said he believes the license suspension law will prompt an additional \$20 million in support payments annually, in addition to almost \$500 million already collected through wage-

withholding. About \$1 billion in outstanding child support is owed in Texas.

**Panel to Study Phone Law**  
Lt. Gov. Bob Bullock has assigned an interim Senate committee to study the new law deregulating local telephone service.

Bullock asked the Senate Economic Development Committee to determine if consumers are getting more choices and lower rates in local phone service as a result of recent telecommunications reform legislation passed by the Legislature.

“We need to monitor the impact to make sure the law is fair to all potential telephone service providers and that consumers are benefiting from the increased competition,” said Sen. David Sibley,

R-Waco, committee chairman.

Bullock also wants Sibley’s committee to look into the possibility of medical savings accounts.

# As I See It... By Bob Hamilton

Normally, I scoff at anyone who mentions or claims a moral victory. To me, under most circumstances, a moral victory is a cop out for losing.

But I’ve gotta tell you, Friday night’s loss of our Hawks to Burkburnett was in fact a moral victory in the truest sense.

I was as proud of Iowa Park that night as I was one night in Arlington back in 1969 when we won the state championship.

Here’s a team that hasn’t made a mark in the winner’s column since November of 1993 -- they’re playing a team that humiliated them 36-0 last

season -- they’re playing a larger 4-A school on the road -- and they were down 19-6 at the half.

The unheralded Mean Green came out in the second half, almost completely shut down the Bulldogs and took the scoring lead, only to lose it in the final minute and a half.

And lost by a single extra point. This bunch of athletes showed me heart, ability and determination.

For the first time I can remember, my throat was sore from yelling, and that’s something I never do at a ball game.

Prior to the season, friends and acquaintances would ask me, “What’s Iowa Park gonna do this season.”

My general response was, “They’re going to surprise a lot of people. I think they’ll be .500 or better.”

That’s not a put down on a team that went 0-10 last season. It was guarded enthusiasm.

Now, unless we lose half the team to injuries and/or grades, I’ll loosen that enthusiasm somewhat and say we’ll finish 8-2 or better.

I’m not trying to put a monkey on the backs of the team and coaches, nor am I claiming any ability of seeing into the future.

I like this bunch of athletes, and their coaches. I have faith in their ability, work ethic and character.

Come on Friday night! Let’s get it on!

held in the local jail until 6:21 a.m., and then released after signing a promise to appear in municipal court.

Judy Gail Horton, 43, was taken into custody Friday afternoon at Yosemite and Park, after it was determined the county had an outstanding warrant against her for theft by check.

She was taken to the county jail, where she was held under a \$500 bond.

Shortly before midnight Saturday, Roger Alan Taylor, 40, was arrested on an outstanding local warrant in the 500 block of East Highway.

Taylor had a \$325 bond unpaid on a resisting arrest case. He was transported to the county jail by a sheriff’s deputy at 4:35 a.m. Sunday.

The police department received a telephone call from a spokesperson at Wichita General Hospital emergency room, that a juvenile from here was being treated for taking an overdose.

The juvenile and parents agreed to go to Red River Hospital following release, according to the police blotter.

### DWI

It is unlawful to consume an alcoholic beverage while operating a motor vehicle.

This is not only an extremely dangerous act for the driver, but it is also highly dangerous for other people who may be in the path.

Because of the severity of the offense, no warnings are given, and the fines, court cost and attorney fees can easily reach \$7,500 on the first offense.

Not to mention, your driver license will be suspended and the cost of car insurance goes up.

Be responsible for yourself and for others. Don’t drink and drive. The price you pay may be too high.

# NEWS FROM THE HALLS OF THE HAWKS

## HIGH SCHOOL

### Choral program begins

The Iowa Park choir department is already headfirst into the new school year.

Officers have been elected, and T-shirts ordered. Iowa Park is hosting the district auditions for the north zone on Saturday. We would like to thank in advance all the parents and friends whose work will be invaluable to the success of the audition.

The high school choir's fund-raiser for the year will be a MEAN GREEN HAWK CARD. This is a card that looks much like a credit card, but is a discount card. The cards can be purchased from any Iowa Park High School choir student or director for \$10 each, and the discounts on the back of the card are good for a year.

Several Iowa Park and area businesses are featured on the card. The card may be used only by the cardholder, and it must be presented to receive the discount.

The cards will go on sale the first of next week.

Mrs. Debi Walters, choir director said, "We want to thank the businesses as well as those who buy cards for supporting our growing organization."

## BRADFORD

### How Time Flies

Next Friday will mark the end of the first six weeks, with students to receive their report cards the following week.

Parent-teacher conferences are being scheduled for the week of Sept. 25 in place of Open House. Parents will have the opportunity to discuss their child's progress with the teacher during the conference, and receive the child's report card.

Teachers are sending home appointment slips with the students for the parents to sign. Evening appointments may be made Tuesday and Thursday of that week.

### Time to say cheese

Individual students pictures will be made Sept. 26.

### S.T.A.R. program to begin

Bradford students will participate in an accelerated reading program beginning in the second six weeks grading period.

The program, S.T.A.R. (Super Talented Accelerated Readers) is in its first year at Bradford.

Each grade level will have different requirements for the program

### Fifth grade happenings

Fifth graders should have their memory work completed by next week. The work includes memorizing the first and last stanzas of the "Star Spangled Banner."

Classes have also begun the "Stone Fox" novel unit.

### Learning about community

Third graders are studying about communities.

The students are learning the

functions of community services such as the police and fire departments.

### Being D.A.R.E.ing

Fifth graders will be making a commercial for D.A.R.E. soon, to be aired on channel 6.

### G.T. getting busy

Gifted and Talented students will be busy this month with activities planned for all three grades.

Third grade G.T. students will take a trip to the Wichita Falls museum Sept. 29.

Fourth and fifth grade G.T. students will participate in a game day with City View G.T. students Sept. 25 and Sept. 22, respectively.

The game day will include competition in higher-level thinking activities.

### Everybody's looking

Several area schools have sent representatives to observe Bradford's Saxon math program, according to Pat Cravens, principal.

## KIDWELL

### Open House

Kidwell Open House will be Tuesday, with separate meeting times for different grade levels.

Kindergarten, morning pre-kindergarten, early childhood and S/PH will be at the school from 6:30 to 7 p.m.

First grade and afternoon pre-kindergarten will hold open house from 7 to 7:30 p.m., and second grade will be 7:30 to 8 p.m.

### PTA meeting slated

Kidwell PTA will meet Thursday, Sept. 21, at Kidwell.

The board will meet at 6 p.m., with a general meeting at 7 p.m.

Business scheduled during the general meeting includes adopting the 1995-96 budget, adopting a change in the by-laws and discussing fund-raisers for the coming year.

The meeting, regularly held the third Tuesday of the month, was rescheduled due to Tuesday's Open House.

### Getting ready to read

Kindergartners are beginning a new reading unit, "I'm Getting Ready to Read, Write and Listen."

Colorful letter books depicting each letter in the alphabet will be used, and sent home with students each Friday.

### Kindergartners to see Mr. Al

Kindergartners will take a field trip to Wichita Falls soon to see "Mr. Al."

Mr. Al, a children's entertainer, will be performing at the Holiday Inn in Wichita Falls.

### Feeling Antsy?

First graders are participating in the reading unit, "The Ants Go Marching," with some projects to

enhance the story line.

Some of the first grade classes are actually building ant farms in the class room.

### Food Projects

First graders are using a lot of food in their math and science lessons.

Teachers are using apples and their seeds for math lessons, and other foods for "science projects."

Some classes have put celery in colored waters to see how the stalk absorbs the colors.

### Pet responsibility

Mmes. Moody, Padgett and Gunter's classes will travel to the Humane Society as part of the reading unit, "Arthur's Pet Business."

The book, authored by Marc Brown, is about taking responsibility for pets.

## CUB SCOUT NEWS

Monday, Sept. 18 we will hold a committee meeting at the Chamber of Commerce office at 7 p.m. Please feel free to come. We meet to have input from parents on upcoming events. Everyone is more than welcome to come and we would love to see you there.

Our Pack meeting is Monday, Sept. 25 at 7 p.m. at the RAC. We hope to see everyone there.

Keep selling those Scout-O-Rama tickets. Remember if you sell \$20 worth, you get a Scout-O-Rama patch.

We hope to see everyone these next few weeks. This year looks to be bigger and better than last year, and with your help it will be.

THEY ARRIVED! The Saxon Math boards purchased by the Kidwell PTA and school district arrived and were installed in all Kidwell classrooms last week. The boards are used during Saxon math lessons, and cover all the elements in each lesson. The PTA used fund-raising money to purchase some of the boards, with the remainder purchased by the school.

## Saxon math builds solid foundation

(EDITOR'S NOTE: This is the third in a three-part series of articles on Saxon Math, which is now being taught in Iowa Park schools to students in grades kindergarten through eight.)

Saxon math is a success-oriented program which enables students to develop a solid foundation in the language and basic concepts of all areas of mathematics. This program builds on prior learning and new learning is presented in small increments with time provided between increments for practice which spreads each unit throughout the year.

Each day Kidwell students participate in a beginning of the day activity call "The Meeting." During this time they practice skills related to time, temperature, money, calendar, counting, patterning, reading a graph and problem solving.

Kidwell is especially appreciative of the Kidwell PTA for purchasing 15 Saxon boards for the classrooms. The Saxon board is an integral part of "The Meeting."

"The Lesson" occurs later and a new objective (increment) is introduced through a carefully-selected group activity. Students discuss, work in cooperative groups, and use a wide variety of "hands-on" materials to learn the concepts. "The Lesson" also includes written practice and fact practice.

"The Meeting" and "The Lesson" are scripted because the language which is used is critical to the success of the program. Written assignments and assessments are built into the program.

To help students learn number facts, students are encouraged to recall the facts through pattern recognition. Automatic fact recall is expected during the assessments called "timed tests."

Many extra preparations are necessary to teach each lesson. Teachers must make a variety of charts, count out and bag counting discs, color

tiles, patterning blocks, pennies, nickels, dimes, cut out and sort shapes, and prepare other "hands-on" activities.

Even though these preparations are time consuming, we feel the value of the students' success in learning is worth it.

Mrs. Padgett, second grade teachers, said, "I love seeing my students excited about math. I wish a reading program would be developed which would create as much excitement and would prove to be this successful."

Mrs. Kimberly Mogg, kindergarten teacher responded in kind. "The kindergarten level of the Saxon Math program is wonderful! Our students are allowed to learn the best way they know how--hands-on," she said.

Mrs. Schell, longtime first grade teacher at Kidwell had this to say about the program. "After having piloted the program for a year, the performance proved to be substantial as well as a high interest in math and its application to daily life. Success breeds success and that is what every teachers wants for the students. Success!"

Kidwell students also had good things to say about the program.

"Saxon Math is better. I like the 'Student of the Day' best of all."

-Brittnee Wilson

"I like Saxon Math because we have fun at 'The Meeting. The best part is the weather chart."

-Tiffany Alsop

"Saxon Math is fun. I like the timed test."

-Grant Gibson

Teachers at the Iowa Park Junior High are also sold on the program for a variety of different reasons.

Eddie Jones, sixth grade math teacher, said, "I like the Saxon Math program because it develops concepts slowly and gives the students practice each day over the concepts that have been taught. Several students have said that they like the Saxon Math book because the math is 'easier'."

Because Saxon Math is very organized and routine, it helps the students who aren't organized. It is also excellent for the weaker students who try hard.

The nature of the program is a key to retaining the material learned. This helps students build confidence in their mathematic abilities.

Because of these things, student grades in math are higher.

## Sheppard AFB to honor POWs, MIAs Friday

SHEPPARD AFB - Team Sheppard will pay tribute to the sacrifices and courage of the nation's prisoners of war and those still unaccounted for at parade-field ceremonies Friday, Sept. 15.

All base workers are invited to the parade at 4:30 p.m. honoring former POWs. About 50 former POWs are expected to attend, according to Ernie France, project coordinator for the event. Guest of honor for the parade will be retired Col. Leroy Stutz.

Stutz will also be the keynote speaker at a reception prior to the parade in Bldg. 1956 at 3 p.m. A room dedication will take place at the reception in memory of POWs and MIAs.

Stutz, whose last assignment was as commander of the 3330th Technical Training Wing at Chanute Air Force Base, Ill., was shot down and captured by the North Vietnamese while piloting an RF-4C reconnaissance aircraft in December, 1966. He was a prisoner of war for over six years.

## FFA NEWS

### Increasing FFA membership

FFA membership is beginning to resemble the Energizer bunny...it just keeps growing and growing and growing. According to the National FFA the final membership for 1995 is 444,497 FFA members in 7,264 chapters. That's 16,388 more members than last year and moving in on the one-half million mark!

Bernie Staller, chief operating officer of the National FFA organization, attributes the increase to local agriculture teachers. Staller says, "Teachers are doing a great job of informing students about the benefits of FFA membership and recruiting them into the program."

Dr. Larry Case, national FFA advisor, is encouraged by the growth and feels it also reflects recent changes in the program. Case comments, "The growth indicates agricultural education is heading in the right direction

by broadening its curriculum beyond production agriculture. We're not only attracting more students, but it is a more diverse group than ever before."

FFA members at Iowa Park High School are offered a range of courses including horticulture, agricultural mechanics, diversified agriculture and animal science. Students are also active in leadership and judging contests as well as livestock shows which are local to national in scope.

Students may become involved in Iowa Park FFA as early as nine years old or in the third grade and remain active members until they are 21 years old. Parents and interested adults may also support the FFA by becoming active in the FFA Booster Club.

## 'Dogs edge Hawks by single point

Iowa Park head football coach Weldon Nelms knew what he was talking about when he said earlier in the week, "I'll hang my hat on the fact that this team won't get discouraged. It will take more than a set back or two to stop this team."

The Hawks proved their coach right as they battled from behind to take a 24-19 lead over Burkburnett in the season opener before finally falling 25-24 when the Bulldogs scored with 83 seconds remaining in the game.

Iowa Park looked like it would jump out on top after a botched snap on a Burk punt resulted in the Hawks taking possession at the Bulldog 19 with 7:43 left in the first quarter. But with Iowa Park facing a third-and-goal from the 3, quarterback Todd Yeager hurried his team to the line of scrimmage as the 25 second clock ran down and had his pass picked off by Tyrone Morgan who returned it 100 yards for what looked to be the game's first points, but a clipping penalty nullified the score.

Burk took over at their own 8-yard line and four plays later, Morgan scored from 25 yards out to put the Bulldogs on top 6-0.

Iowa Park took the ensuing kickoff and marched 67 yards in 13 plays capped by senior fullback Dusty Owen's 1-yard plunge to knot the score at 6-6 after the point after sailed wide left.

The Bulldogs went back on top 12-6 following an Iowa Park fumble at its own 15-yard line. Two plays later, Cortney Barnes put his team on the board with a 14-yard run but once again the point after attempt failed.

Burk added another touchdown with only six seconds remaining before the half when Adam Wuthrich connected with Jason Smoot on a 54-yard bomb to make the score 18-6. B.J. Roberts tacked on the point after which turned out to be the winning point as both teams combined for only one-of-eight in point-after attempts.

Unlike a lot of teams that would have been crushed by the late first half touchdown, the Hawks came out to start the second half and completely dominated the game both offensively and defensively.

The Hawks ran off 18 unanswered points to take a 24-19 lead and at one point in the second half, Iowa Park had a 12-1 advantage in first downs.

Owen added his second touchdown with 2:05 left in the third to pull Iowa Park to within 7 at 19-12. Then with 9:48 left in the game, Shane Bagley capped a nine play drive that covered 61 yards when he broke loose on a 20-yard TD run to bring the score to 19-18. But the try for two failed as Burk stuffed the run short of the goal line. Clancy

Lalumia helped the Hawks get the lead when he recovered a Burk fumble at the Bulldog 37. Two plays later, Bagley broke a tackle at the 25 and dashed the rest of the way for a 34-yard touchdown to give his team a 24-19 lead.

Burk's game winning drive started at midfield with the biggest play coming on a third-and-12 from the 47 when Wuthrich hooked up with Smoot on a 17 yard completion. Wuthrich completed 3-of-4 pass attempts in the drive that ended when Barnes dove over from the two with 1:23 remaining on the clock. The Hawks took over at their own 43 but an interception on the first play turned the ball back over. Iowa Park got one last chance with 53 seconds remaining but Yeager's pass intended for David Waterbury slipped through his hands as Iowa Park seemed to have caught the Bulldogs asleep. Iowa Park finished the night with 319 yards rushing with Owen gaining 139 on 19 tries.

## DDC course offered here

A defensive driving course will be offered to persons 50 years of age and older next week at the First Baptist Church.

The courses will be held from 8 a.m. until noon both Thursday and Friday, in Fellowship Hall.

The cost will be \$8, and is being offered through the AARP.

Upon completion, those attending will qualify for a 10-percent discount on auto insurance. Married couples taking the course together and owning more than one vehicle will save 10 percent on two cars.

Residents wishing to enroll should contact the First Baptist Church office, 592-2151, by Wednesday to confirm registration.

## Anastasia Munsch honored

Anastasia Munsch recently was honored with a pizza party for her first birthday. Hosts were her grandparents, Gay and DeWayne Williams and Holly and Boyd Munsch of Wichita Falls.

The party theme of clowns and baby cartoon characters was carried out in decorations and the birthday cake.

Approximately 25 guests enjoyed arcade games, performances by cartoon characters, and amusement park rides. The honoree is the daughter of Michael and Necia Munsch.

Special guests were the honoree's great-grandmother Lois Campbell of Lake Whitney and great-aunt, Wanda Pearce of Wichita Falls.

## GARDENING HINTS

By MARK TERNING, COUNTY AGENT - HORTICULTURE

The following Garden Checklist will help keep you on top of those September lawn and landscape activities.

### Planting:

\* Plant wildflower seed for Spring color.

\* Fall is an excellent time for tree planting. Cool temperatures and moisture will give your trees a great start. Wait until later in the month when weather is mild.

\* Plant food plots for wildlife.

\* Complete any warm-season turf plantings as soon as possible.

\* Overseed with rye during this month. Fescue can be sown during September also.

\* Plant mums this month for fall color.

### Fertilization:

\* Use a 3-1-2 or 4-1-2 ratio lawn food on warm-season lawns for the last time by mid-September.

\* Treat iron deficient plants with a chelated iron product for the last time.

### Pruning:

\* Prune damaged or dead tree limbs while they can still be identified.

\* Remove spent flowers on annuals and perennials to encourage more flowering.

### Pest Disease Weed Control:

\* Vinca groundcover which is browning out is due to a pinworm infestation. Treat with Bio-Worm or Dipel for control. These are biological controls.

\* Brown patch or take-all patch on warm-season lawns should be

treated with Rubigan or Bayleton during early September. Tissue samples can be sent to the Texas Plant Disease Diagnostic Lab for disease diagnosis. Check with your County Extension Agent for sample forms and instructions. Cost is \$15.

\* Apply pre-emergent herbicides to established lawns to prevent winter annual weeds. Use E.C. grow Pre-Plus, Balan, Portrait, Balan XL among many others. Local nurseries have good selections to choose from.

\* Fall webworm on pecan trees can be treated with a B.t. insecticide such as Bio-Worm.

## PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS SPECIAL ELECTION NOVEMBER 7, 1995

### PROPOSITION NO. 1 ON THE BALLOT

House Joint Resolution 50 proposes a constitutional amendment providing that the legislature by general law may authorize the Texas Higher Education Coordinating Board to issue general obligation bonds of the state in an amount not exceeding \$300 million to finance educational loans to students. The maximum interest rate to be borne by the bonds must be set by law. The legislature may provide for the investment of bond proceeds and may establish an interest and sinking fund to pay the bonds.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing for the issuance of \$300 million in general obligation bonds to finance education loans to students."

### PROPOSITION NO. 2 ON THE BALLOT

Senate Joint Resolution 34 proposes a constitutional amendment that would authorize the legislature to exempt from ad valorem taxation the property of an organization chartered by the Congress of the Republic of Texas if the property is used primarily for the charitable, benevolent, or public service activities of the organization as defined by general law. The Comptroller's Property Tax Division has identified the Grand Lodge of Texas, also known as the Masonic Lodges, as the primary organization which would qualify for this tax exemption.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the legislature to exempt from ad valorem taxation property of an organization chartered by the Congress of the Republic of Texas that is used primarily for the charitable, benevolent, or public service activities of the organization."

### PROPOSITION NO. 3 ON THE BALLOT

Senate Joint Resolution 51 proposes a constitutional amendment that provides that the farm and ranch finance program fund shall be administered by the Texas Agricultural Finance Authority and not by the Veterans' Land Board, as provided by current law. In addition, the proposed amendment provides that the proceeds of \$200 million of the \$500 million in bonds authorized by the Texas Constitution for the farm and ranch finance program fund may be diverted to the agricultural fund and the rural micro-enterprise development fund, also authorized by the Texas Constitution, to be used for agricultural and rural economic development programs.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment allowing the use of existing bond authority of the farm and ranch finance program to include financial assistance for the expansion, development, and diversification of production, processing, marketing, and export of Texas agricultural products."

### PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 46 proposes a constitutional amendment that would allow an encumbrance to be fixed on homestead property for an owelty of partition. In divorce and probate situations, a piece of property may be owned jointly by two

or more people, and each person owns an undivided interest in the property, as opposed to a specific portion of the property. If one owner wishes to purchase the other person's interest in the property and wishes to obtain a loan to finance the purchase, the lending institution requires all interests in the property to be used as security for the loan; this is called an owelty of partition. Senate Joint Resolution 46 would allow the lending institution to foreclose on the homestead property for an owelty of partition if the purchaser defaulted on the loan. In addition, the proposed amendment would allow the refinancing of a lien against a homestead. Finally, the proposed amendment would allow a purchaser or lender to rely on an affidavit that states that the property to be conveyed or encumbered is not the homestead of the affiant.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment permitting an encumbrance to be fixed on homestead property for an owelty of partition, including a debt of a spouse resulting from a division or award of a homestead in a divorce proceeding, and for the refinancing of a lien against a homestead, including a federal tax lien resulting from the tax debt of the owner."

### PROPOSITION NO. 5 ON THE BALLOT

House Joint Resolution 34 proposes a constitutional amendment which would increase by \$500 million the constitutional authorization of the Veterans' Land Board to issue and sell general obligation bonds of the state to provide housing financing to Texas veterans. The proceeds from the bonds authorized by this amendment shall be used to augment the Veterans' Housing Assistance Fund II to be administered and invested as provided by law. The bonds authorized by this amendment shall be incontestable after execution by the Veterans' Land Board, approval by the attorney general, and delivery to the purchaser.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to increase by \$500 million the amount of general obligation bonds that may be issued to augment the veterans' housing assistance fund II."

### PROPOSITION NO. 6 ON THE BALLOT

House Joint Resolution 64 proposes a constitutional amendment which would extend the tax exemption under article VIII, section 1-b(b) of the Texas Constitution for the residence homestead of a person age 65 or older to the surviving spouse of a person who received the exemption. The surviving spouse must be age 55 or older when the deceased spouse died, and the property must be the residence homestead of the surviving spouse when the deceased spouse died and remain the surviving spouse's residence homestead. A surviving spouse who already receives an exemption under this section of the Texas Constitution is not entitled to an additional exemption under the amendment.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment exempting from ad valorem taxation the residence homestead of the surviving spouse of an elderly person."

### PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 73 proposes a constitutional amendment that would reduce the amount of general obligation bonds authorized for the superconducting super collider fund from \$500 million to \$250 million.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment reducing the amount of general obligation bonds authorized for undertakings related to the superconducting super collider research facility from \$500 million to \$250 million."

### PROPOSITION NO. 8 ON THE BALLOT

House Joint Resolution 80 proposes a constitutional amendment abolishing the office of constable in Mills, Reagan, and Roberts counties. In Mills County, the office of constable is abolished, and the powers, duties, and records of the office are transferred to the sheriff. In Reagan and Roberts counties, the office of constable is abolished and the powers, duties, and records of the office are transferred to the sheriff only if a majority of voters in each of the respective counties favors the proposed amendment.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing for the abolition of the office of constable in Mills, Reagan, and Roberts counties."

### PROPOSITION NO. 9 ON THE BALLOT

Senate Joint Resolution 7 proposes a constitutional amendment that would allow investment of money from the Texas growth fund in a business without the business's disclosure of its investments in or with South Africa or Namibia. Currently, such investments are prohibited by article XVI, section 70(r) of the Texas Constitution, which would be repealed.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment allowing investment of money from the Texas growth fund in a business without the business's disclosure of its investments in or with South Africa or Namibia."

### PROPOSITION NO. 10 ON THE BALLOT

Senate Joint Resolution 1 proposes a constitutional amendment that would abolish the constitutional office of state treasurer effective September 1, 1996. The transfer of specific constitutional powers and duties to the comptroller of public accounts takes effect on that date. The statutory powers and duties and the property and other obligations of the state treasurer are transferred to officers and agencies of state government as the legislature provides by general law.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment abolishing the office of state treasurer."

### PROPOSITION NO. 11 ON THE BALLOT

House Joint Resolution 72 proposes a constitutional amendment requiring that land devoted to wildlife management be taxed on the basis of its productive capacity. The proposed amendment also adds a temporary provision to the Texas Constitution validating the changes to the law made by Chapter 560, Acts of the 72nd Legislature, Regular Session, 1991, which amended the Tax Code to allow land used for wildlife management to be appraised as agricultural land. The temporary provision also provides that a property owner is not authorized to claim a refund of taxes paid unless the tax payment was challenged before the effective date of the proposed amendment. The temporary provision expires on January 1, 1998.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to allow open-space land used for wildlife management to qualify for tax appraisal in the same manner as open-space agricultural land, subject to eligibility limitations provided by the legislature."

### PROPOSITION NO. 12 ON THE BALLOT

House Joint Resolution 31 proposes a constitutional amendment providing that the legislature may exempt from ad valorem taxation income-producing personal property and mineral interests that have a taxable value which is insufficient to recover the costs of administering the tax.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to exempt from ad valorem taxation personal property and mineral interests having a value insufficient to recover the administrative costs of collecting the taxes."

### PROPOSITION NO. 13 ON THE BALLOT

House Joint Resolution No. 35 proposes a constitutional amendment authorizing the governing body of a political subdivision to exempt from ad valorem taxation boats and other equipment used primarily in the commercial taking or production of fish, shrimp, shellfish, and other marine life.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the governing body of a political subdivision to exempt from ad valorem taxation boats and other equipment used primarily in the commercial taking or production of fish, shrimp, shellfish, and other marine life."

### PROPOSITION NO. 14 ON THE BALLOT

House Joint Resolution 68 proposes a constitutional amendment that allows the legislature to raise the current ad valorem tax exemption for disabled veterans and their surviving spouses and minor children. The tax exemptions would be raised based on a veteran's disability rating as follows:

Disability	Maximum Tax Exemption
10% - 30%	\$ 5,000
30% - 50%	\$ 7,500
50% - 70%	\$10,000
More than 70%	\$12,000
Age 65 and 10% or higher	\$12,000
Loss or loss of use of limb	\$12,000
Blindness or paraplegia	\$12,000

The spouse and children of any veteran who dies while on active duty may be granted an exemption of up to \$5,000. The amounts of the exemptions provided for in this proposed amendment may be repealed by the legislature by general law.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment relating to raising the limits of the exemption from ad valorem taxation of property owned by disabled veterans or by the surviving spouses or surviving minor children of disabled veterans."
