#### First rain in over two months

Sunday night's rain wasn't much, morning. but it sure beat what has fallen over the past two and a half months, according to one resident.

Virgil Woodfin reported that he has measured .31 of an inch Monday

It was the first measurable amount of precipitation since New Year's Day, when the city was blessed with .88 of an inch, according to Woodfin's reports.

#### Council facing short meeting

Unless additional topics are placed on the tentative agenda for Monday's meeting of the city council, released Wednesday, aldermen likely will be home early.

The meeting is to begin at 7 p.m. in council chambers.

Besides three resolutions, a

proclamation and acting on the minutes of three meetings, aldermen will again consider purchasing a piece of equipment for the water treatment plant, discuss a traffic sign survey conducted in the northwest part of the city, and appoint a judge for the May

## Community ready for Clean-Up Week

Iowa Park's annual Clean-Up Week begins Monday and will conclude the following Sunday.

The event is co-sponsored each year by the Chamber of Commerce and City of Iowa Park.

Organizations and individuals are encouraged to participate in the activity, by volunteering to pick up trash in public areas, such as roadsides and parks.

Those intending to participate are asked to contact the Chamber office to be assigned to designated

Trash bags are provided by Cryovac, and are available at the Chamber office.

Businesses and homeowners also are encouraged to participate, by doing a little extra to clean up their respective areas.

The city's convenience center will be open each week day between 8 a.m. and 6 p.m., as well as regular hours on weekends, during the period and residents of the city will be allowed to dump their trash, trimmings and rubbish without charge or

All the city government asks, during that period, is that those dumping do so at the direction of the center's attendant.

City-Wide Garage Sale A few years ago, the Chamber also began sponsoring a City-Wide Garage Sale, on the Saturday of

Chamber officials.

Those wishing to participate in the one-day-only sale can contact the Chamber office, and their address will be included free of charge in an

advertisement in that week's issue of the Iowa Park Leader.

Deadline for the free listing will be next Tuesday, according to Susan Dillard, Chamber secretary.

## Teachers' contracts approved by board

Teacher contracts for the 1996-97 school year were approved and a letter of resignation from Michael Bean, third grade teacher, was accepted Thursday night by trustees of the Iowa Park CISD.

The board also heard a request from a parent for better insurance coverage for athletes, a report on the elevator for the high school, a request for air conditioning in three cafeterias, and approved the 1996-97 school calendar.

At the beginning of the meeting, a resolution was passed recognizing Bob and Dolores Hamilton, co-publishers of the lowa Park Leader, for their support of Iowa Park CISD. It was recommended that their names be placed on the Media Honor Roll for Texas Public Schools.

Perry Green appeared before the board with a request for the school district to consider providing an insurance policy that would cover all costs of student athletic injuries.

Green said that medical costs for treating his son's broken leg were considerably more than the schoolprovided insurance policy paid. He said this creates a hardship for families who can't afford to carry additional insurance.

Insurance agent Carmen Lozipone explained that a better policy could be provided, but would be cost prohibitive. He said the current policy costs the school system \$15,000 a year and is as good a policy as any offered. A major medical policy would cost \$60,000 to \$75,000 a year, and would mean a four to five hundred percent increase in the insurance

According to Assistant Superintendent Robert Palmer, Lamar Life is the best company for student insurance the school has worked with in 10

On a premium of \$15,660 for the 1994-95 school year, the company has paid \$25,998.82 with some claims still open. So far this year, on the same premium amount, the company has paid \$7,014.97 in claims.

The trustees told Mr. Green that they would take his request under

In a previous meeting, architect Don Daugherity had reported that installation of an elevator at the high school was cost prohibitive and unfeasible for the building structure. Board members decided to consider a chair lift as a possible alternative.

It was then determined that a chair lift couldn't be installed at the local campus because the stairwell is not wide enought to meet A.D.A. guidelines.

Daugherity suggested that the money budgeted for the elevator be used to build extra classrooms and move the present classrooms from the basement.

During his report, Superintendent Glen Mitchell gave the amount of bids to air condition the kitchen areas at the high school, Bradford and Kidwell Elementary. Scott Boren Air Conditioning's bid was \$13,550, and Iowa Park Air Conditioning was \$15,791.50.

Trustees asked that the item be placed on the agenda for the next meeting and they would take action on it then.

The school calendar for the 1996-97 year was approved with school opening on Aug. 19 and ending May 29. Students will get out for the Christmas holidays on Dec. 19, and resume classes on Jan. 6.

Supt. Mitchell also said that bids for the buildings and property at Valley View would be opened on April 2.

In other business, trustees took no action on a request from Jerry Gilbert for a Quit Claim Deed on two acres of land where the Wyeth School was abandoned; accepted the low bid of \$39,496 from Boley Featherston Insurance Company for property and liability insurance coverage for one year; and cast ballots for the Region IX Education Service Center Board of Directors election.

Also the board authorized the Texas Association of School Boards to conduct an employee pay study, which will cost around \$4,000.

#### 4 city election. is freshly cleaned, according to Rentschlers share interests, hobbies

By MYRNA SMITH

John and Joyce Rentschler share a number of interests and hobbies, culminating in many pleasant hours during the 46 years they have spent together.

John is an import from Frankfort, Indiana, but has all the qualifications to fit the Texas mode, and Joyce is a Texan, coming from Archer City.

The couple met while John was an instructor at SAFB aircraft engines school and Joyce was working at First State Bank in Archer City.

John enlisted in the Air Force in 1948 and took basic training at Lackland AFB in San Antonio. He went to airplane and engines mechanics school at Kessler Field in Biloxi, Miss., and was transferred from there with the first groups to come into Sheppard when it reopened in 1949.

Their lovely home is punctuated with finished products of their crafts and artistry, or evidence of their collecting interests. And, the two organs and grand piano are indicative there is also a musician in the home.

The Rentschlers moved to Iowa

Park soon after their marriage in 1950. When John was discharged from SAFB in 1952, he went into business for himself, operating J R Well Service which he owned and operated 40 years. He retired four

Rentschler says he saw a lot of changes during the 40 years he was in the well servicing business. One of the biggest changes he said was in shooting wells. When he started the business, nitroglycerine was used. Before he retired wells were shot with acid or sand thrack.

"The oil field has always had its ups and downs," Rentschler said, "and now the cost of producing oil is prohibitive, we can't compete with the price of foreign oil".

Mrs. Rentschler is an artist, preferring to work on canvas with oils. Many of her paintings add interest to the walls of their home.

In 1956 they built their brick home at 523 W. Texas, the first one west of Pacific Street. Cattle grazed the land immediately north and west

Aldine to select the lot where we wanted to build."

Since his retirement, John has more time to spend with his hobby of woodworking when he isn't busy looking after his oil interests.

In the family room her paintings and her husband's beautifully turned wooden objects, a sleigh with waxed runners that can be pulled in the snow, other pieces displaying intricate scroll work, and the joint selections of their collection of Charles Dickens Village porcelain pieces made by Department 56 are all interesting eyecatchers.

We especially enjoy collecting these pieces because they remind us of our trip to England and the Portobello Road Shops we visited in London", Joyce said. These shops represent the shops of world famous antique shops.

Among the pieces...some limited editions and some now retired pieces....are lighted replicas from the story, "A Christmas Carol", including the houses of Ebenezer Scrooge, M. Fezziwig Warehouse, Scrooge and Marley Counting House, Nephew Fred's Flat, and characters from the

From the story of "Oliver Twist" are the Maylie Cottage, Brownlow

House, Fagin's Hide-A-Way, and characters from the story.

The newest addition in the family room is a just completed very professional looking piece of furniture.... a curio cabinet that John built for his wife. She put the finishing touches to the piece with her skillful hand and paint brush.

The cabinet is in addition to John being in the process of completely remodeling a bathroom from the floor

Joyce commented, "John is a perfectionist with everything he makes."

He replied, "What I do is nothing until she finishes it." He cuts out and completes putting

together the wooden pieces and Joyce finishes them, giving them character. They have made many pieces

they use for decorative accents at the different seasons and holidays during the year. Adorable bunnies are in use now to depict the coming Easter season.

John is somewhat a collector of antiques. But, primarily he is interested only in those that have sentimental value. He has several pieces that have been handed down from Continued on page 7

## City's ballot is full; trustees uncontested

Based on candidates filing for the two local May 4 elections, city council and school board, everyone wants to govern the city but no one is interested in overseeing the school.

With less than three hours remaining before the deadline Wednesday for candidates to file, three candidates were registered for each of the three city positions, but only the two incumbent trustees had

All three candidates for the position of mayor filed within the first hour they were being accepted.

Wayne House has chosen not to seek re-election. Candidates for that position are Bud Mercer, George Witherspoon and Tim Hunter.

Mercer has served several terms as a city alderman. Hunter previously held posts of alderman and mayor. Witherspoon has never served in an elected capacity.

In order to run for mayor, Mercer will not seek re-election to Place Two alderman. The three candidates for that post include Terry Johnson, David Lee Ohm Sr., and Joe Ward.

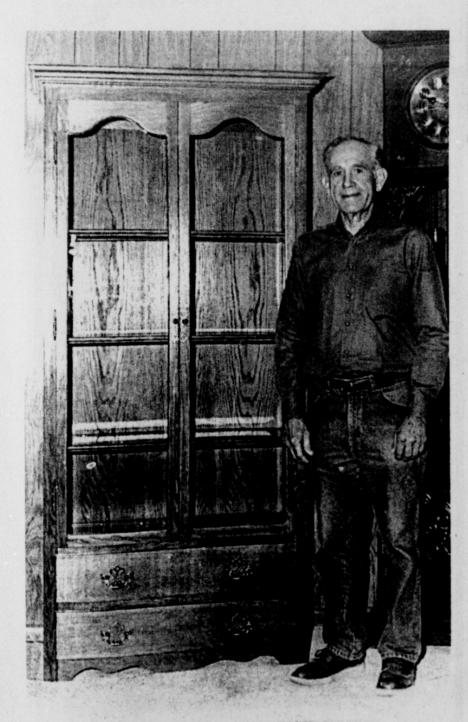

Place Four aldermen, which is being vacated by Johnny Crawford, has also drawn a trio of candidates, including Tim Rich, Joe Singer and Ida Zimmerer.

Singer filed last Thursday and Zimmerer Friday.

According to a ruling issued recently to the City of Wichita Falls, the Iowa Park school district likely will not have to hold an election, however, no local authorities have discussed that issue.

Incumbents Keith Fisher and Randy Catlin are the only candidates who have filed.

The City of Wichita Falls recently reported it had received a ruling from the state's attorney general, that in the case of no contested places on a ballot, no election is necessary and the candidates are automatically

## Sims, Bagley wed in Santa Fe

Chasity Renee Sims became the bride of Jeffrey Scott Bagley in nuptial rites performed Feb. 29 in Loretto Chapel at Santa Fe, N.M.

The bride is the daughter of James and Carol Sims of Iowa Park and Bagley is a son of Greg and Karen Bagley, Horseshoe Bend.

Rev. Richard Elsner was officiating minister.

Loretta Chapel is famed for its winding staircase and beautifully decorated chapel, that needed no additional decorating. Lighted candles at the top of the altar provided illumi-

nation for the double ring ceremony. A taped recording, by Doug Stone, "Made to Love You" was played during the ceremony.

The bride was given in marriage by her father. She wore a gown of white satin and lace styled with fitted bodice and full gathered skirt, with pearl and sequin trim. The bodice with stand-up collar was encrusted with lace. Lace was repeated on the long sleeves.

She wore a floral headpiece, pearl drop earrings and a strand of pearls. Her bouquet was fashioned of white roses and babys breath.

Kimberly Sims of El Paso served as honor attendant for her sister. Her lace trimmed gown was designed with hi-low skirt and fitted bodice that featured a diamond shaped opening in the back. She wore a corsage of white roses.

The groom's father served as best man.

The bride attended Iowa Park

#### Cholesterol and Your Health

- High cholesterol can cause hardening of the arteries, high blood pressure, chest pain and heart attack. If you have high cholesterol, reduce your cholesterol intake.
- ◆ Animal fats egg yolks, fatty or organ meats, shrimp, cheese and other whole-milk dairy products — contain cholesterol.
- ◆ Saturated fats increase cholesterol levels hydrogenated fats, coconut and palm-kernel oils, many snack foods.
- Monosaturated fats affect cholesterol to a lesser extent olive and peanut oils, nuts, peanut butter, avocados, most commercial salad dressings, many cereals.
- Polyunsaturated fats actually can lower cholesterol levels — corn, cottonseed, safflower, sesame, soybean, and sunflower oils, walnuts and walnut oil.
- Read labels and keep daily intake of cholesterol below 300 mg (one large egg yolk contains 215 mg). Calories from fat shouldn't exceed 30% of total caloric intake.
- Add exercise to your low cholesterol diet.
- If your doctor wants you to take a cholesterol-lowering drug, try it even if you feel fine - don't give cholesterol a chance to damage your arteries and your heart.

Hey, folks! Texas can no longer be called a "yellar dawg" state.

The term, of course, refers to dedicated Democrats who always, always voted the straight ticket, and no one would admit belonging to the Republican party.

Figures from last week's party primaries clearly show what I mean.

Statewide, 1,018,689 Republicans cast ballots in their primary, while 1,036,944 Democrats voted, according to figures provided by the two party headquarters in Texas.

We've been hearing more and more that Texas is now a two-party state, when it comes to politics. I frankly wasn't too sure about it, until those figures were made public.

Here in Wichita County, there were 6,624 votes cast by Democrats and 6,697 Republicans.

True, voter turnout in the primaries was low, when compared with the total number of registered voters. But I suspect it will likely reflect the party lines of the general public.

This two-party thing is pretty recent in developing, and the figures bear that out.

In Jimmy Carter's 1980 primary, there were 1,377,769 Democrats who

voted in Texas, and only 526,769 Republicans.

Statewide, Republicans participating in primaries increased from 557,340 in 1994 to over a million last week. That's significant, to my way of calculating.

My publisher friend in Perryton, Jim Hudson, is a devoted Republican. He proudly announced in an article last year that there was not a Democrat running for a single elective post in all of Ochiltree County.

I can remember, in the mid-1950's, that the first Republicans in

the history of Deaf Smith County had filed as candidates for county posts. Two of them. And as I recall, they were from the same family.

Since then, Deaf Smith, like Ochiltree, has become a stronghold for Republicans.

The point of all this isn't to boost the Republican party, just because I finally came around a dozen years

I just feel it is a significant part of the political history of Texas and its citizens.

Sheila Gholson

Sheila (Mrs. Jackie) Gholson, a graduate of Iowa Park High School and Midwestern State University, has been teaching eighth grade American history at the local junior high school since 1990.

Sheila earned a degree in Criminal Justice at MSU and began working for Child Protective Services in Wichita Falls. When her first child was born, she stopped working full time, but continued to fill in for other workers occassionally.

She returned to MSU to get her teacher's certification, and has been teaching ever since.

Sheila said she loves her job and working with this age group. A favorite project of hers is a trip, every other year, in which she takes a group of junior high students to Washington, D.C.

Her husband Jackie, also an IPHS graduate and outstanding athlete, received a football scholarship at the University of Oklahoma. After his freshman year at OU, Jackie transferred to Tarleton State University at Stephenville where he received his degree. He has been employed 20 years by Estes, Inc.

The Gholson's have two children. Their daughter Jamie, almost 16 years old, is a sophomore at IPHS where she is a member of the student council and plays saxaphone in the Hawk band. She likes to work with show animals and is active in 4-H and

together with their cutting horses, and Sheila said his greatest love is participating in cutting horse contests.

Sheila said that her hobbies are mostly doing things with her family. Currently, she and Heath are building a 3-D puzzle of the White House to display at the junior high history fair. The family are members of Faith Baptist Church.

Most of Sheila's recipes are "hand downs" she has gotten at family gatherings. All of the recipes this week are good to prepare for a fish

The "Hush Puppies" were a favorite of her father, the late Hoyt Watson, and "Brownies" is a recipe she got from her mother.

#### NEWS OF THE Iowa Park GENEALOGICAL & HISTORICAL SOCIETY

## 

At the March meeting of the Iowa Park Genealogical and Historical Society, President Fillmore Spangler suggested a project to be considered by society members. There are a number of old cemeteries, neglected and undocumented, in our area that are of significant historical importance.

The undertaking of this project would be an on-going coordinated effort with others in the county. The goal would be finding and documenting as many burial sites as possible, and the records made available for genealogists and historians.

Many details found in cemeteries are helpful to the family researcher. After determining where an ancestor lived and was buried, that is often the first place to look for information.

Tombstones tell part of the story. Grave markers were used mainly by the upper class but in the 16th century the middle classes started using tombstones because tombs, murals, and other monuments were too expensive.

Some tombstones in New England date back to the 17th century, and different motifs were used. Three common ones you might discover are the skull-faced death's head (17th to early 18th century), the cherubicfaced winged angel (mid-18th century), and the urn-and-willow (late 18th to early 19th century).

The material used for tombstones has changed through the years. Marble or limestone have been replaced by slate and sandstone. The ancient craft of carving stones has changed to mechanical methods and is a way of determining dates.

Many different clues to our ancestors can be found on their tombstones. Dates of death, age at time of death, and sometimes where they were born.

It was common for a family to have a large central marker surrounded by individual markers for each family member. Remember, someone had to purchase the grave site and it could be your relative.

Many of the grave sites in our area had wooden markers, some only

#### Spring Break

We have had a tremendous time with Spring Break activities this week at the RAC! Approximately 50 students per day have been enjoying lots of fun, crafts, and games at the RAC and at the Optimist Club gym.

We would like to extend our special thanks to the Optimist Club of Iowa Park for allowing us to use their facilities each morning. Thanks also to Kari Collins for donations for our projects. Extreme gratitude is offered to our many volunteers listed below. We could not have made it without you! Terry and Beckie Wirmel, Kim Wells, Christy Levell, Kathy Smith, Diana Hambright, Gynnalynn Ezzell, Jennifer Standridge, Angela Burgher, and Jessica Cockrum. Also Sharon Edland, Vanessa Hoover, Travis and Tia Fulfur, and Rachel Higginbotham.

#### Garage Sale

The RAC plans to participate in the city-wide garage sale event coming up on March 30. If you would like to donate items for us to use in the garage sale, please contact our office at 592-4471 to arrange for delivery or

#### Watch For...

The Iowa Park RAC will be featured on the TV 3 noon news next Monday (March 25). If you would like to know more about what we are and what we do, or would like to take a chance on seeing your kids on footage, then be sure to tune for Focus with Heidi Collins.

his parents and grandparents.

He has a square table with spindle legs and claw and ball feet that was known as a "center table" and usually had its place in the center of the "sitting room"

He also has two chairs, in good condition, that were with a dinette suit his parents had when John was growing up. He commented, "It's pretty amazing they lasted with four boys in the house." John has a sister, Morgan, pastor of Colonial Baptist but she came into the family after he was married. In fact, she is only two weeks older than the Rentschlers' oldest daughter.

He also acquired some pieces of early Fostoria crystal, circa 1885, from his Grandmother Rentschler and some pressed glass pieces from his maternal Grandmother Stuart.

But one antique they both love that has no sentimental value for either of them, stands out in pristine beauty in its special niche in the family room...a pump organ of 1883

The Rentschlers walked into an antique store in Decatur and this organ was the first thing they saw. Mrs. Rentschler, being a musician, was naturally attracted to it.

It still has the booklet on how to play the organ and a pamphlet with instructions on how to care for it. The original carpet is on the pedals and the bellows are in good condition.

Joyce also has an interest in other hobbies and all kinds of crafts, especially crochet.

She quit working away from home after their marriage, except to keep books for her husband's business. "She quit working for the public to raise kids and teach music," John said. He added, "And now she keeps a list of things for me to do."

John and Joyce have a mutual interest in travel. They have made two trips to Israel, have traveled England and toured Europe. They are especially proud of a carved wood nativity set they bought in Israel.

Each summer the Rentschlers go with the Builders for Christ with Faith Baptist Church and First Baptist Church. They have helped build church buldings in Steamboat, Parachute, South Fork and Monte Vista, Colo., and Porum, Okla. They plan to go with the group this spring to Jas-

She taught private piano lessons several years, was pianist for Faith Baptist Church 30 years and served as staff organist for Buddy Tanner and Tanner Aulds Funeral Home several years.

They have two daughters, Dr. Carol Lowe, who teaches English at McLennan College in Waco. She is married to Phillip Lowe, professor of music and band director at Hill College in Hillsboro.

Cindy is married to Dr. David Church in Dallas. She teaches third grade in Mesquite.

Both daughters are musicians, however they did not take music lessons from their mother. The late Eunice Sewell was their teacher. John offered, "She sure saw to it that they practiced though."

Both daughters graduated Iowa Park schools and Hardin Simmons University.

The Rentschlers have two grandchildren and both are musically inclined. Their grandson, John David Lowe, is a junior at Hardin Simmons University in Abilene. He is a member of the Hardin Simmons Cowboy Band, plays piano and flute and is a vocalist. Their granddaughter, Mary Morgan, is a seventh grade student.

John says both of them keep things planned he can do for them. He recently built David a cabinet to keep his CDs safely locked up.

Rentschlers are members of Faith Baptist Church where John is a deacon and for many years taught a Sunday school class. He has served on every committee at some time. He is a member of the Rotary Club and serves as treasurer. He was honored by Rotary last fall when he was named a Paul Harris Fellow.

Joyce is a member of Twenty Three Study Club and has served as president and held other offices. She also served as president of the Music Club, which was very active many years in Iowa Park, but is currently

#### **Dear Fellow Citizens:**

I would like to take this opportunity to thank all the people who supported me during my recent bid for the Constable position in Precinct 3. I was completely overwhelmed at the support shown to me throughout the entire process, and I regret that I was unable to live up to the expectations of my supporters. A special thanks to all those who allowed me to put signs in their yards and to those who just gave words of encouragement. I would also like to congratulate my opponent, Sam Fairchild, on his successful campaign.

Although the outcome of this experience was not what I would have wanted, I enjoyed it temendously. Iowa Park and the surrounding area is my home, and I look forward to serving its citizens in other ways in the future. Thanks again for everyone's support.

Sincerely, **Billy McNeely**

## Hawks back on winning streak

When Iowa Park took the field against Burkburnett Thursday night in the opening game of the Boomtown Classic, the Hawks were looking not only to put an end to a two-game losing streak against the Bulldogs, they were expecting to win the tour-

And that's just what they did, knocking off District 3-3A rival Graham in the title game Saturday night by the score of 12-11.

In the opener against Burk, Iowa Park fell behind 3-1 after two innings and trailed 5-4 after 6 1/2 innings, before rallying back to win 6-5 in the bottom of the seventh.

Robert Klinkerman led off the Hawks' half of the seventh with a walk. Jonathan Clubb came on as a pinch runner and stole second on an attempted pickoff throw as he just slid in under the tag to get into scoring position. Clint Norris singled back up the middle to score Clubb with the tying run. Dusty Owen was hit by a pitch and went to second when Norris was caught in a run down. The next batter, Waylon Stewart, hit a shot at the third baseman who threw wildly to first allowing Owen to score the game winner from second.

Norris picked up the win to move his record to 4-1 for the season with some help from David Waterbury, who went 1x2 and scored 3 runs,

In game two against Ft. Worth Castlebury, Iowa Park came out on top 6-4 as Clubb picked up his second win of the season with no losses. The Hawks scored in every inning except in the fifth with Corky Petty leading the way at the plate going 2x3 with a run scored and an RBI. Waterbury finished 2x4 with a run scored while Clubb went 2x3 with a run scored to help his own cause

Saturday morning's game against Marlow was over in a hurry as Iowa Park won easily 12-0 in a five-inning game, Dusty Crawford earned the win on a three-hitter in which he gave up to the first three hitters before settling down.

Crawford finished the game allowing only one walk, but the story in this game was the Hawks' offensive

Iowa Park put a nine spot on the board in the fifth inning as all nine starters came in to score, four of them on a grand slam home run by Petty that just hooked around the left field

Petty finished 1x3 with a pair of runs scored and 4 RBI's while Norris went 2x3 with 2 runs scored. Waterbury added a 2x3 performance at the plate scoring once and driving in a

The win moved Iowa Park into

the championship game against Graham Saturday night in what might turn out to be a battle for the District 3-3A title later this year.

The Steers scored four runs in the top of the first and added single runs in the second and third, all on Iowa Park miscues as all of the runs were uncarned.

The Hawks answered with two in the first, one in the second and five in the bottom of the third to grab a 8-6 lead. Graham added two more in the top of the fourth to tie the game before Iowa Park added four big runs in the bottom of the fourth to take the lead for good. The Steers pulled to within one, scoring two in the fifth and one in the top of the seventh before Crawford came on to shut the door. Petty won for the fourth time without a loss while Crawford earned his first save of the year.

Owen and Chad Wright both finished 2x3 with a pair of RBI's to lead the team while Lalumia went 2x4 with 3 runs scored and Petty finished 2x4 with a run scored and 2

#### **Tourney winners** are announced

Winning teams of the first annual Saint Patrick's Day Golf Tournament held Saturday at LaVista Golf Course were announced by Bob Smith, event chairman.

The first-place team consisted of Robert, George and Steve Morath and Pattie Sosebee.

Second place went to Mike Bridgeport Bullitt, Phil Caron, David Whitaker and Douglas Selsor.

> Taking third were Robert Palmer, Ron Woods, Carmen Lozipone and

> Cash prizes were \$100 for first place, \$50 for second and \$25 for third, per person.

will be different and the games should be lower scoring. I was pleased with how we came back after falling behindearly. We played pretty shaky on defense and I thought the kids were a little tight out there, but we fought back and played better as the game wore on. We know we can't afford those kind of mistakes. We make a living on our pitching and our good defense and we didn't play well defensively to start."

"I thought we played real well,"

said head coach David Fuhrman, "We

started hitting the ball a lot better than

we were before the tournament. Those

beat anybody.

The Hawks moved their record to 13-3 and a perfect 5-0 for the week by blanking Wichita Falls High School 10-0 in a five-inning run-rule game here Tuesday afternoon

This one was over early as Iowa Park scored nine times in the bottom of the first as Norris cruised to his fifth win of the season. Owen smashed his second homer of the season and finished 2x3 with 2 runs scored and 2 RBI's. Petty finished 2x3 with a run scored and and RBI and had a triple. Waterbury added a 2x3 performance with a run scored and 3 RBI's while Lalumia finished 1x2 with 2 runs scored and an RBI with a triple.

"Record-wise, we're way ahead of where I thought we'd be," Fuhrman

#### **LEGAL NOTICE**

NOTICE AFFORDING OPPORTUNITY FOR PUBLIC HEARING CORRIDOR (LOCATION) AND DESIGN (COMBINED HEARING)

The Texas Department of Transportation, in cooperation with Archer County and the City of Holliday, is planning the construction of FM 440 (Ford Rd.) in Archer County. The total length of the proposed construction project is 3.3 miles, beginning at US 82, at East Avenue in Holliday and ending at FM 1954.

The proposed construction project will consist of grading, structures, base, and surfacing.

Additional right of way will be required. There will be no relocations and no displacement of people or businesses as a result of these improvements.

Maps and other drawings showing the proposed location and geometric design, environmental studies and any other information about the proposed project are on file and available for inspection and copying at the office of the Acting Area Engineer, Mr. Weldon Moser, P.E., located at 1601 Southwest Parkway, Wichita Falls, Texas. Also, drawings showing the geometric design have been placed on file with Archer County.

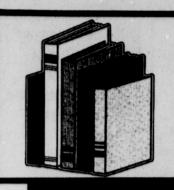

Information about the tentative schedules for construction

can be obtained at the Area Engineer's office. Any interested citizen may request that a public hearing be held covering the social, economic and environmental effects of the proposed location and design for this project by delivering a written request to the Area Engineer's office on or before Monday, April 8, 1996.

In the event such a request is received, a public hearing will be scheduled and adequate notice will be published about the date and location of the hearing.

## Bradberry to participate

week in Chicago.

The daughter of Mr. and Mrs. Jimmy Bradberry was invited to participate by Richard C. Crain, who served as the conductor of this year's Texas Small School Bands All-Region Band concert in January.

Penny, her sister Cherrie and their mother were to fly Wednesday to Chicago.

The concert will be performed Saturday, following rehearsals which are to begin today.

Because of Crain's invitation, and the fact that she is a member of the ATSSB All-State Band, she will not be required to audition to participate with the 1996 Honor Band of America.

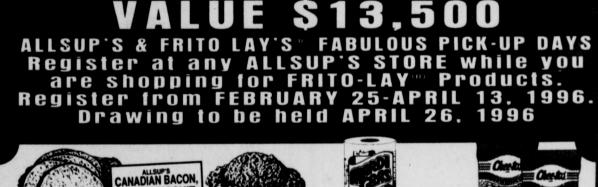

Anthony Maiello of George Mason University will conduct the concert. Master classes for all students will be conducted by professional musicians in the Chicago area, according to Crain, who is festival director.
