Vol. 28 No. 43

IOWA PARK, WICHITA COUNTY, TEXAS 76367

Thursday, July 3, 1997

HISTORICAL MARKER DEDICATED - Mayor Tim Hunter is shown unveiling an historical marker which preserves the history of Wichita County's first refinery and the Texas-Oklahoma Fair. It is located at the intersection of West Park

and Colorado. The ceremony was held Sunday afternoon. At left is Joreen Ludeke, Wichita County Historical Commission chairman, and on the right is Lita Watson, dedicated historian of Iowa Park.

Pool, lake expect July 4th crowds

Without a doubt, the two most popular places to be tomorrow while celebrating the July 4th holiday will be the Bicentennial Swimming Pool and Lake Iowa Park.

Both places not only offer special activities, but they'll afford a cool respite from the temperature, which is forecast near 100 degrees.

Special drawings for outstanding prizes will be made at the pool, while it is open from 12-noon until 6 p.m.

The biggest prize will be for a 31-inch color television. Names in that pot will be those who have purchased family memberships.

Those with individual memberships will be eligible for the drawing of a 19-inch color television set.

Other prizes will be determined during the day, using names of other member subscribers, as well as those attending on general admission.

And if you want to set off any type of fireworks, Lake Iowa Park is

the place to do it.

Special action by the city council designated the lake area as the only place inside the city limits where fireworks can be ignited, without violating city ordinance.

Those who set off fireworks are encouraged to pick up debris remaining from their display, and put it in any of the extra trash dumpsters which have been placed in the area.

Police are concerned over a number of reports that fireworks have been set off in residential areas of the city, which is a violation of city ordinance.

Additionally, police will be available to issue citations to anyone who has alcoholic beverages at Lake Iowa Park, or any other park inside the city. That also is prohibited by city ordinance.

Incidentally, two signs which were posted at the entrance of Lake Iowa Park, warning against having alcoholic beverages, were reportedly stolen last week.

Trustees approve salary increases

A state-mandated minimum salary schedule for classroom teachers and full-time librarians was approved by the board of trustees during a called meeting Tuesday of last week.

The salary schedule is subject to voter approval of a constitutional amendment required by H.J.R. 4 on Aug. 9, which, if approved by voters would increase the homestead exemption from \$5,000 to \$15,000.

Teachers are placed on the new salary schedule according to their cumulative years of experience as of Sept. 1, 1997. Salaries range from \$21,050 for beginning teachers to

\$37,460 for those with 20-plus years of teaching experience. The average increase in the Iowa Park school district is \$1,135.25.

Also approved were 1997-98 salaries for Food Service personnel. With the minimum wage changing to \$5.15 on Sept. 1, all food service personnel will get at least a 10-cent per hour increase, but not more than 18-cents.

Following a brief closed session, trustees approved the hiring of three teachers and an interpreter.

Deloris Beard was hired as high school and junior high choir director. She will fill vacancies left by the resignations of Debi Walters and Donna Brinlee.

Beard, who has taught the last three years at Vernon, also has teaching experience in international and Department of Defense Dependents Schools.

Leigh Segler, who will teach high school math, is a graduate of Midwestern State University. She taught last year at the Hirschi Math-Science Magnet School in Wichita Falls.

Another MSU graduate, Lori L. Edmonson, was hired to teach journalism at the high school. Her experience includes teaching classes in English Rhetoric and Composition, tutor for the Foreign Language Department, and computer lab assistant, all at MSU.

Jeanette Box was hired to work at the junior high school as an interpreter for deaf/hearing impaired.

A graduate of Rider High School in Wichita Falls, Box attended MSU two years, and received a diploma in business from Draughon's Business College. She owns a business, At Your Service, which provides services for people with special needs or disabilities, and is an interpreter for deaf and hearing impaired clients.

The only other action taken by the board was to approve a Local District Update to be placed in the district's Policy Manual.

Although a regular meeting of the board is not normally scheduled in July, there is the possibility of a meeting being called to consider the district's depository contract.

Police report numerous arrests

Based on all the activity Iowa Park police had during the past week, they likely are not looking forward to

the long July 4th weekend.

Since Tuesday of last week, local officers have taken 11 persons into custody, for everything from possession of alcohol in a city park to assault.

And in between all those arrests they were checking out numerous reports of fireworks being set off in the city, which is against an existing ordinance, and the theft of posted signs informing visitors to Lake Iowa Park that possession of alcoholic beverages in city parks also violates a city ordinance.

One of those arrested during the week was a 16-year-old male who had been handled each of the previous two weeks.

Police were called at 7:65 p.m. Friday to a disturbance in the 500 block of Rebecca, and arrested the youth for having assaulted his father. The boy was transported two hours later to the county juvenile detention center.

Last Wednesday afternoon, officers were notified of a situation in which a female was reportedly chasing a male in the street near Fourth and Van Horn.

Police found the couple at a residence in the 900 block of Van Horn, and, based on their actions, asked and received permission to search the house.

Cody Lynn Longley, 18, was later arrested on a charge of possession of marijuana, less than an ounce. He was later transported to the county jail, according to the blotter entry.

When an officer stopped Ronnie Dean Henderson, 22, Sunday evening in the 200 block of West Highway, it was determined his drivers license had been suspended. He was arrested and transported to jail.

Monday morning, officers were called to a residence in the 900 block of South Wall, where a domestic disturbance was reported.

They arrested Andrea Michelle Kaufhold, 20, after determining that she was wanted on an outstanding warrant issued by the Wichita County sheriff's office, for theft by check over \$20.

She was transported to the jail under a \$1,000 bond.

A 34-year-old woman, Melynda

Diane Groves, was arrested Tuesday afternoon a Lake Iowa Park on a charge of possession of an alcoholic beverage. She was issued a citation and released, according to the police blotter.

Another woman was arrested Tuesday afternoon, but this one was for shoplifting at Food Depot.

Karla Kae Hand, 38, was charged with theft under \$50, and later was released after paying a fine of \$83.50.

All the other arrests during the week were on outstanding warrants.

David Ray Meissner, 28, was stopped last week in the 500 block of South Wall, and it was determined two warrants against him had been issued by the Department of Public Safety, for no inspection sticker and failure to appear in court.

Meissner was turned over to a DPS trooper to be transported to the county jail.

James A. Allard, 41, was arrested Thursday after it was determined a local warrant had been issued for having driven at a speed 10 miles per hour over the limit. He was released after paying a \$129 fine.

Officers were called Saturday evening to a domestic disturbance in the 400 block of East Aldine, where they arrested Larry Daniel Thompson, 28, after determining he had three outstanding DPS warrants against him. He was taken before a justice of the peace where he paid his fines and was released.

Bryon Wayne McMahan, 27, was stopped by an officer at 11:01 p.m. Sunday in the 200 block of West Highway, and a computer check found the sheriff's office has issued a warrant for his arrest.

The warrant was for driving with an invalid license, with a bond of \$922, and DWI, a \$1,000 bond. He was later transported to the county jail.

Monday afternoon, Kathy Louanna Adams, 31, was stopped at US 287 and Johnson Road, and a computer check determined two locally-issued warrants had been issued against her.

The warrants were for driving without a license and failure to furnish financial responsibility, with bond totaling \$454.20.

She was released an hour later after signing a promise to appear in municipal court July 8, according to the blotter entry.

Two other cases reported to police during the past week are still under investigation.

A woman told police that earlier this month someone had stolen a \$103 money order from her purse sometime earlier in the month. She had called to stop payment, but learned it

Cole, Reed exchange vows in double-ring ceremony

Miss Sara Amanda Cole and Robert Bay Reed exchanged nuptials Saturday evening in a double ring ceremony at First Baptist Church in Henrietta. Harvey McMurry, pastor of City View Baptist Church in Wichita Falls directed the recitation of vows.

The bride is the daughter of Mrs. Doyle Jones of Wichita Falls and the late Jack Jones. Reed is the son of Mr. and Mrs. Michael Sanderson of Henrietta.

The altar was elegantly decorated using candelabras and magnolia, dogwood and stephanotis sprays. Gold ribbon and tulle bows accented the pews.

Presented in marriage by her brother, Cody Cole, the bride wore a gown featuring a white silk bodice with a scoop neckline, and sequin and pearl appliques near the waist. Silk roses accented the drop waistline in the back which flowed into a full skirt of taffeta with several layers of

tulle overlay, and a chapel-length train.

She completed her attire with a fingertip veil with white seed pearl accents, secured by a headband encrusted with sequins and pearls.

She carried a knee-length cascading bridal bouquet formed of magnolias, white roses and stephanotis. In her bouquet, she carried a single red rose from her late father's rose bush.

Attending the bride were Catherine Parker of Iowa Park as maid of honor; and J-Mc Higgins and Kerri McKnight, both of Iowa Park and Jennifer Murphy of Wichita Falls, bridesmaids.

They were attired identically in sleeveless floor-length gowns. The white bodice was accented with white silk cross-hatch pattern, and the empire waistline flowed to a black floor-length straight skirt.

Taylor Lennard of Wichita Falls was flower girl. She wore a white

dress with a satin bodice and tulle skirt.

The groom was attended by his brother, Jerry Reed of Nocona, as best man. Groomsmen were Shad McGaha of Wichita Falls and Scott Graham and Rowdy Seward, both of Henrietta.

Cale Lennard of Wichita Falls was ringbearer.

Male members of the wedding party all wore black tuxedos.

Rudy Hawkins of Iowa Park and Nathan Johnson of Wichita Falls were ushers.

Taped selections were played before the ceremony and included "Carried Away," "The Man In Love with You" and "I Cross My Heart," - George Strait; and "Watch This" and "Next Step In Love" - Clay Walker.

Relatives and bridesmaids entered the sanctuary to "Lane's Theme." "By Heart" was offered by Jennifer Murphy, and "Me and You" was sung by Dustin Dean during the lighting of the unity candle.

Out-of-town guests for the wedding were Lonnie and Lydia Benge of Agleton, sister of the bride.

A reception, hosted by mother and brother of the bride, was held following the ceremony in the Fellowship Hall of the church.

Tables were covered in white linen and held crystal and gold appointments.

The bride's table featured a white three-tiered cake topped with magnolias and white roses. Toni Ward of Burk Burnett and Connie McPhearson of Midwest City, Ok. presided.

Houseparty members were Kristi Hoepfner and Staci Bosson, cousins of the groom, and Toni Ward, Connie McPhearson and Cheri Bitz.

Kristen Gholson of Bowie, cousin of the bride, presided at the bride's book.

When the newlyweds left on their honeymoon in Fort Worth, the bride wore a red vest with black on black velvet Wranglers. The couple have made their home in Iowa Park.

The bride is a 1995 graduate of Iowa Park High School and is a junior education major at Midwestern State Univ. She is a member of Student Ambassadors.

The groom is a 1994 graduate of Henrietta High School and is a junior physical education major at MSU.

SOCIAL SECURITY NEWS

NEW ENTREPRENEURS SHOULD KNOW SOCIAL SECURITY RULES

Studies show that interest in owning or starting a business has never been greater and has broken new records over the past three years.

Part-time entrepreneurs have increased five-fold in recent years. About 16 million Americans are sole proprietors engaged in some entrepreneurial activity according to the Small Business Administration.

Social Security officials advise that if you're thinking about starting a business, you should become familiar with the Social Security rules that may affect your Social Security taxes, coverage and benefits as a self-employed person as well as your wage-reporting responsibilities as an employer.

Call Social Security's toll-free number -- 1-800-772-1213 -- and ask for the factsheet, "If You're Self-Employed."

Health Notes
Congestive Heart Failure
by Joe Hughes, R.P.H.

Congestive heart failure is the most common hospital admission diagnosis and the leading cause of death for persons over age 65. Therefore, it is somewhat surprising that many persons haven't heard of this condition until they are hospitalized with shortness of breath, weakness, fatigue and collection of fluid in the lungs, feet and ankles. Often, these symptoms are attributed to other health problems such as being overweight. Delaying the treatment of this condition can be life-threatening. With heart failure, the heart can not adequately circulate blood to meet the needs of the body. This condition is primarily due to a weakening of heart fibers involved in the pumping action of the heart. Medicines used to treat congestive (referring to the fluid accumulation that can occur) heart failure eliminate excessive fluid in the lungs and legs and make the heart a more efficient pump.

As I See It...

By Bob Hamilton

Apparently Iowa Park isn't the only community where some individuals pick up a little bit of information -- especially if it's about something they know nothing -- and then attempt to criticize for the purpose of getting their point over.

I got a belly full of that when our city council was considering building a golf course.

Just last week, I was reading a copy of the Lampasas Dispatch in which a member of the city council wrote a letter to the editor, responding to allegations made by one of that town's characters.

There were in fact five points made, but I want to quote only two, both of which relate to allegations concerning Lampasas' golf course.

They went like this:
Point 2: This is a real winner. Mr. Dehnel states, "City officials obtained a grant of \$1.1 million and a loan of \$3.4 million to build wastewater treatment plant. Well and good, but why must the citizens pay for the loan when the City Council has al-

ready spent close to \$3.5 million on the golf course (and continues to spend money daily for paving of cart trails, etc.)." Really, Curt, did you maintain a straight face when you were writing this paragraph?

Correction: Mr. Dahnel's quotes of a \$1.1 million grant and a \$3.4 million loan are approximately correct (actual figures are \$1.55 million grant and \$3.9 million loan) but Curt, where in the world did you come up with \$3.5 million spent on the golf course?! If we had that kind of money to spend on the golf course, we would have the finest 54-hole golf course in the nation, not just 18 holes! It is a fact the city transferred \$600,000 from the General Reserve Fund (a city fund) to the Golf Course Fund (also a city fund) to complete the building of the course, to be repaid from the golf course revenue to the General Reserve Fund at 6.5 percent interest which is higher interest than the city could get investing in certificates of deposit! And the repayment will be made.

Secondly, there is not one dime being spent daily on cart trails or "etc.," whatever that is. If you would go out to the golf course and walk around the golf paths, you would see no money is being spent on golf trails. Don't get your shoes muddy! What cart trails have been constructed were paid for with golf course funds budgeted for this purpose.

Point 5: Your quote of 250 member golfers is close (actual 242). One thing you fail to mention is that those 242 member golfers pay \$96,000 annually just for the privilege to play on this golf course. The other point you fail to cover is the thousands of rounds of golf paid for by tourists and out-of-towners who not only spend money at the golf course, but in our motels, restaurants and shops. These people come from all over Texas and beyond.

That fine bit of information was written by E.J. "Jim" Wallace, in case you might know some people who live in the fine city of Lampasas.

It's not uncommon for someone to pick up on only one or two points concerning any issue. But when they do, and they attempt to sway others' opinions by giving only part of the facts, it's dangerous.

'Nuff said!

New law for water safety

The state's largest boating industry group has praised the comprehensive new Texas Water Safety Act of 1997 signed into law by Gov. Bush, calling it a step which not only will make boating in Texas more enjoyable but also a standard nationwide for addressing safety issues.

The Boating Trades Association of Texas, representing boat dealers, manufacturers and their customers across the state, said the passage of HB 966 will make waterways safer by establishing funding and an effective infrastructure and for increased boater education and law enforcement of the state's water safety code.

House author of the bill was Rep. Keith Oakley (D-Terrell), chairman of the House Public Safety Committee, which was charged with studying water safety during the last legislative interim. Senate sponsor was Sen. Gonzalo Barrientos (D-Austin). Key provisions of the bill, which go into effect Sept. 1, include the following:

- * Mandatory boater education for violators of the Texas Water Safety Code.
 - * Creation of local and state marine safety enforcement officers.
 - * Mandatory education for vessel operators born after Sept. 1, 1984.
 - * Reallocation of fine money collected from violators to assist local entities.
 - * Refined requirements for the operation of a vessel livery.
 - * Standardized reporting procedures to create a uniform database at TPWD.
- "Gov. Bush's signature on this bill culminates more than two years of leadership by Chairman Oakley through the legislative process," said

BTAT president Mark Reynolds. "We're also grateful to Speaker Pete Lancy and Lt. Gov. Bob Bullock and to all co-sponsors of the legislation for their bipartisan support."

With more than 600,000 registered boats and an estimated five million persons who participate in recreational boating, Texas is the fifth largest boating state in the country.

As such a national leader, BTAT officials believe this new law could help guide upcoming federal decisions regarding user fees and various programs linked to the upcoming reauthorization of the national Wallop-Breaux Trust Fund.

This fund returns money boaters pay in excise and fuel taxes to the states for boating safety and access projects.

A young father was pushing his screaming child in his stroller one, beautiful day in the park.

As the father wheeled his infant son along the path, he kept murmuring, "Easy now, Donald. Just keep calm, Donald. It's all right, Donald. Just relax, Donald. It's gonna be alright, Donald."

A woman passing by said to the young father, "You certainly know how to talk to an upset child -- quietly and gently."

The woman leaned over the stroller and cooed, "What seems to be the trouble, Donald?"

The father said quickly, "Oh, no -- he's Henry. I'm Donald!"

Class of 1987 holds reunion

The Iowa Park High School Class of 1987 held its 10-year reunion June 20 and 21.

More than half the class, plus nine teachers attended the reunion. Classmates travelled from as far as Illinois, Florida, Virginia and Louisiana.

The class also donated two memorial bricks on the path of the Falls to honor classmates and a teacher who have passed on. They are Coach Jackie Denton, and classmates Jerry Mays, Kirsten Sharpe-Monti and Greg Feltman.

A poem in honor of these, written by classmate Dana Gray, was read at the reunion.

"As I sit here and think of the future my minds slips back to the past. I think of the good times that I had with the friends as well as the bad. I believe that the path of life we travel is a path that has been chosen for us. Not by our parents but by someone higher, The Lord. He is with us when we excel and when we succeed. He is also with us when we make mistakes. The path that he has given us may be longer and sometimes shorter than others. No matter where our path may lead or where it may end we are always successful in the endeavors we have endured. The paths that were traveled by Jerry Mays, Kirsten Sharpe-Monti, Greg Feltman and Coach Jackie Denton ended before we, their friends, family and loved ones were ready for it to end. We find comfort in knowing that they are watching us and remembering us as we remember them. We, the Iowa

Park High School Class of 1987, fondly remember our friends, teacher and coach, who have passed on, with some bricks that have been placed in

their memory in a path that will remain forever."

The bricks are located in row 0019, bricks 8 and 9.

GIRLS' MINOR LEAGUE SOFTBALL CHAMPS - The Hornets took the season title under the coaching of James Dudley and Kevin Biddy. Team members are (front row) Kristen Lane, Amanda Biddy, Stephanie Berg, Allison Wall, Amanda Westerhoff, Ali Dreher and Andi Marin; and (back row) Stephanie Cerveny, Lindsey Scholl, Anna York, Amanda Wittmeyer, Dany'el Wittmeyer, Jennifer Swanner and Casey Gartman.

13-year olds suffer setback

The 13-year old All-Star team, from Iowa Park, opened the District Tournament in Burkburnett with a 7-2 win over the Sheppard Air Force Base All-Stars Monday night behind a strong pitching performance by Michael Yoder.

Yoder pitched a complete game, striking out eight and allowing only one walk and one earned run. He also drove home a pair of runs with a single. Other leading hitters included, Kyle Young, 3x4 with 3RBI, and Andy Simpson, 2x3 with a pair of runs scored.

In Tuesday night's contest against Burk, the Hawks found themselves on the other side of a good pitching performance. Cory Sykes, from Burk, kept the Hawk hitters off balance all night long with a good curve as the Bulldogs came away with a 15-4 win to advance to the finals of the tournament tonight.

Iowa Park on the other hand surrendered 20 walks in the game which kept them in a hole.

Burk opened with 2 runs in the top of the second on a pair of bases loaded walks, but Iowa Park answered with four runs of it's own in the bottom of the second. Dane Minderman and Nick Kennedy both had 2 RBI singles in the inning to give the Hawks the lead. But from that point on, the Hawk bats didn't come up with much

as Burk scored 13 unanswered runs to pull away.

The loss drops Iowa Park into the losers bracket where the Hawks will have to beat Sheppard again to earn the right to get back at Burk. Wednesday's game against SAFB.

Last week, the Hawks traveled to Lawton to tune up for the District Tournament.

Iowa Park opened with a 5-2 win over the Cache Bulldogs on Saturday morning as Jereme Wilson picked up the win on the mound for the Hawks.

In game two, Iowa Park fell to the Cache Astros, who eventually won the tournament. In game three, Iowa Park led 7-0 going into the final inning but let the lead slip away as the Lawton Orioles game up with 7 runs to tie the game at 7-7.

Iowa Park scored a single run in the top of the eighth when Simpson led off with a single and later scored on an RBI single by Young, which turned out to be the game winner. Simpson retired the Orioles in order in the bottom of the eighth to pick up the win.

The Hawks returned on Sunday in a re-match against the Cache Bulldogs, this time falling 10-5.

Iowa Park was led at the plate by Kennedy who finished the tournament 5x11. Simpson, Young and

Wilson all had three hits as did Yoder. Tommy Johnson led the team with a .500 on base percentage.

Other players on the 13-year old All-Star team include, Austin Weiss, Jared Davis, Dan Jacobson, Freddie Simmons, Jason Vanek, and John Schram.

MINOR LEAGUE DIVISION II CHAMPS - The Pirates took the title with a 10-1-1 records. Team members were (front row) Matt Glasgow, Ronald Latimer, Blake Hancock, Steven Mitchell and Mickey Glasgow; (back row) Corey Sikes, Chris McCasland, Tyler Aponte, Benjamin Beutel and Corey Reeves. Coach were Steve Hancock, Marty McCasland and Mike Glasgow. Team members not pictured was Chris Waldrop.

Major All-Stars go for title

The Major League All-Star have a flair for the dramatic as they have come up with a pair of wins in the District Tournament being held here, winning 1-0 in extra innings on Monday and coming up with a 3-run home run to pull out a 6-3 win on Tuesday.

Iowa Park opened with a thrilling 1-0 win over Wichita Falls on Monday. Cory Bosley, from Iowa Park, and Chris Morton, from Wichita Falls, were locked in a scoreless pitchers duel through the first six innings.

The Hawks scored the game's only run in the bottom of the seventh inning when K.P. Rains led off with a double to the fence in left. The throw from the left fielder got away allowing Rains to take third. As the catcher picked up the loose ball and tried to make a play on Rains at third, the ball trickled into short left. Rains broke for home and just missed being tagged out on a nice play at the plate for the game's only run.

In Tuesday's game against Burk, the Hawks jumped out to a 3-0 lead in the first inning. Jeremy Fuller led off with a walk and later scored on an RBI single by Bosley. Jack Scholl and David Clubb each followed with singles. Chase Wilson doubled home Bosley and Scholl to give Iowa Park a 3-0 lead.

Burk fought back to tie the game

at 3-3 in the top of the third on a solo home run by McGuire.

Iowa Park took the lead for good in the bottom of the fourth when Rains led off with a walk. Bosley followed with a base on balls ahead of Scholl who cleared the bags with a 3-run shot which turned out to be the game winner.

The Hawks will now get to sit back and await the winner between Wichita Falls and Burkburnett, which were to play Wednesday night. Iowa Park will meet the winner in the Finals at 7 tonight.

The 12-year old All-Stars also

traveled to Lawton last week to prepare for the District Tournament.

Iowa Park lost it's opener to the Lawton Mariners 7-0 on Friday night. But Saturday turned out to be a much better day for the Hawks as they picked up wins over the Duncan Rockies and the Marlow Mustangs to earn the right to return on Sunday. Iowa Park downed the Rockies 6-2 and beat the Mustangs 7-6.

On Sunday, Iowa Park just missed a shot at the Championship but came up a run short losing 7-6 to the Lawton Cardinals. The Hawks finished third overall in the tournament.

Vonna Bailey

The recipes of Vonna (Mrs. Mike) Bailey reflect her friendships, family, and people she encounters in her nursing career.

A favorite dessert, "Mississippi Mud Cake," is a recipe given to Vonna by a male nurse, Mike Dehan, who works in the emergency room at Wichita General Hospital. The recipe for "Bran Muffins" was given to her by a patient. Among the recipes she has received from relatives are her grandmother's "Peanut Butter Haystacks," and "Buttermilk Pie" from her mother-in-law.

Vonna and her husband agree that their family's favorite main dish is "Chicken Spaghetti." She combined several recipes to come up with the one she uses, and is sharing with our readers this week.

Vonna is an LVN Type II and is employed at Evergreen Health Care Center in Burkburnett. She said that being a Type II qualifies her for critical care, pediatrics, and emergency room work.

Vonna grew up in Wichita Falls and is a 1983 graduate of Rider High School. She received her LVN degree from Vernon Regional Junior College, where she is still a part-time student with a 4.0 GPA.

Her husband Mike has lived in Iowa Park since he was in the eighth grade. After graduating Iowa Park High School in 1982, he served in the Air Force five and a half years. He works at Levi Strauss as a mechanic supervisor.

Vonna has two daughters, Tara and Ericka. Tara will be a freshman in high school this year and is active in ag. Ericka is looking forward to being in the sixth grade this fall and playing in the band.

Vonna and Mike enjoy bowling, gardening, and raising registered Chow puppies. They also work as volunteers each year at Levi's rest stop during the Hotter 'n Hell Bicycle Races.

Mix chicken, spaghetti and onion, then pour soup mixture over and mix together. Pour into a 3-quart casserole dish or 9x13x2 baking pan. Grate cheese on top.
