SATURDAY RUN OFF HAS TWO CONTESTS

Saturday, August 28, is election day again in Texas. Local citizens are chiefly interested in the outcome of this second primary election in regard to the precinct 3 county commissioner's race. Miles Hines, incumbent, and E. E. "Buck" Voyles are the two men running for that office.

Statewide interest is centered on the U. S. Senate race between Coke Stevenson and Lyndon Johnson.

Polls will be open all day Saturday and voters in this area may go to the following poll stations to mark their ballots: Precinct 31 voters go to Lutheran school; voters in Precinct 32 gather at the Iowa Park City Hall; voters in Precinct 33 go to the Helton hotel, Iowa Park; and Precinct 34 voters cast ballots at Valley View school building.

Exchange Teacher Tells Lions of Her Stay in England

The Lions club of Iowa Park received first-hand information of living conditions in England and on the European continent when they heard Miss Katherine Smith of Wichita Falls at their noon meeting Tuesday. Miss Smith spent a year in Birmingham, England, as an exchange teacher in the public schools there.

"The British take rationing very seriously and there is little traffic in the black market," said Miss Smith, "despite the fact that they are hard hit for food and clothing.

One egg per person per week is allowed, soap is very scarce, and the school children were amazed to receive American lead pencils with erasers on them — and painted."

She told her Christmas vacation trip to Brussels, Belgium (a very American-like city), to Holland, Hamburg and Bremen, Germany, which are still devastated because of bombings, and to Copenhagen, Denmark (where the temperature was well below zero).

During the Easter season, Miss Smith went to Italy, heard the address of Switzerland and France. She was privileged to visit Oxford and Cambridge universities, Stratford-on-Avon (the home of Shakespeare) and the home of George Washington's ancestors in England.

In describing the school system she disclosed that a 30 minute religious program is a part of every day's schedule, that the girls are taught sewing, knitting, and at an early age are good seamstresses, and that the games are quite different from those American children enjoy.

In the lively question period that followed her lecture, Miss Smith displayed her love for things American and Texan by asserting that she preferred our ways, custom and climate, although she could see that the British have some good customs and attitudes. Many British, she said, are looking to America and Great Britain as the nations which will have to stand together to preserve the liberties of the people against the inroads of government by dictatorship and fear.

Scott Ralston, local Lion, was in charge of the day's program and introduced Miss Dora Davis of Wichita Falls, who in turn introduced the speaker of the day.

Well Baby Clinic To Be Next Tuesday

Another well baby clinic will be held next Tuesday at the regular meeting time of the health clinic, noon at the Christian church.

The last well baby clinic, which was held August 3, proved to be the most successful one to that date, with the largest crowd attending the clinic since its inception. The health unit nurse who conducts the Iowa Park clinics is Mrs. E. A. Campbell. Also assisting in the work is Dr. Martha Buchanan, child consultant.

Sergeant and Mrs. J. D. Shaw and children Doyle, Cecelia and Elita Kay are visiting this week in the M. L. Shaw home.

Mrs. Lloyd Lowe and daughter Shirley Anne went to Lancaster recently for a week's visit with Mrs. Lowe's mother Mrs. Hallie Goodman. The Lowes also visited in Dallas, McKinney and Frisco. Mrs. Goodman accompanied her daughter and granddaughter home.

Party for '49 Seniors Given at Dale Home

By Pat Trigg
A bang-up Senior '49 party took place in Mr. and Mrs. Fenton Dale's back yard last Friday night. Those there to enjoy the bridge games, checkers, gossip, good ice cream, delicious cake and bugs (did I say enjoy?) were Juanelle James, Patsy Ozee, Carolyn Baxter, Ava Nell Lee, Pat Trigg, Opal Patterson, Billie Jean Girard, Jan Bedford, Lucy Lee Dale, Billy Gene House, Burk Scott, Travis Hill, Jimmy Seay, Kenneth Clements, Harrell Oage, Benton Lewis, James Wilkerson, Jerry Rogers, Jimmy McDonald, John Mahler, and last but definitely not least, Tom Huckabay.

Also present were Mr. and Mrs. O. R. Owens, Mr. and Mrs. Dale, Mrs. Johnnie Ozee, Mrs. D. O. James and Mrs. Herman Mahler.

The only thing that kept us from enjoying the party completely was the fact that Opal Patterson and Patsy Ozee are leaving us. Opal, well known as the bright light of the class, came here only last summer and became quite a swell pal to all of us. She plans to finish high school in Odessa.

Patsy Ozee, who has been with us since the fifth grade, is now moving to Wichita Falls. We will miss you both and here's wishing you lots of luck in the future. Let us hear from you often.

Annual Meetings Take Farm Bureau Folk To Other Counties

By Mrs. M. L. Hines
Wichita county Farm Bureau officials have been visiting other Farm Bureaus during the past week and getting a new point of view concerning the work of the organization.

George A. Lewis, Wichita county president, Mrs. Lewis, Mr. and Mrs. M. L. Hines attended the annual meeting of the Wilbarger county Farm Bureau, where H. L. Gantz, associate editor of the Farm and Ranch magazine, was the speaker.

Gantz spoke on the importance of conserving natural resources, with major emphasis on soil conservation, bringing out the idea that such a measure was just as important to the merchant as to the farmer.

Mr. and Mrs. Lewis also attended the annual meeting of the Young county Farm Bureau at Fort Belknap during the past week, where Mr. Lewis served as one of the judges in the queen contest, and where Lois D. Barbour, district director, was the speaker of the evening.

Mr. Barbour was also featured on the program of the Stonewall county Farm Bureau at Aspermont this week. He pointed out that in the new long-range farm program adopted by Congress to take effect in 1950, the price of wheat must drop to 91 cents, corn to 71 cents and cotton to 14 cents before quotas can be declared so the farmer can raise his support price back to the present level of 90c parity. The South opposes the above sliding scale of parity and is hoping to maintain the present parity schedule.

Miss Florene Linton, a graduate of business administration at the Oklahoma College for Women, Chickasha, the past three years commercial teacher at Grandfield, Okla., and with 5 1/2 years of experience, will have the commercial work. Miss Linton's home is in Terral, Okla.

R. B. Faulkner Takes Over Parker's, Clark Gets Advancement

Ed Clark has recently been transferred to the No. 1 Parker's Food Store on Indiana street in Wichita Falls, where he will be manager. Clark had been manager of the local Parker's store for almost seven years, having come here from Waxahatchie where he worked as a honey salesman.

Ed has always been very active in civic affairs in Iowa Park. He is second vice-president of the Lions club, a member of the volunteer fire department, a member of the Chamber of Commerce, and head of the Masonic lodge here. He also serves on the Methodist church board of stewards.

The Clarks have three children, Mark Edward, Rosemary and Kathleen. They will all continue to live in Iowa Park.

R. B. Faulkner of Burk Burnett replaces Ed Clark at Parker's as manager. Mr. Faulkner was born in Burk and has worked with Parker's there since he was a small boy. He took over the management here last Monday. Mrs. Faulkner and their daughter Sharon are still living in Burk Burnett.

Howard Hill is now working for the Economy Electric company in Wichita Falls and is serving out his apprenticeship as an electrician.

SCHOOL PERSONNEL FOR 1948-49 LISTED BY W. R. BRADFORD

Due to the number of pupils enrolled in the Iowa Park school district for the year 1948-49 we will be entitled to 24 teachers. In all state aid schools the number of teachers which state equalization aid is allowed depends on the number of persons who are six years old before September 1, and not over 18 years of age on the same date, counting off all under 18 years old who have graduated and less the number of duplicated scholastics who were enrolled here during March and moved

W. R. BRADFORD

to some other district before April 1 and enrolled there.

Pupils under six years old or over 18 years old September 1 cannot be counted on the teacher-pupil load in determining the number of instructors a state aid school may have.

This ruling by the department of education of Texas was confirmed in a long distance telephone call to the state superintendent of public instruction last week. With the information at hand regarding our scholastics from six to 18 years of age, we will be allowed 24 teachers with guaranteed state equalization aid.

The teachers, cafeteria workers and bus drivers who have been secured for the 1948-49 school session are as follows:

Mrs. Rena Harbour, Mrs. Alva Worthington, Mrs. Carl McKinnon, Misses Dillie Lomax, Denona Huncyett, Mrs. J. C. Roby, Mrs. Page Morgan, Mrs. Lester Hawkins, Miss Pearl Buckley, Mrs. Louis Quick, Mrs. W. R. Bradford, Mrs. R. B. Lucy, Mrs. M. J. McDonald, Mrs. Chauncey Weiler, Mrs. Louise Ralston, Mrs. Dorothy Thompson, Mrs. Maude Owens, Lee Brigham, Miss Marjorie Howard, Miss Florene Linton, Roy Smith, ward school principal — Miss Ethyle Kidwell; high school principal — R. V. Wood; and superintendent — W. R. Bradford.

Miss Marjorie Howard comes to us with a B.S. degree from the North Texas Teachers college, home Denton, and will have charge of the home economics department.

Miss Florene Linton, a graduate of business administration at the Oklahoma College for Women, Chickasha, the past three years commercial teacher at Grandfield, Okla., and with 5 1/2 years of experience, will have the commercial work. Miss Linton's home is in Terral, Okla.

Roy Smith will teach mathematics and drive one of the buses. Mr. Smith is a home boy and taught with us before the war.

Mrs. Grace Roberts is in charge of the cafeteria personnel. Her helpers are Mrs. Charlie Lemond, Mrs. Grace Chastain, Mrs. Ruth Cooksey, Mrs. C. C. Garner and Mrs. F. W. Bell.

The bus operators are M. E. Banks, J. D. Morrison and Roy Smith.

Miss Lorene Battle will act in the capacity of secretary to the superintendent.

Iowa Park Kinfolk Attend Funeral for Dr. Earnest Rose

Funeral services for Dr. Earnest Rose were held at the Leisure Funeral home in Gainesville, Wednesday morning. Dr. Rose, who was the brother of Mrs. Hugh Thompson of Iowa Park, died Sunday night after about a year's illness. He was 48 years old at his death. Survivors include his widow and his daughter Rose Marie.

Mr. and Mrs. Dan Sunday, Mrs. J. W. Craft and Hugh Thompson drove to Gainesville together to attend the funeral. Mr. Sunday was a pallbearer.

Class Work to Start Tuesday, September 7

As stated in last week's Iowa Park Herald, school will start for the 1948-49 session, Tuesday, September 7. The school day will begin at 9:00 and continue until 3:40 each school day. Lunch for the first grades will begin at 11:25, other grades will come as soon after as can be arranged.

Seniors and juniors will get books Friday, September 3 at 1:00 p.m. Freshmen and sophomores will be issued books Saturday morning at 8:30, and all other grades will receive books on Tuesday morning, September 7. The 7th and 8th grades will get books from the high school building, and books from 1st to 6th grades will be issued from the ward school.

All pupils entering school this year must present certificates or written instruments from a doctor, county health nurse or from proper authorities from where they attended school last year, showing or stating that they have been vaccinated against smallpox, diphtheria, and whooping cough. If the student is 12 or over, he will only need papers showing he has been vaccinated for smallpox. "Don't forget to bring these papers," says Supt. W. R. Bradford, "when you present yourself for registration or to get your books."

Covers for the school books are furnished. Parents and children are requested by school authorities to see that the books are in covers before coming to school Wednesday. These covers are to be given to the pupils when they secure their books.

The first senior class meeting will be Tuesday, September 14, at 3:40 p.m., with the meeting place to be assigned later.

Annual staff for 1948-49 will consist of Jan Bedford, Ima Jean Martin, Lucy Lee Dale, Travis Hill, Bill Weller, Travis Hines, Lou Ann Duke, Jerry Cope and Ben Huckabay.

Committee Meets To Review Work of Summer Recreation

The summer's work of the recreation committee was discussed by members of that committee and workers with the program Monday night, in a meeting on the lawn of the Taylor George home. Mrs. George, who was hostess to the group, has worked as chairman of this very active committee all summer.

The purpose of the get-together was for each division head to discuss her particular phase of the summer's activities and make suggestions to point out any improvements that might be made for next summer's program. As a result of this meeting next year's recreation committee will have something to work on from the very beginning and will be able to profit by this summer's work.

Mrs. Homer Blalock, president of the Iowa Park Council of Church Women, attended the meeting and expressed gratitude to the hard-working, efficient committee on behalf of the council. Mrs. Rollins Woodall, treasurer of the council, also was there, as was George Koonee who was director of the summer's program.

Members of the committee were highly praised by Mrs. George for their fine work with the young people and for their generous giving of time and support to this worthwhile work. She also thanked the various workers for all their assistance and faithfulness to their jobs.

The other committee members and workers who attended this meeting were Mrs. Ira Campsey, Mrs. Herman Mahler, Miss Polly Faye Clark, Miss Carolyn Duke and Mrs. Martha Lou McSteen.

At the close of the interesting reports and discussion, delicious refreshments of cakes and punch were served.

Many good things have been said concerning this recreation program and its popularity with both young people and adults is steadily growing. Any citizen who had any part in making this project the success it was, has a lot to be proud of. Next summer the program promises to be even bigger and better, and will touch ever more of the youth of the community.

A picnic honoring Mr. and Mrs. Raymond Sunday and son James of San Pablo, Calif., was given Sunday night. Those enjoying the picnic and swimming other than the honored guests were Mr. and Mrs. Watkins, Mr. and Mrs. Orville Bell and Susan, Mr. and Mrs. Pete May and Scott, Mr. and Mrs. Warren McDonald and Mrs. Joel Cathey and Dwight.

Draft Registration to Cover 17-Day Period

Initial registration for the Selective Service Act of 1948 will begin here next Monday, August 30, with men between the ages of 18 through 25 years registering on specified days at the City Hall.

Registration will be between the dates of August 30 and September 18, and the registration place will be open each working day from 8:00 to 5:00.

There will be only one draft board serving all of Wichita county, with offices in Wichita Falls, but this does not mean that it will be necessary for men to go to Wichita Falls to register. A man can register in the town where or near which he resides, with the county board having jurisdiction. A man can register away from his home by giving his home address; his draft card will then be sent to his own county draft board.

The registration will be done this time in 17 working days, as contrasted with the one day in the 1940 operation. Specific days when men will register in the different age groups are as follows:

Born after August 30, 1922, will register on August 30.
Born in 1922, will register on August 31 and Sept. 1.
Born in 1924, will register on September 2 and 3.

Born in 1925, will register on September 4 or 7. This means there will be no registration on Labor Day.
Born in 1926, will register on September 8 and 9.
Born in 1927, will register on September 10 and 11.
Born in 1928, will register on September 13 and 14.
Born in 1929, will register on September 15 and 16.
Born before September 19, 1930, will register on Sept. 17 and 18.

Men born on or after September 19, 1930, will register on the day they are 18 years old, or within five days thereafter. This means that men will register as they become 18. They will register with their local boards.

Men between 18 and 35 inclusive who have been in service will be asked to give their service record when they register and should bring evidence of their service and have the dates of their service period in mind when they register.

The six-man Wichita county board met this week in Wichita Falls to begin their work in accordance with the Selective Service Act. C. E. Birk is the man from Iowa Park serving on the draft board. Also there are T. Leo Moore of Electra, Henry Printzing of Burk Burnett. The Wichita Falls members are D. M. Perkins, Wilbur Cahoon and Fred Elbert.

Mr. Birk reports that the Iowa Park Chamber of Commerce has expressed assurance that they will cooperate in every way possible in this registration. Miss Dora Smith and Mrs. Ruth Hill Yeagan at the City Hall will help register the men.

RAYMOND B. DAVIS DIES AT EAGLE LAKE

Many friends mourn the recent death of Raymond Benton Davis of Eagle Lake and formerly of Iowa Park, whose funeral services were conducted Tuesday afternoon at the Mills Funeral home in Eagle Lake, with the Rev. Mr. O. E. Lindstrom, pastor of the Methodist church, officiating.

Mr. Davis, son of Mr. and Mrs. C. C. Davis, was born at Dodd City, Texas, December 2, 1888. After his graduation from high school here he attended Peacock Military college at San Antonio and the Peacock Naval college at Corpus Christi. He then became a student at St. John's Military academy at Manlius, New York, and lived in that state for a while.

In 1916 he married Florence Burlingame of Elmira, N.Y., and in 1919 they came to Texas and lived in Iowa Park for about a year, after which they moved to Eagle Lake to make their permanent home.

For 20 years Mr. Davis was prominent in Scout work in the Eagle Lake area. The grateful Scouts with whom he had worked so faithfully presented him with a bronze trophy for the outstanding work.

Pallbearers for the funeral were Rotarians and members of the Rotary club were honorary pallbearers. In a recent Rotary publication, Mr. Davis was commended for 14 years of perfect attendance. The only time he missed was the Wednesday before he was taken to the hospital.

Mr. Davis, who owned a garage business, had been in bad health although not bedfast for the past year.

As the funeral procession went to Lakeside cemetery for the interment, Texas Rangers stood at attention along the route.

Survivors other than his parents are two children Joan and Charles Edwin, two brothers H. P. of Los Angeles and Edwin M. of Eagle Lake, three sisters Mrs. G. M. Cullton of Los Angeles, Mrs. D. J. Kane of Keokuk, Iowa, and Mrs. James A. Sewell of Iowa Park.

Guest speaker at the First Christian church Sunday morning will be Roy E. Towery, who is a graduate student at TCU in Fort Worth. His subject will be "Sinclair without Understanding." Church services will begin at 10:55 and everyone is cordially invited to come to hear Mr. Towery.

FOGGING MACHINE SPOOLS BREEDING SPOTS OF INSECTS

Even the jailhouse will be a better place to stay in (if a jailhouse ever could be a better place to stay) now that the fogging machine has thoroughly sprayed it with DDT.

The latest treatment of the community took place last Thursday when the town was completely gone over for the second time in Our Town's effort to get rid of disease-carrying insects and to prevent polio.

The spraying machine crew made special trips to places which might be breeding spots for flies and mosquitoes. The culvert near the ice plant and the water works received special attention and the whole town was thoroughly sprayed. It is very important to kill the larvae of flies and mosquitoes in the battle to keep the town a safe, healthy place in which to live.

In Iowa Park it is becoming a daily habit for many people to listen for the seven o'clock bell in order that we might pray together for world peace.

The following prayer by D. Stewart Patterson is given to help guide our thoughts as we go to our Father in evening worship:

"Eternal God, we give thee thanks for the heritage of our faith—for those who, across the years, have lived valiantly and heroically and whose lives now challenge us.

"We thank thee, too, for the mercies which have made it possible for us to enjoy liberty. Give us the high courage to protect this and other blessings, not selfishly but with an ever-increasing sense of responsibility for using our liberty to serve all mankind.

"Make us conscious of all our comforts and opportunities in this great land. Give us an eternal awareness of our obligation for the stewardship of all of life. Help us to see that, in all things, thou art the Creator and we are the creatures.

"For our nation in this fateful hour we raise a petition for guidance, clarity of thinking, unselfishness of purpose and firm resolve to place human welfare above national power or prestige. Give to our leaders clear concepts of high duty, courageous example and, above all, Christianlike attitudes. And help us all as citizens to be thoroughly Christian. Amen."

The fire truck was called to put out another grass fire Wednesday about 1:00 p.m. This time the blaze was in the area just north of the Arch Hughes home on North Pacific. The volunteer firemen have been kept pretty busy the past few weeks putting out grass fires that have become more prevalent now that the grass is so dry.

Uncle Sam Says

Pop's got his feet in the sand, not his head, because he's a payroll saver. He knows where his future vacations are coming from. There's no guesswork about his plans for security. Automatically every pay day part of his pay goes into United States Savings Bonds which will pay him \$4 for each \$3 in 10 short years. Security—future plans—will belong to other fellows like Pop unless you count yourself in with United States Savings Bonds.

U. S. Treasury Department

Vacation Time! What a wealth of memories this brings to mind. Or the keen anticipation with which we waited for those trips to the seashore or to the mountains. The wonderful times we enjoyed are still vivid remembrances. But how about the future? Can you look forward to the hazards of that future with the same assurance? Can you if you have a nice nest-egg of U. S. Savings Bonds. Simply sign up for the Payroll Savings Plan where you work or for the self-employed join the Bond-A-Month Club at your own bank.

U. S. Treasury Department

How time flies! That's a common expression you've used repeatedly. Keep it in mind when you think about your future and what you can do to make your future secure? There's no trick to security. Just enroll today in the payroll savings plan where you work. Every pay day from now on you'll be setting aside, in United States Savings Bonds, money that actually grows. In 10 short years you'll be getting back \$100 for every \$75 you're wisely setting aside today.

SCHOOL NEEDS ARE FORECAST BY STATE EDUCATION MAN

Texas must adequately prepare for 150,000 more children in its schools in the next decade or lower its educational standards. Charles H. Tennyson, director of public relations for the Texas State Teachers association, sounded that warning this week.

The huge increase in the birth rate during the past few years will add to the enrollment in Texas schools nearly 82,000 pupils four years from now and by 152,000 in 1957, Tennyson said.

"The vastly accelerated birth rate throughout the U.S. since 1941 has cheered business men, but it is causing great concern among educators," the TSTA official declared. "Texas is no exception. Births increased 1,519,501 throughout the U.S. from 2,360,269 in 1940, to 3,910,000 in 1947.

"Enrollment started increasing last year. In Texas it was up more than 7,000 pupils. An additional 8,000 students will enroll this fall.

"That is just the beginning. Enrollment will snowball from now on. The situation will become acute in 1953. An accurate estimate places the hike in enrollment in Texas that year at 81,563 pupils. Nine years from now we will have 152,000 additional students in our schools, or a total of 1,660,034."

Nearly 80 per cent of the children born each year reach school age. Those figures make accurate estimates of future enrollment possible.

"We will need 2,719 more teachers by 1952 and 5,036 classroom instructors by 1957," Tennyson declared. "It stands to reason we will have to have more classrooms in proportion."

Leaders in school districts and state government should take careful note. The situation calls for planning along practical lines.

"In more than half of the Texas schools the systems are already over-crowded. No one can hazard a guess as to how much additional money must be spent on classrooms and equipment."

Bill Cates of Long Beach, Calif., visited in the Crites and Portis home over the weekend.

Mr. and Mrs. D. F. Smith had as weekend guests her cousins J. H. and Harve Myers of Snyder, Texas.

Notice to Long Distance Telephone Users

Certain changes in charges and practices pertaining to long distance calls within the State of Texas will be made effective September 1.

Report Charges

Report charges, applied to person-to-person calls under certain conditions since 1919, will be discontinued beginning September 1.

Basic Station-to-Station Day Rates

In 74 of the 800 air line mileage distances, rates will be increased 5 cents. These involve about half of the distances up to 146 miles. Basic rates for longer distances are not affected.

Person-to-Person Day Rates

Person-to-person rates are based on the station-to-station rates. The differential between rates for station-to-station service and for person-to-person service has varied from a minimum of 10 cents per call under 31 miles to an average of over 43 per cent on calls between 31 miles and 150 miles and an average of 35 per cent on calls over 150 miles. The differential will be established with a minimum of 15 cents per call under 45 miles and a uniform differential of about 40 per cent on all other calls. Report charges will be discontinued.

Night and Sunday Rates

A discount of approximately 20 per cent from the station-to-station day rate will apply on all station-to-station calls costing over 40 cents completed during night hours and all day Sunday. The night and Sunday discount on person-to-person calls generally will equal in amount the discount on station-to-station calls between the same points.

The principal changes to be made are described above. More detailed information may be obtained at any company business office.

TRUSTEES FIND KINDERGARTEN PLAN IMPRACTICAL

The Iowa Park school board met Tuesday evening of this week and among other items of business considered was a petition concerning 100 or more names asking that the school district provide a free kindergarten under the same management as the other part of the school system.

It seems that the petition was instituted and signed, at least by most of the patrons, under the impression that state money could be had to carry on the work, as is drawn by scholastics between the ages of 6 and 18 years.

Mr. Woods, state superintendent at Austin, was contacted by telephone, and the board was informed that no state money could be had in any way for these pre-school children, and that such a kindergarten would have to be paid out of our ad valorem tax money. The board, having neither the room nor the funds to carry on such a program, can only express its regrets that such a kindergarten cannot be had.

If established under the free school auspices the board would be compelled to take any and all who wanted to attend the school between the ages of five and six, which could total as many as possibly 70. This number would require two teachers and two rooms. These teachers would have to hold kindergarten certificates to teach, which would likely cost for the two, about \$5,000 in addition to other equipment needed, all of which would put the program beyond the school district's reach.

There is no such kindergarten program carried on by any school district in Wichita county.

Miss Ruth Carney of Wichita Falls was a luncheon guest in the home of Mr. and Mrs. M. L. Hines, Thursday. She is a former teacher in the Iowa Park schools and has just returned from a six-weeks study in public school music at Washington university at St. Louis, Mo.
