JUDGE NELSON ASK SECOND TERM

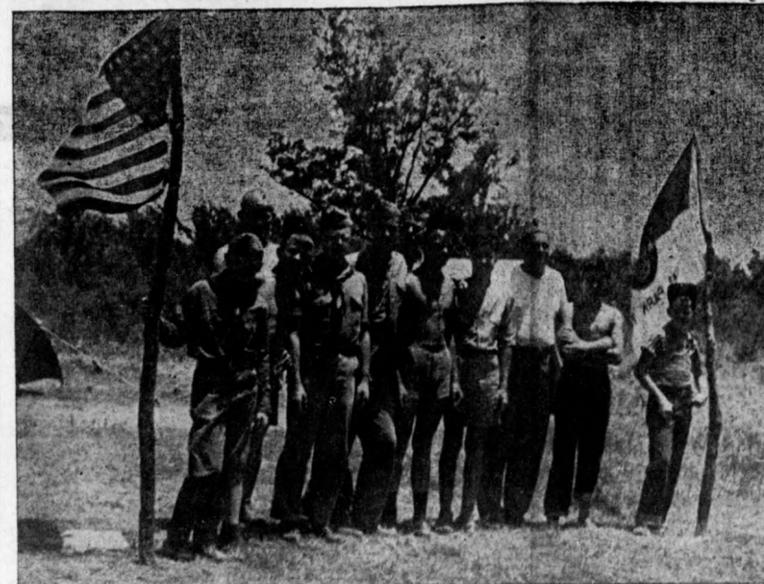

A resident of Wichita Falls for approximately 30 years, Judge Walter Nelson of 89th District Court, this week issued his formal announcement as a candidate for reelection to a second term in office. After being nominated to a first term on bench of the 89th court in July, 1944, Judge Nelson was appointed in September of that year to serve as judge of that court for the less than four months remaining before his elective term began in January, 1945. Addressed "To the voters of Wichita County," Judge Nelson's announcement follows: "In December of last year I announced through the press that I would be a candidate for a second term as judge of the 89th district court, and that at the expiration of that time I would step aside for someone else. "Naturally, one seeking a judicial office has no political platform to offer; therefore he can only call attention to his fitness and qualifications for the office he seeks. "I have practiced law in Wichita County for thirty years and never had asked the people for an office until four years ago, when they nominated me for this office, which I deeply appreciate. "I invite the closest scrutiny of my record as a trial judge, in both civil and criminal cases. In this connection I take pardonable pride in the fact that all of my cases which have been appealed have been affirmed by the appellate courts. "While I am pleased with this record, I derive greater satisfaction from the things I have been doing and accomplishing, both as a judge and as a member of the juvenile board, for neglected and unfortunate children—those that never have had a chance and also those that have started on the road to crime. "It was one of those who saw the need for, and procured the passage of, a law establishing this board, and its accomplishments have been extremely gratifying. Its primary purpose is not punishment for juveniles but to seek and remove, if possible, the causes of their delinquency. With some it is bodily imperfection, including disease, impaired vision and mental confusion; with others it is neglect, broken homes, dire poverty and absolute want. The fact that 90 per cent of these juveniles never have been before us for a second offense attests our good work. I am thoroughly committed to this work, whether in or out of office, for nothing is more important than the salvaging of human beings and the making of them into good citizens. "My private life is an open book and may be inspected at all times. "Upon this record I submit my candidacy and ask that I be returned to this office for a second term. Since my official duties are exacting and time for campaigning is limited, it will be difficult for me to see and ask the support of each voter, and this I regret. I shall do my utmost to see each one. "I am profoundly grateful for the vote I received four years ago and, if I have made the kind of judge you want, then I crave your support in the coming Democratic primary."

YOUR CHAMBER OF COMMERCE — RUTH HILL TEARGAN

Iowa Park received favorable publicity in the June issue of the magazine West Texas Today, and will receive further publicity from time to time through the Chamber of Commerce. Now the old grapevine system was a pretty slow way to get the news around, but it was better than ignorance of what was taking place. Of course, in those days, there was ever the temptation to add a little or subtract a little to make the news more exciting as it passed from person to person; but before all the news was predigested by radio commentators and news interpreters and others, there was always some choice bit to relay which saved the poor weather from being worn threadbare as a topic of conversation. Paul Revere dashing around the country on horseback was a more romantic figure than any modern news announcer could possibly be, and good old Paul will live on in history and in the minds of citizens of the United States long after many of these clever boys are forgotten. Now that man is traveling faster than sound, we may have a new streamline grapevine system. In one of these faster-than-sound planes a man could deliver, by word of mouth, "tomorrow's news" almost before it happened. But however the news gets around there is nothing to equal GOOD publicity. It builds up your town, it builds up your business, it builds up your personal standing in your community. It gives you a feeling of self-respect and importance and it is an excellent tonic to help you to renew your efforts for success. Publicity for past accomplishments is not enough, unless it spurs on a person or an organization to greater and more worthy efforts, it has failed of its true purpose. Good publicity is a builder, the more truthful the publicity, the more firm the foundation and stronger the frame work. Iowa Park needs a lot of good publicity. Your Chamber of Commerce has learned that if you speak well of your town, other people will speak well of it, too, and the old grapevine system will get the word around in an amazingly short time.

Last week her grandson, Leroy Lakey, who has his own plane and is taking a course in aeronautical engineering, came to Iowa Park to get married. When he offered to take his grandmother for a spin in the air she accepted the offer and found that it was every bit as interesting as she had always suspected it would be. Miss Florence Sarnson of Lubbock, area supervisor of home economics, was to be in Iowa Park Thursday afternoon of this week to visit the school and confer with the home economics teacher and Superintendent W. R. Bradford. Mr. and Mrs. Ralph Albey of Royalty have been visiting his brother I. L. Albey at Valley View.

Mrs. Tanner's Brother Dies in South Texas

Word was received in Iowa Park this week of the death of Charlie Brown, brother of Mrs. R. A. Tanner. Mr. Brown was admitted to Brooks General hospital, Fort Sam Houston, a month ago, and he died Sunday night following an operation. He was a veteran of World War I. Funeral services for Mr. Brown were held at Carrizo Springs. Mrs. Tanner was at Altus with her mother, Mrs. C. M. Brown, at the time of her brother's death. Since the mother, who is 88 years of age, could not make the trip to Carrizo Springs, neither went to the funeral. Guests in the Herman Mahler home Sunday for family dinner were S. J. Maier, Mr. and Mrs. Fred Maier and son, Mr. and Mrs. John Maier and son Fred Ford, Mrs. Joe Steele, Mrs. Anna Miller and children A. L. Mary Margaret and Barbara Ann, all of Wichita Falls. Mr. and Mrs. John B. Barbour attended the funeral of Clyde Carey in Wichita Falls, Tuesday.

REPORT MADE ON SUMMER PROGRAM

Members of the Iowa Park Council of Church Women have been working diligently for several weeks to get the summer recreational program for the young people of the town and community underway. Enthusiastic response on the part of the youths and adults has been indeed gratifying and more than compensates for all efforts expended, according to the president of the organization and the recreational committee. The latter group is composed of Mmes. Taylor George, Sam Hill and Gordon Clark. They are especially grateful to those who have assumed the chairmanship of the various phases of the wholesome and creative activities that the program offers. Those in charge have tried to plan a program that could not be objected to by any individual or group and at the same time offer recreation to the young people that would satisfy their craving for diversion during the vacation period. The most priceless wealth our community possesses is its youth; they are its citizens of the future as well as its hope for a peaceful, democratic community. It is a well established fact that much juvenile delinquency results from the wrong kind of recreation. The adults of any community have an obligation to their young people to see that they have wholesome and uplifting recreation. Since the council is made of the church women of the various churches in our town, every woman should volunteer her services to assist in the activity in which she is most interested. This applies to the men too, because the boys need their guidance in the games. Each week it is the purpose of the committee to name the volunteer workers and those who have made donations to contribute to the success of the project. They appeal to every man and woman in the town to take on their share of the responsibility in preparing to make a better community for its citizens in the future. Mrs. O. R. Owens who is in charge of choral singing, conducted her first rehearsal Monday evening. She stated that she was highly pleased with the results of the initial practice. The young people expressed a desire to do regular glee club work rather than devote their time to something light and frivolous. Mrs. Owens has set as a goal to teach the singers five songs well during the two months that the recreational program will be in progress. The time Monday evening was devoted to learning "Yankee Doodle Fantasy" and an orchestral string song. Miss Betty Joe Hatten is accompanying the group, and she will be a drawing card since she is recognized as an outstanding accompanist and pianist. As head of the dramatics Mrs. Louis Quick will have her first meeting of that group Thursday evening. Miss Carolyn Duke will assist Mrs. Quick and their corps of workers will be named later. Since both of these chairmen have received notable praise for their work in the field of dramatics, it is not too much to expect this division to accomplish great things this summer. Last Thursday afternoon Mrs. Ira A. Campsey who is in charge of the story telling for the children up to seven years of age, was assisted by Miss Bettye Denny in telling the stories. This group meets each Tuesday and Thursday afternoon at five o'clock on the lawn of the Methodist church. All mothers are urged to bring or send their children because Mrs. Campsey and her helpers will provide the very best in story telling. Following the stories the children play until six o'clock. Mr. Chaucey Weller has been assisting with the girls softball, and it is his desire to get enough girls interested in this sport to have a league and match games with teams of other communities. The boys, too, are highly interested in softball and Miles Thompson, who did such outstanding work with the boys last summer has consented to be their sponsor again this summer. The ball games will be played back of the Baptist church. Mrs. Martha McSteen directed the tennis Thursday evening, offering instruction whenever requested. Others helping Mrs. George, Mrs. Hill, Mrs. Blalock and the director George Koonec that evening were Sam Hill, Dick Weaver, Rev. Kirk M. Beard and Mrs. Herman Mahler. During the past week Curtis Sewell donated a ball and bat which were greatly appreciated. To remind all of the hours of the program again: Monday evening from 8 to 10; Tuesday afternoon from 5 to 7; Thursday afternoon, 5 to 7; and Thursday evening from 8 to 10. The Council of Church Women issues a call to all adults of the community to help conserve the

Weather permitting, the lions and lionesses and the club sweethearts and their escorts will assemble on the lawn of the First Methodist church for an evening of fun, food and entertainment. Mr. Hill, who will presiding for his last time at the meeting, has secured Lion Lum Lovett of Bowie to make the charges to the incoming officials of the local club. Entertaining at the luncheon on last Tuesday was Mrs. O. R. Owens, who delighted the group with two humorous readings. Royce Kimberlain was chairman of the program and introduced Mrs. Owens.

In an effort to place Iowa Park in complete co-operation with other parts of Wichita County in a campaign against Polio and other communicable diseases, Mayor Curtis Sewell and Lion President Sam Hill were in Wichita Falls, Thursday.

In the county seat the two men conferred with Dr. Ehlers of Austin, state sanitarian, and with the county health officer in charge of the Wichita County Health unit.

Dr. Ehlers suggested that Iowa Park make a survey of conditions and if necessary call a mass meeting to consider ways of bringing the city up to standard in cleanliness.

He pointed out that the State Health department keeps a chart of polio occurrence and finds that the disease starts in south Texas at San Antonio, Houston and other congested districts. Then it fans out toward the northern parts along

the main lines of travel. This would seem to indicate that carriers from the infected areas bring polio with them on trips.

Dr. Ehlers gave Mr. Sewell and Mr. Hill an inspection sheet which is being used in Wichita Falls and the Herald is publishing it for the information of Iowa Park citizens.

The items can be checked and improper conditions remedied if the people of Iowa Park are interested.

They follow: Uncovered garbage can; it allows rats and flies to feed. Obtain or make lid.

Trash or loose garbage; allows rats and flies to breed. Clean up and keep clean.

Tall weeds and grass; harbors rats, causes hay fever. Keep cut. Lumber on ground; allows rats to live there. Raise 18 inches above ground or dispose of it.

Broken sewer or water line. Get repaired at once.

Mosquito breeding places: cans, bottles, barrels, etc. Dispose of anything which will hold water or screen it.

Unsanitary toilet. Make fly proof, cover all excreta!

Surface Privy. Connect to city sewer system.

Livestock or fowls on premises. Requires better sanitation.

Spray outhouses, garbage cans, doors and windows with DDT every two weeks.

Assist your neighbors in eliminating all health hazards within your block. Check air conditioning system to see if mosquitoes may be breeding there.

Each home should be provided with: Water from an approved supply. A safe method of sewage disposal. If a sewer connection is impossible, provide an approved outdoor toilet.

All outdoor privies of the pit type

must have tight and clean floors and seats. Contents must be kept covered with lime, borax, ashes or sand.

Garbage must be kept in closed containers. Dishwater must not be thrown on ground. All windows and doors should have good flyproof screens. It's cheaper to buy screens than to pay doctor bills. Bathing facilities should be provided.

Use chlorine rinse on floors.

Parents and Friends Visit Scout Camp

Mr. and Mrs. Chauncey Weller, Mrs. George R. Huckaby, Jimmy Joy George, Lou Ann Duke and Jackie Faye Teal were entertained at the Boy Scout camp, Perkins Reservation, last Friday evening at the scouts regular dinner.

This was followed by the impressive ceremony of the Order of the Arrow in which Bill Weller and Tom Huckaby were named for membership.

Pat Sewell and Scoutmaster Miles Thompson are members of the Order and took a part in the ceremony.

This was followed by bouts of boxing and the visitors spent a most enjoyable evening.

Scout Pat Sewell spent Saturday night at camp with the Iowa Park troop.

Mrs. Bob Stowe of Fort Worth is spending several days this week with her father R. N. Watson and Mrs. Watson.

D. O. Smith was in Mineral Wells the first of the week attending a Rawleigh Products convention. Mrs. Smith spent the time in Wichita Falls with a son Dewain Smith and family.

Outgoing Officers of O.E.S. Entertain for Lodge Assistants

Ray Harrington and Mrs. C. L. Metz, immediate past patron and past matron of the Iowa Park Order of the Eastern Star, collaborated in entertaining in honor of their outgoing fellow officers in the C. L. Metz home Tuesday.

The occasion took the form of a buffet supper served at 8:00 p.m.

The quartet tables laid for the guests were covered with red cardboards on which were hand painted emblems of the order. The place cards were miniature stars with Eastern star emblems in the corner.

The game of "bugs" was played after the dinner and at the close of the evening the guests presented Mr. Harrington and Mrs. Metz with gifts.

Those present were Mrs. Lila Mitchell, Mrs. John Tidwell, Mrs. Johnnie Horn, Mr. and Mrs. Ed Mosman, Mrs. Kathleen Coppock, R. A. Tanner and the Mesdames Lola Miller, Della Craft, Faye Guthrie, Grace Hughes, Lois Lynn, Ida Spence and Hazel George.

A picnic honoring Miss Venita Lindley, home economics teacher who will not return this fall, is set for Thursday night of this week. Miss Lindley's home is at Crum.

Work of the summer class in home economics is to be finished this week.

Mr. and Mrs. Scott Morris returned home Saturday from McKinney where they had been at the bedside of their daughter Mrs. Clyde Mayo.

Uncle Sam Says

Seeding time on the farm calls for the use of strong, pure seed able to meet weather and pest attacks and still come through with a good harvest. United States Savings Bonds are like good reliable seed. They grow a crop which can be left to full, rich maturity in ten years at the rate of \$4 for every \$3 invested. Take a tip from the wise farmer who is storing up a crop of security by investing now in Savings Bonds. He is growing more money, security for himself and his family and security for his country. Mr. and Mrs. L. C. Perry's daughter Mrs. A. R. Warren and her son Perry of Oklahoma City, returned home Tuesday after a two weeks visit here. The Perry family visited in San Antonio, Levelland and Odessa while Mrs. Warren and son were here.

MY CHURCH IS MY RESPONSIBILITY

Ultimately a man's life is judged good or bad. The subject of morality does not have a place for a fence rider. A moral man is a man-conformed to right; subject to, or influenced by the moral laws of the Supreme. He is virtuous, practically sufficient; serving in the conduct of life to teach a moral. He is responsible to the church and to society.

Face to face I stand before you, resolute that nothing shall interfere with my service to my people through my church. I assure you that I do not take it lightly when I say that my RESPONSIBILITY is to my CHURCH. And I truly confess that I am most happy when serving its purpose. Boost your church. Support your church through its many programs of service to humanity. Attend regularly.

YOU IN THE CHURCH THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statehood is declared that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you" - form a combination for good.

While our business is that of making loans, we realize that we are doing an injustice to an individual when we enable him to borrow beyond his capacity to repay. It means much worry, sleepless nights and possibly outright loss.

Borrow when you must, but only for a worthy purpose. And then go to a bank that is just as interested in helping you get out of debt as it is in loaning you the money.

Uncle Sam Says

Some day soon—perhaps this very day—one of Uncle Sam's volunteer representatives is going to ring your doorbell to ask you to do one of the most important things you can do now for yourself and your country. He or she is going to urge you to start, or to increase, your buying of United States Savings Bonds under a patriotic, automatic and regular plan. If you heed my nephew or niece's advice, you'll be doing yourself a favor. For these security bonds—as they do their part to insure a stable economy, cornerstone of the future security of our country—will pay you back \$4 for every \$3 ten years from now. They can mean financial security for you and your family. AMERICA'S SECURITY IS YOUR SECURITY!

Uncle Sam Says

You howled your head off when a home town player, bat on shoulder, let a perfect pitch wham into the catcher's mitt for the third strike. Well, you'd have the same right to howl if you saw the man who works next to you miss the ball on this tax reduction business. By taking the extra money and putting it into United States savings bonds through the pay-roll savings plan he actually would be hitting a home run for security for self and country.

Your country needs millions of savers now to preserve the nation's security. America's security is your security.

From where I sit ... by Joe Marsh

They let the Wives in!

The ex-GI's of our town entertained their wives the other night at one of their "feeds" of hamburger sandwiches and ice cold beer. (The girls had hinted that they'd like to see what went on when their husbands got together!)

Being wary, the boys provided chicken sandwiches and cake and cider—for those wives who might have other tastes. But though they were grateful for the choice, most of the wives agreed that hamburger sandwiches and beer were a mighty pleasant combination.

After the "feed" the husbands took their wives on at a game of darts, and later they played "indications." The party broke up around ten, with the boys agreeing that it was mighty successful.

From where I sit, it's this companionship among young couples today, and their moderation in a sensible beverage like beer, that's won the younger generation such a wholesome reputation.

Miss Tucker Marries C. Leroy Lakey, to Reside in Tulsa

Miss Bilye Faye Tucker became the bride of C. Leroy Lakey in rites read by the Rev. Will Fred Gilbraith, Presbyterian minister from Kilgore, assisted by the Rev. G. C. House, at the Valley View Methodist church Saturday evening, June 19, at 8:00.

The bridal couple stood before a lovely altar arrangement of white gladioli and aster daisies, with white candles in tall candelabra. White candles burning at each stained art window in the chapel afforded soft illumination for the beautiful setting. A musical background was provided by Mrs. Mike Locascio of Wichita Falls, organist, and Mr. Locascio, violinist, and Mrs. C. W. Coppock of Iowa Park, who sang "Because" and "O Perfect Love."

The bride, given in marriage by her father, wore a white crepe designed in ballerina style. Long white gloves and a halo-bonnet of white flower clusters completed her ensemble. She carried white lilies, and as a matter of sentiment wore the wedding band of the groom's great grandmother.

Miss Jo Stewart, maid of honor, wore a dress of orchid sheer and carried a bouquet of yellow carnations. J. L. Reeves was best man, Kenneth Gulley and Norman Miller were ushers, and candlelighters were the Misses Phyllis Deel and Jerry Ann Jones.

A reception following the ceremony was held in the home of the groom's parents. White gladioli and daisies were used in decorating the rooms. Assisting in the dining room with the serving of the three-tiered cake and frosted drinks were Misses June Smith, Wanda Culpepper, Mary Beth Mossman, Jo Stewart, Betty Ann Sargent and Mrs. Mike Locascio. Miss Carolyn Miller secured the signatures of more than a hundred guests for the bride's book.

Immediately following the reception, Mr. and Mrs. Lakey departed for California, taking the coastal route from San Francisco to the Big Basin, with a boat trip to Catalina. In two weeks they will return to Tulsa, Okla., where Mr. Lakey will continue his studies in aeronautical engineering.

The marriage united two well-known young people of the Valley View community, both graduates of the Valley View high school. Mrs. Lakey is the daughter of Mr. and Mrs. W. P. Tucker, who have recently moved to Scotland from Kama. The groom is the son of Mr. and Mrs. Roy Lakey. He served two years in the naval air corps. He plans to complete training in aeronautical engineering and enter that field for his life's work. He owns a plane and makes frequent trips home in it. He and his bride went by automobile for the wedding trip to California.

SENIORS of '49

Tom Huckaby and Junior Davis are trying to kill the heat working in the ice plant. As hot as it has been it looks doubtful but they are still trying.

I heard Hoyt Watson say he was hauling dirt for the preacher. I'll let you figure that one out.

Patsy Ozee is sleeping days and going with Bradley at night. I hear they enjoyed a big thrill going boat riding and no wonder, neither one of them can swim.

Burk Scott is out to make money this summer and he seems to be doing okay.

More news from James Roy. His mother has left him alone for a while and he has to eat his own cooking. All donations will be appreciated. You know he is sort of funny, invite him to a party and he comes the week before.

I hope you are all having lots of fun this summer and are planning to make our last year in high school the best.

Pete, let me know when you get ready for that wiener roast.

Pat Trigg, reporter.

Mrs. James Sewell has gone to Abilene this week to attend a course in church work for the Methodist church.
