Other office personnel in the Bar-bour Trucking office includes Mrs. Slight Loss in Year

Postal receipts during 1947 at the Iowa Park post office, according to records of Postmaster E. E. Wallis ager at a recent fair board meeting, under the total income for the year will give up that work he said this of 1946.

week although he is still tentatively | Receipts for 1946 were \$12,473.30 head of the work until he can be and at the close of 1947 the total figure was \$12,091.97. The loss was not of enough significance to affect the standing of the post office here, which is a second class office. The lower figure came in the loss of one or two large sales of stamps repeated this year. The average income was very near alike in the two years just past, the postmaster said.

In comparison by quarters in the two years, the figures read: First quarter in 1946 were \$3,135.69 and in 1947, \$2,826.57; fourth quarter in 1946, \$3,557.14 and in 1947, \$3,497.16.

Billing Clerk To Fashion Designer

From billing clerk to fashion designer is the step taken daily by Miss Winifred Summers, Columbus, Ohio. Employed in the purchasing department of the Timken Roller Bearing Company's Columbus plant, Miss Summers has, for three years, tended to office routine by day and, by night, taken up her studies at an art school in furtherance of an ambition carried since her fifth grade school

Based on the quality of the designs turned out thus far, Miss Summers would do equally well as a designer or an illustrator and a career as either one would satisfy her. An ever-widening circle of friends beseech her for help in attaining that "New Look."

Asked what relation there was between roller bearings and ladies fashions, the pert young miss replied: "Naturally there is no relation between roller bearings for freight cars and the lines of an evening gown. But, there is a difference between the employee with a hobby and one without. The person with a hobby is inquisitive and business today is seeking inquisitive employees. Just look at the suggestion awards made regularly by Timken and other big companies." The point was well made.

Lions Meeting Is **Business Session**; Four Visitors Present

The Lions club meeting time was filled Wednesday with business discussions and committee appointments. Of prime importance was the Wichita Falls is urgent and since many of the Lions have signed up to go for a test, they were asked to do this at once. The most convenient hours for donors to go is be-

tween 4 and 6 p.m., it was said. Another thing of importance was the statement made by C. E. Birk, a leader in scouting in this area that the Boy Scout and Girl Scout funds in Iowa Park are low. He stated that ordinarily \$700 is taken from the community chest fund for these purposes and since there was no chest drive this year the funds are lacking. A committee from the Lions club and one from the Chamber of Commerce will be appointed

to work jointly on this problem. Royce Kimberlain, Lions club member, was presented with a shower of gifts for his new daughter, Janet.

Mrs. Warren McDonald was visiting sweetheart and sang several spenumbers accompanied by Sweetheart Brownie Tanner.

Other visitors were Joe N. Catter, J. E. Hall, T. W. Work and Mark Faubion, all of Wichita Falls.

The Rev. Francis Barnes and his mother Mrs. C. H. Barnes of Houston and his little daughter Millie Jo of Fort Worth were dinner guests in the John B. Barbour home Sun-

Mrs. E. C. Foster of Denton visited last week with her sister Mrs. J. S.

Mrs. J. O. Callaway of Wichita Falls, mother of Mrs. Ira A. Campsey, entered the Bethania hospital in Wichita Falls, Tuesday for an operation. Mrs. Campsey has been with her mother most of the week

Mr. and Mrs. J. B. Barbour jr and daughter Connie Lou returned to their home in Norman, Okla., Sunday after a holiday visit here with his parents.

Mr. and Mrs. Dean Freeman of Valley View visited Sunday in the home of Mr. and Mrs. Otis Hendrick.

Mr. and Mrs. Joel Cathy had as guests Sunday, Mr. and Mrs. Lionel Pettus and son Phil of Vernon.

THE FAMOUS

After a long, hard day's work on the farm, Thad's idea of how to spend an evening is to take off his shoes, and relax with a mellow glass of beer.

But his missus has other ideas. After being in the house all day, she's all for walking to the village, if it's only for a soda. Likes to see people, catch the latest gossip. But Thad says, no, his feet hurt! Began to cause unpleasantness in hurting too! . Thad's home

Then Bill Webster comes up with an idea. If Thad takes the missus to

Andy's Garden Tavern, Thad can relax with his glass of beer, and the missus can also chat with all the neighbors there. Each gets his (or her) own way.

Worked, too! In fact, now the missus likes an occasional temperate glass of beer herself. And Thad finds it's pleasanter to enjoy his beer with good companions, rather than alone. In fact, his feet stopped

IN TECHNICOLOR

The shepherd of this flock has gone away. He's seeking the ONE sheep that has gone astray. America is becoming alarmed over the sheep that is out of the fold. This land was founded upon the right to free worship. But there are so many now who don't worship at all.

Lukewarm church people have allowed the worldly to criticize churches, advertise vice, ostracize preachers, minimize righteousness and practically idolize the ungodly. Many fathers and mothers have grown indifferent about the religious teaching of their children. They SEND them to Sunday school (if they go at all) and are not much interested in whether they attend church. As parents they should lead their children to all portions of the churches' rounded program. Go out after those who have no church home, those who have wandered. Seek out that one which is lost. Be sure to take your youngsters to church school and remain for all services next Sunday . . . Your Pastor expects you.

YOU IN THE CHURCH THE CHURCH IN YOU Character is a by-product of the church. It is here

that young and old alike are showered with benedic-tions that fortify and influence for a better citizenand a stronger democracy. In the church the nen today declare that the church alone can furnish aip to handle the affairs of state in these per-

Not Too Late for **Tuberculosis Seals** Returns Says Leader

Although the 1947 Christmas Seal Sale officially closed Dec. 25, it is not too late for those who over-looked acknowledging their Christmas Seal letters to make returns, local chairman Mrs. T. M. Black said this week.

"Anyone who comes across an unanswered Christmas Seal letter should remember that by answering it he will help protect his own and the health of everyone else in the community," Mrs. Black said. "The 1948 tuberculosis control program of the Wichita County Tuberculosis Association, supported by funds obtained through the sale of Christmas seals each year, is currently underway. Any further returns will be quickly convernted into commu-

nity health benefits." In Iowa Park, the response is unannounced so far. In Wichita county \$7,822.57 of the \$10,000 quota has

Wedding of Dewey Spruiell and Miss Pauline Phillips

Takes Place at Henrietta The wedding of De wey Spruiell of Iowa Park and Miss Pauline Phillips of Wichita Falls took place Dec. 20 in Henrietta. The vows were read at 8 p.m. in the home of the officiating minister Rev. Spivey.

The bride was attired in a gray gabardine suit with which she wore brown accessories. Her flowers were pink gardenias worn in a corsage. Her attendant was Miss Jackie Newton of Iowa Park. Miss Newton wore a brown suit. Her corsage was of white carnations.

J. L. Reaves of Iowa Park was best man for the groom.

Mrs. Spruiell is a daughter of Mr. and Mrs. Lee Phillips of Dundee. She is an employee of the Southwestern Bell Telephone company in Wichita Falls. The bridegroom is a son of Mr. and Mrs. Hill Spruiell who live near Iowa Park. He is a young stock farmer and he and Mrs. Spruiell expect to establish a home here soon. They are at home now at 1610 Tenth St., Wichita Falls.

Mr. and Mrs. Joel Cathy and son Dwight were in Tulsa during the holidays visiting his parents Mr. and Mrs. W. G. Cathy.

Mrs. Cecil Catlin, Mrs. R. L. Beggs and Mrs. J. P. Morrison were in Wichita Falls, Sunday to hear Mrs. Beggs' son Rev. George L. Beggs of Bethany, Okla., preach at the First Church of the Nazarene.

Miss Helen Dale Clark returned to Fort Worth to her school at TCU

Miss Dollie Steele, who has been visiting at home for the holidays, and a friend Bill Pickens of Edgewood, who has also been a holiday guest in the W. G. Steele home, returned to their school work at NTSC in Denton, Sunday.

Roy D. Thompson and family spent the first few days of the holi-day season visiting Mrs. Thompson's parents in Austin and relatives in Pflugerville.

Mr. and Mrs. Floyd White were in Dallas over the weekend where they were guests of relatives, Mr and Mrs. Gravley.

Juice From Citrus Peel Utilized for Feed Yeast

The production of feed yeast, rich in high-quality protein and in the vitamin B complex, by growing the yeast on the juice pressed from ground, limed citrus peel has been announced by the U.S. department of agriculture.

During the war this juice was concentrated and sold for use in compounding mixed feeds. But with the return of more normal times competition with blackstrap molasses is expected and additional uses for the juice are desirable. Furthermore its composition makes its disposal; through sewers, lakes and other bodies of water a considerable prob-

It is estimated that a 90-pound box of citrus fruit will yield about three state honors in the 1947 National gallons of press juice of approximately 10 per cent solids. This juice ward is a 17-jewel gold watch pro- is rich in carbohydrates, ideal for Chicago. Among his home-landscap tral points in sufficient quantity to growing yeast, and available at cenfacilitate large - scale production, and at sufficiently uniform rates to permit continuous plant operations. It is ready for use as it comes from ings. Each year he trims the trees the press. A pound of dried yeast and paints over the scars to keep can be produced from three gallons of the juice, and potential total production would run 30,000 tons a year. The wild yeast Torula utilis is used because it grows rapidly and is less. susceptible to contamination than the true yeasts. The process is economical.

Ancient Bristol Is Center Of History and Tradition

Bristol is a real old city, an ancient capital in miniature. It is indeed the capital of England's glorious west country and the birthplace of much of England's history. It is a city rich in contrast. The prefabricated shop on a blitzed site stands in companionable proximity to the historic stones of the thousand-yearold city wall; yet the atmosphere of the place is such that the juxtaposition escapes incongruity.

Bristol is an ancient city jealous of its traditions but a modern city ever receptive of new ideas, trends and opinions, whether in trade, commerce, religion, science or culture. Legend attributes Bristol's foundation to Brennus and Bellinus in the year 5,000 B. C. That there was a town of some importance at any rate as far back as 1,000 years ago is proved by the discovery of coins minted at "Bricgstowe"-the place of the bridge-in the time of Ethelred Unrede.

Michigan Wood Products Michigan is one of the most highly industrialized areas in the United States. It uses enormous quantities of wood in its 1,600 and more primary and secondary wood-using plants. These plants employ 60,000 workers, with payrolls of more than 80 million dollars annually. Wood products harvested each year in

Michigan are worth approximately 10 million dollars on the stump. The annual value of the products processed from wood is more than 40 million dollars. These products come from sawmills, veneer and plywood mills, cooperage plants, perboard mills, and establishments using the products of these plants for a multitude of manufactured

New Synthetic Gems New synthetic rubies, sapphires and emeralds in settings of palladium sparkle as radiantly and cost considerably less than real gems. Scientifically manufactured and expertly cut into baguette shapes, the popular synthetic stones possess almost the same properties of brilliancy and clarity as their natural counterparts. Featured in engagement rings are synthetic blue and white sapphires, rubies and emeralds used as side stones. Palladium is selected as the gem mounting because this platinum sister-metal's brilliant white color mirrors the inherent sparkle of the gem, and is highly regarded by craftsmen for its ability to hold the stone securely.

Citizens Marine Corps

The citizens marine corps is the highly specialized postwar reserve force being built to back up the regular marines. These "home-town marines," 100,000 strong, enrolled between the ages of 17 to 32-veterans may be older-are trained in the newest weapons, equipment, and tactics of amphibious operations in the air, on land and sea. Veterans of all services will have their military skills and knowledge refreshed while members without previous service will receive specialized. modern instructions. Sports, recreation and comradeship will be stressed in order to build the teamwork and "esprit de corps" which is the hallmark of a marine.

Like Cream in Milk

Topsoil is to the earth what cream is to milk, says Middle West Soil Improvement committee. Warning that this topsoil "cream" has been skimmed off at an alarming rate the committee declares that 150 years ago there was an average of nine inches of topsoil spread over the United States. Today this averages only six inches in depth. Surest remedy for topsoil losses is a permanent soil building program. Such a program should include deeprooted legumes in the rotation to restore mineralized organic matter, use of fertilizers and barnyard ma-

50,000 ACRES IN AREA SERVICED BY LOCAL UNIT

Soil Conservation Office at Iowa Park Sets Fine Record In Summary of Past Year

According to T. J. Pace, one of the supervisors of the Wilbarger-Wichita Soil Conservation district, approximately 50,000 acres of land have received the attention of U.S. Soil Conservation Service of the Iowa Park work unit. The local office started operations in the spring of 1946 with Fred Parkey, work unit conservationist, in charge. Mr. Par-key is still over the work here. Conservation practices applied or established during the year 1947 are as

Contour farming — 6936 acres. Cover crops — 6095 acres. Planting of vetch, clover, alfalfa or winter peas for soil improvement.

Crop residue management - 16,-527 acres. Management of crop residue of stubble, stalks and straw on or near surface of ground to hold moisture and control erosion.

Range properly stocked - 8516 acres. Proper stocking to make full use of grass without overgrazing, rotate grazing, etc.

Seeding range and pasture - 549 cres. Seeding of blue grama, buffalo, weeping and sand love grass. Farm and ranch ponds - 23. Provide everlasting water for livestock and contribute to a better distribu-

tion of grazing or better pasture management. Terracing - 137.4 miles. Construction of terraces in such shape and size that they can perform their function and still be farmed by any

type of equipment. Diversion terraces - 20,800 feet. A very large terrace constructed to divert water from cultivated land. Farm irrigation land preparation - 170 acres. Leveling with maintain-

er or bulldozer. Improved methods of irrigation -1502 acres. Floating of land, installing borders and changing rows for

proper irrigation. Irrigation systems installed - 34. Relocation of turnouts or improv-

ing ones in operation. Water facilities - 5. Construction of seep filtering wells systems, etc. near ponds to secure water for house

The above services or assistance are rendered farmers free of charge through this Soil Conservation Dis-

Brashear Is New Man In Soil Conservation Work for This Area

Richard T. Brashear is a new man with the Iowa Park Soil Conservation office and will begin his duties next week. He is to take the place of Orbie Cannedy who was transferred to Quanah. Mr. Brashear is being sent from the Rising Star office. He is a weteran.

Mr. and Mrs. Brashear and their two daughters 2 and 8 years old have taken an apartment with Mrs. M.

Knights of Pythias To Install Officers **Thursday Night**

New officers of Iowa Park Lodge No. 407 Knights of Pythias were to be installed Thursday night, Jan. 8. The new officers include O. R. Owens, chancelor commander; C. A. Brown, vice chancelor; T. M. (Bud) Black, prelate; L. A. Teal, master at arms; George F. Smith, master of work; Jno. C. Murphree, inner guard; R. A. Melton, outer guard; A. D. Butcher, secretary; C. J. Simpson, financial secretary.

Other officers elected include F. E. Hill, trustee; O. R. Owens, Grand Lodge representative; A. D. Butcher

Baptist W.M.S. Circles Have Mission Lessons

The Life of Lotti eMoon proved to be an interesting mission study for the Mary-Martha circle of the Baptist WMS, Monday at 2:30 when the meeting was held in the parlor of the church, Mrs. Gibbons Brubaker made her audience feel that they really knew Lottie Moon in

The opening devotional was given by Mrs. Virgil Woodfin, circle leader. The meeting will be held again next Monday at the church.

Those present were Mesdames B. F. Green, Hubert Tatom, P. A. Blalock, Jack Yarbrough, Gibbons Bru-baker, Donald Hill and Mrs. Wood-

Mrs. Ada Curry was hostess to the Sallee-Morgan circle Monday. After the opening devotional by Mrs. Everett Sewell, Mrs. Curry taught the Bible lesson from the book of Romans. She was assisted by Mesdames Sam Hill, Sewell and J. A. Berg. Mrs. Sam Hill will be hostess to the circle next Monday.

Mrs. Taylor George was hostess to the Ruth circle Monday with Mrs. Curtis Hill teaching the mission book, "That They May Know," and finishing the study. The opening de-votional was led by Mrs. Earle Denny. Mrs. Denny will be hostess to the circle next Monday.

Those present were Mesdames Curtis Hill, O. M. Jones, Earle Denny, R. R. Brubaker and Taylor George.

Mr. and Mrs. M. L. Smith and daughter Miss Betty and Mr. and Mrs. Bill Smith were at Jacksboro, Sunday afternoon for a visit to their ranch near there.

WE HAVE BEEN IN BUSINESS HERE FOR THE LAST SEVENTEEN YEARS . . .

> Had the misfortune of losing everything in a fire the 4th day of last February, so we have EVERYTHING NEW now . . .

Groceries, Meats, Fresh Vegetables, Notions and General Merchandise.
