FOR SALE BY OWNER — New 4-room carpeted redwood hut with attached garage. Northwest section of Iowa Park. Call 5291. c

Your C. of C.

By Ruth Hill Yeagan

RATS

The Chamber of Commerce is co-operating with the Farm Bureau in its rat killing project. Since rats are things everyone can get along without—the chamber is only too glad to help rid this area of these germ carrying rodents.

We understand that the rat bait, which is made by the U. S. Fish and Wild Life branch of the U. S. government will be available on Oct. 6 at the Farm Bureau office. This is a service of A & M extension department.

Orders left with the Chamber of Commerce will be relayed to the Farm Bureau.

BLUEBONNET PROJECT

Orders are beginning to come in for Bluebonnet seed in the Bluebonnet planting project being sponsored by the city beautification committee. Orders will be received until Sept. 15. Seed will be available at the Chamber office Oct. 1.

CORRECTION

In a summary of the history of the Iowa Park Chamber of Commerce we made the statement that the C of C was not active during 1942. It has been called to our attention that in 1942 the C of C was an active organization with R. R. Brubaker as president.

KICK OFF BREAKFAST

A dozen interested members of the Chamber of Commerce met at the Park-In Cafe on Tuesday morning at 7:00 to begin the fall round-up of members.

The Chamber's new program will need the full support of all civic-minded citizens to be successfully carried forward.

We like this definition of a Chamber of Commerce: "The real function of the modern C of C is not to indulge in idle boasting or home town boosting, but to act as a clearing house for ideas of civic effort. The role of the Chamber is to help solve the community's problems, to improve its facilities, to make it more attractive as a center in which to trade and to make it a desirable community for best living."

This kind of self improvement will attract new population and new industry as naturally as a magnet will attract iron filings.

Baker, McDonald To Conduct Revival For Methodist Church

A stewardship revival will be conducted at the Methodist church here Sept. 7-14 with Dr. W. Harrison Baker, superintendent of the Dallas district, as speaker and Bob McDonald, minister of music and education of the First Methodist church of Vernon, acting as music director.

Southwestern university, Georgetown conferred an honorary doctor's degree on Mr. Baker. He is a member of the board of trustees of Lynda Patterson institute of El Paso. For the past 12 years he has led the North Texas conference delegation in general and jurisdictional conferences. For 10 years he was pastor of the Munger Place church of Dallas; six years pastor of Oak Cliff church of Dallas, and has worked in many other pulpits in Texas.

Mr. Baker is a much sought after-dinner and platform speaker. The past several years he has been on a speaking team during Brotherhood Week.

Bob McDonald is a hometown boy, son of M. J. McDonald. He finished his college education at North Texas State college, Denton. While in school he took leading roles in operas and was outstanding in music.

He has been minister of music for Tyler Street church of Dallas, First Methodist church of San Angelo, and has been with the Vernon church about two months.

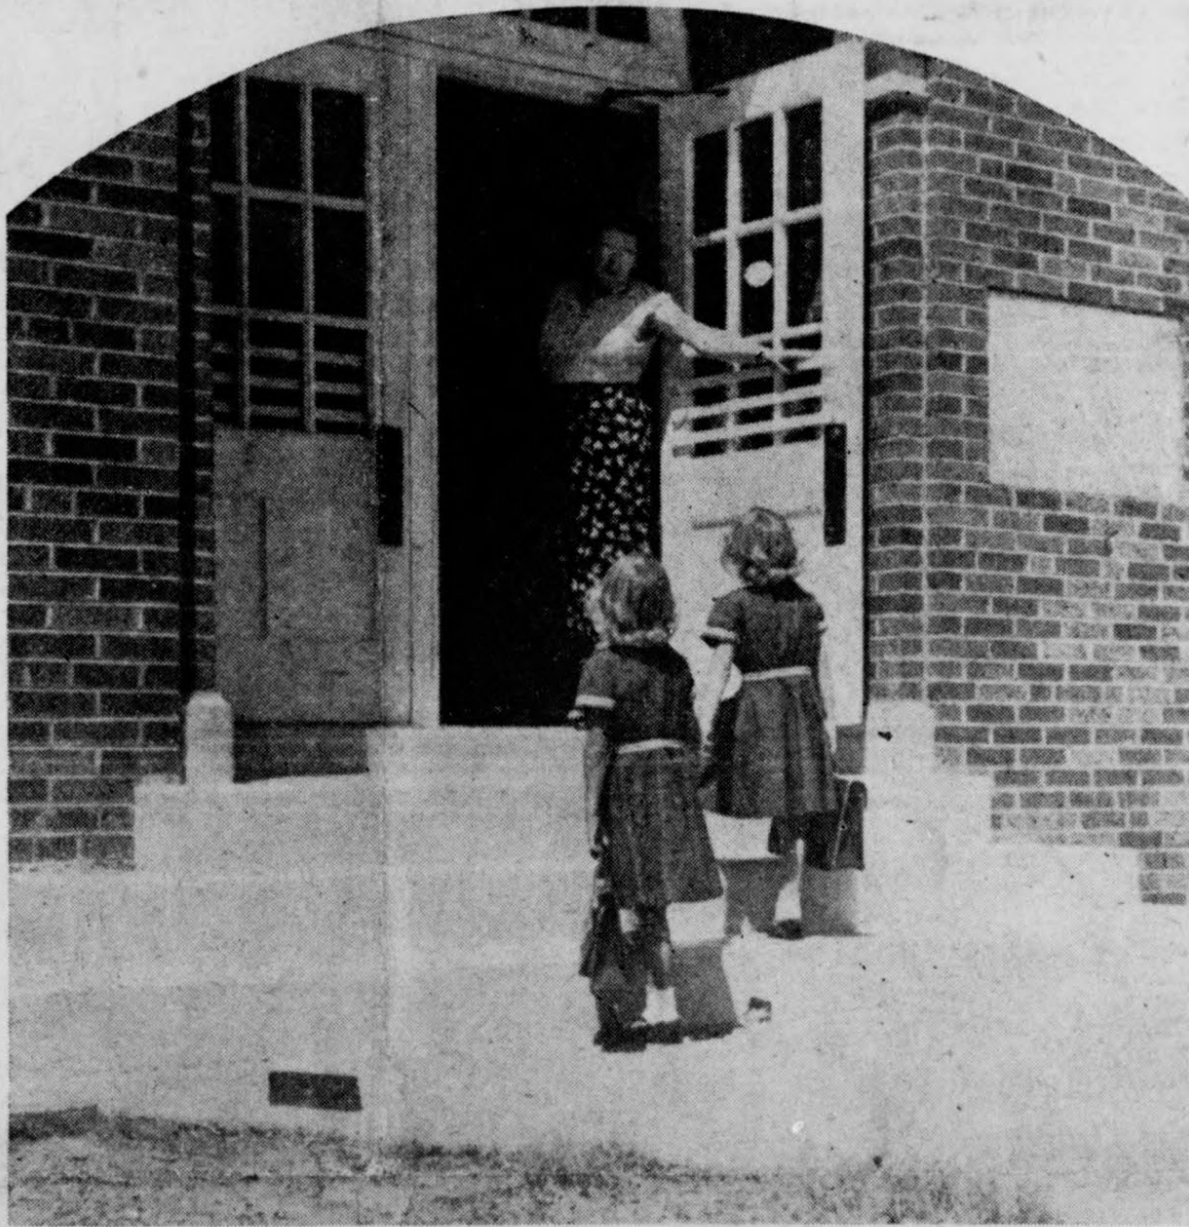

Mrs. James Sewell will assist Bob with the music program of the revival.

There will be services twice daily at 10:00 a.m. and 7:45 p.m., with special musical numbers and congregational singing.

Rev. Guy E. Perdue, local pastor, urges every member of the church to pause each morning at 9:45 for a moment of silent prayer. This practice started August 18 and will be continued through September 14.

Miss Juanelle James will leave Sept. 16 for Austin to work on a master's degree at the University of Texas. She will be employed with the health department the first semester and will be secretary to J. B. Walling, state representative, during the session of the Texas legislature.

Back to School -- Safely

Miss Ethyle Kidwell, principal of the Iowa Park grade school, welcomes all children back for the new school term which begins Monday, Sept. 1. And especially does she welcome the first graders as they timidly begin their formal education. Here she is shown opening the doors to Diane and Dorris Gard, twin daughters of Mrs. Ruth Gard and the late J. P. (Bud) Gard, as they will appear next Monday for their first day in Iowa Park schools. The Frisky-Miss dresses look pretty cute on them don't they. We forgot to find out from Mrs. Gard which girl is Diane. If we knew that, we could then tell you where Dorris is in the picture. John Nixon took the shot, but he probably doesn't know the girls apart.

"Back to school — it happens every year and bring up the same old annual problems. To the youngsters, because they feel like their vacation has been only a couple of weeks long. To the parents, because it means new clothes, school lunches, etc.

"The main problem faced by every citizen in town is the safety of our children to and from school. The scope of their problem is large and a good deal of the responsibility for the children's safety should originate in the home. Every parent, I know, has the kids' welfare at heart.

"The City's responsibility will be the enforcement of existing traffic laws as to speed, reckless driving, etc. The law enforcement officers will be instructed to crack down on all violators wherever found. The City is painting walkway lanes on all principal street intersections and these lanes must be observed by all moving vehicle traffic. Also mothers should caution their children to cross streets only at these marked walkways.

"This program is a carryover from safety suggestions made by interested citizens at open-house meetings held last year, but due to the shortage of time before school vacation, it was decided to initiate the program at the beginning of the new term. The co-operation of every citizen will be appreciated in this program because it is everyone's responsibility.

(Signed) R. E. VAN HORN
Mayor, City of Iowa Park

Starlight Speaker

Rev. Gerald P. McColom, superintendent of Wichita district Methodist churches, will be guest speaker for the final Starlight Worship service next Sunday evening. There will be a union observance of the Lord's Supper after the preaching hour.

"The Lord's Prayer" will be a choral number, and a girls' choir will sing a special number.

Iowa Park's sports fans are urged to attend a meeting at the school building Friday evening at 8:00 for the purpose of organizing a Quarterback Club. If you want to help organize this club, don't fail to attend.

"The continued increase in traffic accidents and fatalities lends emphasis to the need for aggressive action to instill safety consciousness in the minds of our people. The Iowa Park Lions Club will pursue that action."—A. L. Reed, president.

"Let us not only practice safety on our highways, but in our homes and business places too."—Mrs. Taylor George, president of the 23 Study club.

"We cannot legislate safety — we have to educate for it! In the past our efforts toward education for safe driving and, equally important, safe walking have brought spotty results. Although many tragedies happen every day, there are many more that could have occurred had not somebody observed the simple rules of courtesy and caution!

"Still there are more hazards on our streets and highways than we like to see, so as Mayor of Iowa Park, I call on all citizens, afoot or in moving vehicles, to practice safety at all times. And for those who will not, I promise the proper penalties of the law, if our police can get there before death and serious injury have struck."—R. E. Van Horn, Mayor.

Most of the blame for three-quarters of our annual traffic deaths was laid at the door of discourteous drivers by W. Carlos Morris Jr., president of the Texas Safety association, in urging civic and business support of the Regional Safety Conference to be held in Wichita Falls on Sept. 23.

"Such acts as excessive speed, ignoring the right-of-way, driving under the influence of alcohol, driving on the wrong side of the road, passing improperly, and disregarding an officer or traffic control device are, at the very least, discourteous behavior, and at the worst, wanton murder," Morris said.

This emphasis on courtesy and defensive driving is part of a program of traffic safety education being conducted by the Texas Safety association in co-operation with the Texas department of public safety, Texas Federation of Women's clubs, Texas Congress of Parents and Teachers, Texas Education agency, Wichita Falls traffic commission, and the Wichita Falls chamber of commerce.

"Twenty-five per cent of the highway fatalities in which a violation figured," Morris said, "can be traced directly to excessive speed. Driving on the wrong side

of the road and driving under the influence of alcohol were the next two biggest contributing factors in fatal accidents, and the frustrating part of all this—especially to those entrusted with the job of safety education and enforcement—is that every one of these deaths was unnecessary; these deaths would not have happened if one of the drivers involved in each case hadn't judged himself either too smart, too skillful, or too lucky to be involved in an accident."

The Texas Safety association also warned motorists to drive defensively. Always expect the unexpected and do not assume that, because you are driving courteously, everyone else is. "Per mile of highway, we have more discourteous drivers than telephone poles," Morris said. "The chief difference is that the poles won't swerve into the wrong lane."

More than 500 persons are expected to attend the Wichita Falls conference with representatives from industry and business, civic clubs, parents and schools.

Mrs. Alan Berry is in a hospital in Wichita Falls for observation and treatment.

Valley View H. S. Has New Principal Buy Rexall Drug From Dale & Clark

Opening of school at Valley View on Tuesday, Sept. 2, will find a full roster of teachers and a full house of students, according to Supt. Clark C. Wilkes.

Most of the teachers have been retained but there are three new ones to fill vacancies.

New principal of the high school is James R. Taylor, formerly of Edinburg. He holds the M.S. degree in education from East Texas State college at Commerce, and has 11 years teaching experience.

Mrs. Taylor, who holds the same degree and has equal teaching experience, will be a teacher in Junior High at Valley View.

During the school year 1950-51, Mr. and Mrs. Taylor were exchange teachers in Chichester, Sussex, England and will be able to give their students and fellow workers a better idea of how England's educational system works. For her master's thesis Mrs. Taylor chose the theme "English Schools."

Mrs. Shirley Potter of Kamay, who has the bachelor of arts degree from Midwestern university, is the other new teacher. She will have the third grade.

Euell Spruiell, principal of the grade school, will have as his assistant Mrs. Selma Sims, Miss Kate Robertson, Mrs. Shirley Potter, Mrs. E. L. Bradford, Mrs. Bessie Cope and Mrs. Ernest Sutherland.

Junior and Senior High faculty members are Mrs. Bill Marten, Miss Eunice Huckabee, Mrs. Taylor, Mrs. C. C. Wilkes, L. O. Matthews and Coch Sutherland. Special instructors are Harold Jackson, band director, and Mrs. Otis Gay, music director.

Mr. Wilkes said this week that Valley View will run three school buses over four routes.

Trucks, Crusher Make Iowa Park Their Headquarters

Iowa Park is headquarters for one of the largest paving projects ever undertaken in Wichita county. The job includes crushing and delivering rock for a paving program at Sheppard Air Force Base, and requires more than 14 trucks with drivers and helpers.

Gravel, sand and limestone rock are being taken from the J. D. Padgett farm for this work. Amis Construction company of Oklahoma City has brought in one of the largest rock crushers made and is operating at full capacity.

Maudin and Gautier Trucking company has the hauling contract. The addition of this large personnel group with their families is placing a strain on Iowa Park's housing facilities. Any family having spare rooms could do well for themselves and accommodate these workers by offering such facilities for rent.

The job is expected to last about two months.

John Wesley Picks First Cotton Here

John Wesley of Valley Farms won premiums totaling more than \$100 with his first bale of cotton which was ginned in Wichita Falls last Friday. It weighed 456 pounds and was graded strict middling.

The cotton came off 7 acres. He has since ginned three more bales and they are averaging 1/2 bale to the acre.

These four bales came off land which had been planted in alfalfa and peas. Other cotton on land not planted in alfalfa and peas is said to be good.

Mr. and Mrs. Wesley and family have been in Valley Farms for 15 years. They own Units 6 and 56.

NEWCOMERS

Mr. and Mrs. Elvy Sargent, Jean and Harvey have moved here from Pampa. Mr. Sargent is with Soil Conservation as a work unit consultant.

The family attend the Baptist church. They live at 810 Yosemite. Jean, 16, is a senior; Harry, 10, is in the 5th grade.

Mr. and Mrs. Bud McDonald and Mrs. Myrtice McDonald had as visitors last week Mr. and Mrs. Cletus Wallace of Yuciapa, Calif.

Hays and McClarty Buy Rexall Drug From Dale & Clark

The Rexall Drug Store, owned and operated by Fenton Dale and Dr. T. M. Clark for the past 33 years, has been sold to Fred Hays of Wichita Falls and George McClarty of Burkburnett.

Mr. Hays and Mr. McClarty have been associated with the Corner Drug of Burkburnett about 15 years.

Mr. McClarty will continue to operate the store in Burk and Mr. Hays and family plan to move to Iowa Park as soon as they can find a house. Mr. and Mrs. Hays have three children: Nancy, 5; Kathy, 3; and Mike, 1. They attend the Baptist church.

Mr. Hays is a World War II veteran. He was born in Cove, Ark., and finished his high school education at the Acorn high school of Mena, Ark. He received his degree in pharmacy from Southwestern State college of Weatherford, Okla. He traveled three years for Sharp-Dohme.

Mr. Hays and Mr. McClarty plan to continue the same kind of service and will keep the same personnel as before.

Fenton and Doc have seen the kids of Iowa Park grow up, having their first date over a bottle of soda water. They have had patience galore with all the kiddos of our community, for most of them from way back have had "drug storeitis."

These two men have given a great amount of time and thought to our community, in civic affairs, church and school. They have given the best of drug service.

Doc Tommie plans to continue to work for the Rexall, and Fenton is planning a long needed rest and vacation.

Iowa Park wishes the best for Mr. Clark and Mr. Dale, and welcomes Mr. Hays and Mr. McClarty to our community.

Study Club Stresses School Safety

The time of year is here when school buses loaded with our most cherished possessions, or the family cars bearing our children to school, will be re-awakened to a need of intensified safety education and practices.

Leaders of Our Town are to be congratulated upon their interest and statements on "Back to School — Safely."

The safety committee of the 23 Study club points out the value to our community of the driver training course which has been a part of our school program the past few years.

We would be impractical idealists if we believed all traffic accidents could ultimately be eliminated. Equally, we would be hopeless pessimists if we did not accept the promise that accidents can be cut below present levels.

The degree of safety we can expect to accomplish depends upon these three factors:

1. Will public opinion support intensified measures, or will we be apathetic until accidents and congestion become absolutely unbearable? The present year's standard indicates apathy!

2. Are we willing to invest a great deal more in safety than we are now doing?

3. How much "liberty" in driving and walking will we sacrifice for security from accidents?

We are concerned with nearly 45 million vehicles operated by 60 million drivers over 3 1/2 million miles of streets and highways, totaling annually 450 billion vehicle miles. Our annual losses through highway accidents represent an accident tax of nearly 10 per cent added to the cost of motor transportation. To this must be added the drag on our economy through hidden costs that may double or triple such direct charges as medical and hospital bills, compensation payments and property damage.

Mr. Charles Metz received word Thursday morning one of her nephews Robert Parker, 16, of San Antonio, was killed in an automobile accident Wednesday night. She left immediately for San Antonio.

Mr. and Mrs. Bud McDonald and Mrs. Myrtice McDonald had as visitors last week Mr. and Mrs. Cletus Wallace of Yuciapa, Calif.

Mr. and Mrs. Bud McDonald and Mrs. Myrtice McDonald had as visitors last week Mr. and Mrs. Cletus Wallace of Yuciapa, Calif.

Mr. and Mrs. Bert Van Horn were in Amarillo on business last weekend. Miss Carolyn Caddell spent last weekend with Miss Paula Ann Griffin in Childress.

Evangelist Overcame Many Difficulties to Build Radio Program

At nine years of age most young fellows are hardly out of their mother's arms. But James D. Willeford of Madison, Wis., stepped out into a big strange world at the age of nine and went on his own. Today he is one of the featured speakers on the nationwide religious broadcast, "The Herald of Truth." Directed by churches of Christ, the program is now being heard on 210 stations in this country.

By the time he was nine James Willeford had lost his father, so his decision to venture out alone was one of necessity rather than of choice. His friends will tell you that young Willeford was as well equipped, mentally and physically, as a nine year old could be to make a way for himself. They'll tell you also how the young boy, oldest of four children, took the plow handle on the family farm near Gilmer, and for four straight years harvested a crop, the proceeds of which constituted the family's sole support.

When James was 15 he lost his mother. He placed one brother and sister with relatives. Unable to find a home for the youngest, his eight

year old brother, he took him to the Eeles Home, a refuge for orphan children maintained by members of the Churches of Christ at Quinlan. Entrance was denied the younger brother because the home was already overcrowded. Taking matters in his own hands, James Willeford told the home superintendent they were both there to stay and if the school didn't want them they would "just have to run them off." They stayed.

In 1949, Willeford went to Madison, Wis., to serve as minister of the Church of Christ there with a membership of 30. In three years he built the congregation to 130 members, who purchased a brick building which is completely paid for. The congregation, now self-supporting, is helping out other churches in the upper midwest. All this has been accomplished in a section of the United States where the Church of Christ is relatively unknown.

Shortly after going to Madison, Willeford began preaching on radio station WIBA. About the same time another young preacher, James W. Nichols of Abilene, was being heard over station WML in Cedar Rapids, Iowa. They co-ordinated their efforts so each speaker could be heard on both stations. These two young men began working to expand these broadcasts to include other stations. One by one, stations were added so that by Sept. 1950,

"The Herald of Truth" was being heard over a chain of six stations.

At this point the program was moved into high gear. Many national publications have told the story recently of how the money was raised and of how, in three months from the day the nationwide network effort was begun, the program was launched on 105 stations of the American Broadcasting company.

The initial broadcast was heard on Feb. 10, 1952. It now includes 210 radio stations located in 46 states.

Jim White is leaving for Sherman, Friday to visit his daughter and son-in-law Mr. and Mrs. Wes Davis.

Mrs. T. C. Burnham has returned this week after visiting her children and families in different points in Texas.

All School Outing Planned for Friday

All Iowa Park High School will be entertained with a wiener roast at Sand Beach, Friday night, August 29, sponsored by the Junior class of '55 and their room mothers.

All band members are invited and the Senior class members of '52 will be special guests.

Everyone is asked to bring half a pound of wieners—everything else will be furnished. The Juniors are expecting a large turnout and a big jubilee celebrating the opening of school.

Arrangements have been made for plenty of transportation. Those who are going are requested to meet in front of the drug stores at 7:00 p.m.

★ BAPTIST W.M.S.

The Gleaners met Monday, Aug. 25, for Bible study. Mrs. O. S. McLemore led the discussion for Mesdames E. A. Jones, Haskell Thompson, Ted Thigpen, H. I. Tatom.

Mrs. Ray Watson was hostess to members of the Mary-Martina circle when Mrs. N. E. Guthrie Jr. led the opening prayer. Mrs. Pete Guthrie taught the Bible lesson for Mrs. Buck Voyles and Mrs. P. A. Blaylock.

4-H Girls Camp At Harrell Park

A two-county 4-H club camp which ended last Friday at Harrell Park, Wichita Falls, had more than 50 girls from Wichita and Archer counties in attendance.

The annual camp began Thursday evening with a coffee can meal and ended Friday with a council meeting. Officials present included Mrs. Pearl Coffman, Archer county home demonstration agent, Cathryn Sands and Marva Thompson of Wichita county.

Adult leaders attending were Mrs. H. L. Taylor and Mrs. L. C. Oakes of Friberg, Mrs. E. J. Simmons of Burkburnett, Mrs. John Harrell of Iowa Park, Mrs. Lee Hastin and Mrs. Jack Robertson of Archer county.

★ Park Clinic News

Mr. and Mrs. W. J. (Billy) Crow announce the birth of a daughter on Saturday, August 23.

Monday, August 25, is the birth date of a daughter for Mr. and Mrs. U. D. Miller, Jr.

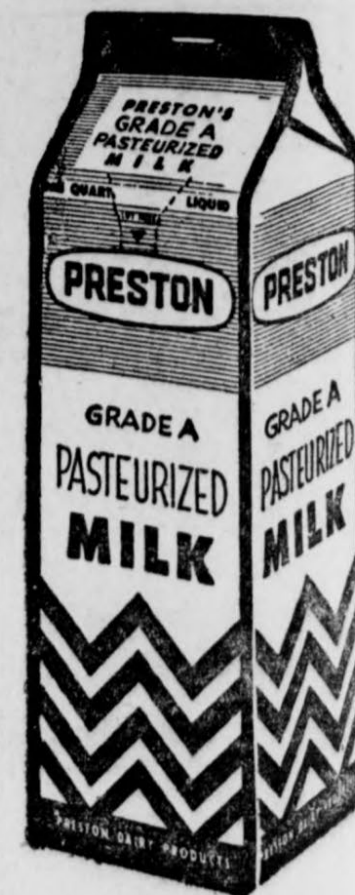

Mrs. George Burkett of Pampa, sister of Mrs. R. A. Tanner, underwent surgery at Wichita General hospital Monday, August 25.

Mrs. O. L. Deary had major surgery Thursday, Aug. 28, at Wichita General hospital.

Don Jeter, son of Mr. and Mrs. J. R. Jeter of Wichita Falls, was in surgery Monday, Aug. 25.

Mr. and Mrs. Curtis Simmons spent last weekend with their daughter and son-in-law Mr. and Mrs. A. C. Hollis at Odessa. Their son Jerry returned home with them after spending a month with Mr. and Mrs. Hollis.

Russell Reeves, a vice-president of Highland Park State bank of San Antonio, visited in the P. G. Kildow home last week while in Wichita Falls attending a bankers meeting. The Kildows and Reeves are old friends.

Mr. and Mrs. Carl Walsh attended a party at Olney Wednesday night honoring his mother Mrs. U. L. Walsh who became 75 years young Tuesday.

Mrs. Louisa Writer was in Iowa Park recently after attending a family reunion in Boise City, Okla. She was enroute to Lamesa where she is working.

Bob Pace, student at the university, has returned home after attending summer school. He plans to return to Austin in September to continue his studies.

IOWA PARK HERALD Published Thursday of each week at Iowa Park, Texas. Entered at the Post Office at Iowa Park, Texas, as second class matter under Act of Congress of March 3, 1879. George R. Huckabay, Publisher

Pleasant Valley

Mr. and Mrs. O. L. Congor attended a family reunion Sunday in Lubbock.

Members of the Pleasant Valley congregation attended the youth revival Wednesday night at the Iowa Park Baptist church.

T. L. Boren of Valley Farms is recovering from an operation and expects to return to work Monday at Miller & Miller Freight Lines, Wichita Falls.

Mr. and Mrs. Bob Snow, Steve and Randy visited in Shawnee, Okla., this week, returning home Wednesday. They reported some rain and cooler weather.

Mr. and Mrs. W. M. Mathis visited at Randlett, Okla., this week.

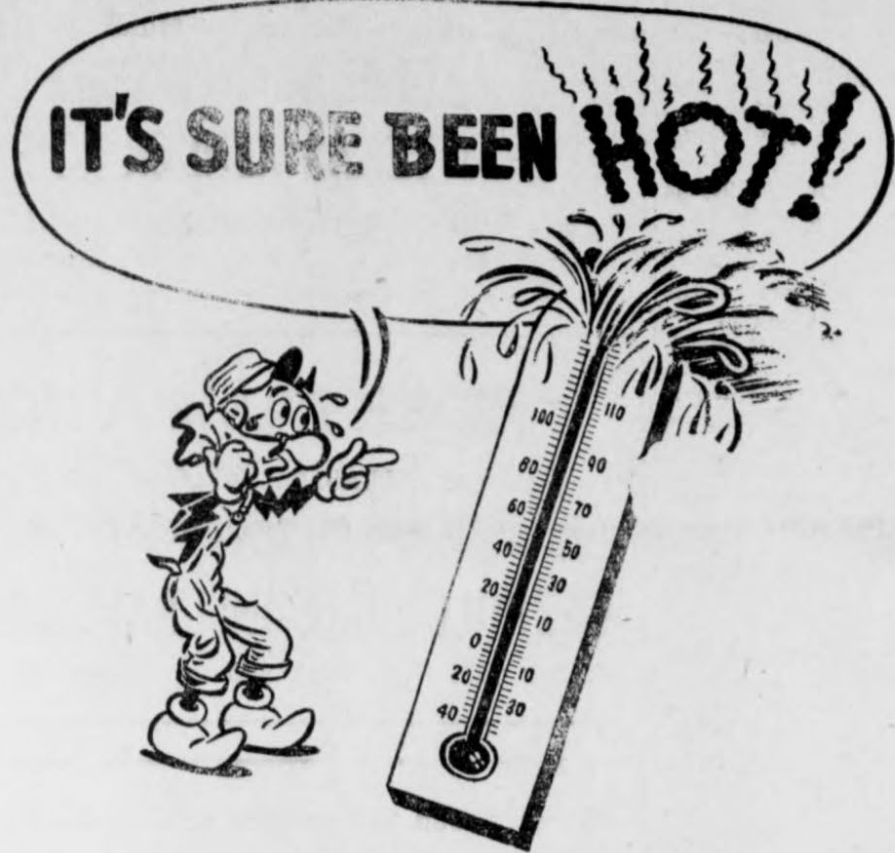

P.T.A. NOTES:

We urge parents to remind their children to use marked crossways when crossing streets on their way to school. The Junior Safety Patrol will continue aiding small children when leaving the school. Parents, help teach your children the safety

EXPERIENCED HANDS ARE SKILLFUL... They're the only kind of hands which touch the time-piece you bring us for repair.

Wright's Jewelry Iowa Park, Texas

"This summer, I have put in a great many extra hours of work for my customers every day.

"Air conditioners, attic fans, evaporative coolers, and portable fans have been going full blast around the clock—24 hours a day practically every day. High temperatures and lack of rainfall have combined to make it an exceptionally hot summer. Electric refrigerators have had to call on their re-

serve power to keep food fresh and wholesome at constant temperatures under 40 degrees and to maintain ready supplies of ice cubes and cooling beverages.

"Some electric bills may be higher during such extreme hot weather because of this extra work, but now—when you're able to stay cool and comfortable in spite of the heat—is when your electric service really proves to be the biggest bargain in your home."

WE GIVE S & H GREEN STAMPS

Leaders from Baylor, Archer and Wichita counties' Farm Bureaus will meet at the Farm Bureau office in Iowa Park, Tuesday morning at 10:00 Sept. 2 to discuss methods and means of securing more membership participation in formulating policies of county, state and national Farm Bureau.

O. K. Hoyle, field representative of Seymour, will be in charge of the meeting. A sub-district meeting will be held in Wichita Falls on Friday, Sept. 5 at the YWCA.

Farm Bureau's total membership continues to grow and Wichita county hopes to reach its quota of 425 by the Convention this fall, says Pres. T. H. (Dutch) Eckelkamp. A number of states have already reached their quotas. At the end of 1951 membership year there were 1,492,210 farm families in the world's largest farm organization. So far in 1952 there have been 1,398,516 new memberships and renewals. This is 132,146 more than a year ago, when total Farm Bureau membership was climbing to a new high.

Gale Lowrance, director of Iowa Park precinct, announces that there will be a community meeting at his home on Tuesday night, Sept. 9.

The county-wide rat control program will be held on Monday, Oct. 6, as previously announced. Specialists of the Rodent Control Service of the Texas A and M college system, and the Wildlife Service of the federal government are assisting the Farm Bureau to make the program a success. Warfarin-treated rat- and mouse-bait will be used, said Eckelkamp this week because it is the simplest to use, safest and most effective poison for this county. Spectacular results are reported for all over the state as well as in this county from bait used the last two years. It is prepared under the supervision of the U. S. Fish and Wildlife Service at San Antonio.

Co-operating with the Farm Bureau throughout the county are: The Chambers of Commerce of Iowa Park, Electra, Wichita Falls and Burkburnett.

The Wichita Falls Farm and Ranch club.

Vocational agriculture classes of Iowa Park and Electra (others are being contacted).

4-H clubs all over the county, and several other groups to be announced later.

Distribution stations will also be announced next week. Order blanks will reach all farmers and ranchers about Sept. 15. The bait will be made available at a non-profit price of 25 cents a pound. Checks will accompany orders.

Frances Bell to Wed Airman Next Month

Miss Laura Frances Bell will become the bride of Donald Gordon Davis in a wedding service performed at the Baptist church here Friday evening, Sept. 12, according to an announcement being released by the young lady's mother Mrs. Gertrude Bell.

Rev. James N. Easterwood, pastor, will direct recitation of marriage vows at 8:00 p.m.

The groom-elect is son of Mr. and Mrs. L. F. Davis of Sullman, Ala. Mrs. O. E. Lochridge, organist, and Mrs. Keith Garrison, vocalist, will provide music for the wedding. Mrs. G. B. Nichols will serve as honor matron for the bride, while the groom's father will participate as best man for his son.

The bride will be given in marriage by her older brother Joe Frank Bell. Ushers will be Loyd Bell, another brother, and G. B. Nichols.

Miss Bell is one of the most popular young ladies of Iowa Park. She is a graduate of W. F. George high school. For the past four years she has been employed at Sheppard AFB where she now is secretary to Capt. Leonard Holloway in the Public Information office.

The bride-to-be has established herself as a talented vocalist in a wide area, having studied with H. S. Thorgrimsen and Max Kreutz. She uses her talent unselfishly in church and community activities. In the church she teaches a Sunday School class in the primary department, takes an active part in the Baptist YWA and sings in the choir.

Mr. Davis attended high school in West Point, Ala., where he lettered in basketball. He entered the air force in 1946, receiving training at Sac AFB, San Antonio. He was stationed at Keesler Field, Biloxi, Miss., for three years.

The couple plans to establish residence in Iowa Park.

Harold Lewis Weds Wichita Falls Girl

Miss Geanita Morris and Harold Lewis were united in a simple double-ring marriage ceremony last Thursday evening, Aug. 21, in the home of Rev. Edgar C. Carlisle, pastor of the Beacon Baptist church of Wichita Falls. Mr. Carlisle read the lines with only the parents and a sister-in-law of the bride, Mrs. C. H. Morris attending.

The bride was attired in a navy blue linen suit with white accessories. She wore a corsage of white gardenias. She is the daughter of Mr. and Mrs. C. C. Morris of Wichita Falls and attended Wichita Falls high school where she was a member of the Music club. She is also a member of a mixed quartet of Beacon Baptist church.

The groom is a son of Mr. and Mrs. Geo. Lewis and grandson of a pioneer family, the late Mr. and Mrs. Claude Williams. He graduated from Iowa Park High School in 1951. He was a member of the Hawk band and served as its president one year. He was a debater and a member of the Glee club. He was awarded the medal for outstanding senior in music.

He attended Midwestern university and was a member of the In-gian band. The past year he has been assistant choir director of the Beacon Baptist church.

VISITORS ARE HONORED BY TROUTMANS

Miss Mina Troutman and Carl Troutman entertained with an informal gathering of friends Tuesday evening with Mrs. T. T. Staton as honored guest. Those attending were Mr. and Mrs. Locke Lowrance, Mr. and Mrs. Gayle Park, Mrs. F. L. Emanuel, Mrs. Tirzah Portis, Miss Hazel Crites, Mrs. Fred Allums and children Lamar and Lynda, of Shreveport.

BEGINNERS TO HAVE BAND TRAINING

Besides the regular Hawk band, C. L. Vaughn, Iowa Park band director, is planning a beginners' band for all school students from 4th grade through the 10th.

He has issued an invitation to all beginners to meet with him in the band room at 8:00 p.m. Monday, Sept. 1. Instruments will be displayed to aid students in deciding what they will play.

Miss Cynthia Thornberry, president of Methodist Youth Fellowship of Iowa Park, has returned from a youth conference in Fayetteville, Ark., Aug. 18 through 25.

TROUTMANS TOUR WEST

Carl Troutman and Miss Mina Troutman have returned home after an extended tour of the United States. Mr. and Mrs. Noel Troutman of Floydada accompanied them on the trip.

The party left here August 1 and visited Yellowstone Park, Glacier Park, Seattle, Victoria on Vancouver Island, Portland, down coast to San Francisco, Sequoia National Forests, Hoover Dam, Grand Canyon, Phoenix and intermediate points back to Iowa Park. They arrived home Tuesday.

All Her Children Visit Mrs. Farmer

Mrs. Urbin Farmer was made happy last Sunday by having all of her children and their families together for the first time in 10 years.

Those present for the family reunion were: Mr. and Mrs. L. G. Farmer, Shirley and Paul of Dallas; Mr. and Mrs. Guy O. Farmer, Donald, Dale and Dennis of Albuquerque, N.M.; Mr. and Mrs. James A. Farmer, Elaine and Mike of Ft. Worth; Mr. and Mrs. Wayland Farmer, Terry and Sandy of Wichita Falls; Miss Lorene Farmer of Olney; Truett Farmer and Franklin Farmer of Iowa Park.

And Gordon Farmer of Odessa, Mrs. John Bates and Doris of Ft. Worth, Miss Mozelle Vandever of Olney and Mrs. Hattie Washington of Dallas.

Baptist Revival To Close Sunday Eve

The revival at First Baptist will continue through Sunday with the omission of Saturday morning service. The daily schedule has included a morning meeting at 7:00, visitation at 9:30 and 3:00, Junior and Youth choirs at 7:30 and evening worship at 8:00, followed by Youth Fellowship.

Bob Beck of Pleasant Valley is speaker of the week, assisted by Jimmie Naugher, Don Whitmore and Helen Sharp.

Teachers and officers of the Sunday School are aiming at the attendance of their entire enrollment for Sunday morning, and the Training Union proposes to double the summer's average attendance on Sunday evening at 7:00.

Those who have not attended this youth-led evangelistic campaign are urged to attend for the remainder of the week and Sunday. Services will be held Saturday night.

Mrs. T. T. Staton, daughter Mrs. Fred Allums, and son and daughter Lamar and Lynda, of Shreveport, La., visited Ms. Tirzah Portis and Miss Hazel Crites this week on their return from Denver, Colo. Mrs. Staton is a former resident here and will be remembered as Miss Blanche Thompson.

Mrs. Gertrude Bell attended the funeral services of her Uncle Jeff Smith, 70, of Mountain View, Okla.,

last Tuesday. Mr. Smith had been a long time resident of Mountain View.

E. H. Cheves and family of Cisco are visiting his parents Mr. and Mrs. M. O. Cheves this week.

7 reasons Central Heating is your best buy

Now costs about same as several individual units required to heat entire home

- 1 Reduces wall sweating** — Fuel burns in sealed chamber. Flue-vent carries water vapor out of doors.
- 2 Safe** — Tested and approved by American Gas Association Laboratories for safe performance.
- 3 Clean** — Filters remove dust and dirt from air. Drapes stay cleaner longer; almost eliminates dusting.
- 4 Automatic** — Furnace fills house with warmth before you wake; turns down automatically when you go to bed.
- 5 Automatic ventilation, if desired** — System takes in fresh air from outdoors, mixes it with indoor air. Ventilation is maintained through ducts without opening windows.
- 6 Healthful** — Air is circulated gently from floor to ceiling; drafts and cold spots are banished.
- 7 Economical** — Automatic temperature control turns fuel on and off as needed. A miser with fuel!

Call about heating equipment now.
Avoid inconvenience which will occur if you wait 'til winter.

LONE STAR GAS COMPANY
