### Hawk Cagers Are Bi-District Champs

#### Avon Products in Valley Farms School News

Wichita County Teachers association met in the Iowa Park school cafeteria Monday evening for a dinner session.

P. A. Carney, assistant superin-

tendent of Electra schools, presided. Tim Hughes of Iowa Park and vice-president of the association, served as program chairman. Swims Win Approximately 140 members and guests enjoyed the evening pro-

gram and dinner, with Dr. John McFarlane, superintendent of Verschools, as guest speaker.

The Hawk dinner band under direction of C. L. Vaughn provided music during the meal.

Climax of the evening was election of officers: Keith D. Swim of Ibwa Park was named president; Roy Silkwood of Burkburnett, vicepresident: Miss Iva Petty of Electra, secretary.

Prin. James Elms was named as one of the delegates to the district convention in Sweetwater, March

Six weeks tests were given this week and report cards will be distributed next Thursday.

Coaches Bob Covington and James Reese have stored away the Hawk basketball gear since the disappointing loss to Troup last Saturday in the regional tournament. They are now busy getting our boys lined up for spring athletics. Covington will coach the track and field squad, while Reese will coach the tennis players.

Mrs. B. J. Flanagan is training Mrs. B. J. Flanagan is training the girls volleyball squad for the Death Takes district tournament.

Vocational agriculture teachers of the Wichita district will have a land judging clinic Wednesday of next week at 2:30 p.m. at the Soil Conservation office in Iowa Park. Dr. Carl Gray of Midwestern uni-

versity, Frank Duncan and Elvy Sargent of the SCS will be in

Agriculture teachers are training teams for an area land judging contest at Stephenville on March 10. Later a state contest will qualify five teams for the national contest at Oklahoma City.

Supt. and Mrs. Keith Swim re turned home Saturday night after attending the national School Ad-City, N.J.

He reported an educational and profitable meeting, "Education and Americanism" was the theme.

Thirty-three foreign countries were represented by students attending American colleges or universities. They took part in the program dressed in their native costumes.

Mr. Swim attended the workshop on elementary schools and changing curriculums. Educators believe in the near future foreign languages will be taught in elemen tary school all over the nation.

Mr. and Mrs. Swim also enjoyed some side tours and television shows. They were chosen as contestants on "Feather Your Nest." They were winners of the program and received many useful gifts for their kitchen.

Mr. and Mrs. S. A. Swim of Quanah, parents of Mr. Swim, stayed here with Sheron and Keith jr., while their parents were gone.

# Fred Fitzhugh

Funeral services were conducted Thursday afternoon, March 1, for Tuesday at the home of his daugh- ful pests and ailments. ter Mrs. Ernest P. Evans, who lives on the experiment farm south of Iowa Park.

Services were held in the Spring Grove Church of Christ, near Gainesville, Burial was in Nelson Grove cemetery under direction of Tanner Funeral Home of Iowa

Mr. Fitzhugh was born May 20, 1892 near McKinney, son of Mr. and Mrs. John Fitzhugh. He had lived near Gainesville for 26 years, where he was a dairyman, before he came here about seven years ago to make his home with the Evans family. He had retired about 10 years ago because of heart

Survivors in addition to his daughter are two sons: Leroy and Ernest, both of Wichita Falls; five brothers: Frank of Gainesville, Arba and Henry of Denison, Clark of Fort Worth and Thornt of Bentonville, Ark.; and five grandohil-

Jim J. White has returned this week after visiting a fortnight in Howe and Grand Prairie.

Troup, the eventual regional tournament champion, downed Iowa Park 66 to 42 in the first game held in Denton last Saturday.

By putting three men on guard duty over Thurman Payton, the Indians smothered the Hawk high scoring center and throttled the Iowa Park offense, Payton man aged to bag 16 points and Harvey Klinkerman counted 17, but it was not enough to offset the 22 points scored by Toole and Johnson.

Troup led at the end of each quarter and completely controlled both backboards Troup is reported to have reache

the finals in the state tournamen at Austin.

went to Denton to watch the 1956 squad tie the record of 1953 Hawks for going the farthest in TIL com-

The boys and Coach James Reese spent Friday night in Denton and returned home Saturday.

Congratulations to a great squad which compiled an impressive record over the season!

### Sheep, Goat Men Study Diseases

James Gray of San Angelo, a sheep and goat specialist for Texas A & M. conducted a two nights short course at the vocational agriculture building in Iowa Park, Wednesday and Thursday of last

The short course was sponsored by the North Texas Sheep and Goat association. Gale Lowrance, president, reported the course was one of the most beneficial meet-

ings of the association, Gray spoke Wednesday night on "Diseases and Parasite Common to Sheep." He brought out differ- Iowa Park. Fred Fitzhugh, 63, who died on ent ways of controlling these harm-

> Thursday night the dealt mainly First Methodist church of Petrowith grading of wool and feeding lia on Friday, April 20 with Rev. of lambs. He also gave some good pointers on marketing and buying back replacements.

A social hour was enjoyed after the study session by the twenty members prehent.

Next regular meeting of the NTS&GA will be in the agriculture building here March 8. Anyone interested in sheep or goats is invited to attend.

Odessa are here visiting their parents Mr. and Mrs. Lloyd Lowe and Mrs. J. A. Pautsky. Weldon recently received a back injury while at work. Miss Ruth Mary Dale, daughter

of Mr. and Mrs. Fenton Dale, was among the 42 new pledges of social ration. sororities at TCU, Fort Worth. She pledged Pi Beta Phi, one of the stronger national sororities.

Mr. and Mrs. C. L. Clingman were in Weatherford over the weekend visiting relatives.

### Rauschuber and Crawford Enter Council Race

Official deadline for filings in the city election to be conducted here the first Tuesday in April is Saturday noon, March 3.

To date, only one candidate has filed for mayor and for city secretary. They are R. E. Van Horn seeking his third term as mayor; and Miss Dosia S. Smith, asking re-election as city secretary.

Also seeking another term are Aldermen Lavere Thompson and Harrel Sullivan. With three positions to be filled there are two additional candidates: Dr. L. A. Crawford and Frank Rauschuber. Charles Metz and W. J. Beasley jr. are holdover aldermen.

### Fox Enters Well Service Business

Bobby Fox, a well known young man of our community, has established the Bobby Fox Well Service in the Arch Hughes building at 101 East Poe. This new concern specializes in rod and tubing busi-

Bobby has had several years experience in this work and offers to give the best of service. A graduate of Electra high school he served in the army during

World War II. In 1946 he married Miss Norma Jean Brown, daughter of Mr. and Mrs. Steve Brown, They have two daughters: Brenda, 4, and Janet, 2. Their home is at 809 North Pa-

cific. Mr. and Mrs. Fox are active

workers in the Church of God.

### t Austin. A large gathering of Hawk fans Park Students Win Honors

Four students from Iowa Park have received invitations to become members of scholastic honor societies at Midwestern university.

Jean Sargent and Ben Huckaby have been invited to become members of Alpha Chi, national honor society for juniors and seniors. The number is limited to 10 per cent of the graduating class.

June James and Don Owens have become eligible for Phi Theta Kappa, honorary society for freshmen and sophomores who make a 2.5 grade average or higher.

### John Mahler to Wed Miss Starnes

Mr. and Mrs. Forrest P. Starnes of Petrolia are announcing the engagement and approaching marriage of their daughter Mary Louise to John Edward Mahler, son of Mr. and Mrs. Herman Mahler of

The couple will exchange vows in a candlelight ceremony at the Don Jopling, cousin of the bride, officiating. Mrs. Travis Fore jr. of Wichita

Falls is to attend the bride as honro matron. A duet of bridesmaids consists of Mrs. G. W. Cope and Miss Mary Johnston, both of Wichita Falls. Candles in the nuptial space are to be lighted by Misses Rhonda Gay Mitchell of Frederick Okla., and Carolyn Sue Donnell of Widhita Falls. Mr. and Mrs. Weldon Pautsky of

Tom Huckaby of Norman, Okla., is to be best man for the groom. Other masculine members of the wedding party include Burk Scott and Don Lowrey, both of Iowa Park.

The bride-elect is a graduate of Petrolia high school and is employed with Panhandle Oil corpo-John is a graduate of Iowa Park

High School. He served an enlist-

ment in the navy and is now attending Midwestern university. The couple plan to establish residence in Wichita Falls, where he will continue his studies.

> THE STATE OF TEXAS To: John Robert Barry, if deceased, his unknown heirs, Defen-

dants, Greeting:

You are hereby commanded to appear before the Honorable 89th District Court of Wichita County at the Court House thereof, in Wichita Falls, Texas, at or before 10:00 o'clock A.M. of the first Mon day next after the expiration of forty-two days from the date of the issuance of this citation, same being the 2nd day of April, A.D. 1956, then and there to answer Plaintiff's Petition filed in said Court, on the 16th day of February, A.D. 1956, in this cause, numbered 57,154-C on the docket of said court and styled Regina Elizabeth Macha and Husband, George J. Macha, et al. Plaintiffs, vs. John Robert Barry, if deceased, his unknown heirs, Defendants.

A brief statement of the nature of this suit is as follows: to-wit: Plaintiffs, Regina Elizabeth Macha, Martha Ann Brown, Mary Margaret Jones and Melvin W. Lewis, allege that they are the owners of the following described land situated in Wichita Falls, Wichita County, Texas, to-wit:

All of Lot No. 10 of the J. M. Isley Subdivision of a part of Block No. 241 of the Original townsite to the City of Wichita Falls, being in the J. A. Scott Survey No. 16, Abstract 306, Wichita County, Texas;

that John Robert Barry, a single man, named Defendant herein, formerly held an undivided 1/3 interest in the above described property; that he is dead; that he died intestate; that he left Wichita Falls, Texas, on or about April 10, 1931, with the intention of returning and has never been heard of since and under the facts alleged Plaintiffs assert that he is dead, and judgment is sought decreeing the said John Robert Barry to be dead and establishing his lawful heirs and also decreeing title to the above described property to be good in Regina Elizabeth Macha, Martha Ann Brown, Mary Margaret Jones, and Melvin W. Lewis.

If this citation is not served within ninety days after the date of issuance, it shall be returned

The Officer executing this process shall promptly execute the same according to law and make due return as the law directs.

Issued and given under my hand 1956.

Attest: (SEAL) FLORA COBB, Clerk, 89th District Court. Wichita County, Texas. By Wayne Wiggins, Deputy.

#### Homemakers

By Ann Vestal, reporter Since the first semester we have had three presidents. Mary Skinner is now our president and Rebecca Callaway is vice-president. Other officers are the same.

Monday, Feb. 20, the FHA met in the homemaking cottage. We chose Mary Skinner, Delpha Keiningnam, Rebecca Callaway, Barbara McKenzie, Francine Faulkner to accompany Mrs. Wolfe to Stephensville on March 2 for the area meeting.

Others will leave on the bus Saturday morning at 6:30. Voting delegate will be Dorothy Lee. After the meeting, the girls went to the auditorium to practice the

songs which will be sung at the

Stephensville meeting.

#### Christian Science

Entitled How Christian Science Blesses the Individual and

the Family

Arnold H. Exo, C.S.B. of Chicago, Illinois

The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts

The lecturer spoke substantially

Christian Science blesses family and home by revealing "the nature, essence, and wholeness" (Science and Health, p. 465) of God.

That which makes a dwelling place ". . . the dearest spot on earth, . . . the centre, though not earth. the boundary, of the affections" (Science and Health, p. 58)—as Mary Baker Eddy, the Discoverer and Founder of Christian Science, has so aptly described home-consists primarily of qualities such as order, joy, purity, harmony, and an understanding love.

These qualities do not and cannot have their origin in material things, such as building materials, furnishings, and broad lawns. The order, joy, purity, harmony, and understanding love which make your home and my home "the dearest spot on earth" are reflections of God, who is Spirit. Therefore these qualities are spiritual and, like all things real, they are limitlessly available, useful, and practical, enriching our whole human experience.

Perhaps some of you might be saying to yourselves, "If the re-flected qualities of God which will bless my whole human experience, including my home and my family life, are limitlessly available, useful, and near at hand, why do I metimes have such difficulty in discerning and utilizing these qualities?" The answer might be clearly enough what God is, hence what His qualities are, and the ever-availability and usefulness to you of these qualities in making your home a better home and your family life a happier one. For example, Christ Jesus said that in order to demonstrate the godly quality of eternal life it was necessary to know God, Life, aright. Said the Master (John 17:3), "This is life eternal, that they might know thee the only true God, and Jesus Christ, whom thou hast

Christian Science Explains God What is God? That is the important question. Have you ever asked it of yourself? If so, are you satis-fied with your answer? Do your nome, your body, your family relationship, your daily activity outside your home, whether it be in office, school, store, factory, mine, or on a farm, indicate, at least in a degree, that you are beginning to know the "only true God," thereby are able to more readily discern and demonstrate the qualities of God which will bless you

and your family? One of the main purposes of Christian Science is to so simply and thoroughly declare God aright that all who are earnestly seeking o know Him may learn what He is and be blessed in their understanding. Based on what she herself proved to be true, Mary Baker Eddy has written in the Christian science textbook, "Science and Health with Key to the Scriptures' (p. 466), "Science will declare God right, and Christianity will demastrate this declaration and its divine Principle, making mankind better physically, morally, and piritually."

It is by virtue of its Christianly ientific declaration of God, and he resultant "making mankind better physically, morally, and piritually," that Christian Science proves itself to be the promised omforter. Christ Jesus defined this Comforter as "the Spirit of ruth" (John 14:17), which would bide with us forever, teaching us all things.

In Science and Health (p. 465) Mrs. Eddy writes: "God is incororeal, divine, supreme, infinite Mind, Spirit, Soul, Principle, Life, Fruth, Love. . . . Are these terms ynonymous? . . . They are. They refer to one absolute God. They re also intended to express the ture, essence, and wholeness of This shows that God is not bstract, mystic, and unknowable God is knowable because the seven ynonymous terms for Him express lis "nature, essence, and whole-

God, Man's Only Mind That God is Mind is implied by he Scriptures. For example, in saiah we read (Isa. 40:13): "Who

hath directed the Spirit of the Lord, or being his counsellor hath taught him?" The book of Daniel (2:21) states that God "giveth wisdom unto the wise, and knowledge to them that know understanding.

Since God is Mind and He is the only God, it follows, in the line of logical reasoning, that God is the only Mind. Flesh, nerve, brain, matter, cannot think. Physicists have shown that all material substance, regardless of its form, whether it be liquid, solid, or gas, whether it be wood, stone, flesh, or brain cell, is nothing more than a collection of atoms. Physicists have learned that the tiny atom consists almost entirely of space in which rotate minute forces around an even smaller nucleus.

Reason tells us that the space and elements constituting an atom are no more capable of producing a thought than is a bolt of lightning or a rain cloud. If the space and elements of one atom cannot think. the spaces and elements of millions of atoms joined together in the form of a brain and nerve system can never produce one thought or in any way influence or touch Cod and His creation. Matter and material energy, regardless of their forms, are always nonintelligent, because Spirit, God, Mind, Sout, is the only real intelligence, and this divine intelligence can never be in atoms or molecules, because God can never be in matter.

In the Gospel of John are recorded several statements by

Christ Jesus indicating that God, Soul, Spirit, is the only real Mind. hence man's only real Mind. For example, on one occasion the Mas-ter said (John 14:24), "The word which ye hear is not mine, but the Father's which sent me." In Science and Health, Mrs. Eddy, in referring to Christ Jesus, writes (p. 315): "He knew of but one Mind laid no claim to any other; and elsewhere in the same book she states (p. 204), "... in Science it can never be said that man has a mind of his own, distinct from God, the al' Mind."

This fact that God, Spirit, is the only real Mind, hence your only real Mind, my only real Mind, the only real Mind of anybody, is one of the basic teachings of the Science of Christ. It is from this absolute standpoint-that God is man's only real Mind-that the tragic afflictive falsity of minds many

can be uncovered and destroyed. In Christian Science this lie of minds many is called mortal mind In his letter to the Romans (8:7), Paul designated mortal mind as 'the carnal mind," which, said he, "is enmity against God." Since God is Mind, and He is infinite and immortal, there is no room for a finite mortal mind. Therefore this so-called mortal mind, together with all its effects, is an illusion. It has no more reality or existence than its own false, aggressive as-sertion that it exists. Said Christ Jesus of this satanic error of more than one Mind and this error's lying belief in itself (John 8:44). "He is a liar, and the father of it."

Since mortal mind is a lie about God, it can manifest itself only in ungodly ways. That is why mortal mind is the prolific source of all evil, of all that is unlike good-the source of all sickly thoughts, sinthoughts, limited thoughts morbid thoughts, warlike thoughts hateful thoughts. The basis of every wrong act or condition, wherever and whatever it may be. mind lie that God is not the only Mind, Life, Truth, substance, and power-that He is not all. Hence, when we erroneously accept the belief that God is not the only simultaneously allov mortal mind to act as our mind We permit mortal mind's lying thoughts to parade as our thoughts and wrongly influence us. Mortal mind, operating as our thinking makes us believe that we live in matter, and that our human existence is filled with evil thoughts. acts, lack, sickness, culminating in The only remedy for this awful

tragedy being perpetrated on man-kind is in the Science of Christianity, as taught and demonstrated by Christ Jesus, and as made available to this age by Mary Baker Eddy in her discovery of Christian Science. Christian Science enables us to know and prove the truth about God. Spirit, Mind, and to thus find the truth about man as the perfect reflection or manifestation of God, in whom there is no evil, no lack of good, no sorrow. In Science and Health Mrs. Eddy states (p. 469): "The exterminator of error is the great truth that God. good, is the only Mind, and that the supposititious opposite of infinite Mind-called devil or evil-is not Mind, is not Truth, but error, without intelligence or reality. There can be but one Mind, because there is but one God; and if mortals claimed no other Mind and accepted no other, sin would be un-

Mortal mind, and never person is always the culprit, and mortal man is always the victim. It is always mortal mind that is sick that is sinful, that is limited, that is sorrowful, that suffers. Mortal mind is the error from which we are saved by claiming God as the only real Mind, and by reflecting or expressing divine Mind in our thoughts and lives.

#### Having One God, Mind, Brings Harmony

Matrimony is much more likely to be a lasting manifestation of love when one or both of the contracting parties recognize that God is Mind, hence their only Mind, because the great I AM is their only God. With one Mind, and that God, good, there can be no manifestation on the part of either husband or wife of such mortal mind evils as sensitiveness, jealousy suspicion, domination, or selfishness. Instead, every incident of the daily relationship between husband and wife will exemplify. renewal of the sacred marriage vows. In such an atmosphere, respect and growing affection be-tween husband and wife will be the invariable rule, promoting hap piness in the home and the fami In Science and Health Mrs. Eddy

says (p. 61), "The scientific

morale of marriage is spiritual

Family strife is an evil, blighting oy and health, and too often lead ing to divorce-a problem which today is needlessly ensnaring many fine husbands, wives, parents, and innocent children in bitter sorrow and disappointment. United homes and families are a higher human demonstration than are broken homes. Having God as one's only Mind is the means, potent beyond all others, in maintaining a harmonious marriage and a happy home. This is also the means, potent beyond all others, in maintaining health, peace, and prosperity.

The fact that God is the only real Mind does not cause any memher of a family or any other group to lose his individuality. Not amalgamation but individualization is the law of Mind to each of its unfolding ideas, because Mind, God, is infinitely individual, and God must and does evidence this fact about Himself in the eternality and individuality of His children The individuality of each idea of God is forever established, and never merged with that of any other individual spiritual idea. This spiritual law of man's eternal individuality should never be lost sight of in the relationship between husband and wife or between parent and child. A respect for the individual rights of each member of the family promotes the happiness and health of the members of the family and also increases affection and co-operation between them.

Divine Mind the Only Healer

That family wherein one or more members are, to the best of their ability, actively claiming God as their only Mind, is much more likely to be healthier than otherwise would be the case. The unfailing preventive and curative medicine used by the Master was the divine Mind, God. Said Christ Jesus (John 14:10), "The Father that dwelleth in me, he doeth the works."

Christ Jesus did not prescribe drugs, diet, materia medica, or material hygiene in order to heal and neither does Christian Science. The only healing power a drug could possibly possess is in mortal mind's false belief that its medicine can heal. To accept mortal mind's suggestion that drugs and material methods are efficacious in healing lessens one's ability to heal or to be healed by Christ's method of healing. Christ Jesus healed on the basis that the only Mind, God, does the healing. Mrs. Eddy healed on the same basis as Christ Jesus healed. In explaining how Christian Science heals physical ills, Mrs. Eddy writes (Science and Health, Pref. "The physical healing of Christian Science results now, as in Jesus' time, from the operation of divine Principle, before which sin and disease lose their reality in human consciousness and disappear as naturally and as necessarily as darkness gives place to light and sin to reformation."

Christian Science reveals that all disease is the objectified state and activity of mortal mind's false be-lief that God is not the All-in-all that infinite Spirit is not the only Life, substance, power, and intelli-gence. The one Mind, God, never believes a lie, but does understand that He is perfect and All, and that His creation can have no quality underived from Him. Hence when we claim God to be the only Mind, the lie of mortal mind that God is not all begins to lose its reality and begins to vanish from our sciousness. When the false belief in disease, inharmony, and fear, of evil is no longer accepted, the outward manifestations of the false belief-disease and inharmony in the home and outside the homediminish and then vanish. Thus the logical reme ly for disease and inharmony is to stop believing mortal mind lies about God and man, and to rise into the spiritual understanding of what God is, of what man is as God's reflection, and of the inseparable relationship

between God and His reflection. Such spiritual understanding cannot come from material, mortal mind, which at best is only an illusion. Light can never come from darkness, the absence of light. Only the divine Mind, God, can impart the understanding of the things of Spirit, the perfection of Soul, and the law and order of Principle, because God is the only Mind ( If Christ Jesus had attempted to utilize, as healing agents, such phases of mortal mind as uggestion, hypnotism, or psychiatry, he never could have raised Jairus' daughter. or the son of the widow of Nain, or himself, or Lazarus. Nor could he have stilled the tempest, walked on the water, multiplied the loaves and fishes, restored the palsied hand, sight to the blind, hearing to

the deaf, and healed the ten lepers. The Master could not and did not cast out the devils of false belief by replacing one false belief with another. Rather, he claimed God as his only Mind and let the inspired ideas which ceaselessly flow from divine Mind dissipate the false beliefs originating in the counterfeit mortal mind-false beliefs apparent as all forms of sin, disease, and death. Said Christ Jesus (Matt. 12:28), "I cast out devils by the Spirit of God." It is on this same basis that Christian Science casts out evil and error of all kinds Mrs. Eddy s.ates (Science and Health, p. 482): "Christian Science is the law of Truth, which heals he sick on the basis of the one Mind or God. It can heal in no other way, since the human, mortal mind so-called is not a healer but causes the belief in disease."

The preventive and curative medicine of divine Mind and the medicine and drugs of mortal mind are antipodes, with nothing in common The methods of matter and of mortal mind are not the methods of Christ Jesus and of

### An Example of Christian Science Healing

About four years ago a friend of mine, a Christian Scientist, accidentally crashed through the glass door of a china cabinet. A jagged piece of broken glass cut a deep wound in his neck. The members say unto you, Lift up your eyes, and look on the fields; for they are white already to harvest."

started home immediately. route they prayed earnestly, acknowledging God, good, as superior to any accident or its consequences. Before the family arrived home, frightened neighbors, in their desire to be helpful, had summoned a doctor. When the family members reached home, they explained to the doctor that both they and the injured man were Christian Scientists and for that reason would handle the situation in accord with the teachings of Christian Science—that is, they would depend entirely upon God, Mind, as the only healer.

of my friend's family, who are also

Christian Scientists, were away for

the afternoon. When notified, they

The doctor, a kindly man, as are most members of the medical profession, stated that the wound was a serious one. He stated that unless the extensive medical and surgical measures which he outlined were carried out, serious consequences would result from blood loss, severed nerves, and other complications. The Christian Scientists thanked the doctor for his kindness in coming and asked to be left alone with the injured member of the family. When the house was cleared, a Christian Science practitioner was called and came to the

The family members and the practitioner declared audibly that the divine Mind, God, is the sufficient remedy for every emergency that man's real life is not depend ent upon blood, but is the necessary and unceasing reflection of the Life which is God. With conviction born of spiritual understanding, they knew that the Principle of their treatment was irresistible Mind, God, and not mere human wishfulness or conjecture. They knew, therefore, that their declarations of truth constituted an irresistible law of annihilation to the mortal mind beliefs of harmful consequences from any accident, whether such false beliefs were formulated by materia medica, as voiced by the physician, or formu-lated by preponderant world superstitions and fears, as expressed by the neighbors. Basing their declarations of truth on the inspired Word of the Bible, these Christian Scientists declared that no idea of God could ver be subject to laws of matter, flesh, or accident—that matter laws were false because they were not of God. The Scientists declared that these false laws were powerless, without present or future harmful effect, because God's law of harmony and perfection is the only law.

Audible prayer of this kind was continued. In less than an hour the injured man felt strong enough to move about the house, although the doctor had said that the patient would not be able to move himself for several days. A simple bandage was tied around his neck. For the next two or three days he re-mained indoors. After that he gradually resumed his accustomed activities. In about three weeks bandaging was no longer necessary. The wound had knit completely. Each day during this period a Christian Science absent treatment was given by the prac-

In the four years since this healing there has never been any slightest evidence that the severed tissue, blood vessels, and nerves were not perfectly joined and functioning properly. In this example of Christian Science healing is seen the truth of the Psalmist's declaration (107:20), "He sent his word, and healed them, and delivered them from their destructions."

#### Christian Science and Children

What a happy place is that home where the only medicine is the di-vine Mind, God. This desirable state of affairs must be especially agreeable to the innocent youth who, not having been instructed in popular beliefs about sickness and material remedies, is content to depend upon God, who is Mind and Love, for protection and healing. In such a home the mother does not anxiously fear and look for symptoms of disease. This does not mean that a Christian Science mother is negligent of her child Quite the contrary. It means that she is attentive, but in a way which does the child the most good. The Christian Science mother does not plant disease in the child's thought by her own unwise words and acts. Nor does she spoil the child by too wrong kind.

much attention and care of the Christian Science strongly emphasizes that the moral and spiritual education of children is both a privilege and a sacred obligation of the parents. The Sunday School and institutions of learning have their important role in the religious and academic training of the child But it is primarily at the parental knee and around the family fireside that a love for and an understanding of God is planted in the child's receptive thought. By their example the parents are in the best posi tion to demonstrate to the child how this right understanding of God governs and sustains mortals at all times, how rectitude overcomes temptation, how Christly dominion overcomes fear t how kindliness overcomes unkindliness how to return good for evil. Children thus reared are less likely to become involved in juvenile delinquency or, in their mature years in irresponsible adult behavior.

It is in the home, under the watchful eye of loving parents. that the seeds of such moral qualities as perseverance, temperance, honesty, trustworthiness, industry dependability, and meekness a successfully nurtured. When such qualities flourish in the child's thought, they help him to become a successful citizen. His acts will be a credit to God, to himself, to his family, and to his community.

Spirit, God, the Only Substance

Sometimes a tack of sufficient means to maintain even modest living standards causes much discord and unhappiness in a home To such a family Christian Science has a practical message of hope In the words of the Master, Christian Science says (John 4:35): "Say not ye, There are yet four months, and then cometh harvest? behold, I

Mind's inspired ideas are always vailable for those who lift up their eyes from the contemplation of limited matter as substance. Right now is the day of salvation, of freedom from lack and wantnot four days from now, or four weeks from now, or four months from now, or four years from now, or four decades from now. Right now God, good, is all and real, and error is nothing, powerless, and unreal. In Science and Health (p. 227) we find these enlightening words: "Citizens of the world, accept the 'glorious liberty of the children of God,' and be free! This is your divine right. The illusion of material sense, not divine law, has bound you, entangled your free limbs, crippled your capacities, enfeebled your body, and defaced the tablet of your being."

The primary need of anyone who has a chronic or an occasional fi-nancial struggle is not for more money, is not for more matter, but for more spiritual understanding, more lifting up of thought to look beyond the limitations of matter, to discern God as infinite substance, always infinitely available right now as Love's inspired, reflected ideas-ideas which always abundantly meet every human need. In her book "Miscellaneous Writings" (p. 307) Mrs. Eddy states, "God gives you His spiritual ideas, and in turn, they give you daily supplies."

Spiritual inspiration evidences the ceaseless and irresistible activity of the divine Mind, God, man's only real Mind. When we are spiritually inspired we are not tempted to let our reasoning come to a halt within the false limits of what matter presents as supply. With God as our only Mind, we are able to look beyond what the five physical senses are capable of beholdingto look beyond a little pay envelope and a small bank balance to discern the omniscience, omnipotence, and omnipresence of Spirit, God the limitless, perfect, and only real substance, which is always available to us as divine Mind's inspired, reflected ideas. How many families in this day and age, like the Zarephath widow

of old, fearfully look down at their little instead of confidently looking beyond the limiting confines of matter into the ever-present supply provided by the inspired ideas ceaselessly flowing from the all-knowing Mind, God! As related in the seventeenth chapter of Kings, when Elijah, the Tishbite prophet, approached the city of Zarephath, he saw a widow woman of that city. He asked her for a "morsel of bread." But the widow had not yet glimpsed the spiritual fact that limitless substance is inspired consciousness, Mind, Spirit, bountifully supplying all needs through its reflected, inspired ideas. Instead the widow replied that she did not have bread, but only a little meal and a little oil with which she planned to bake a loaf and, with her son, eat and die. Inevitably a limited, mortal mind sense of substance is also a limited, mortal mind sense of life, of health,

of joy, of good. Elijah said to the widow: "Fear not. . . . For thus saith the Lord God of Israel, The barrel of meal shall not waste, neither shall the cruse of oil fail." When God's spoken by Elijah, had rebuked the widow's fear that a little meal and a little oil held the issues of life, she became humble and confident enough to obey the word of Elijah. The record concludes "She went and did according to the saying of Elijah: and she, and he, and her house, did eat many days. And the barrel of meal wasted not, neither did the cruse of oil fail, according to the word of the Lord, which he spake by Eli-

Christian Science Dispels Fear In healing the widow, Elijah told her to "fear not." How often Christ Jesus detected fear in the thoughts of those who lacked health, supply, and joy, and begar his treatment with, "Be not afraid." Fear is a manifestation of mortal mind belief that evil is real, that there is or can be a presence and power, a substance, intelligence and life apart from and opposed to God, infinite good. Fear blinds and binds men. Fear

hides from mortals the fact that God is the only Mind, and thereby keeps mortals from discerning the inspiring ideas of divine Mind and utilizing these ideas in the demonstration of health, supply, a better home, a more prosperous business Just as fear mesmerizes individuals, it mesmerizes groups of individuals, such as nations, into sacrifreedom of individual thought and action in order to gain a fancied security through such material modes as regimentation But unless people have freedom of thought and action there can be no security, because there is no security without freedom. The most secure man is the freeman, not the bondman

#### Christ Jesus

It is the Christ, the Son of God. the manifestation of God, Mind, which comes to the human consciousness and destroys thereir the false beliefs about God-beliefs manifest to the five physical senses as fear, bondage, lack, limitation, sorrow, unhappy homes, sluggish business, and similar evidences of mortal mind. The Christ is the Messiah or Saviour. In Science and Health Mrs. Eddy makes this helpful statement regarding the nature of the Christ (p. 332): "Christ is the true idea voicing good, the divine message from God to men speaking to the human consciousness. The Christ i incorporeal, spiritual, -yea, the divine image and likeness, dispelling the illusions of the senses; the Way the Truth, and the Life, healing the sick, and casting out evils, destroying sin, disease, and death.

Jesus wa the son of the Virgin Mary. He was endowed with the Christ-the healing inspiration of Mind, God-without limitation This Christliness enabled the Master to do his incomparable works As we claim God as our only Mind

the healing Christ will animate us enabling us to heal as Christ Jesus commanded we should heal. In Science and Health (p. 333) we read: "Throughout all generations both before and after the Christian era, the Christ . . . has come with some measure of power and grace to all prepared to receive Christ, Truth. This preparation consists—as St. Paul writes in his letter to the Philippians (2:5)—in letting "this mind be in you, which was also in Christ Jesus."

#### Discoverer, Founder, World

Benefactor The Principle, rule, and method of Christian Science Mind-healing s Christ Jesus taught and practiced it, is fully set forth in the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mrs. Eddy. From this textbook and from the King James Version of the Bible citations are chosen which comprise the Christian Science Bible Lesson-Sermons. Sermons are studied during the week by students of Christian Science, and on Sunday are read from the pulpits of Christian Science

When Christian Scientists say that they are grateful to Mrs. Eddy for her unselfish lifework, they do not mean that they worship Mrs. Eddy, Quite the contrary. In accord with her explicit instructions, Christian Scientists, who are grateful to Mrs. Eddy, show their gratitude by following her leadership in worshiping God intelligently and letting their lives and healing work attest their gratitude for the many blessings received by reason of this

intelligent worship of God.

The magnitude of the lifework of Mary Baker Eddy will become more and more apparent to mankind as the Christian Science she discovered, the movement she founded, and the activities and rules she established become better understood and accepted in the hearts of men. Christian Science alone of all mankind's discoveries since the Master's ministry—that ministry upon which Christian Science is based—gets at the root of mankind's problems, be they indi-vidual or collective. This evil root is either a false concept of God or

The import of Mrs. Eddy's mission is that you and I, and the whole world, may know God aright and thereby be able to follow in the Master's footstep, healing as he healed. Of Mrs. Eddy it has been written (Mary Baker Eddy: Her Mission and Triumph by Julia Michael Johnston, p. 179): "...she gave the world comprehension of Christian healing and its Science of redemption.

#### Scientific Prayer Essential

It would be a mistake indeed to imagine that in order to demon-strate the blessings which come to nome, family, and business through Mrs. Eddy's lifework, all one needs to do is to repeat such statements as "God is my only Mind," or "God is infinite substance," or "Mind's ideas give me daily supplies." These statements are true and helpful. But to make God's abundant qualities our own is much more than a matter of words. It is a matter of prayer and daily Christian living.
Prayer is inspired communion

with God. It is the spiritual understanding and acknowledgment that od is the only Mind Life Truth Soul, Spirit, substance, intelligence Principle, Love, power, and lawgiver, that, as is stated on page 587 of Science and Health, God is "the all-knowing, all-seeing, all-acting, all-wise, all-loving." It is the inspired acknowledgment that spiritual man is God's expression and evidence of what God is, and that this truth about God and man cannot fail to annihilate the mortal mind lies about us, whatever these lies may be. In referring to the Master's always successful prayers, Mrs. Eddy states (Science and Health, p. 12): "It is neither Science nor Truth which acts through blind belief, nor is it the human understanding of the divine healing Principle as manifested in Jesus, whose humble prayers were deep and conscientious protests of Truth,-of man's likeness to God and of man's unity with Truth and Love.

One error, which renders our prayers unprofitable, is that ... praying to a distant god. A god who could be a distant god is not the infinite, omnipresent God, but a limited god. To pray to a limited god, if there could be such a god, would only add to our limitations instead of wiping them out.

By revealing the nature and essence of God and the God-derived nature of man as the reflected image and likeness of God, giving identity to every godly quality, Christian Science makes it demonstrably plain how natural it is for us to be joyous, healthful, and successful right now, not at some uncertain time in the future. Christian Science reveals that right now God's blessings are as limitlessly available to individuals and families as when the Master taught in Judea and Galilee, and health and supply were immediately made manifest to those who were willing to listen and to accept the Christ, Truth. Right now God, Spirit, Love, is

man's only real Mind. Therefore,

right now each one of us possesses

unlimited intelligence whereby to make and to maintain his home as the "dearest spot on earth" (Science and Health, p. 58). Right now God is omnipotent Principle, everpresent Truth, the only lawgiver. Therefore right now God's law "I am All" (No and Yes, p. 30), is the absolute law of peace and harmony in the affairs of men and of nations. Right now God is man's only Soul and Life, the substance which is Spirit inspired consciousness. Therefore, here and now it is possible for us to demonstrate health ful bodies, abundant supply, and economic security. Spiritual man is God's untarnishable, indestructible glory, because eternally "God expresses in man the infinite idea forever developing itself, broadening and rising higher and higher from a boundless basis" (Science and Health, p. 258).

### From where I sit ... by Joe Marsh

Do-It-Whose-Self?

Monk McCarthy's almost as good at publicity stunts as he is at servicing and repairing carswhich is pretty darned good.

His latest gimmick is a handbill titled: "Do-IT-Yourselfers! Why Not Grease Your Own Car?"

Then he follows with two paragraphs about all the greases you'll need-the full set of wrenches, spray gun, grease gun, four jacks-the ability to work flat on your back with a face full of goo. And at the very end there's this line: "Or, if that's too much trouble, we'll do the job for 75¢."

From where I sit, I'll have to admit Monk's schemes attract attention. They often seem farfetched to me, but he and I always had different opinions on how to run a business-just as we have different opinions about what's the best beverage. He likes hot tea-I prefer a glass of beer-which doesn't keep us from having a "smooth-running" friendship.

Mrs. Gale Lowrance gave the devotional: "God's Geography." Mrs. L. Shelton brought highlights of Presbyterian mission work in Africa.

Mrs. Clarence discussed the work in Brazil, and Mrs. Abernathy gave information on the work in Portugal, Japan and Mexico.

A brief review of the book "They Reach for Life" was given by Miss Clara Lowrance with Miss Mina Troutman and Mmes. Locke Lowrance, J. B. Ridenour, L. Lovelace, L. Shelton and Florence Sherwood

Appropriate hymns were used, with Mrs. W. G. Steele, organist, accompanying. The meeting was closed with prayer by Mrs. Aber-

A luncheon was then enjoyed by the 19 members present.

Cynthia Thornberry, daughter of Mrs. Esther E. Thornberry of Iowa Park, is one of 30 NTSC co-eds named to pledge Green Jackets service organization in a candlelight tapping ceremony. Cynthia is a sophomore English major and member of Future Teachers of

#### CARD OF THANKS

I wish to express thanks to my many friends who sent cards and flowers and words of kindness during my recent illness, God bless each of you and your families. R. E. Waters

# The Ford V-8 is the Largest-Selling "8 in the World!

やまます

Look at the final registration figures for 1955:

Ford V-8.....1,354,984 Car C ..... 725.546 Car P ..... 295.567

Here's why: right today . . . in Fordomatic Fairlane and Station Wagon Fords you can have the sensational 225-horsepower Thunderbird Special V-8 engine! You get more GO for less "dough" than ever before . . . in the car that's cooling off the hot ones! If you prefer a Fordomatic Mainline or Customline

Ford . . . you can now order any model in these distinguished lines with the famous 202-h.p. Thunderbird V-8 engine. deeper, more rigid "Y" shaped block,

Another thing is build. With the Ford V-8's are built to run smoother, longer. And that's just one of the many V-8 advances that have sprung from

Ford's 24-year experience in building more V-8's than all other makers combined have ever built.

Top all this advanced power off with years-ahead styling and Ford's Lifeguard safety features . . . and you've got the "eight" that more and more people want (and are buying). Try it!

More than ever-IT'S AMERICA'S WORTH-MORE CAR!

Since 1913

TEXAS ELECTRIC SERVICE

Your most precious fabrics . . . your gaily colored aprons, wash dresses, sport shirts and luncheon sets keep their fresh

"showcase" look when you use an Electric Dryer. They won't

be faded by clothesline drying, nor will dust or soot dull their beauty. Tests show that even after 20 dryings with electric

heat, most colored tabrics stay as bright as new. This means

your colored washables look better and last longer. And, of course, you save all the monotonous, tiresome work of clothesline drying when you have an automatic electric dryer!
