FEB. 22 IS U. S. ARMY RESERVE DAY IN TEXAS!

**STRENGTH IN RESERVE**

**YOUNG MEN WANTED**

UNCLE SAM needs young men for his peacetime Army of Reservists. YOUNG MEN need what Uncle Sam has to offer.

Strong nations seldom are attacked. It is only when a nation becomes weak, when its military strength is at a low ebb . . . when its men are untrained for battle . . . that an enemy strikes. To keep peace — keep strong. For a nation to maintain military might it must have a large, well-trained Ready Reserve — well versed in the latest in military know how and equipment.

It is up to the young men of America to provide this manpower. Under the Reserve Forces Act of 1955 American youth may continue in school with a minimum of interruption, while serving in the U.S. Army Reserve.

Evening Lions club was entertained by the Al-Ku-La-Na or "Bright Eyed" Camp Fire group and their leader Mrs. Burk Scott sr. at their meeting Tuesday evening in the Christian church dining room.

Each girl introduced herself and told her Indian name and its meaning. The group explained Camp Fire laws in Indian symbols and sang the Camp Fire song, accompanied at piano by Elaine Sawyer.

Mrs. Scott told of Camp Fire work here and expressed appreciation of the Evening Lions for sponsoring Camp Fire and Blue Birds.

Taking part in the program were Linda Robertson, Betty Engledow, Sherye Compton, Donna Reid, Jo Cowden, Paula Gilliland, Suzy Short, Angela Scott and Elaine Sawyer.

After the program the girls sold candy to the members. The club responded 100 per cent in purchasing the candy, proceeds of which go to Camp Letoli and to the local and district units.

The club voted to meet only twice a month—the 2nd and 4th Tuesday evenings—in the Christian church dining room.

W. A. George resigned as a mem-

ber and director. Luther Skinner was appointed as director and finance chairman to fill the vacancy on the board.

Johnny and his parents were brought to Austin especially for the dinner, at which Colonel Homer Garrison (left), director of the Texas Department of Public Safety, was the principal speaker. Denney also received a Frigikar air-conditioner for his car or truck, shown at center. At right is W. E. Grace, general manager of Hobbs Trailers, which together with the Texas Safety Association and the public safety department's License and Weight Division sponsors the program that singled out 99 truck drivers for courteous acts on Texas highways last year.

#### New Electronic Device Creates "Third Ear"

PALO ALTO, CALIF.—Science now gives the world a "third ear" by use of miracle transistors not much bigger than the eraser on an ordinary lead pencil. These tiny electronic giants are the powerhouse behind a new invention that amplifies the sound in telephone receivers up to 7 times!

Known as Tel-O-Aid, this new device instantly fits over the receiver of any telephone and is held securely in place by a spring clip. "Tel-O-Aid," according to its inventor, Dr. G. R. Fisher of Fisher Research Laboratory, Inc., here, "opens a new vista of sound for those who rely on telephone conversations either in business or as a means of everyday communication. The hard-of-hearing will find it especially helpful."

Full unit weighs a mere 3 ounces and easily fits in pocket or purse for use wherever you are. Power is supplied by three tiny batteries designed to last a full year.

#### LINE UP FOR INSPECTION BEFORE THE DEADLINE!

Inspection time is here again. To avoid the last minute rush before the April 15 deadline, take your car or truck to an inspection station now.

Inspection consists of checking the horn, brakes, windshield wiper, headlights, tail-lights, stoplight and license plate light. Commercial vehicles have additional lights and equipment that also have to be checked.

Three years ago 50 per cent of the vehicles required repair before they passed inspection. Now only a third require repairs.

Inspection stations are not now crowded, but they will be if we all wait until near the deadline of April 15 to have our vehicles inspected.

From where I sit... by Joe Marsh

### She Knew It All The Time

Chances are, long ago your grandma knew how to keep you from catching cold. Mine did. "Stay out of drafts," she'd warn. "Bundle up. Don't get wet."

Then, maybe, when you grew up you found that the old lady's theories were considered old fashioned. Germs were the thing—and the way to avoid a cold was to avoid infection by somebody who already had one.

Now I read where scientists aren't so sure. Germs carry a cold, of course, but they now believe something else "sets it off"—something like drafts, wet feet

or going without your muffler. Grandma, take a bow!  
From where I sit, there's liable to be sound reasoning behind the old customs people believe in. "Early to bed, early to rise," for instance—or the practice of drinking hot milk or a glass of beer at bedtime. I'm not saying you ought to hold with these beliefs yourself... but you'd better get the facts before giving them the "chill."

Florence Gallagher, who copped the 1956 Miss Chicago crown, has started a 10,500-mile coast-to-coast trip for traffic safety. She'll use her prize-winning charms to urge driver training in schools to teach new motorists correct attitudes and habits. ## Seniors....

Last week a party was given at Boy's home honoring Jerry Gelsert. Everyone had a nice time.

Play practice seems to be falling on Monday nights. We look forward to this too. Don't forget the date of the play, "Meet Arizona," has been changed to March 16. This is going to be a good play.

Tickets are now for sale. See Barbara, Roberts, John or Mary Ann.

All Srs are proud of Thurman. He is the highest scoring basketball player in the district with a 25 point average per game.

Doyle Morgan was selected as 1956 band queen.

After the band banquet Saturday night, a party was held at the Hughes home. Srs and their dates enjoying this gathering were: Norman and Doylene, Loyd and Joyce, Bobby and Joan, Bruce and Sandra.

Basketball boys played Lockett, Tuesday this week in the first of three games to determine District champs Thurman was high point man with 44.

A question has been asked as to whether one of our Srs is married. If so, congratulations, Delos and La Verne!

Gordon, what's wrong? Can't you get Delos to get back to Lockett with you?

Physical geography and Mr. Tim Hughes are bringing back great memories of the Craterville trip last spring. Right, Bill?

Jerry Paul has another car. It's a real snazzy '53 Lincoln. Bet Sue is pretty proud, too.

Sr Favorites are Norman and Doylene. Eddie was elected Mr. I.P.H.S. and Friendliest Boy. Bruce was elected Most Handsome Boy.

During Edwin's spare time he makes model airplanes.  
See you next week.—Sandy.

### Baptist News

Ten Mary Ruth Carney circle members and two guests, Mrs. Floyd White and Mrs. Floyd Browning met at the home of Mrs. Buck Voyles for mission study Tuesday morning.

Mrs. Perry Blaylock conducted a short business session and reported that refreshments had been served to Mrs. Dwain Holmes' Sunbeam Band and to the nursery.

Program leader Mrs. Gibbons Brubaker reviewed the book "World within a World" by Elwyn Means. It is a revealing study of the Moslem mission field, seemingly the most difficult to penetrate by any religious group. Mrs. Brubaker pointed out that with the advent of the "Oil Age" in that country many age-old customs are giving way to modern convenience and much hope is held for the advancement of Christianity in the future.

Plans were made to form a circle book club whereby WMU approved books will be purchased by each member and upon completion of study, be placed in the church library for public use. It is hoped as many as 12 new books can be added yearly to the library using this method.

Refreshments of cake, whipped cream, coffee and soft drinks were served to those mentioned and to Meses. Bill Curry, Cecil Daniels jr., Ray Watson, Lloyd Bell, Leslie Clapp, Malcolm Mills and W. D. Watson.

A former member Mrs. Norman Quantz recently moved to Chicago. Good wishes for her future were expressed by all.

### Democracy in Action

Sixth annual observance of Public Schools Week in Texas will be held this year March 5-10. Purpose is to acquaint all patrons with the program, physical equipment and accomplishments of our public education system.

Slogan chosen for this observance is "Texas Public Schools—Democracy in Action."

Albert May jr. has been named chairman for this outstanding week in Iowa Park. He will be assisted by Miss Ethyle Kidwell, elementary school principal, and James Elms, high school principal.
