United Fund Drive

1956 United Fund campaign here under leadership of Wayne House will open officially Monday, Oct. 15. Advance and special committees have been working since Oct. 1.

A large number of volunteers will be working the next two weeks calling on all citizens to raise funds for six agencies in our area. Goal this year is \$46,000.

This is the first year so many organizations have been included better to contribute one time than have several fund campaigns in Our Town during the year.

Each person is asked to contribute one day's pay to these worthy causes: Boy Scouts, Red Cross, Welfare, Camp Fire girls, USO and Kid Baseball.

These are not all charity, but are organizations that help to train youth into good citizens.

Wayne asks the people not to Several committees from the club offer just pocket change to the volunteer solicitor, but take time to discuss and plan with the family so they can have the contribution ready when the time comes,

Park. W. E. Burkham of Burkburnett

W. E. Burkham of Burkburnett will do the preaching and it is a known fact that he will be preaching the same gospel of Christ that Paul once preached.

Paul spake by the oracles of God, so will this man, Paul taught people how to become Christians and only Christians. You will receive the same teachings. The man just doesn't live who will be able to go away and say that this is a differaway and say that this is a differ-

ent gospel.

To each of you who have been so good to let us come into your homes each week by this medium, we invite you to come and study

with us concerning our souls' sal-The soul of a man is far more valuable than anything in this world because it is eternal. Not so with the things of this life for they shall all soon turn back to dust. I believe all men should be more concerned about where their soul will spend eternity than any thing of this life. I believe this because God's word teaches it to be so. If this was just an idea of mine, it wouldn't be worth much would it? Is everything you believe concerning your soul's salvation based upon God's word? If it isn't it couldn't be worth much. Could it?

We hope to see you each evening at 7:30. We will be happy to know that you were present. with the things of this life for they

Happy Swap

More and more farmers-who badly need hired help sometimes, but can't afford a full-time hand -are making deals with young town workers and the employers

they work for. For instance, young Hap Hooper now lives rent-free on Easy Roberts' farm. In return he works about 100 days a year for Easy-for a farmhand's pay.

The rest of the year Hap works for his "regular" boss . . . Buzz Ellis, the electrician. Buzz just speeds up his business when Hap's on hand-slows it down

when he isn't-and, like Easy, pockets healthy savings in wages.

From where I sit, it's great how people with different backgrounds -and different viewpoints-can co-operate. How about more of us trying that? I live in a townmaybe you're a farmer. I'm partial to a good glass of beer-you may prefer coffee or milk. But we can make things pleasanter by ignoring differences and giving each other a "hand."

Ike Can't Make It Rain, But He's Still Best Man

The other day I asked a farmer if it was dry out his way. He said it sure was. "Looks like we just can't get any rain," he said. "Why, when Noah had his 40-day flood, we didn't get over half an inch." who keeps up with which way the wind is blowing, generally speaking, it's Stevenson, Kefauver and Johnson."

Then he went on to say that he realized the national farm pro-

There's no mistake about it, Texas is having itself a real drouth. Some of the farmers and ranchers in our county are in such bad shape that they may vote for

Old Man Jones, from across the river, said he wasn't going to go to any such extreme. He said he needed rain as bad as anybody else. He claimed water was so scarce in his community that the preacher was baptizing new members with a wet handkerchief. But he was holding out awhile longer, anyway.

"I may be stubborn," said Old Man Jones, "but I just ain't been convinced that President Eisen-hower is keeping it from rain-ing."

He said he knew that Stevenson and Kefauver acted like they thought so, and they had a right to their opinion. Lyndon Johnson, he figured, knew better, but he was sticking with Adlai and Estes for the sake of unity. He said he didn't figure Mr. Sam Rayburn had known whether it was raining or not for the last 25 years.

It is doubt.

Old Man Jones was kidding a little, of course, in his usual way, but I think he had something there. We have got to adjust to peace-time, which is taking awhile but President Eisenhower is working at it. And meanwhile our boys aren't fighting and dying on foreign soil. It's worth thinking about.

"I hate not to go along with such a widely known crowd of weather observers," Old Man Jones said. "If there's anybody

Then he went on to say that he realized the national farm program hadn't pleased everybody—including him. If he was in the White House, he would do things different, at least in our county. He allowed that the \$61,000,000 spent by the Eisenhower administration for drought relief in Texas could have been doubled and still not made all the farmers happy and prosperous. and prosperous.

"But," said Old Man Jones, "I keep remembering that the main reason for our troubles, besides the drouth, is the fact that we are not at war. Now, if Adlai and Estes really want to jump on President Eisenhower, there is a real issue. They've sure got the goods on Ike in that respect. If he hadn't stopped that Korean War, farm prices would be higher, no doubt. I wonder why they never mention that."

Executive board of PTA met Monday night in the home of Mrs. Donald Hill with Mrs. Dwain Holmes as co-hostess.

After the business period Mrs. D. O. James discussed "Teachers and Parents Talk It Over" and What is the Press Doing to Our Teenagers?" Mrs. Gibbons Brubaker gave papers on "Do Parents Teach the Three R's?" and "Agenda for Adolescents."

Discussions on school-age and teen-age problems will be a part of

each executive board meeting. Others attending were Mmes. L. D. Hawkins, Cecil Marquart, Gene Lowrey, James Conway, J. C. Helms, W. M. Owens, Clare Warren, Gilbert Steele, Kenneth Watts; Miss Ethyle Kidwell, Rev. Elden

Soil Conservation

Rescue grass and alfalfa are the best combination for green grass during the winter, says Elvy Sargent, work unit conservations for SCS at Iowa Park.

A. L. Inman, farming six miles west of Wichita Falls, has recently seeded 20 additional acres to the mixture. Inman seeded his first field to these cool season grasses last fall and they grew well enough to justify the increase in acreage.

SOS planting guides list fescue and alfalfa as adapted to slowly and well drained soils having 35 or more inches of moisture available. Seeding should be 15 lbs. of fescue and 5 lbs, of alfalfa per acre. Soils should be tested to determine fertilizer requirements; however if time does not permit this procedure, farmers have used 15 to 30 pounds of nitrogen and 40 to 80 pounds of phosphate per acre. Planting time may be extended to Nov. 1.

Fertilizer should be placed in bands 2 to 4 inches below the seed. Cultipacker type drills usually give good stands.

This crop may be used for grazing 3 to 5 years and then rotated with regular field crops.

DANIEL

It is a common occurrence for a

chiropractor to be called and asked "I have a crick in my back (or neck, or shoulder), can you knock it out for me today?" Further inquiry usually reveals that the person has a definite health problem which he has been treating with little or no results. He doesn't realize the importance of the spine to

ize the importance of the spine to

good health; therefore, doesn't con-

nect that "crick" with his ill-health.

plained of a "crick" which started between the shoulders. In addition

she was unable to turn her head to the left, suffered from headaches,

constipation, insomnia and had had a heart attack two years previously.

A careful spinal analysis revealed the CAUSE of her difficulties and from this analysis the know-how

for a correction of this CAUSE was obtained. This lady received immediate relief for her "crick" but continued with Chiropractic health service until her health prob-

lem was no longer a problem. So do as this lady did. Seek Chi-

ropractic help for that "crick" but let your Chiropractor make a com-

plete correction so that you can enjoy better health.

Can Mean Big Trouble

An electric oven is insulated on all SIX sides to keep heat out of your kitchen

Once you've tried electric cooking, you'll agree that an electric range helps keep kitchens cool and comfortable. Electric ovens are fully insulated - top, bottom and sides - to keep heat inside where it belongs. Electric surface units transfer heat by direct contact with utensil bottoms - little escapes up the sides to heat your kitchen. Find out for yourself how COOL electric cooking can be . . . and enjoy its many other advantages. You'll like its cleanliness, accuracy and economy, tool

For a full measure of cooking pleasure ... COOK ELECTRICALLY See your favorite electric range dealer soon for the model that's exactly right for your family's needs and budget. You'll find electric cooking one of the nicest

6th GRADE 4-H CLUB

When the 6th Grade 4-H club met Thursday at the school building, the group was called to order by Patsy Henderson president.

Secretary Elaine Sawyer called the roll and read the minutes.

Miss Nellie Cobb, assistant HD agent, examined members' yearbooks and directed a demonstration "Let Us Find the Meaning of 4-H." The girls learned how information is passed from national sources through the state and into counties and local units.

Discussion was had of the set-up of 4-H clubs: members, local leaders and counselors. It was agreed that 4-H also stands for a square deal. Miss Cobb then read and explained the 4-H Creed.

Members present were Evelyn Holder, Fay Via, Betty Engledow, F. George, Carl Sullivan, Richey Angie Scott, Patsy Henderson, Abernathy, W. C. Albright, Gene | Connie Bohannon, Elaine Sawyer Owens, T. R. Horine, Jay Laible, and Janet Templeman.

Specializing in Watch Repairing of all kinds. A stock of nationally advertised watches and rings and costume jewelry.

A farmer friend of ours paid Humble's field men a fine compliment recently.

He said, "There's one thing about you Humble people, you close gates."

Well, of course we do.

All of us at Humble want the good will of the folks with whom we do business. And among those folks, the farmers and ranchers who lease their land to us for exploration and production are right at the top of the list.

In fact, you farmers are partners with us in the development of a vital natural resource. If our efforts are successful then everyone involved benefits.

Keeping the gates closed and the fences mended__ things like that are the least we can do.

We know. A lot of us grew up on farms and ranches.

After today, American cars will never be the same again. For the Big New Kind of Ford is a brilliant new automotive package-the one fine car in the low-price field!

We've unwrapped the 1957 Fords!

They're the best Fords of our lives. The power is new-with Silver Anniversary V-8's to fit every horse-

power need

The style is new-a revolutionary, sharp, brilliant, clear-cut design that will stand out in traffic. The comfort is new-a rock-solid

velvet-road ride. The braking is positive — silky smooth when your toe says "whoa." The steering is light and firm.

This is a great automobile, from the large honest dial faces on the instrument panel to the effortless loafing way it cruises.

The new Ford begins with the "Inner Ford." Its new elegance comes from within, from the way its automotive muscles are put together. All the changes are toward more rugged endurance, toward increased power, toward smoother operation. These are the bases for its "Mark of Tomorrow" elegance. This is the one fine car in the low-price field.

There are actually 19 different new kinds of Ford-and no matter which one you choose, it's yours at low Ford prices! How does it look? It's only four-teen hands high-as tall as a child's pony. You can stand beside it and

lean your elbows on its roof. And

it's over seventeen feet long . . . 21

inches wider than it is high! This big new Ford looks like the fun on a travel poster. It's the kind of car that looks sunshiny in the rain. It looks as fresh as morning.

It looks like tomorrow-like the first thing out of Detroit that symbolizes the new Age of Movement. See it at your Ford Dealer's. Give

it your own Action Test. But you'd better leave a deposit . . . for you won't want to bring it back.

Comes In 19 Models

The Big New Kind of Ford

In all models you have your choice of engines, either the great Mileage Maker Six or one of the new Silver Anniversary Ford V-8's. You'll have no trouble choosing Ford - but you'll have trouble choosing which Ford! Six or V-8, the going is great!

A special 270-hp Thunderbird 312 Super V-8 engine available at extra cost. Also, extra-high-performance Thunderbird 312 Super V-8 delivering up to 285 hp.

See the new kind of Ford for '57 at your Ford Dealer's today!... 57 Ford
