Openhouse Sunday To Celebrate 60 Years For A. M. Bedfords

Mr. and Mrs. A. M. Bedford, who were married 60 years ago Thursday, Feb. 2, will celebrate the occasion Sunday afternoon with an openhouse at the home of their son and daughter-in-law Mr. and Mrs. Wilburn Bedford. Friends are invited to call between 3 and 5.

Mr. and Mrs. Bedford are among the few couples who have shared 60 years of wedded life together. On February 2, 1889, at Antelope in Jack county, Miss Cornelia Wallace became the bride of A. M. Bedford at the home of a neighbor. Even though the "groom stole his bride" from her father, as he timidly admits, news of the approaching wedding spread among their friends and about 75 persons surprised them to witness the ceremony.

It seems that everyone was happy except Mr. Wallace, who was very angry. The newlyweds stayed away from her home for several months, when at the invitation of her father they returned "loved and forgiven."

Mr. Bedford has been a cattleman most of his life, until he retired a few years ago. Together he and his wife weathered the storms of pioneer life in different locations, and they can entertain callers for hours telling of their thrilling experiences.

The Bedfords have seven living children, all of whom are expected to help celebrate their anniversary. The children are Walter and Wilburn of Iowa Park; Wallace of Me gergel; John of Crosbyton; Mrs. R. A. Barrick of Fort Worth; Mrs. Guy Morris of Seymour; Mrs. James Parr of Olney. They also have 11 grandchildren, 7 great grandchildren and 2 great, great grandchildren. Five generations will be present Sunday.

Mrs. Bedford's three sisters Mrs. W. J. Robinson of Frederick, Okla.; Mrs. W. E. Bowen of Antelope; and Mrs. H. J. Dodson of Jermyn; and Mr. Bedford's brother W. M. of Burkburnett, will be here also if nothing unforeseen happens. His sister Mrs. Albert Riley of Muleshoe will not be able to come.

600 Pay Poll Taxes, 30 Are Exempted

The Iowa Park sub-station tax collector's office issued 600 poll tax receipts this year and 30 exemptions for youthful first-voters.

In 1948 a total of 498 poll tax receipts were written and in 1949 there were 598.

There seemed to be more interest in voting among the women, and in encouraging their menfolk to pay poll taxes and be prepared to vote.

Social Security Tax Increase Is in Effect

The fact that the social security tax advanced from 1 per cent to 1½ per cent each from the employer and the employer, effective January 1, has caused many to inquire if the law has been changed to tax more than the first \$3,000 in wages earned by an employee in a year, according to Erton F. Tate, manager of the Wichita Falls office of the Social Security Administration.

"The law that only the first \$3,000 in wages paid by an employer to each employee is subject to social security is still in effect," Tate said, "and only an act of Congress will change the law pertaining to the maximum wages to be taxed."

Tate pointed out that all inquiries regarding social security tax matters should be referred to the collector of internal revenue, and that all questions about old-age and survivors insurance benefits should be directed to the social security office at room 412 in the post office building in Wichita Falls.

Crape Myrtle Plants Due Friday Noon; Call at City Hall

Word reached Mrs. Ruth Hill Yeagan, secretary of the C of C, that the crape myrtle will arrive at City Hall at noon on Friday, February 3. All who are to receive the plants should accept delivery Friday afternoon so the plants can be cared for properly.

Sufficient crape myrtle plants will be delivered to the Iowa Park C of C to take care of all persons who ordered through the local chamber of commerce and those who ordered through the Wichita Falls C of C.

Wallander Florist, who is handling these bundles, has agreed to bring enough plants to fill all orders, and give us a day's notice before delivery.

Earle Denny, chairman of the civic activities committee, requests crape myrtle applicants to bring their cards when they call for plants if they ordered through the Wichita Falls chamber.

Chairmen of the city beautification committee, Mrs. E. E. Wallis, south side, and Mrs. T. J. Pace, north side, have agreed to notify persons who ordered through the local C of C.

Best results will be attained by planting the shrubs immediately. If this is not possible, they should be kept moist. Holes should be 18 by 18 and four feet apart, to allow for branch spread.

Ground around should be slightly lower than yard level to form a surface reservoir to keep the plants moist. Plants should be kept well-watered, especially the first several weeks.

Crape myrtle well cared for may be expected to bloom from spring to fall of 1951.

Terral and Jerald Brown. Miss Melva Sue Brown played the piano accompaniment.

After refreshments were served a trio composed of Mrs. Bobby Fox, Miss Melva Sue Brown and Jerald Brown contributed several selections.

Speakers for the occasion were Rev. Kirk M. Beard, Rev. Francis E. Barnes, Rev. M. C. Yeagan, Rev. Ray T. Hill and L. E. Brooks. Each discussed a phase of the subject of brotherhood, giving its over-all picture and its practical working in local churches and throughout the entire town and community. Emphasis was placed on unity in Christ rather than on organizational or theological differences.

A spontaneous offering for the March of Dimes was taken from the 85 persons who attended.

CEMETERY FUND IS DEPLETED, GIFTS ARE REQUESTED

Dave Bridgers was in the Herald office early this week with before and after pictures of Highland cemetery. We agreed to run these pictures and help him call attention to the remarkable change wrought by care and the spending of a little money.

We ARE going to run these pictures, but not this week because they did not get back from the engravers in time.

We will not attempt to draw for readers a word picture of the cemetery back in 1947, but those with a memory of the local cemetery can be proud of its trim, clean appearance now.

Now all of that costs money, and the cemetery fund is depleted, so Mr. Bridgers and W. A. George are ready and willing for all who love the place to dig down and come up with money for its maintenance.

Their statement of the need is substantially as follows: "Help, help! To keep the cemetery in the good shape we now have it, will take more than just a promise. Won't you stop and think for just one moment—Have I sent in my contribution? Your contributions are what keep the cemetery in its present good condition.

"The caretaker, Jim Fox, is the only person connected with the association who is paid for his services. The caretaker's salary is \$1800 per year and the mowing machine cost makes up the rest of the expenses. Expenses for the past year ran a little over \$2,000.

"We do not mean that we are low on funds — WE ARE OUT! WON'T YOU HELP NOW, please?"

Make your checks and contributions to the Cemetery Fund. Mail or deliver to the State National Bank, or to W. A. George, treasurer.

You are hereby commanded to appear before the Honorable 78th District Court of Wichita County at the Court House thereof, in Wichita Falls, Texas, at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 13th day of March A.D. 1950, then and there to answer Plaintiff's Petition filed in said Court, on the 28th day of January A.D. 1950, in this cause, numbered 46793-B on the docket of said court and styled Mrs. Noble Gray, a widow, Plaintiff, vs. All those persons first named in this writ and to whom the same is directed, Defendants.

A brief statement of the nature of this suit is as follows, to-wit:

This is a trespass to try title suit wherein Plaintiff alleges that on January 1, 1950, she was, and still is, the owner in fee simple including all the oil, gas and other minerals, of the following described property situated in Wichita County, Texas, to-wit:

40 acres in the form of a parallelogram, off of the West side of the following described 71 acres of land, being 71 acres out of the T. J. Cook Survey, Abst. No. 616, and Day Land & Cattle Co. Survey, Abst. No. 708, and BEGINNING at a stake in the East fence line of said Cook Survey 183 varas North of its Southeast corner; THENCE North 487 1/2 varas, to the NorthEast corner; THENCE West 823 varas, to the NorthWest corner; THENCE South 487 1/2 varas, to a stake; THENCE East 823 varas, to the place of beginning;

that on said date defendants unlawfully entered upon and disposed her of such premises and withhold from her the possession thereof; that on March 9, 1920, defendants executed a power of attorney to W. S. Head authorizing him to grant, bargain, sell and convey their royalty interest of the oil, gas and other minerals produced from the above described land; that on March 10, 1920, W. S. Head, did grant, sell and convey to Bert Brim all of the oil, gas and other minerals in and under the said land and premises hereinbefore described and whose title plaintiff now holds; and that such acts cast a cloud upon the title of said Plaintiff.

Plaintiff further alleges that she and those whose estate she owns have had peaceable adverse and continuous title to said lands, including all of the oil, gas, and other minerals for a period of more than twenty-five (25) years prior to the commencement of this suit under deed and assignment conveying such lands and premises, have paid taxes on same before they became delinquent and claim same under the twenty-five (25) years statute of limitation.

Wherefore Plaintiff prays that defendants be cited by publication and that on final hearing she have Judgment for title and possession of the hereinabove described land and premises, including all oil, gas and other minerals, therein or thereunder, for costs of suit and such other and further relief to which she may show herself justly entitled.

If this citation is not served within ninety days after the date of issuance, it shall be returned unserved.

The Officer executing this process shall promptly execute the same according to law and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Wichita Falls, Texas, this 28th day of January A.D., 1950.

Valley Veiv

By Mrs. Roy Lakey

As was predicted last issue, we have had a most interesting week, especially those of the Methodist church. Many others in our community attended the men's fellowship program. Women were invited and enjoyed the moving pictures and slides of Japan given by Mrs. Robert Neal Jones.

The slides were in color and beautiful. You might say we went to Japan and went with the Joneses on a family picnic up into the mountains by cable car, coal burning buses and a foot. We saw the rice paddies and planting of potatoes. Did you ever see radishes and carrots 18 inches long and 3 or 4 inches around? We did. We were told these are sliced real thin, put on mats in the sunshine and dried. Others are hung up whole to dry. Food is so scarce and so many depend on such a small plot of ground that nothing is wasted. It was hard to enjoy a picnic for the Japanese stand nearby watching and waiting for the crumbs. They would pick up cans and run their fingers inside to get every little bit that might stick to the sides.

We saw Tokyo during one of their many festivals. We saw many modern buildings but also saw the typical Japanese houses.

Officers of the men's fellowship and their wives served a refreshment plate which was enjoyed by all.

Monday afternoon Mrs. Jones talked to the W.S.C.S. ladies. Telling about the home life of Japanese women, her place in the community and the like. They have at last a right to vote. Old traditions still prevail however. The young are adopting many of our Western ways and never has she seen more willing people to learn to do as others do. And she added it seems there is nothing they can't do once you get the idea over to them.

Most things are a hundred years behind times but not long after our sewing machine arrived there they had a good copy of it. Mrs. Jones's club helped an orphanage. The children were mostly abandoned half-and-half babies. They furnished sheets and soap which is one thing they have none of. The people there have so few clothes they are patch on patch and during cold weather everything is put on under the trousers. We see in pictures the men, women and children wear these.

We were shown many souvenirs of paintings on silk, hard carved rings, brooches and jewel cases, kimonos and the sashes which when tied let the world know if a woman is married, single, etc.

Eighteen members were served pie and coffee. Mrs. Culppepper and Mrs. O. D. Childers were hostesses. Mrs. House was program leader assisted by Mrs. Harrell, Mrs. Hubbard, Mrs. Crowe and Mrs. Lakey. Last Saturday evening M. G. Jones Jr. was honored on his 19th birthday by Miss Freyde LaBorne who entertained with bridge. Those who enjoyed the occasion were Phyllis Deal, Jerry Ann Jones, June Smith, Bettye Sargent, Paul Yost, Ray Smith, Rex Coats, Bill Kendrick, Mr. and Mrs. M. G. Jones sr., and Mr. and Mrs. LaBorne. Refreshments of sandwiches, salad and coffee were served.

Mrs. Mary Quinnelly returned home with her daughter Mrs. W. W. Bishop last Thursday. She is doing nicely and says she never thought she would get so many nice cards and notes. She appreciates them all so much.

Mr. and Mrs. Jack Holmes and Carmen were with the Sam Spruells last weekend. Jack came up to check with his doctor after a recent operation. He is much better but will take time. Jackie has gotten to be a school boy now, so he stayed home this trip.

Sunday morning the Methodist church sanctuary was decorated with many flowers. Mrs. Glen Crowe had brought three pot plants, one a lovely red rose geranium. Mrs. Hodges often brings some, but this Sunday was a tradition you might say. From her home she brought a lovely amaryllis lily that annually makes a trip to the church. The starter bulb of the large salmon colored lily was brought from Texarkana, Ark., about 25 years ago by Mrs. Hodges. More gorgeous than ever before, it created much interest. There are 3 stems in bloom with 7 blossoms, one had just bloomed with 3 blossoms, 2 more are coming. It sometimes blooms twice a year, making it the second time around Easter.

Word was received here last week of the death of the mother of Mrs. A. H. Breazeale. The many friends here extend sincere sympathy to Mrs. Breazeale in her great loss.

Mr. and Mrs. Doss Miller have their two granddaughters with them this week. Their other grandfather is quite ill and the mother is at his bedside.

Mrs. Beiva Jones entertained her grandson Johnnie, Tuesday afternoon with a western party. It was his 8th birthday. He met each little guest with a red bandanna handkerchief to be tied around his neck.

Western games were played and moving pictures were shown. Prizes for contest games were western games and books. Fourteen guests enjoyed an afternoon long to be remembered.

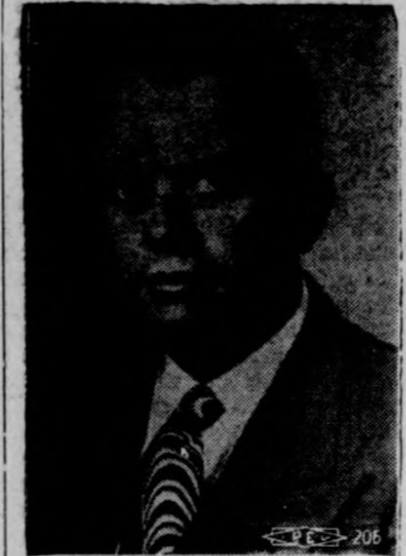

We welcome Mrs. Budd into our midst. She has come to stay with her daughter Eita Kay, who is a teacher in our grade school.

Mr. and Mrs. Paul Coppock attended the men's fellowship meeting Monday night.

Mr. and Mrs. Ezra Jones are the grandparents of a little girl born to their son and his wife last week in Dallas.

Mrs. Kenneth Henderson was called to the bedside of her father Mr. Cagle who is in the hospital at McKinney. She found him improved so returned Monday. Kenneth and Bettye have just bought the Yates filling station. We hope Mr. and Mrs. Yates are not leaving our community.

Thanks to all who made our W.S.C.S. luncheon a success Tuesday. The ladies cleared \$50 and plan to have another in February.

JOHN BEN SHEPPERD, 33-year-old Gladewater attorney, has been named one of the 10 outstanding young men in the United States for 1949 by the United States Junior Chamber of Commerce, the first time a Texan has been included on the list since 1936 when James V. Allred was selected. Shepperd gained worldwide fame during 1948 while serving as national president of the Jaycees. This year he won acclaim for originating the "Democracy Beats Communism" idea, known as the Gladewater Plan, which has spread over the country. More recently, he has been conducting a campaign for reorganization of the State government which he has dubbed "Our ox-cart State government with the fringe on top." Shepperd will receive his award at a banquet in Peoria, Ill., on Jan. 21.

McCannon, Ida. — A pot of eggs was boiling on the stove of the Bernard Wollner home here. All of a sudden one of the eggs blew up. It splattered on the ceiling and kicked the boiling water on the floor. But Mr. Wollner fortunately has an insurance policy giving him fire, tornado and explosion protection. So the company paid.

Grand Rapids, Mich. — It's corny but maybe this yarn from home might be titled, "Hunting Deer?" Anyway, Mrs. Mary Deming was a divorcee because she told the judge her husband quit his job to go deer hunting. Then, when he returned, he immediately went on relief.

Wilne, England — This is a fish story. While fishing on a bank of the river Derwent, Samuel William Rose, 25, witnessed an airplane crash on the opposite side of the river. He stripped and swam 100 yards across the flooded river; ripped off a wing of the wrecked plane to release the pilot and a passenger; made first-aid splints from pieces of a fence; trotted one and one-half miles in his underwear to get an ambulance; helped the ambulance men get the two injured men to a hospital. Then he went back to his fishing — his catch—three perch.

Cadillac, Mich. — Talk about selling the Brooklyn bridge. Two small boys whipped up a lucrative racket that makes pikers of such goings on. Grocer, Lawrence Marvin noticed that someone was wearing a path around the side of his store. What he discovered was that two boys, aged 13 and 11, were taking empty beer bottles from his rear store room, taking them in the front entrance — and selling them to Marvin for 60 cents a case.

Trenton, N. J. — "Scapel, sponge etc." Any trees in New Jersey suffering from malnutrition or needing an operation should have only advises New Jersey's Department of Conservation. Only licensed experts, the department explains, are qualified "to prescribe and apply corrective treatment for malnutrition, control of insects and to perform surgery as may be necessary."

New York — To spread knowledge of scientific training and conditioning of theletics is the aim of a newly formed organization, the Athletic Trainer's Association came into existence recently when nearly 75 sports trainers held their first national convention here.

JUNIOR NEWS

The jrs really had a party Saturday night. We had a surprise in store for us too. Our jr pins. They really are pretty. Everyone that didn't attend the party was sorry for this reason. Bobby had a guest with him. Only he was a boy, cousin or something. Patricia Horn came over, just for the party.

Geometry is really getting rough. Even Eva Nell can't understand it, speaking of geometry. Aubrey is always in a hurry in there.

Rumors are flying that the jrs are going to have a new girl. I think, from Archer City. Just ask Jake, he knows.

Since a certain sr girl isn't going steady any more, Eugene tried his luck. Wonder who it is.

Eva Jane and Norma Lee are the one o'clockers. They made that their goal during the weekend, anyway. It seems that Norma met a boy through Eva Jane, through Boyd—well, she went with him on Sunday night, anyway.

Jackie and Lou Ann want to wear their jr pins so they take Robert and Ben's jackets away from them.

Charlene has the loudest mouth when she doesn't know any better. She is in another of her moods this week.

Dorothy is in the habit of opening her book. Don't know why. Must be to look at those pretty pictures of the slaves. She can't make up her mind about so many things.

Do you know what Doris did? She wrote a letter to her boy friend, tore it up, then expected the help of Billie to put it together again.

Joyce, whose little Ford is this we've been seeing you riding in? Kenneth is not so dumb after all. He was at his best trying to persuade Peggy Jo to write an English theme for him. I don't know whether he succeeded or not.

The band members had their pictures taken Tuesday. I bet Ella Lou, Mary, Lucille and Pat nearly burned up on that beautiful sunny day.

Ann is all decked out in red—glasses. They really look snazzy.

Caroline thinks she is smart because she has two jr pins.

Some girl really does have an effect on James. It's a wonder he is still wearing his pin, from what I hear.

The biology class has a new specimen. A very interesting one. Garland had a frog in his throat.

Sandra doesn't think she is being cheated fair. Shame on Hart! Speaking of Sandra, she is reading a most interesting novel.

Well, as Mr. Smith says, "Let's play like this is all that happened this week and maybe you won't be too disappointed."

Wanda, Lucile, L.A.

Guests of Mr. and Mrs. C. W. Coppock, Sunday were Mr. and Mrs. N. E. McKinney of Abilene, Mr. and Mrs. E. E. Wallis and Mary Helen and Mrs. Georgia Wells.

"Hearts And Flowers"

BASE BEAUTIFICATION took another step last Thursday when the County Agent of Wichita County and the Superintendent of Texas Experiment Station 16 gave lectures and demonstrations on the technique of growing crape myrtle. Pictured is Lt. Col. James P. Jennings, M-Sgt. David E. Roberts and Cpl. Robert D. Bennett tending the crape myrtle shrubs which have been set out in front of Air Base Group Headquarters.

Junior G. A. News

The Jr. G.A. met Monday afternoon when Mrs. James N. Easterwood taught the last chapter of the book "My Daddy Told Me."

The auxiliary was divided into two age groups. Mrs. Floyd White and Mrs. Ralph Stone have been named as sponsors of the 11-12 age group; Mrs. Nelson Johnson and Mrs. Easterwood are leaders of the 9-10 year girls.

New officers are as follows: 12-12 group: June James, president; Lavonia Hanaway, vice-president; Janell Blaylock, secretary; Sara Johnson, treasurer; Kathryn Kelly, program chairman.

For the 9-10 group: Margaret Schwabe, president; Frances McKelvey, vice-president; Joan Patton, secretary; Gerardene Calhoun, treasurer; Patricia Paris, program chairman.

London — Mrs. Babe Didrikson Zaharias will be ineligible for any tournaments under jurisdiction of the British Professional Golfers Association if she decides to visit England this year. She is not a member of the USPGA, which restricts membership to men only, and for that reason the British golf association said Mrs. Zaharias could not compete. There is no British professional tournament exclusively for women.

7 STATES TO RECEIVE HALF OF NSLI CHECKS

Nearly half the \$2,800,000,000 National Service Life Insurance dividend being meted out by the Veterans' Administration is going to veterans in seven states, the VA recently reported.

Of the approximately 15,283,000 World War II veterans, about 7,004,000 live in New York, Pennsylvania, Illinois, California, Ohio, Texas and Michigan. Checks going to these states will total about \$1,241,450,000.

SENIOR NEWS

Was Maryanne Chambers surprised last Wednesday night when she had a party! She had scheduled one for Saturday, but her mother changed it to Wednesday. And were the presents beautiful! Wish I had some of 'em.

Ice on the roads cancelled the game at Holiday last Tuesday. But, remember, we play the Eagles here Friday. Hope to see all you there with a rabbit's foot.

Betty Perry and Don Paul Lemons are sporting rings around that look like new. Betty's got mashed and when it was fixed it had taken on a new style. Watch everyone try to mash theirs. Somy Lemons' was broken and it came back shinier than a Boston apple in spring.

In driver training the other day, we got a smart answer. Mr. Weather asked what shoe you put on last. A senior said the left one because no matter which one you put on first—you had one left. Therefore you put on the left one last.

In volley ball the other day Pug missed her spike. The ball hit her on the head and went zooming over the net. Pug says "Always use your head when playing volleyball."

Virginia (the smarty), since she received her driver's license, has been number one backseat driver and above all, drove down town in Wichita Falls! Be on the lookout, pedestrians!

Peg C. is sporting new blue jeans—boy! were we tired of looking at those without the color. Besides all those loud colored patches hurt our eyes.

Since Franklin Farmer joined the girls shorthand class, has it been dismal. Gee, girls, something has to be done. We girls are chagrined about the whole matter. We demand action—we have our rights.

Katy sure has a comely picture in her possession. Good luck, Katy, you may need it.

Every day at noon Sammy is to be found in the homeroom studying. Trying for honors, Sam?

This is all for now. We'll let you rest your eyes and put down your dictionaries until next week.

Pat and Franklin.

Epsilon Sigma Alpha Installs Miss Bell In Candlelight Service

The jeweled pin of Epsilon Sigma Alpha was presented to Miss Ardyth Bell in an impressive candlelight service Tuesday afternoon at the home of Mrs. W. A. George, when she was installed into Epsilon Eta chapter.

Miss Bonnie Metz, vice-president, presided at the white covered altar, which featured yellow tapers in crystal holders surrounding an open Bible. Two blue satin bows were used at the front of the altar.

Refreshments were served by the hostess to Mesdames O. M. Bell, Ray Shook, Gregg Kildow II, John Nixon, Misses Ardyth Bell, Bonnie Metz and Raydean Brown.

The Cub Scout Blue and Gold Banquet has been postponed from Monday evening Jan. 6th to Friday evening Jan. 10th according to Cub master Rollins Woodall. The banquet will be held at the Methodist Church.

Mr. and Mrs. G. C. McDonald and twin boys and Weldon Phillips visited their aunt Mrs. P. J. Chambers at Archer City, Sunday.

The John Wesley family spent the weekend at the home of John's parents Mr. and Mrs. G. C. Wesley near Margaret in Poard county. Mrs. G. C. Wesley returned for a visit with them and with two daughters Mrs. F. A. Moore of Route Two and Mrs. Allen Tucker of Wichita Falls.

Flight Talk

By Eddie Some of the publication we read that you would enjoy if you're interested in aviation are: CONTACT, a weekly paper with world wide wire news service. They have been going for 16 years. The CROSS COUNTRY NEWS, published at Ft. Worth by Mr. Hall, is a good local paper we use it when appealing to plane owners close to home. The TRADE-A-PLANE is published three times each month and carries nothing but classified ads and display ads. Nearly every airman reads it. It is published at Crossville, Tenn.

By-the-way-CONTACT is published at Tenafly, N.J. for boy's we recommend AIRTRAILS because of the models. It is published by Ziff-Davis Co. Chicago.

Speaking of models, the (Civil Air Patrol) is planning to sponsor a model contest this coming spring at Sheppard Field. Start tuning them up fellows.

Lets look into the guest book and see what shows up.

Mr. and Mrs. W. E. Knowles, of Colby Kans. came by in their super Cruiser with their two children. We enjoyed talking to them very much. We could tell he was a flying Farmer in more ways than one. We mentioned that we thought flying was dangerous, just to start something, and it did. Then making those fellows flying characteristics as far as we can see them. A pilot was in later from Hill City Kans. that knew the knowledges. This pilot flying a little plane will write about in a few minutes.

Rubin Y. Schneider of Giddings stopped in, flying a Navion. Two lady passengers were aboard, but we regret that their names were not jotted down.

Flew down to Seymour while giving dual to Walter Trumpf of Wichita Falls. Met Bob Chisholm, owner and manager of the field there. He is a jolly. Of course, we were snooping around for more mechanical work, and believe we added to the possibilities.

Our aircraft and engine mechanic school started the first. We'll be at the shop each night until around 10. Business will pick up even more.

Now to give you all an account of an enjoyable experience we had last week. Of course, flying any airplane has its enjoyments for us, but we have especially been wanting to fly the Mooney. It is a single seater built for pipeline patrols, executive transportation, airport rental revenue, farmer, range patrol, and lots of other uses. It cruises at little over 136 miles indicated airspeed. Takes off in a hurry and climbs unusually well. Is powered with a 65 h.p. Lycoming. Has retractable landing gears and the model is M-18L. The pilot who flew the plane in was C. E. Walts of Hill

Errors in Honor Roll

Due to a misunderstanding, one teacher last week submitted names of students who made the semester honor roll, rather than the third six week's roll.

The name of Bill Weiler should not have appeared in the third six-weeks' honor roll. For a similar reason, the name of Franklin Farmer should not have appeared in the second six-weeks' honor roll.

'Drier and Warmer' Is January Record

The month of January this year was definitely on the dry side and the range of temperature was toward the warm side, as compared with the average, according to V. I. Woodfind, weatherman at the Experiment Station south of Iowa Park.

With sleet and rain totaling only 0.87 inch during the entire month, precipitation was 0.51 inch below the average for the past 25 years and 3.53 inches below January of last year.

On Jan. 24 the mercury shot up to 87 degrees to establish a almost spring weather. This had been preceded by a low of 13 degrees on January 4.

The variation in weather for the month shows up in the following tabulation:

- 5 days with moisture up to .001 inch. 16 clear days. 2 days partly cloudy. 13 days cloudy. 2 days, sleet. 17 days, temperature 32 or below. 3 days foggy. 6 northers.

Athletic Club

Mr. and Mrs. C. W. Coppock entertained members of the Athletic club at a "White Elephant" party Friday evening. The theme was observed on the tallies, score pads and gifts for the games of bridge which provided diversion. The high score winners had the privilege of peeking at the gifts and taking their choice, while others abided by the stipulation to take home the gift they had in their possession after the third try exchange.

Low prizes were awarded to Mrs. Fred Thompson and Mrs. Roy Lakey, and to Mike Locascio and N. E. McKinney.

Guest list included Messrs. and Mmes. Paul Coppock, Roy Lakey, L. E. Brooks, Sam Hill, E. E. Wallis, C. J. Shumake, I. A. Campsey, Mike Locascio, Harvey Womack, Fred Thompson, R. A. Tanner, N. E. McKinney, Dr. and Mrs. Gordon G. Clark and Mrs. Bob Gilchrist.

Disciples Doings

Much interest is being shown by members of the church and friends in a series of studies which began this Wednesday night on the history, doctrine and plea of the Restoration movement, of which the Disciples Brotherhood is a part.

Francis E. Barnes, local minister, is teaching the course and has assigned the biographies of noted men in the movement, to be reported at future meetings.

Topic next Wednesday night is the religious condition of America in the late Eighteenth and early Nineteenth centuries.

Mr. Barnes' lectures are being recorded by Ted Overbey, so that shut-ins can hear them.

The public is invited to hear these lessons.

The Christian Women's Fellowship met at the church Monday afternoon for a continuation of the bible study, "Paul, a Man who wrote Scripture," by Glenn McRae. Mrs. Ralph Sisk directed the study of the topic "Paul Conversion from Persecutor to Preacher."

Those attending were Mesdames Wilson Huckaby, Forest Bates, Paul Peterson, S. T. Buzzard, Rollins Woodall and Ralph Sisk.

The women will observe a mission lesson next Monday afternoon with Mrs. Forest Bates in charge of the program.

The Pilot Lighters class of the Christian church Sunday School met at the home of Mr. and Mrs. E. L. Hartfield for business and a party Tuesday night of this week.

The class voted to make themselves a welcoming committee for all newcomers in Iowa Park. After the business, guests played canasta and refreshments were served.

Those enjoying the hospitality of the Hartfields were: Messrs. and Mmes. J. H. Chastain jr., R. L. Ponce, Fred Vealey, F. P. Peterson, W. D. Sawyer; Messrs. Al Reed and Francis E. Barnes; Mesdames Burk Scott, Rollins Woodall, John B. Barbour, Edgar Scott, Jeannine and Doranna Scott and Jimmy Swartz, grandson of the hosts.

Visitors in the A. D. Butcher home this week were Mr. and Mrs. Jack Denny, and Mr. and Mrs. Fred Music and niece, of Electra.

T. M. Templeman, 83, Petrolia Pioneer Was Father of Local Man

Thomas Martin Templeman of Petrolia, 83 years old, died in Wichita Falls, Wednesday afternoon following an illness of several weeks. He was the father of E. W. Templeman of Iowa Park.

The elder Templeman was born at Spartanburg, S.C., March 9, 1866. He came to Texas 53 years ago and settled near Bonham. He moved to Petrolia in 1913 where he had lived since.

He was married to Miss Drucella Butler about 61 years ago. She preceded him in death in 1905.

Mr. Templeman was a farmer for many years. He later worked 20 years for the Lone Star Gas company.

Funeral services were held at the Iowa Park Church of Christ at 2:00 Thursday afternoon. Clifton Laird of the Petrolia church and Boyd Taylor conducted the service. Burial was at East View cemetery at Vernon under direction of Tanner Funeral Home.

Palbearers were six grandsons: Claul Green, Gene Templeman, Tommy Templeman, Billy Joe Templeman, Aubrey Cooper and Ray Cooper.

Survivors include the widow; four daughters Mrs. V. R. Reeves of Petrolia; Mrs. Hettie Cooper of Harlington, N.J.; Mrs. Sallie Green of Bartlesville, Okla.; Mrs. Ernest Green of Vernon; and two sons, E. W. Templeman of Iowa Park and T. M. Templeman jr. of Abernathy.

Right now, in this new year 1950, you can take advantage of one of the safest, surest opportunities to save ever offered—U. S. Savings Bonds.

Soil Experts Brief Airmen On New Sheppard Shrub

County Agent of Wichita County, Max Carpenter, and Superintendent of Texas Experiment Station 16 at Iowa Park, Tex., Leslie Brooks, combined their efforts last week to teach Sheppardites the best methods of planting and growing crape myrtle by giving a mixed group of Sheppard airmen, officers and civilians a lecture and demonstration at Air Base Group Headquarters.

Base Beautification Officer, Lt. Colonel James P. Jennings, introduced to the group, Carpenter, who in turn presented Brooks. Brooks spoke to the audience on fitting crape myrtle into landscaping.

A lecture was given by Carpenter on planting and growing crape myrtle, and then he conducted a group discussion on this topic. He also distributed, to those present, leaflets on the growth of crape myrtle. It was entitled "Crape Myrtles Are Easy to Grow," written by Sadie Hatfield, an extension specialist in landscape gardening.

The entire group was then taken to the front of Air Base Group Headquarters where demonstrations were given on planting crape myrtle. Demonstrations consisted of the actual planting of these plants in the front of the Group Headquarters building.

Persons desiring information on how to grow this plant or where to obtain crape myrtle shrubs may acquire this information from Lt. Col. Jennings at Air Base Group Headquarters.
