The organ prelude by Mrs. Tom Covington was followed by the reading of a memorial statement by C. E. Birk, church clerk.

Rev. Edward S. Bayless of the Oak Cliff Presbyterian church of Dallas and classmate of Mr. Walker, brought the message "But Life Goes On." Quotations included "How are the mighty fallen," 2 Samuel 1:19, 25, 27; and "Sorrow not as others who have no hope," 1 Thess. 3:13.

Relatives present for the memorial service were his parents Mr. and Mrs. T. R. Walker of Cleburne; two brothers: Dr. Euell Walker and Melvin Walker, both of Dallas; a sister Mrs. A. B. Brown of Big Spring; his widow and daughter.

Large arrangements of flowers adorned the sanctuary, given in memory of the beloved pastor and friend.

Text of the memorial adopted by the session of the church is as follows:

"On the morning of May 30, 1956, God called to his heavenly home his faithful servant and our beloved pastor, William Lowry Walker.

William Lowry Walker was born in Cleburne, Texas, February 22, 1911, the son of Mr. and Mrs. T. R. Walker. After completing Cleburne public schools, he attended Georgia Institute of Technology for one year. He received his A.B. degree from Austin College in 1935, and his B.D. from Columbia Seminary, Decatur, Georgia, in 1938. He married Dorothy Thurman of Decatur, Georgia, September 8, 1938. On September 20, 1938, he was ordained by Paris Presbytery and was pastor of Rose Hill and Moore's Chapel Churches, Texarkana, Texas, for a year and a half. He was the pastor of The First Presbyterian Church of Lovington, New Mexico from 1939 to 1942. He was then called to West Point, Georgia, where he was pastor until 1948. His next pastorate was in Columbia Presbytery, Mount Pleasant, Tennessee, where he served until May 1955.

"He was in Iowa Park one year, having come into our midst on May 30, 1955, and was installed as pastor on July 17, 1955. Very quickly he proved to be a most helpful asset in the work of the church, in civic affairs, and in the general life of our community. His leadership in worship, his work in community endeavors, and his genuine

interest and friendliness were appreciated by all. He endeared himself to our young people both in the church and public school and was the leading spirit in starting a second troop of Boy Scouts in Iowa Park, sponsored by The Men of the church. He was an inspiration to our high school athletes and particularly helpful to the boys of the football team.

"Although his ministry in Iowa Park was comparatively brief, we are grateful to Almighty God for his faithful ministry, the helpfulness of his family, the Christian example of his home life, and the finer things which will be treasured by all of us for years to come.

"Buried in the cemetery at Decatur, Georgia, his body sleeps, awaiting the resurrection to newness of life. This memorial is one of praise to God for his glorious grace in raising up leaders for his church, and of thanks to God in our appreciation of the life and work of William Lowry Walker.

"Be it resolved, that a copy of this memorial be spread upon the minutes of the session, and that a copy be presented to Mrs. Dorothy Walker and daughter, Dorothy Ann, and also to Mr. and Mrs. T. R. Walker of Cleburne, Texas."

Atomic Power in New York Harbor
Slipping through the waters of the famous New York downtown skyline, the submarine USS Nautilus brings atomic power for the first time to the world's busiest port. The Nautilus has traveled nearly 40,000 miles without refueling since her first sea trial on January 17, 1955. More than 21,000 of the miles have been sailed submerged beneath the ocean's surface. She was built by General Dynamics Corporation at its Electric Boat Division in Groton, Conn., and is the world's first atomic-powered means of transport. Christened by Mrs. Dwight D. Eisenhower, the Nautilus was launched on January 21, 1954 at Groton where her builders have already launched the second A-sub, the Scowolf, and are now working on three more of the same general type. The Nautilus, the Navy reports, has proven herself "far beyond expectations." She is the first practical demonstration of how atomic energy can be applied to the peaceful purpose of propulsion.

Inspect Roof Often to Avoid Leak Damage

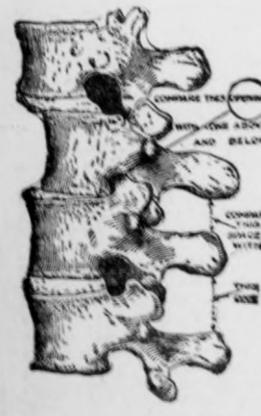

Many a home-owner who has put off replacing a weathered old roof has had sincere cause to regret it. The interior damage caused by leaks can be more costly than a new roof.
The time to prevent interior damage from leaks is before leaks show up, and the best method is to have the roof inspected periodically by a reliable roofing contractor.
The National Bureau of Standards says that patching an old roof seldom pays. Research has shown that a roof wears out uniformly—not in one or two places but all over. If a weathered roof starts to leak in one place, chances are it soon will leak in other spots.
Time and labor costs of removing the old roof can be saved by installing long-wearing asphalt shingles over the old roof covering. This retains the insulating value of the old roof.
During 1956, designated as Home Improvement Year, great emphasis has been placed on color, inside and out. Home-owners planning to re-roof will find that asphalt shingles come in a wide range of solid and blended colors suitable for any setting or type of architecture.
Asphalt shingles are available in many shapes that form distinctive designs on the roof. These include the designs of three-tab square butt strip shingle, the two- or three-tab hexagonal strip shingle, the individual strip shingle, the giant individual shingle, and the lockdown shingle.

A Case of Stomach Ulcer

Chiropractors approach most cases of stomach ulcer with confidence because they know that, by concentrating their efforts on the nervous system, they are correcting the CAUSE of the ulcer. Other orthodox methods of healing recognize the nervous influence in an ulcer case but fail to uncover the specific CAUSE!
Case No. 800 in this office had a confirmed diagnosis of stomach ulcer and had a long history of pain and discomfort in the stomach, nausea after meals and vomiting. It is extremely significant that case No. 800 also complained of headache AT THE BASE OF THE SKULL.
Careful spinal analysis which included X-rays proved that a definite spinal distortion existed at the base of the skull which irritated nerves and was the CAUSE OF THE ULCER. This is a proven statement because, following the removal of the nerve irritation, this case enjoys a freedom from pain that he had not known for the previous four years.
If you have an ulcer or suffer digestive disturbances — look to your spine. There could be a distortion existing that is the CAUSE of your trouble!

The Broadway Plan has been chosen as the means of financing the building of the auditorium of Faith Baptist church. Under this plan, money is lent to the church by members and friends. In return, the church issues notes in the form of bonds, payable to bearer, maturing at six-month intervals over a period of time.
These bonds bear 5 per cent interest per annum, which is paid semi-annually at the local bank.
The church insures the payment of the bonds and interest by depositing a sum of money, calculated mathematically to be sufficient to pay the bonds and interest thereon when due, in a special account in

Law In Texas

LD LAWYERS ESSENTIAL DEFENDANTS?

One of the cardinal principles of American law is that a man considered innocent until proved guilty by proper legal proceedings. Practically everyone pays lip service to this ideal, but many fail to realize that the right to be represented by counsel is a logical and essential corollary of that theory of justice. There is quite a bit of criticism of attorneys representing defendants in criminal cases. Much of this criticism is unjust.

Should lawyers defend in court persons whom they know or have good reason to believe are guilty of the crimes charged against them? A recent scientific sampling of the attitude of the public in Texas toward lawyers and law problems shows that more than half of all persons interviewed thought it was wrong for a lawyer to defend such a person.

Such an attitude is rather startling to thinking citizens and members of the Bar. Surely the guiltiest criminal has a right to a fair trial by the law of the land. Such a trial he cannot have without a competent attorney to see that a fair jury is selected and that only lawful evidence is introduced against him.

With reference to this feeling on the part of a sizable portion of the public, a certain district judge who tries many criminal cases, and who served 18 years as prosecuting attorney before his election to the Bench, recently offered the following comments:

"The result of this survey is no surprise to me, in that during my 18 years of prosecuting, this feel-

ing has been made known to me by hundreds of persons. "The feeling on the part of the general public in this regard is brought about to a great extent by the sincere efforts on the part of defense counsel to see that his client receives the benefit of every legal safeguard to which he is entitled. These legal maneuvers are often misunderstood by the layman as an unethical effort to defeat justice, by delay of the trial, and by taking advantage of certain defenses that to the layman appear to be trivial technicalities.

"Attorneys are the only ones who can correct the erroneous feeling of the general public regarding the defense of one who appears guilty as charged. Attorneys should emphatically state to the inquiring person that it is one of the cardinal rights of the individual in a democratic society to be considered innocent until his guilt is established beyond a reasonable doubt by legal and competent evidence.

"The public must be brought to the realization that all who are charged with crime are entitled to the expert counsel and aid of an attorney, and that the sworn duty of such attorney is to see that each protective legal right to which the accused is entitled is afforded him."

Now and then a lawyer will overstep the bounds of his duty in defending those charged with crime. When that happens, the legal profession is even more indignant than the public generally, and appropriate disciplinary proceedings are instituted where warranted.

"DRIVING THROUGH THE YEARS"

The story of the Motor Car

THE COMFORTABLE RIDE - YESTERDAY AND TODAY

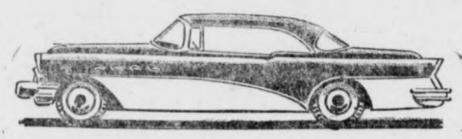

Autos faced the problem of comfortable riding from the beginning: first there were poor roads, and the typical "carriage" frame giving no comfort at all.

As engines and car bodies developed, riding comfort was sought. Solid rims were replaced by solid rubber tires, then with pneumatic tires.

With better roads, better tires, and better springs (but still carriage-type springs) riding got smoother...

It wasn't until the late twenties with hard-surfaced roads, the new balloon-type tire, better frame construction, that cars started on their way to real comfort...

...reached finally in the million dollar ride as exemplified in BUICK'S coil-spring, X-frame ride.

Mrs. Juanita Kildow McCollum of Los Angeles, Calif., daughter of Mrs. P. G. Kildow, became the bride of Robert Bruce Robertson of Hollywood, Calif., in a ceremony read by Dr. William H. D. Hornaday, Church of Religious Science, Los Angeles-Wiltorn Service, at 7:00 p.m. Saturday, June 24, in the Church of the Recessional, Forest Lawn Memorial Park, Glendale.

An octette sang "Gypsy Serenaders." The couple recited vows before an arrangement of two tall Sibodia ferns and six containers of pink flowers arched by tall bronze candelabra. Two arrangements of pink flowers were on the altar. Pink satin bows marked the pews.

Among out of town guests was Mrs. Kildow, who wore a cornflower blue lace gown with matching accessories and a shoulder corsage of cattleya orchid.

The bride, given in marriage by a friend Thornton Kinney, wore a gown of pink chantilly lace with low round neckline, elbow length sleeves. The cocktail length dress

was styled with fitted bodice and flaring skirt. Her elbow length mitts were of matching material. She completed her costume with pink headpiece and matching shoes. The bridal bouquet was a cascade of pink roses and satin streamers. A reception was held immediately following the ceremony.

When the couple left for Texas the bride wore a beige two piece dress with matching accessories. Mr. and Mrs. Robertson will be at home after July 10 at 5470 Eagle Rock View drive, Los Angeles.

The bride attended Iowa Park High School. She majored in education at the University of Oklahoma and took courses in music, piano and voice.

She taught school in Texas before moving to California. There she has studied voice and affiliated with Guild Opera company in Los Angeles. She has appeared in opera on radio and television.

Mr. Robertson attended high school at Salina, Kans., where he was staff announcer for KSLA. A free lance tap dancer, he has been with the McOwen Stock company.

During World War II he was a motion picture news photographer for signal corps, field artillery and air corps. At present he is a motion picture and television film technician.

The Robertsons arrived in Iowa Park Wednesday and plan to visit relatives and friends several days before returning to California.

This Sunday Mrs. Robertson will be guest soloist at the First Baptist church for the worship service.

Mr. and Mrs. Jerry McEmore have bought a home at 410 South Wall and moved in last Saturday.

Mrs. W. C. Atchley was admitted to Wichita General hospital this week for treatment.

Neimeyer-Loudamy Ceremony Is Impressive and Beautiful Event

Sunday afternoon, June 24, at 3:00 in Holiday Baptist church, Miss Verdell Neimeyer, daughter of Mr. and Mrs. W. N. Neimeyer, and Loyd Loudamy, son of Mr. and Mrs. R. W. Loudamy, were united in marriage in a beautiful and impressive ceremony. Rev. M. O. Evans, pastor, was the officiating minister.

The Loudamy family formerly lived in Iowa Park. For the exchange of vows the couple, stood beneath an arch of white entwined with lacy emerald fern. Twin cathedral baskets of white gladiolas and potted palms completed the setting.

Verdell's wedding gown was a fantasy of bridal white cascading in drifts of nylon tulle and chanelly lace. The strapless bodice was sculptured to young proportions with the sweetheart neckline edged in petal-fragile tulle tucks and demurely covered by a brief bolero, self buttoned, its long sleeves flowing to points over the hands.

Parasailing from the pointed waistline, the waitz length skirt was fashioned over shimmering satin in three misty tiers with a single ruffle afloat between tiers of scalloped lace. The bridal veil, made of white illusion, was fingertip length. The bouquet was white roses cascading over a white Bible.

Matron of honor was Mrs. Gladys Neece of Denton, sister of the bride. She wore an Alice Blue gown of chiffon.

The bridesmaids were Misses Laverne Blair and Bobbie Nell Che-

sher, gowned in blue with flowing skirts of maline and net. Their headpieces were white and they carried nosegays of white carnations with white satin streamers.

Mrs. Don Hubbard was pianist, furnishing the traditional marches and accompanying Miss Carol Lancaster as she sang "Always" and "The Lord's Prayer."

Mrs. Neimeyer wore an ice blue gown with navy accessories and white corsage. Mrs. Loudamy chose navy blue with white accessories and white carnations.

The bride's parents were hosts for a reception in the fellowship hall immediately following the exchange of vows.

Mrs. Nelda Dearing secured signatures in the bridesbook, Mrs. Virginia Killian served cake and Miss Sharon Long the punch.

The refreshment table was centered with white asters and the bride's bouquet was at one corner. Napkins with silver wedding bells were inscribed with the newlyweds' given names.

For something old the bride carried a white handkerchief belonging to her maternal grandmother. For something new she had the white Bible presented her by the Baptist YWA. A strand of pearls and a blue garter provided something borrowed and something blue.

The couple left after the reception for a trip to points of interest in Oklahoma, after which they will make their home on South Elm just south of the bride's parents' home.

The bride played trombone in the school band, was a senior favorite, band sweetheart and all-school favorite during her senior year, 1955. She is now employed in the office at Perkins-Timberlake.

A 1954 graduate of HHS, Loyd is employed with Texas Electric Service company here.

Out of town guests included Mr. and Mrs. W. J. Nolen of Ft. Worth, Gus Symank of Megargel, Mrs. Jimmy Rogers, Mrs. Mary McDonald, Floyd Neimeyer and Barbara, and Mr. and Mrs. Charles Neece, all of Denton; Mr. and Mrs. Clinton Loudamy of Nocona; Miss Marjorie Loudamy, Mr. and Mrs. R. W. Loudamy jr., all of Wichita Falls.

Mr. Son Bell and daughter Susan have been visiting this week in Iowa Park. Son, Claydean and Susan are building a new home in Abilene and plan to get moved into it next week.

The miscellaneous shower took place in the home of Mrs. P. A. Blaylock. Assisting with hostess duties were Misses Harvey Eaton, E. A. Jones, H. I. Tatom, Roy Crabtree, J. T. Paris, Ray Watson.

Gold, white and green, colors chosen by the honoree, were emphasized in decorations. The refreshment table was laid with a lace cloth ever pale green. The centerpiece of spring blossoms was enhanced by the crystal punch service.

Miss Delores Hair greeted guests and Miss Carol Thomas secured signatures for the bridesbook.

Misses Patricia Blaylock and Shirley Jones presided at the refreshment table. Misses Barbara and Betty Tatom and Rhonda Gail Jones presented the gifts to the honoree.

At conclusion of the party Miss Blaylock remembered each junior member of the houseparty with a pastel colored nylon handkerchief. The Blaylock-Woodall marriage will be solemnized Sunday morning at 8:00 by Rev. J. W. Nelson, pastor of East Side Baptist church and uncle of the bride-elect, in the Nelson home in Wichita Falls.

Among out of town guests at Friday's party were Mr. and Mrs. Harlan Woodall and daughters, Mrs. Mary Geolay and Mrs. Womack of Snyder and Mr. and Mrs. J. A. Nelson of Wichita Falls.

Keller Grandson Marries in Kansas

Miss Dawna June Scott, daughter of Mr. and Mrs. V. O. Scott of Cherryvale, Kans., and John Leland Williams, son of Mr. and Mrs. Lloyd E. Williams of 1117 North 9th, Independence, Kans., exchanged marriage vows June 19 in the First Methodist church of Cherryvale.

In the wedding the bride carried a white Bible belonging to the groom's great-grandmother Mrs. Jane Forman. Mrs. Forman was the mother of Mrs. J. E. Keller, who with Mr. Keller formerly lived in Iowa Park. They now reside in suburban Independence. James Williams, brother of the groom, served as one of the ushers.

John is employed during the summer in the drafting department of Sinclair Pipeline company, but intends to re-enter Independence junior college this fall.

In writing the Herald about her son's marriage, Mrs. Williams (nee Rosalie Keller), said that the past two years her Christmas present from Mrs. C. W. Coppock has been a subscription to the Herald.

"You can't imagine the enjoyment I get from reading it—even to the last 'ad.' I receive it on Monday morning, and yesterday I was so happy to see Mr. Bradford's picture. He and I started school together the same year, I think—1923. He was superintendent and I was in the fifth grade.

Cake With a Cool, Lemonade Flavor

A PRETTY CAKE MAKES ANY OCCASION A FESTIVE ONE. And it's the frosting that first catches the eye—it has to be appealing. From the Minute Maid-Snow Crop Frozen Foods Test Kitchen comes a delightful recipe for a Lemonade Frosting, tart, refreshing, and beautifully smooth.

This is a "no-cook" frosting that's easy enough for a teenager to fix—no chance of failure here. Have your cream cheese at room temperature for easier mixing. If you want to mix up this batch of frosting ahead of time, cover the bowl with a clean, damp cloth. Store in the refrigerator until ready to use since cream cheese, like other dairy products, is perishable. Then bring to room temperature before spreading on the cake.

For a smooth professional finish, have your cake completely cold, and remove any crumbs before frosting, with a small soft pastry brush.

LEMONADE FROSTING

1 3-oz. pkge. cream cheese 6 tablespoons Minute Maid
 4 cups sifted confectioners' Fresh-Frozen Lemonade
 sugar (thawed and undiluted)
 5-6 drops yellow food coloring

Cream the cheese until soft. Add sifted confectioners' sugar slowly, alternating with lemonade concentrate. Blend in yellow food coloring. Fills and frosts 8-inch layer cake.

*Remainder of concentrate can be used for flavoring iced tea in place of lemon wedge and sugar. Or blend it with two cans water to make two good glasses of refreshing lemonade.

I think he looks just as he did then. You can't really appreciate your friends and 'the Old Home Town' until you have had to live so long away from them."

Mr. and Mrs. Louis Quick and daughter Kay have returned from a vacation trip to Florida.
