SHUCKS

Anyone who can read or hear knows by now that the loyal Democrats regained control of the party in last Saturday's precinct conventions in Texas, and consolidated their gains in the county conventions Tuesday.

Remaining are two important steps—helping select a Democratic candidate for the presidency who can win and whom Texans will support whole heartedly.

And second—electing a governor who can and will bring order out of chaos at Austin. From where we sit, it looks like Yarbrough. The same voters who last week defeated the present governor will surely want to carry on by defeating his crony Price Daniel.

Lula Stratton of Poolville is visiting this week with her brother Mr. and Mrs. Jack Voyles. The Voyles plan to carry Mrs. Stratton home Friday and visit their son Mr. and Mrs. Vernie Voyles and young son Jean, who is stationed at Carswell.

Mr. and Mrs. John Reich of Mt. Calm visited her brother Mr. and Mrs. K. D. Levell and her sister Mrs. Maude Fooley of No. 24 Valley Farms. All attended funeral services of their aunt Mrs. C. P. Norris, who was buried at Dover cemetery, Lubbock.

Soil Conservation

Rains and warmer weather have combined to start inquiries about seeding of summer legumes, according to Elvy Sargent, work unit conservationist for the Soil Conservation Service at Iowa Park.

Mike Hartmangruber of Iowa Park, operator for George W. Graham Riverside farm, has plowed into the soil a large growth of Austrian winter peas and now plans to crop the same acreage to

summer legumes. A small acreage will be seeded to edible peas and the remaining portion will be cropped to Sesbania and Guar. Each crop will be seeded in rows. Ed Foster of Electra is making plans to seed guar again this summer and will have row and drilled seedings. Drilled seedings will be used where summer cover and organic residues are desired, and rows will be used to aid in seed production.

Guar is adapted to the sandier soils of the district and if seed production is desired, must be seeded in rows. Recommended seeding rates are 5 pounds for rows and 12 pounds when drilled. When row seeding, land should be prepared as for cotton. Farmers are cautioned that planter plates must fit tight enough to prevent seed from getting under the plate or gum from the seed will lock the planter and may do extensive damage. Holes in the plates should not be beveled on the bottom.

All seed should be inoculated before planting. If federal cost sharing is desired, approval should be obtained from Wichita County ASC at Iowa Park.

Sesbania should be seeded in rows at 5 pounds an acre. SCD and agricultural workers recommend that the crop be mulched by shredding and subsurface tillage before seed are produced.

Mrs. Earl Boren was assisted by Mrs. Eddie Powell in giving a party for the 11th birthday of her daughter Sandra Kay Boren. Refreshments were served to Bar-

bara and Jerry Powell, Glenda and Bettie Levell, Evelyn and Carolyn Holder, Kenneth Moore, Tommie Nolen, Margarette Stewart, Joyce and Lyle Riley, Jack Moon, Tommie, Margarie and Earlene Boren.

Wednesday morning of last week at 4:45, rain and darkness, 33 Srs, 5 room mothers, 2 sponsors, the superintendent and his wife—all boarded a chartered Continental Trailways bus, destination Saint Louis.

First stop was in Oklahoma City where some of the kids bought water guns. We rode on the Turner Turnpike from O.C. to Tulsa. Lunch packed by the room mothers was enjoyed just after a tour through Will Rogers' Memorial.

First night was spent in Monett, Mo., where these tired and drenched people were warmly greeted by John Hunt (Mrs. Owens' brother), members of the student body and of the chamber of commerce.

After bath and supper in the Broadway hotel, all Srs went to the Gillioz theater to see "Athena" where they were admitted free and

had access to all concessions in the theater.

Girls spent their first night sleeping (after 2:00 a.m.) and the boys stayed up a bit later. Breakfast was enjoyed by all in the hotel coffee shop.

We left Monett at 7:30 and at midmorning stopped at Bennett Springs for a hike. J. C. caught a grass snake and scared some of the girls. Norman and Mrs. Lee couldn't believe their eyes when they saw all the fish in the hatchery there. I thought we would have to leave Mrs. Hughes there when she saw trout swimming around in the clear springs.

Lunch Thursday was at Lebanon where everyone split up and ate in different restaurants in order to save time. Next stop was at King Brothers' Motel in St. Louis.

Thursday night we went to the Busch stadium and watched the Cardinals play host to Brooklyn. The game was interesting but I think one of our boys had other attractions. Ralph, you stayed in that phone booth long enough.

After going back to the motel, water guns were forgotten; instead the boys used waste baskets and balloons to have their water fights. The girls again, as a whole, went to bed early. Barbra caught a cold and was losing her voice at that time. I think Edwin was getting a little sick on cigars.

Friday everyone was excited about shopping that morning, cruising down the Mississippi in the afternoon, dining and dancing at the Chase Hotel Supper club that night. We had a full day and enjoyed every bit of it.

Northerners took their hats off to us Texans at the Chase. Two songs were dedicated to us by Paul Nabors. One was "The Yellow Rose of Texas." For that, all of us stood up and sang. We were then the center of attention and held the spotlight until the floor show came on stage. This was Frankie Laine.

After leaving the Chase we drove downtown and then returned to the motel. On the return trip to the motel the Srs in the rear of the bus serenaded our sponsors and room mothers. I think they enjoyed it.

Water fights were held again, with girls joining in a bit. This was soon broken up and everyone entered the rooms early, unwillingly.

Saturday breakfast was in the coffee shop, and we boarded our grand bus for Eureka Springs, Ark. That afternoon we went into Marvel Cave, the third largest in the U.S.

We reached Eureka Springs at 5:30. Saturday night the roof garden of Basin Park hotel was open for our own entertainment. Dancing was enjoyed by all. At midnight the girls decided to stay up all night. Some of the boys went to bed, for a change. The ones going to bed missed some excitement; right, Ralph, Bill, Edwin? I think Joyce, Doylene, Joan and Sara were a little scared for awhile, but Barbra and Sandra weren't quite so scared so they went after Cokes. Ole Jerry Paul is pretty smart, huh?

Early Sunday morning we went to Lake Lucerne for swimming,

horseback riding and boating. Before we left Eureka Springs, Paul Wiley, our driver, was presented a \$20 gift from the students and sponsors. A three hour stay there was enjoyed by all.

Lunch our last day was in Siloam Springs, Ark. All the Srs were peeped out, and slept on the way home. Our final meal away from home was in Oklahoma City at 7:30. Next stop was in front of I.P.H.S. at exactly 11:30 Sunday night.

We all enjoyed the trip and were glad to get home.

Those who went are sorry Martha Eaton, Barbara Roberts, Larry Robinson, Delos Whisenhunt, Bonnie Callaway and Lynn Hendley did not make the trip.

See you next week.—Sandra

Annual Banquet

Annual banquet for the sixth grade of Iowa Park school was given by mothers Friday evening of last week in the school cafeteria. Sixty-nine pupils and 75 parents and teachers attended.

With the exception of the guest speaker, Rev. Elden Cole, and the showing of a recent movie of the pupils by Rev. Quillin, the program was given by the students. Rosemary Clark was MC and David Shropshire gave the invocation.

Two musical numbers were given by the entire group of pupils. They sang "Surrey with the Fringe on Top" and "Memories of '56."

Following the meal which was served by a Wichita Falls caterer, the program, and the pictures, the whole group sang "Now the Day is Over" as a benediction.

O. B. Nolen was operated two weeks ago and had to spend 10 days in the hospital. He is now able to be up and was seen one day this week in Bates Barber Shop.

G. N. Gilbreth is home from Wichita General hospital.

Six HD clubs of the district sponsored a civil defense meeting at the Community House recently. Mrs. Ann Golden told about the blitz of London.

Col. Steve Marchand made a talk giving general instructions concerning each individual's responsibility to himself and community to gain knowledge and practice in taking care of himself and family and neighbors during an emergency.

He explained that the army is no longer in charge of such disasters and the responsibility has fallen back to civil defense volunteers.

A film "Operation Alert" was shown. Col. Marchand also showed the emergency bus, which is furnished with supplies and equipment for any emergency.

Home Demonstration club members had a part in furnishing the bus. It was announced there will be another civil defense meeting in this district June 20-26. A film "Civil Defense in Action" will be shown.

The Church

My membership in the church, with its opportunities and obligations, is one of the most vital and significant relationships of my life.

1. It brings me into the fellowship of an unselfish, sacrificial group of people, and my best friends are found among those whose deepest concerns are the needs of others.

2. It makes me aware that I am a part of the greatest movement of all time, for the uplifting of humanity and that the ideals of liberty, justice and democracy were first proclaimed by members of the group of which I am a part.

3. It assures me, because of the results of its ministry, of its divine origin. It claims to have been founded by Christ, blessed by God and led by the Holy Spirit. Its survival through the ages and its appeal to all races is adequate proof of its contention.

4. It challenges me to higher things. By being a part of the church, I am helping to maintain in my community a higher level of living in a more wholesome atmosphere.

5. It offers me participation in a Divine Institution that, in a peculiar way, can help humanity in this trying hour. The supreme task of this hour is the building and rebuilding of faith in the lives of the disheartened and disillusioned. Faith in God and in Christ is necessary for peace of mind and the Church points the way.

6. It requires my allegiance, for the Gospels insist upon confession before our fellowmen. It is difficult to profess Christianity and not be an active member of Christ's Church. In its fellowship is the logical place for me to express my intentions of loyalty.

7. It gives me a fellowship, human and divine, for which I deeply feel a need. In the experiences of worship I find courage, help and happiness in the company of others whose needs are similar to my own. Above all else, I am conscious of companionship with God. I may experience the consciousness of His presence in other places but never quite so keenly as in the Church.

8. It provides me with comfort in all the trials of life. When called upon to pass through shadowed experiences it holds before me the assurance that nothing can take me out of my Father's hands nor separate me from the love of God. I am upheld by the truth that underneath are the everlasting arms.

9. It calls me to repentance and promises forgiveness when, in the blindness of my heart, I wander from His ways, and His face is hidden because of my sin. It is the Church, proclaiming God's love, that calls me back from bondage to the arms of a love that will not let me go.

10. It compels me to face my responsibilities. Believing as I do that I should be a member of a church and support it by my gifts of time, money and service, I should constantly seek for others to share in these blessings with me. I have an obligation to urge others to experience the same blessings which have come to me as a result of my membership in the Church of Jesus Christ my Lord.

When Peace Comes....

... and removes beloved ones from the trial of life, there is a need for help from capable hands. At these sorrowful moments you can depend on the sympathetic care and quiet efficiency of our service.
