Butcher's Feed Store Torn Down After Many Years' Use

Another landmark in Our Town has been torn down. The building known as Butcher's Feed Store was sold several months ago to be torn down and moved off the property.

The A. D. Butchers bought the lot from W. P. Cagle in about 1900. The building at that time was located where the old ice-house now is, at the west end of Cash street. At that time it was used as a grocery store.

The Butchers changed the business into a feed store and wagon yard.

In the early twenties the Ford House purchased the east part of the block and the feed store was moved to West Park street.

Cemetery Association Adopts New Plan for Single Burial Spaces

Iowa Park Cemetery association met in regular session last Sunday at the Christian church. Rollins Woodall, president, explained the suggested changes the association board made to actions taken by the association in a previous meeting regarding the sale of smaller burial spaces.

It was decided unanimously by those present a specified area in a desirable location be reserved for those desiring one burial space and those desiring one quarter lot.

An occasional reminder will be sent to those interested in maintaining an attractive and well kept cemetery. If you contribute regularly and receive a reminder it is not because a record was not kept but it is to remind those of us who are prone to forget or put off until tomorrow sending in our contributions. Tomorrow has a habit of never coming.

Regular contributors will take the reminder as a cue to contact a friend who has not appeared interested in the past, but needs only a spoken word.

Every resident of our city should co-operate with an association that supports a vital interest that comes into each home at some time.

The following were appointed as a nominating committee: Carl Troutman, Jim Searl, Mmes. Dale, Brubaker and North. A report will be made by this committee at the next regular meeting Jan. 8, 1956.

Mrs. R. R. Brubaker Installed to Head Baptist Church WMU

Monday was an eventful day for women of the Baptist church here. They met for the monthly mission program and heard Rev. Sam Mayo, missionary to migrants, present a splendid message.

At noon a covered dish luncheon was served with several men of the church as special guests.

At 1:00, Mrs. Homer Blalock expressed deep appreciation for the privilege of having served as president of WMU the past year. After reading of September minutes and reports from chairmen, Mrs. Blalock introduced Mrs. B. T. Adams of Wichita Falls, association president of WMU, who installed the new corps of officers.

Mrs. Adams used music, with Mrs. Gregory of Wichita Falls at the piano, to illustrate the theme of this year's program for WMU. The Woman's Hymn was the topic, and as each officer was installed a note was placed on the staff to indicate the name and pitch of that particular office.

Officers for 1955-56 are:

Mesdames:
R. R. Brubaker, president.
C. P. Pace, vice-president.
Jim Miller, young people's director.
A. C. Hooten, enlisting vice-pres.
D. O. James, recording secretary.
Virgil Woodfin, treasurer.
J. A. Berg, mission study chairman.
O. E. Lochridge, social.

Elder Citizens Enjoy Recent Birthdays

Last Sunday was a big day for several of our local citizens.

Rev. C. C. Davis preached at the Methodist church and was made happy to have present so many of his old and young friends from Iowa Park and out of town.

Among the congregation were two wonderful people, loved by all who know them: Mr. and Mrs. J. L. Belote.

Mr. Belote and Mr. Davis are the youngest of Iowa Park. Davis celebrated his 94th birthday on September 22, and Belote was 94 this past Monday.

After church, Mr. and Mrs. Belote were honored with a dinner in the home of their daughter Mrs. Swan Reeves of Valley View. Mrs. Belote was 83 during the T-O Fair, so the celebration was postponed.

Enjoying the happy occasion were another daughter Mr. and Mrs. E. C. Hall of Wichita Falls; Mr. and Mrs. J. L. Reeves and children Vicki and Monty; and Glen Reeves, all of Valley View; the honorees and the hosts.

Finishes Sales Course

Archle A. Bryant, special representative of the Jefferson Life Insurance company in Iowa Park, was recently awarded a certificate for having completed successfully a life insurance sales training course which he has been studying for the past year.

Seth C. Mason, C.L.U., superintendent of agencies in charge of sales training for Jefferson Standard, in announcing the award, said "It is a pleasure to present this certificate to you. I know the increased knowledge you have gained through your studies will result in added service to the many Jefferson Standard policyholders in the Iowa Park area."

The study course, national recognized by the life underwriting profession, is sponsored by Jefferson Standard and is based on material published by the National Underwriter company of Cincinnati, Ohio. The course prepares the life underwriter to fit life insurance benefits and arrange financial programs which co-ordinate Social Security benefits with income from life insurance.

Next Thursday night the Homecoming pep rally will be held at the school auditorium. The Hawk band will play and the rally will be led by the cheerleaders: Barbara Walker, Sandra Fenner, Linda Robinson, Cleota McBroom, Jo Ann Calloway, Ann Self.

A former student will be chosen as master of ceremonies.

Colors will be exchanged by the Hawk football players and the girls they have chosen to wear their colors.

A large bonfire will then be lighted for the burning of the Paducah Dragons.

Main event of homecoming will be the Paducah game and coronation of the football queen Friday night.

Sandra Fenner has been chosen football queen and her attendants will be Joy Scott, senior, Coleta Williamson, junior, Marilyn Wood, sophomore, and Nancy Gay Smith, freshman.

Ground Attack and Passes Humble Crowell Wildcats

A running attack that rolled up 334 yards, mixed in with three completed passes for another 31, enabled Iowa Park to humble their arch foe, Crowell, last Friday evening in the Wildcats' home field. Final score was 39 to 28.

The Crowell game was a 9-A district tilt, and leaves Iowa Park undefeated in four starts this season. Crowell took a 7-0 lead early in the game but Iowa Park pushed back to knot the count and rushed ahead 13-7.

In the second quarter the Hawks scored twice more. Crowell also scored once in that period, leaving the count 26-21 at halftime.

Crowell took the kickoff after the rest period, but bogged down. The Hawks then proceeded to work the ball downfield 80 yards in six plays.

The Wildcats did not give up and scored, driving 55 yards in 11 plays. The conversion was their last point and they still trailed by five points.

Quarterback Harvey Klinkerman mixed passes with runs to produce the final touchdown. Catches by Norman Marquart and Donald Daugherty and running of J. C. Bridges, David Sewell and Delos Waisenhunt accounted for the huge yardage and high score.

Iowa Park's line succeeded in opening several gaping holes in the Crowell defense, and Coach Bob Covington's alert backs took full advantage of their opportunities.

Some 1200 fans, a large portion being from Iowa Park, saw the Hawks take Crowell for the first time in many years.

Coaches Covington and Reese said after the game it was a team victory, and no individual player could be said to stand out.

Victims of Fall Were in Band Contest Of Tex-Okla Fair

Tragedy struck this week at the State Fair of Dallas. Band students from high schools all over the state were guests of the fair, and three Memphis girls were riding the double ferris wheel when their seat broke and they fell to the ground, killing one and injuring two.

Cynthia Combest, 17, drummer and cheerleader for Memphis high, was killed instantly. In serious condition are Kay Leslie, 15, and Barbara Allen, 14.

These girls were among the hundreds of band students who took part in the T-O Fair band contest and were known to members of the Hawk band.

Cable from Sweden Tells Mrs. Hofacket Of Mother's Death

Mrs. Orin Hofacket received a cablegram Thursday informing her that her mother Mrs. Britpa Bergstrom, 93, of Numpstoms, Sweden, had died Wednesday.

Mrs. Bergstrom was born May 28, 1862, in Sweden. She is survived by two sons in Wyoming and two daughters, one in Sweden.

Mr. and Mrs. Hofacket live northeast of Iowa Park near the old rifle range.

Mr. and Mrs. Hofacket do not plan to go to her mother's funeral because of the time required to make arrangements and go that far.

Community Chest Contributions Lag Far Behind Goal

If you noticed a large group of people running here and there and knocking on doors last Tuesday, just remind yourself they were working for a worthy cause. And that cause was Iowa Park's Community Chest drive with its goal of \$2,000.

Co-chairmen Rollins Woodall and Keith D. Swim met with workers Monday afternoon to make final arrangements for the kick-off on Tuesday.

Only a fourth of the goal was reached in the one-day campaign, so work will continue through next week.

If you were missed, call Miss Roberta Hill at the State National Bank. A worker will be happy to come and pick up your contribution if it is not convenient for you to come to the bank.

Assisting the two chairmen were representatives of the Chamber of Commerce, Lions club, Home Demonstration club, United Church Women, Modern Music Study club, Parent-Teacher association, the 23 Study club and Epsilon Sigma Alpha.

Mr. and Mrs. Robert Lisenby of Dothan, Ala., are announcing the birth of Robert jr. on Friday, Oct. 7. He weighed 7 lbs. 11 oz. Young Robert is the first grandson for both families. Mrs. Lisenby was a member of the Iowa Park elementary school faculty the past two years while Mr. Lisenby was stationed at Sheppard AFB.

Miss Dosta Smith, city secretary, fell one day this week and broke her left arm while on the way to City Hall. She is at home after being in a hospital for a day and night.

Doyle Wayne Combs Is Home on Leave

This past weekend Mr. and Mrs. D. F. Combs and son Doyle Wayne visited Gerald Combs in Corsicana and saw Navarro Junior college play football Saturday night.

The game was close all the way and Gerald came through with the first and last touchdown. They enjoyed the game and the visit to the college.

They intend to see Gerald play a few more games before the season ends.

Doyle Wayne is home on 30-day leave after finishing radar school in San Francisco. This is his first trip home since he returned from overseas. The USS Noble on which he served helped in the evacuation of the Enechen Islands, Doyle said he was certainly glad when that job was finished.

Methodist Women Introduce Study Topic With 'Indian Tea'

Introducing the theme "Indian Americans" which is to be home mission study for the Interdenominational Council of Churches in this area this fall, the WSCS of Iowa Park Methodist church entertained with an Indian Tea Sunday afternoon in the church parlor.

Indian music was presented with piano and voice by Mrs. John Mixon and Mrs. Charles Coppock.

The program was introduced by the poem "Hiawatha's Children," read by Mrs. China B. Smith.

"An Indian's Version of the 23rd Psalm" was Elaine Sawyer's contribution.

"Purpose of Children's Work" was given by Mrs. Harry Hadley; and "Purpose of Junior League" by Miss Shirley Lowrey.

Mrs. Leslie B. Fennell of Holliday, president of district WSCS, hit highlights of the study in an interesting and colorful manner.

The tea was attended by young people, children, men and women.

Mr. and Mrs. Herman Mills of Rogers, Ark., are visiting their sons and families; Mr. and Mrs. Malcolm Mills and children and Mr. and Mrs. Frank Mills and son of Wichita Falls.

Soil Conservation

Cover on the land and rough surfaces have proved their value during the recent heavy rainfall, according to Elvy Sargent of the Soil Conservation Service.

Leo Knezek, farming 5 miles northeast of Iowa Park, received little damage. He used a combination of terraces, contour tillage, cultivation with sweeps and chisels, and stubble mulching to protect his cropland.

Albert Wolf, farming 8 miles northeast of Electra, used the same co-ordinated program to maintain and protect cultivated fields.

Winter cover crops are up to a good stand and making rapid growth on district co-operators' farms owned or operated by Eddie Bowlin, Henry Wolf and Lee Lovell, farming north and east of Iowa Park. All have Austrian winter peas.

Rain has penetrated the soil in proportion to cover on pastures, according to James Park, conservationist with the Iowa Park work unit. Water penetrated 60 inches on pasture with good cover on the Joe Cunningham place 4 miles west of town. In the same area the soil was wet 34 inches where grass cover has been recently destroyed and only 10 inches where no grass cover has been on the land for several years.

It's the occasional heavy gully-forming deluge, not just ordinary rainfall, that puts a farm drainage system to the test. At such times grass waterways can offer the supplemental drainage needed to protect both land and crops, suggests E. T. Haws, Wichita county agricultural agent.

Haws says, "During heavy rains more water falls on nearly all cropland than can be held by the best crop rotations, contour farming, strip cropping and even terraces."

"This water will run off through some kind of waterway. Unless you provide a safe waterway, it probably will cut a gully."

Usually it is easiest and cheapest to use a natural depression for a grass waterway. On farms where there is no natural depression, a waterway must be constructed.

Help in designing such waterways is available from county agents, soil conservation technicians or SCS offices.

When carefully made and managed, grass waterways will more than pay their way in added farm income, says Haws. Many are used as regular hay fields, some produce grass or legume seed for use on the farm or for sale, and all of them can be pastured at some time during the year.

Jr. Hawks Continue Their Winning Ways

Last Monday night, Iowa Park junior high won over Henrietta junior high in a 14-13 tussle.

Early in the first quarter Tommy Pierce went over after a long run by Jimmy Banks set up the play. The extra point was made.

Again in the second quarter the Hawks scored. The Henrietta boys matched the Hawks with two counters in the second half, but failed on one conversion try.

Hawk players were Bobby Preston, Bobby Redin, Jimmy Banks, Tony Waters, Lanny Starr, Tommy Scott, Leslie Beavers, John Woodall, Butch Stockton, Tommy Pierce, Randy Trantham, Gary May, Billy Patterson, Donald Thompson.

Horace Lashlee of Casa Grande, Ariz., visited his sister Mrs. E. L. Grundy this week, enroute to Memphis, Tenn.

Mr. and Mrs. B. E. Womble and children Becky and Clark of Thornton, Ark., visited last weekend here with her sister and family Mr. and Mrs. James Elms and Jimmie.

BUSINESS WOMEN TO MEET WITH MRS. BILL CURRY

Members of the Business Women's circle of the Baptist church will meet next Monday evening at 7:30 in the home of Mrs. Bill Curry with Mrs. Homer Blalock, circle chairman, presiding.

Each member is to bring a gift for the church nursery shower.

Four Day Work Week And Irradiated Food Predicted for Future

The world you live in today will be an exciting and wonderful one in just five or ten years, predict the editors of Changing Times, the Kiplinger Magazine. Here are a few things that are within the realm of probability:

By 1965, the average family can expect \$1,400 more annual income, in terms of 1955 dollars. Reasons for the trend are lower taxes and higher productivity.

In the 1950's, most young couples will be ready to buy a home even before they think of raising a family.

Expect fewer canned and frozen foods. Instead, many foods will be irradiated, will need no refrigeration and will last indefinitely.

Sometime in the '60's or '70's millions of workers will go to the factory or office four days a week and have three days of play.

Photographers will use magnetic tape film that will be used for either color or black-and-white pictures. No developing or printing will be necessary. You'll be able to re-use the tape and project pictures on your TV screen.

The turbocar will be sold within 10 years. A jet-powered turbine will make the wheels go round. Only one-fifth the present number

of moving parts will be needed and the car won't have a transmission or clutch.

Guided missiles for such peacetime uses as carrying freight and delivering transcontinental mail may be tried out within the next decade.

The atom will do everything from providing energy for power, to preserving food and purifying medicines.

Long-term weather forecasting will be more reliable. On a Monday you'll be told what the weather will be like on Saturday and be able to count on it.

SHE KEPT A DIARY OF TELEPHONE CALLS

Mrs. Martha Chance — homemaker, church worker, bowler, and keeper of a telephone diary that revealed an important fact.

Mrs. Chance finds the telephone a young homemaker's best friend

What one service helps the homemaker through busy days more different ways than any other?

Mrs. Martha Chance is sure she knows the answer. Her telephone. Mrs. Chance recently kept a week-long diary of telephone calls made and received in her home. The results surprised her.

Mrs. Chance listed 95 calls during the week. Not only did her calls save time and energy in managing her home, but many were actually the start of a pleasant afternoon or evening out.

In Mrs. Chance's own words, "It's so easy to take your telephone for granted. You just don't realize how much it means to you until you stop and think about it as I have."

Mrs. Chance is right. Telephone service is a busy homemaker's best friend.

SOUTHWESTERN BELL TELEPHONE COMPANY

Typical calls from Mrs. Chance's diary

- "Called the Millers about going to the civic play tonight."
- "Called Lee (my husband) about plans for family reunion."
- "My bowling partner called about a change in league schedule."
- "Our minister called to remind me of Sunday School meeting."
- "Called a friend in the country. Asked her to put aside four dozen eggs for me."

Many Hostesses Honor Bride-Elect

Miss Maxine Ramsey, bride elect of James Williams, was honored with a shower Tuesday evening in the home of Mrs. Gayle Park. Co-hostesses with Mrs. Park were Mmes. Falling farm family incomes, primarily promoted by sliding scale farm price programs, are the major concern of farmers all over the country.

All farmers in this area should write the Senate agricultural committee which will hold a hearing in Fort Worth, Nov. 4 and 5, with Sen. A. J. Ellender, chairman, presiding. We should give the committee our views on the present farm program and recommendations for changes to improve the farmers' income and investment in material and labor.

Farm family net income is down another 3.3 billion dollars at the end of the second quarter of 1955. Although sales and production of farm products have increased by 6 per cent, the gross income has dropped in direct relation to the net income. Apparently this is the direct result of lowered farm prices.

Cost of equipment, supplies and machinery has increased 3 to 5 per cent. Farmers' plight of replacing worn out machinery and equipment at increased prices while the farm products prices have dropped 25 to 35 per cent since 1952 is drastic.

There are already laws enacted that could relieve this situation if proper directives were given by the secretary of agriculture.

The patio at the home of Mrs. Ted Overbey was the scene of a buffet supper given recently honoring three new pledges of Epsilon Sigma Alpha. They are Mmes. Raymond Cope, Buck Voyles and Miss Essie Caldwell.

Decorations featured an oriental theme with Japanese lanterns, umbrellas and figurines cleverly placed throughout party rooms and the patio. Place cards were hand painted oriental fans.

Park Boys at TWC Help with 'Wedding'

Mike Thornberry and Bob Cole of Iowa Park took part in the traditional New Student—Old Student wedding in the fine arts buildings on the campus of Texas Wesleyan college, Ft. Worth, Tuesday, Sept. 20. Both freshmen, they were selected by the student council of religious activities to be two of the groomsmen in this annual ceremony which dates back before the year 1919.

Traditionally, a freshman girl whose identity is kept secret until the wedding, is "married" to the president of the study body, representing the old students, thus symbolizing the bond of friendship between first-year students and the upperclassmen.

Dr. Law Stone, president of the college, united the couple in friendship, officially making the freshmen a part of the TWC, family.

Thanks also to the many people who patronized the band booth.

And last but not least, thanks to the fathers who built the new booth.
