IOWA PARK, TEXAS, THURSDAY, OCTOBER 4, 1951

NUMBER 31

## Mayor Fenton Dale Asks Citizens to Aid In Fire Prevention

Citizens of Iowa Park were called upon this week by Mayor Fenton Dale to take an active part in the nation's observance of Fire Prevention Week, October 7-13.

The mayor drew attention to President Truman's proclamation setting aside the week for annual observance.

"Truman has appealed to the nation to safeguard its resources against destructive fires. He stressed the present emergency requirement that we conserve manpower, productive facilities and material resources; urging all of us to do our part to make the U.S. strong, by accepting individual responsibility in a year-round campaign against preventable fires.

"According to statistics provided by national fire prevention and protection authorities, each year 10,000 Americans die needlessly in fires, and more than twice that number are severely burned or disfigured for life. Every day there are 28 deaths by fire, 700 home fires, 139 store fires, 80 factory fires, 9 church fires, 8 school fires and 3 hospital fires. On farms, fires take an estimated 3,500 lives annually and destroy about \$100,000,000 worth of property.

Therefore, as mayor of Iowa Park I earnestly request every citizen and every organization to heed the appeal and to unite their efforts under the leadership of the Volunteer Fire Department, Chamber of Commerce and other agencies in inspecting all properties and premises so that fire hazards may be detected and eliminated. Furthermore I call upon our people to acquaint themselves with all circumstances and situations that are likely to cause the outbreak of fire and with the steps that should be taken when fires occur."

## Headline Speaker Sought for Chamber Annual Meeting

Directors of the Iowa Park Chamber of Commerce at their breakfast business meeting held Tuesday at 6:30, continued their planning for fall activities and Pres. Alan W. Berry appointed committees to take over various responsibilities.

By a majority vote, the directors will replace the traditional annual banquet, this year, with an annual meeting with top speaker and entertainment. The meeting will be held in the high school auditorium on Friday, December 7 at 8:00 p.m.

The public relations committee will act as program committee. Directors will form the welcoming committee. Publicity will be promoted by Ted Overbey and George R. Huckaby. The ticket sale will be in capable hands.

The nominating committee for directors was composed of Dr. C. J. Simpson, J. K. Bradshaw and M. C. Yeagan.

Those appointed for the responsibility of selecting a worthy Program of Work for 1952 are L. E. Brooks, Fenton Dale, O. O. Hendrick, George Jones and Carl Sullivan.

Named to the C of C Community Chest committee to work with Lions club representatives and representatives from the Council of Church Women were W. A. George, A. L. Reed and Rollins Woodall.

Directors present at the early morning meeting were Alan Berry, B. L. Bradford, W. R. Pastusek, C. J. Simpson, Lavere Thompson, E. E. Voyles, Rollins Woodall, M. C. Yeagan, J. K. Bradshaw, Virgil Woodfin and James W. Park.

## SWC Gets Underway This Saturday

The initial Southwest conference game of the season, plus five red-hot inter-sectional football games, will be seen and heard this week over Humble Oil broadcasts and telecasts. More than 50 radio and six television stations will carry accounts of these tilts.

Arkansas and TCU take the spotlight in the first game in the 1951 championship race. Saturday will see grid action between Baylor and Tulane, TU and North Carolina, SMU and Missouri, Texas A and M and the University of Oklahoma, and Rice and Louisiana State.

## Speaker Gives Three 'E's' of Public Safety

Mrs. D. O. James, vice-president of 13th district PTA, Mrs. Archie Bryant, president of Wichita County Council of Parents and Teachers, and Mrs. C. E. Taylor, safety chairman of the Iowa Park PTA, attended a 13th district safety meeting at the Texas Electric Auditorium in Wichita Falls, Tuesday.

Speaker for the meeting was Mr. Sanderson of the state department of public safety, Austin. He stressed the three E's in safety—engineering, enforcement and education. He strongly favors drivers training courses offered in high schools, his opinion being influenced by the fact that 95 per cent of the students who take the course become good drivers.

Sanderson showed a film on safety to conclude his appearance on the program.

## Hallowe'en Carnival Booths Are Planned

Some 50 room mothers of Iowa Park attended a meeting in the school auditorium Wednesday. During the session which was directed by Mrs. J. T. New, PTA president, the group discussed their year's work as room mothers. They also agreed to launch a campaign to secure PTA membership dues.

The subject of beautifying class rooms was given consideration at the meeting.

Of major importance were plans made for the annual Hallowe'en carnival. Mrs. R. J. Butts, finance chairman, will be in charge of arrangements. The different attractions for the event were announced as follows:

- First grade: fish pond.
- Second: grab bag.
- Third: bowling alley.
- Fourth: country store.
- Fifth: bazaar.
- Sixth: witches brew and popcorn.
- Seventh: cake walk.
- Eighth: pie walk.
- Ninth: coffee and pie.
- Tenth: dart board.
- Eleventh: homemade candy.
- Twelfth: fortune telling.

The Parent-Teacher association will sponsor a hotdog and cold drink booth. Patrons are requested to watch for announcements of time and place for the Hallowe'en carnival.

## You and your Congress

This session of Congress has featured more talk than action about federal economy.

There is nothing particularly unusual about that.

However, there has been more talk about economy in this session of Congress than usual.

One reason is that this Congress has approved spending at a rate higher than any ever previously known in the country's peacetime history.

This has caused considerable concern among members who really worry about the country's future. But most of the spending is for military or related purposes and, not being military experts, those members who would like to effect economies find themselves equipped to do little except talk about it.

Another reason for the greater than usual amount of talk about economy is that members of the House got a vacation last month and had opportunity to get back home and find out what the people are thinking about Congress.

A number of them report that many of their constituents are beginning to associate the coming tax increase with the rise in spending. That sort of public feeling is apt to make a man who depends on votes for a living, nervous. But, with the tax rise and spending increase now practically a matter of record, all he can do at this point is talk about the need for economy.

When the books of this congressional session are closed next month, it will be seen that Congress succeeded slightly in reducing the total budget requests for the current fiscal year.

Some of the trimming will be nullified by the granting of supplemental or extra appropriations before next June 30. If that doesn't happen, it will be the first time in many years.

While its use is necessary for special reasons, the supplemental appropriation is a handy device for appearing to economize but not actually doing so.

The public isn't aware or loses sight of that. Neither does it realize that much of the federal budget each year is for spending which Congress has authorized in previous years.

For example, Congress passes a law authorizing the construction of a dam which will cost, say, \$250 million. But it does not appropriate money for the dam the year the authorization law is passed, because the work done on the dam that first year will cost, say \$4 million. So it appropriates \$4 million the first year and then other appropriations must be made progressively to pay off the balance of \$246 million on that dam—or work on the dam must be stopped by repeal of the original authorization law.

What if Congress were required to appropriate the entire \$250 million for the dam that first year. Cannon (D-Mo.) believes in such case Congress would be inclined to approve fewer new dams and other long-range projects.

Taber (R-N.Y.) agrees. Congress should present the cost picture of a new project as large as it actually is, says Taber, rather than in small doses.

Those taxpayers who are beginning to associate federal expenditures and taxes, may now be realizing that those small doses Taber speaks of finally add up to large ones.

If such a feeling should become widespread, there may be less talk and more action in Congress regarding federal spending.

### CARD OF THANKS

The deep gratitude that fills our hearts for the sympathy and thoughtfulness extended to us during the recent death of our husband and father can never be expressed through the use of words. Our sorrow was made easier by the kindness shown by our friends through their visits, meals served, beautiful cards and floral offerings.

Our prayer is that the Lord will bless each of you materially, physically and spiritually.

## A Model at Three Years of Age

Suann Saliba, 3 years old, daughter of Mr. and Mrs. Eddie Saliba of Blytheville, Ark., was a model in the Bandbox Preview, third annual fashion show of the Blytheville Junior Auxiliary Models held in the mirror room of the Hotel Noble recently.

The pretty little miss is granddaughter of Mr. and Mrs. P. G. Kildow of Iowa Park.

Sponsors for the style show were Miss Whitsitt's Shop, the Edythe Shoppe and the Tot Shop. Suann was one of three models who dressed for a winter wonderland with clothes from the Tot Shop. Mrs. Saliba played as the models paraded their costumes as they stepped from a huge bandbox arranged on the stage.

"Like mother, like daughter," can appropriately be said of Suann and her sister Sandra, age 6. Mrs. Saliba has a Fine Arts Studio in Blytheville and has taught her girls piano, voice, dancing and dramatics. Suann sings, dances and reads; and Sandra plays the piano, sings and twirls. When Sandra was 3 years old she was selected as the most versatile child in Blytheville.

Mrs. Saliba, the former Miss Chida Kildow, was born and reared here and has long been recognized as one of the town's most talented artists. She served as pianist in the junior department of the Baptist church when she was 10 years of age. While she lived here she was in constant demand as an entertainer and accompanist. She is not only well known in her home town but her popularity extends into the surrounding area.

Before moving to Arkansas Mrs. Saliba had her own fine arts studio in Wichita Falls.

## Hawks Are Ready For Crowell Game After 'Cat Victory

The Iowa Park Hawks will be fighting for their fourth victory of the 1951 season when they invade the Crowell Wildcat lair Friday evening. They have won from Archer City, Holiday and Henrietta in early season games this year, with a loss to Nocona recorded in their second start.

Last Friday's game with Henrietta turned into a touchdown parade, with seven different ball carriers scoring eight touchdowns. Five attempts at conversion were successful, making the final score 53 to 6.

Ben Huckaby, Coy Reneau, Larry Lee, Paul Burns, Lee Roy Weiss, Robert Nolen, David Mundt and Claburne Lindley figured in the Iowa Park scoring.

Coaches Averitt and Corbett used all members of their squad in the uneven contest.

Mrs. Nora Fields is spending a week on vacation from Frankie's Apparel.

## Survey Shows Need For Housing in Area

Chamber of Commerce personnel attending the critical housing meeting in Wichita Falls, Wednesday morning were Manager Ruth Hill Yeagan, W. J. Beasley Jr., D. O. Smith and M. C. Yeagan.

A group of real estate men, builders, bankers and businessmen of Wichita Falls and surrounding area met at the Texas Electric auditorium to hear Lt. Col. W. E. Karschnick, Wing operations officer, Capt. Leonard Holloway, public relations officer of Sheppard AFB, and local businessmen discuss the housing situation of the Wichita Falls area.

An extensive survey which required a tremendous amount of time and work was condensed into a 17 page brochure and a copy was given each person at the meeting.

The information was taken from 4,432 forms completed by military and civilian personnel at the base. The housing investigation showed no biased opinion, real estate men investigated with military personnel and the result was the opinion of the occupant and the inspector.

Two questions were asked in the survey:

1. Do you consider your accommodations adequate?
2. Do you consider your rent excessive?

The survey showed that 767 units now occupied are inadequate and that 41 per cent of all rental units being rented by SAFB personnel are excessive by an average of 26 per cent.

Excessive rent offenders were found chiefly among the individual landlords—and mostly women. The regular rental agencies were found to be more reasonable and in keeping with the apartments offered for occupancy.

Pictures of many houses and apartments now occupied by military and civilian personnel were on display with description of the place and the rent required. Many persons at the meeting expressed surprise at the hovels offered and the rent required.

"Inadequate housing was designated for units which were too small for comfortable living, units in a bad state of repair, inadequate facilities, too poorly furnished for minimum comfort, outside plumbing, too many families sharing a bath, and generally bad living conditions.

"Rate of return for rental property was established by the Wichita Falls Real Estate Board. The basis was 1.25 per cent monthly return on investment and 20 per cent annual depreciation for furnishings."

Karschnick said Sheppard is not asking that this area be declared critical for defense housing. The purpose of their efforts were to submit a comprehensive report and leave any decision to Washington.

Three requirements necessary for an area to be declared critical for defense housing are:

1. Opening a new base or expanding the present base.
2. Bringing in defense workers from outside.
3. Housing shortage.

A defense housing steering committee composed of community leaders and businessmen of Wichita Falls, working in close harmony with base housing committees will make every effort to bring additional housing units into the rental market.

Present need is for 933 units.

## Second Birthday Is Celebrated with Party

Linda McDonald, daughter of Mr. and Mrs. Roy McDonald, celebrated her second birthday at a party given in the home of her grandparents Mr. and Mrs. W. E. Archer on the Iowa Park road Saturday, Sept. 22. Assisting Mrs. McDonald with entertainment of young guests were Mrs. Dan Spruiell and Mrs. Bill Archer Jr.

Children invited to the party were Bill Archer III, Nancy Taylor, Bill, Phil and Jerry McDonald, Kathleen McDaniel, Ann Huckaby, Douglas Spruiell, June Waters, Gary Guthrie, Rita Guthrie, Douglas Guthrie, James Rodney Phillips, Gary Crawford, Pamela Sue Taylor.

Mr. and Mrs. Elbert Lemons attended the McLaughlin family reunion at Lubbock last weekend. An annual event, the reunion is held the last week in September.

## Local Minister Goes To San Antonio As Evangelism Teacher

Rev. Guy E. Perdue, pastor of the Methodist church of Iowa Park, Mrs. Perdue and Wayne left Thursday for San Antonio, where Mr. Perdue will be working in the statewide revival that will get under way Oct. 5.

Methodist ministers of Fort Worth will be preaching each evening in Methodist churches of San Antonio, and each morning they will meet with pastors of churches in San Antonio for study and inspiration. Mr. Perdue will be the inspiration speaker for this group each morning.

There are about 40 districts in Texas Methodist and there will be a similar meet in each district. Mr. Perdue is the only Texas minister selected as one of these speakers, the others coming from other parts of the nation into Texas for this speaking engagement.

Mr. Perdue said, "I don't know how it happened that I was appointed to such a place of responsibility and honor. I feel humbled."

At the evening hour each day during the week from October 5 to October 12, Mr. Perdue will be instructing workers of Travis Park Methodist church in San Antonio in visitation evangelism. Dr. Kenneth Copeland, pastor of this fifth largest Methodist church in the state, has informed Mr. Perdue that he will have some 150 persons working with him each evening in visitation evangelism.

Services will be conducted here Sunday as usual. Paul Zink, chairman of the board of stewards, will preside and a layman from First church of Wichita Falls will be the speaker.

## Local Boy in Navy Aboard Destroyer To Train Reserves

Two destroyer escorts, the USS Haas and USS Willett, have recently arrived in New Orleans to assume duty as training vessels for Eighth Naval district reserves. Tom Huckaby, son of Mr. and Mrs. George R. Huckaby, is a fireman aboard the Haas.

With facilities to train some 200 reserves monthly, the ships will make 14-day cruises with naval reservists aboard from Louisiana, Arkansas, Texas, Oklahoma and New Mexico.

The 306-foot ships, mounting 5-inch gun turrets fore and aft, plus reserves to such enchanting and late radar and sonar gear, will take educational spots as Cuba, Haiti, Jamaica, the Canal Zone, Mexico and the Bahamas.

Prior to last December 8, district reservists trained aboard destroyers, but these ships were ordered to more pressin gservice. Since then the smaller patrol craft escorts have been used for cruising.

The DEs arrived in New Orleans on Sept. 18 having sailed from the west coast on Sept. 4. The Haas is commanded by A. W. Anderson and the Willett by E. N. Weatherly.

## Fire Prevention Week To Be Observed Here October 7 to 13

Chamber of Commerce Pres. Alan W. Berry announced this week that the Chamber has formulated a program of activities for Fire Prevention Week which should enlist the interest of all citizens in Iowa Park and surrounding rural areas.

The Fire Prevention program prepared by the Chamber's civic activities committee of which Earle L. Denny is chairman, includes the showing of two films "Texas City Comes Back" and "Fire on the Farm," which are booked for showing in the Valley View schools on Wednesday, Oct. 10 and in the Iowa Park schools Monday, Oct. 15.

The program has been developed in co-operation with the C of C of the U.S. and its affiliated National Fire Waste Council.

Materials for distribution have been received, which include Fire Prevention Check List to safeguard the home, folders showing 60 ways to prevent fire in the home and in the business, what to do in case of fire, handbills, posters and stickers.

The Fire Waste council advises all persons to learn how to turn in an alarm that will summon your fire department quickly.

"Give your fire department a chance early. A tiny blaze uncontrolled can become a conflagration. It's the first few minutes that keep little fires little."

## Clothing Drive Begins For Aid of Needy People Overseas

Mrs. H. W. Weaver, clothing drive chairman of the Iowa Park Council of Church Women, urges every person to be conscious of and vitally concerned about the used clothing and shoes drive for overseas relief which is now on.

The drive will end United Nations Day, Wednesday, Oct. 24, and the clothing will be packed immediately thereafter. These will be dedicated at the World Community Day program Nov. 2, then shipped to the nearest Church World Service Center for overseas distribution.

Garments should be clean and in good repair with no buttons, snaps or fasteners missing. It is not necessary that they be pressed since they will be baled before being sent overseas. Pybus cleaners and the Iowa Park cleaners have agreed to clean clothing free for the drive.

People should appreciate this kindness to the extent that they will not wait until the last minute to send in their clothing.

Remember the closing date for the drive, Mrs. Weaver reminds, and get discarded garments out soon and let them be used to bring hope and cheer and warmth to the desolate in war-torn areas.

Another project of the UCCW in which the local women are co-operating is the aid for homeless. This year good clean used blankets are being sent to bring warmth to an adult, a child or a baby who has been cold so long.

Suggestions about sending these blankets are: Give light weight blankets, cotton flannel or light wool; all gifts should be clean and in good repair; pieces of wool, flannel or challis sewed together and bound with blanket binding or ribbon can make attractive covers. Crocheted, knitted or woven squares sewed together make warm afghans. Some baby blankets are need, although not as many as single or adult size.

Pack carefully, tie securely, address plainly and mark package or carton "World Community Day Project. Weigh bundle and contribute 8 cents a pound for processing.

The blankets will also be dedicated at the World Community Day Program, Nov. 2.

Mr. and Mrs. Carl Leggett of Memphis, Tenn., announce the birth Saturday, Sept. 22, of a daughter. The baby weighed 8 lbs 1 oz. and has been named Carol Ann. Mrs. Leggett is the former Miss Evelyn Lowrance. The couple has another child Garland Locke. Mrs. Locke Lowrance left last week to spend several weeks with her daughter and family.

Mrs. T. P. Lynch of Sulphur Springs was a visitor to the T-O Fair and guest of Mrs. S. L. Denny.

## Methodist Home Children in Sunday Radio Series

The Methodist Home Choir of Waco, Texas, will be a feature of the radio series, "These Are Your Children" heard each Sunday morning at 8:15. The programs will continue through December 16, over 15 radio stations in Texas and New Mexico, featuring stories of life at the Methodist Home for Children, according to Hubert Johnson, Superintendent of the Home.

The many interesting and inspiring subjects to be brought into the home via radio on Sunday mornings will include religious training and counsel a child receives; how he is taught to work and to assume responsibility; his general education and study helps; vocational training plan and how he is sheltered, clothed and fed.

The Methodist Home is owned by Methodist Churches in Texas and New Mexico and houses more than 400 children. The Home is non-sectarian. Stations which will carry the programs include: WFAA, Dallas; WOAI, San Antonio; KPRC, Houston; KRIS, Corpus Christi; KRGV, Weslaco; KGNC, Amarillo; KROD, El Paso; KGGM, Albuquerque; KPYO, Lubbock; KFDK, Beaumont; KFRO, Longview; KVAL, Brownsville; KERB, Kermit; KTVC, Austin; KBST, Big Spring.

## Valley View

By Mrs. Roy Lakey

Last Sunday was to have been a date long remember in the history of our little Methodist church. Bishop W. C. Martin was to have been with us for the afternoon. Invitations had been extended several other churches in the district and preparations for refreshments for all had been made. Due to a heart ailment of the bishop in Kansas who was holding annual conference there, Bishop Martin was called to fill that place and continue with the conference.

It was not a total disappointment however for the Rev. and Mrs. Gerald P. McCollom accompanied by the Rev. James H. Westbrook of Grace church, Wichita Falls, who brought us a good message on the church of tomorrow, came to the gathering. Plans went on as previously arranged for all who came and those who did not know of the change in program. All enjoyed the social hour with our friends.

The Rev. G. C. House will be in east Texas this Sunday. Clark Wilkes will be our layman filling his place in the pulpit.

The Senior Class of Valley View wish to thank everyone who helped make their stand at the Fair a success. Those who came to help in the stand, the ones contributing food and the ones who patronized us. We are a small class and without friends would be poor indeed. You certainly proved yourselves to be friends. The senior mothers join in this note of thanks to all.

Mr. and Mrs. J. C. Farris of Kilgore were weekend guests of her parents Mr. and Mrs. Swan Reeves.

The Harwell Oil company is about to complete a new home for Mr. and Mrs. Belva Jones. Looks like it won't be long before Belva and Midge will be enjoying the bliss of sitting in front of a fireplace. She tells me they will have one. Can't you just see Belva snoring in a comfortable chair? We are happy for them. The new house is on the same lease but nearer the road.

Jerry Hodges had cousins visiting him and Miss Maude Kirschner one day this week. Mr. and Mrs. Eades of Oklahoma stopped on their way home after visiting other relatives and vacationing in west Texas and New Mexico.

Mr. and Mrs. Jack Adams returned home in Tulsa after visiting their parents Mr. and Mrs. C. L. Adams and Mr. and Mrs. C. M. Self for a week.

Seventeen members of the Methodist church attended the school at First church in Wichita Falls last week. Not all received credit cards but all enjoyed the fellowship and received much from the wonderful and efficient staff of instructors.

Mrs. Eugene Mixon, the former Miss Yvonne Brezale, was honored with a miscellaneous bridal shower at the community house in Kanay, Tuesday of this week. The ladies of the church of Christ acted as hostesses. Many lovely and useful gifts were displayed on a table covered in pink and white. Misses Dorothy Dale Newman, Barbara Miller and Janet Carr alternated at the guest book. Many friends wish the young couple years of happiness.

Mrs. Guy Childers returned home this week from a visit with a daughter in Oklahoma.

The ladies of the Methodist church had a grand time Tuesday. Bringing paper sack lunches, we quilted two quilts.

Mr. and Mrs. Neal Mikeworth of Wichita Falls were visitors Tuesday night. Tommie Titus of Sheppard Air Force Base was also a visitor in our home.

Nearly every one I see went to the Fair one or more days and enjoyed seeing old friends and the exhibits. Seems like everything is happening in September and October. We will be glad to see things settle back to normal in our community for a spell.

### Church Women to Elect Officers Oct. 11

Annual business meeting of the Iowa Park Council of Church Women will be held Thursday morning, Oct. 11 at 10:00 at the Presbyterian church, according to Mrs. C. E. Birk, president.

Every woman in the local churches is urged to attend. The annual business meeting is one of the four regular general meetings held by the council during the year. The other three meetings are World Day of Prayer, May Fellowship Day and World Community Day.

The business meeting next Thursday will feature election of officers to serve during 1952 and discussion of two council projects, the migrants and the International Christian University in Japan.

Mrs. Birk stated this week that all local churches will be asked to keep their doors open for prayer all day on United Nations Day, Oct. 24.

Mrs. James N. Easterwood left Wednesday afternoon for Washington, Ill. for a visit with her mother Mrs. George A. Heyl and other relatives.

Guests of Mrs. M. E. Banks and Mrs. R. R. Brubaker, Sunday and Monday were their sister Mrs. Frank W. Smith of McKinney and niece Mrs. La Bebe Andeel and daughter Carol of Oklahoma City.

### Luncheon Opens New Season for Study Club

A Federation Day program began the 1951-52 year for the 23 Study club when members assembled at the Helton hotel Thursday for re-assembly luncheon.

Expressive of the biblical emphasis to be placed on each program was the caption "Create within every member the unselfish purpose of thy son who gave his life for all peoples," which prefaced the first program appearing in the yearbooks.

Mrs. R. R. Brubaker presided in the absence of the president Mrs. Gayle Park. Preceding the meal, an invocation was offered by Mrs. Richey Abernathy.

Members were seated at a U-shaped table centered with a bouquet of festiva and cosmos, depicting the club colors, purple and gold.

During the business, Mrs. Fred Widmoyer explained the programs for the year which center around the theme World Citizenship—Community Level.

Mrs. Herman Mitchell, fine arts chairman, commented on the fine arts numbers which were planned in conjunction with the programs.

Announcement was made of the TFFW convention at Denton on Nov. 12.

The program of the first meeting was presented by Mrs. L. E. Brooks and Mrs. Charles Metz.

Mrs. Brooks' topic "Federation at the Community Level" was inspired by an article in the GFWC by Jerome Ellison which appeared in a recent issue of the Saturday Evening Post. He wrote the article because he was favorably impressed with Mrs. Blair Buck's compilation of the work of the Federation during her three years as president.

The accomplishments of the 19,000 clubs with a membership of 5,000,000 women who own \$20,000,000 worth of club houses and who spent \$20,000,000 on projects last year, were discussed briefly by the speaker. She mentioned a club in Iuka, Miss., which won the \$5,000 sweepstakes prize for the best over-all program of work. With only 17 members the club performed miracles in the social and physical life of the town; and the senior and junior clubs of Marianna, Fla., which declared an all-out war on hookworms, came in for a share of praise.

Mrs. Metz discussed "Club Institute." She described the good club-woman, club chairman, and club program. Parliamentary procedure is to the club what good manners are to society, and club ethics teach members to differ in a friendly manner, Mrs. Metz said.

Mrs. C. W. Coppock directed the group in a singsong of appropriate numbers.

Attending the meeting were Mesdames Fred Widmoyer, King Abernathy, H. W. Weaver, C. Birk, J. A. Sewell, Richey Abernathy, Charles Metz, C. E. Birk, Herman Mitchell, S. L. Denny, Sam Hill, Carroll Duke, Earle Denny, R. R. Brubaker, L. E. Brooks, C. W. Coppock, Taylor George, Homer Blalock and a guest Mrs. Hattie Whittington of Ennis.

Mrs. Hattie Whittington of Ennis is a guest of her aunt, Mrs. C. Birk, this week.

### RED CROSS CALLS HOME CHEER UP KOREA WOUNDED ARRIVING IN U. S.

"Mom, I'm in Texas—just flew in from Japan." Cpl. Bob Cronin's free phone call has been put through by the Red Cross hospital worker at his bedside, and the wounded Korea veteran enjoys a happy "reunion" with his mother in Hastings, Nebr. Wounded flown to Lackland Air Force Base, Texas, are met by the Red Cross, official welfare agency of the armed forces, which provides many services for the evacuees at their first Stateside stop. The Red Cross free phone call rates top with these men.

### Presbyterian News

Thirteen women of the Presbyterian church attended the annual district four conference of the Women of the Church, Dallas Presbytery, at Fain Memorial church in Wichita Falls, Tuesday.

Theme of the meeting was "Faith Without Works Is Dead." Mrs. King Abernathy presented the devotional using the general theme as a basis for her thoughts. Among the other speakers were Margaret Archibald, returned missionary from China, and Mrs. Julius H. Smith of Dallas, presbytery president.

During the business Mrs. Gayle Park was nominated for district chairman to be voted on at the spring conference in Amarillo. Mrs. Louis T. Hamlett, who is now serving as district chairman, directed the conference program.

Women from Iowa Park who attended were Mesdames G. B. Purcell, A. H. Estes, J. B. Ridenour, C. Birk, Gale Lowrance, King Abernathy, T. A. Urrich, L. Lovelace, F. L. Emanuel, L. Shelton, C. E. Birk, Miss Mina Troutman and Miss Clara Lowrance.

Mr. and Mrs. L. E. Brooks were members of the Wichita Farm and Ranch party which toured Hereford Heaven, ranches in the Arbuckle mountains near Sulphur and Ardmore, Okla., last Saturday. The group of 120 persons spent Saturday night at Lake Murray lodge.

Guests of Mr. and Mrs. N. E. Guthrie during Fair week were Mr. and Mrs. Isaac Chandler and daughter Maretha, Mrs. Veda Keith and daughter Betty of Breckenridge.

Mrs. Ada Traffenstedt and daughter Mary Ann arrived Sunday from Sacramento, Calif., for a visit with Mr. and Mrs. N. E. Guthrie. Mrs. Traffenstedt and Mrs. Guthrie are sisters.

## Farmers Union speaks

By Don Staber

Now that the Fair is over and everybody has rested a bit, perhaps living can get back to normal for awhile or until Fair time again.

I thought the Fair was very good as an over-all average. Some faults that were found will be cleared up as the Fair grows and expands. To everybody who had anything to do with the Fair this year, I give a great big thanks. To make a Fair a success everybody has to eat. That is what the Farmers Union tried to fix—as good meals as possible.

We'll see you next year at the Fair.

The October meeting of the FU brought forth three motions. The first measure passed was the change of meeting time from 8 p.m. to 7:30 p.m.

The second motion to receive passage was to send \$75 to the National Farmers Union budget fund. This fund is made up from contributions from all FU locals and helps pay for work done by the national.

The last proposal to receive consideration was the plan to have a domino party or canasta party or both on the night of Thursday, Oct. 25. I am sure everybody will want to be there. There will be a charge of 50 cents a couple to help pay expenses.

I also want to remind all Farmers Union members about the Golden Jubilee for the FU, which is the national convention in Dallas next March. Start making plans to be at that historic gathering.

**Betty Jane Sullivan To Wed in November**

Mr. and Mrs. Carl Sullivan announced this week the engagement and approaching marriage of their daughter Betty Jane to Richard Wayne Schroeder, son of Mr. and Mrs. Emil Schroeder of Burk Burnett.

The wedding has been set for Sunday, November 4, 5 p.m., at the First Methodist church with Rev. Guy Perdue as minister.

Musical setting for the ceremony will be provided by Mrs. Charles W. Coppock and Mrs. James A. Sewell.

Mrs. Allan Bennett will be matron of honor for her sister. Bridesmaids are to be Miss Evelyn Birkman of Childress, Miss Doris Stone of Alvin, Miss Billie Lynch Harris of Iowa Park, and Miss Lorene Schroeder of Waco, sister of the groom.

Miss La Jene and Kay Kyher, cousins of the bride, who live in Duncan, Okla., will serve her as candlelighters.

Herbert Schroeder of Burk Burnett will serve as best man for his brother. Marvin Klinkerman and Virgil Klinkerman, both of Burk Burnett will be groomsmen.

A reception in the Sullivan home will follow the wedding.

Miss Sullivan was graduated from Iowa Park High School with the class of 1948. She has completed three years of training at Wichita General hospital school of nursing and was graduated in May this year, receiving an associate of arts degree from Midwestern university. At present she is employed at the hospital.

Mr. Schroeder was graduated from Burk Burnett high school in 1948. He is now serving in the army, stationed at Fort Sill, Okla., where he is receiving special training for artillery intelligence. Prior to his army enlistment Mr. Schroeder was engaged in construction work in Wichita Falls.

The young couple plans to make a home at Ft. Jackson, S.C., as soon as he completes schooling at Ft. Sill, Okla.

**Cancer, Polio Are ESA Study Topics**

A program on health and sanitation at a meeting of Epsilon Sigma Alpha, Tuesday evening featured informative talks on two of the most dreaded diseases of the 20th century.

Mrs. Malcolm Mills discussed polio, treating the subject in the main as a children's disease. The talk was appreciated the more since polio is a state project of ESA. The local sorority also contributed to the purchase of a dome respirator for the Houston respiratory center serving the area of Texas, Louisiana and New Mexico.

Mrs. Mills' talk was characterized by a question and answer procedure whereby the do's and don'ts of when polio threatens were pointed out. She mentioned a new serum which is in the experimental stage that might prove effective in the fight against polio.

Mrs. Donald Hill was second on the program and gave a talk on cancer. She stressed the importance of decreasing the number of cancer deaths by educating people as to the value of early diagnosis, early treatment and the avoidance of causes of repeated irritations to the tissues.

Mrs. Hill stated, "Cancer is not inherited but liability and susceptibility are greater under certain conditions. It is not contagious, but a cell disease." She mentioned the kinds of cancer and the number of deaths that occur annually from each kind.

Concluding, she emphasized that diagnosis was hard and treatment of the disease lay in the hands of the doctors and radiologists, not the patients.

The program participants were introduced by Mrs. Noah E. Guthrie jr.

During the business period conducted by Miss Rayden Brown, plans were discussed for Rush Week activities Oct. 15-19. Each member brought a book for the library at Marlon, Kans., which was damaged by the recent flood.

Those present were Mmes. Orville Bell, I. W. Corder, Ted Zeck, Joe Chandler, Allen D. Guthrie, Noah E. Guthrie, Donald Hill, Wayne House, Malcolm Mills, Harry Lee Mitchell, John Mixon, Ted Overbey, A. L. Reed, Elmo Traylor.

And Misses Helen Mitchell, Raydean Brown and Roberta Hill.

**AUTOMATIC GAS RANGE Sale NOW ON!**

her kitchen is spotless

**CLEAN!** Grease-laden steam stays inside the pan with "water-  
less" heat. Only Gas ranges give the control so necessary for this clean cooking. Why? Because there are dozens of heats to cook with—not just a few.

**CLEAN!** Today's automatic Gas range burners give pure stainless heat. Pans stay mirror-bright without scouring over the crystal-clean, true blue flame. No messy, smoky "burning-off" when spillovers occur, either.

**CLEAN!** Only Gas ranges broil with the door tightly closed. No grease-laden vapors escape. Instead, locked-in vapors rise—right into the live gas flame, which consumes them. Only flame broiling is smokeless, so clean!

of course she has an automatic Gas range

**Power Break Repairs Explained to Reporter By Local Manager**

When the power went off at the Herald office early last Friday morning, we wondered how the troubleshooters knew where to go to fix the lines, so this week we asked Pat Pastusek, local manager, to explain it all to us.

Pastusek obliged by going into full details, with pencilled sketches and everything. We are now enlightened on the job, but could hardly give an understandable account of the art of troubleshooting on an electric power circuit.

It seems that the local service is sectionalized and men are stationed at various terminal points to test for the open circuit.

When a portion of the circuit is given power, if the line is charged and stays on, then another section is tested.

After locating the break, temporary service is given by means of a bridge over the break, and permanent repairs go ahead immediately. By this means, service is restored more quickly.

Pat says they have two sources of power into Iowa Park, so that a break in one line can be supplemented by switching to the other power supply.

The break last week was in the outskirts of Wichita Falls, and the time required to restore service was necessarily longer than usual on account of the distance involved in reaching the trouble.

Electric service at the Fair was better this year than ever before, the manager said, and he received better co-operation from exhibitors.

**Scouts Thank Public For Help at Fair**

Jack Callon, scoutmaster of troop 37, Iowa Park and the boys of the troop are thankful to the following firms and individuals who donated ice to keep their soft drinks cold in their stand at the Fair: Rexall Drug store, Pybus Cleaners, Lonnie Lee, Tony Rolling, Berry's Drug Sam Hill, Thomas Service Station, Probst Service Station, Black's Market, Bates Barber Shop, C. H. Parker grocery, Frankie's Apparel and the Famous Store.
