ENGLEDOW ABOARD WASP

Howard A. Engledow, fireman, USN, son of Mr. and Mrs. Howard Engledow of Iowa Park, returned to San Diego, Calif., Oct. 15 aboard the attack aircraft carrier USS Wasp from a six-month cruise in the western Pacific. During the tour of duty he visited Hawaii, Guam, Hong Kong and the Japanese ports of Yokosuka, Iwakuni and Sasebo. The Wasp will transfer to the Atlantic early in 1957, sailing around South America to Boston, which is scheduled to be her new home base.

'25 Study

Mrs. Martha Brackeen of Wichita Falls was the featured speaker for the 23 Study club when members met in the home of Mrs. Earle Denny on Thursday afternoon.

Theme for the day was "The American Home" and Mrs. Brackeen stressed the importance of attractive and harmonious table settings. As she gave her lecture and demonstration, she displayed many pieces of china, crystal and silver, and gave much information and history of the designs and compositions.

Mrs. Sam Hill, as program leader, introduced Mrs. Brackeen. Religion, poetry and music in the home were emphasized in the meditation given by Mrs. L. E. Brooks and a piano solo, "Aeolian Harp Etude" (Chopin) by Mrs. James Sewell.

During roll call the nine amendments to be voted on Nov. 6 and 13 were discussed by Mmes. C. J. Thurber, W. C. Allright, Charles Metz, Homer Blalock, L. E. Brooks, R. R. Brubaker, O. E. Lochridge and Sam Hill.

A short business session was conducted by the president Mrs. Dave Harbour. The budget presented by Mrs. Fred Wilmoyer, finance chairman, was adopted. Plans were made for Friendship Day, which will be observed by the club on Nov. 15.

During the social hour refreshments were served from a linen covered table made lovely with Queen's wreath and crystal. Mrs. Charles Metz presided at the silver coffee service. Other members present besides those mentioned were Mmes. Rich-ey Abernathy, C. E. Birk, S. L. Denny, Carroll Duke, C. J. Simpson, Taylor George, T. M. Thaxton and Florence Sherwood.

AN INVITATION

Mr. and Mrs. Taylor George wish to extend to their friends an invitation to attend the wedding of their daughter Jimmie Joy to J. C. Parmer, at 7:00 p.m., Friday, Nov. 16, in the First Baptist church, and the reception following immediately in the church parlor.

Camp Fire group Wa-Tan-Da met October 31. Diane Watson is a new member. Refreshments of Halloween and soda pop were enjoyed by all. Linda Brubaker, reporter.

J. E. SMELTZER

Rev. L. C. Pennington, pastor of the Church of God, announced this week a revival will begin at the church next Wednesday and continue indefinitely. Services will be held each evening at 7:15.

He has secured the services of Rev. J. E. Smeltzer, national and international evangelist, who has preached to many nations by radio and in person. Mr. Smeltzer talks with authority, both of his own experience and understanding of the world economic, social, political and religious problems, and of the history and prophecy recorded in Holy Writ.

His sermons will cover such subjects as: "World Organizations," "God's Great Battle of the Armageddon," "Atom Bomb War to Take the Church Out" and "Restoration of Israel." Customary fine music and congregational singing will accompany these inspiring messages, and all interested persons of the community are invited.

L. C. PENNINGTON

Jupiter Pluvius has renewed his friendship for Iowa Park and Wichita county. After rewarding Park folk's patience with about 3 inches of rain in October, he made a return visit Sunday and Monday.

Beginning about 6:00 a.m. Sunday, Iowa Park received 2.25 inches of precipitation by 2:45 p.m. Intermittent rainfall during the following days of the week has swelled that figure some.

TESCO Dinner

Messrs. and Mmes. Wayne House, Jerry McLemore, Dan Barnes and Uriah Blum, all of Iowa Park, were among the 450 employees and guests who attended the annual dinner last Monday evening given by the Texas Electric Service company. The event honoring the 38 members of the company's Quarter Century club was staged in the Midwestern university student center.

Clayton Rand of Mississippi, an outstanding author, philosopher and traveler, was guest speaker.

An account of the company's growth during the past year and plans for the future were outlined by J. B. Thomas, company president. In discussing the future, he reported that the use of atomic energy to generate electricity is coming. In some areas where fuel is in short supply, atomic power plants are being built.

Wayne House is manager of the company's Iowa Park office. Uriah Blum has been a member of the Quarter Century club for several years. Dan Barnes is service man of the local office. Mrs. Jerry McLemore is office secretary.

Speakers for the Texas Farm Bureau convention have been announced. The 23rd annual meeting will be held Nov. 11-14 at the Rice hotel in Houston.

Speakers will include Dr. Clifton L. Ganus, dean of the school of American studies, Harding college, Searcy, Ark.; Hassil E. Schenck, president of the Indiana FBF; Robert D. Harrison, congressman from Nebraska and member of the House agricultural committee; and Arthur H. Motley, published of Parade magazine.

Ganus will conduct vesper services Sunday evening, following registration that afternoon. Schenck and Harrison will address the Tuesday afternoon session and Motley will be banquet speaker that evening.

Highlighting the convention, Monday evening will be the finals of the TFE queen contest with 13 district nominees competing for the crown. Winner will go to the national convention of AFEP in Miami Beach, Fla., in December.

Voting on resolutions will take place on Wednesday, the final day of the convention. Adopted resolutions dealing with state matters will become the official Texas Farm Bureau policy for 1957. Approved resolutions pertaining to national issues will be recommended to the AFEP for consideration at its convention.

FFA

Wichita district FFA chapters will hold their annual FFA leadership contest at Iowa Park High School, Saturday, Nov. 10. Seventeen schools will compete.

FFA teams are eligible to compete in the following leadership contests: Senior chapter conducting, Junior chapter conducting, Senior farm skill, Junior farm skill, Farm radio broadcasting and FFA quiz. Iowa Park boys will compete in the first four contests.

Wichita district chapters are to present a 15 minute agricultural television program each Tuesday beginning at noon over Channel 3. Iowa Park was selected to present the first program next Tuesday. Randy Trantham, Tommy Pearce, Leslie Beavers, Jerry Robertson and Tommy Schell of the Vocational Agriculture I class will present a demonstration on brooding and rearing baby chicks.

Everyone is invited to watch this series of programs, which will be called RFD 3. Elvy Sargent, work unit conservationist of the Iowa Park office, will present the following 15 minutes—12:15 to 12:30—on this farm telecast.

Gregg Garrison won a free trip to Houston and Galveston recently. He has won two trips this year as salesman for the Fort Worth Press. Time for the trip is indefinite, but Gregg has already qualified for it.

Eagles Rip Hawk Defenses, Take Important Dads Day Game, 20-7

Holiday Eagles took a well earned victory from Iowa Park's Hawks last Friday night, an important District 11-A contest.

Fleet and elusive backfield men combined with hard charging line men to make the game a team victory. The Hawks at no time threatened to win and were always at disadvantage because of the inspired play of Holiday.

After a slow start marred by fumbles on both sides, Holiday took the lead in the first quarter on a four-yard pass from Kenneth Knowles to Leon Walker.

A sustained drive of 73 yards in 10 plays knotted the count at 7-all for the Hawks, their only real threat.

IP School Boy Killed in Car-Bike Collision

An Iowa Park elementary school pupil was fatally injured in a car and bicycle accident Wednesday evening at 6:00 on the Wichita highway. Donald Brookshire, 11, son of Mr. and Mrs. Lee Brookshire, who live just east of Agee's store, was riding his bicycle and had turned around at Agee's and was going east.

A 1956 sedan driven by Jack G. Shelton, 26, of Vernon, going west on the four lane highway, collided with the bicycle. The driver's wife suffered head injuries when hurled against the windshield as her husband stopped the car.

Mrs. Shelton and Donald were rushed to Wichita General hospital where he died at 2:15 Thursday morning. Condition of Mrs. Shelton was reported "good" Thursday.

Highway patrolmen who investigated the collision said Donald was dragged about 79 feet by the automobile as Mr. Shelton tried to stop.

Donald was in Miss Helen Reed's 5th grade room here.

The body will be forwarded to Acworth, Ga., Friday for funeral and burial.

Survivors also include two brothers: Alton, 3rd grade, and Darrell, 2nd grade; and grandparents Mr. and Mrs. Charles Brown of Cartersville, Ga., and Mrs. Laura Brookshire of Acworth.

Many Parkans Attend M.U.

D. L. Uigon has released a list of Iowa Park folk now enrolled in Midwestern university. As you will see the list includes students in graduate and undergraduate classes:

SPECIAL

Elga Ann Denny, Evelyn Roberts Dilday, Paul Nelson Leonard, Barbara Tatom, Henrianna Zaliski.

GRADUATE

Daniel Reese James, Edward Lowry James, Thelma Jean Smith, Katy Merle Sumrall, C. L. Washburn, Mary Elizabeth Zion, Milton K. Mertins.

SENIOR

Lou Ann Gay, David Wayne Padgett, Mary Gayle Park, J. C. Parmer, Jo Ann Ragland, Walter Warner.

JUNIOR

Forest Lee Hancock, Travis S. Hill, Juana June James, Shirley Anne Lowe, Jimmy Gordon Moore, John Henry Pfoutz.

SOPHOMORE

Patricia Ann Faulkner, Jerry T. Hodges, Fred Eugene Lewis, Don Owens, Burk Felix Scott, Roy D. Shook, James Williams.

FRESHMAN

James D. Brown, John C. Cabaness, Paul Carter, Bob Cole, Larry Gordon Crumpton, Gordon Walter Griffith, Cletus Sylvester Harvey, Jimmie Ray Jenkins, Richard E. Kennedy, Donnie J. McManus, Cora Dell Miller, Sharon Reed, Jackie Sampson, Bobby G. Smith, Delbert Williams Todd, James Erwin Todd, Eddie Louis Whittenberg, Willie Hayes Williams.

Heart Attack Takes C. W. Coppock

Funeral services were conducted for Charles W. Coppock, 68, Tuesday afternoon, Nov. 6, at 2:00 in the Methodist church here. The body lay in state from 1:00 until 2:00.

Rev. Floyd Boulware of Dallas, a former pastor of the local congregation, and Rev. Elden Cole, pastor, officiated. Burial was in Riverside cemetery of Wichita Falls under direction of Tanner Funeral Home of Iowa Park.

Pallbearers were F. E. Hill, Gordon G. Clark, Sam Hill, E. E. Wallis of Iowa Park, Roy Lakey of Valley View, Clarence Moore, E. A. Davis and Earnest Guffey of Wichita Falls.

Mr. Coppock died suddenly Sunday morning at home just as he and his wife Harriet were getting ready to attend Sunday School and church. He remarked he did not feel well, and the doctor was called.

Charlie was born Feb. 3, 1888, in Chanute, Kans., son of Mr. and Mrs. Joseph Coppock. He served 18 months in France during the first World War.

Mr. Coppock was a well-known oil operator of the area, coming here in 1919 from Chanute. He started as a driller with two rigs and later became an independent operator and senior partner in the Coppock & Coleman Oil company.

Charlie was a member of the Methodist church, where he served on the board of stewards and on many other important committees. At the time of his death he was chairman of the finance committee which is working on plans for constructing a new educational building.

Mr. Coppock also gave of his time and talents for the good of his community. He served several terms as alderman on the Iowa Park city council, and once finished an unexpired term as mayor. He was a member of the Masonic lodge and Elks club.

On June 10, 1923 he was married to Miss Harriett Wood in Chanute and brought her to Iowa Park as a bride. This couple has given much to the community since.

Many of the business houses were closed during the funeral service.

Charlie is also survived by one brother Paul of Wichita Falls; two sisters: Mrs. Jessie Montague and Mrs. Mae Shirley, both of Chanute; four nephews and four nieces.

Out of town relatives who came for the funeral included: Mr. and Mrs. Paul Coppock and Mr. and Mrs. Mike Locascio of Wichita Falls; Mr. and Mrs. Fred Montague and Mr. and Mrs. Mose Shirley of Chanute; Mr. and Mrs. Bob Shirley of Corpus Christi; Mary H. Coppock of Oklahoma City; Mr. and Mrs. Frank Wood of Great Bend, Kans.

Friends coming from a distance to pay respect for Mr. Coppock included Mr. and Mrs. T. L. Chenault, Mr. and Mrs. Tom Chennault, Mr. and Mrs. Bill White of Grand Prairie; Mr. and Mrs. Harvey Womack of Columbus; Mr. and Mrs. J. E. Keller of Independence, Kans.; Mr. and Mrs. H. L. O'Brian, Mr. and Mrs. Chester Zink, Miss Blanche Zink of Dallas; Mr. and Mrs. Noel McKinney of Abilene; Mr. and Mrs. R. B. McQuiddy of Wickert; Mr. and Mrs. Jack Coleman of Omaha, Neb.; Mrs. J. C. Horn of Nocona; David Sewell of Iowa Park attending NTSC at Denton.

Sullivan Building To House White Store and Park Furniture Co.

A building at the corner of West Park and North Yosemite is under construction to house both the White Store and the Park Furniture company, owned and operated by Harrel Sullivan.

It will be of modern design with 75 feet of glass in order for the entire store to be a showroom. Latest type fixtures and design will be used.

All departments of White's will be expanded, especially with a larger stock of home appliances, sporting goods and an all-new baby department.

White's will have a complete service department for tires, batteries, seat covers and auto accessories, a complete radio, television and small appliances repair, in addition to added facilities for washer, range and refrigerator repair and service.

Park Furniture will have 4,000 square feet of floor space devoted to display of a complete line of home furnishings. Almost three years have been devoted to selecting the lines of furniture most suited to this area, and many other lines will be available for special order. A complete line of floor coverings in regular and laid lines as well as all types of carpets will be stocked.

Sept. 24, 1946, Sullivan entered business with a stock of \$275 and equipment valued at \$200 against the advice of many. As conditions permitted more lines and better equipment have been added, always with the idea of better serving the people of Iowa Park, who have so faithfully demonstrated their desire to trade with him and in Iowa Park.

Weather and other conditions permitting, Sullivan hopes to occupy the new building in late January or early February 1957.

Construction began Nov. 1 under supervision of Carl Sullivan, local contractor, with local labor being utilized as far as possible.

MARKET PRICES

Wednesday auction sales of cattle at Wichita Falls included 800 head at the following prices:
Bulls: 11 to 13
Fat cows: 10 to 12
Canners and cutters: 7 to 9.50
Feeder steers: 13 to 20
Good fat calves: 17 to 19
Medium and plain: 14 to 17
Good stocker steers: 17 to 18
Medium and plain: 14 to 16
Good stocker heifers: 14 to 16
Medium and plain: 12 to 14

Reflections from the Bible

By Ray Marcum, Minister
Iowa Park Church of Christ

In Rev. 3:9 we are told of the church so is the devil the head of his (2 John 9). All who are members of this body will perish (Rom. 16:17-20). Satan's church is built on creeds of men (Matt. 15:9) and all members are guilty to the man and his doctrines which these bodies produce.

As the devil works through the human agent then it is so that his church can wear the name of man or any man. The members can wear the name of their choice for the devil isn't particular in this matter as all are his which aren't Christ's (2 Cor. 6:14-15; Heb. 7:26). Let us look at the devil's plan of salvation. His agents cry, "pray for your salvation, sinners" but the inspired Word does not so instruct (John 9:31). Others say, "faith only will save you" and I will agree with that that it will save you for the devil and his angels for God says through the mouth of James that "faith alone is dead" (James 2:17).

Yes, my friends, the devil has a church and his church will be destroyed. His teachings are of error. Why not be a member of the Lord's church? (Matt. 16:18). Search the Scriptures! adv

United Fund Climbing

United Fund Drive here is still in progress and results are drawing closer each day to the goal of \$4,600. Chairman Wayne House reports solicitors are still working.

Part of the Valley Farms community and other rural areas have not yet been contacted. Anyone who wishes to contribute to the six worthy causes — Boy Scouts, Camp Fire girls, USO, Red Cross, Local welfare, Kid baseball — he can call Wayne House at the Texas Electric Service company, and a volunteer worker will call for the donation.

Ferrell Wallander of Wichita Falls was the only visitor at Lions club Tuesday noon. He is a member of the Downtown club.

Lion Curtis Sewell presented a certificate of membership to Dan Barnes. Since Tuesday was election day, no program had been prepared, and the club members left early, many to go to the polls, and many to get ready to attend the funeral service for Charlie W. Coppock, whose widow has been a club sweetheart for many years.

Charles Quick of the navy, stationed in the Philippines, arrived home last week to visit his parents. Mr. and Mrs. Louis Quick and his sister Kay and other relatives.

NOTICE TO DEBTORS AND CREDITORS
The State of Texas, County of Wichita.

To those indebted to, or holding claims against the Estate of Frank E. Slack, Deceased, No. 8370—Probate or Guardianship of Susan Diane Lloyd, a Minor, No. 2324—Probate, or Guardianship of Clyde Ronald Lloyd, Jr. a Minor, No. 2331—Probate, both beneficiaries under the will of Frank E. Slack, Deceased.

The undersigned having been appointed as the Independent Executor of the Estate of Frank E. Slack, Deceased, late of Wichita County, Texas by Guy H. Neely, Judge of the County Court of said County on the 30th day of November A.D. 1955, hereby notifies all persons indebted to said estate or either of them, to come forward and make settlement, and those having claims against said estate, to either of them, to present them to him within the time prescribed by law at his residence on Route No. 1 Box 209 Wichita Falls, Texas, where he receives his mail. Dated this 6th day of November A.D. 1956.

J. E. HUND, Independent Executor Estate of Frank E. Slack, Deceased.

WSCS

Woman's Society of Christian Service met in the Methodist church Tuesday morning. A business period was led by Mrs. Miles Thompson, president.

Mrs. Fenton Dale led the devotion, using as her theme "Prayer." "Did You Think to Pray" was sung by Mrs. John Mixon.

"Islands of the South Pacific" was the lesson presented by Mrs. C. J. Thurber. The Solomon Islands were discussed by Mrs. Elden Cole, New Guinea by Mrs. Mixon, Formosa by Mrs. Gene Owens. "The Unfinished Task" was discussed by Mrs. W. M. Owens.

Mrs. Thurber also showed slides taken in Hong Kong.

Others present were Mrs. Rich- ey Abernathy, S. L. Denny, W. F. George, W. E. Stockton, W. C. Albright, Gene Lowrey, Fred Widmoyer.

WEEK OF PRAYER

Week of Prayer and Self Denial was observed when women of the Methodist church met recently in the church. Mrs. S. B. Keeter, secretary of spiritual life, was in charge and was assisted by Miss Ethyle Kidwell, who gave the response. Mrs. John Mixon also assisted with vocal responses.

Others participating in the program were Mrs. Gene Owens, Fred Widmoyer, George Trammell, Berntha McDonald.

A daughter Kathryn Sue, weight 6 lb. 11 1/2 oz., was born Tuesday, Nov. 6, at Wichita General hospital, to Mr. and Mrs. Stanley Wright. The mother is the former Miss Kate Johnson. Grandparents are Mr. and Mrs. Pat Johnson. Great-grandparents are Mr. and Mrs. Raymond Good. All are of Iowa Park.

K. P. Caldwell had surgery recently at Wichita General hospital.

S. E. Ketchum is seriously ill at his home.

COUNTY AGENT SUGGESTS . . .

If properly handled, the leaves which are now falling and cluttering yards and gardens can give a boost to next year's flower or vegetable garden, says the county agent.

It may be easier to burn them but the extra time required to put them in a compost pile will return big dividends. Use the compost next year to increase the organic matter in the soil or for mulching flowers, shrubs or vegetables, he says. Organic matter increases the soil's ability to hold water and plant nutrients and makes the soil easier to work. Mulches are valuable for controlling soil temperature and conserving moisture.

Making a compost pile is an easy operation. Scrap lumber or a few feet of net wire and four posts will take care of the enclosure. Then start with a six inch layer of leaves . . . and for the four foot square enclosure . . . dissolve a cup of commercial fertilizer, either 8-8-8 or 5-10-5, in water and sprinkle the solution over the layer of leaves. Keep adding these alternate layers until the pile reaches the desired height. Leave the top layer somewhat saucer shaped as an aid for holding water on the leaves. Cover the pile with a shallow layer of soil.

Decomposition of the leaves will be speeded if the material is turned and water added at regular intervals. In areas where the soils are acid, the county agent suggests adding a cup of lime to the fertilizer.

FALL ENTRY BLACK BEAUTY

Fall's favorite entry in fashion sweepstakes—this lovely young black beauty of a pump, made in your choice of suede or leather. It's the sort of shoe that goes to campus, concert or tea with equal good grace, because of its clean-cut lines.

HOME OWNERS QUESTION BOX

Q—We're decorating an old house we purchased recently but the plaster walls are so chalky wallpaper won't stick. Is there any remedy for this?
A—Coat the wall with a half and half mixture of shellac and alcohol. This will harden the plaster and give a waterproof surface to which the wallpaper will hold.

Q—We'd like to insulate the attic floor of our new ranch home but my husband and I aren't very skillful with tools. What do you suggest?
A—You don't have to be handy with tools to install mineral wool insulation. The easiest method is to use thick batts or blankets which are placed between the joists, as shown in the sketch, with the vapor barrier side

down. The only tools you'll need are a sharp knife to cut the insulation to the proper length and a piece of board to kneel on so you won't step on the ceiling. When the job is done, your mineral wool will start paying for itself in heat savings and will make your house more comfortable in all seasons. Mineral wool batts or blankets are recommended for open joists. However, if the attic has a finished floor, a professional installer can blow insulation into the hidden areas.

Q—How can I make screws hold in wood or plaster holes which have become too large?
A—Roll steel wool into a narrow wad about the length of the hole and stuff it in with a pencil point. The screw will bite into the steel wool, taking a firm grip.

Soil Conservation
Co-operators with the Wilbarger-Wichita Soil Conservation District have received fish which had been requested. These fish are being used for stocking purposes, according to Fenton Dale, chairman of the board.

Receiving fish in the Iowa Park area are W. T. Miller, Frank Lentz, Fred Daime, C. C. Burrows, V. T. Hunter, J. M. Towles, F. Hatcher and Arnold Holzman.

Fish being delivered are channel cat, bluegill and bass. Not all co-operators received complete stocking at this time due to the large number of requests. Orders will be completed in the spring.

Soil Conservation Service technicians point out that all the fish an average family needs can be grown on a pond of one-half acre. Ponds should be fertilized with nitrogen and phosphorus since that is what soils in this area are low in. Fertilizing should be done after the water has warmed in the spring and should stop in the fall. About 50 pounds of 16-20-0 fertilizer per acre applied in shallow water each time you can see your hand in 12 to 15 inches of water.

Mrs. E. M. Conway is on the sick list this week.

IT'S THE LAW in Texas

QUIZ PROGRAM PRIZES ARE TAXABLE

Your chances of winning any kind of tax-free prize or award are pretty slim under the new tax laws recently passed by Congress. For example, you must pay a tax on such gains as:

Prizes or awards in cash or property from any kind of radio or television contest, or any giveaway program.
Any door prize.
Any treasure trove you find.
Awards such as for winning an essay contest.
Incentive awards, prizes or bonuses from employers.

The impact of taxes is pointedly illustrated by the current television program, "The \$64,000 Question." Suppose a single person with no other income wins the \$64,000 question. Uncle Sam gets \$36,200, leaving only \$27,800 for the contestant.

Your entire winnings in anything that even remotely resembles a contest are taxable. As with other income, the more you win the greater the share that goes for taxes. Before you spend your prize or award, you should set aside enough for the taxes.

All such winnings must be reported as taxable income. Winnings or prizes are taxable even if all you did to win was as simple as answering the telephone and finding yourself given money.

Congress tightened up the law to specify that all such financial or property gains are taxable, except as they meet three rules:

- The award was given for achievements in the fields of religion, science, education, art, literature, charitable services, or civic affairs.
- The winner was selected

without any action on his part. He will not have to perform any substantial future work in order to win the prize.
Awards such as the Nobel prize, where there is no contest, qualify, but any aspect of a contest nullifies the exemption.

If the prize is in property, such as an automobile, instead of cash, your tax is based on the fair market value of the property at the time you won it.

Mr. and Mrs. John P. Guthrie and son Jimmy of Denver, Colo., visited her parents Mr. and Mrs.

W. P. Bradford recently. Mrs. Guthrie attended a shower given last Thursday evening honoring Miss Jimmie Joy George. She reports that she certainly enjoys reading the hometown paper each week.

Suddenly you know how modern a range should be—

**flame-fast gas ranges
alone offer faster
all-around cooking!**

EXCITING NEW FEATURES

- Cook-Sever Automatic Top Burner Control.
- Built-In Rollerset.
- Simmer Flame.
- Automatic Clock-Controlled Oven.

You don't have to wait around with gas! Dinner's ready when you and your family want it! Just a touch of your fingers and you have any heat you want instantly. . . a low simmer or a high boil flame. That's because gas, and only gas, has a flame that is instantly hot. Unlike electric range elements, gas range top burners don't need a time lapse to accumulate and create heat. No wonder smart women say that faster, truly modern cooking is cooking with flame-fast gas.

DON'T BE FOOLED. For what it costs you to cook electrically for ONE year, you can cook for more than FOUR years with modern flame-fast gas!

SAFEST COOKING EVER! American Gas Association seal assures reliability. Fire insurance statistics prove gas is safer.

SIZZLING TRADE-INS NOW on your gas or electric range. Cook modern—change today to a new ultra modern gas range.

see your gas range dealer or

From where I sit... by Joe Marsh

Fastest "News Service" in Town!

Had a frantic wire from Washington yesterday—saying that the local Congressman was making a surprise visit and a short speech. Could I get the word around fast?
No time for a special edition of the *Clarion*, so I turned to the fastest "news service" in town... Windy Taylor. He spent an hour mobilizing his Lodge and Court House cronies—all pretty fair talkers—and the rest is history. Biggest turnout ever.

As a newspaperman, I hate to admit it—but facts are facts. The Windys of this world aren't only quicker news spreaders

than our paper . . . they've even got better circulation.
From where I sit, some of us would rather talk than act, while others are close-mouthed . . . just as some of us like coffee and others prefer a glass of beer. There's a lot to be said for both attitudes. But if you go in for gab—don't talk against someone just because you don't happen to agree with him on some question of personal choice. Use your own "good censorship."

last regular game next Friday night, Nov. 16, here against the Wichita Falls Rowdies. It is not a conference game.

Iowa Park schools will observe Nov. 22 as Thanksgiving because Sheppard AFB will be observing that date and our school has many students whose parents are connected with the base. School will be dismissed on Friday, Nov. 23 also.

Christmas recess will be announced at a later date.

All junior and senior students who are interested in engineering will have the privilege of hearing Herbert Woodson, an electrical engineer from MIT, talk on all areas of engineering next Wednesday in the high school auditorium.

Next Monday morning the local school will begin the day with a short devotional period of scripture and prayer.

This program will go out to all the rooms over the public address system.

The five junior high home rooms will be responsible for these programs at present.

Mrs. Billy Lee, home economics teacher, and several of her students will attend the FHA meeting in Quannah this Saturday.

Design Cuts Cost of Land

Today's rising land costs make this modern three-bedroom house ideal for a budget-minded family. The house was designed to make full use of a narrow lot for both indoor and outdoor living.

Architect Rudolph A. Matern, of Jamaica, N. Y., combined a low-slope roof of colorful asphalt shingles with natural stone and redwood siding to give the house its modern exterior.

Matern specified asphalt shingles for the roof because this type of roofing is available in a wide choice of colors, is durable, and economical to apply. Houses with low-slope roofs now can have these advantages of asphalt shingles thanks to a recently de-

veloped method of application. Inside the house is a family room, two baths, fireplace, sliding glass doors leading to all other comforts and conveniences of modern living. One important comfort feature specified by the architect is thick mineral wool insulation throughout. The mineral wool will keep the house warmer and more economical to heat in winter and cooler during the summer months. Additional information, blueprints and specifications can be obtained from Rudolph A. Matern, 90-05 61st St., Jamaica, L. I., N. Y. Refer to Plan No. 0468.

David Padgett, 1953 graduate of IPHS, has been elected vice-president of Block and Bridle club at Midwestern university. Son of Mr. and Mrs. J. D. Padgett of Iowa Park, David is a senior majoring in animal husbandry.

Mrs. Ronnie Doley is at home after having surgery at Wichita General hospital this week.

Mrs. Rollins Woodall has been dismissed from Wichita General hospital after surgery last week.

SPOTLIGHT on SPORTS

Junior high football team will play Archer City's junior high here next Monday at 7:30 p.m.

Archer City is the only team which has been able to defeat the Little Hawks this season. If our boys can overcome the Wildkittens next week, they will be champions of the eastern half of the district. Crowell junior high is champion of the western division, and a playoff will be scheduled to determine district champion.

Little Hawks have been playing interesting games and have compiled an impressive record under guidance of Coach Gene Stewart, who is also serving as one of the assistant coaches of the high school squad.

ESA

Epsilon Eta chapter of Epsilon Sigma Alpha sorority met Tuesday evening in the home of Mrs. Rollin Roberts, with Mrs. Roy Johnson as co-hostess.

Mrs. Roberts introduced a speaker of the evening Mrs. Ruby Ditto of Wichita Falls. She displayed gifts from around the world and told the intriguing history of each item and how it was made.

Mrs. Jack Coleman, formerly of Iowa Park now living in Omaha, Nebr., was special guest.

During the business session conducted by Mrs. Jesse McCullough, president, it was decided to make a cash contribution to the annual Christmas party at SAFB hospital. Plans were completed for the ESA Thanksgiving dinner.

"Election Day" was the theme used on the refreshment plate, with miniature figurines of former presidents of the United States as favors.

PARK AREA CLUB

Park Area club has hosted to Barwise Home Demonstration club of Electra for breakfast at 9:00 Wednesday in the Iowa Park Presbyterian fellowship hall.

Guests were served bacon and scrambled eggs with orange juice, jelly, honey, biscuits and coffee. Table decorations featured the autumn theme, the centerpiece being a pair of ceramic pheasants. Place favors were maple leaves in autumn colors.

Present from Electra were Mesdames Jack Marshall, E. J. Gattis, C. A. Grisham, Ross Allen, Tommy Barwise, Ray Strawn and E. B. Robinson.

Park Area members present were Mmes. W. E. Karstetter, Ray Low, N. E. Seay, H. B. Jones, A. W. Scheibal, L. E. Brooks, Gale Lowrance, Robert A. Lucry, Virgil Woodfin and A. H. Estes.

Mrs. Karstetter gave the invocation and Mrs. Brooks gave the devotional.

Next meeting of Park Area club will be Nov. 21 with Mrs. H. B. Jones.

Baptist News

Women of the First Baptist church met Monday for the regular monthly missionary program. Theme was "Joy from Wells of Salvation," Isaiah 12:1-5.

The Salloe-Morgan circle presented a newscast from Nigeria, Cuba, China, Russia, Belgrade, concerning work of missionaries.

Plans were completed for the Senior Banquet, an annual event sponsored by the WMU. Guest speaker will be Leonard Holloway of Dallas, public relations director of the Southern Baptist Convention. Date for this banquet is December 4.

Mrs. Keith Blalock is chairman and a host of co-chairmen are assisting with arrangements.

Hens Need 13 Hour Day

Hens need at least 13 hours of good light every day if high egg production is to be maintained, says the county agent. Research has shown that the effect of light which enters through the hen's eye and is carried to the pituitary gland stimulates the production of the hormones which activate the egg producing process and keeps the rate of lay high.

Since the light rays, to be effective, must hit the eyes of the birds, the county agent says it is important that lights be placed so the entire house is well lighted, especially over the feeders and watering troughs.

He suggests clear 60 watt bulbs set six feet above the floor and 14 feet apart be used. A clean 12 inch shallow reflector used with each bulb will help give better light distribution. Use of an automatic timing switch is also suggested, for these can be set to take care of the changing daylight hours. Lights are needed on cloudy days. A light intensity of at least one foot candle power at the hen's eye level is recommended at the minimum for laying hens.

Some poultrymen use both morning and evening light periods to maintain the 13 hour day. If the hens are on the floor, a 15 minute period of dimmed lights is recommended as a signal for the hens to go to roost. With pullets starting their lay in early fall, it is best to wait until production slackens before starting the use of lights to lengthen the day. Turn on the lights as soon as there is a slight slack in production. Waiting too long may cause a slight molt and a heavy drop in egg output.

Stock Show Offers "Day"

Iowa Park has been given an invitation to have a special day at the Southwestern Exposition and Fat Stock Show. A letter to the chamber of commerce from W. R. Watt, president-manager of the exposition, Jan. 25-Feb. 3, states: "The 'days' of the cities add color and contribute much to the success of the Stock Show and we are grateful for your participation in the past."

We would like your hand to give a concert; for your riding club to take part in the rodeo and grand entry; for your Cowgirl Sweetheart to receive an introduction to the rodeo audience; and for as many of our citizens as possible to attend. We are looking forward to your acceptance and will give your plans as widespread publicity as possible and all of us will do everything in our power to make your visit enjoyable.

Skin Disorder Gone; Parents Call It Amazing

TO WHOM IT MAY CONCERN: Not long ago the chances of our small daughter living, eating and growing as a normal child seemed very slim indeed. Since a small infant, Treva had been afflicted with a skin condition which grew worse with the turn of each month. From infancy, a small rash barely visible, had grown into a mass of ugly red blotches on the tender area of her arms and neck. The idea of her outgrowing this skin disorder had long since dropped from our thoughts. These eruptions would lessen and clear up somewhat at times, but would always return in a worse stage than before.

A good night's sleep was out of the question. Even now I cringe at the thought of the many nights I would hear her whimpering, scratching and clawing. Each morning the skin on her arms and neck would be cut and bleeding. Various types of salves and ointments were applied, with very little, if any, relief. My wife made a slip-over jacket for Treva with extra-long sleeves sewn together at the ends of the finger-tips. Our daughter called this her little "wings." This prevented her from scratching her arms and neck so badly.

Medical doctors and dermatologists claimed Treva's skin disorder was simply an allergy caused by certain foods she had eaten. True, whenever she ate the least bit of citrus fruits, nuts, eggs, tomatoes, chocolate and various other foods, or donned clothing containing wool, or even played with cat or dog, her skin condition became much worse. A growing child must have normal foods. A little child will cry sometimes for chocolate candy and

long to have a pet like her playmates. Is there no cure for this, we wondered?

A girl friend of my wife asked her one day why she didn't take Treva to Dr. Leo R. Karl, Chiropractor, in Wichita Falls. She said her sister's little girl had a skin disorder, and after she received adjustments from Dr. Karl, her trouble disappeared. After talking it over, we decided to pay him a visit, although, I must confess, I was skeptical of Chiropractic adjusting a skin disorder.

After examining Treva, Dr. Karl told us the cause of her trouble and explained that the foods she ate served only to aggravate the effects of the cause and were not the cause themselves. Before the effects (skin disorder) would leave, the direct cause itself had to be eliminated. This made sense. We immediately started Treva on her adjustments.

The departure of her skin disorder was amazing. Today, you would never know she ever had a skin allergy. The skin on her neck and arms is clear and smooth. Her little "wings" have been discarded in the trash receptacle. We will never be able to thank Chiropractic enough for returning our daughter to a normal life.

(Signed) TREVA'S FATHER
Subscribed and sworn to before me this 8th day of February, 1955.

WOMEN WHO COOK ELECTRICALLY KNOW

Electric Cooking is THRIFTY!

Fast, efficient electric cooking helps you save in many ways! With accurately-controlled electric heat, meats and other foods cook with a minimum of shrinkage, giving you more servings per pound. Oven cooking . . . and top-of-the-range cooking . . . can be automatically controlled to eliminate costly cooking failures. And clean electric heat saves on kitchen cleaning and redecorating expense. It costs only about 3c per meal to enjoy the cleanliness, accuracy and carefree convenience of modern electric cooking. Try it . . . you'll love it!

MINIMUM SHRINKAGE MEANS MORE SERVICINGS PER POUND

The accurately measured and controlled heat of an electric oven permits cooking meats the recommended low-temperature way for minimum shrinkage, less drying out and loss of flavorful juices.

For a full measure of cooking pleasure . . . COOK ELECTRICALLY

See your favorite electric range dealer soon for the model that's exactly right for your family's needs and budget. You'll find electric cooking one of the nicest things about living better . . . electrically!

New Task-Force 57 Chevrolet Trucks!

They "flattened" Yukon mountains with the most modern truck V8's of all!

Rated G.V.W. of these payload-carrying heavyweights goes all the way up to 32,000 pounds!

New V8-powered '57 Chevrolet trucks, heavily loaded, made one of the world's toughest roads look easy! In a straight-through test run, they rolled over the famous ALCAN Highway to Alaska—in less than 45 hours (normally a 72-hour run). Here's proof-in-action of power that'll handle your toughest jobs—and keep coming back for more!

Whatever your job, there's an Alcan-proved Chevrolet Task-Force truck ready right now to save you time and money!

Six new Task-Force huskies made the run. And six ultra-modern Chevy engines proved their power and performance—with gas mileage up to 18.17 miles per gallon! Two of the engines were not stopped once, and they hummed along at peak efficiency the entire 1,520 miles!

Chevy's big V8's—including the new 283-cu.-in. Super Taskmaster—turned in top performance jobs. They hauled typical loads up and down towering grades and through washouts that sucked wheels into hub-deep mud. They roared on through miles of heavy dust that narrowed visibility to a few hundred feet. And in spite of the varying altitudes and temperatures, not a single truck was forced to drop out or turn back! Stop by and see them soon!

Alcan run supervised, certified by the AAA.

Proved on the Alcan Highway
Champs of every weight class!

WE GIVE S & H GREEN STAMPS

BOY SCOUTS at La Grange, Ill., got more than they bargained for when they staged a civil defense mass feeding demonstration in connection with a pet parade to show how the hungry could be fed in the event of an enemy attack. With limited equipment, they served 5,000 meals at a cost of only 21 cents each. The horse got a handout, but fortunately for the Scouts, 4,393 of the meals were for humans, who got along on hot dogs, beans, rolls, doughnuts and coffee.

Many Hostesses Honor Bride-elect

The approaching marriage of Miss Jimmie Joy George and J. C. Parmer was the inspiration for a beautifully appointed miscellaneous display shower recently in the parlor of the First Baptist church. Hostesses for the courtesy were Mrs. Homer Blalock, Lila Traylor, Ralph Stone, R. R. Brubaker, Lloyd Lowe, Earle Denny, Herman Kight, L. E. Brooks, Charles Metz, M. J. McDonald, Herman Mathier, Esther Thornberry, T. J. Pace, Carroll Duke, W. H. Bradford, Dorothy Thompson, J. H. Hatten, Elvy Sargent, Bonnie Hudson, Mae Roby, George R. Huckaby, D. O. James, Archie Bryant, L. A. Teal, Dove Harbour, Nelson Johnson, Arch Hughes.

Decorations emphasized silver, pink and white, the bride-elect's chosen colors, with fall flowers used at focal points in the room. Beauty of the lace covered refreshment table was enhanced by a central arrangement made of a heart shaped mirror bordered with tulle, in which pink carnations were entwined. This was illuminated by flanking crystal candelabra holding pink tapers. The colors were also used in the corsages presented by the hostesses to the honoree and her mother Mrs. Taylor George.

Serving at the table were Mrs. Huckaby, Sargent, Thornberry and Kight. Guests were greeted by Mrs. Thompson, McDonald, Pace and Duke, and presented to the honoree, her mother and grandmother Mrs. John Bell.

Mrs. Harbour and Stone presided at the bridesbook during the calling hours. Assisting with the gift display were Mrs. Lowe, Traylor, Brubaker, Brooks, Hatten and Roby. Special organ music was presented during the evening by Mrs. Oscar Lochridge.

Out of town guests registered from Archer City, Holliday, Chillicothe, Wichita Falls and Denver, Colo.

The George-Parmer wedding is calendared for Friday, Nov. 16 in the First Baptist church with Rev. Homer Thompson directing the vows.

Miss George is the daughter of Mr. and Mrs. Taylor George of Iowa Park, and Mr. Parmer is the son of Mr. and Mrs. Doyle Parmer, formerly local residents, now living at Webbers Falls, Okla.

Mr. and Mrs. W. H. Bryan and children Billy Dianne and Ganelle moved here recently from Winters.

TEXAS DEMOC HEAD — Speaker of the Texas House of Representatives, Jim Lindsey of Texarkana, is the new chairman of the State Democratic Party. Chosen as one of the Five Most Outstanding Young Men in Texas last year, Lindsey, at 30, is the youngest Speaker and youngest Party Chairman in the state's history.

Presbyterian

Young People of the Presbyterian church met Sunday at 6:00 for a business session. We discussed what we have done in previous months and what we can do to improve our programs.

Present were Donald Richter, Lawrence Shook, Randall Pierce, Sue Bedford, Mary Shook, Junior Jenkins, Peggy Weiss, Portia McManus, Malcolm Berry, Mrs. Lowrance, Freddy Boswell, Jerry Robinson and Linton Lowrance.

We planned a party and agreed upon a party at the church. Young people assisted by the Juniors composed the choir for the vesper service. We all enjoyed a tape recording which was made at a convention in New Orleans.

Mr. Jenkins furnished refreshments which were enjoyed by everyone.

Mrs. Nelson Johnson was hostess to the Business Women's circle of the First Baptist W.M.S. Monday evening. The meeting was held in the church parlor.

Mrs. D. O. James, W.M.U. secretary, directed the mission program, using the theme "Joy from Walls of Salvation." The program was adapted to a daily international newscast and featured reports on SEC work in strategic mission centers overseas.

Others taking part on the program were Mrs. Dorothy Thompson, Lloyd Lowe, Homer Blalock and Miss Ella Simmons.

Plans were made for Thanksgiving dinner served in the home of Mrs. George Lewis on Nov. 19. Mrs. Bonnie Hudson was appointed menu chairman.

The hostess served refreshments to Mrs. Wayne Williams, Morris V. Jacks, Henry Jones, Carl McKinon, J. C. Roby, Dave Gay, Emma Phillips, Keith Blalock and those previously mentioned.

Mrs. J. L. Alvey is at home after undergoing surgery last week in Wichita General hospital.

Mr. and Mrs. John Murphy have had as guest her mother Mrs. Laura Lynn of Edna, Okla.

Mrs. Margaret McClesky is visiting relatives in Haskell.

Mrs. Homer Mulkey is also on the sick list this week.

Choices Offered Volunteers

Young men who are thinking of entering the service will find the army offers them "choice not chance," says M-Sgt. Paul R. Calvary of the army recruiting station, Wichita Falls.

There are many choices for those who enlist in the US army. For the high school graduate, choice of technical training is offered. Selection of the training desired is made and a written guarantee for attendance at the school is given before being sworn in.

Courses in such career fields as electronics, medical, engineering, atomic, aircraft, armament, automotive and photography are a few that are available. In all there are more than 100 courses from which selection may be made. Some of those courses are also offered to young women.

Another choice is branch assignment which includes armor artillery, medical service, infantry, military police corps, ordnance, quartermaster, signal, transportation, engineers, counter intelligence corps, army security agency, and airborne.

For prior service personnel who re-enlist within 90 days after discharge, a selection of the army post where they would like to be stationed is offered (provided a vacancy exists).

Under "Operation Gyroscope," individuals may enlist for direct assignment to certain units. This is the army's rotation plan which replaces units overseas with like units from the States. Through this plan, enlistees serve in the same organization with friends throughout the complete enlistment.

Those who are interested in choosing before enlistment and not leaving fate to chance, are urged to contact Mr. Calvary at 1007 Lamar street, Wichita Falls, telephone 3-5976, for complete information.

JUNIORS

As you probably know, the IP Hawks met their match last Friday night at Holliday. We are sorry we lost. Better luck next time, Hawks, when you try your skill on Chillicothe.

Girls basketball team is feeling quite proud since we beat Burk last Tuesday. All Jrs got to play. A well coached game, Mrs. Flanagan. The scores were 39-34 and 32-14.

Jane and Kay, who are on the annual staff, would sure appreciate your buying your annual from them. They must have a contest on, the way these two are working!

Only 39 Christmas shopping days left.
See ya at the game.
