Sheppard Personnel Contribute to United Fund

Above is a scene in the office of Maj. Gen. Edward White at Sheppard AFB, with Mayor and Mrs. R. E. Van Horn of Iowa Park and Mayor Smith of Burkburnett receiving checks from White. The money was donated by military and civilian personnel of SAFB who live in Iowa Park and Burk during the recent United Fund drives.

Van Horn received a check for \$126 for the Iowa Park United Fund, which had a goal of \$4600.

Wayne House, who acted as general chairman of the United Fund campaign for Iowa Park, expressed his thanks to the many persons who helped make the drive a success.

Soil Conservation District Reports on 1956

Supervisors of Wilbarger-Wichita Soil Conservation district have completed their annual report, according to Fenton Dale, chairman of the board.

One or more conservation practices were applied on 673 farms with technical assistance from the Soil Conservation Service. The district now has 1,623 farm and ranch co-operators with 355 of these having applied all planned practices.

Assistance to the district from many sources was recognized in the report. They received help from the 10 banks, the farm implement dealers, gins, seed firms, Bridwell Soil Builders program, Frank M. Wood wildlife program, committees on education, program, publicity, finance and legislation, The Wichita Falls Farm and Ranch club had three programs on conservation; all newspapers, radio stations, chambers of commerce, and White Auto stores had rendered assistance.

Soil Conservation Service furnished technicians for work units at Iowa Park, Burkburnett and Vernon. Extension Service, Vocational agriculture instructors, ASC of Wilbarger and Wichita counties, and Morris Stalcup (game warden) contributed to the district's progress.

Evidence of the fine assistance from groups and agencies was recognized at the annual meeting of SCD supervisors, when Dale received the National Farm Life Insurance award for the district receiving the most help from within its district.

Co-operators applied the following conservation practices:

- 3350 acres of crop rotation
- 9445 acres of contour farming
- 11,622 acres of cover cropping
- 22,152 acres of crop residue utilization
- 4,566 acres of rotation hay and pasture
- 265 acres of strip cropping
- 6,749 acres of stubble mulching
- 69,442 acres of brush control
- 16,251 acres of deferred grazing
- 574 acres of pasture planting
- 180 acres of pitting
- 11,494 acres of range and pasture proper use
- 879 acres of range seeding
- 82 farm ponds stocked with fish
- 481 acres of wildlife area improved
- 663 acres of border irrigation
- 6 miles of diversion constructed
- 100 acres drained
- 30 acres of furrow irrigation
- 317 acres of improved water application

Dale outlined the awards won by the district and its co-operators during the past year. The district won first place in Area 5 in the "Save the Soil and Save Texas" awards. Donald Morgan, Iowa Park High School sophomore, won first in conservation essay for the area, with Glenda Holbrook of Electra high school also placing. Joe P. Cunningham's wildlife program as a part of conservation ranching won first place in Area 5. Jack H. Martin of Wichita Falls took first honors as outstanding conservation farmer in the area. Robert Arnold of Oklahoma took state honors in the wildlife awards program. The district recently received its plaque for being one of three districts to organize a Dealer-District program during 1956.

Hawks Win

Iowa Park Hawks took their second Eastern division 11-A victory Tuesday night by outscoring Archer City Wildcats 76-47. Harvey Klinkerman led the winners with 26 points. Goddy Slack was high man for Archer City with 10.

Archer City girls cinched the division title by downing the visitors 62-41. Helen Taylor pumped in 24 points for the winners, while Galloway made 21 for IPHS.

A recent family gathering was enjoyed in the home of Mr. and Mrs. R. B. Cage. Present were Mr. and Mrs. Garnett Kemper and David of Iowa Park; Miss Eva Cage of Denver, Colo.; Mr. and Mrs. Leona Cage and children and Mr. and Mrs. Wendell Mason, all of Wichita Falls; Mr. and Mrs. Bill Kemp of Ft. Worth; and Mr. and Mrs. Cage.

TRINITY LUTHERAN CHURCH
Clara, Texas
The church which helps sponsor radio's Lutheran Hour and television's This Is the Life.

Sunday Bible Classes and S.S. 10:00 a.m.
Worship Service 10:45 a.m.
Wednesday Walther League 7:30 p.m.
Saturday Jr. Confirmation Class 9:00 a.m.
We cordially invite you to attend our services and one of our Bible classes or Sunday School.
—Rev. L. Borlack, pastor.

Six visitors and 31 members attended the Noon Lions luncheon Tuesday. President Buck Voyles directed the meeting.

Visitors were Don Short, Frank Gibson, Bob Travis and Pop Work, all of Wichita Falls; Carnie Marsh of Houston; D. O. Smith of Iowa Park.

As program, Rollins Woodall presented four Boy Scouts in observance of Boy Scout Week.

Tommy Scott told of the summer camping program at Perkins reservation. Donald Thompson described a trip to Camp Boulder in the Wichita mountains. Butch Stockton explained the Order of the Arrow and listed some of the more recent Iowa Park members. Bobby Hartzell reported on the First Aid Meet held last Saturday in Wichita Falls.

Sweethearts present were Thelma Gay, Harriett Coppock and Mary Miles Mixon.

Clint Hansard of Pratt, Kans., visited this week in the home of his grandparents Mr. and Mrs. D. O. James.

\$1349 Collected

Mothers March on Polio conducted Monday night in Iowa Park and the surrounding area, netted \$1,349.34. This is a little less than was collected last year.

Members of Epsilon Sigma Alpha had charge of the drive and had the work well organized under the leadership of Mrs. Glen Miller and Mrs. Johnny Crawford. Rollins Woodall, general chairman, reports there were only a few calls from homes that had been missed.

COUNTY AGENT SUGGESTS . . .

A dead mesquite is worth more than a live one, declares B. T. Haws, county agent. A live tree 10 inches in diameter will use a ton of water to produce a pound of beans. That same water could produce four pounds of good grass! For five cents the tree can be killed. If it isn't, it could represent a yearly loss approximating \$9.

Now is the ideal time for getting rid of brush and undesirable trees in pastures. Percentage of kill is better in the winter and no crops are growing to be harmed, Haws says. It's also easier to get close to the brush and give it a better treatment of 2-4-D and diesel chemicals during this time of year.

Consult with Haws for complete directions on the eradication of mesquite, and get on the job now.

Committees Named for C of C Work

At the regular meeting of directors of the Iowa Park Chamber of Commerce, Tuesday evening the following committees were named:

Budget and finance: Richard Hill, Morris V. Jacks, Elvy Sargent.

Membership: Luther Shaw, Buck Voyles, Bill Sawyer, Wayne House.

Agriculture: John Sibley, Joe Price, Fenton Dale, Virgil Woodfin.

Fire Prevention: Earle Denny, Wayne House, James Elms, J. W. Thomas, Oscar Singleton.

Safety: Morris V. Jacks, John Mixon, Dr. William Huddleston.

Good government: Curtis Sewell, Wayne House, Carl Troutman, Mrs. Frankie Hendrick, Mrs. O. E. Lochridge.

School and sports: Keith Swim, James Elms, Ethyle Kidwell, Buck Voyles.

Welfare: Rollins Woodall, Alan Berry, Ethyle Kidwell, Clara Lowrance.

Merchants: S. B. Keeter, Harrel Sullivan, Wayne House.

Newcomers: Lella Livingston, Mrs. Carl Walsh, Dossia Smith.

Industrial: LaVere Thompson, John Barbour, Dr. Gordon Clark, C. C. Morgan.

Public relations: Morris V. Jacks, Hazel George, Lella Livingston, Chauncey Weiler.

Tourists: Alvin (Buddy) Tanner, Alan Berry, Curtis Sewell.

Streets and highways (Highway 287 association): E. E. Voyles, Curtis Sewell, Carl Sullivan, Arch Hughes.

Housing: John Clapp Jr.

Building repair: Sam Hill, F. E. Hill, Buck Voyles, Charles Miller.

Programs of work were submitted by several committees and received approval of the board. The agriculture committee presented an extensive program and expressed wish to start on some phases of it immediately.

Other committees submitting proposals were the merchants, the tourists and public relations.

Next meeting will be Tuesday, March 5, promptly at 7:00 a.m. Those who desire may eat breakfast together at Rolling cafe before the meeting.

Temperatures
The yearly average temperature was 1.6 degrees above the normal of 65. The average maximum was 2.5 degrees above the normal of 78.2 and the average minimum was only 0.6 degree above the normal of 51.9. Maximum temperatures for all months were above normal except for January, February and November. March, May, September and December were 4.3, 4.8, 4.9 and 4.1 degrees above normal in mean maximum temperature.

Wind Movement
Wind movement for the past year was 16,564 miles. This is 530 miles more than last year and 22,650 miles less than the 31-year average of 39,214 miles.

The increase in wind mileage had some effects on frequency of irrigation as well the growth and yield of crops.

Evaporation
Evaporation for the year was 84.55 inches. This is the highest ever recorded during the 31-year period. Total evaporation was 25.11 inches above the normal of 59.44. March, May, September, October and December had the highest monthly evaporations on record. Highest evaporation for any month during 1956 was 12.28 for July and lowest was January with 1.67.

High temperatures, below normal rainfall and below normal atmospheric humidity contributed to the record-breaking evaporation. No doubt the high evaporation had some effect on the normal growth and production of crops.

Evaporation
Evaporation for the year was 84.55 inches. This is the highest ever recorded during the 31-year period. Total evaporation was 25.11 inches above the normal of 59.44. We Lost 7 Feet of Water by Evaporation

Following his custom, Virgil I. Woodfin has prepared a weather survey for the year just past, and we are privileged to publish it. Our thanks to Virgil for his comprehensive report.

Precipitation
In the 31 years of recording meteorological data at the station, the past year was the second driest on record. A total of 17.79 inches of rainfall was measured. This is 11.22 inches below normal. The driest year was 1952 when 17.47 inches were recorded. Of this amount 9.74 (or more than half) came during May and July. Rainfall during the early spring and summer was quite a bit below normal. No measurable rainfall was received during March and August.

Frequent irrigations were necessary during the dry periods for growth and maintenance of all crops. For early plantings of spring crops, irrigation was necessary in germination of seed. Growth of early planted crops was slow until the first part of May when much needed rain fell. After this crops made rapid growth but supplemental irrigation was necessary for maturity of all summer crops for the remainder of the growing season. Pastures and crops on dry land suffered considerably for lack of moisture during the early spring and summer months.

A few farmers dusted in wheat but many did not sow until moisture was received in October.

May received the most rainfall with 5.41 inches, March and August had none.

The number of days with .01 or more rainfall was 48. This is 17.5 days below normal. May and February had the most days with rain of 8 and 7 days respectively.

Atmospheric Humidity
Average relative humidity for 1956 was 56.2 per cent. This is 4.2 per cent below the 31-year average of 60.4 but an accumulation or departure from the normal of 50.4 for the year.

August had the lowest average relative humidity with 44.3 per cent. However, the greatest departure from normal for any month was September with —13.9 per cent. Highest average relative humidity was for February with 69.5 per cent. All months were below normal except February and December.

These data indicate the season was fairly dry and perhaps had some effect on the normal growth and production of crops.

Evaporation
Evaporation for the year was 84.55 inches. This is the highest ever recorded during the 31-year period. Total evaporation was 25.11 inches above the normal of 59.44. March, May, September, October and December had the highest monthly evaporations on record. Highest evaporation for any month during 1956 was 12.28 for July and lowest was January with 1.67.

No measurable rainfall was received during March and August.

Frequent irrigations were necessary during the dry periods for growth and maintenance of all crops. For early plantings of spring crops, irrigation was necessary in germination of seed. Growth of early planted crops was slow until the first part of May when much needed rain fell. After this crops made rapid growth but supplemental irrigation was necessary for maturity of all summer crops for the remainder of the growing season. Pastures and crops on dry land suffered considerably for lack of moisture during the early spring and summer months.

A few farmers dusted in wheat but many did not sow until moisture was received in October.

May received the most rainfall with 5.41 inches, March and August had none.

The number of days with .01 or more rainfall was 48. This is 17.5 days below normal. May and February

Mrs. Van Loh Dies at Burk

Funeral services will be conducted for Mrs. Martha Katherine Van Loh, 70, Friday at 2:30 in the Clara Lutheran church. Rev. L. Boriack, pastor, will officiate.

Burial will be in the Clara cemetery. Pallbearers will be O. W. Prechel, Errol Holtzen, Edd Hieserman, Emil Schroeder, Walter Kasper, Herbert Kiesling.

Mrs. Van Loh died early Wednesday morning at her home in Burkburnett after an illness of about six months.

She was born in Lake Creek, Mo., July 4, 1886, and was married to Charles P. Van Loh at the Clara church on Dec. 3, 1905.

The family lived in Clara community for more than 50 years, until last December when Mr. and Mrs. Van Loh moved into Burkburnett.

Survivors include three sons Vic and Harold and Raymond, all of Burkburnett; five daughters: Mrs. George Counter Jr. of Burkburnett; Mrs. Jack Logan of Houston, Mrs. Floyd May of Iowa Park, Mrs. Dub Tolett of Aransas Pass, Mrs. Harry Slegley of Wichita Falls; a brother John C. Muller of Burkburnett; a sister Mrs. Clara Kueck of Sedalia, Mo.; 17 grandchildren (which include Scotty May of Iowa Park) and one great-grandchild.

Judith Leslie Colson was born Feb. 15, 1940 to Mr. and Mrs. L. F. Colson. She was born in Massachusetts and moved to Mexico City in 1943. She attended American high school in Mexico City, where she played basketball and volleyball in her sophomore year. She came to Iowa Park in 1956 and is now a member of Psi Omega speech club. Judy was runner-up for Sr class favorite. She is a member of the Catholic church in Wichita Falls. Plans include nurses training at Wichita General hospital next fall.

Donald Daugherty was born in Sumner, Mo., on Oct. 11, 1938, to Mr. and Mrs. G. L. Daugherty. He began his schooling here and lettered in football both years in junior high. Because of a broken ankle Donald didn't get to play football until his Jr year. He made all-district end last year, honorable mention all-district end both years. Donald was elected most handsome boy in high school and has been vice-president both Jr and Sr years. Attends Pleasant Valley Baptist church and is president of his Sunday School class. Plans to enter college this fall, but has not chosen it yet.

It's time for Sr play again and the date is March 7. The vehicle is "Bolts and Nuts." I'm sure you'll agree the title is appropriate when you read the characters in the play:

Rebecca Bolt (Melva Lee), manager of the Bolt Sanitarium for Mental Hygiene.

Benita Bolt (Jo Ann Callaway), Rebecca's niece.

Lutie Spinks (Josette Hensley), maid who has a nervous habit of winking.

Martha Grubb (Ann Vestal), the cook.

Twink Star (Gerald Clements), Benita's fiancé.

Dr. Hippocrates Jay (D. O. James), a "psychiatrist," he thinks Henry Goober (Randall Pierce), Negro porter.

Phineas Plunkett (Norman Marquart), lawyer.

Cadwallader Clippy (Harvey Klunkerman), patient afraid of cats.

Mrs. Gertie Glossip (Anita Thompson), a patient who fears contamination.

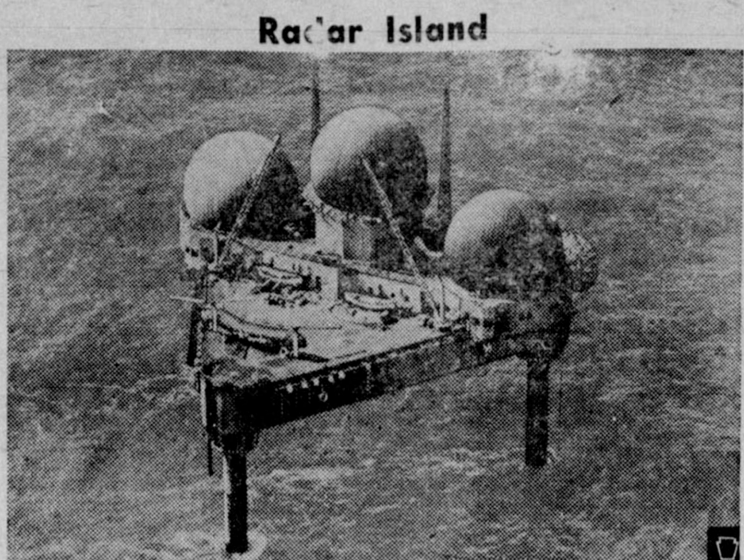

Wilbur (Glen Wester), Mrs. Glossip's darling child.

Jack Gordon (Donald Daugherty), a young intern.

Miss Figg (Janice Wilson or Carol Thomas), loud mouth woman who is searching for the fortune hidden in the sanitarium.

See you next week.

-JODY

More than 100 miles off the New England coast, this man-made "island" is the first open-sea radar tower in the nation's new Atlantic defense network against air attack. Costing \$13 million, it houses 60 Air Force personnel on its three decks, and enough electrical gear to supply a city of 100,000. Its three spherical "radomes" are designed to spot enemy raiders at distances which are a military secret. The 6,000-ton "island" is the largest structure ever to stand so far from land amid such hazardous sea conditions, according to Gulf Oil which supplied fuels and lubricants during the unprecedented erection job by Raymond Concrete Pile Co. and DeLong Corp. (a joint venture).

SIXTH GRADE

On February 1, a meeting of Mrs. C. B. Smith's sixth grade students was directed by Scotty May, class president.

After Mike Patterson, secretary, read the minutes of the last meeting they were approved. New and old business were discussed.

Benny Brott, program chairman, presented a game "Truth or Consequences" with Betty Engledow, Scotty May, Linda Robertson and Michael Patterson as players.

Then Benny Brott, Jackie Schell, Scotty May and Betty Engledow gave their reason for boys and girls being the better students. The boys backed boys as the better, and the girls supported the girls. A vote was taken and the boys won.

Program committee for the following week will be Brenda Capehart, Donn Wheelock and Marty Colvin.

CARD OF THANKS

With deepest gratitude in our hearts we express our thanks for the beautiful flowers, messages, cards and every act of kindness and thoughtfulness shown to us during the time of our father's and grandfather's illness and death. May the Lord's richest blessings be upon each of you.

KAMAY

By Mrs. E. L. Holbrook
Route One, Electra

Humphrey B. Best, pumper in the KMA field, completed 35 years of service with Shell Oil company, last week.

J. M. Garlick, division production manager, presented him the company's service emblem containing three diamonds in recognition of his long service with Shell.

Best was first employed at Tonkawa, Okla., as a truck driver. He later worked as a roustabout and heavy truck operator in Greenwich, Kans., Graham and Wichita Falls, and Earlsboro and Tulsa, Okla. He has worked as a pumper in Olney, Henrietta, and came to the KMA field in 1950.

Best is a native of McFall, Mo., and attended schools in Dunlap, Kans.

Mr. and Mrs. Best have one daughter Mrs. J. G. Allison and two grandchildren Kathy June, 5, and Jackie Lynn, 2, who reside in Corpus Christi.

Best is a member of the Masonic lodge and is an ardent fan of football and baseball.

Members of the three circles of the Baptist WMU met in the church auditorium Monday at 1:30 for a Royal Service program. Mrs. R. L. Moody offered the opening prayer. Mrs. J. D. Chastain, program chairman, brought the devotional, using the theme "Like a Watered Garden."

History of the YWA was presented in playlet form entitled "Golden Heritage of YWA" with Mmes. W. Lee Welch, W. D. Collins and E. L. Holbrook taking part.

A business session was directed by Mrs. C. D. Perkins, WMU president. Mrs. Ed Hayes dismissed with prayer.

Annual Mothers March on Polio was conducted in the Kamay and Valley View communities Monday from 5:00 to 6:00 p.m. Contributions counted so far are \$237.99. Some classrooms have not completed their donations.

Mrs. A. L. Chambles, chairman, was assisted in the drive by Mesdames M. G. Jones, E. E. Rogers, O. R. Moore, Don McCoy, E. E. Wood, Chester Brown, I. M. Mishoe, George McDaniel, Earl Craven, Orin Dickerson, Cecil Sands and E. L. Holbrook.

Joseph M. Huey, 69, former Kamay resident, died Friday morning at his home, 309 East Magnolia in Electra. Funeral services were conducted Saturday afternoon in the First Baptist church there with Rev. Loyd Lester in charge. Burial was in the Electra cemetery.

A native of Alabama, Mr. Huey had lived in Wichita county 38 years. Formerly in the grocery business in Wichita Falls, he moved to Electra from Kamay several years ago.

Survivors include the widow, a son J. T. of Electra; two sisters Mrs. Annie Ancell of Electra and Mrs. E. S. Waldrip of Stamford; and three grandchildren.

Ruth Ann Welch, daughter of Mr. and Mrs. W. Lee Welch, was in Wichita General hospital last week for treatment of bronchial pneumonia. She is at home now and improving rapidly.

Willing Workers SS class of the Kamay Baptist church had a perfect grade Sunday. The eight members enrolled in the class and one visitor were present. Mrs. J. H. Cook is teacher of the class.

A bridal shower recently honored Mrs. Carl Dean Shirley, the former Barbra Sanders, in the home of Mrs. A. W. Marshbanks. Hostesses assisting were Mmes.

Ed Hayes, W. L. Yost, W. Lee Welch, Earl Virgin, D. B. Wheeler, R. L. Moody, J. W. Land, J. D. Chastain, E. W. Esli, Louis Bonial, H. L. Dalton and Eula Forbes.

Mrs. Marshbanks received the guests and presented them to Mrs. Shirley and her mother Mrs. Orville Sanders, her grandmother Mrs. A. G. Sanders, and the groom's sister Mrs. R. W. Bullard. The sweetheart theme was used in the refreshments and floral arrangements in colors and red and white.

The groom Sp3 Shirley is stationed at Ft. Bragg, N.C.

Larry Breazeale To Marry

On Saturday evening, Feb. 9, in the Second Baptist church of Houston, Miss Celeste Griffith, daughter of Mr. and Mrs. Nuel W. Griffith of Houston, will become the bride of Larry Wayne Breazeale, who resides with his parents

Mr. and Mrs. Albert H. Breazeale at 9406 Crestview drive, Houston. After a reception following the ceremony, the couple will leave for a honeymoon trip to New Orleans. They will reside in Houston where Larry Wayne is employed with the Moore Engineering company.

Albert H. Breazeale will be remembered as superintendent of Valley View schools from 1934 to 1948. Larry was graduated from elementary school there, from Canadian high school, and has attended Tarleton State college and Howard Payne college.

Celeste is a graduate of Smiley high of Houston and is a voice student at Houston Conservatory of Music.

Wesley Reunion

Mr. and Mrs. John Wesley and family recently attended the golden wedding anniversary of his parents Mr. and Mrs. G. C. Wesley. An openhouse was given honoring Mr. and Mrs. Wesley by their children at the Wesley home near Margaret.

The couple repeated their marriage vows before Rev. Clarence Boynds of the Methodist church. They were married Jan. 16, 1907 at Margaret.

Clings to the road like a stripe of paint!

The '57 Chevy can give lessons on taking curves and holding the road to just about any car going. Few cars at any price are so beautifully balanced and so smooth, sure and solid in action.

A car has to have a special kind of build and balance to keep curves under control. And nobody outdoes Chevrolet in that department! It "corners" with all the solid assurance of an honest-to-goodness sports car. Chevy doesn't throw its weight around on turns because it carries its pounds in the right places.

And if the road should turn upward, Chevy can take care of that nicely, too—with up to 245 h.p.*

Come on in and take a turn at the wheel of a new Chevrolet.

*270-h.p. high-performance V8 engine also available at extra cost

Sweet, smooth and sassy—that's Chevrolet all over. Above, you're looking at the Bel Air Sport Coupe. AIR CONDITIONING—TEMPERATURES MADE TO ORDER—AT NEW LOW COST. LET US DEMONSTRATE!

Local Young Couple Exchange Vows, Establish Home Here

Mr. and Mrs. Fred Toler announce the marriage of their daughter Jo Ann to James Arthur Yarbrough at 7:00 p.m., Feb. 1 in the First Baptist parsonage. Rev. Homer Thompson helped the young couple with their exchange of vows.

The bride wore a white street length dress and pink shoes. Her corsage was white double carnations with pink ribbon.

Miss Linda Geisert was maid of honor and Forrester Robertson was best man. Linda was dressed in pink and wore a pink corsage. After the wedding a reception was held in the home of the bride and groom.

Relatives were parents of Jo Ann, Mr. and Mrs. Fred Toler, her sister Peggy Jean, parents of the groom Mr. and Mrs. N. A. Yarbrough, three grandparents and several aunts and uncles of the couple.

The bride was a freshman in the local high school. She was on the B team in basketball and was a cheerleader two years. During her last year in junior high she was attendant to the football queen, cheerleader, May queen and junior high favorite.

The groom spent his junior and senior years in Duncan (Okla.) high school from which he was graduated in 1955.

James and Jo Ann are making their home on West Pecan street in Iowa Park.

Which One's Real?

THREE BUDDIES, 18-month-old Stephen Pennington and his bulldog pals, look all the world like they could be tough on a moment's notice. Steve's English Bull, Lady Candive, is known in dog-world social circles, including the National Capital Kennel Show in Washington where this photo was taken. Answers to "Which are Real?" are given below.

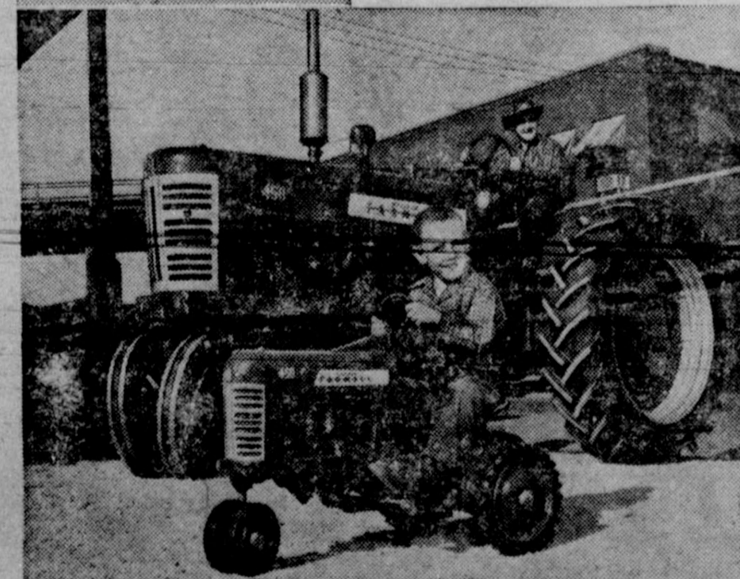

THESE LITTLE DOLLIES walk and talk, but only one eats ice cream. Answer below.

WHITE FROST, a miniature pedigree white Pekingese from Cobham, England, romps with a toy playmate. Puppy was seven weeks old and weighed one pound when photo was taken. Which is White Frost? See answer below.

(United Press Photos)

TOY TRACTORS too, are modeled after real ones like above, but there's no mistaking which is real and which is toy as Richard Behr and his father from Dubuque, Ia., prepare to drive away on new 1957 Farmall 450 tractors. Answers: Top—Real Lady Candive is at right; Center right—White Frost is at left; Center left—The dolly on the left is a real live girl.

School News

Speech club of IPHS will present three one-act plays on the evening of Tuesday, Feb. 19. Admission will be 25c and 40c. Plays and characters are:

"Now That April's Here." Douglas James, Melva Lee, Darlene Banner, Jo Ann Callaway, Judy Colson, Randall Pierce.

"The Tangled Web." Harvey Klunkerman, La Wanda Jo Darnell, Norman Marquart, Joyce Riley. "The Happy Journey." Ann Vestal, Charles Brot, Betty Whitaker, David Middaugh, Judy Colson, Tommy Starks.

One of these plays will be picked to enter the spring contest. The cast will attend a drama clinic in Dallas on Feb. 23.

Members of the club invite the public to see the plays and enjoy an evening of good entertainment.

Women of the Church met at 9:00 a.m. Tuesday, Jan. 27. The meeting was opened with chain prayers.

Miss Clara Lowrance taught the special Bible lesson. Mrs. Noel Troutman gave the meditation and Mrs. K. P. Abernathy presented the general program on "American Citizens at Home and Abroad." She was assisted by Mrs. Locke Lowrance and Mrs. L. Shelton.

The White Cross work quota was received, and garments were assigned for members to make.

Other members present were Mmes. J. B. Ridenour, Emanuel, Johnnie Clapp, L. Lovelace, Florence Sherwood, A. H. Estes, Gale Lowrance, C. E. Birk and Miss Mina Troutman.

Juniors

Hello once more. How have you been? Sorry I've been away so long. Tuesday the A and B Hawk boys tested skill with the Bowie teams. The scores were 61-80 and 26-76.

At the Jr class meeting last week we discussed the Jr-Sr trip to be held this spring. We have not decided on the recreation spot.

Friday of last week the four basketball teams went to Archer City. Only the A boys won. Better luck next time, B, junior high boys and A girls.

The gymnasium is coming along nicely. We hope to start having classes in it soon.

Monday the room mothers and class sponsors met to plan the Valentine party, which will be held in the school cafeteria Feb. 15.

Tuesday the band and basketball pictures were made. If the camera didn't break, you can expect some stupendous results.

A Smithville annual has been going around school this week. By any chance could some of you girls be planning to move there? May I go with you?

I would like to ask a Sr a question: Donald, ole boy, who were you sitting with on the bus? I think you know when I mean. All of the girls want to know; no personal reason.

See ya at the games.
—NICK

HAPPY ABOUT JUNIOR!

The Herald received this week an announcement from Mr. and Mrs. Lee Warren of Aurora, Colo., of the birth on Jan. 28, of their son Fenton Lee Warren jr. Lee is a son of Fred Warren, a pioneer of this community who now resides in Mississippi. Lee formerly was employed with the C. M. Miller Lumber company here.

SPOTLIGHT on SPORTS

VALLEY VIEW VISITS NORTHSIDE

Warrior girls lost to Northside 29-45. Crumpton was high pointer for Valley View, Duckworth for Northside.

The boys game was close all the way until in the last seconds Northside edged the Warriors—64-61.

V.V. SPLITS WITH LOCKETT

Lockett girls downed the Valley View girls with a 43-24 score. The Warrior boys turned in a 63-34 victory over Lockett.

Friday night V.V. goes to Odell for the final conference games.

WSCS

Methodist women met this week for the conclusion of the study 'Paul's Letters to the Local Church' which Mrs. S. B. Keeter has been presenting. Problems of the Church was the topic discussed by Mrs. W. M. Owens, and The Church and Its Future was given by Mrs. Keeter.

Mrs. John Nixon accompanied the hymn singing, and the devotion was led by Mrs. Gene Owens. Prayer was offered by Mrs. Keeter.

Others attending were Mmes. W. E. Stockton, Miles Thompson, T. R. Horne, Fred Widmoyer, Gene Lowrey, Richey Abernathy, W. C. Albright, Elden Cole, W. F. George, Jay Laible, C. J. Thurber.

Need for Teachers Must Be Met

House Bill No. 8 and Senate Bill No. 80, designed to raise the base pay of Texas school teachers, are soon to be considered in the state legislature.

If these measures become law the base pay of teachers will rise from \$2805 a year to \$3204, a raise of \$399 a year.

Supt. Keith Swim said recently there is an urgent need of more teachers everywhere, but other fields and professions pay so much more and some take so much less time for training, that something must be done to encourage more

young people to enter the teaching field.

A recent report on college graduates of 1949 shows their average salaries have more than doubled in engineering, accounting, sales work and general business, while the salaries of those in the teaching profession show only about a 30 per cent increase.

Demand for teachers in Texas is growing each year, and 32,000 additional teachers will be needed by 1960. The only way they can be made available is to raise the pay enough to interest college students in training for classroom work.

Ralph L. Templin

Wayne Palmer

Ralph L. Templin of Dodge City, Kans., has been named district manager in this area for Southwestern Bell Telephone company. He succeeds Wayne Palmer who is transferring to San Antonio, where he will be district manager for the company.

Templin will direct the company's commercial department operations in 10 cities in this area: Burkburnett, Bowie, Childress, Graham, Henrietta, Jacksboro, Iowa Park, Quanah, Vernon and Wichita Falls.

The new district manager began his career with Southwestern Bell at Chillicothe, Mo., in 1946. He worked for the company in several Kansas cities and was district manager at Dodge City at the time of his transfer to this area.

He attended St. Joseph Junior college, St. Joseph, Mo., and the University of Missouri at Columbia. He spent over three years in the army during World War II.

Templin is married and has two children, a son Tommy and a daughter Sandra. The family is active in the Baptist church.

Palmer has been district manager in this area for Southwestern Bell since 1955. He was born at Newcastle and was graduated from high school there. Palmer attended SMU at Dallas and the University of North Carolina.

He joined the company in Fort Worth in 1947 and worked there until being named manager in Wichita Falls.

Valentine Party Planned for HS

High school room mothers and teacher sponsors met in school Monday with Supt. Keith Swim and Prin. James Elms to plan an all school party for the high school students. It will be a Valentine party in the cafeteria at 8:00 p.m. Friday, Feb. 15.

Several rules were adopted by the group and committees were formed.

1. The party is from 8:00 to 11:30.
2. Any student desiring to bring a date other than a person from high school must clear this with Mr. Elms by Thursday, Feb. 14.
3. When students enter and register, they do not leave until ready to leave for home.
4. Dress as you desire, except NOT formal.

Committees are:
Decorations, senior mother sponsors

Joe R. Sears, 77, Dies in Wichita

Funeral services are to be conducted for Joe Russell Sears, 77, at 2:30 p.m. Friday, Feb. 8, in the First Baptist church here.

Rev. John Newby, pastor of the Southside Assembly of God, Wichita Falls, and Rev. Roy B. Quillin, pastor of the Iowa Park Assembly of God, will officiate.

Burial will be in Highland cemetery under direction of Tanner Funeral Home. Pallbearers will be W. B. Roling, Robert Forson, Charlie Sefcik, Joe Baxter, J. W. Thomas, Ralph Stone.

Mr. Sears died in a rest home in Wichita Falls late Wednesday afternoon after a long illness.

He was born Dec. 15, 1879 in Louisville, Ky., son of Mr. and Mrs. Joe Henderson. He came to Texas with them when he was 10 years old and settled at Deport.

He moved with his family to Iowa Park about 29 years ago. Survivors are his widow Lula of Iowa Park; two daughters: Mrs. J. V. Morton and Mrs. R. P. Turner, both of Iowa Park; a son Virgil Phillips Sears of Andrews;

a brother Dick Sears of Houston; a sister Mrs. Rosa Burkett of Paris; 11 grandchildren and two great-grandchildren.

SIXTH GRADE ORGANIZES TWO BASKETBALL TEAMS

In a recent class meeting directed by David Brown, president, the boys elected two basketball teams,

as follows: (1) David Brown, Douglas Beavers, Gary Todd, Laurence Shook, Hershel Roach, Charles Findley, Glenn Williams, Robert Pastusek; (2) Mike Davenport, Richard Rauschuber, Butch Schel, Michael Caldwell, Jerry Schelbal, Dennis Mitchell, Danny Hambrick, Bill Lane.

LOOK! NEW FORD TRUCKS for '57

The Ranchero! More than a car, more than a truck—it's a completely new kind of vehicle. A real pack horse that handles more than half a ton.

Totally new Tilt Cabs! America's lowest-priced,* most modern Tilt Cab line. Six complete new Series, up to 60,000-lb. GCW.

New pickup with Styleside body, standard at no extra cost, gives you stunning style and the biggest capacity of any half-tonner. Available in 6½- and 8-ft. body lengths.

LOOK again! They're modern through and through

The boldly modern styling you see in the new Ford trucks for '57 just hints at how deep-down modern they really are!

The beautiful new Ford Ranchero rides, handles and looks like a modern car. Deep down it's a rugged truck—carries over half a ton, more than many standard pickups. Ford's all-new Tilt Cab Series brings a new kind of modern design to the big-truck field. It's America's lowest-priced* Tilt Cab line.

New Ford pickups back up their sleek modern styling with higher power, completely new cabs, a new kind of pickup ride. Styleside bodies are biggest of any pickup.

The three trucks shown here give you just an idea of the sweeping changes in the new Ford line for '57—ranging up to tandems with 65,000-lb. GCW. See your Ford Dealer for complete details on the truck to fit your job.

*Based on a comparison of factory suggested list prices

NEW cabs—completely new—stronger, roomier, smarter! New wider full-wrap windshield. New inboard cab step, new Hi-Dri ventilation.

NEW hydraulic clutch standard in all models, pickups to tandems. Easier to operate—works like hydraulic brake. Clutch and brake pedals are modern suspended type!

NEW Styleside pickup bodies, standard at no extra cost. America's biggest pickup bodies! Side loading's far easier with full-width body.

NEW riding comfort! Big roomy cabs, new chassis suspension, and increased visibility combine to greatly improve riding and handling ease.

NEW chassis strength! New frames, up to 133 stronger. New sturdier front and rear axles! New higher capacity springs!

NEW power advances! Higher horsepower, freer breathing, higher compression ratios, new Super-Filter air cleaner. Short Stroke engine design—V-8 or Six, in every model!

For '57 and the years ahead—
FORD TRUCKS COST LESS

LESS TO OWN... LESS TO RUN... LAST LONGER TOO!
