

Lahey Reunion Held in Eagle Nest Cabin

By Mrs. Roy Lahey

High in the mountain above the little town of Eagle Nest, N.M., is what was once a group of gold miners' cabins and a store where the miners and their families purchased their daily needs back in the early 20's.

This later became one of the many ghost towns or mines. Not for long, however. A group of people, realizing the beauty of this spot would go there for the summer. The cool, even cold, air was inviting for this group (mostly from Wichita county or former residents—one family from Kansas). It was a relief from summer heat and dry Texan winds.

Most of this group who have known each other more than 30 years, started plans to buy the cabins. Consent of the stockholders had to be obtained. It was a slow procedure, but in 1950 their dreams came true.

Each family selected the cabin its members wished to own.

There was much activity going on for the next several summers as the groups gathered to do more re-building and remodeling on the cabins. It was like the proverbial anthill.

Today there are 19 cabins and houses in this settlement, most of them the original mine cabins.

It was in this group that the Roy Laheys of Valley View purchased the store building. It doesn't look much like the one time high front store now. It's not big

but three rooms and bath is where they invited Roy's family for a reunion this summer.

All came except two brothers—Joe of Austin and Albert of Cuero. There were 33 for this once in a lifetime occasion.

Some 30 years ago Roy and Mary Lahey chose as their slogan or motto "Suits Us." That was one of the first things, when they bought, to make the sign bearing the slogan and put it up to stay. However the next summer someone had taken the sign down. Yes, we knew where it went. It still "suits us" and I guess most of our guests, for they usually want to go there again.

This summer will be one for us always to cherish. Those attending the reunion were: Mr. and Mrs. W. E. Lahey and son Bob of Petrus; Mr. and Mrs. C. H. Lahey and Linda of Austin; Miss Alma Lahey of Iowa Park.

And Mrs. H. P. Davis of Los Angeles, Calif.; Mr. and Mrs. Alan Fulkerson, Janet, Mary Lee, Cynthia and Stevie of Woodland Hills, Calif.; Mr. and Mrs. John Belinger, John Edward and Phyllis Ann of San Bernardino, Calif.

And Mr. and Mrs. Chas. Ray Phillips, Stephen, Janie, Jackie, Mary Lou, Swink, Colo.; Mr. and Mrs. Charlie Phillips of Swink; Mr. and Mrs. Leroy Lahey, Chany, Cheri, Lin, Calvin L. of Wichita Falls; and the hosts Mr. and Mrs. Roy Lahey of Iowa Park.

Other cabin owners are Mrs.

Twenty Iowa Park Camp Fire girls recently passed honors in swimming at Sand Beach under supervision of Mrs. Ruth Bryant and Mrs. Grace Hughes.

Leaders and sponsors of the Camp Fire group were Mmes. R. D. Roach, Gene Lowrey, Ruth Gard, Pete Hall. Mothers who furnished transportation were Mmes. Tom Blackburn, John Mixon, E. E. Wallis.

Camp Fire and Blue Bird members and their families had a picnic at City Park, Tuesday night.

About 80 persons attended the potluck meal, bringing plenty of fried chicken and other edibles.

Mrs. S. E. Keeter led a song-fest and Mrs. S. E. Watson directed games.

JERRY LEE HUBBELL

Mr. and Mrs. Merritt Hubbell of Graham are announcing the birth on Aug. 26 of their son Jerry Lee. Grandmother is Mrs. Mary Lee Shaw. The Hubbells and Mrs. Shaw are former residents of Iowa Park.

CARD OF THANKS

We want to take this opportunity to express our appreciation for the cards, flowers, prayers and every other expression of sympathy and concern during the illness and Homegoing of our mother.

The Farmer Children

Mrs. Jerry Cope of Galveston has been visiting her parents Mr. and Mrs. Johnnie Tate in Wichita Falls and Jerry's parents Mr. and Mrs. J. R. Cope of Valley Farms. She returned to Galveston, Saturday night.

Ronnie Lowrey, who lives in Concord, Calif., called his parents Mr. and Mrs. Gene Lowrey long distance Sunday noon.

Mr. and Mrs. Elgin Denny and daughter Elga Ann are vacationing in the Ozarks.

Mr. and Mrs. Miles Hines of Lubbock spent last weekend here visiting relatives.

Dr. and Mrs. Jake Goodman and children of Longview visited during the Labor Day weekend with her parents Mr. and Mrs. W. F. George and other relatives.

Mr. and Mrs. T. M. Black have returned from Long Beach, Calif., where they visited with their daughter and family, Mr. and Mrs. Roy L. Maddox.

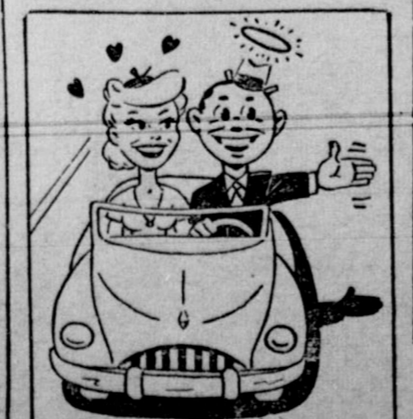

Mr. and Mrs. Thomas Cowart and children Judy and Ronnie visited his mother in Sherman last weekend.

Mr. and Mrs. M. O. Cheves and Mr. and Mrs. Homer Mulkey visited in Amarillo over the weekend.

PTA

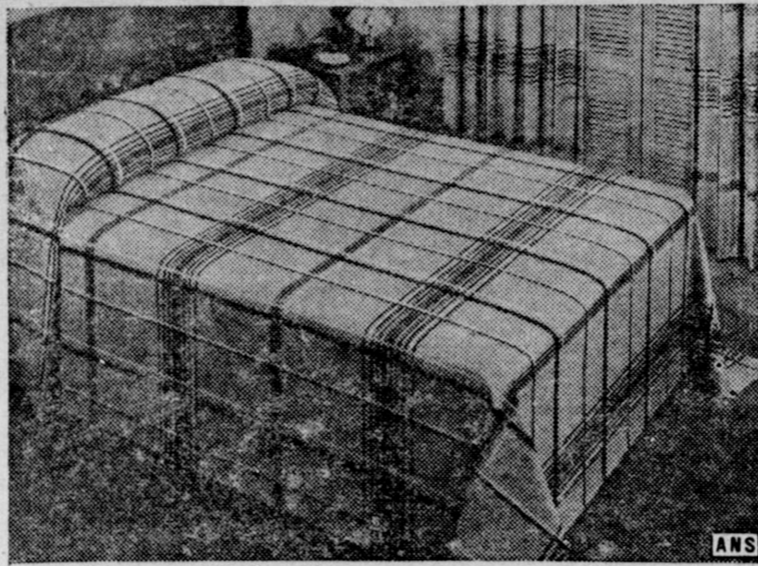

Mrs. D. O. James, publicity chairman for Wichita-Archer Bi-county Council of PTA, reports a meeting was held in Electra last week and there were eight schools represented by the 41 present.

An information school of instruction was conducted. They will meet on Oct. 9 at Frisberg; in January here; and in April at Burkburnett.

College Room On A Budget

IF YOUR SON OR DAUGHTER is off to school or college for the first time, this year, an easy-to-care-for-room will save many hours for fun and study.

Most schools and colleges require students to supply their own bedspreads and window draperies, advises Ruth Leigh Director of the Cannon Homemaking Institute. High on the list of popularity is this homespun plaid "Great Day" ensemble shown above. It has a neutral beige background, with predominating "aid in any one of five colors—red, green, blue, gold or brown."

Considering the rough-and-tumble wear given college rooms, it's news that "Great Day" spreads have selvages of dacron-nylon. The ensemble can go into the college laundry, will not shrink, and best of all, needs no ironing. With the high cost of education, it's good news, too, that "Great Day" spreads and draperies are each under nine dollars—"will last for the duration of your youngster's schooling and change an otherwise drab room into a cheerful haven."

Quarterbacks Juniors

Approximately 35 members of the Quarterback club head an informative talk on the three major offensive formations of football, given by Coach Dawson.

He explained the T, the Split T and Single Wing in a way that any fan could be better informed and thus enjoy the game more.

Coach Hutchins reported on the linemen.

Next Tuesday night an official from Wichita Falls school will explain the rules and errors so the fans will understand better what goes on, on the field when penalties are inflicted.

The Quarterback club plans to join with other organizations in helping the Chamber of Commerce with its annual banquet.

Aims of the club were discussed and all were in favor of backing the team to the extent that there will be a caravan of cars leave at 7:00 Friday for Electra.

Everyone not having a membership card is urged to get one immediately from most any officer, especially Secretary Loyd Harris.

A committee headed by A. W. Bedford, with Tom Compton, Bud May, Wayne House and Oscar Singleton will erect a crow's-nest on the north side of the field for an observation tower with communication set-up and photography.

Mrs. Bertha McDonald reports only one box and a few reserved season tickets are left unsold.

Mrs. Norma Beall visited in Alabama last week.

Mrs. Frankie Hendrick visited in Blair, Okla., through Labor Day with friends and relatives.

Mr. and Mrs. Johnny Bates and children of Dallas visited over the weekend with his parents Mr. and Mrs. Forest Bates.

Mr. and Mrs. T. M. Black have the first basket of cotton brought to town. They picked it from a few stalks they raised in their backyard. It is at their grocery store, but not for sale. First thing we know Mrs. Black will be carding cotton!

Breakfast Opens 23 Club Season

The program and fine arts committees recently completed work on the 23 Study club programs for 1957-58. Mmes. Dave I. Harbour, Earle Denny and Homer Blalock make up the program committee. Those serving on the fine arts committee are Mmes. W. G. Steele, O. E. Lochridge and C. W. Coppock.

"Rising to Greater Heights" is theme of programs. As the theme suggests, peaks and mountains lend significant inspiration to each program. As time expires between each meeting, a greater height is progressively attained.

The yearbook covers will be in glacier gray with an outline of a mountain range on the front. Purple lettering will be another reminder of mountains.

Club activities will be inaugurated at a coffee Thursday morning, Sept. 12, at 10:30 in the Presbyterian church, honoring Mrs. A. J. House of Yoakum, president of the Texas Federation of Women's clubs. Other special guests will be members of the Dundee Study club.

In consideration of Mrs. House's deep interest in Korea and the Oriental Scholarship Fund, a state project, an inspiration point at a 5,000-foot level on Kaweah Peak in Korea was chosen for the height to start the continuous climb. The journey will terminate April 17, 1958, when members supposedly reach the top of Mount Everest, the world's highest mountain.

Committees appointed by Mrs. T. M. Thaxton, president, to make arrangements for the coffee are Mmes. C. E. Birk, Harbour, Fred Widmoyer, refreshments; L. E. Brooks and King Abernathy, decorations.

The 23 Study club will honor club scouts and their families with a picnic Sept. 19 at the City Park at 6:00 p.m. The club is sponsoring organization of the club pack; W. R. Pastusek is institutional representative; Morris Jacks is the cubmaster.

First regular meeting of the club year will be a breakfast at the home of Mrs. King Abernathy, Thursday morning, Oct. 3, at 9:00. Mrs. Richey, Abernathy and Mrs. Homer Blalock will also serve as hostesses.

A brief summary of all the programs planned for the year will be published in an early issue of the Herald.

Mr. and Mrs. Kenneth Sullivan and children spent the weekend in Arlington.

Seek Samaritans

Last week Mr. and Mrs. D. M. Baker, who live on Iowa Park road just east of the drive-in theater, were in town trying to find the pleasant young couple who came to their assistance the night of May 23 after an automobile accident.

Their car was hit from behind just as they turned into their driveway, injuring both so badly they had to be hospitalized. The Iowa Park couple, not involved in the collision, stopped and helped Mr. and Mrs. Baker while waiting for an ambulance.

Mrs. Baker talked with them and even learned their names, but in the meantime has forgotten it.

FISH FAMILY REUNION

Dan W. Fish, 78, of Archer City, and Mrs. Bernena Fish Nix, 76, of Weatherford, the only two survivors of four brothers and sisters, were hosts at the 11th annual Fish family reunion recently in Weatherford.

Attending from Iowa Park were Mr. and Mrs. Ben Fish, Mr. and Mrs. Jim Fish, Mr. and Mrs. Billy Fish, Billy jr. and Pat.

Also at the reunion were Mr. and Mrs. Joe Fish, Mr. and Mrs. John Fish, Mr. and Mrs. Roy Haigood, Mr. and Mrs. Charles Brewer, Mr. and Mrs. D. W. Fish and Barney,

all of Archer City; Mr. and Mrs. Joe Poirot, Beverly, Elizabeth, Virginia and Laura Faye of Windthorst; and George and Beulah Hand of Bridgeport.

Make seeing and studying easier!

with proper light at the study table

School age youngsters need plenty of good light to prevent eye fatigue and to aid concentration. You'll be giving your children real help with their homework when you make sure they have good study lighting.

In most instances, a good table lamp with a 150-watt bulb will provide ample light. The lamp should be properly shaded to conceal the light source from the eyes and should be tall enough to spread light evenly over the work area.

Check home study lighting now. Be sure your youngsters have plenty of good light to make seeing and studying easier.

LOOK UNDER THE SHADE! To soften the light and prevent glare, a study lamp should be equipped with a diffusing bowl (A), or a 150-watt white indirect bulb (B), which has its own built-in diffuser. For three-way lamps use a 50-100-150 watt or 30-200-230 watt three-way bulb.

Cyrus K. Holliday Recalls Pioneer Days of Railroad

Famous Antique Train To Be Shown In Dallas At State Fair of Texas

An antique train reminiscent of the pioneering days of railroading will be exhibited by the Santa Fe Railway at the 1957 State Fair of Texas, Oct. 5-20.

The famous old Cyrus K. Holliday locomotive, a replica of the original engine which hauled the first freight and passengers over the Santa Fe line in Kansas in 1869, will be brought to Dallas along with its two ancient wooden coaches.

The diminutive locomotive has the famous "diamond stack" with a brass eagle figurehead gracing the engine head, a big oil-burning headlight, brass fittings and other paraphernalia of the early days of railroading.

Although the locomotive is but a replica of the original, the present Cyrus K. Holliday ranks as a museum piece in its own right. Built in 1880, the old engine was subsequently downgraded to a switch locomotive and finally withdrawn after 60 years of active service.

Restored to its original appearance, the train has been used many times in movies of the old West. The engine still operates under its own power.

With the Cyrus K. Holliday, the State Fair will have on exhibit a train spanning nearly 90 years of rail progress. The Texas & Pacific Railway Company will exhibit its old retired steam locomotive No. 909 and one of its crack modern Texas Eagle streamliners. In addition, the Fair's Monorail line, only such system operating in the U. S., offers a sample of yet another type of rail transportation said to hold great promise for the future.

BandNotes

In spite of the many drop-outs in both the senior high and junior high bands, we intend to field a good band in a few weeks. Due to the fact we will have 50 per cent rookies in the group this year, it will take a while to get started.

We will have 50 in the marching band this year for Hawk football games, and with the addition of 7th grade musicians, 59 for the junior high games.

Thus far we have two 7th graders, six 8th graders, one 9th grader, one 10th grader, and another 8th grade musician has transferred from Valley View.

We will have the annual display of instruments in the new band hall next Monday night at 7:30. This is for all new beginning students from 5th grade through the 10th. We encourage parents to come, also.

ABUNDANT LIFE

BY ORAL ROBERTS

BEST GAMBLE OF HIS LIFE

"This afternoon I visited the Casino at Monte Carlo. It is a beautiful building and famous world over. The entrance and lobby are of clear glass and light brown marble.

"There are two gambling saloons. The saloons contain several tables. We walked from table to table to watch the game, but actually I was more interested in the faces of the gamblers. On not a single face was there a trace of a smile. They all seemed to be clutched by an unseen power—as if they were writing in the coils of an invisible python from which they could not get free. Despair, misery and fear were written on their tired, haggard faces.

"Many of these people lose their all at the gambling tables. Many of them go up to the Monaco Castle close by. There, from a high cliff a few yards from the Palace of the Prince of Monaco, they jump to their death on the rocks and in the sea far below. A boat is always ready to go out and bring in their bodies. Identification papers are searched for and whenever possible the family is informed but nothing is ever published in the newspapers." So writes Francis Grim.

How terrible and unfortunate! These people are gripped by an all-consuming passion. It is a passion that seizes the soul, traps the mind, imprisons the will and destroys the very moral fiber of a human being. It is a disease, a tragic disease brought on by the powers of evil. But Jesus came to set the captive free. In Him there is free-

Sergeant Bilko Grows Money Trees

SGT. BILKO (above), bamboozling top-kick of the CBS-TV Phil Silvers show, "You'll Never Get Rich," has succeeded in accomplishing the ultimate in money making, by actually making money—growing trees of it "out behind the PX." But after Bilko cultivated ten of these trees, his Commanding Officer found out and demanded that the good sergeant get rid of them. "And don't sell them!" he said.

So, in a rare spirit of benevolence, Sgt. Bilko, with the help of his sponsor, Liquid Joy for dishes, is currently running a jingle contest to dispose of the trees. The first place winner will receive a \$15,000 Money Tree. Second and third prizes will be Trees worth \$7,000 and \$3,000, and seven additional Trees worth \$1,000 each will be awarded. Entry blanks can be picked up at any grocery store.

Laugh with Sgt. Bilko each week on the Phil Silvers show, "You'll Never Get Rich," over the CBS Television Network. Consult your favorite local TV listing for time and station.

Farmers Union speaks

Regular meetings of the Wichita Valley Farmers Union are held the first Monday night at 7:30 in the Community House. A \$5 prize is awarded some member at each of these meetings and only those present are eligible to compete. Farmers Union will have a booth at the T-O Fair this year.

The Washington Newsletter of NFU dated August 23, reveals that the Senate recently confirmed an assistant secretary of agriculture a man who is opposed to supporting the prices of farm commodities. Two North Dakota Republican senators joined with 30 Democrats in opposing this man.

Ralph Yarborough of Texas, Mike Monroney and Robert Kerr of Oklahoma, Symington of Missouri spearheaded the attack on Don Paarlberg, former Perdue university professor who has been an assistant to Benson since 1953.

U. S. Steel chalked up record high profits for the first half of 1957, the company reports. Profits were up more than 11 per cent above the same period last year.

The price boost recently put on by the steel industry was ordered in spite of a surplus of 15 to 20 per cent of steel capacity. Price competition has been destroyed and managers are able to set the prices as high as they want. They can then cut output down to the amount the country can buy at the artificially high price they set.

Unless farm people join together for their own self-protection, the government under Benson's administration is committed to the policy of forcing the family type farm out of existence, and turn the nation's food and fiber production over to the big business type of management which produces serfdom and peonage for a large percentage of the population.

Beginning Sunday, Sept. 8, the morning activities of the Methodist church will be as follows:
Sunday School ... 9:40-10:45
Worship Service ... 10:55-12:00
Evening services will continue at the regular time.

Parkans Attend Wedding in La.

Mrs. Fred Thompson and Dr. and Mrs. C. J. Simpson drove to Minden, La., Saturday, Aug. 31, to visit with the Rev. and Mrs. Dan R. Robinson, former residents of the Methodist parsonage here, and to attend the wedding of their daughter Karis Dell Robinson.

The wedding was held in the First Methodist church of Minden immediately after the morning worship service, Sept. 1. Miss Robinson became the bride of Rev. Willis Brewer Alderson of Dallas. Mr. Robinson officiated. Mrs. Robinson was matron of honor, and Dan R. Robinson II, gave his sister in marriage. The groom's father R. M. Alderson of Dallas was best man.

Following the wedding, some 80 out of town guests who were friends and members of former churches served by the Robinsons, enjoyed a broiled chicken dinner in Fellowship Hall of the church and then went to the parsonage to view the hundreds of lovely gifts sent in from a dozen states.

The young couple will be at home in the Methodist parsonage at Roanoke after next Sunday, and both will continue their studies at North Texas State college, Denton.

Mr. and Mrs. Gene Holderby and children of Duncan, Okla., visited the Labor Day weekend with her parents Mr. and Mrs. Paul Zink.
