Public Schools Week Set

For each of the 13 years Public Schools Week has been set aside as a special time to place increased emphasis on our educational system.

During this period, parents and patrons are encouraged to visit the schools to recognize the importance of learning. Our goal is to make Iowa Park schools the finest in the state, and to achieve this our citizens are urged to take active interest in and co-operate with the school board, superintendent, principals and teachers.

Never before has there been a greater need for educated leadership. As we rush to train our young people in science and technology to keep pace with world events, it is important to remember the schools will furnish our leaders of tomorrow. Basic human, moral and spiritual foundations are necessary for more advanced training and knowledge.

Therefore, as mayor of Iowa Park, I do hereby designate the period March 4-8 as Public Schools Week here.

C. L. METZ
February 23, 1963

Iowa Park schools will observe Public Schools Week next Monday through Thursday. No special programs will be put on, but the teachers invite parents and patrons to visit and see everyday classwork being done.

First and second grade rooms should be visited in the mornings as these small children are more alert at that time. Best days are Tuesday and Wednesday. Hosts and hostesses will be in the hallways to direct visitors.
