European Trip Mr. and Mrs. R. J. Butts returned early last week from a vacation trip to Europe. Butts is a rural mail carrier in Iowa Park. Taylor George is his substitute. The couple left April 30 and went to Old Bridge, N.J., where they visited briefly with a daughter Mrs. Jim H. Lane and Mr. Lane, who is a pilot with Eastern The Buttses boarded the Queen Elizabeth in New York May 8 and landed at Cherbourg, France, on May 13. Mr. and Mrs. Lane flew to Paris that day, picked up a rental car and met the parents at Cherbourg. They arrived in Holland in time for the Tulip Festival. The Keukenhof with its acres and acres of flower beds and lush lawns was a sight too beautiful for description, Mrs. Butts said. In Amsterdam they took a canal tour. They learned the population of Amsterdam is 2,700,000 and there are 400,000 licensed bicycles. All highways have paved bicycle streets running from town to town in that area. On the canal tour they saw the Tour of Tears built in A.D. 1500; a house three stories high and three feet wide; and the last windmill of the 17th "Where You Buy With Confidence" New Display Location — 5001 Jacksboro Highway — one half mile south of Kickapoo Airport

A "must" for visitors to Hol-land is the Madurodam at Den Hagg, which is a fascinating miniature of Holland. They also went to Staphorst where women and children wear wooden shoes and black clothing.

century.

In Germany the couples had a guided tour of a castle at Hildeburg purchased and refurnished by Kaiser Wilhelm. They found the Black Forest and Bavaria fas-cinating. Houses with colorful pictures on the sides, and quaint dress of the people enhanced interest in the city.

Messrs. and Mmes. Butts and Lane visited Garmisch, Germany, a ski resort area. By chance they met Basi Erhardt, a famous yodel er, and learned he will appear in the Bavarian pavilion at the New York World's Fair next year.

Berchtesgaden, Germany, interested the Americans. They saw Hitler's house, the Gestapo headquarters, and toured Hitler's underground home.

Going over Passo Giovo into Switzerland they were enthralled with the beauty of the lakes and mountains, the profusion of colorful flowers and the cleanliness of the country. A common sight and familiar sound are the herds of goats and the tinkling bells on their necks. They left Switzerland via Gothard Tunnel where they put their auto on a flatcar for the 9-mile trip. They arrived in Monaco on the first day of the running of the Grand Prix, a series of races in Europe during the summer. In Paris they saw the king of Sweden on his way to place a wreath on the tomb of the Un-known Soldier at the Arch of Triumph. They took a sigh-seeing bus a running description in English of the Eiffel Tower, Napoleon's tomb, Notre Dame cathedral, old palaces, famous churches, gardens and the French Army museum. The Buttses boarded the United States at La Havre and arrived in New York on June 5. They came on to Iowa Park by car, which they had left in New Jersey.

great for getting things done

This busy homemaker finds her days are easier and she gets more done because a phone is where she is. Her own personal extension phone in the kitchen often helps her do two things at once, like watching dinner and phoning a PTA list. For a helper in your kitchen, order a colorful personal extension phone from the telephone business office.

After meal clean-up time is cut in half when you have an Electric Dishwasher. Instead of soaking, washing, rinsing and drying dishes by hand, you just load and start your Electric Dishwasher and your dishwashing chore is over. An Electric Dishwasher not only saves you hours of drudgery every week, it gets your dishes hygienically clean, using water hotter than hands can stand. It helps keep your kitchen tidier, your hands lovelier. And mealtimes are more enjoyable when there's no hand dishwashing to do afterward. See your electric appliance
