Iowa Park is hanging out her "Welcome, Fair Visitors" signs again. This will mark the 27th year of our Fair.

Officers and directors of this great exposition have dedicated it to free enterprise, of which the Fair is an outstanding example.

The Fair has come a long way up since 1928 when it was held in a tin building on West Park under sponsorship of the Chamber of Commerce.

It has expanded each year be-Since 1950 it has been the custom cause of the devotion of leaders in this area of the Southwest. Its scope is now about 30,000 square miles with Iowa Park as its hub. Physical equipment for the Fair is valued at about \$250,000.

Each year finds the best in Texas and Oklahoma showing agriculture, community exhibits, 4-H and FFA, women's skills, and many of the arts and sciences.

Noteworthy is the new Aberdeen-Angus show, which will be the official state fair and sale, with premiums amounting to \$4,100.

Junior livestock, grass judging and land judging will attract hundreds of tomorrow's farmers from all parts of the vast Texas-Oklahoma area served by the Fair.

And another new exhibit will be the Auto Show, with latest models of most popular cars on hand to 1954. Mrs. J. W. Douthitt, Henribe inspected.

worked on Sandy's farm a couple of months last summer to get hardened up for football.

He seemed to enjoy farm life all right-but like most city kids it took him some time to get used to a farmer's schedule.

Sandy claims that when he went in to wake Pete-on the first morning-the boy looked up startled and asked what time it was. Sandy replied it was four-fifteen. "Gee," Pete murmured, "if we're going to do a day's work tomorrow you'd better get to bed !"

heard a million stories like that. But they show how some people assume their customs are the only proper ones. To most city folks getting up at 4:15 seems odd, because they don't do it. Just like some people don't think enjoying a glass of beer is "right" ... because they happen to prefer another beverage and haven't waked up to the fact that everyone has a right to his own choice.

Junior News

Cats and Squares of IPHS:

Douglas J. went to a party Monday night and took a carload of Jr girls. He was afraid to take them home by himself, so he made Potts go along. As they drove, Potts's faint voice cried out from the back seat, "Help!" Were they giving you trouble, Potts?

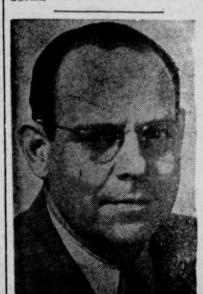

Anita T. bought a disc to wear around her neck. She doesn't have anybody's name on it yet, but she is looking.

Charles and Violet Brott have traced their ancestry back to the Mayflower. Keep going, Cats! Your forebears might have fought with Julius Caesar.

The Jrs appreciate the mothers for going to the Fair grounds and cleaning up the Jr stand. We hope everyone will come buy something during the Fair. The Jr class made \$12.20 from the sale of ribbons last week. You can get reserved seats for the rest of the home games for -Norman

When you need a quick sprint for safer passing, this V8 delivers! It's pure dynamite, and you have to go way, way up the price ladder before you ever find its equal.

The proof was burned into the sands of Daytona Beach at the NASCAR* trials earlier this year. In acceleration tests, Chevrolet walked away from everything else in its field. Plus all the high-priced cars except one!

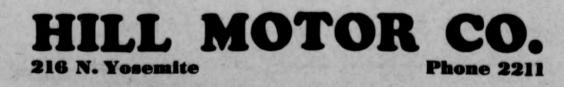

It's the big reason Chevrolet's been taking all comers in short track stock car events this season. Sizzling acceleration along with handling ease and cornering ability-things that mean safer, happier highway driving. Come on in and let a new Chevrolet show you what we mean.

Four-H and FFA judging teams

from a wide area over Oklahoma and Texas come to Iowa Park each fall seeking honors in the grass judging contest sponsored by the Soil Conservation Service.

Twenty-seven teams entered the contest last year from a 200-mile area. Interest in this contest also indicates increased interest in pasture grasses.

To be identified and evaluated will be grasses selected by the education committee of Wilbarger-Wichita SCD which are common in this part of the two states.

These teams receive special instruction from their coaches several weeks before the T-O Fair, and high marks are always made.

Land judging by 4-H and FFA boys is comparatively new at the T-O Fair, but interest has grown each year, and the Soil Conservation Service, which sponsors it, is proud.

The boys identify land charac teristics, decide land capability and recommend treatment on plots staked on area farms and ranches. Special training is given in land judging, and some of the area teams rank high in national contests.
