THANK YOU, FOLKS

Thursday was an enjoyable day for Gary-Nees folk in Iowa Park. We had the pleasure of greeting many customers and friends and showing them our new building. Pictured above (left to right) are: Mrs. Ruby Burgoyne, Royce Echols, Eugene Johnston, Homer Singleton and Alvie Carter. You can help make those smiles grow even wider by contacting Gary-Nees for building materials, drilling mud and chemicals, and engineering service.

We wish to express our appreciation to the friends and customers of Gary-Nees for the beautiful flower arrangements, congratulations and calling during the Openhouse for our new office building last week.

And we extend an invitation to come in any time to see us and the building.

Our Iowa Park friends were generous with floral arrangements for the Openhouse we had last week, and with congratulatory advertisements in the Herald. For all these expressions of goodwill we are truly grateful. Pictured above are Mrs. Alvie Carter and Mrs. Ruby Burgoyne admiring some of the plants and blooms which made our new office a beauty shop for the great day and will enhance our building for days to come.

Our Customers . . .

Our Customers are the most important persons in this business — in person, by mail, or telephone.

Our Customers are not dependent on us

— we are dependent on them.

Our Customers are not an interruption of our work — they are the purpose of it. We are not doing them a favor by serving them — they are doing us a favor by giving us the opportunity to do so.

Our Customers are not outsiders to our business — they are a part of it.

Our Customers are not cold statistics — they are flesh and blood humans with feelings and emotions like our own, and with biases and prejudices.

Our Customers are persons who bring us their wants. It is our job to handle them profitably — profitably to both the customer and ourselves.

That is what customers are. In our business or in any business. Some people seem to have forgotten a few of these basic truths in recent years, but it is high time to be remembering them again. Tomorrow May Be Too Late!

Alvie Carter, our service engineer, works in close harmony with Royce Echols, local manager, to keep our customers supplied with all their needs. Come in any time and let us give you more information on our Engineering Service.

This picture points up three phases of Gary-Nees Lumber Company's operations in Iowa Park. First, the personnel which makes us a service organization. They are (left to right): L. A.
