Message from T-O Fair President

C. E. BIRK, President Texas-Oklahoma Fair and Southwest Oil Exposition

The Fair association and I would like to take this opportunity to express our sincere gratitude to the other officers, directors, chairmen, and the scores of committeemen who have worked so unselfishly and untiringly to help stage another outstanding Fair this year. A successful exposition would be impossible without your loyal cooperation and hard work.

To the various newspapers in North Texas and Southern Oklahoma for their publicity and to the businessmen of Wichita Falls and other communities outside of our own city who have been generous with financial aid, we hereby acknowledge your invaluable support.

The 1959 Fair will celebrate the Centennial of Oil. We salute the petroleum business and the men who have made it the vital industry it is today.

The Texas-Oklahoma Fair and Southwest Oil Exposition has come a long way during its 31 years of existence, and with the continued backing of the citizenship of this area, we predict it will venture on to greater accomplishments.

Fair Opens Monday

Texas-Oklahoma Fair and Southwest Oil Exposition will swing its gates open at 9:00 a.m. Monday, Sept. 28, for the 31st annual Fair held here.

The 1959 Fair has been dedicated to oil and its industries, creating a more prosperous livestock and agriculture economy.

The best in livestock, swine, cattle, horses; agriculture, community exhibits, educational exhibits, boys and girls divisions, women's division, school bands and many other things will be found at this great Fair.

Each day the fair grounds will be buzzing with activities and the judging of some of the best products in the United States. Not only the adults, but also the boys and girls will be busy showing what they have accomplished the past 12 months.

T. Leo Moore, vice-president and manager of the T-O Fair, has the buildings in fine shape and the floor of the Junior Livestock building has been black-topped.

Monday, Tuesday, Wednesday and Thursday afternoons at 3:00 high school bands from Texas and Oklahoma will be competing in marching and concert. The best baton twirlers in the area will be competing for top honors. Plan to attend this year's Fair!

Missiles on Display

The navy's newest operational surface-to-air missile, TALOS, will be displayed at the T-O Fair from Sept. 28 through 30.

TALOS is 30 feet in length and measures 30 inches in diameter. The 3000 pound missile's ram jet engine develops 40,000 horsepower to give it speeds in excess of Mach 2.

The guiding system has produced hits on target at distances of 65 miles.

In addition to TALOS, the navy will have on display in the main building some of the latest aids to navigation. Movies will be shown of some of the important battles on the high seas during World War II.

The army's first operational surface-to-surface missile, the Corporal, will be seen by visitors to the T-O Fair all next week.

The Corporal is capable of engaging targets far beyond the reaches of conventional artillery. It can be equipped with either atomic or conventional warhead. Weather and visibility place no restrictions on the use of the Corporal. It follows a ballistic trajectory in its flight to the target and travels at several times the speed of sound.

Overall length of the missile is 45 feet and the diameter of the body is 30 inches.

Service Held for Mrs. W. A. Lee

Funeral service for Mrs. Luvena Lee, 82, was held Thursday morning, Sept. 24, in the Church of God with Rev. W. O. Watwood, pastor, officiating. He was assisted by Rev. Homer Thompson of the First Baptist church.

The body lay in view at the church 30 minutes before service time. Burial was in Highland cemetery under direction of Tanner Funeral Home. Pallbearers were grandsons: Benny, Travis, Robert, and Virgil Lee and Lester Kenneth McFarland, all of Wichita Falls; Larry, Norman and Kenneth Lee, all of Iowa Park.

Mrs. Lee died in a Wichita Falls hospital after a week's illness following a stroke at her home.

Born Dec. 1, 1876, in Meridian, Miss., she was daughter of Mr. and Mrs. W. W. Maddox. She moved to Texas with them when she was six years old. They settled at Blue Ridge.

In 1892 she was married to W. A. Lee in Fayberg, near Blue Ridge. They resided in Oklahoma for many years before coming to Iowa Park in 1924.

Mr. and Mrs. Lee were honored on their golden wedding anniversary by a host of relatives and friends. They are charter members of the Church of God and are loved by the entire community. They are known affectionately as Grandpa and Grandma Lee.

This devoted couple always looked forward to Pioneer Day of the T-O Fair and for the past three or four years have been the oldest couple attending this special celebration.

Surviving are the widower; two daughters: Mrs. Lena Cearley of Wichita Falls and Mrs. Gladys Moody of San Diego, Calif.; three sons: L. A. and Ernest of Iowa Park and George A. Lee of Wichita Falls; a sister Mrs. Betty Jefferson of Wellington; three brothers: Will, John and Ernest Maddox, all of Sayre, Okla.; and 83 grand- and great-grandchildren.

It will proceed down Wall to Bank, turn east for one block and turn south on Bond to Cash and turn west. Marchers and floats and other entries will go west on Cash street to Yosemite, turn north and go one block to Park. Then the parade will go east a block and turn back on the north side of the parkway and head for the Fair grounds.

LIONS CLUB

D.L. Ligon, zone chairman, was guest speaker of the Evening Lions Tuesday evening. Bill Sawyer, program chairman, presented Ligon. He said all clubs have some kind of problems and it is the duty of the zone chairman to assist them in resolving their difficulties.

Zone 1, Region 2 of District 2-E-1 has six clubs—Bowie, Nocona, two in Wichita Falls and two in Iowa Park.

Ligon went on to say, "This is a great year for Lionism. When we go out for increased membership, we must not lose contact with present members and lose them. The best way to hold them is to put them to work and help them to learn more about Lionism thru those activities."

October is membership month in all Lions clubs, so efforts will be concentrated on gaining members during that period.

Ligon told of the purpose of zone meetings, which bring clubs closer together and cause each to learn what the other clubs are doing for Lionism. Each club has three representatives on the zone advisory committee: president, 1st vice-president and secretary. Other members may attend the zone meetings.

With Arch Hughes directing the business period, the Lions voted to have Ladies Night on Oct. 27. President Hughes represented the club at Bowie recently in a zone meeting.

Miss Elaine Sawyer and Mrs. Sue Jacquart presented dinner music. Special guest was Rollins Woodall, zone public relations chairman.

George Bedingham of Wichita Falls showed a film "Big D—USA" to members and guests of the Lions club at their regular noon meeting Tuesday.

Homer Thompson offered the invocation and Sam Hill introduced as guests: W. R. Bradford and Gene Schuck of Iowa Park; J. C. McCleskey and J. T. Reynolds of Paducah; Charlie Simmons and Joe Baucher of Wichita Falls.

Lester Brooks spoke briefly on the Texas Lions club magazine and of the three candidates in Texas for 3rd vice-president of Lions International.

The club will have an entry in the T-O Fair next Monday. J. H. Bingham and Rollins Woodall will serve on the float committee.

George R. Huckaby reported William Black who along with his wife, was guest speaker of the local club last summer, had written about a new Lions club organized in his camp at Tabu, Colombia, South America, with 152 members. He was happy to report William is now a Lion. He is son of Mr. and Mrs. T. M. Black of Iowa Park.

Newt Newman introduced the guest speaker. In his talk following the showing of film, Ledingham told of the various facilities and opportunities Dallas is offering business people, homemakers, the youth, the people interested in fine entertainment.

The Chamber of Commerce of Dallas and businessmen there are catering to markets, conventions, and many other projects to attract people and their trade.

Lions will not meet next Tuesday because of the T-O Fair.

Why we built two cars for 1960 ...
 as different as night and day

On October 2—for the first time in Chevrolet's 49-year history—you will be able to walk into your dealer's showroom and see two totally different kinds of cars. ■ One is the conventional 1960 Chevrolet, brand new in appearance and more beautifully refined and luxurious than you can imagine. ■ The other is unlike any car we or anybody else ever built—the revolutionary Corvair, with the engine in the rear where it belongs in a compact car. ■ We'd like to tell you why we built two such different cars, how we built them—and for whom we built them.

Why two kinds of cars? Because America itself has been going through some big changes in the past few years. Our cities have been straining at their seams. Traffic is jam-packed. Parking space is at a premium.

And our suburbs have spread like wildfire. People are living farther from their work, driving more miles on crowded streets. There is new leisure time—but more things to do. There's a new standard of living—and more need for two cars in the family garage.

In short, America's automobile needs have become so complex that no one kind of car can satisfy them completely. That is why we at Chevrolet, keeping tab on these trends, have had a revolutionary compact car in the planning stages for more than nine years.

Thus, when we decided three years ago to prepare for production of such a car we were ready to build it the way it should be built. There was no need for a hasty "crash" program that would create only a sawed-off version of a conventional car.

That is why the two cars you will see in your dealer's showroom October 2 will be two entirely different kinds of cars. One is the conventional '60 Chevrolet—brand new in beauty, with new space inside, new spirit under the hood, a new

feeling of sumptuousness and luxury never before attained by any car in its field. There is great V8 power linked with new thrift, plus Chevrolet's superb 6-cylinder engine. It is a traditional car that comes even closer to perfection—in silence, in room, in ease of control, in velvety ride—than any other car we have ever made.

The other is the Corvair, a compact car that is astonishingly different from anything ever built in this country. It has to be—because this is a six-passenger compact car, with a really remarkable performance... a car designed specifically to American standards of comfort, to American traffic needs.

The engine is in the rear. Among the basic advantages resulting from this engine location are better traction on a compact 108-inch wheelbase and a practically flat floor. But to be placed in the rear, the engine had to be ultra light and ultra short. So Corvair's engine is totally new—mostly aluminum and air cooled; it weighs about 40 per cent less than conventional engines. It is a "flat" horizontally opposed six—so it is only three cylinders long... and that leaves a lot more room for passengers.

Another weight saving: like modern airplanes, the Corvair has no frame; the body-shell supplies it great struc-

tural strength... it's a welded unit that is virtually rattle-free.

The ride is fantastic. But to get it we had to design independent suspension at every wheel; conventional springing would give a compact car a choppy ride. Right now we'll make one prediction: no other U.S. compact car will ride so comfortably, hold the road so firmly and handle so beautifully.

Now there are two kinds of cars from Chevrolet—because it takes two kinds of cars to serve America's needs today. If you love luxury—the utmost in luxury—and if you want generous interior space, breath-taking performance, automatic drives and power assists—then the conventional '60 Chevrolet may be your choice.

If easy parking, traffic agility and utmost economy are high on your list—then you should seriously consider the Corvair. But the best thing to do is to look these two new cars over at your Chevrolet dealer's... take them out for a drive. It may be that the only logical choice for your family between two cars like this is—both. They make a perfect pair.

NOW.. '60 CHEVROLET TRUCKS

WITH REVOLUTIONARY TORSION-SPRING SUSPENSION THAT GIVES ASTONISHING NEW SHOCKPROOF ACTION !!!!!

Chevy's done the next best thing to paving every road in America!

First they threw out the front axle and put in torsion-spring independent suspension. Then they built wide-base coil rear springs into most light-duty models, variable-rate leaf springs into heavies. That made it—a ride you have to feel to believe. A ride that lets you move faster to get more work done in a day's time.

Brawnier bulldozer build!

Frames are stronger, cabs 67% more rigid. Front wheels and tires are precision-balanced. And that new suspension cushions jars and road shock that used to spell slow death for the truck's body and sheet metal.

More comfortable cabs!

Easier to hop in and out of too. Many models are a whole 7 inches lower outside. Yet there's more head room inside, plus more width for shoulders and hips. More real comfort!

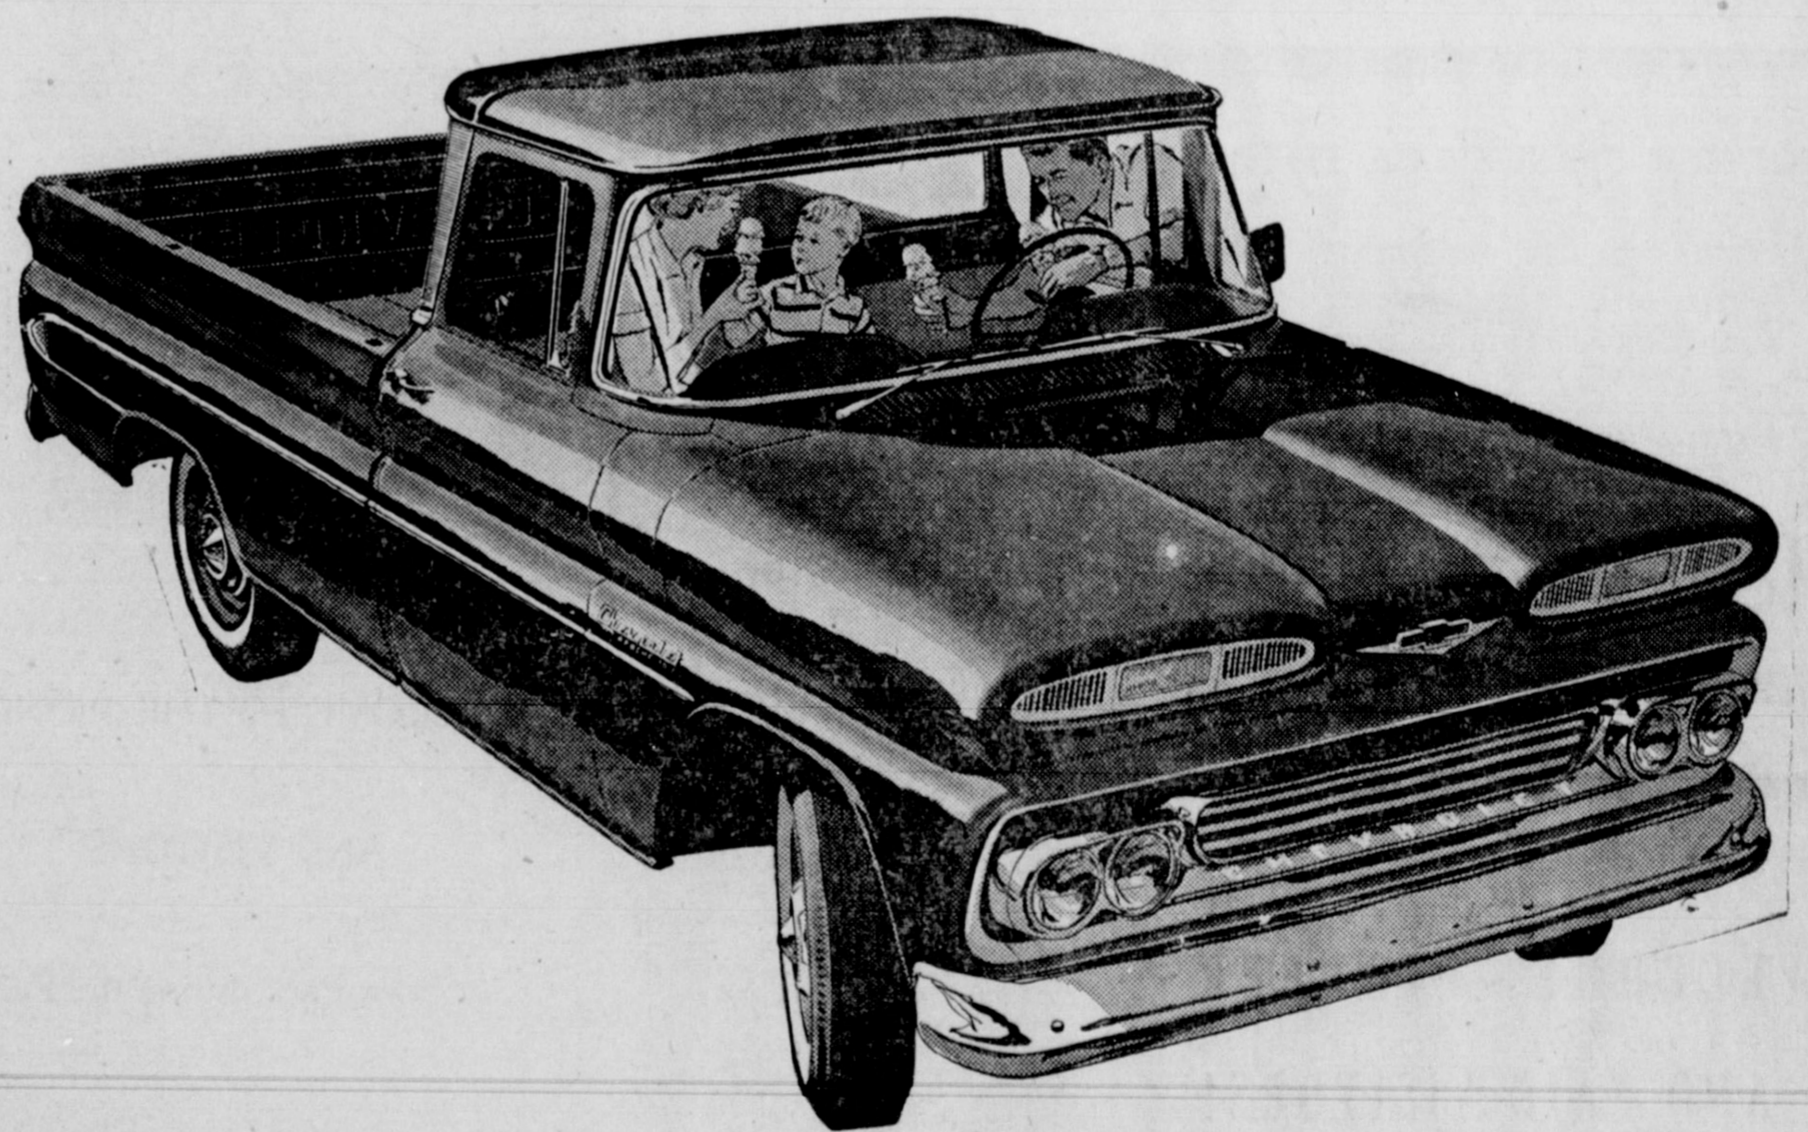

Big in the power department!

With the industry's most advanced gas-saving 6's. With high-torque Workmaster V8 performance in heavyweights. With new 6-cylinder or V8 power available in L.C.F.'s.

More models than ever!

New 4-wheel-drive models and tandems and high-styled Suburban Carryalls. It's the handsomest, hardest working Chevy fleet ever to report for duty. See your dealer soon for a ride!

Anything less is an old-fashioned truck!

Frankie's Apparel

Mrs. L. E. Brooks gave the opening devotional. Mrs. Karstetter had the lesson on "Waist Lines" and Mrs. Harold Lynn gave a demonstration on "Meal in a Salad."

Yearly reports were read and accepted. Mrs. H. B. Jones gave the council report.

Mrs. Estes gave a demonstration on making of Christmas wreaths using various dried materials obtainable easily in this area.

Hostesses served refreshments to Meses. Virgil Munden, James Todd, J. W. Farmer, Houston Atchley, Burl Meers, James Mullins, C. I. Snow, one visitor Mrs. C. E. Russell, and the ones previously mentioned.

WSCS

Woman's Society of Christian Service of the Methodist church was hostess to Iowa Park school faculty and secretaries Monday evening with a dinner in Fellowship Hall. Rev. Addison Cutter was master of ceremonies and offered the invocation.

Mrs. Gene Owens, president of WSCS, gave the welcome and Supt. Keith Swim gave the response. John Woodall sang a selection from "Carousel."

During a sing-song led by Mrs. Katherine Sue Jacquart, Karen George and Linda Owens responded to the ringing of a bell and entered a "little red schoolhouse" that was placed in the center of the stage. The group sang "Little Red Schoolhouse."

James Elms introduced members of the junior and senior high school faculties. Miss Ethyle Kidwell presented elementary teachers. Swim introduced husbands and wives of the honor guests and the school secretaries: Mrs. George Lewis and Mrs. Kathrine Smith.

Mrs. John Mixon sang "At the End of a Perfect Day." Mrs. Otis Gay presented the dinner music.

The benediction was given by John E. Sibley.

Approximately 70 persons enjoyed the dinner party.

Mrs. Hudson Sells Home

Dr. and Mrs. R. G. Warner of Chillicothe have been frequent visitors in Iowa Park lately looking over the possibilities of making this their home.

Dr. Warner has operated a chiropractic clinic at Quannah and an office at Chillicothe for the past 30 years and also the Warner Insurance Agency at Chillicothe. He is mayor of Chillicothe and his term of office will expire next April.

The Warners have just purchased the Bonnie Hudson property on West Washington and after re-decorating will move here. Dr. Warner will open a residential chiropractic office in his home at 439 West Washington—date of the opening will probably be around Dec. 1.

In talking with the Warners, we learned it is their opinion Iowa Park is due for a real boom in the near future. This added to the friendly spirit of the people here and an ideal climate and good water, was a deciding factor in their deciding to come to Our Town.

Bridal Shower

Miss Mary Helen Wolf, bride-elect of Gerald Cotterly of Wichita Falls, was honored with a lovely shower Thursday evening, Sept. 17, in the home of Mrs. W. T. Crawford. Co-hostesses were Mesdames Robert Nolen, Walter Scott, Gordon Callahan, Delbert Catlin, all of Iowa Park; Mesdames Jim Davis, Wayne Smith, Budd Hoff, Frank Oster, Tommie Blake, Jill Kubicek, all of Wichita Falls.

Miss Betty Wolf, sister of the bride-elect, received the guests. She was assisted by Mrs. Crawford and Mrs. Scott. Mrs. Callahan presided at the guest book.

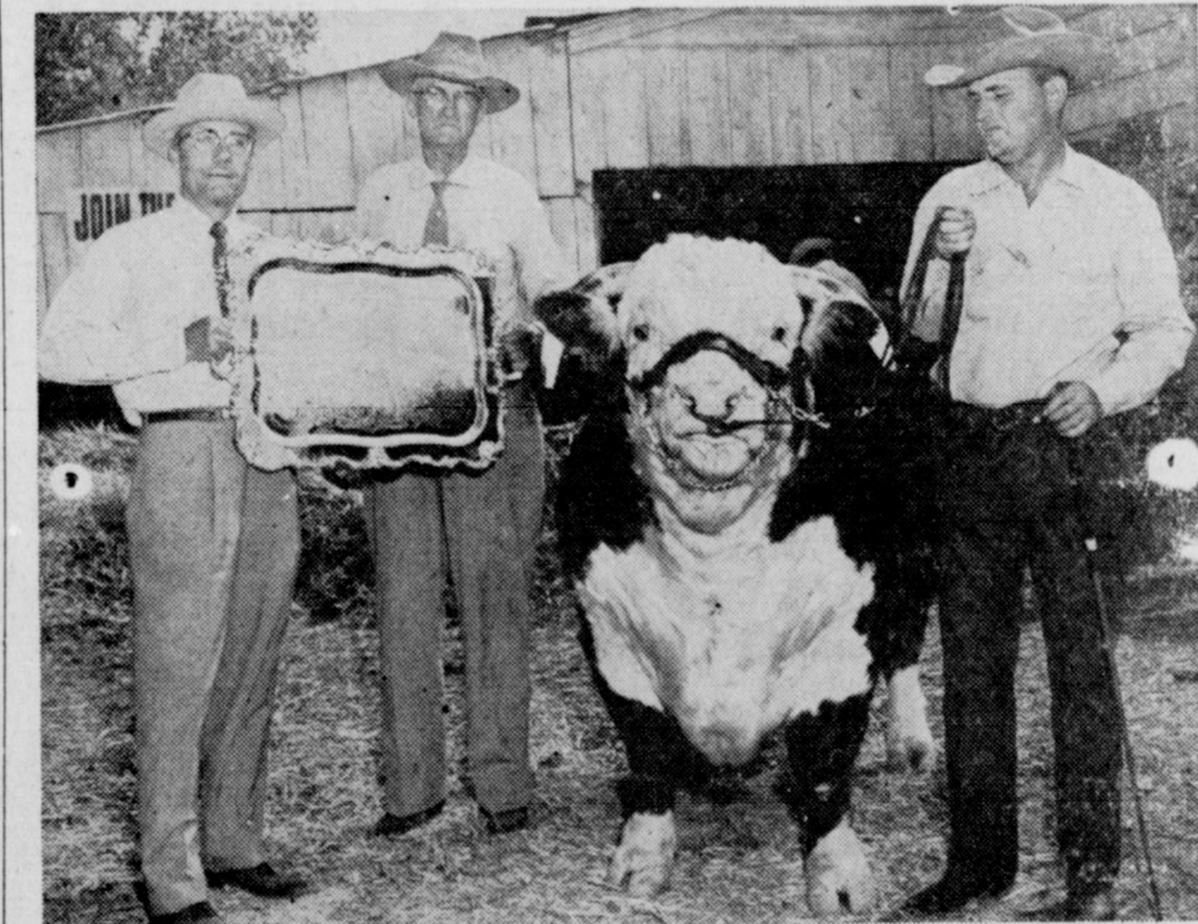

Mrs. Delbert Catlin was in charge of the gift display. Meses. Nolen, Kubicek, Davis and Hoff served the refreshments.

Mrs. Jimmie Jeter provided piano music during party hours, when approximately 100 guests called.

The couple plan to be married at 10:00 a.m. Oct. 17 in Sacred Heart Catholic church of Wichita Falls.

Parents of the bride-elect are Mr. and Mrs. Henry T. Wolf of Iowa Park. Parents of the prospective groom are Mr. and Mrs. Earnest Cotterly of Wichita Falls.

Mr. and Mrs. W. E. Karstetter went to Floydada on business this week.
