## SPOTLIGHT on SPORTS

Last Sunday on the home diamond Iowa Park conquered their arch-rival Windthorst, 5 to 3, behind the 5 hit pitching of Lee Roy Weiss. The Independents gave him good support and came up with two timely double plays.

**Jerry Burney, Cecil Perkins** and **Howard Klinkerman** led the attack with two hits each. The Independents hammered out 9 safeties off two pitchers.

Spectators say this was one of the finest games they have seen on the home diamond. Both teams played tight ball with only 4 errors charged all afternoon.

Next Sunday afternoon Iowa Park will play the strong **Vernon** entry in the Oilbelt league here. Another fine game should develop.

Manager **Frank Rauscher** will send either **Huckaby** or **Perkins** to the mound against **Homer Gibson,** former Texas league hurler for the **Vernontons.**

## Mr., Mrs. Brooks Go On Farm Study Tour

Mr. and Mrs. **Lester E. Brooks** are members of a group of 160 Texas farmers and ranchers and individuals interested in agriculture who are on the sixth annual **WFAA** farm and ranch study tour.

The tour, which is being conducted by **Murray Cox,** radio farm director for station **WFAA, Dallas,** will travel 7000 miles, visiting on farms in **Indiana, Kentucky, New Jersey and Pennsylvania.**

The tour will also visit **Williamsburg, Va.; Washington, D.C.; New York City;** and take a six day cruise to **Bermuda.**

The special train left **Dallas** on June 6 and will return **June 20.** The group includes ranchers, cotton farmers, dairy farmers and small-grain farmers.

**Jimmy Don Bates,** son of Mr. and Mrs. **Forest Bates,** received his discharge last week at **Ft. Bliss** after serving two years in the army.

## W. C. Probst's Mother Taken by Death

Mrs. **Millie O. Probst, 82,** of **Gunter,** mother of **W. C. Probst** of Iowa Park, died Friday morning, June 3, after an illness of three days.

Funeral services were conducted in the **Gunter Church of Christ,** Saturday afternoon with **Roy Hazelton** and **John Pigg,** ministers, in charge. Burial was in the **Gunter cemetery.**

Born in **Cordell, Ala.,** she was married to **W. J. H. Probst,** Aug. 16, 1888. They moved to **Grayson county** in 1891.

Mrs. **Probst** is survived by five sons: **L. A. of Vernon, W. C. of Iowa Park, T. P. of Arlington, Charlie of Dallas and Kelly of Sherman;** three daughters: **Mmes. H. B. Harris, J. T. Reed and J. E. Darnell,** all of **Gunter;** 23 grand and 19 great-grandchildren.

Mrs. **Lee Perry** and her son **Roger of Iowa Park** are granddaughter and great-grandson.

Family friends from **Wichita Falls** who attended the funeral included **Mmes. Annie Whitaker, Pearl Kirland and Harry Rosenberg.**

## C of C Directors Make Plans for Civic Betterment

Downtown parking, traffic control, the alley between **Cash and West Park,** and the need for more school facilities were discussed at the June meeting of the board of directors of the **Chamber of Commerce,** Tuesday morning. **Ted St. Clair,** president, directed the business session.

Committees from the **C of C** will meet soon with the **City Council** and help them work out solutions for the first three problems noted above.

**Supt. Keith Swim** agreed to furnish facts and figures on the needs of the school, which will be published in the **Herald** to inform patrons. The school board would like to receive suggestions and ideas from local folk to guide them in their planning.

At present there is need for better facilities for physical education and the board has been making investigations on costs and plans of gymnasiums in north Texas and southern Oklahoma. They have not made any definite commitment, but know that the problem will come up soon.

Various suggestions have been made in the past for helping the downtown parking situation here, but nothing lasting has been done about it. The committee hopes to be able to accomplish something worthwhile through co-operation with the **City Fathers.**

**F. E. Hill** and **George R. Huckaby** were named a committee to confer with city officials on the possibility of clearing up the alley situation.

Mr. **Hill's** invitation to the board that they meet for breakfast at his home in July was quickly accepted.

## Cleo Jones Resigns As Local Preacher, Moving to Wichita

**Cleo E. Jones** will preach his last sermon at the **Church of Christ** next Sunday as the regular preacher. The **Jones** family are moving to **Wichita Falls** where he will have employment and preach on a spare time basis.

Mr. **Jones** has been with the local church 3 years and 8 months. Mrs. **Jones** has conducted a kindergarten here most of that time.

The church bulletin has been edited and mimeographed by **Mr. Jones** and many have had the pleasure of reading it. In the June 10 issue he said: "We know that there are some of the best people found anywhere here in **Iowa Park** and when we get moved we want you to come and see us. We want to be invited back here for meetings or to help when you don't have a preacher. You have all been good to us, even more than we could deserve. We shall long remember the time of our sojourn in **Iowa Park.**"

Local **Lions** are looking forward to a year of profitable activity under the leadership of **Sawyer** and the other fine officers they have selected.

Former **Iowa Park** students on the **Midwestern** university honor roll for the second semester of this year include **Joe E. Chandler, Gerald Wayne Cope, Mrs. Ben Huckaby, Bobby Don James, Elbert Benton Lewis and J. C. Farmer.**

## Ditchbank Meditations

by **Rill Ripple**

**LET'S TALK ABOUT LEGUMES**  
When a farmer grows legumes for hay or pasture he is feeding both his livestock and his soil.

These dual purpose crops are rich in protein and when combined with grain or grass forage, provide a better balanced ration. In addition to producing high protein hay or grazing they also put nitrogen into the soil.

Of the three most important plant foods, phosphorus and potash are found in the soil while nitrogen is present both in the soil and in the air. Man has developed intricate processes for taking free nitrogen from the air. Certain lowly plants, called legumes, have been doing this miraculous thing all along. I suppose it is a part of Nature's plan to keep things in balance.

In taking nitrogen from the air and fixing it in the soil, the legume plant becomes the servant of other plants.

If clover is magnanimous enough to do this service for other plants, man at least should be generous enough to give the little clover plant a chance to render its service. Particularly, since in rendering this service the clover is doing double duty—to man himself—by producing better feed and better soil.

How grateful are we, fellow farmers? Are we yet awake? Too long we have neglected these servant plants. Too long we have been unmindful of their twofold purpose in Nature's plan. Too long we have denied them a place on our farms.

We are paying for that neglect. On every hand there is evidence of our great losses due to neglect of these soil builders.

## Water Consumption, Building Permits Show Our Town Growing

If water consumption can be used to prove growth of a community, then **Iowa Park** has made a definite growth in the past four years.

According to figures furnished by **Mayor R. E. Van Horn,** it takes about 25 per cent more water to meet **Iowa Park's** needs now than it did through the fiscal year 1951-52.

Using a daily average of 247,721 gallons, the water meters of **Iowa Park** recorded from July 1, 1951 to June 30, 1954, a total use of 90,418,100 gallons.

The next year showed a sharp decline, probably because of the quality of the water itself. From July 1, 1952 to June 30, 1953 the daily average was only 200,030 gallons with a grand total of 73,011,200 gallons for the 365-day period.

Then the pendulum took a strong swing upward! The daily average from July 1, 1953 to June 30, 1954 jumped to 272,759 and the total gallons used to 99,556,900.

During the past 11 months the total has taken another big jump and the daily average has soared. From July 1, 1954 to May 31, 1955, the daily average has been 316,621 gallons and the total 115,567,600 gallons. The end of this month will probably bring the total for the year up another 10 million gallons.

Another figure released by the mayor may be more revealing. He said that since April 28, 1952, 101 permits to build or remodel in **Iowa Park** have been issued. Total estimated value of the additions or improvements to local property is \$544,894.

## Mrs. Mary Collins of Kamay Dies Saturday

Funeral services were conducted Monday afternoon at 3:00 for **Mrs. Mary M. Collins, 60,** in the **Kamay Baptist church** with **Rev. J. D. McDaniel,** pastor, and **Rev. Roland Williams** of **Haskell,** officiating.

Burial was in **Iowa Park Highland cemetery** under direction of **Tanner Funeral Home.**

Funeralbearers were **H. B. Talley, Bud Bonial, Ed Hayes, B. W. Ball, Homer Dalton and L. O. Mathews,** all of **Valley View** and **Kamay.**

Born Sept. 23, 1894 in **Lineston county, Tenn.,** as **Mary Wright,** she was married to **Tom Collins** on Dec. 22, 1910, in **Lineston county.** The family moved to **Kamay** 10 years ago from **Hubbard.**

Mrs. **Collins** died Saturday at noon after an extended illness.

Mrs. **Collins** was a member of the **Kamay Baptist church** and was president of her **Sunday School** class.

Besides **Mr. Collins,** she is survived by a son **Eddie** of **Wichita Falls,** a daughter **Mrs. Romee Roe** of **Houston** and two grandchildren **Marty** and **Marilyn** of **Houston.**

## Mrs. Girard Opens Kurl Beauty Shop

The **Kurl Shop,** owned and operated by **Mrs. Allie Girard,** is now open for business. This new, attractive beauty shop is located at the rear of **Mrs. Girard's** home, 115 West Poe.

It is decorated in green and white and contains the most modern equipment and furniture.

**Girard,** as she is known to her many friends, offers the latest in hair styling and other beauty work. She completed the beauty course a few months ago at the **San Jacinto Beauty school** at **Amarillo.**

Mrs. **Girard** was formerly employed with the **Rolling cafe** and later with **Park Pharmacy.**

The **Kurl Shop** will be closed on Mondays and will remain open on Friday evenings until 8:00.

**Girard** invites her friends to call on her for their beauty needs.

## Former Resident Is Buried Here

Funeral services were held for **John C. Beasley, 56,** of **Coleman** and formerly of **Iowa Park,** Saturday morning, June 4, in the **Church of Christ** here.

**Boyd Taylor,** minister of the **Lincoln street church, Wichita Falls,** and formerly minister here, conducted the service with assistance from **Cleo Jones,** evangelist with the host church.

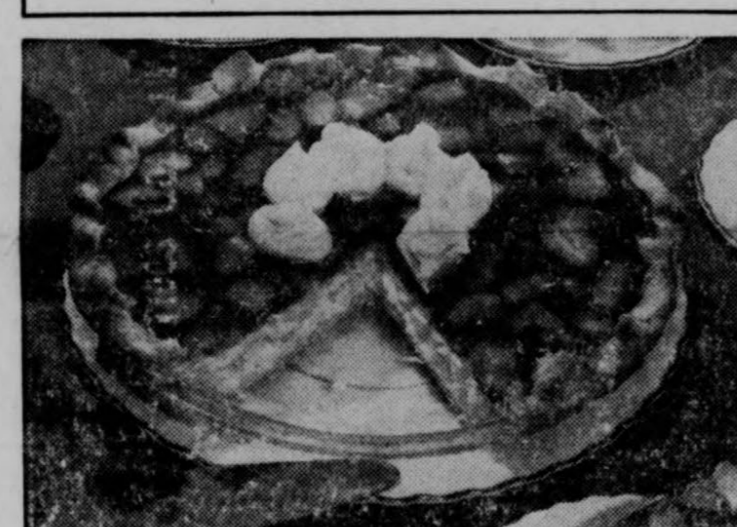

Burial was in **Highland cemetery Home.** **Funeralbearers,** all **Coleman** under direction of **Tanner Funeral men,** were **Ras Day, Bill Rathmel, Kenneth Fletcher, Gerald Moore, Freddie Gillam, Leon Day.**

**Johnny** lived here many years and married the former **Miss Daley Lee Peterson** of **Iowa Park.** He suffered a heart attack in a **Coleman cafe** Thursday morning and died immediately.

Mrs. **Beasley** was en route to **Indianapolis, Ind.,** for a visit with their daughter **Dorothy** when she was notified of her husband's death.

Other survivors are four daughters: **Mrs. Kathryn Le Gate of Amarillo, Mrs. Teresa Blasco of Cleveland, Ohio; Mrs. Dorothy Gibson of Indianapolis;** and **Mrs. Roosen;** two sons: **J. C. jr. of Abilene** and **Homer Joe of Coleman;** six grandchildren; and three sisters.

## Dreamy . . . Creamy Strawberry Coconut Pie

Looking for something special to serve next time the bridge club meets at your house or when you invite the neighbors to "come over for dessert?" Then, how about this dreamy pie? It has a creamy coconut filling and a shimmering pink strawberry-glaze topping. Ever-so-pretty and ever-so-good, too.

### STRAWBERRY COCONUT PIE GLAZE

- 1 package coconut cream pudding and pie filling mix
- 2 cups milk
- 1 baked 9-inch pie shell
- 1/2 package (3 1/2 tablespoons) strawberry-flavored gelatin

Remove waxed paper from chilled pie. Spread gelatin mixture over filling. Chill until firm. Garnish with sweetened whipped cream.

2/3 cup hot water  
2/3 cup strawberry juice and water  
1 box (10 ounces) quick-frozen sliced strawberries thawed and drained

Cook pie filling mix with milk as directed on package. Pour into pie shell. Place waxed paper on surface of filling. Chill.

Meanwhile, dissolve gelatin in hot water. Add fruit juice and water. Chill until slightly thickened. Then fold in the strawberries.

Remove waxed paper from chilled pie. Spread gelatin mixture over filling. Chill until firm. Garnish with sweetened whipped cream.

**Parkans Attend Rites Of Mrs. R. H. Busby In Megargel Church**

Funeral rites were held Wednesday afternoon in the Megargel Church of Christ for Mrs. Icy Best Busby, 65, longtime resident of Archer county and sister-in-law of Floyd Busby of Iowa Park. Carl C. Collins of Fort Worth officiated with assistance from Maxie Boren of Oklahoma City. Burial was in Megargel cemetery. Mrs. Busby died in an Olney hospital Tuesday morning after a brief illness.

Born Miss Icy Best Wilson in Bryan, Sept. 21, 1889, she had resided in the area since childhood. She was married to R. H. Busby at Megargel on December 15, 1909. He is a farmer and oil investor. They had lived in Megargel continuously since their marriage. A member of the Church of Christ for nearly 50 years, Mrs. Busby was also active in club and Eastern Star organizations.

Survivors include Mr. Busby, two daughters, two sons, seven grandchildren and a brother. Mr. and Mrs. Floyd Busby, Mr. and Mrs. James Cates and daughter Pat attended the services.

**Jackie Teal, Beverly Barker Enter Contest**

Miss Jackie Teale, daughter of Mr. and Mrs. L. A. Teal of Iowa Park, is an entrant in the Miss Wichita Falls contest. Jackie is employed with a bank there.

She has had special training in business education under American Institute of Banking, but says she would like to be a professional model. She is interested in dramatics and would like to attend the universities of Texas or Oklahoma for further training.

Jackie is 5 ft 7 1/2 inches tall, has dark brown hair, brown eyes, an olive complexion, and is interested in tennis, swimming and all types of water sports.

Miss Beverly Barker, daughter of Mrs. Elma Barber, both former Iowa Park residents, has entered the Wichita Falls beauty pageant and aspires to the title of Miss Wichita Falls. The contest will be decided June 14.

Beverly is a 1954 graduate of Iowa Park High School and has just completed her freshman year at NTSC, Denton, where she is a speech major.

Beverly has the distinction of being the first American Legion sweetheart, an honor she has held for four years in the 13th district of American Legion.

Beverly has been in the entertainment field 4 1/2 years as a pantomimist. She has appeared on television regularly in Wichita Falls the past two years. After completing study at Denton she plans to do legitimate stage work.

**Stubble Mulch Field Day Is Fri., June 24 At Punkin Center**

Third annual Wilbarger-Wichita Soil Conservation District stubble mulching field day will be held at 10:00 a.m. Friday, June 24 at Punkin Center. Farm machinery and equipment dealers will demonstrate the equipment with which they can best do stubble mulching. A 4-H and FFA tractor driving contest has been added to this year's program. Each club and chapter is given the opportunity to enter one boy to compete in hitching, efficiency of operation, safety, parking of tractor and pulling a

four wheel trailer. First and second place banners will be awarded.

T-Sgt. and Mrs. Roy Childress and children, and T-Sgt. and Mrs. Jim Milliron and children, all former residents of Iowa Park while the men were stationed at Sheppard AFB, had dinner together recently in Japan. Both airmen are stationed with the air force in Japan and their families joined them in recent months.

Mrs. Doyle Tate is visiting here with her parents Mr. and Mrs. Charles Metz while Mr. Tate is on a 10 day cruise with the naval reserve.

**Haws Urges Farmers To Control 'Hoppers'**

Area farmers are urged to check their crops for grasshoppers and to spray if necessary. Grasshoppers are doing lots of damage to alfalfa and cotton. Time to control this pest is while it is small, according to B. T. Haws, Wichita county agricultural agent.

Chlordane and toxaphene are one of the best insecticides to use. On dense succulent vegetation they are particularly effective when applied as sprays. Under such conditions they give better first results and continue to kill longer than sodium fluosilicate bait, which for years was considered best for fighting grasshoppers. They may also be applied as dusts, but sprays give higher initial kills and continue to kill over a longer period.

Ready mixed emulsion concentrates, wettable powders and dusts containing chlordane or toxaphene are available from local dealers. Chlordane and toxaphene are poisonous to man and animals, but with care they can be handled safely at strengths recommended for grasshopper control.

Baits have a place in grasshopper control. In short sparse green vegetation and grain stubble they are as effective as sprays and are more economical.

Baits containing chlordane or toxaphene give quicker and longer killing action than sodium fluosilicate bait.

A formula for poison bait is:

- Mill run bran, 25 lbs.
- Sawdust, three times the volume of bran (3 1/2 bu.)
- Chlordane, 1/2 lb
- or
- Toxaphene, 1 lb.
- or
- Sodium fluosilicate, 6 lb.
- Water to make a moist crumbly mash (10-12 gal.)

Spread wet bait uniformly at the rate of 20 pounds per acre.

**May Traffic in Area Caused Only 1 Death**

Capt. K. B. Hallmark jr. commanding officer of the highway patrol, released this week Wichita county's rural traffic accident summary for May.

The highway patrol investigated a total of 18 accidents with the following breakdown: 11 property damage, 6 personal injury and 1 fatal accidents.

Hallmark reported a total property damage of \$12,870, with 10 persons injured and 1 killed. This is a decrease of 8 accidents and an increase of 1 death for the same month of 1954.

Mr. and Mrs. Herman Mahler had as guests this week his nephew and family Mr. and Mrs. John Bohl and Barbara Kay of Grand Falls; and Miss Nina Dean Jernigan of Texarkana, Texas.

**COLE REPLACES ANDERSON AS METHODIST MINISTER**

Rev. and Mrs. Roy Anderson of the Methodist church have moved to Henrietta where he has been assigned pastor.

Rev. and Mrs. Eldon H. Cole moved here late Thursday from Archer City. Mr. Cole will serve as pastor of the Methodist church here and will be in the pulpit next Sunday morning.

*Don't argue with this baby!*

All Chevrolet's competitors and most of the high-priced cars tried it recently in official NASCAR\* trials—and took a licking!

Meet the champ! The new Chevrolet "Turbo-Fire V8"—the most modern V8 on the road today. Here's what happened—

Daytona Beach, NASCAR Acceleration Tests Over Measured Mile From Standing Start. Chevrolet captured the 4 top positions in its class! 8 of the first 11! And on a time basis Chevrolet beat every high-priced car, too—but one! But wait!—this is just the beginning!

Daytona Beach, NASCAR 2-Way Straightaway Running Over Measured Mile. Open to cars from 250 to 299 cu. in. displacement. Chevrolet captured 3 of the first 5 places!

Columbia, S. C. NASCAR 100-Mile Race on half-mile track. Very tight turns. Chevrolet finished first!

Fayetteville, N. C. NASCAR Late Model Event. Chevrolet again finished first. Because of even tighter turns the driver chose to run the entire 150 laps in second gear! Yet no overheating or pit stops!

These facts you can't laugh off. Sales leader. Road leader. A crowning achievement of Chevrolet and General Motors. Try a Chevrolet... and live in a land of going-away where you win all the arguments! Soon, maybe?

\*National Association for Stock Car Auto Racing

Way, way ahead!

### Soil Conservation

Stubble mulching of wheat stubble is recommended by technicians of the Soil Conservation Service.

Primary purpose is control of water and wind erosion. However, research at the Amarillo Conservation Experiment Station has shown that during an eight year study, stubble mulched land produced 14 percent more wheat than 1-wayed land, and 21 per cent more wheat than land plowed with moldboard.

Effective stubble mulching must meet the following requirements:

1. Maximum amounts of residue to be left on the surface, with as many as four tillage operations within a three month period.
2. Cultivation of land at different depths to prevent plow sole formation, to aid in deeper penetration of moisture, and to obtain a rapid, effective weed kill.
3. Fields to be left in suitable condition for planting crops. The Amarillo station has found that sweep type implements do the best job and plows designed for stubble mulching should meet the following requirements:
  1. Be capable of operation at fixed depths.
  2. Have adequate weight and strength for penetration and operation under difficult soil conditions.
  3. Be equipped with holling coultors to cut residues and weeds out ahead of the sweeps to prevent clogging.
  4. Effectively cultivate the soil to kill weeds and volunteer crops.

An American Farm Bureau Federation official has asked Congress to give serious consideration to the problems of the wheat farmers. Charles Marshall, president of the Nebraska FB and member of the board of directors of AFBF, said the time has come to "face up to the realities of the situation which has been created — or at least aggravated — by continuing an incentive price support program into a period of falling export demand for U.S. wheat.

"There is no question but that wheat farmers are in serious trouble," he said.

Marshall presented the FB position at a Senate agriculture committee hearing.

He urged the committee to make provisions for an emergency program to become effective in case wheat marketing quotas are rejected in a farmer referendum later this month.

Marshall said FB believes the present alternatives in the wheat marketing quota referendum have been "purposely designed" to force a "yes" vote.

Present alternative to marketing quotas is restrictive allotments accompanied by 50 per cent of parity price support, he said. Farm Bureau is concerned that producers should be offered "realistic alternatives" in the referendum, Marshall declared.

He asked for action by Congress and the U.S. department of agriculture to set up an eight point program to become effective if quotas are rejected in the referendum.

Legislation requested by Marshall would provide for a national wheat acreage allotment of 62 million acres and price supports at 65 per cent of parity if quotas are rejected. This compares with present provisions for a 55 million acre allotment and a 50 per cent of parity price support if quotas are voted down in 1956.

This proposal is no magic cure-all, Marshall said. But, he added, "It would, however, give producers a clear choice between (a) a program that is drastically reducing their right to grow wheat without offering any immediate solution to the surplus problem, and (b) a program of lower support prices, less strict controls, larger allotments, increased opportunity to build markets, and greater emphasis on quality production."

"It is our hope that Congress will act on these recommendations as rapidly as possible so producers will know what their alternatives are before they vote on June 25."

The Nebraskan told the senators that AFBF is opposed to any multiple price or certificate plan for wheat. Such a plan would provide 100 per cent of parity price supports for wheat consumed as food in this country while allowing the domestic feed wheat and export prices to move to lower levels.

Marshall said a certificate plan won't increase U.S. wheat exports much unless we break the world price to ruinous levels and run the risk of seriously disrupting our relations with other wheat producing countries. But, he continued, supporters of the certificate plan have not proposed to scrap the international wheat agreement and let world prices drop sharply.

### IOWA PARK TO GET X-RAY UNIT'S USE TWO DAYS

The mobile x-ray unit will be in Wichita county from July 6 to August 3, according to announcements made by Miss Margaret Hall, secretary of the county tuberculosis association.

Iowa Park will be allotted two days this year, Tuesday and Wednesday, August 2 and 3. Mrs. Rollin Roberts has been named chairman of the local committee.

### McLAUGHLIN JOINS MARINES

Dan McLaughlin, son of Mrs. Elsie McLaughlin of Valley Farms, enlisted this week in the marine corps. He was sent to San Diego, Calif., for 10-weeks' recruit training. Dan is an honor graduate of Iowa Park High School in the class of 1955.

John Sibley, agriculture teacher in the local high school, is attending an electric welding short course at Texas A & M this week.

Mrs. Son Bell and Susan of Abilene are visiting in the homes of Mr. and Mrs. L. A. Teal and Mr. and Mrs. John Bell this week.

### Mrs. Clark Named to Red Cross Board

Mrs. Gordon G. Clark was named vice-chairman for Iowa Park last Tuesday in an annual board meeting of Wichita chapter, American Red Cross.

Carter McGregor of Wichita Falls was re-elected president.

During the meeting the board heard annual reports from Blaine G. Cornwell, vice-chairman for Wichita Falls, on public information; the blood program by Dr. Irving Humprey, Miss Bernice Hindman and John Estes; home service by Hunter M. Jones; first aid by Mrs. Q. B. Lee; water safety by Mrs. Cliff Deaton; service groups by Mrs. Albert Owen; and personnel by Hoyt R. Young.

Mr. and Mrs. J. A. Haddock are spending the summer in Cooper, their former home. Mrs. Haddock is a teacher in the local school.

From where I sit... by Joe Marsh

### Handle With Care

Tractors are like horses—or mules—in more ways than one. They can be pretty tricky if you don't handle them right.

Too many tractor accidents happen because of carelessness. The day grows hot and drowsy, the job grows monotonous—and bing! Someone forgets to throttle down when making a turn, or something, and there's a bad spill.

Credit Slim Hartman's misss for the fact that there's never been tractor trouble on their place. Midway through every morning and afternoon she brings him snacks. "He'll stay on the alert," she says, "if I get him off the tractor for ten minutes." From where I sit, carelessness can cause plenty of harm in our off-the-job personal lives, too. For instance, suppose a neighbor prefers a glass of beer with supper. You might not share this particular preference with him—but if you're careless about protecting his right to choose, your own freedom of choice is in danger of being "plowed under."

Joe Marsh

**Bellevue Reunion**

All former students and teachers of Bellevue high school are invited for a reunion Sunday, June 26, to be held in the high school building. Guests will bring basket lunches and assemble around 10:00 a.m. to meet, mix and mingle with former classmates, teachers and old friends.

Mrs. O. D. Crites and daughter Carolyn of Houston spent the weekend here with Miss Hazel Crites and Mrs. Tirzah Portis.

Mrs. L. Shelton and children Joy, Gladys, Susie and Bill visited recently with another son Private Jimmy Shelton, who is stationed at Ft. Sam Houston. The Sheltons report a wonderful trip. They said Jimmy is one of the happiest boys in service and that he loves everything about the army.

**SPRADLIN PROMOTED**

Franklin D. Spradlin, Route two, Iowa Park, was promoted May 16 to seaman, USN, while serving on the attack aircraft carrier USS Hornet, which is on a tour of duty with the Seventh Fleet in Far Eastern waters. Franklin is a graduate of IPHS and formerly was employed with the Vestal Drilling company here.

Mrs. Roy Begerman of Amarillo, a former member of the Iowa Park school faculty, visited friends here Tuesday of last week.

Pfc. Leonard Wayne Luckett, son of Mr. and Mrs. Wayne Luckett, completed NCO school May 27 and was a member of the Honor Guard. Leonard is stationed in Munich, Germany.

Mr. and Mrs. O. T. Cheves and family of Midland visited over the weekend here with his parents Mr. and Mrs. M. O. Cheves.

John Ozee of Iowa Park is commander of Post No. 169, Wichita Falls.

Mr. and Mrs. Frank Tomasy and children of Killen arrived last week to visit her mother Mrs. Ada Curry and other relatives. Mr. Tomasy, who is employed with the Heller Helicopter company, returned home leaving the family to visit here several days longer. Mrs. Tomasy is the former Miss Etolia Curry.

**Valley View Club Entered in Contest For Rural Progress**

Valley View club met June 2 in the annex of the Methodist church here. Mrs. Benny Rogers won the ticket for the \$50 permanent wave given by Mrs. Stoneking, owner of Valley View beauty shop. Money derived from the enterprise goes to the community swimming pool fund.

Hosts for the meeting were the Mendel Thorntons, J. L. Reaveses and A. L. Chamblesses. Nineteen were present.

The Valley View club is entered in the Rural Neighborhood Progress Contest sponsored by the Farmer-Stockman Magazine in cooperation with Texas A & M college extension service. It is believed more than 200 rural neighborhoods will take part in the program this year.

Last year the Farmer-Stockman and top award winners in the Rural Neighborhood Progress Contest were honored by Freedoms Foundation, an institution set up to recognize all who help to maintain the American way of life.

**Drouthy Pastures Are Due a Rest, Says Haws**

Rest after a rain is the best prescription for drouthy, overgrazed pastures.

Since many ranches are carrying reduced numbers of livestock, producers should be able to defer one-fourth of their grazing land without damaging the remainder, B. T. Haws, Wichita county agent, says. This way pastures can gain full advantage of recent soaking rains.

Pastures with most native grasses and vegetative cover will make the most recovery in a shorter period of time and should be deferred first, says Haws. Poorer pastures can be rested later since they may require several years to recover.

It's better to remove all livestock from a pasture than to leave it lightly stocked, he adds.

Defer for three to six months, or until frost. But if the grazing is needed sooner, wait at least until the growing grasses mature and drop a seed crop. Deferring promotes seed and plant reproduction in addition to increasing the vigor of existing plants.

Haws recommends moderately grazing the pasture during the winter. This provides some forage for stock and helps distribute plant seed.

Many ranchmen looking over the bare ranges are considering re-seeding. In some instances re-seeding may be warranted, but deferment more often does the job better and cheaper. If as much as 15 per cent of the "key" grasses are left, rest rather than reseed, the agricultural agent suggests.

Mrs. W. H. Coyle of Garland visited this week with her parents Dr. and Mrs. C. J. Simpson.

Mrs. Jack Ayres and son visited friends in Iowa Park recently. She is the former Miss Sally Easterwood. The Ayres live in El Paso where Jack is stationed with the army.

Mr. and Mrs. Tim Hughes and family are spending the summer in Lockesburg, Ark.

**WHEN YOU COOK ELECTRICALLY**

Only about three cents a meal!

That's what it costs the average family to have all the benefits of electric cooking. We've asked hundreds of women what it costs them to cook electrically. Some could hardly notice any appreciable difference in their electric bills. But all agreed, cooking electrically is certainly worth the money.

A survey of many homes where cooking is done electrically shows that the average cost is only about three pennies per meal. That's why we say electric cooking is economical.

Electric cooking is clean, too, and will save you much cleaning time on walls, curtains, woodwork and cooking utensils.

See your favorite appliance dealer... get the electric range that fits your needs and your budget.

**IOWA PARK LIONS** heard a discussion on the Boy Scout movement in North Texas at their regular Tuesday luncheon meeting this week. Speaker was Jim Johnson, executive from the North Texas council office.

Mr. Johnson pointed out to the Lions that they have an active part in the entire movement since the club sponsors the two Scout troops here and furnishes adult leadership for about 45 boys of the community.

Special emphasis will be placed during the current year on religion in planning scout activities, Mr. Johnson said. Title of the year's theme is "Onward for God and My Country."

In discussing the scout program and purposes, the speaker mentioned patriotism, leadership, living and working outdoors, and physical well-being.

Mr. and Mrs. Louis Quick and daughter Kay are on a vacation trip to Yellowstone National park.
