Bryant - Mullins

Vows were read at 8:00 p.m. Saturday, May 6, for Miss Suellen Bryant and Alvin John Robert Mullins in the sanctuary of First Methodist church of Wichita Falls. Rev. Mr. Neil Winslow, assistant pastor and youth director, officiated.
 The bride is daughter of Mr. and Mrs. Archie Andrew Bryant, Iowa Park Road, and granddaughter of Mrs. Mollie Lee Bryant of Iowa Park and Mrs. W. H. Kiel of Iowa Park Road.
 Bridegroom is son of Mr. and Mrs. John W. Mullins of Corbin, Ky.
 For the double-ring ceremony the wedding party stood before a setting of white gladiola bouquets and candelabra and candle trees holding votive lights banked with greenery which flanked the communion table. Centering the space was a prie-dieu.
 Miss Sallie Mae Arwood, vocalist, and Dr. Nita Akin, organist, presented a program of pre-nuptial selections.
 When presented in marriage by her father, the bride was attired in a gown of white peau de soie fashioned with brief Empire bodice and elbow-length sleeves. The bouffant skirt extended into a chapel train. Scalloped re-embroidered Alencon lace enriched the bodice and skirt in a design and the peau de soie was pleated from the wide neckline and from the center of the skirt to suggest a redingote over panels of lace. Her fingertip veil of illusion was attached to a tiara of seed pearls. She carried white orchids and Stephanotis.
 Mrs. Michael O. Ayers was matron of honor and bridesmaids

were Misses Sandra Kate McKinley, Nancy Kay McKiski and Suzanne Morris. Flower girls was Nancy Kiel and ringbearer was Paul Kiel.
 Serving as best man was William James Bryant, brother of the bride. Ushers were Donn and Dann Wheelock and David Vestal of Iowa Park, and Paul Henry Sikes of Wichita Falls. Groomsman were Airmen Robert H. Minor, Henry R. Lawrence and Porsy Patterson, all of Biggs AFB.
 A reception was given in the fellowship hall by the bride's parents. Assisting were Miss Estell Holstead and Mmes. Maybell Sikes, J. P. Kiel, T. A. Hicks, Feldman Willis, Jim Ford, C. E. Nolen, T. E. Morris, Wilburn Culley, W. D. Vestal, E. L. Traylor, I. W. Corder, Mary Lee Wheelock, Herman Kight, W. D. Sunday, D. O. James, Jerry McEmore, James Sewell and Otis Gay of Iowa Park and H. I. Goodwin of Dallas.
 For a trip to Kentucky the bride chose a two-piece white broadcloth street-length dress and white accessories. She completed her costume with a white orchid shoulder corsage.
 The bride is a 1960 graduate of WFHS where she was a member of the band, and is a Red Cross water safety aid. She was presented as a debutante by the Woman's Forum in 1960. She has been employed with Southwestern Bell Telephone company.
 The groom attended junior college at Berea, Ky., and is crew chief with the 431st Air Refueling Squadron, Briggs AFB, El Paso, where the young couple will establish residence.

Missionette Club of the Assembly of God attended a Missionette Day convention last Saturday on the former Bedford Boy's Ranch between Ft. Worth and Dallas, which now is property of the Assemblies of God.
 Approximately 300 girls and their sponsors attended from various points of the North Texas district. Attending from Iowa Park were Nancy Allen, Elaine Bean, Linda Pyle, Patricia Pyle, Phyllis Williams, their sponsor Martha Allen, and the pastor's wife Mrs. H. E. Allen.
 During the convention the girls learned of the new Missionette achievement program—Stairway to the Stars. Each girl may become a Star, then an Honor Star if she completes the program.

Shower

First Baptist church parlor was setting for a pre-nuptial shower given May 4 complimentary to Miss Nancy Smith, bride-elect of Randall Pierce. Hostesses were Mmes. C. L. McKinnon, Alan W. Berry, Will Burnett, J. W. Thomas, R. R. Brubaker, J. D. Padgett, D. O. James, F. M. Wilson, Earle L. Denny, O. E. Lochridge, Sam H. Hill, Lester E. Brooks, Charles L. Metz, Virgil I. Woodfin, Cecil Marquart, J. C. Roby, Homer Blalock.

Decorations in the parlor followed a coral and white combination chosen by Miss Smith for her wedding. A center of interest was the refreshment table which featured a cover of white embroidered cutwork linen. A bouquet of white snapdragons, roses and green grapes in a coral container centered the table. Flanking the centerpiece were coral candles burning in greenery-entwined holders.

White mums were combined with other seasonal blossoms to make handsome floral appointments at strategic points in the room.

Greeting guests were Mmes. McKinnon, Woodfin and Donald Hill. Mmes. Marquart, Berry, Wilson and Thomas directed serving of refreshments. Mrs. Roby presided at the register.

During the party, appropriate background music was provided by Mmes. Henry Jones, Jimmie Jeter and Lochridge, organists, and Joe Singer, vocalist.

TELEPHONE TALK
by Joe Cochran, Manager

TELEPHONES OF THE FUTURE

The other day I was having lunch with some friends and we got to talking about how much the telephone has changed in the last few years. We talked about the development of color phones, wall phones and the latest one—the Princess, the first compact phone.

This conversation reminded me of some of the ideas for new kinds of telephones and communication services we're working on now. Some of these ideas will never leave the drawing board. Others will fall by the wayside during the test stage. And some, of course, will be successful—and will eventually be available for your use.

For instance, there's the "dial-in-hand" phone. It has the dial in the receiver. You lift the receiver, hold it in your hand, and dial. The dial lights up when you lift the receiver, too.

Or, how about a picturephone? This telephone of the future will transmit pictures as well as sound, so people will be able to see each other as they talk on the phone. The picturephone has been successfully tested, but it will be quite a while before it is available for widespread public use.

But here's a new phone you may have in the not-too-distant future. It's a new wall phone called the Slimphone. The Slimphone is trim, not much wider than a Princess phone. It should come in handy for the kitchen and other rooms because it doesn't take up much space.

These are just a few—a sampling—of new kinds of telephones and telephone services we're working on for the future. But even today we enjoy telephone services most of us never dreamed possible just 10 years ago.

CAN YOU GUESS WHAT IT IS?

Like to work riddles? Here's one that ought to be easy.

What is it that's found in almost every home, store, business office, church, school and public building? It helps you find things, people and services. It's ready to help you any time—night or day—every day of the week.

I'd be mighty surprised if you didn't know it was the Yellow Pages of your telephone directory. Studies show that nine out of ten people reach for the Yellow Page directory when they're ready to buy. How about you?

SQUIRRELS LOSE, CUSTOMERS WIN

For some unknown reason, squirrels like to gnaw on telephone cables. Their chewing puts holes in the cable's covering and lets moisture get inside. This, in turn, interferes with your telephone service.

To protect phone cables, we cover them with metal shields or wrap them with steel tape. We are also experimenting with a fiberglass coating which is painted on the cables.

The squirrels don't like this, but it keeps our cables from being damaged and helps keep your telephone service dependable.

Call by number. It's twice as fast.
