TELEPHONE TALK

by Joe Cochran, Manager

PROSPEROUS 1962

I was looking at our 1962 plans for Iowa Park and was very pleased to note that the year looks prosperous for you. By the end of 1962 we plan to have more than 2000 telephones in Iowa Park. The growth in Iowa Park has been spectacular. There were 565 telephones here at the beginning of 1951. You now have more than 1600 telephones. The 1000th telephone was installed in 1956. The Southwestern Bell Telephone Company installed additional lines and central office equipment in the early part of 1961 to provide better service to Wichita Falls and as Iowa Park grows more equipment will be added. You can see, folks, Iowa Park is a growing community in telephone service. We know from experience you can only grow in telephone service as you grow in all other forms of activity so may this be a prosperous and happy new year to the people of growing Iowa Park.

FROM THE MOUTHS OF BABES

After touring one of our central offices, a second grade class is given an assignment by their teacher. They were asked to write out the things they learned that day.

One little girl entitled her composition, "You Could Never Without Your Telephone." And that pretty well sums up the telephone's role in today's busy living routine, whether it's here in Iowa Park or in New York or Chicago.

She's right, you know. You could never without your telephone. You could never call a neighbor to exchange recipes or call for pairs or service, arrange get-togethers on the spur of the moment, at with your family or friends located far from home.

Day in and day out, the telephone is a constant and faithful companion giving you service that's useful, pleasant and necessary. Nothing else you use so often does so much. Or, to put it more simply—you could never without your telephone.

HOT ITEM

The Princess phone is a hot item. This fact is evidenced by its popularity all over Texas. But recently things got a little hot for a Princess phone in one of our neighboring towns.

A considerate young husband was leaving for work. His wife had been up with their new baby all night. He didn't want the phone to wake her.

So he tucked it efficiently into the oven. Later in the day, his wife turned on the oven to pre-heat it. When she started to put in her casserole, she found one melting Princess phone.

What the husband forgot was that he also had a bell chime that could be adjusted to ring in any one of three ways—with a soft bell, loud bell, or a melodic chime.

(Editor's Note: Telephones are made to stand most bumps and bakes. We heartily recommend that they not be cooked or baked in their most efficient use.)

Call by number. It's twice as fast.

Something to think about

Space travel is commanding attention today. The ambitious plans of man remind us of the days of the building of the tower of Babel which was to reach to heaven. God may intervene as then. Space travel may be cut short with Armageddon.

Yet there will be space travel, beyond the moon. The born-again child of God, living a consistent Christian life, is to leave this world thusly: "Then we which are alive and remain shall be caught up together with them in the clouds to meet the Lord in the air."—I Thessalonians 4:7. This is called the "rapture."

Get ready for space travel! Worship with us, won't you?

munists" creeping around our friendly corners in the "Town of Friendly Living" and our roaring Lions ate it up like raw meat.

So here is my latest proposal to preserve our Iowa Park Way of Life. The proposal has the full backing of the BAHWSW group: Benson, Anderson, Hargis, Welch, Schwartz and Walker: "Be a fearless Commie fighter from the comfort of your own home. Yes, father, no special training, ability or intelligence are necessary. This is do-it-yourself commie-fighting at its best. All you need is an all-around negative mentality."

Here are the simple membership requirements for you to carry

on an armchair witch-hunt: Accuse 10 friends (in this Town of Friendly Living) of communist tendencies. Here is the way you will be graded; on the point system, of course:

- a. School Teachers (points) .5
- b. Supreme court justices 1.00
- c. Ministers75
- d. Former presidents
 - 1. Living 1.00
 - 2. Dead5
- e. Relatives
 - 1. Immediate family 2.00
 - 2. In-laws25

See who can get the most points! Make it a family game!

Naturally you do not want to report the accused persons to law-enforcement agencies; these people might somehow be found innocent. Democracy and due process of law are outdated during these hours of crises! Don't give 'em a chance to be let off by some "pink court." Merely spread the rumor to ten other neighbors or friends in this Town of Friendly Living. (Preferably not the same ten.)

We might even start giving Trading Stamps for accusing our neighbors, but we'll have to wait on that. Wouldn't St. Joseph (McCarthy be proud of us if he could see the seeds of suspicion and hatred and distrust that we gaily scatter to the winds of our fair community!

As soon as we get rid of all the commies running loose in our community, our schools, and our churches, we can return to those dear ol' days we all loved so much. We can be led back by some brave Paul Revere on horseback. Maybe the courageous editor of the Dallas Morning News could ride that horse backwards. And then we could live in the old days.

Funny, though, I imagine our same insecurities would haunt us; and come to think of it, when I flipped that page of my calendar, it said 1962, not 1902. I'll have to ponder that.

J. PENWRIGHT PENSIVE
Ponderously,

Science Meeting

Science students from Valley View and Iowa Park high schools will attend an atomic energy symposium to be held Saturday on the campus of Midwestern university, it was announced this week by Wayne House, manager of the Texas Electric Service company.

The symposium is expected to attract some 400 students and teachers from 24 high schools in this area.

Bob Hayes, instructor at Valley View, will be accompanied by Danny Gravens and Ora Marriott.

Science students attending with Charles Graham and Bobby Blackburn, instructors at IPHS, will be Ted Pinson, Rick Knight, Rodney Sexton, Lucy Barger, Scotty May, Robert Pastusek, Mike Berry, Buddy Jackson, Billy Callaway, John Dalrymple, Bennie Brott, Butch Hightower, Richard Rauscher, Billy Goss, Kelly Bryant, Sheron Morris, Lorenda Webb.

Special speakers will be noted nuclear fusion scientists. They will discuss opportunities available to science students and answer questions on this subject.

Joe B. Meissner spoke at both Lions club meetings Tuesday of this week on the subject "I Will." He said America didn't win its independence by "letting George do it." He suggested that all citizens should keep themselves informed on problems we should stop and think what kind of world we will pass on to our children.

In his noon talk Meissner made the assertion that there were Communists living in Iowa Park. When asked about that statement he admitted it was only a rumor.

Bob Birk of the Evening club was a guest of the Noon club.

Jerry Beggs was presented as a new member of the Evening club.

Wichita Falls Barbershoppers will present the program for the Evening club Jan. 23.

Farmers Union speaks

John W. McCormack of Massachusetts, new speaker of the House, is a liberal and a friend of the farmer, although he is a city man. Washington observers figure he will have a tough year filling the shoes of the late Sam Rayburn, but those who know the Bostonian think he will work well with President Kennedy and do a good job.

The Speaker and his assistant Carl Albert of Oklahoma will be the key men, probably second in importance only to Kennedy in getting good programs through Congress.

In 13 selected roll calls on key issues of the last session, McCormack voted right down the line for farmers. This includes favorable votes on the Feed Grains program, Area Redevelopment, and the Agricultural Act of 1961.

Over the years he has a near-perfect record on public power and REA, with 46 right votes out of 48, according to records of the National Rural Electric Cooperative association.

Albert, high-ranking member of the House agriculture committee, has a record as impressive as that of McCormack. He had a perfect farm vote last year and missed on only one NRECA vote in 46 since 1944.

By way of comparison, the Republican counterparts, Charles Halleck of Indiana and Arends of Illinois rate near zero.

Halleck voted against the farmers all 13 times last year and has only 2 "right" NRECA votes out of 46. Ahrends voted with farmers only twice in 1961 and with NRECA only 4 out of 50 times since 1944.

Evangelist Bob Randall will be the featured speaker at Wichita-Archer Baptist Associational Sunday School Conference at Faith Baptist church Tuesday, Jan. 16 at 7:30 p.m.

The conference begins with Associational workers leading group conferences on the theme "My Church Reaching Out Through Evangelism."

The program is planned and directed by Douglas K. Feazel of Iowa Park 1st Baptist church.
