### Chamber banquet tickets on sale

Tickets remain on sale for the annual Iowa Park Chamber of Commerce banquet, to be held Feb. 12 at the high school cafeteria.

Ducats, priced at \$5 per person, are on sale at the Chamber office and most businesses in the city.

For the price, those attending will be feted with a steak dinner prepared by the Iowa Park Mule Skinners, be the first to know who has been named Outstanding Citizen of the Year and Outstanding Senior Citizen, and

top it all off by hearing nationally-known humorist Bob Murphey of Nacogdoches County.

The meeting will also signal the change of leadership in the Chamber, when Keith Aulds succeeds Charlie Lee as president of the organization.

Wayne House, ticket sales chairman, says he hopes more than 400 persons will attend the banquet, which has become the annual social highlight of the community.

# Pickup-train wreck is fatal to driver

A Wichita Falls man was killed and a woman was seriously injured Wednesday morning when a pickup truck collided with a freight train south of Iowa Park at the Johnson Road crossing.

Dead at the scene was Harvey

Randon Pope, 31, of Wichita Falls. He was a truck driver for PPG Industries.

A passenger in Pope's late model pickup truck was Dorothy Roberts, 34, also of Wichita Falls. A spokesman at Wichita General Hospital said she had been admitted to the hospital's intensive care unit and was listed Wednesday afternoon in "poor condition."

Assisted by units from the Iowa Park Police Department, the mishap was investigated by the Texas Department of Public Safety.

Spokesman for the DPS said the accident occurred at 12:10 a.m. Wednesday near the Cryovac plant.

The DPS said Pope's pickup truck was traveling south at a high rate of speed on Johnson Road.

The Fort Worth and Denver freight train was traveling east at a slow rate of speed, the DPS said.

DPS investigators reported Pope's pickup truck was dragged east,

knocking down a railroad crossing sign on the east side of the intersection.

Although there were no skid marks apparent from the collision, there are no signs at the intersection to warn unfamiliar drivers that Johnson Road dead ends south of the crossing.

Estimated damage to the Pope truck was not available, but a spokesman for Fort Worth and Denver, L.A. Morath, said the train's engine sustained about \$100 in damages.

Morath said the engine was pulling 99 box cars, mostly filled with grain.

Earl Bowlen was engineer on the train and W.P. Austin was conductor, Morath said. Neither was injured.

A Fort Worth and Denver survey crew was investigating the scene Wednesday afternoon.

DPS said Pope was killed at the scene. He and Roberts both were taken to Wichita General Hospital by Gold Cross Ambulance Service.

## Tools are stolen from high school

Iowa Park High School's auto body repair department was the victim of weekend burglars, who stole between \$700 and \$800 worth of tools and equipment.

Wendall Allen, vocational auto body instructor, discovered the burglary Sunday afternoon and reported it to the Iowa Park Police Department which is investigating the theft.

Painting equipment, auto body repair equipment and assorted tools were taken in the burglary, according to police reports.

Police said entry to the auto body repair shop was gained through the door on the west end of the building.

Allen said keys to the tool room had been removed from his desk, and were used for easy access to the tools and equipment.

"This is going to make it a little unhandy," Allen said. "The tools they took were about the most important types of our work right now."

Allen said he has 19 students in the course. The two classes of students currently have seven automobiles in the shop for repair with 35 persons with damaged autos on the waiting list.

He said the students gain practical

experience through the course, while persons who bring in autos for repair are charged only for materials and a shop fee.

All of the tools and equipment stolen were owned by the school, Allen said.

He said the burglary probably would ruin any chances of the department purchasing any additional tools, since it would cost at least \$700 just to replace those taken in the theft.

Allen noted that the school's auto mechanic's department was hit by burglars last year.

Another Iowa Park automobile repair shop was burglarized three

days earlier.

Deryl James reported to police that his shop at 412 S. Yosemite was burglarized last Wednesday, although thieves only escaped with a \$30 bundle of rags and three boxes of candy valued at \$15.

J.W. Boren reported Tuesday that his Mobil service station had been burglarized.

Police said burglars gained entry to Boren's business by breaking a glass door to the west side of the building. The door was valued at \$100. Burglars took eight cases of oil valued at \$112, and \$4 in change was removed from the cash register.

Two reports of auto burglary were

received last Wednesday by Iowa Park police.

Dorothy Teafatiller of Holliday reported a CB radio valued at \$221 had been stolen from a vehicle parked at 306 W. Lafayette.

Ray Trentham of Wichita Falls reported the burglary of an automobile parked at 900 W. Highway. A window to the vehicle had been broken, although would-be burglars failed to escape with the CB radio.

## Vehicle tag sales slow

Though the turnout of vehicle owners seeking 1977 license tags was reported far greater than usual for the first day, Tuesday, at the Wichita County Courthouse, such was not the same at the sub station here in Iowa Park.

Mrs. Billy James said Wednesday she experienced one of the slowest days for first-day license sales she can remember.

Only 130 sets of tags were sold Tuesday here, representing only some 65 customers, she said.

Those waiting to get the 1977 tags can shorten their time in the office by

taking their renewal application card with them, according to Mrs. James. The cards were mailed from the state.

Without the cards, three to five minutes longer are required in the office, besides the owners having to take with them their vehicle title and 1976 tax receipt.

Those without cards, title or receipt must pay the expense of a long distance telephone call to Austin for verification of ownership before tags can be issued, according to Mrs. James.

The sub station is located at 220 W. Park.

## Don Flippin is named Haskell's head coach

Iowa Park High coach Don Flippin has been named head coach at Haskell.

Flippin, who has been on the coaching staff here since spring of 1972, signed his contract last week and expects to assume his new position next month.

Hired as line coach and head track coach when Grady Graves was named head coach following the resignation of Tommy Watkins, Flippin was the only varsity coach retained by Pat Tone when he became athletic director last spring.

Taking over as high school track coach is Neal Billingsley, head coach at the junior high. Workouts were slated to begin yesterday.

Flippin is a graduate of Colorado City High School and McMurry College. He has 16 years coaching experience, at Hale Center, Dallas, Ballinger and here.

While head coach at Ballinger he compiled a record of 20-2.

Flippin replaces Tommy McAdams as head coach. McAdams resigned his position after football season last fall, following five years as head coach, to enter the construction business.

Flippin did not say when he expects to move his family to Haskell. The family includes his wife Sheila, and two sons, Kirk, 14, and Lane, 11. The family now resides at 1005 W. Cornelia.

ONE OF TWO FIRES over the weekend was Sunday evening at 312 W. Park. Volunteer firemen are shown knocking in the locked rear door to gain access to the house as flames from the upper portion of the window lick the roof. Damage was confined mainly to rear of the house. The other fire was Saturday evening, when Billy James Garage was gutted by a fire of unknown origin. Though the

structure was covered by sheet metal, it was of wood structure. James' body shop building was not damaged. He is currently carrying on business in the Spruiell Drilling building, across the street. No estimate has yet been made on damage to the building and its contents, which included a pickup and three automobiles owned by customers.

## Building permits increase

If January's building permits issued at the city hall is any indication of what 1977 will be for Iowa Park, it's going to be big.

Boosted by permits to build three new homes, the month's total was \$83,600.

The amount is significant, in that the first month of 1976 recorded only \$25,084 in permits, and in 1975 it was \$42,132.

Permits were issued for two new homes on West Valley Drive and one on Manes.

Permits issued during January included:

- Carl Hecker, 708 Coleman, storage shed, \$400;
- William Miller, 610 Manes, room addition, \$2,500;
- Richard Schroeder, 523 W. Clara, add on, \$4,200;
- James Hartmangruber, 908 S. Colorado, mobile home, \$4,500;
- Dennis George, 304 Kathleen, add on and enclose garage, \$2,000;
- Frank Harlin, 600 Manes, new residence, \$30,000;
- Bill Swan, 406 W. Valley, new residence, \$20,000;
- Bill Swan, 411 W. Valley, new residence, \$20,000.

### BASKETBALL SEASON NEARING END

## Vernon sweeps varsity teams

The Iowa Park Hawks blew a six-point lead during the second quarter and could never gain command again during the second half, losing Tuesday to the Vernon Lions 56-64.

Vernon's varsity girls also won 81-24 and junior varsity girls likewise, 34-25.

The Hawk JV saved the night for Iowa Park, defeating their hosts 64-47.

The Hawks led 22-16 early in the second quarter, but the Lions' utilized the

shooting of James Easter and Keith Favors to eat away at the margin until they pulled ahead 24-22 with 4:15 remaining.

Though the Hawks held a scant 32-31 halftime lead, the Lions set up a full-court press and gained a five point lead which they maintained throughout most of the game.

Coach Mike Billingsley had his team running their regular offense through the first half, then switched to

the spread offense in the second, which had been so successful against Burk Burnett. But it didn't help.

Tom Pappas was the sure-handed gun for the Hawks against Vernon, especially under the boards. He canned 16 points while Doug Rogers and Anthony York each had eight.

Where missing of free shots has cost the Hawks the margin of victory in some earlier games, there was little to fault Iowa Park

charity line shooting Tuesday. They sank 13 of 15 attempts.

The Hawks beat Vernon here Jan. 11.

Easter and Favors, bombing the nets from 10 to 18 feet out, amassed 20 and 16 points respectively.

Last Friday the Hawks humbled the Weatherford Kangaroos for the second time this season, bombing the nets 70-52 after holding a 30-16 halftime lead.

Rusty Price had 17 and

Rogers 16 in that game to lead Hawk scoring.

SEASON ENDING Only four games remain on the varsity schedule for this season.

The teams will travel Friday to Graham and Tuesday to Mineral Wells, then finish out the schedule at home against Brownwood Feb. 11 and Stephenville Feb. 15. The girls will not make the Brownwood trip, as that school does not yet offer girls' basketball.

# Knippa-Morrison wedding is held Sunday at Yoakum

As the organ and trumpet sounded the familiar strains of Lohengrin's wedding

processional, Miss Lynette Marie Knippa, attired in a beautiful ivory satin gown

by Priscilla, entered the St. Joseph's Catholic Church at Yoakum Sunday at high noon to stand beside Sam Arnold Morrison, her betrothed, for the recitation of marriage lines. The Rev. Michael O'Shaughnessy officiated the ceremony uniting the daughter of Mr. and Mrs. Emanuel Knippa of Yoakum and the son of Mr. and Mrs. Chester Morrison of Iowa Park.

In the beautiful church appointments, attention was focused upon the unity candle lighted by the bride and groom to seal their vows. Two large urns of ivory roses and greenery were featured in main altar decorations with large Boston ferns providing the background. The church pews were marked with Boston fern combined with turquoise and yellow ribbon. Mrs. Kermit Thiele, organist, and James Findeisen,

trumpeter, played the wedding processional and the recessional by Wagner. The organist accompanied Mrs. Jerry S. Clifton, aunt of the groom, for her solo offerings "Annie's Song" preceding the ceremony and "We've Only Just Begun" while the couple lighted the unity candle.

The bride was presented in marriage by her father. Her ivory satin gown was designed with a graceful Bertha collar falling from a wide sabrina neckline that dipped low in the back and featured pearl and crystal beading. The same beadwork was repeated on the long fitted sleeves and veil. The dignified A-line skirt cascaded from an empire waistline and flowed to a chapel length train. Her chapel length ivory illusion veil drifted from a satin headpiece accented with pearls. To complement her gown, she wore a pearl necklace and ear rings, a gift from the groom.

The bride carried an arm bouquet consisting of ivory silk stephanotis and fresa blossoms enhanced with coral rosebuds, English ivy tendrils, gypsophila tied with ivory satin picot ribbon streamers.

A matron of honor, maid of honor and three bridesmaids composed the list of charming bridal attendants. They wore matching coats and dresses fashioned of turquoise poly-knit. The A-line dresses were styled with empire waistlines,

rounded necklines and cut-in shoulders to give a mock halter effect. Their hooded coats displayed long sleeves and tied under the bustlines. Each attendant carried an arm bouquet of ivory silk fresa, yellow blossoms, gypsophila and turquoise forget-me-nots. Ivory satin picot ribbon and streamers added beauty to the bouquets.

Mrs. Darnell Knippa of Houston, the bride's sister-in-law, served as matron of honor and Miss Terri Matthews of Austin was maid of honor. Bridesmaids were Miss Ann Henkhaus of San Marcos, Miss Maureen Bueck of College Station and Miss Debbie Hagens of Austin.

The groom's father served as best man. Groomsmen were Richard Blair of Lawton, Okla., Bob Sharp of College Station, Jimmie Crank of College Station and Kent Roach of San Antonio. Ushers were Chris Jordan and Mayo Walker of College Station, Lyndell Berry of Iowa Park and Randy Newman of Dallas. The groom and his attendants wore traditional formal daytime attire of Oxford brown cutaway jackets, vests and brown striped trousers and ivory boutonnieres.

A reception and buffet luncheon hosted by the bride's parents was held at St. Joseph's Gym following the wedding. Center of interest in the room decorated with white fresh flowers and greenery was the long table covered with ivory satin graced with a net skirt where the extremities were marked with the bride's and groom's cakes. The three-tiered bride's cake in shades of ivory was decorated with fresh yellow flowers and greenery and featured divided tiers. The fresh flowers provided a garden setting atmosphere for the miniature bride and groom on the top tier. The German chocolate groom's cake was encircled with fresh fruit.

Mrs. Al Denton of Iowa Park, sister of the groom, and Miss Christi Clifton of Wichita Falls secured signatures of the wedding guests. For her daughter's wedding, Mrs. Knippa chose a formal dusty pink Qiana gown styled with an empire waistline flowing to a slight flare in the back, and elbow length sleeves. She wore a pink rosebud with sprays of baby's breath in her hair. Mrs. Morrison wore a formal gown of printed Qiana designed with long sleeves and high neckline. She wore silver accessories and a japhet orchid.

MRS. SAM ARNOLD MORRISON

The groom's parents hosted the rehearsal dinner at the Yoakum Corner Cafe. The U-shaped table was laid with white linen and decorated with a large bouquet of yellow daffodils and Dutch iris and two smaller bouquets of the same blossoms.

grandparents of the groom, Mrs. Thelma Sanders of Portales, N.M., Robert Denton of Iowa Park, Jerry Sam Clifton and Clay of Wichita Falls, Steve Webb of Fort Worth and Mr. and Mrs. Jack Miller, Julie and Sam of Corpus Christi.

During the evening, the bride and groom exchanged gifts and presented their attendants with remembrances of the occasion.

The new Mrs. Morrison was graduated from Yoakum High School in 1973 where she was a member of National Honor Society and she was a cum laude graduate of Texas A&M University in Dec. 1976. The groom, a graduate of Iowa Park High School was also an honor graduate of Texas A&M and received numerous honors and recognition during his college career. He is presently employed as division superintendent for H.E.B., a new milk processing plant in San Antonio.

The couple departed for a wedding trip to the west coast following the reception, the bride traveling in a white slack suit, multi-colored blouse, white hat and a red carnation corsage.

Other out-of-town guests were Mr. and Mrs. George Clifton of Wichita Falls,

## Lioness Club has meeting

The January meeting of the Iowa Park Lioness Club was held Thursday evening in the home of Mrs. O.E. Lochridge, co-hostess was Mrs. T.C. Berry.

The program featured a devotion by Mrs. Wm. Nunn, an address by Mrs. Sam Hill and special music by Miss Judy Aulds, flautist, Mrs. Keith Aulds, pianist and Mrs. Lochridge, organist.

Mrs. Nunn gave a medley of Golden Thoughts which she summed up with "The Answer" for the devotion. Miss Aulds, accompanied by her mother, played "Traces". Mrs. Lochridge presented "Kamennoi Ostrow" by Rubinstein and "Bells of

St. Mary" for organ selections.

Addressing the group on "The Morning Is Dawning", Mrs. Hill stated that in view of the predictions for the future in medical science, health care and economy that the morning could literally be dawning, contingent upon and demanding toil and dedication.

She concentrated her remarks upon new medical techniques and drugs in the area of health care stressing that a new direction in health care was needed. "This direction demands that the individual must be willing to do for himself and comply with the principles that regulate human health", she stated. Placing emphasis on disease prevention and the importance of proper diets, she read "No Aging Diet" by Dr. Benjamin Frank.

Mrs. D.O. James directed the business and introduced the program.

Others present were Mmes. Sam Hunter, R.A. Tanner, W.F. Booher, W.E. Karstetter, L.E. Brooks, Homer Blalock and Kathleen Hatten, a guest.

## Valentine party set for patients

A Valentine party is scheduled for residents at Wood Convalescent Center Feb. 14 at 6:30 p.m. The Harding family will provide the entertainment with a variety musical and puppet show. Families and friends of the residents are invited to attend the party.

Nine residents celebrated their birthdays in January. They were Tirzah Corder, Claude Harper, Virgil Rice, Janie Andrews, Lena Goetze, R.L. Young, Bill Hogan, Ernest Shook and Beulah May.

Residents are busy making Valentine favors in their Arts & Crafts classes. Anna Neper was the winner in the Bingo games last week where 18 residents and one volunteer, Mrs. Betty Copas, participated.

New residents at Wood Convalescent Center are Annie Biderman, J.B. Goble, Ernest Shook, Joseph Lamb, Ruby Buerger, Robert Mercer, Frank Glasgow, Edna Sunday and Beulah May.

1 Big Day! Sat., Feb. 5

WHERE: VFW CLUB WICHITA FALLS

## This weekend, call both families for practically the price of one.

It's true! This weekend—and every weekend between 11 p.m. Friday and 5 p.m. Sunday—you can place two Long Distance calls for practically the price of one weekday evening call, when you dial the 1+ way.

For example, a 10-minute call to someone a thousand miles away weekday evenings (5 p.m. to 11 p.m., Sunday-Friday)

would cost you \$2.44, plus tax. Which, you'll admit, isn't bad.

But for practically the same price, you could make two eight-minute calls over the same distance... any weekend.

It's almost like getting one call free!

So this weekend, enjoy a couple of Long Distance calls. And make three families happy!

Long Distance. What else is so nice for the price?

## A TRIP TO THE GIN

Occasionally, if you were a good boy, a hard worker, and if you happened to get the wagon filled right at quitting time, your Dad just might let you go with him to take the cotton to the gin.

The part I liked best was riding high atop the load of cotton, nestled in the soft white bales, waving at passing cars. As we approached the gin we could see the hazy white smoke of burning burrs. It had a pleasant smell unless you got too much of it. We saw other wagons coming from all directions forming a long line at the scales. The scales were in a pit under a large wooden platform. Dad drove the load up and stopped on the platform. A man inside a little house beside the scales moved some weights up and down on a bar until it balanced. He wrote down the weight and motioned us on to the suction.

The suction was an impressive thing, a huge pipe that hung down into the wagon. A man held it and moved it around as it sucked all the cotton out of the wagon in a matter of

minutes. We stayed well clear of it as the man warned us that it would suck up a little kid just like cotton, gin him and bale him, quick as a wink.

We saw the loading platform where ginned bales of cotton were placed, ready for shipping. A large truck was there alongside the platform and two men were manhandling the heavy bales onto the truck bed with

curved iron hooks they held in each hand. We pushed on the big burlap covered bales but couldn't budge them. We figured they must each weigh about a million pounds and we marveled at the strength of the big men who moved them around.

While Dad was talking with some other farmers we climbed to the top of a tall pile of cottonseed. We jumped, scrambled, fought and slid down it scattering seeds for several feet before we were collared and told

that playing in the cottonseed was absolutely not the thing to do, that if we ever wanted to come to the gin again we'd better behave ourselves.

When we were finished, the empty wagon was weighed to find out exactly how much cotton we had brought in. It was late at night when we got home and only then did I realize how long a day it had been. I was exhausted but I would have a lot to remember about that day.

Does Mother Nature read bumper stickers?

Texas motorists helping publicize the plight of gas producers in the state were sporting stickers on the cars last summer which read:

"Light a fire, freeze a Yankee!"

Well, Mother Nature did her part. She's produced the coldest winter of modern history, and no one has to be encouraged to light a fire.

Fact is, folks are being encouraged to turn down their flames.

What that promotion was about was, the Yankee-dominated Congress several years imposed a ceiling on what natural gas could sell for after it is piped out of our state. Then, a little later on, those same "people of the people" figured the oil people were making too much money, and cut off the depletion allowance.

It was a good thing, for the Yankees, for years. They had all the gas they wanted, for less than we were paying for it here in Texas. A lot of congressmen surely were re-elected for their efforts.

But the thing they didn't concern themselves with was the fact that costs were skyrocketing ... faster

than the inflation rate. And producers were not going to drill for more gas, to sell at a loss.

I overheard a story in Austin which I think tells the story. It's about a man who has four plants which produce soft drink bottles, two in Texas, and one each in Louisiana and Mississippi.

Because the cost for gas was so much less in Mississippi, he is seriously considering moving his Texas and Louisiana plants to the state where cost of operation is so much less.

Natural gas prices are constantly being raised in Texas, to a realistic level according to the gas companies, where federal controls do not apply.

Added to the problem of government control of interstate gas price was the fact that the Eastern coast states time and again turned their noses up at proposals to drill offshore oil wells. They claimed it would foul their fishing industry.

Well, let them heat their homes

with cod fish oil, by golly.

I feel sorry for all those millions of people who have been suffering from the lack of adequate natural gas. They've been cold and many are out of work because plants can't be heated or operated due to their dependence on natural gas.

Those folks have only one source to blame, the politicians (and maybe their own greed).

But I wonder if anyone is telling them?

## Worth Quoting

While many local citizens complain about welfare rolls, a column by Paul Harvey last week offered some consolation. He quoted figures which showed Texas was doing a better job of administering welfare—or at least Texans have a small tax bite to support welfare recipients.

Picking some large cities, Harvey pointed out that the average taxpayer in New York City paid \$159 to the welfare kitty last year; Chicagoans were taxed \$170; Detroit taxpayers paid \$222 each, but in Houston the average was only \$15.93. The column added that the Texas Welfare Department operates a tight ship, sending less than 2.5 per cent mistakenly to persons who are ineligible.

He quoted House Speaker Billy Clayton as saying: "High support payments discourage incentive. And, incentive is the only way we have to break the poverty cycle."

## WORTH QUOTING

You can believe this or not, and I'm not so sure that I do, but I did read this somewhere the other day: You can find the correct temperature by counting the number of chirps a cricket makes in 14 seconds and adding 40 to that number. According to what I read, scientists claim that tests prove it is possible to get the correct temperature within one degree 75 percent of the time and within two degrees 90 percent of the time.

That's all it said, so I assume that if the poor cricket is too cold to chirp, it must be 40 degrees or lower, and if the temperature rises to 41, he'll manage one chirp every 14 seconds.

## Neil Billingsley is track coach

Neil Billingsley is the new track coach here at the high school as well as new sponsor for Fellowship of Christian Athletes (F.C.A.) During his high school years Coach Billingsley was on the track, basketball and football teams at Plains High School in Plains, Texas. He attended college at Sul Ross State University and received his B.S. and M.A. degrees. He married Doris Whitson in 1958 and started his coaching career in Toyah, Texas. In 1960 he moved to Del City, Texas and coached football, track and girls' basketball for four years. He moved to El Paso, Texas in

1964 where he coached at Bassett and Magoffin Junior High School. He then was promoted to Irvin High School where he coached track and football for nine years.

In 1976 Iowa Park Consolidated Independent School District offered him a position as the head coach of the junior high in Iowa Park.

He has two children: Dawn, 17 and Biff, 13.

Coach Billingsley stated, "We have a lot of potential but we still need more people to come out."

## Hawk JV wins

Led by a well balanced scoring attack, the Hawk J.V. basketball team downed Brownwood's J.V. 49-46 at Brownwood Friday, Jan. 14.

Jim Dooley and Jeff Martin shared high point honors with 11 points each, followed by Randall Griffith's 9 points.

Jimmie Richardson and Harry Hutchins both added 8 points, and Jeff Taylor chipped in with 2.

## IPHS senior announcements

Kirk Shiroc spoke to the senior class during second period Jan. 26.

Announcements were shown and the class chose the Tri-fold announcements with gold lettering.

Class keys are a new addition this year. Also shown were thank-you notes and memory books.

Each can be ordered individually or in 4 different packages which include: announcements, personal name cards, deluxe memory books, deluxe appreciation gift, thank you notes, deluxe anniversary cover and class key.

## Small sayings

Have you ever had a teacher that has a small saying that they use constantly? Well, here's a few from I.P.H.S.:

Mrs. Wilson—"Now I don't want to give you the wrong idea" and "Boy Howdee".

Mrs. Hickman—"That's a long story, you little urchins."

Mrs. Venhaus—"I suppose you want points for that."

Mr. Wynn—"Let us check the attendance."

Mrs. Cady—"Now...well...huh...yes...right!"

Mrs. Harrell—"Is everyone ready for a 5-minute writing?"

**PERFORMING TONIGHT** - A three-act comedy will be performed at 7 p.m. today in the high school auditorium. Area meeting will be March 4 and 5 at Abilene was discussed.

## The Hungry Hawk

Beckie Wetzel

McBride Land and Cattle Co. Steaks 501 Scott: where the old stand-by of Steak and potatoes has a new flavor! Any of the many steaks are delicious and in my opinion this restaurant has the others beat as far as flavor is concerned.

Only improvement that needs to be made (desperately) is that the description on the menu of how the steaks are to be cooked varies greatly from what is received at the table. For example, when I ordered a medium-well steak (which was supposed to have just a touch of pink in the center) I got a steak that was medium rare. I'm thankful I didn't order it rare: it'd probably have made its own way to the table.

Rest of the dinner was quite good, and I was surprised to see that the lettuce for the salad was torn small enough to fit in your mouth without folding it over about eight times.

Potatoes, yes they have potatoes, and what makes this steak house different from the others is that they serve German potatoes besides the usual French fried and baked.

For waiting room and after dinner entertainment there are electronic tennis games in front of a fireplace, giving the open room a cozy, relaxed atmosphere.

Prices range from about \$3 to \$10. Dinners include salad and potato.

## Term themes due Friday

Juniors started work on their term themes Monday, Jan. 24. Topics are selected from anything in American History or American literature. They will be doing Library Research until Friday Feb. 4 then after two weeks of class work the themes will be turned in.

Themes can range from five to eight type written pages or ten to twelve handwritten.

### How to become president

"What do I have to do to become president?" "I want to be the president." These have been the cries of young people for decades.

For awhile every person went around saying, "Let me make this perfectly clear," but, all they made perfectly clear was what a fool they were making of themselves.

The steps to become president are:

1. First, one has to learn to smile a lot. To do this, one has to have good teeth.

2. A person then has to get a pair of Levis' and a jacket and wear that around all the time.

3. Next thing to be done is to learn how to

grow peanuts. This is a major step.

4. One one has learned how to smile, how to wear working clothes, and to grow peanuts, the most important and critical step is at hand-move to Georgia.

Moving to Georgia is very critical, for there one can really learn to smile, wear old clothes, and grow peanuts. The reason being is that no one can afford to do anything else.

Stop and look at it this way. If by some slim chance one does not become president after learning to do all these things one can always be a successful peanut farmer.

## Host choir

A Cappella students were hosts for the East Texas State University Choir (ETSU) that performed here Thursday, Jan. 27. Members of ETSU were housed with A Cappella students overnight.

## At stock show

Jeff Watts, Ran Yarbrough and Wendy Hicks attended the Fort Worth Stock Show to show their projects, Jan. 28.

All three showed Chester White gilts. Mr. Brooks attended the show with the students.

## Split wins with ND

Girls' JV basketball team was victorious over the Notre Dame JV 66-42; however, the varsity was defeated 36-55 in games played in the Knight's gymnasium, Jan. 13.

DeDe Rich was high pointer for the JV with 25 points. Also pouring in points were Sheryl Thornton with 18, Laurie Riddles with 15, and Joann Melchiori with 8. Bringing in the most rebounds was Thornton with 10.

For the varsity, Kim Baca was leading scorer with 13 points. Close behind was Cathy Baston with 11, Diana Smith with 6, Wendy Baston with 4 and Connie Schreiber with 2. Leading rebounders for the game were Wendy Baston and Suzanne Davis with 10 each.

The varsity now holds a district record of 2-3 for the season.

## Mineral Wells defeats girls

Girls' Varsity basketball team was defeated 35-83 when Mineral Wells traveled to Iowa Park for a game played Jan. 18.

At half-time, the score was 16-40.

High point scorer for the game was Kim Baca with 13. Close behind were Connie Schreiber and Cathy Baston with ten each. Also, Wendy Baston scored two points for the Hawks.

Leading rebounders for the game were Wendy Baston with 14 and Suzanne Davis with eight.

District record for the girls now stands at 2-5 for the season.

## Anniversary is marked

Jan. 22, 1977 was the seventh anniversary for the IPHS building.

Jan. 22, 1970 marked the last day for high school students to have classes in the old W.F. George High School.

Mr. Dawson stated that the students reported to their homerooms at the old high school before cleaning their lockers and gathering their books.

Students were bussed to the new high school or drove their cars.

After reporting to their new homerooms and receiving their new class schedules, students were given 40 minutes to wander through the building and find their classrooms. School started by 10:00.

Teachers who are still with the high school are Mrs. Dearen, Mrs. Davis, Mrs. Venhaus, Mrs. Harrell, Mrs. Medlinger, Mr. Dick, Mr. Sumner, Mr. Davis (Ag) and Mr. Wynn.

Mr. Dawson is still the principal, Mrs. Heacox is still working in the cafeteria and Mrs. Cowley is still working in the library.

Vicky Raine, one of the many boy-watchers at IPHS, was born in Wichita, Kansas on April 12, 1959. Besides Iowa Park, Vicky has lived in Conway Springs and Wichita, Kansas and Oklahoma City, Oklahoma, and she and her two brothers, Mike, 19, and Robbie, 16, have lived here for four years.

Vicky has participated in numerous clubs at IPHS including band, girls choir, A Cappella Choir, The Spicians and FHA. She has received a third in duet acting and during her sophomore year she was a finalist in Young Designers. She also plans to be a fashion designer or a commercial artist.

Vicky's favorite class this year is A Cappella, her favorite teacher is Mrs. Dulaney and she enjoys hamburgers and french fries. Her hobbies are drawing, painting, writing poetry and singing, along with boy-watching.

Little Rock Arkansas and Six Flags Over Texas are some of the places Vicky has visited. She would like to live in Scotland or Ireland mainly because of the beautiful scenery.

Vicky believes that IPHS should consider having art classes for interested students and also an open campus.

## Students work over holidays

Over the Christmas holidays, horticulture students came and checked the greenhouse on the day they were assigned to care for the plants.

Mr. Howell, horticulture instructor, left the key to the greenhouse in a place where the students could find it. Students were to water the plants and pick tomatoes and cucumbers.

## YC dance attracts 70

Over 70 students piled into the Youth Center, Jan. 22, to help make the dance a big success.

This dance was sponsored by the Youth Center Committee, a group of I.P.H.S. students working to establish more activities for Iowa Park youth. All student activities will be chaperoned by adults.

## John Allen McClendon

Funeral service for John Allen McClendon, 73, brother of Jim McClendon of Iowa Park, was held Sunday afternoon in the Murray Orwosky Funeral Home chapel at Sulphur Springs with the Rev. Morris Hill and the Rev. Tom Hale officiating. Interment was in Restlawn Memorial Park. Born April 6, 1903 in Sulphur Springs, he was the son of William Travis and Lemna Goodson McClendon. He died Friday in Memorial Hospital. A member of Martin Springs Baptist Church, he married the former Thelma Kennedy in Sulphur Springs Dec. 27, 1922. Survivors include his wife; a son Hugh of Sulphur Springs and a daughter, Mrs. William Tuttle of San Antonio; a brother, Jim of Iowa Park; three sisters, Mrs. Ray Morgan, Mrs. Lewis Clifton and Miss Lillian McClendon, all of Sulphur Springs; and five grandchildren.

Two brothers and one sister preceded him in death. Mr. and Mrs. Jim McClendon and Mr. and Mrs. Phil McClendon attended funeral services.

## Fred Alvin Clifton

Services for Fred Alvin Clifton, 74, of Walters, Okla. father of Mrs. John Rains of Iowa Park, was Wednesday afternoon in Lunn Funeral Home in Olney. Burial was in True Cemetery near Olney. A retired farmer, he was born Sept. 28, 1902 in Young Co. He married Leta Pounds Dec. 15, 1931 in Walters and had resided there since that time. He died Monday in Iowa Park. Survivors include his wife; two daughters, Mrs. John Rains of Iowa Park and Mrs. Wanza Cox of Tulsa, Okla.; a sister, Mrs. Joe Lewis of Newcastle; a brother, Dane of Olney; and two grandchildren.

# Tennis on upswing in Iowa Park

High school tennis appears to be on the upswing on the local level, according to a talk made Tuesday at the Noon Lions Club.

Dick Wineinger, tennis coach, said interest was continuing to increase among students, as shown by the numbers trying out for the team and the interest they show.

He said he carries 16 players on the varsity and 26 on the junior varsity. Though the varsity is young, only two seniors, three juniors, nine sophomores and two freshmen, he believes the team will make a good showing at the Dist. 4-AAA tournament in April at Graham.

Because of the interest shown by students in the lower grades and at the junior high school, Wineinger said school tennis will continue to improve in the future, because "it has to start while they are young."

The first of six tournaments the team is to play this season starts Feb. 11. Iowa Park will host its third invitational tourney March 4-5, and this event has attracted some 10 teams in each of the other years, he said.

The girls will play their district tourney April 1-2 and the boys April 15-16 at Graham.

A clinic held for young-

sters in the summer is designed to help play of students, as is the formation of the Iowa Park Tennis

Association, which was organized last May. The new organization not only allows youngsters as

members, but encouragement is demonstrated from those parents who have also joined, he explained.

**DRAWS FOUL** - Donna Klinkerman draws a foul during play Thursday at Vernon, trying to get off a pass. Vernon won handily, 81-24.

**GIVING HIM ROOM** - Vernon's Keith Favors is given plenty of room as he swings elbows and feet after capturing a rebound during the Hawk-Lion game Tuesday at Vernon, won by the hosts 64-56. Making room are Anthony York, 31, and Donnie Taylor, 25.

## Cage magic still alive

Iowa Park's eighth grade girls kept their cage magic alive this week with impressive wins over Henrietta and Burk Burnett that stretched their season record to 20-0.

The seventh grade girls also outlasted Henrietta to give them an 8-1 record for the year. Jill Watts highpointed for the eighth graders in both contests.

She scored 17 points in the 46-36 win over Henrietta.

Also hot under the basket was Carlotta Troutman with 15 and JoAnn McClurg with 14.

Watts paced the eighth graders with 14 points in Iowa Park's 37-12 decision over Burk Burnett. McClurg hit for 13.

The seventh graders dumped Henrietta 35-19.

City View will invade Hawk country for today's cage action at the junior high school gym.

### THE PATTON PAPERS

Whether you are an admirer of Gen. George S. Patton, Jr. or not, you will want to read the two volume set, entitled "The Patton Papers", which our library has recently acquired. Compiled by the distinguished military historian, Martin Blumenson, the first volume

covers the period from Gen. Patton's birth in 1885 to 1940, when he was commanding officer of the 3rd Cavalry at Fort Myer, Virginia. The second volume traces his activities in World War II, beginning with his assignment as commander of the 2nd Armored Brigade of the armored division at Fort Benning (newly organized to fight the blitzkrieg-type, mechanized war in Europe) and ending with the General's death in 1945.

Not a military history nor a standard biography, the volumes give us a rare insight into Patton's complex character. In these pages he is giving to us his innermost thoughts, observations and ambitions through his personal letters and diaries, his journals, notebooks, poems, published articles and pep talks to his troops. Mr. Blumenson has taken the wealth of material turned over to him by the Patton family and has woven it into a true life story more fascinating than fiction.

George S. Patton, Jr. believed from an early age that he had a rendezvous with destiny. He chose the military life to achieve that destiny. By will power, intensive study, serious application, loyalty to his seniors, and concern for the soldiers under him, he eventually became the great commander of the Third Army in World War II, driving his glorious tanks across France and Germany after having successfully swept across Northern Africa and Sicily, annihilating the enemy. If you want to learn all about George S. Patton, Jr., the man, the soldier, and why he has become a legend - read "The Patton Papers".

## Quail hunting not too 'hot'

Quail hunting in North Texas is not as "hot" as expected before the season opened and bird hunters are working overtime for their daily bag limit, according to Bill Evans, game warden with Texas Parks and Wildlife Department. Evans is stationed at Archer City in Archer County.

The season will continue through Feb. 13 and has a bag limit of 12 quail per day and 36 in possession.

### Rabbit breeders to meet Tuesday

Wichita Valley Rabbit Breeders Association will meet Tuesday at 7:30 p.m. in the Texas Electric Reddy Room in Wichita Falls.

Members will begin a series of discussions on rabbit management for commercial and show production. The February meeting will be on feeding programs. Future meetings will cover housing, sanitation and other aspects of rabbit management.

The first discussion will be led by J.B. Hansard. He is a licensed American Rabbit Breeders Association judge and has been in rabbit production 11 years.

Officers for the association are Clyde Webb of Burk Burnett, president, and C.M. Carroll of Holliday, vice president.

Jan (Mrs. Dennis) Yeager, a young homemaker and newcomer to Iowa Park, gives the impression that she fits nicely into George Norman Douglas' description of the true cook—the only blend of artist and philosopher. Casserole dishes are favorites of both experienced and novice cooks and she finds them particularly interesting to prepare and delectable to serve.

She appreciates her culinary heritage and proudly includes two family recipes among those she has submitted for the Cook of the Week feature this week. These are Dilly Bread, her great-grandmother's recipe which the family serves for toast each Christmas morning at breakfast, and Cream Pie.

The Dilly Bread calls for dill seeds which come from an old world annual of the parsley family referred to as anise in the Bible. The history and folklore of dill is fascinating. A favorite herb of Russia and Scandinavia, it has been used for centuries by Babylonians and Assyrians used dill for medicinal purposes and at one time it was popular in love potions for casting spells. Because of its truly distinctive flavor it has many uses in cooking and adds a unique touch to a wide variety of dishes.

Mrs. Yeager was graduated from Forney High School where her father was

a football coach and she was a cheerleader. Incidentally, she fell in love with the quarterback on her father's football team and eventually married him. She received a BS degree in elementary education from East Texas State University where she was in the honors program. She taught two years at Mesquite and later at College Station where her husband was completing work on his degree at Texas A&M University. He is currently associated with Olen Corporation in the agriculture division. The couple belong to the Baptist Church.

addition. For first addition, use mixer on low speed. Cover and let rise in warm place until light and double in bulk (50-60) minutes. Stir dough down. Turn into well-greased 8" round casserole. Let rise in warm place till light (30-40 minutes). Bake at 350° for 40-50 minutes or until golden brown. Brush with butter and sprinkle with salt. Cool; slice and toast.

#### CREAM PIE

- 3 eggs, separated
- 1 cup water
- 2 cups sugar
- 1 large can Pet milk
- 6 T flour
- 1 stick oleo

Beat egg yolks; add one half the milk and beat. Add one cup sugar; mix other cup of sugar with flour and add to egg mixture; beat well. Add remaining milk and water and stir. Cook on low heat until thick; add oleo. Pour into baked pie shell. Top with meringue and brown.

Variations: 1 can of coconut or pineapple can be added before cooling or 3 T cocoa may be added to flour and sugar mixture.

#### PINEAPPLE CASSEROLE

- 1 large can pineapple chunks (drained)
- ¾ cup sugar
- 3 T flour
- 3 T pineapple juice
- 1 cup shredded Cheddar cheese
- 1½ cups Ritz Cracker

#### crumbs

½ stick butter, melted  
Put first five ingredients into casserole dish; top with other two ingredients. Bake 10 or 15 minutes or until brown at 350°.

#### HEARTY BEEF AND CHEESELOAF

- 1¼ lbs. ground beef
- ½ cup chopped onion
- ¼ cup chopped green pepper
- 1-8 oz. can tomato sauce with mushrooms
- 1-8 oz. can cut green beans, drained
- ¼-½ t salt
- 2-8 oz. can crescent rolls
- 1 egg slightly beaten
- 2 cups Monterey Jack or Cheddar cheese
- 1 T milk
- Sesame seeds

Brown meat, onion and green pepper. Drain off grease. Stir in tomato sauce, beans and salt; simmer while you make crust. Separate rolls into 8 rectangles. On ungreased overlapping edges to form one big rectangle. Firmly press perforations and edges to seal. Combine egg and one cup cheese. Spread egg mixture lengthwise down center half of dough to within two inches of ends. Repeat with meat mixture. Sprinkle remaining cheese on meat. Make diagonal cuts 2 inches apart on each side of rectangle to edge of filling. Fold ends over filling. Fold strips over filling alternating sides and crossing in center. Brush with milk and sprinkle sesame seeds. Bake at 375° for 20-25 minutes until golden brown.

#### PLUCK IT CAKE

- 3-5 can yeast rolls (each cut in fourths)
- 1½ cups brown sugar
- ½ t nutmeg
- 1 t cinnamon
- 1 cup nuts (optional)
- 2 sticks oleo, melted

Grease Bundt pan. Roll biscuit parts into balls. Mix all ingredients except butter in a bowl. Dip balls into butter, then into brown sugar mixture. Stack balls into pan in layers. Sprinkle remaining sugar and butter over top. Bake at 350° for 40 minutes.

#### MEXICAN CHICKEN

- 1 fryer, boiled one hour in salted water
  - 1 onion, chopped fine
  - ¾ t garlic salt
  - ¾ t chili powder
  - 1 small can tomatoes
  - 1 flat can green chilies
  - 2 cans cream of chicken soup
  - 1 pkg. corn tortillas
  - ½ lb. cheese
- Bone chicken, including skin. Chop onions, add garlic salt, chili powder, tomatoes, green chilies and cream soup. Make in layers. Grease pan, line with tortillas, next chicken mixture, then cheese. Do layers twice, ending with cheese. Bake 35 minutes at 350° F.

# IRS tax short form not so short anymore

For the first time, taxpayers filing the short form 1040A will have to figure their standard deduction and exemptions.

The need for the added computations stems from the Tax Reform Act of 1976 which provides for a tax table to be used by all

taxpayers having taxable incomes of \$20,000 or less.

To determine taxable income for 1976, individuals subtract the standard deduction and the number of exemptions to which they are entitled times \$750, from their income. The tax table for 1976 and future years is based on the individual's taxable income and marital status. Previously, those who filed Form 1040A used tables that took into account the standard deduction and number of exemptions to which the taxpayer was entitled.

taxpayers may take an extra exemption for blindness or being 65 years old or older, for themselves—and for their spouses who qualify for the extra exemptions, if filing a joint return.

The 1040A tax package contains step-by-step instructions for taxpayers on preparing their tax returns. Taxpayers also can obtain additional information by requesting free IRS publications by using the order blank provided in their tax package.

Single persons are entitled to a minimum standard deduction of \$1700, while married couples filing joint returns may take \$2100. The maximum standard deduction is 16 percent of total income, to a top of \$2400 for single persons, and \$2800 for married individuals filing joint returns.

In claiming exemptions, taxpayers are entitled to an exemption for themselves, their spouses (unless they file separate returns) and their dependents. In addition, taxpayers are entitled to a minimum standard deduction of \$1700, while married couples filing joint returns may take \$2100. The maximum standard deduction is 16 percent of total income, to a top of \$2400 for single persons, and \$2800 for married individuals filing joint returns.

### Revival slated here this week

A "Alive In Christ" revival will be held at First Baptist Church Feb. 4-6 with Larry Wood of Fort Worth the featured speaker. The services Friday and Saturday will be at 7:30 p.m.

The theme of the revival will be "Bible Studies in Christian Discipleship". The Bible studies will be focused on training youth and adults alike to develop their prayer and Bible study habits.

"Alive In Christ" will dimax Sunday morning with Youth Sunday when many major responsibilities in the church will be handled by junior high, high school and college students.

All ages are invited to attend the services.

### Band Boosters have meeting

David Mooney, band director, and Mrs. E.F. Soell, vice-president, were in charge of the Band Boosters meeting held Tuesday night in the high school band hall.

Members were reminded of an announcement made at the executive meeting by Robert Wilcox, president, that the printing of the band calendars had been delayed and that they should arrive sometime in March. It was announced that the Band Boosters had purchased a piccolo for the band and that the dates for the pancake supper would be announced later.

**Sunshine is free. So why aren't we using it to make your electricity?**

Sure, sunshine is free. But right now the equipment needed to generate electricity with it is very expensive. It will be years before solar power can provide large amounts of electricity at reasonable prices.

To hasten that day, Texas Electric participates in and supports a national solar energy development program.

Meanwhile, we have to make your electricity with fuels available now. That's why we're building lignite coal and nuclear power plants.

While this means electricity will have to cost more, it also means we'll be able to make sure you continue having the electricity you need.

**Texas Electric Service Company**

**Electricity. You count on it today. We're working to keep it that way.**

The sun is the most powerful source of energy known, if only it can be harnessed. Someday, we hope, widespread solar-generated electricity will be a reality.

**Great News FOR THE World**

**BIBLE IMMORTALITY NOT THE IMMORTALITY OF CHRISTENDOM**

This cannot be made more evident than by the following questions and answers as to what the Bible teaches concerning immortality:

- 1.-To whom does the Bible apply the term "immortal"?**  
ANSWER.—To God "The King eternal, IMMORTAL, invisible, the only wise God" (1 Tim. 1:17).
- 2.—Does not the Bible allow that man is immortal as well?**  
ANSWER.—No; it says God alone is immortal. "The King of kings, and Lord of lords: WHO ONLY HATH IMMORTALITY" (1 Tim. 6:16).
- 3.—Does it never apply the term "immortal" to man?**  
ANSWER.—Never. On the contrary, it speaks of "mortal man" (Job 4:17).
- 4.—Is man entirely cut off from immortality then?**  
ANSWER.—No; but it is a thing he has to seek for in order to obtain it. "By patient continuance in well doing SEEK for glory and honour and immortality" (Rom. 2:7).
- 5.—Is, then, the doctrine of immortality taught by the Greek philosophers, Socrates, Plato, and others, a mistaken doctrine?**  
ANSWER.—It must be so: "Jesus Christ...brought life and immortality to light through the gospel" by "abolishing death" in his own person by resurrection (2 Tim. 1:10).
- 6.—May not the doctrine of philosophers and the doctrine of Christ have been the same, though taught at different times?**  
ANSWER.—They are not the same; they differ on all points. The philosophers, like the Sadducees (Luke 20:27), denied the resurrection. Paul says the wisdom of the philosophers was "foolishness" in God's estimation (1 Cor. 3:19, 20). It led to the Corinthian denial of resurrection (1 Cor. 15). Paul told believers to "beware" of philosophy (Col. 2:8), which he speaks of as "vain deceit" and "babblings" (1 Tim. 6:20).
- 7.—Wherein does Christ's doctrine differ from the doctrine of the philosophers?**  
ANSWER.—Christ teaches that men have no immortality in themselves (John 6:53); that they are mortal men—men in whom death works as a law of their being because of sin (Rom. 5:12, 7:24; 2 Cor. 1:9); and that only those who believe and obey him will receive immortality (John 8:12, 24, 10:27, 28).
- 8.—Can you express it more shortly, and in Bible terms?**  
ANSWER.—Yes: "The wages of sin is death; but the gift of God is eternal life through Jesus Christ our Lord" (Rom. 6:23).
- 9.—Is immortality received in the present state of existence then?**  
ANSWER.—No; it is conferred at the return of Christ: "When the Son of Man shall come in his glory...the righteous (shall go) into life eternal" (Matt. 25:31, 46). "At the last trump...this mortal shall put on immortality" (1 Cor. 15:53). "Those that have done good...shall come forth...to the resurrection of life" (John 5:29). "Those that are accounted worthy...shall not die any more" (Luke 20:35, 36).
- 10.—What becomes of them meantime?**  
ANSWER.—If they die, they "sleep in the dust of the earth" (Dan. 12:2). They are "THE DEAD in Christ" (1 Thess. 4:16).
- 11.—Do you mean to say there is no consciousness in the death state?**  
ANSWER.—Yes. The Bible explicitly declares it. "In death, there is no remembrance of Thee" (Psa. 6:5). "THE DEAD KNOW NOT ANYTHING" (Ecl. 9:5).
- 12.—What becomes of the unjust?**  
ANSWER.—They also sleep in the dust; but at the resurrection, they come forth to condemnation (John 5:29).
- 13.—Is there a resurrection of the unjust as well?**  
ANSWER.—Yes. "There shall be a resurrection both of the just and unjust" (Acts 24:15).
- 14.—What is the difference between them in that case?**  
ANSWER.—There is a great difference. They will "all appear before the judgment seat of Christ" to receive in body, according to what they have done (2 Cor. 5:10). While the righteous will enter an immortal state, the unjust will suffer "indignation and wrath, tribulation and anguish" (Rom. 2:8-9), and disappear finally in the corruption of the "second death"—or death a second time (Gal. 6:8; 2 Pet. 2:12; Rev. 21:8). "The righteous shall inherit the land, and dwell therein for ever...But the transgressors shall be destroyed together: the end of the wicked shall be cut off" (Psa. 37:29-38; 2 Thess. 1:8).
- 15.—Is there not a single passage in the Bible that declares that men will not die?**  
ANSWER.—Yes; there is one: "Ye shall not surely die" (Gen. 3:4); but the author of the saying was the serpent, who was a liar (2 Cor. 11:3).

## Hidden talents to be exposed

VICKIE LYNN STONE & STEVE LOUIS WILSON

Area persons with hidden talents will have an opportunity to step into the spotlight when the Archer County Chapter of the American Heart Association holds a benefit talent show here Feb. 14.

The talent show will be held at 7:30 p.m. Feb. 14 in the Holliday school cafeteria, said Erma Barton, chairman.

Persons with any kind of talent who want to participate in the show must register by Feb. 10.

Registrations may be made by calling Mrs. Pat Holt, special events chairman; Mrs. Elwanda Stone, special events vice chairman; or Mrs. Barton.

Mrs. Barton said anyone in the area with talent may take part in the show.

Admission to the show will be a donation of any amount to the American Heart Association, Mrs. Barton said.

In conjunction with the talent show will be queen contests being held in each Archer County town.

A queen will be nominated from each grade at each of the county's schools.

Each contestant will have

their picture on a penny bank located in local businesses, and the winners will be selected according to who collects the most money, Mrs. Barton said.

The winning queens from each Archer County town will be crowned during the talent show.

## Bake sale raises \$71

Holliday High School's Future Homemakers of America collected \$71 during Saturday's bake sale to benefit the Holliday Volunteer Fire Department.

Proceeds from the bake sale will be combined with other funds to make the FHA's total contribution of \$100 to the fire department, said Ethel Cook, FHA advisor.

POETRY WINNERS—Pam Franklin, left, won first place in poetry reading at the Top-O-Texas Speech Tournament at Midwestern State University. Diana Wylie, right, took sixth place in poetry reading. Both girls are seniors at Holliday High School and were among 15 HHS students competing in the literary tourney.

## School work on schedule

Despite recent snow storms and inclement weather, construction crews at Holliday High School are operating close to schedule, according to the project architect.

"It's coming along pretty well," said architect Bob Pardue.

"Of course we have lost a little time due to bad weather," he said, adding contractors usually allow extra construction days for bad weather in their contracts.

Pardue said the high school construction and renovation project is about 6 1/2 per cent complete.

How well the \$1.2-million project continues depends mostly on the weather, Pardue maintained.

He said construction crews should be able to operate close to schedule, although the weather remains the dominant factor.

"This is a pretty bad period of the year now for weather," he said.

## Deadline nearing for candidates

Less than a month remains for persons to apply for election to the Holliday City Council and Holliday

school board. Voters will be deciding who they want to fill three council spots and two school

board posts when regular elections are held April 2. City councilmen whose terms will expire include

Jimmy Blankenship, Precinct 1; Gene Harmon, Precinct 3; and Fred Maier, Precinct 5.

Posts currently filled by trustees T.D. Whitehead and Bob McDaniel will be decided in the school board election.

The deadline for filing for election to the school board is March 1.

March 2 is the deadline for filing for election to the city council.

Applications for election to the school will be available from 8 a.m.-4 p.m. Monday through Friday at the superintendent's office at Holliday High School.

Applications are available from 8 a.m.-5 p.m. Monday through Friday at Holliday City Hall for persons interested in running for the city council.

## AC sweeps games

Holliday's varsity boys and girls were stung by Archer City in Tuesday night's loop action when the roundball season entered the home stretch.

The varsity boys fell to AC 64-57, while the girls were upset 61-21.

Jay Miller highpointed for the Eagles with 20 points, and Clay Carver hit the hoop for 18.

Nancy Sanders paced the girls with 15, followed by Cami Potter with 12.

The two final games of District 13-A action for Holliday will be played in Eagle Fieldhouse.

Both varsity units will host Muenster here with the girls opening the doubleheader at 7 p.m. Friday.

Callisburg will visit Eagle country for Tuesday night's contests beginning at 7 p.m.

The junior high and junior varsity boys and girls will go on the road to Windthorst for today's games, the first one set for 5 p.m.

## 31 register for classes

Fifteen persons enrolled in the new bookkeeping class and 16 persons registered for the new typing class being offered in Holliday by Vernon Regional Junior College.

The additional adult education courses were opened last week because of an unexpected overflow of persons wanting to participate in a bookkeeping course begun earlier in January.

The new bookkeeping class will be taking late registration when it meets at 6:30 tonight in the Holliday school cafeteria.

Late registration for the adult typing class also will be at 6:30 tonight in the Holliday High School typing laboratory.

Both classes will continue meeting 6:30-9:30 p.m. Thursdays.
