Senior Citizens' Day May 9 in Iowa Park

Iowa Park merchants will honor the elderly on May 9, which has been proclaimed Senior Citizens' Day.

Decision to place emphasis on that particular day was made Monday at the monthly meeting of the Retail Merchants Association.

May 9 is the kick-off day for The Friendly Door, an organization sponsored by the United Way for Senior Citizens.

Plans are in the making to hold a luncheon for members of The

Friendly Door at the Methodist Church, which has been established as the temporary quarters until a building is constructed.

Merchants will donate gifts for the members who attend the luncheon, and already ball point pens and discount certificates have been committed. Other donations can be turned in at the Chamber of Commerce office.

The Friendly Door has 125 charter members, however no reservation figures for the luncheon are yet available.

Merchants Association President Don Flowers encouraged business people in town to start making their plans for a beautification program for the downtown business area.

Flowers reported he had shown a slide film presentation from Littlefield to the Chamber of Commerce board of directors and the Noon Lions Club.

Mrs. Oscar Singleton recommended that a lady be included on the Chamber's board, and the recommendation will be passed on to the board at its next meeting.

Two businesses requested that their names be included on the newcomer's coupon book which is distributed to all new residents of the city. They are Iowa Park Florists and Iowa Park Ready Mix.

ELEVENTH HOUR REST PERIOD - This will likely be a common site around households tonight, as Friday is the deadline for taxpayers to file their federal income tax returns. Many citizens here, and probably all over the United States, will be digging out their bank statements, payment receipts, scratch pads, calculators and all the other materials required to get their returns filled out and in the mail before the post office ships out its mail tomorrow evening.

Council warns businesses creating parking hazards

As soon as the two newly-elected aldermen were sworn into office at Monday's city meeting, the council took steps to alleviate several congested parking areas which were considered hazardous to traffic.

Mayor Johnny Crawford administered the oath of office to newcomer H.C. Hicks and returning Bud Adams, who were elected in the April 2 election. City Administration Gene Britton was instructed to prepare letters of warning which were to be delivered by city police the next morning to four businesses which allegedly contribute to traffic hazards because of vehicle parking.

The action was taken following a lengthy discussion on the topic, brought about when Mrs. Virgil Woodfin complained the street to her home was often blocked by vehicles.

She told the council that on several occasions since Billy James had moved to the Spruiell Drilling shop, following his own building burning, she and her husband have often been forced to reroute in order to reach or leave their home at 201 S. Park.

When they complained, Mrs.

Woodfin said "They just flat ignored us and the only thing we knew was to come before the council. You know you wouldn't put up with something like that in front of your home."

Alderman Greg Ross responded by saying "I think we need to look at the general area as a whole. There are more than one area cluttered."

Letters were to be sent to building owners, including Billy James, Deery James, Barbour Trucking and The Famous.

Hicks recommended that there be no more warnings after the letters were handed out, and police started issuing tickets for violations in the future.

ZONING CHANGES

Two zoning changes were approved after being recommended by the Planning and Zoning Commission. Both from single family residence to commercial, one convenience commercial and the other automotive commercial.

One is in the south part of town, on the road to the sewer treatment plant, where a business has been established. The other is north of Kidwell Elementary, which formerly housed Peppy's but has never been re-zoned.

Dr. Erwin Soell asked the council

to not re-zone any more of the Access Road frontage to the east of Peppy's to commercial, but said he would have no objection if the area were re-zoned to multi family residence.

He pointed out he was speaking as a resident of the neighborhood, and not as a member of the Planning and Zoning Commission.

The council took his request under advisement. Dr. Erwin Watson was appointed to another one-year term as city health officer.

Aldermen voted to instruct Britton to seek bids, with specifications, to have the sewer treatment plant site enclosed by safety fencing, and issue a contract to the lowest bidder.

Their action was taken when it was pointed out that the plant site was only partially fenced with safety fencing, and the hazards of someone being drowned at the plant.

Mayor Crawford appointed Hicks to be sanitation department commissioner, succeeding Bill Gilmore.

Aldermen approved purchase of a 15-inch carriage typewriter to be used in the city hall. They also issued a work-stop order on a commercial building at Hope and Garden, for which no re-zoning or building permit has been approved.

Dog caught, cat sought

A dog is being held in quarantine and the public has been alerted to be on the watch for a yellow cat as the result of two Iowa Park children being bitten by animals, according to the Iowa Park Police Department.

Police said Robin Owen of 510 N. Colorado was bitten on the lip last Thursday by a yellow cat.

The young girl is undergoing rabies shots while the search for the cat has been unsuccessful, according to police.

On Monday a dog belonging to Jim

Virgin of 1125 Louisa bit Cody Barnett, 6, of 1215 Emma Drive.

The dog has been placed in quarantine for ten days, police said.

The police report said the youngster was bitten while trying to pet the dog through the fence.

Police here also are investigating a number of thefts and vandalism.

Bobby Griffith reported Wednesday that two water sprinklers and two water hoses were stolen from a city pickup truck parked at 715 Rebecca. Value of the stolen property was placed at \$37.

Charles L. Abbott of Bellevue told police Tuesday that a pickup truck parked at 402 E. Highway had been burglarized.

A CB radio valued at \$175 and a dozen tapes valued at \$108 were stolen from the vehicle. Burglars gained entry by breaking a window.

The theft of a child's swing set from the backyard at 600 W. Washington was reported Monday by Debbie Jones. The swing set was valued at \$54.

Donna Farnsworth reported Monday that the residence at 105 W. Garden had been egged and a tree wrapped in toilet paper.

On Sunday police discovered a window broken at Kidwell Elementary School.

Last Friday A.L. Coleman reported the glass in the front door of a home at 206 W. Chestnut had been broken by a BB gun shot.

Governor signs Finnell's bill

Gov. Dolph Briscoe has signed into law legislation sponsored in the House of Representatives by Charles Finnell to waive the requirement that school districts make up school days lost due to fuel curtailments and other calamities.

Commenting on Briscoe's signing of the school relief measure, the veteran legislator said, "All elements of public education -- students, parents, teachers, and administrators -- will benefit by the enactment of this bill."

"School districts now will have to choose between shortening spring vacations and adding extra days to the end of the school year," he added.

Students to compete in literary contests

Iowa Park High School will be well represented in District UIL literary competition at Mineral Wells Saturday.

Students who will represent the school and their area of competition are: Robin Whiteacre, Marc Hildebrand, Robin Lamb and Lynn Wright, debate; Billy Ray, Brian Gibson, informative speaking; Jeanna Brown, Cathy Griffin, and Jeanna Dickerson, persuasive speaking; Sandra Ham-mack, Mike Britton, and Vicky Raine, poetry interpretation.

Other are Robbie Raine, Sherry Little, Lydia Bushfield, prose reading; Janie Branscum, Kevin

Hamilton, feature writing; Lisa Bartow, Hamilton, editorial writing; Paul Dunsmore, Tim Wright, newswriting; Dunsmore, Michelle Miller, headline writing.

Other students competing are Mike Nipper, Michelle Miller, Holly Burrell, ready writing; Holly Burrell, Kathy Hines and Lisa Bartow, spelling and plain writing; Charles Franks, Lowery Bartow, number sense; Paul Arrington, Tony Bartow, Norman Gwinn, slide rule; Jill Koonce, Janis James, Charles Parks, Joel Lovelady, Jo Ann Curry, Lynette Flick, alternate, typewriting; and Diana Krajcik, shorthand.

Iowa Park leading way for cities in challenge

As many as 37 Texas cities may join Iowa Park in informing the Texas Railroad Commission that it has no authority to establish natural gas rates for their communities.

Seven cities are leading the way in formation of the North Texas Utility Advisory Board, which proposes to tell the state agency just that.

Mike Hubbard, Iowa Park's city attorney, briefed the city council Monday night on a meeting held last week by the Advisory Board.

Leading the group's actions are Iowa Park, Burkburnett, Dodson, Electra, Wellington, Quanah and Vernon.

Cities who could join the group but have yet to receive formal action from their respective city councils are Ambrose, Aubrey, Bellevue, Byers, Chillicothe, Collinsville, Gainesville, Harrold, Henrietta, Hickory Creek, Highland Village, Lake Dallas, Lewisville, Lindsay, Muenster, Myra, Odell, Oklaunion, Petrolia, Pilot Point, Pottsville, Sadler, Saint Jo, Sanger, Shady Shores, Tioga, Valley View, Whitesboro, Wichita Falls and Denton.

And should the Board's case be proven in Austin, or Washington, D.C. if it should go that far, the member cities could be due as much as \$40-million rebate because they've been paying higher prices than the

Board contends lawful, according to Paul Spillman, Wellington attorney.

It all started when Iowa Park's city council established its own temporary ordinance setting its own gas rates, which in effect challenged the Railroad Commission (RRC).

The city contends that because Iowa Park is served by an interstate natural gas line, then interstate prices established by the Federal Power Commission (FPC) should prevail, not those set by the RRC, which has control of all intrastate gas lines.

Interstate lines are those which transport across state boundaries, while intrastate lines do not cross a state boundary.

Prior to the city council's adoption of its rate ordinance, Lone Star Gas Company, which serves the city, was sending only interstate gas from Oklahoma to local consumers, the city contends it learned from the utility company itself.

However, since that time, approximately 25 percent of the gas used here comes from Texas wells.

Hubbard contends this has no bearing on the case, however.

He pointed out that the FPC has determined that a vegetable truck can start out loaded from Dallas, make 20 stops on the route in Texas, and cross the Oklahoma line to sell one last head of lettuce, and that is determined as interstate commerce.

Also at question, besides the RRC's setting of gate rates here, are the utility company's formula for setting "burn tip" rates, which are those at the actual consumer's meter.

Hubbard contends that the base formula, set a few years ago by the RRC, was in error when used by Lone Star, but the company's use of two intracompany divisions making profits were also incorrect.

He pointed out that Lone Star makes at least its allowable profit,

eight percent, from transmission, and then the same allowable profit at retail, which in effect is double profit.

The RRC has established that utility companies can set their rates for a minimum of eight percent profit.

Hubbard contends Lone Star has been using this formula to at least double its profits.

But he says the rates Iowa Park has been paying not only have been 16 percent profit for Lone Star, based on the RRC formula, but are at least 25 percent higher than they should be, because interstate prices are considerably lower than intrastate prices.

Hubbard warned that the issue would not be a "one or two week thing." He said it could extend over a long period, because there was so much at stake in the case.

A motion that Iowa Park join in a class action suit through the North Texas Utility Advisory Board was offered by Alderman Lita Watson, seconded by Joe Singer, and passed by the city council unanimously.

Trustees to meet Monday evening

The Iowa Park school board will hold its regular meeting for April next Monday, in a different location.

At a called meeting of the last week, held to canvass election returns, trustees agreed to meet next Monday.

The location was changed from the administration building to the junior high cafeteria, in order to accommodate more visitors in less cramped conditions.

Time of the meeting is 7:30 p.m.

Cranford, Dean wedding vows exchanged by candlelight

In a double-ring ceremony of impressive dignity and solemnity performed Friday evening Miss Martha Nan Cranford and Michael Douglas Dean, assistant pastor and youth director of First Baptist Church in Iowa Park, were united in marriage.

The bride is the daughter of Mr. and Mrs. R.L. Cranford and the groom is the son of Mr. and Mrs. B.J. Dean, all of Wichita Falls.

Officiating at the ceremony

held in the First Baptist Church in Wichita Falls was Dr. Bill Pinson, Jr. pastor, and the Rev. Kenneth Flowers, pastor of Iowa Park First Baptist Church.

The couple exchanged nuptial vows before an altar illuminated by candles in brass candle trees entwined with wedding foliage. Pure white Easter lilies arranged in urns added spiritual significance to the setting which was completed with greenery covering the outer altar rail.

Wedding music was provided by Tommy Brinkley, organist, and Joel Graves of Monahans, vocalist. The organist played "Jesu, Joy of Man's Desiring" preceding the ceremony, "Air to the Water Music" by Mozart for the processional and "Ode to Joy" by Bach for the recessional. He accompanied the vocalist for his offerings "More Than You'll Ever Know" and "Savior, Like a Shepherd Lead Us."

When the bride was presented in marriage by her father, she was wearing a formal candlelight satin gown, the handiwork of her mother. Designed with an empire waistline, the gown featured a dainty yoke of organza below the high neckline, full sleeves terminating in deep cuffs closed with self-covered buttons. The beauty of the gown was enhanced with a beaded necklace in the back and Chantilly lace appliques scattered on the bodice, sleeves, front panels and around the hemline of the skirt which swept into a chapel train.

The bride's full length tulle veil floated gracefully from a satin camelot cap covered with Chantilly lace and dotted with pearls. The bridal bouquet was a cascade of white roses and peach-colored carnations, and the young lady completed her costume by observing bridal traditions.

The charming quartet of bridal attendants included a maid of honor and three bridesmaids. Each was attired in a long flocked

MRS. MICHAEL DOUGLAS DEAN

peach chiffon dress fashioned with a cape bordered with a wide ruffle which was a part of the round neckline, a sash around the waistline that tied in a bow at the back and a hemline flounce. Each carried peach carnations arranged in cascade style.

Miss Bonnie Bird was maid of honor. Bridesmaids were Miss Judy Cranford and Miss Janice Cranford, sisters of the bride, and Miss Donna Dean, the groom's sister.

For his wedding, the groom was attired in a candlelight tuxedo trimmed in brown velvet and his attendants wore rust tuxedos with white shirts.

B.J. Dean, father of the groom, was best man. Groomsmen were Mark

Peterson of Burkburnett, David Buffington of Wichita Falls and Brent Patterson of Iowa Park.

Ushering and seating guests were Dr. Reg Cranford of Big Spring, brother of the bride, Randy Lovelady of Iowa Park, Buddy and David Mayes of Snyder, Tommy Bragg and Greg Leonard of Wichita Falls.

The bride's mother wore a long pink Qiana dress with floral print sleeves and the groom's mother was attired in a yellow chiffon dress highlighted with a matching cape. They wore apricot carnation corsages.

The wedding reception, given by the bride's parents, was held in the Fellowship Hall of the church. The refreshment and bride's book tables were covered with dainty white batiste cloths.

The table where guests registered held a small votive candle tree, the bride's book and plume pen. Mrs. Roy Cranford presided at the table.

The "something special" centerpiece on the refreshment table consisted of a white unity candle placed in a silver lily-shaped container which the newlyweds lighted to seal their vows with flanking peach candles burning in identically-shaped smaller holders.

Another special feature of the table decor was the four-tiered wedding cake iced in candlelight butter cream tinted peach, with one set of Italian filigree dividers entwined with apricot forget-me-nots. Icing hearts surrounded the top tier ornamented with a gold cross centered with wedding rings rising from a base of roses, forget-me-nots and lilies of the valley.

Additional table appointments were the bouquets carried by the bride's attendants and crystal and silver services.

Assisting with the reception were Mrs. Randy Lanford, Fort Worth, Mrs. Doug Blevins, Mrs. Michael Lee, Abilene, Mrs. Robert Record, Mrs. Larry Perry, Waco, Mrs. Seth Bursley, Olney, Miss Ann Ashby and Miss Becky Button.

Jennifer Cranford, the bride's niece, distributed peach net and satin ribbon, rice bags.

The new Mrs. Dean, a graduate of Rider High School, is a student at Midwestern State University and works as records secretary at First Baptist Church in Wichita Falls. The groom was graduated from Burkburnett High School

and is a candidate for a degree from MSU in May.

The rehearsal dinner was hosted by the groom's parents at Village Square.

For their wedding trip, the couple went to Runaway Bay. They will live at 1723 Lucile in Wichita Falls.

Out-of-town guests were Messrs. and Mmes. Heath Cranford, Truitt Cranford, Perrin, Randy Lanford, Fort Worth, Robert F. Polk, John Harmon and Judy, Dallas, Steve Heck, Commerce, Henry Kelley, Paradise, C.A. Elliston, Bill Elliston, Seymour, Norman Mayes, Susie and Sherry, Snyder; Clem Jones, Big Spring.

And Dr. and Mrs. Reg Cranford, Jennifer and Sarah, Big Spring; Mmes. Larry W. Perry, Waco, Alpha Brown, Throckmorton, Ted Jordan, Edinburg, Marjorie Cranford and Robert, Stephenville; and David Russell, Amarillo.

TONYA COOK AND PAT COOKE

Announce engagement

Mr. and Mrs. Robert K. Cook are announcing the engagement of their daughter, Tonya Suzette, to Patrick Alan Cooke, son of

Mr. and Mrs. James D. Cooke.

Miss Cook will be graduated from Iowa Park High School in May. She is secretary-treasurer of the cosmetology club.

The future groom, who is a member of the Hawk football team, will be a senior next year. He is employed by Sutherland Lumber Co. in Wichita Falls. February 14, 1978 is the wedding date chosen by the couple.

Birk Circle has meeting

Mrs. C.E. Birk used an article by Helen Steiner Rice "In Times Like These" for the devotional thought Tuesday morning at a meeting of the Lucy Birk Circle of First Presbyterian Church at her home.

The topic of the Bible study taught by Miss Titia Belle Blanks was "Grow Up in Every Way into Him". She stressed that the hope of the Christian is to be raised from the dead by the Lord Jesus Christ, and that faith in Christ who died for all mankind and rose from the grave gave Christians hope and assurance of another life after death.

The denominational emphasis for the month was on church professions and the variety of opportunities available for service in the church.

A social luncheon followed the meeting. Rev. E.B. Compton Jr. was guest at the luncheon. Others present were Mrs. L. Shelton, Cecil Holloway, Gale Lawrence, Grover Cleveland and John Clapp Sr.

Miss LaDonna Jonette Davis, daughter of Mr. and Mrs. Don Davis, became the bride of John Albert Clubb of Houston Saturday evening in the First Christian Church.

Dwayne Tunnell, lay minister of the Christadelphian Church in Austin, officiated at the seven o'clock ceremony.

The groom is the son of Mr. and Mrs. John S. Clubb of Detroit, Mich.

Nuptial music was presented by Mrs. James A. Sewell, pianist, and Miss Penny McKay, vocalist. Their selections included "Because", "Whither Thou Goest" and "The Lord Bless Thee and Keep Thee."

The altar space was centered with two baskets of white gladioli and yellow spider mums and white columns of greenery. The greenery was repeated over the altar. At the entrance of the space candles uprising from fifteen-branched candelabra shed soft light upon the setting. Church pews were marked with white satin bows and yellow sweetheart roses.

Presented for marriage by her father, the bride was gowned in white Chantilly lace. The high neckline and round yoke of the formal gown were accented with ruffles of the Chantilly lace and white satin ribbon. The long fitted sleeves were edged with self-ruffles and Venice lace. The skirt was formed of cascading ruffles

of Chantilly flowing into a chapel train.

She wore a fingertip veil of embroidered lace edged in matching Chantilly attached to a camelot cap of lace. To complete her bridal costume, she carried a cascade of white carnations, yellow sweetheart roses combined with gypsophila.

Attending the bride were a maid of honor, a junior maid of honor, three bridesmaids and a junior bridesmaid. Their long dresses and the one worn by the flower girl emphasized green and yellow, the bride's chosen colors.

Miss Judy Hastings, maid of honor, was attired in a formal green sheer dress flopped with yellow rosebuds. She wore a matching floppy brim hat and carried a cascade bouquet of green carnations, yellow daisies and baby's breath.

Miss DeLayne Davis, sister of the bride, participated as junior maid of honor. Her gown was identical to Miss Hastings gown and she wore a headband of miniature roses. Her colonial bouquet arranged in cascade style featured yellow carnations, green daisies and baby's breath.

Bridesmaids were Miss Laura Neely, Miss Carey Dale Roberts and Mrs. Morton Wilhoit of Houston, sister of the groom. They were attired in long yellow sheer gowns flopped with green rosebuds. They wore yellow floppy hats and

MRS. JOHN ALBERT CLUBB

carried bouquets like the junior maid of honor carried.

Miss Cathy Clubb of Detroit, Michigan, sister of

the groom, the junior bridesmaid and Miss Robyn Wolfe of Wichita Falls, flower girl, wore long green

sheer dresses flopped with yellow rosebuds. Miss Clubb wore a green floppy hat and carried flowers identical to those of the bridesmaids. The flower girl wore a matching hat and carried a basket of yellow roses and baby's breath.

Derek Davis, brother of the bride, wore a mint green suit, white ruffled shirt and black bow tie as he walked to the altar carrying the rings on a white satin pillow with streamers.

The groom was attended by Cliff Terral of Houston as best man, Jerry Clubb and Ronnie Clubb of Detroit, Mich., his brothers, and Morton Wilhoit of Houston were groomsmen.

Ushers, who also served as candlelighters, were Terry Ishman of Austin and Dave Shaw of Houston. The bride, a 1976 graduate of Iowa Park High School, was on the varsity tennis team three years, active in FHA four years and voted Miss Iowa Park High School 1976. The groom was graduated from Berkley High School at Detroit where he participated in hockey, baseball and basketball. He is a sales representative at Houston for Specialty Food Co.

The bride's parents were hosts for the reception held in the Fellowship Hall of the church which was decorated with bouquets of white gladioli and spider mums.

The refreshment table was appointed with a silver candelabrum holding yellow and green flowers and candles, a family heirloom crystal punch bowl, the wedding cake and silver coffee service. The three-

tiered cake frosted white and decorated with yellow rosebuds had for a finishing touch a bride and groom in a setting of wedding flowers and symbols on top.

Mrs. Mike Ishman, Mrs. Ricky Camp and Miss Linda Banta served at the refreshment table and Miss Cheryl Tunnell presided at the bride's book. Bert Wickham handed out rice bags.

Members of the household were Mrs. Fred Mount, Mrs. Joe Wagner of Wichita Falls, Mrs. Bob Ishman and Mrs. Dwayne Tunnell of Austin.

Mr. and Mrs. John Clubb, parents of the groom, hosted the rehearsal dinner Friday in Underwood's Western Room.

The couple will live at Houston following a trip to Galveston, Corpus Christi and points of interest in Old Mexico. When they departed, the bride was wearing a navy blue street length dress with cap sleeves and white accessories.

Special wedding guests included grandparents of the bride, Mr. and Mrs. H.O. Tunnell of Abilene and Mr. and Mrs. Bill Lee of Lago Vista, Texas, the groom's parents, Mr. and Mrs. John Clubb, Ronnie, Jerry and Cathy of Detroit, Mr. and Mrs. Ron Tunnell and family, Mr. and Mrs. Max Wickham and family of Escondido, Calif., Mr. and Mrs. Bob Ishman and family, Mr. and Mrs. Dwayne Tunnell and family, Mr. and Mrs. Joe Banta and family, all of Austin, Mr. and Mrs. Morton Wilhoit and Mr. and Mrs. Paul Wade of Houston.

Parks, energy topics of program speaker

Mrs. Earl Watson, a member of the Iowa Park City Council and Commissioner of Parks and Recreation, was the speaker for the 23 Study Club's

conservation program Thursday afternoon.

She spoke first on "Preserving and Developing Parks in the City of Iowa Park" and then on "The

Energy Challenge" in which she presented some pertinent facts regarding the present energy crisis learned at a recent Conservation Seminar, sponsored by Shell Oil Co. at Lafayette, La.

Using a map showing the proposed plans for the City of Iowa Park in 1888, she pointed to the many areas designated for parks by the early settlers as they dreamed of the town

increasing in beauty through "turning to what is being done at the present to preserve and develop the city parks, Mrs. Watson said that a Parks Board composed of John Sibley, chairman, Delbert Todd, Ray Pittman, Jerry Hutchins, Jimmy Alsup, Mrs. Charlie Lee and Mrs. Dean Miller had been named to work out plans and present them to the City Council for approval. She said that major emphasis was being given at the present time to the beautification of Oscar Park.

Concerning the board's efforts in the recreation area she said that it had set up a youth council to assist in planning wholesome recreation for the youth of the community.

As Mrs. Watson gave highlights of the Conservation Seminar, she described some of the efforts underway to find new supplies of energy and to decrease its

demand until new supplies are available. "In decreasing the current rate of energy consumption the major emphasis should be placed on eliminating inefficiencies concerning automobile use and home energy consumption", she stressed.

The meeting was held in the home of Mrs. C.A. Hicks and Mrs. Travis Smith was co-hostess.

Mrs. T.M. Clark was program leader and as hostess, she gave a report on conservation projects by federated clubs at Wayne, N.J. and Houston, Texas.

Mrs. James A. Sewell used a poem "Sheep and Lambs" by Katherine Hixon for the meditation. Mrs. W.G. Steele read "Trees", a musical composition by Kilmer for the arts number.

Mrs. Joe Singer presided for the business. She was named delegate to the TFWC Convention at Dallas April 26-28.

An Easter motif characterized refreshment table decorations. Laid with an Irish linen embroidered cloth, the centerpiece was an arrangement of spring flowers in yellow, pink and blue shades. On one side stood Mr. and Mrs. Easter Bunny dressed in their Easter togs. An assortment of gaily-colored eggs and chicks completed the decor.

Mrs. Margarete Soell from Lohman, Mo. was a

guest. Other members present were Mrs. Glen Miller, E.F. Soell, T.M. Thaxton, Chauncey Weiler, Fred Widmoyer, Rollins Woodall, C.E. Birk, L.E. Brooks, Earle Denny, Sam Hill, D.O. James, Homer Blalock; Miss Titia Belle Blanks and Miss Ethyle Kidwell.

The last meeting of the club year will be April 21 at a luncheon held in the Fellowship Hall of First Christian Church. The Boy and Girl for 1977 will be honored.

Local artists enter exhibit

Six artists from Iowa Park will exhibit their work at the annual Wichita Falls Porcelain Art Club exhibit at Parker Square Bank in Wichita Falls Sunday from 10 a.m. to 4 p.m.

The local artists who will show are Mmes. Myrl Cabe, C.L. Metz, John Chapman, Robert Lowry, Bruce Hubbard and M.L. Boraland.

On display Sunday will be china hand-painted by members during the past year.

Pieces will range in size from tiny miniatures to large lamps, vases and framed pieces.

Subjects will include flowers, scenes, animals and people. Chins painting demonstrations will take place during the show.

There will be no admission charge and the public is invited.

Karen Lynette, an eight pound, eight ounce daughter, was born April 9 at Wichita General Hospital to the Rev. and Mrs. Kenneth Flowers.

The new baby has two brothers, Norman and David, and a sister, Cheryl. Her grandparents are Mrs. C. Flowers of Lamesa and Mr. and Mrs. D.W. Whitten of Kingsland.

Meals at church to benefit elderly

The Friendly Doors Advisory Committee met Monday morning in the school administration conference room with Bill Steger, president of Senior Citizens

Committee, United Fund, presiding. It was reported that the Nortex Regional Advisory Committee had approved the budget of \$11,474 for the Friendly Doors Senior Citizens in Iowa Park.

Mrs. Charlie Lee reported that a committee had met with Frances Wall, project director for North Texas Senior Citizens, and made arrangement with her for meals which will be sent to and served at First United Methodist Church to members of the Iowa Park organization. The meals will be brought over five days each week and all members will be mailed menus in advance, according to Mrs. Lee.

The group voted to reimburse the project director for the food at the end of each month.

Miss Ethyle Kidwell reported 125 charter members of Friendly Doors.

It was voted to schedule the first meeting of the new organization for May 9 in

cooperation with Gov. Briscoe's having designated May as "Older Texans Month". Plans for the initial meeting will be worked out and announced later.

Other members of the board in attendance were Don Flowers, Mrs. M.L. Hines, Taylor George, Mike Hubbard and Mrs. E.F. Soell.

Gordon Griffith elected Evening Lions president

Don Carson, zone chairman, visited the Evening Lions Club Tuesday and in his speech to the club he urged attendance at the zone meeting in Electra next Thursday night and the district meeting in Abilene May 13-14.

During the business, new officers were elected. Gordon Griffith was elected president. Others elected were Wayne House, first vice president; Charles Wicker, second vice president; John Fecher, secretary-treasurer; R.E. Waters, lion tamer; Sidney Grant, tail twister; Johnny Huff and Wayne Roach, new directors; Arch Hughes and Sam Hunter, holdover directors.

Winners in the Easter Egg hunt Saturday were named. In the 1-4 age group, Angel Gilmore won first

prize for finding the most eggs and Craig Turner found the prize egg. In the 5-10 age group, Missy Lathrop found the most eggs. Doug Smith and Keith Alewine, a visitor from Baton Rouge, La. found the prize eggs.

It was voted to meet at Texas Electric Reddy Room until a permanent meeting place could be established.

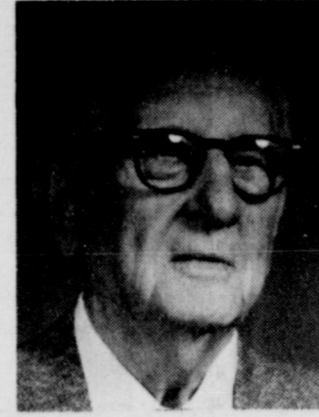

MSU professor to be speaker

Miss Nancy Scott, professor of biology at Midwestern State University, will speak on "Birth Defects" for the meeting of Kidwell P-TA today at 7:30 p.m. in the school cafeteria.

The second grade, directed by Vicki Miller, will give the musical program.

A babysitter will be provided for children kindergarten age and under.

Obituaries

Thomas Jennings Pace

Services for Thomas Jennings Pace, 86, pioneer agricultural, oil and civic leader, who died Friday morning at his home, were Sunday afternoon at First United Methodist Church.

The Rev. Jim Connatser, pastor, and the Rev. Don Youngblood, pastor of First United Methodist Church at Archer City, officiated. Burial was in Highland Cemetery under direction of Tanner-Aulds Funeral Home.

Pallbearers were Wayne House, Fred Parkey, Gene Owens, Dr. Ben Huckaby, Lonny Morrison, Joe Sherrill, W.A. George and Loys Barbour.

The son of the late Mr. and Mrs. J.R. Pace, who moved to the Valley View community southwest of Iowa Park in 1889, Pace was born Jan. 6, 1891. He attended school in that community. Continuing his education, he went to the Methodist Junior College at Stamford for two years. He received a B.A. degree from Southwestern University at Georgetown where he was student assistant in physics.

Upon receiving his degree, he was elected principal at Belton High School. During World War I, he left the teaching profession to enter Officers Training School at Camp Taylor, Ky. where he was commissioned as a lieutenant.

Following the war, he returned to Iowa Park and bought a farm. He was drafted on the board of Wichita County Water

Improvement District No. 2 about 1934 and served as president and general manager of the organization for 18 years. Much of the time was spent in working with Reconstruction Finance Corporation in Washington, D.C. to refinance the indebtedness of the district, and when the task was completed the debt had been reduced from \$1,750,000 to \$600,000.

Pace was a charter member of Wichita County Farm Bureau which he served as president. He was a director of Hardin Foundation and was instrumental in securing generous donations for the Iowa Park Library.

He was a former mayor and alderman of the City of Iowa Park, past president of the Chamber of Commerce. He served as president of the Iowa Park School Board for 18 years and during those years helped to consolidate the schools at Pleasant Valley, Weeth and Deep Creek with Iowa Park.

He served as director of the Federal Land Bank Association for 32 years. He helped with the organization of the Wichita County Fair which grew into the Texas-Oklahoma Fair, serving as director and head of the Agriculture Department for many years. He served on the Northwest Council of Boy Scouts for two years. Through the years he was active in the work of the Methodist Church, serving as chairman of the board of stewards and teaching a Men's Sunday School class for many years. He also served on the building committee twice.

A charter member of Wichita Soil Conservation District, Pace helped to raise money to bring the ASCS office to Iowa Park. He was named top soil supervisor by area bankers in 1971. He was a member of the advisory committee of Rivers and Harbors.

Pace married Perle Burkhead, a teacher at Iowa Park High School, Dec. 23, 1923 at Dallas.

He is survived by his wife; two sons, Dr. Thomas J. II, head of the University of Southern Illinois Graduate School in Carbondale, Ill. and Robert, A Wichita Falls attorney; a brother, Edgar Pace of Lubbock; and four grandchildren.

Great News FOR THE World

GOD'S HOLY SPIRIT

POWER THAT CANNOT BE MEASURED

"In the beginning God created the heaven and the earth."

Think of all the work that has to be done in order to build a house. Think of all the planning and preparing; the need for men skilled in different trades, all working together. What a lot of thought and energy it takes!

How much thought and energy, then, must it have taken to create the heaven and the earth? Where did the power come from for this great work? We are told in the Psalms,

"By the word of the Lord were the heavens made; and all the host of them by the breath of His mouth; for He spake, and it was done; He commanded, and it stood fast." [Psalm 33, vv. 6-9].

GOD'S SPIRIT

The power of God, working out His purposes, is called in the Bible, His "Spirit." So we read in Genesis 1, v. 2,

"The Spirit of God moved upon the face of the waters." And in Job 26, v. 13,

"By His Spirit He hath garnished the heavens." God's power was also used to direct the minds of the men who wrote the Bible. They did not write down their own ideas; but were used by God to write His words. So we read in II Peter 1, v. 21,

"The prophecy came not in old time by the will of men; but holy men of God spake as they were moved by the Holy Spirit." (When we speak of "prophecy," we usually think of foretelling the future. But in the Bible the word "prophecy" means speaking

God's words, whether they are about the past, the present, or the future).

You may notice in the words of Peter that the spirit of God is called His "Holy Spirit." The word "Holy" means "set apart" for a special purpose. (In the Bible we read "Holy Ghost," but because the Greek word translated "ghost" is translated "spirit" in other places, and because the word "ghost" can be so easily misunderstood, it would be better perhaps to refer to this great power of God as "The Holy Spirit").

THE HOLY SPIRIT AND THE LORD JESUS CHRIST

It was the Holy Spirit that brought about the birth of the Lord Jesus. So Mary was told by the angel,

"The Holy Spirit shall come upon thee, and the power of the Highest shall overshadow thee; therefore also that holy thing that shall be born of thee shall be called the Son of God." [Luke 1 v. 35].

You will see here that the "Holy Spirit" and the "power of the Highest" are one and the same thing.

At His baptism in the River Jordan, Jesus was given the Holy Spirit without measure. We read in John 3, v. 34,

"He whom God hath sent speaketh the words of God, for God giveth not the Spirit by measure unto Him."

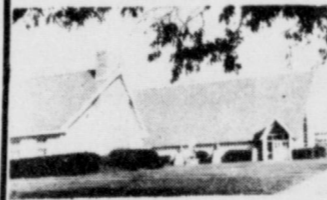

All power was given to Jesus. To other men of Old and New Testament times God has given a portion of His power -- but no other man has ever been fit to possess such power as God gave to Jesus. Read Psalm 51.

Students listed in national book

The 1977 edition of Who's Who Among Music Students in American High Schools will carry the names of four Iowa Park High School students, Ricky Blair, Mark Stucki, Charles Mattis and Holly Burrell, according to a release received by Darrell Dick, director of choral activities.

Students who receive the honor have to meet the following criteria: outstanding musical ability and contribution to the school's overall music program, personal growth and development through participation in the music program, citizenship and service to school and community. They must also be juniors or seniors maintaining a C or better grade throughout high school.

Letters to the Editor

To the Editor:

I thought the election was over and all the issues settled in a good old democratic way, by the will of the people. It seems that both the Editor and the Mayor are diehards!!! Like the Editor said: "We took a plain ole country lickin' at the poll Saturday." We might add -- and never learned a thing.

The tragedy is their learning process is slow -- they can not seem to comprehend that they are backing an unpopular issue. The Mayor and the Editor seem to take a Godfather stance -- children, we know best -- the whole community is out of step but us... The Mayor is supposed to serve the will of the majority of the people, but he seems unable to accept their decision. The Editor seems to be afflicted with the same thinking -- he cannot accept the majority rule. Three defeats do not embarrass them into silence. What will it take? Won't they ever learn?

Most people moved to Iowa Park to rear their children in a small town, thinking they would live in a town where taxes were reasonable. Under the present administration their dreams and expectations have been shattered, having their valuation raised almost three times higher and their taxes in like portion.

Why did the Mayor wait until after the election was lost to reveal the package of goodies he had for the

people? If they had only voted for the Home Rule Charter!!! Why didn't he go before a Notary and sign a statement to that effect? That with the Home Rule Charter the City of Iowa Park would receive a 25% lower tax rate. Words, words, promises, promises -- statements not substantiated -- we have had in abundance. Deeds and performance have been lacking.

Permit me to make a few unsubstantiated statements: By turning down the Home Rule Charter the voters probably saved the city a two to five million bond issue. That would affect their taxes for years to come. Extending our city boundary by Annexation, costing the taxpayers even more to lay water and sewer lines to bedroom homes. Such structures have never created a profitable tax base. When the time came that industry wanted to come in the condition of our tax indebtedness would not be favorable to place their business in this area or adjacent to our town.

To those charter buffs who are always trying to force their ideas upon the people: We would like to reason with you. We like our town like it is. We prefer a small town -- if you don't want a larger town, there is Dallas, Houston -- or you may want to move to some other large broke city -- like New York!

Dorothy Beard
And Concerned Citizens

issue" to extend water and sewer lines to annexed "bedroom homes" seems a bit high, since it only cost \$975,000 in bonds to extend a 16-inch water line all the way here from Wichita Falls, build a water tower and ground storage tanks, to name the major issues in the city's most recent water project.

Additionally, anyone who attends council meetings or even keeps up with city activities knows the city's policy is to extend services to the homeowner's property line, and not the structure.

Finally, I believe the real issue of opposing the charter is exposed in this letter: the desire to keep Iowa Park from growing.

Any community so close to a major city, like Wichita Falls, is destined to grow, no matter what the desires of local citizens are. Certainly our business people, who pay by far a greater share of local taxes than anyone else, are interested in continued growth. And one of the major points of the proposed charter was to provide for more orderly growth than our community has experienced.

And please let me make that point once more. I said "our community", for it does in fact and truth belong to us all.

--BOB HAMILTON

Dear Editor,

On Friday the 18th of this month at 4:20 p.m. my husband and I were driving east on the Iowa Park Road when a truck owned by Stephenson Materials of FMR 369 passed us going over 70 MPH and broke our windshield. We talked to Mrs. Stephenson shortly after this incident. She informed us there was nothing that could be done. It is sad to me that wrongs against innocent people cannot be taken care of. My husband and I are students at MSU. We will have to somehow find the \$50 it will cost to pay for our windshield even though companies which have trucks are supposed to carry insurance. Also the truck had a very short right mud flap and was loaded. We are sorry this happened, but even more sorry that nothing can be done.

Sincerely,
Brenda Smith

As I See It... by BOB HAMILTON

Doing things around the house just isn't my forte.

In fact, you could say I'm just plain lazy when it comes to odd jobs of repairing, improving, etc. at the home. Well, maybe not lazy as so much uninterested.

Things have to be falling apart before I can find the time and inclination to get something done. Of course, a little nagging by Dolores helps.

Well, maybe not nagging. Let's say encouraging.

Anyway, if I want hot meals, clean clothes and friendly atmosphere, I can get her message.

She really got after me when a pan she was using to catch water dripping from a leaky sink drain almost rusted beyond use. After all persuasion had failed, she offered to show the top of my head how rusty the pan was.

But that wasn't necessary, I got the hint.

Now, after about four years of agreeing with her that the trim on the house needed painting, we've come to

another nagging issue.

The need, not her, nagging.

Trying to find the time to get the project done, however, presents a trying situation. It's seldom daylight by the time I get home in the evenings, and the guys in my group insist that we continue our regular weekend challenges at the golf course. And, of course, on those rare afternoons when I do get off early, I usually like to relax.

Really don't understand her lack of patience. After all, I did go down to the store with her and buy the scrapers, brushes and paints.

And after two weeks, most of the scraping has been accomplished, thanks to my son and a friend. And she has already painted the entrance part, making it look real pretty.

Dolores just doesn't seem impressed with all my interest and enthusiasm, admirably displayed if I do say so myself.

Shucks, I've already admitted I had made up my mind to get it done before it frosts.

Farabee supports Right to Work

Senator Ray Farabee voted for and supported a resolution that expressed the importance of the Texas right-to-work law.

The resolution, sponsored by Senator Walter H. Mengden, supports retention of federal authorization that allows states to pass right-to-work laws. Noting that Texas and 19 other states have passed such laws, the resolution will be sent to President Carter, congressional leaders and members of the Texas congressional delegation to establish Texas' legislative support for right-to-work laws.

Sen. Farabee said he supports the resolution "because it is important that Texas as a state, and its citizens as individuals, have the freedom of choice to join or refrain from joining a union."

Tuesday also saw passage by the Senate of amendments by Farabee to the Texas Grain Warehouse Act which upgrade existing regulations to aid in protecting grain farmers from loss through grain trading and speculation. The regulations raise bond requirements for licensed grain warehouse operators and establish stiffer penalties for violation of the Act.

Farabee joined other West Texas senators in sponsoring an amendment which will increase the amount

allowed for highway funding by \$100-million. "I think it is time that we recognize that human needs are served by having adequate financing of good highways in Texas. We use them every day to transport agricultural goods to market and to move all kinds of industrial goods, in addition to our own personal daily use."

EDITOR'S RESPONSE: Since the election ballot did not mention anything about abolishing the First Amendment of the United States Constitution, the Mayor and I, you, and everyone else still has the right to speak out on any issue. And I intend to do so.

Those who had not heard the Mayor speak on the tax issue did not take the time or interest to attend the public forum the week of the election, which was properly advertised, where questions were asked and answered. Mayor Crawford made the point there, and to anyone who bothered to speak with him.

I appreciate the writer's admitting to an "unsubstantiated statement", since it was the first time anyone opposing the charter admitted it in writing. The "two to five million bond

Timms, Fischer marriage ceremony is held Friday

MR. AND MRS. LONNIE DALE FISCHER

The altar of St. Mark's United Methodist Church in Wichita Falls was centered with two brass white-cushioned kneeling benches graced with plumosa and a large white satin bow for the wedding of Miss Stacie Ann Timms and Lonnie Dale Fischer Friday evening.

Other altar decorations were a large arrangement of white gladioli flanked by seven-branched brass candelabra filled with white cathedral tapers and marked with plaques of emerald greenery and baby's breath centered with large satin bows.

The Rev. Byron O. Myrick performed the double-ring service for the daughter of Mr. and Mrs. John Timms, 1025 Van Horn, and the son of Mr. and Mrs. Joe Fischer, 206 Hope Lane.

Tradition characterized the instrumental musical selections and marches played by Mrs. Gerald Deatherage, organist, who accompanied David Collins for his vocal solo "The Wedding Song".

The bride's father presented her in marriage. She was attired in a long Chantilly lace gown over Qiana complemented with a chapel length illusion veil trimmed in lace and seed pearls that fell from a lace-covered tiara. The empire gown was designed with a sheer lace yoke, a high neckline, cuffed

bishop sleeves and a full skirt.

She carried an airy cloud bouquet consisting of spring-colored carnations, daisies and baby's breath. Observing bridal tradition, she wore an emerald ring for "something old," ear rings that belonged to Miss Debbie Frazier for "something borrowed", the six-pence in her shoe along with the "something new" and "something blue" sentiments.

The bride's attendants were flocked dotted swiss gowns in pastel spring shades. Their short sleeved gowns terminated in hemline flounces above the floor. They wore picture hats in the shades of their dresses and carried trio assorted pixie carnations with ribbon streamers.

Mrs. Larry Sauls, matron of honor, wore yellow, Miss Darla Roberts, maid of honor, wore blue. Miss Debbie Frazier and Miss Kelly Ledbetter, cousin of the bride, the bridesmaids, wore green and pink, respectively.

Masculine members of the wedding party wore black tuxedos and shirts in colors to match dresses worn by the feminine attendants. The groom was attired in a white tuxedo.

David Blackerby was best man. Gary Fischer, the groom's brother, Kenny Copeland, his cousin, and Ronnie Duerson were groomsmen. Ushers were Morris Dillard and Mike Brady.

The wedding reception was held in the Fellowship Hall and hosted by the bride's parents.

Church youths have egg hunt

The first and second grade Sunday School classes of First Christian Church were given an Easter Egg hunt by

their teacher, Sherry McDonald, who was assisted by Elaine Cole and Lisa Watson.

Children attending were Amy Russell, Shelly Thomas, Dana Gray, Scott Shewmake, Casey Shewmake, Terri Franklin, Richard Crettet, Marie Crettet and Darrell Franklin.

Refreshments were cup cakes topped with a nest of green coconut filled with candy eggs which were served with punch.

before satin wedding bells.

The punch and registration tables were laid with white linen cloths, the bouquets of the bridal attendants were placed on the punch table and the table where guests registered held a silver tray and white basket with an Easter motif, each filled with rice bags.

Also in the room the chosen colors were noted in the cloth and flowers on the gift table.

Reception assistants were Mrs. Troy Collins, Mrs. Don Duerson, Miss Ann Fletcher and Miss Rhonda Shook.

The groom's parents gave the rehearsal dinner Tuesday evening at Luby's Cafeteria.

Mrs. Timms, the bride's mother, chose a pink Qiana gown with a capelet bodice and Mrs. Fischer, mother of the groom wore an orchid knit empire gown with long

sleeves. They wore white feathered carnations.

Both the bride and groom were graduated from Iowa Park High School. She was president of the cosmetology class and he played varsity football. She is employed at Texas Watercrafters and he works at Cryovac.

The bride wore a light blue jump suit when they left for a short wedding trip to Montego Bay. They will live in Wichita Falls.

Noon Lions in meeting

Members of the Noon Lions Club heard a report on public school accreditation, and approved first reading of new officer nominations, at their meeting Tuesday.

Dean Miller, representing the Iowa Park schools, explained the state's new accreditation requirements and steps the local schools have taken to comply.

Nominated to serve as officers the coming year, commencing July 1, were: John Sibley, president; Carl Hecker, first vice president; H.M. Nipper, second vice president; Bob Hamilton, third vice president; Richard Hill, secretary; Doc Woodall, treasurer; Lester Brooks and Wilbur Karstetter, new directors; Keith Aulds, tail twister; and Henry Jones, Lion tamer.

The list is to be read twice more before the election is held.

Flowers elected vice president

Don Flowers, president of State National Bank, was recently elected first vice president of the North Texas Bank Marketing Association.

The organization represents over 200 banks in the north Texas area, and its purpose is for the exchange of professional ideas in the marketing field.

BOOK REVIEW

By Mrs. James A. Sewell

"Centennial" by James A. Michener, is one of the new books at the Iowa Park Library.

A tremendous amount of research went into the preparation for the writing of the novel. The characters and scenes are imaginary although certain background incidents and characters are real. Among these is Charles Goodnight, whose name was

known to citizens still living in Iowa Park.

Information about cattle trails was secured from various places in Texas and from many states. Acknowledgements are made for contributions about geology, paleontology, early man, Indian life, early St. Louis, Oregon Trail, Fort Laramie, ranch life, Mexican-Chicano problems and others.

If you are interested in early life in the west, don't miss the chance to read this book.

WHAT WILL YOU NEED TO KEEP THE WHEELS OF PROGRESS TURNING IN YOUR COMMUNITY?

Communities that have built a strong, healthy economy know what they must have to keep the wheels of progress turning in the years ahead. Although each community is different, the basic requirements will be the same:

A labor force known for its productivity. Municipal water supplies that can outlast a drought. A good

transportation network. Diversification of industry, just to be on safer ground. Cultural and recreational attractions. Favorable tax structures. Strong leadership.

And energy to power assembly lines. Energy to heat, cool, process foods, lift, spin, dry, pump, drill, press, shape, compute or to use however industry needs it to create products that create jobs.

Meet the Changing Times.

The cheap and abundant energy available here in years past is one reason this area emerged from the recent recessions with one of the strongest economies you'll find in the nation.

Few others have a business outlook as optimistic or an employment level as high.

The days of cheap energy are gone, of course. The cost of producing and distributing energy of almost every type has increased dramatically. This, with the demand that exists for energy, has forced a sharp increase in the prices that you and people everywhere are having to pay for it.

But the availability of an abundance of energy to keep the wheels of progress turning in this area still holds true.

You Can Have What You Need.

Natural gas, for example. Lone Star's pipeline system now extends into basins that contain 50% of the remaining onshore gas reserves in the United

States. And this puts us in an excellent position to buy enough new gas reserves to last all of our customers for many decades.

Securing these reserves will be essential to the future of the communities served by Lone Star. Because gas not only meets your energy requirements directly, but indirectly as the primary fuel for generating most of the electric power you use.

The new gas will cost more, and Lone Star will have to recover the actual cost of it on a timely basis. A bargain, even so? Yes. Because these long-term supplies will help your community build job security through business growth.

And that's a bargain in anybody's economy.

FFA banquet set Tuesday

The 25th annual Iowa Park Future Farmers of America Parent-Member Banquet will be held at 7:30 p.m. Tuesday in the high school cafeteria, according to Judy Rusk, chapter reporter.

The awards banquet is one of the highlights for the year for FFA members. Recognition is given not only to students, but also to adults in the community who have cooperated in working with and helping the students in their activities. Guest speaker will be Joe Brown, Wichita Falls newspaper and television farm reporter.

The 1976-77 chapter officers who will conduct the banquet are Mike Jordan, president; Ervin Beisch, vice president; Russell

Yarbrough, secretary; Randy Marston, sentinel; Judy Rusk, reporter; Dick Elliott, treasurer; and Tim Kingcade, student advisor.

Cook of the Week

Once a grandmother, so the story goes, with a "kitchen green thumb" shared her "mealtime recipe" with her granddaughter as they chatted near the big country kitchen stove. It was "refresh the spirit, please the eye, tickle noses and tease appetites to satisfy active body needs."

Mrs. Jerry Meisel, even though she was not the grandmother or the granddaughter in the story, evidently has a kitchen green thumb for preparing Mexican foods and she said that they meet all the above qualifications for satisfying her family's needs.

Two of her recipes this week can be classified as original since she concocted them when the family was in Holland where they could not get Mexican food.

Her recipe for Ouschmitter (Dutch Snack) probably conjures up many pleasant memories of windmills, tulips, wooden shoes, dykes, etc. of Holland, where they thoroughly enjoyed living during an Air Force assignment.

Mrs. Meisel, nee Jobeth Pruett, was graduated from Valley View High School and Medical Records Technical School at Abilene. She worked at Hendricks Memorial Hospital in Abilene. In Wichita Falls, she has worked for Dr. R.E. Pace, Jr. and as head of the Records Department at Wichita General Hospital.

She and her husband, who owns Jerry's Vinyl and Windshield Repairs, and their children attend the Church of Christ. Her hobbies include quilting, sewing and most any kind of handwork.

Their children are Jim 14, John 10, Jodi 5 and Jason 3.

Brown ground meat, and saute onions; season. Add 1/2 can Rotel tomatoes, chopped and liquid, 2 T chili powder. In saucepan, heat chili and beans and 1/2 can water. Grate cheese.

over mixture. Top with grated cheese and bake at 325° for 20-25 minutes.

MEXICAN CHEESE SAUCE

1/4 cup margarine
3 heaping T flour
3 cups milk
4 slices American cheese
4 T Taco sauce
1/2 can Rotel tomatoes

In a saucepan, over low heat melt margarine; stir in

flour and milk. Cool until thickened; add cheese, Taco sauce, tomatoes, chopped. Season to taste. (Terrific as a dip or in cheese enchiladas. Delicious over string beans).

CHEESE ENCHILADAS
1 pkg. corn meal tortillas
10 slices American cheese
1 recipe Mexican Cheese Sauce

In hot oil, soften tortillas. Lay slice of cheese on each tortilla and place in pyrex casserole dish. Pour Mexican Cheese Sauce over all and bake at 350° for 20 minutes or until bubbly.

OUTSCHMITER (DUTCH SNACK)

2 slices buttered bread
2 thin slices ham
2 fried eggs
1 dill pickle
Arrange buttered bread on plate and cover with thin slices of ham. Top each with a fried egg and serve with dill pickle. Delicious for a snack.

MEXICAN CORN BREAD

1/4 cups yellow meal
2 eggs
1 cup milk
1/2 t soda
1/4 t salt
1 cup cream style corn
1/4 cup bacon drippings
1 lb. Cheddar cheese

Mix above ingredients. Saute 1 lb. ground meat and drain. Add 1 large onion, chopped and 2 jalapeno peppers, minced. Grease skillet and heat. Sprinkle with meal and brown slightly. Pour 1/2 batter in skillet. Add cheese, meat, onion and pepper. Pour remaining batter over and bake 45-50 minutes 350°.

WHAT IT'S ALL ABOUT — What do contributions to Easter Seals do? They make it possible for children like Tera Lynn McLeod to receive therapy at the North Texas Easter Seal Rehabilitation Center in Wichita Falls. Tera, 2 1/2, is this year's poster child for the Easter Seal Appeal in eight North Texas counties. She is pictured on 36,000 Easter Seal Appeal letters being mailed out in North Texas. Afflicted with Cerebral Palsy, Tera receives physical and speech therapy at the center. She is the daughter of Sgt. and Mrs. Gary McLeod of Sheppard Air Force Base in Wichita Falls.

Wardens file on boaters for life jacket violations

Failure to have the proper number of personal flotation devices (PFD), and lack of serviceability of the devices, accounts for most water safety citations issued by Texas Parks and Wildlife Department game wardens during the summer months.

Water-related accidents in Texas accounted for 498 drownings in 1976, according to information compiled by TP&WD. Recreational boating accounted for 17 drownings. Many of the 62 fishing-related drownings involved boats, and 31 people working on tugboats, shrimp boats or other workboats drowned while at work. Life preservers would have prevented many of these accidents.

Water safety officials remind boaters that game wardens check personal flotation devices on state waters and the devices are required to be in serviceable condition and readily accessible.

The type of PFD required depends largely upon the size of the boat. Motorboats of 16 feet or less may use any of the four types of PFDs available except passengers 12 years of age and under and they must use the vest type. A life jacket, buoyant vest, ring buoy, or buoyant cushion is acceptable for other passengers. Motor boats longer than 16 feet must have one Type I, II or III (vest types) for each person aboard. In addition, federal law requires a Type IV PFD (ring buoy or a buoyant cushion) on board and immediately available for use.

Although Texas law does not require a water skier to wear a PFD, a skier is considered a passenger in the boat and there must be a PFD for him on board.

For more information on required equipment and boating laws, write or call one of the TP&WD field offices or contact your local game warden.

MEAT ENCHILADAS

1 lb. ground meat
1 large onion, chopped

4-H CLUB

News

Wichita County 4-H Council Delegates, Jana Arnold and Jeff Watts attended District III Spring Council Retreat April 1 and 2 at the Texas 4-H Center at Brownwood.

Jana is a member of the Wichita County 4-H Horse Club and Jeff is a member of the Iowa Park Community 4-H Club. The delegates were accompanied by Corky Redden, Wichita County Assistant Extension Agent.

Wichita County youth can start now preparing for the 1977 Youth Fair scheduled for Sikes Center on May 7. All youth are invited to enter as long as they live in Wichita County and attend grades K thru 12. Projects to be exhibited include dogs, pets, art work, crafts, collections, photography,

clothing, foods, and many more.

This event is sponsored by the Wichita County 4-H Council. Projects, show, action and fun are all a part of 4-H work. This project show is just one of the activities which provides Wichita County 4-H members a place to go and things to do.

Nine Electra 4-H members have just completed projects in car care. Six lessons including how to change a tire and oil were taught by Robert Arnold. Those completing the project are Deborah Hexon, Marsha Strange, Tina Neil, Ramona Sefcik, Mary Holt, Elaine Green, Bonnie Ward, Jannette Southerland, and Debbie Arnold.

Senior Citizens

Sixteen members of Senior Citizens and two visitors, Mrs. Ruby Caldwell and Mrs. Roy Johnson, went to Luby's for lunch Monday. When they returned they assembled in the Fellowship Hall of First United Church to play games during the afternoon.

Members who participated were Messrs. and Mmes. L.P. Lambert, Earl Logan, T.M. Clark; Mmes. Shirley Trimm, Jettie Sampley, M.L. Hines, Gladys Thompson, Ralph Sisk, A.L. Hofer, J.A. Berg, O.M. Jones, Myrtle Travis; and R.L. Good.

Watershed projects are being reviewed

At President Carter's request, USDA's Soil Conservation Service is conducting a review of all small watershed projects in Texas under construction or approved for construction, SCS State Conservationist George C. Marks said recently.

Projects under review include those administered by SCS under Public Law 566, which limits the size of watershed areas to no more than 250,000 acres. The multi-purpose projects always call for land treatment to reduce soil erosion and siltation. They generally include such flood prevention structures as earthen dams and water impound-

ments. Some projects also provide local people with domestic and industrial water supply, irrigation water, recreation, and fish and wildlife habitat.

Marks said the review will be made in two phases. "The first screening," he said, "will be to identify those projects that are unquestionably sound -- environmentally, economically, and from the standpoint of safety of structures. This phase is to be completed by April 29."

The SCS official said that projects which do not pass the initial screening will undergo more thorough study, with the process to be completed by June 15.

Projects then selected for public hearings will be announced on June 17.

Marks said that any hearings will be held in the vicinity of the projects before July 1. Final recommendations on projects will be provided to the President by July 15.

The State Conservationist said projects that pass the initial screening will have to meet the following three criteria:

1. No additional major adverse environmental impacts would result from project completion;
2. The remaining direct benefits exceed remaining direct costs when discounted at a rate of 6-3/8 percent;

and

3. No credible question remains to be resolved concerning the safety of project structures.

The Texas review is part of a governmentwide study of all water resource projects ordered by Presi-

dent Carter. An interagency task force coordinated by the Council on Environmental Quality and the President's Office of Management and Budget developed the criteria.

A total of 77 projects are being reviewed in Texas.

Tournament plans made

Plans were drawn for the spring tournament at a meeting Monday night of the Iowa Park Tennis Association.

The singles will be held April 30-May 1 and doubles will be held May 7-8. Deadline for entering the tournament will be April 26 at 5 p.m. The tournament will be open to members of IPTA only.

Divisions planned are: men's 35 and over; men's open; boys 19 and under; boys 14 and under; women 20 and over; girls 19 and under; girls 14 and under.

The entry fee is \$3.50 for singles and \$7 for doubles. Trophies will be awarded to first and second in each division.

Plans were discussed at the meeting Monday to have a spring and summer league to start May 1 if enough interest is shown. It was announced that the lighting of the junior high school tennis courts should be completed this week.

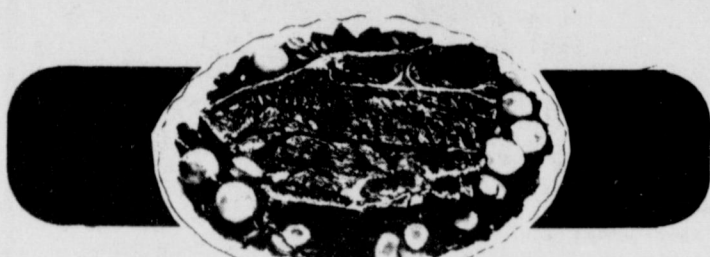

The club meets the second Monday of each month. Persons interested in joining may contact Mark Stanke-witz 592-5631 or Ray Featherston 592-4958.

Hints for better gardens

By DON DECKER
County Agent

It is easy to "close the gate after the horse gets out" on grassbur control in home lawns. Control measures applied after the seed head develops on the grass is too little too late.

Mrs. Georgia Prakash of Wichita Falls is making an early post-emerge herbicide application while the grassburs are still in the vegetative stage. Actually, a home owner can mistaken grassburs for ryegrass in this vegetative stage. However, the foliage applications with a herbicide must be made before any burs develop.

The use on MSMA (an arsenical) is very effective in controlling grassburs as well as crabgrass or Dallis grass

in Bermuda lawns. It burns the bermuda, however, bermuda quickly recovers.

Mrs. Prakash will make the first spray application about mid April. This will ensure all of the grassburs have germinated but before any sand heads develop. She will mix the MSMA at the rate of seven tablespoons per gallon of water. A hose-on sprayer will be used for application.

Unfortunately, there are several crops of grassburs which emerge every year. Usually they emerge with the first rains in early spring, late spring, and early fall. For this reason, Mrs. Prakash will repeat the treatments in June and early September.

This control system works fine on a bermuda lawn, but

it cannot be used on St. Augustine lawns. The MSMA also controls the St. Augustine. Home owners can approach grassbur control from two angles. Good management such as applying adequate fertilizer, weed control, frequent mowing, and proper watering will result in the St. Augustine crowding out the grassbur.

A second approach includes the use of pre-emerge herbicides before the grassbur emerges. The pre-emerge materials must be applied in February and during the mid-summer.

Pre-emerge chemicals are difficult for the homeowner to use due to the hazard to adjoining trees and shrubs. The easier-to-use chemicals

include Dacthal and Balan because their rates are not so critical. Go slow on using atrazine or propazine because of the possible damage to trees and shrubs. The pre-emerge application is a soil treatment which kills the grassbur as it germinates. A post-emerge application is made to the grass foliage rather than the soil which eliminates damage of non target plants.

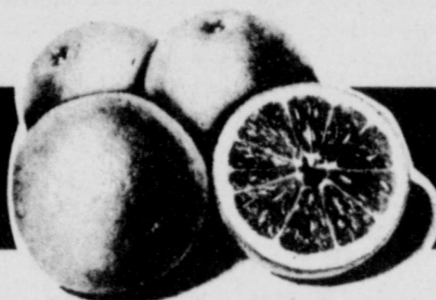

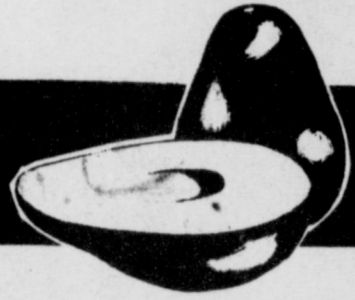

Keep house plant "status quo - don't let them grow" was the recommendation for homeowners by Neil Sperry, Extension landscape horticulturist, at the recent House Plant Workshop. He suggests the homeowner purchase indoor plants of the desired size and appearance. Then the mana-

gement is aimed at maintaining the plant rather than making it grow.

Forced plant growth with fertility and water in the absence of adequate light produces a straggly, unattractive, weak plant. Indoor plants do better by keeping them a little dry with low fertility. He suggested feeding house plants only two or three times per year.

Sperry's study indicate most house plant problems are the result of root troubles. Root problems manifest themselves as marginal leaf burning or leaf tip die-back. Factors contributing to root problems are too much water or too much fertilizer or water salts. The light is inter-related to the water problem.

Girls compete at Weatherford

Weatherford was where the girls' track team participated Saturday, April 2.

Karren Brown captured first place in the mile run with a 5:50.00 time. This is the second meet in a row in which she has won first place in this event.

880 relay team consisting of Cindy Flanagan, Cindy

Grace, Dee Lynn Smith and Kit Brown placed 3rd.

Winning 4th place in the 220-yard dash was Trish Roberts with Cindy Flanagan right behind placing 5th.

In field events, Lisa Stone was the only Hawketta to place as she cleared 4'8" in the high jump and received 6th place.

OEA banquet set April 15

Vocational Office Education (V.O.E.) students are busy making preparations and preparing decorations for the annual Office Education Association (O.E.A.) Appreciation Banquet which will be April 15, 7:45 p.m. at Luby's Cafeteria.

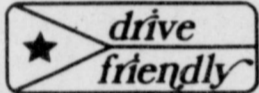

Cheerleaders are chosen

Cheerleader tryouts were held Wednesday, April 6. To be eligible to try out for cheerleader one must be a junior or senior in the 1977-78 year, pass the President's Physical Fitness Test and be passing in all classes.

Candidates for the four senior spots are Trish Roberts, Suzanne Davis, Belinda Price, DeDe Rich.

Staff has picnic

Members of the Iowa Park High School Yearbook staff attended a picnic Sunday, March 3, at Scotland Park in Wichita Falls.

Library has Bibles in 25 languages

"Car Dieu a tant aime le monde qu'il a donne son Fils unique, afin que quiconque croit en lui ne perisse point, mais qu'il ait la vie eternelle."

If you speak French, you would have probably recognized this: "For God so loved the world, that he gave his only begotten son, that whosoever believeth in him should not perish, but have everlasting life."

FHA members serve patients

Iowa Park High School Future Homemakers of America (FHA) visited the men's ward at the Wichita Falls State Hospital, Tuesday, April 5.

Activities included playing bingo, singing and serving refreshments.

This was one of many activities planned for April. April 21, 22 & 23 will be the State FHA meeting in Houston.

French is one of the 25 major language translations listed in the new Gideon Bibles placed in each Iowa Park High School classroom Tuesday, March 29.

In addition to containing the "King James Version" of the Bible, it also contains aids for "Help in Time of Need" and suggested readings including "Historical Highlights," "Spiritual Standards," "Dynamic Doctrines" and "Practical Precepts."

Each high school office was also supplied with a Bible.

The Hungry Hawk

Pizza Planet (Southwest Parkway), the newest pizza house in Wichita Falls has made its claim to fame through its bountiful ingredients.

It is true that the prices there are a bit higher than other places, but a small pizza is adequate for a couple, where other places, a large is hardly enough.

Since many students (and faculty) of IPHS have already eaten there, I thought the space would be more beneficial devoted to quoting prices of the area's pizza joints.

The prices quoted here are for a small, medium, large and extra large cheese pizza, respectively. Please note that sizes listed are not uniform, but do provide a general idea.

	Small	Medium	Large	Extra Large
Phideaux's	1.35	2.00	3.45

NHS initiates 18 members

New National Honor Society (NHS) members were formally initiated Tuesday, April 12, during the annual NHS banquet.

This year the banquet was held at Underwood's Blue Room in Wichita Falls. Initiates entertained members and guests with a talent show, ranging from singing to monologues.

Senior initiates are: John Bentley, Elaine Cole, Patricia Cummings, Sherry Dozier, Paul Dunsmore, Cathy Griffin, Bruce Hammonds and Michael Jordan.

Junior initiates are: Paul Arrington, Lisa Bartow, Carrie Cole, Sherry Evans; Billy Farmer, Cindy Flanagan, Norman Flowers, Jacalyn Hale, Kathy Johnson and Jeff Taylor.

Thompson leads

Freshman Track Team, led by Troy Thompson's 18 individual points, placed fourth at the annual Burk Burnett Relays held April 1.

A first place medal was won by Troy Thompson in the 220 yd. dash.

Others placing were: Troy Thompson and Robert Brown, long jump; Joe Stevens, high jump; Kevin Coffman, 330 intermediate hurdles; Ronnie Taylor, shot put; Calvin Sampley, 440 yd. dash; Shawn Elles and Larry Merrill, 880 yd. dash; Jimmy Smith, mile run; 440 yd. relay consisting of Robert Brown, Troy Thompson, Joe Stevens and Kevin Coffman; mile relay consisting of Shawn Elles, Jeff Durham, Troy Thompson and Kevin Coffman.

EDITORIAL

Music vital in daily life

"Have you heard the new song by Kansas?" "Did you cry when Barbara Striesand sang 'Evergreen'?" "Did you hear that man sing 'Lucille' on Johnny Carson the other night?" These questions are only a few that are proving music is a vital part of our daily-life.

Music has been with mankind for a long time. Yes, even longer than pizza and ice cream. Different life-styles bred certain music

that satisfied the tastes of those who enjoyed it.

Today the music is approximately the same. One roper will come home from a long day's work, looking forward to a cold one and a little Merle Haggard, or whatever. Most rock fans enjoy a good concert where they can let the loud music and usually startling light-show deal with their emotions. Some cling to Glenn Miller and Count Basie.

Music is meant to be enjoyed, to deal with your emotions, whether about the rain, pickup trucks, prison, mothers, or what you do "After the Lovin'."

I don't disown a person who listens to music I can't seem to digest, and I don't encourage anyone else to. Music is for the individual taste, and what music turns you on, well, listen to it. It's a free trip to the moon, the stars, prison, or wherever you feel like going. Like Neil Diamond would say, "I believe in music."

-Kevin Hamilton

Boys, head for hills!

Well girls, now is your chance to catch the man of your dreams. No need to be shy now. You get to do the asking.

Elvis fat - Cheryl

"He's gotten fat, but he's still cute," was Cheryl's first reaction when seeing Elvis Presley during his March 26

concert in Norman, Oklahoma.

Cheryl sat in the front row of the balcony section and listened to Elvis for one and a half hours. "Over all I had a great time and Elvis is as good as ever," she said; Cheryl was able to receive this opportunity from a close friend who lives in Norman she was able to get Cheryl her seats.

Denise Melchiori, Mrs. Frederick, and Cheryl's sister, Johnna, attended the concert also.

Cheryl's favorite song is "Love Me Tender."

Hawks in rematch with Burkburnett

Iowa Park has an opportunity to pull into a tie for the Dist. 4-AAA North Zone lead here tomorrow afternoon when the Hawks host Burkburnett.

In their first meeting, last week, the Bulldogs shut out the Hawks 5-0, and Burk has

twice defeated Vernon to remain undefeated in conference play.

Iowa Park rebounded from the loss to edge the Lions 4-3, to keep their title hopes alive, and then added some gilt to the edge by taming the Hirschi Huskies 6-5 Monday in a non-conference meeting.

The wins brought the Hawks' season record to 5-11, and they are 2-1 in league. They play Vernon twice more and Burk three more, with the last being May 10.

The Hawks and Lions matched scores in the second and third innings Thursday, and neither could gain the advantage until the ninth inning, two more than regulation.

Vernon scored twice in the top of the second and another in the third, with the Hawks answering in the bottom of both frames.

Catcher Rex Huckaby walked in the ninth, advanced to third, and raced home untouched on a passed ball to score the winning run.

BEAT HUSKIES
Playing at Hoskins field, Hawk hitting and some aggressive base running overcame errors they had made defensively in the second and third innings.

Iowa Park took the lead 2-0 in the top of the second, but saw that melt into a tie when the Huskies went to bat.

TEAM MATE MOBBED - Catcher Rex Huckaby is mobbed by his team mates after scoring the winning run here Thursday. Huckaby raced home on a passed ball to break a 3-3 tie and earn a Dist. 4-AAA victory over the Vernon Lions.

After adding a go-ahead score in the next inning, the Hawks fumbled the lead again and allowed Hirschi to score three runs.

Then the Mean Green settled down, scored once in the fourth and twice in the fifth for the winning difference.

Iowa Park batters, led by junior Keith Hillard who collected three hits in five at-bats, including a triple, had a total of 11 hits.

There were also 11 Hawk runners left on bases.

It was Hillard who scored the final run.

This little tag can help you save on energy costs in a big way.

E-OK is a term Texas Electric Service Company is giving to homes that are certified energy efficient. Homes that can use a lot less energy than most other homes. E-OK homes have more insulation, sealed windows, weatherstripped doors, and more efficient lighting, heating and cooling equipment. E-OK homes can offer significant savings on your energy costs. You can spot these homes all over town by the blue and orange E-OK tag on windows, yard signs, doorbell identification and framed certificates. Look for them. E-OK tells you that builders, along with Texas Electric, are concerned about saving electric energy and saving you money. An E-OK home is one that has been thoroughly checked by our customer repre-

sentatives several times during construction. It will not only save you money year after year, it will also be more comfortable. Why? Because of more effective heating and cooling, and also because it's quieter. An E-OK home doesn't have to be a new home either. With certain modifications, you can make your present home more energy efficient. Should you later decide to move you could have a higher resale value from an E-OK home. Lower energy bills are quickly becoming a very big selling point. To learn all about an E-OK home and how it can be certified energy efficient, call Texas Electric for our free booklet. Or request one on the comment portion of your electric service bill.

Holliday search negative, community returns normal

Although the end result could be likened to a proverbial wild goose chase, a search for nitroglycerin reportedly buried here tested the nerves of Holliday residents for three days.

The report that put Holliday into the spotlight surfaced last Wednesday when a Wichita Falls woman notified authorities that several jars of nitroglycerin might be buried in the backyard of a home at Magnolia and South Main in Holliday.

Mrs. Georgia Lynch of Wichita Falls said the explosives might be located in an old cellar of the home of her sister, the late Mrs. W.C. (Dollie) Curlee of 501 S. Main.

Mrs. Curlee's husband, who died in 1947, reportedly made nitroglycerin for oil field work.

A U.S. Army demolition crew from the 61st Ordnance Detachment at Ft. Sill, Okla., arrived in Holliday shortly after noon Wednesday.

The positive reaction from a military dog used to sniff out explosives seemed to confirm the report and digging operations began.

Digging operations were hampered because the old cellar had been caved-in years earlier.

Mrs. Lynch said she tried to persuade her sister to have something done about the nitroglycerin in the cellar.

The Wichita Falls woman said her sister was confident the explosives were harmless buried.

Mrs. Lynch said after Mrs. Curlee's death in December she told the person who inherited the house about the nitroglycerin. Mrs. Lynch said she was assured the issue would be

settled in 90 days.

When nothing was done, Mrs. Lynch said she notified Archer County authorities who contacted Ft. Sill.

Shortly after digging operations began Wednesday the news had spread beyond Holliday's restaurants, grocery stores and beauty shops.

DIGGING STARTS

By the time digging operations resumed Thursday morning news organizations from as far away as Dallas and Fort Worth converged on the scene.

Road blocks were established and homes in a three block area were evacuated.

When the digging ended because of darkness on Wednesday and Thursday members of the Holliday Volunteer Fire Department policed the site until morning when digging could resume.

Crowds of curious persons thronged to the area Wednesday night, and on one occasion almost caused an automobile accident, said Archer County Sheriff Jeff Colbert.

Colbert noted many persons with homes in the area began filtering back after the initial fear began to wear off.

Meanwhile, the demolition crew from Ft. Sill gingerly went about its task.

By Wednesday night they had reached a depth of about four feet and were having to use knives to scrape the muddy clay from their shovels.

The five-person demolition crew was led by Lt. David Farmer and included one woman, Spec. 4 Karen Crisp.

REPORT OF BURIED NITROGLYCERIN STARTLES HOLLIDAY RESIDENTS
...Doll, preserves, dishes and cans uncovered by Ft. Sill demolition team as digging continued

The crew did not seem nervous about its job. Although he had never encountered that type of demolition assignment, Farmer and his crew handled their shovels with confidence as law enforcement officers, volunteer firemen and newsmen peered over the edge of the hole.

Lone Star Gas Co. exposed a principal gas line about a block from the excavation site as a precautionary measure so the line could be shut off.

MACHINE HELPS

A backhoe machine was brought on the scene Thursday morning, aiding

the Ft. Sill crew in locating the old cellar's walls.

Rotted timber and tin were being pulled from the hole Thursday morning.

As the digging operations continued the Army crew unearthed bowls, bottles, fruit jars, a small doll and several beer cans.

Late Thursday afternoon they found several jars of decayed peach and plum preserves. The rank ood filled the air.

SEARCH ENDS

When the digging operations

recessed Thursday night the possibility remained that the old cellar did in fact contain nitroglycerin as believed.

However, the search ended about noon Friday when Lt. Farmer and his crew began packing their equipment, confident there was no nitroglycerin in the cellar.

The crew had dug beyond the cellar walls and below the floor line, leaving a hole 15 feet wide and about 11 feet deep.

The search did not end without a

final moment of suspense. It came when a backhoe being used to scoop up loose dirt uncovered a cloth protruding from what once was the cellar's entrance. It was a wet sock.

After Farmer concluded the cellar did not contain nitroglycerin, dynamite or any other explosive, City of Holliday crews began filling in the mammoth hole.

And while there was no nitro to be found, someone joked at the excavation site, "Well, it sure put Holliday on the map."

Girls finish second in district track meet

Holliday's junior high female tracksters finished second while the high school girls placed fourth at the District 19-A track meet last Thursday.

Two Holliday high schoolers, Donna McGill and Karen Richeson, will advance to the regional cinders as a result of their performances at the district meet at Saint Jo.

McGill took second in the high jump and Richeson placed second in the 880 dash.

Cathy Halenack holds an outside chance at going to the regionals with her third in the 220 dash.

The female regional track meet is scheduled for April 22-23 at Stephenville.

At the district meet Holliday's 440 relay team and 880 relay team each took fourth.

The high school mile relay unit captured third.

Beth Barry and McGill were fifth and sixth, respectively, in the 440 dash.

Cathy Halenack and Amanda Wood were third and sixth, respectively, in the 220 dash.

Barry was fifth in the hurdles. Halenack also placed third in the 100 dash.

Laurie Mauldin was fourth in the 880 dash.

Coach Scotta Schroeder's junior high girls burned the hot to capture four first place trophies at the district meet.

Laura Holt took first in the 220 dash, and Shirley McBride was tops in the discus.

Holliday's 440 relay team and 880 relay team each won first place honors.

Jill Bynum and Jo Marashia finished fourth and sixth, respectively, in the 440 dash.

Jamie Smyers was fourth and Lucretia Halenack was sixth in the 220 dash.

Kristi Lucy was fourth in the hurdles and Mary Young was sixth in the hurdles.

Susan Dillard was second and Molly Walker was fourth in the 100 dash.

In the 60 dash Walker took second, Dana Cavanaugh finished fourth and Bynum was sixth.

Lorri Denney placed sixth in the 880 run while Holliday's mile relay unit took third.

In the field events Holt was sixth in the shot put, and Penny Parnell took sixth in the high jump. Halenack was fifth in the triple jump.

Casting split votes on both occasions Monday night the Holliday school board elected Lonnie Brackeen as its new president and Tommy Mankins as vice president.

Shortly after canvassing the April 2 election results and swearing in newly elected trustees Terry Parnell and Bob Martin, the board faced reorganizing its executive positions.

Trustee Joe Wells nominated Brackeen and Mankins nominated trustee Jack Ayres for the president's position, the post vacated by T.D. Whitehead, who did not seek re-election and was absent from Monday night's meeting.

Trustees voted on the president by secret ballot, and the small slips for paper used for voting indicated Brackeen was elected president 5-2.

Ayres nominated Coats for vice president, and Coats nominated Mankins for the same position.

By secret ballot Mankins was elected vice president of the board by a 5-2 margin.

Wells nominated Parnell as board secretary, who has responsibility of recording minutes of board meeting.

Ayres nominated Wells for secretary, but Wells

asked his name not be considered because of other responsibilities including presidency of Wichita Valley Water Supply Corp. Ayres honored Wells' request and withdrew his nomination.

Parnell was elected secretary unanimously.

Martin and Parnell, who collected the most ballots in the April 2 school board election, were sworn into office by Archer County Judge Bill Holder. They are filling the posts vacated by

Whitehead and Bob McDaniel, who resigned in the wake of a controversy over the school's coaching staff contracts.

The board now is Brackeen, president; Mankins, vice president; Parnell, secretary; and Wells, Ayres, Martin and Royce Coats.

Brackeen appointed two committees.

Serving on the bus committee will be Ayres, Parnell, Brackeen and Martin.

On the building committee will be Coats, Wells, Ayres and Mankins.

UIL regulations allow a student to receive a letter jacket in only one activity.

Lucy said the most equitable way to change letter jacket policy is to treat tennis and golf like track where an athlete earns a letter jacket by placing first or second in district competition.

Since volleyball is a team sport, Lucy said it should be handled like football and basketball where members of varsity squads receive letter jackets regardless of how much they play.

Lucy said if an athlete makes the varsity squad and reports for workouts, he or she deserves to be honored by a letter jacket.

Lucy said it had been the practice to award all senior athletes letter jackets if they had not earned one by their last year in high school.

The board accepted Lucy's recommendations. Trustees also heard a report from Bill Crabbs, high school principal, on proposed scheduling next year.

Supt. Ray Coe said he is investigating the possibility of using interest monies from bond issue money to finance the construction of a new band hall.

Brackeen elected trustee president

Holliday favored to win district

Fresh from a tournament win at Bowie, Holliday's high school tennis team is favored to sweep District 13-A this week at Midwestern State University.

Coach Ralph Klinkerman's 12-person squad will be playing in the district tournament today, Friday and Saturday at the MSU courts.

Holliday will be among six teams competing for District 13-A honors, Klinkerman said.

Top seeded Debbie Brown will be leading the Holliday charge.

First and second places will earn trips to the regional tournament, Klinkerman said.

At the Bowie tournament Holliday took first place with 18 total team points, trailed by Bowie

with 15.

Brown took first place in girls singles with a 6-2, 6-0 win over Bowie in the finals.

Kelly Rowell and Jane Parker teamed up for Holliday in the girls doubles, but were defeated by the Celeste team in the final round 6-3, 6-3.

Ellen Parker took top honors among freshman girls singles, outlasting a Bowie finalist 4-6, 7-6, 6-3.

In the varsity boys singles, Bob Berry made it to the semi-finals while teammate Andy Barton was eliminated in the quarter finals.

The team of Benny Ezzell and Bimbo Stone were edged out in the boys doubles finals, while Wells and Young narrowly missed the boys doubles consolation prize.

Mayor quits, Darr takes over

City council approves gas rate increase

Newly elected Alderman Jim Darr inherited the city's top executive post when Leo Chappell resigned as mayor in the midst of Tuesday night's Holliday City Council meeting.

The council also approved a 10.93 per cent rate increase for Lone Star Gas Company.

CHAPPELL QUILTS

In a surprise move Chappell submitted his verbal resignation effective Tuesday night.

Chappell, who was elected mayor a year ago, cited his reasons for resignation as "physical and medical." He said he had a heart blockage problem.

Chappell announced his resignation halfway into Tuesday night's meeting and after he had received a telephone call that he was needed at a Wichita Falls

hospital where someone was ill. Chappell also is a minister.

"I didn't want to say anything about this until you had elected a mayor pro tem," Chappell said, handing the municipal reins to newly elected councilman Jim Darr.

Chappell shook hands with the councilmen, city employees and visitors and departed city hall.

DARR IN CHARGE

Darr, a former Holliday mayor who had once sworn off politics, took control of the meeting with surprise and some reluctance.

He said he had decided to run for the council again to do what he could to help the city.

"I'll do the best I can," Darr said, pledging to try and maintain harmonious city operations.

Less than an hour earlier Darr and Melvin Bills were sworn in by Chappell as new councilmen. Fred Maier, who was re-elected to the council during the April 2 city elections, was working and unable to attend Tuesday night's meeting. He will be sworn in later.

Immediately after the oaths of office were administered Alderman Red Denney nominated Darr as mayor pro tem. Darr nominated Alderman Ben Ezzell to the same post.

Darr was elected mayor pro tem 3-1.

Later in the meeting after Chappell had left and Darr was at the helm, Darr mentioned in the middle of other discussion, "Did you ..."

"No," Ezzell said, sensing Darr wanted to know if the council had prior knowledge of Chappell's resignation.

Other councilmen indicated they had heard Chappell might resign, but brushed off the talk simply as rumors.

Chappell's resignation throws the council into an organizational turmoil be-

cause of the vacancy created on the council.

There were indications that Charles Parker, who was defeated by Maier 107-96 in the recent council election, might be appointed to fill the vacancy.

Although the city elects councilmen by place, Parker collected the most ballots of anyone not elected.

Technically, David Kucinski could fall heir to the vacancy since he would be filling the council spot to which Darr was elected.

Darr defeated Kucinski 131-75 for the Place 3 spot on the council.

It appeared Tuesday night the council would let the dust clear before making any decision on how to handle the situation.

GAS RATE HIKE

The council reluctantly voted Tuesday night to accept a user rate hike requested by Lone Star Gas.

The council had postponed action on the request for 120 days and Tuesday night was forced to either accept the proposal or challenge the request on legal grounds.

"The trouble with raising rates is that there's lots of retired people in Holliday and it sure makes it hard on them," Darr said in reference to persons on fixed incomes.

Buford Wright, representing Lone Star, said the hike asked for Holliday was less than the increase being asked in most surrounding communities.

He said the rate hike would amount to about 10.93 per cent and increase the average customer's bill by about \$1.86 per month.

Denney and Ezzell explained it would cost users more in the long run if the city were to fight the rate hike request.

Wright said customers would end up paying for it eventually, regardless what action the council took.

"Nobody likes it, but everything's going up," Ezzell maintained.

13-A meet is Monday

Holliday's junior high and high school boys track teams will travel to Saint Jo for Monday's District 13-A meet.

Although the varsity Eagles are assured some stiff competition, the junior high tracksters are high on the list of favorites having broken several records at area meets this year.

Coach Cody West's junior high boys will precede coach Bill Lee's varsity tracksters in each event Monday.

Preliminaries are scheduled to begin at 10 a.m. Monday at the Saint Jo track. Lunch break will be from 11:30 a.m. until 1 p.m. when the field events will begin.

Finals in the running events are slated to begin at 3 p.m. Monday.

The meet is expected to be finished by early evening.

HOME DESTROYED - A charred bathtub stands juxtaposed amid the ruins of a Holliday home that burned Tuesday morning. Located on Southwest Avenue, the home was owned by Louise Conway Loyd. No one was injured in the blaze reported shortly after 8 a.m. Tuesday.

Nine to compete in literary events

Holliday High School will send nine students to the regional UIL literary contest in Stephenville April 22-23, said Kay Lucy, high school speech and drama coach.

Dianna Wylie will represent Holliday in two events - poetry reading and journalism editorial writing - in the wake of her top performances on the district UIL competition level.

Karen Wilkerson will take the trip to Stephenville for prose reading, while Pam Franklin will be competing in poetry.

Stanley Craddock and

Steve Laukhuf will represent Holliday in informative speaking.

In journalism, Becky Snow will vie for feature writing honors, and Jody Collier earned a trip for headline writing.

Mark Romoser and Paula Beighley will be in the regionals for news writing.

Pam Franklin was named to the all star cast and Dianna Wylie made honorable mention during one act play competition Monday at Denton, although Holliday's play entry did not advance through the area competi-

Electronic diagnostic equipment and the proper tools for the job assure you of a completed repair which will not require your bringing the car in again for the same thing. Qualified technicians are fully trained to deal with any problem in a minimum of time and at the least expense.

Car dealers, fleet operators and other men who depend on a smooth running automobile have found the service and reliability offered by the Coleman's Automotive Repairs to be among the very best and as the writers of this 1977 Business Review we think you will too!

Petete's Drapery Center

Mr. H.L. Petete - Owner

Exciting, unusual custom made draperies await you at the Petete's Drapery Center at 3209 Cheryl in Wichita Falls, Texas. Phone 322-2404 for estimates.

One of the largest selection of drapery fabrics in this area can be found at this fine establishment. Extensive selections of solids, prints and drapery murals for every decorating scheme are featured.

The decorator trained staff will be pleased to discuss your color and texture needs at your home or in their shop. Decorative and hardy fabrics are also available here for use in businesses and stores. The staff will be glad to advise you on drapery for businesses and institutions.

Prices are reasonable and budget terms are available. The Petete's Drapery Center has been in this location for 17 years, serving satisfied customers. Mr. H.L. Petete himself does the installing. He also strongly recommends insulated lining for the drapes, also insulated shades, to help in conserving energy.

This 1977 Review and its editors, suggest that you do business with the Petete's Drapery Center today.

The writers of this 1977 Review suggest that you contact the Southern Bakery for all of your baked goods!

John's Tractor & Gas Co.

John Staber - Owner

To be efficient, a piece of farm machinery must be built to stand the rough use necessarily involved in the working of farm lands. John's Tractor & Gas Co. features the famous Massey-Ferguson line of farm machinery which has stood the test of years of rugged usage and has proven satisfactory in every phase to the farmers in this area. They also feature a complete parts and repair department so that when your equipment needs repair, they can give you the best service in the shortest time at the least possible expense to you.

Distributors of reliable L.P. gas, John's Tractor & Gas Co. has won the admiration and respect of area residents for their honest and neighborly business practices. They deliver propane in both bulk and bottled forms and assume the immense responsibility for heating many of the homes and farms in this section. Anyone interested in acquiring the versatility of gas should contact them at 855-1421. They also offer oil field and motor fuel service and have tanks for sale or rent.

Be sure and contact them first when in the market for any type of farm equipment. Just call for information or stop in the next time you are in the area and let one of their representatives show you the advantage of using Massey-Ferguson equipment to put your farm on a really paying basis.

In this Progressive Message, we, the transcribers, suggest you depend on the John's Tractor & Gas Co. at 4216 Iowa Park Rd. in Wichita Falls, phone 855-1421, for all your Massey-Ferguson farm equipment purchases, repair, service and propane.

Ember Shop

Sheppard Auto Parts

Don Turpin - Owner

When you need a hard-to-find part for your car, check with the area's leading auto parts store first! The Sheppard Auto Parts located at 4108 Burk Rd. across from Sheppard's main gate in Wichita Falls features parts for ALL cars and offers the kind of service that makes repeat customers out of everyone.

Whether you need a factory replacement item, or custom accessories for your car, this is one parts house that is never "fresh out!" Got a foreign car? Why pay exorbitant prices at the "specialty parts" store when the Sheppard Auto Parts has replacement parts and accessories for nearly all foreign cars? The same courteous, efficient service is featured, of course.

In compiling this 1977 Business Review, we, the writers, feel no profile of trade leaders of this community would be complete without prominent mention of this outstanding parts house.

Skunks helpful to farmers, but a disturbing nuisance

In rural areas where skunks find plenty of food and shelter away from man, they do little harm and in fact, are very beneficial to farmers and ranchers because of the harmful animals that they consume.

The diet of skunks consists of 50 percent insects and grubs, 25 percent mice and other small rodents, 10 percent vegetable matter, and 15 percent a mixture of spiders, millipedes, centipedes, reptiles, amphibians, birds and eggs.

However, when these animals den in areas close to man, their foul-smelling musk (a clear, golden yellow sulfide fluid known as n-butyl mercaptan) is a disturbing nuisance. Another problem stemming from populations of skunks is that they, along with foxes, are a major rabies reservoir and can infect domestic animals as well as people.

Skunks that are out in the daytime or that are aggressive should be treated with caution for they could be rabid. For further information on the habits and the control of skunks contact Deena Ball, Room 304, Federal Building, Wichita Falls; Phone # 767-4981.

PERSONALS

CARD OF THANKS

My family and I want to thank everyone who visited me, sent flowers and cards while I was in the hospital and since I returned home. Your thoughtfulness and interest will always be remembered and appreciated.

M.G. Moore

CARD OF THANKS

I shall always remember with deepest appreciation the many thoughtful deeds done to show concern for me during my stay in the hospital. Friends are indeed true treasures and prove this in so many ways as you did through visits, prayers, flowers, cards and calls. I am thankful to be back home and I pray that I will have opportunity to show my love and friendship for you as you have done for me. With sincere thanks,
