Aug. 18

520 W. GEMIN
IOWA PARK, TEXAS

WORKMEN ARE SCURRYING on all the Iowa Park campuses to complete what summer maintenance work is yet incomplete, to have them ready for the Aug. 29 opening. This equipment is preparing the base for a circle drive at the junior high campus, which will afford students a place to load and unload buses without being in the street.

Teachers go to work next week

Teachers of the Iowa Park school system will go to work next week in preparation for the Aug. 29 opening of a new school year. All new employees will be required to attend an orientation meeting Monday morning, and then the regular in-service program for all personnel gets underway Tuesday.

Superintendent of schools Faris Nowell will give the opening welcome and general orientation starting at 8:30 a.m. Monday. He will be followed by Harold Cowley, assistant administrator, who will cover business procedures, and then Bill Steger will explain transportation and cafeteria procedures.

Administrative personnel and responsibilities will be covered by Eleanor Miller, secretary to the superintendent; Georgia Kingcade, secretary to assistant administrator and payroll clerk; Lera Smith, bookkeeper and computer purchase orders; and Barbara Teel, secretary

to curriculum director, receptionist and vocational and general activity bookkeeper. The other three speakers Monday will be Dean Miller, curriculum director, on curriculum and instruction; John Sibley, director West Wichita County Co-op, plan A services; and Penny Nowell, coordinator, career education.

TUESDAY PROGRAM

Department coordinators and grade level chairpersons will meet at 8 a.m. in the high school library with the curriculum director before the entire faculty gathers at 8:30 in the cafeteria to hear from Trustee Roy Boutwell.

He will be followed by Supt. Nowell, who will give general comments and a welcome to personnel.

All of the various chairpersons and coordinators will hold meetings from 10:15 to noon. These include: Mike Priddy, math; Tom Venhaus, social studies; Patsy Todd, English; Wilbert Wynn, science; Jo Ann Davis, business education; Cherie Miller, physical education; Darrell Dick, music; Cowley, vocational; Sibley, Plan A; Jane Cowley, library; Helen Roberts, kindergarten; Kay Cole, first grade; Flossie Nunn, second grade; Eleanor Bell, third grade; Lucy Heard, fourth grade; Chris Cullison, fifth grade; and Perry Allen, sixth grade.

Following the noon luncheon in the cafeteria, but before personnel return to their assigned buildings for faculty meetings and building in-service, Venhaus will hold a meeting of Texas State Teachers Association members.

The entire faculty will attend a day-long in-service training session at Midwestern State Univ. in Wichita Falls Wednesday, sponsored by Region IX Educational Service Center.

Thursday and Friday, the faculty will utilize to prepare their lesson plans, visual aides and other activities covered under the in-service program.

VOL. VIII NO. 50 15 CENTS

First conviction issued under animal ordinance

An Iowa Park man was convicted in municipal court of neglecting to care for an animal, marking the first successful prosecution of a case filed under the city's new animal control ordinance. After more than two hours of testimony in municipal court here last Thursday, Jack Parker was convicted of neglecting to properly care for his Old English Sheepdog which was found dead July 17 in Parker's backyard at 117 James Drive.

Municipal Judge G.A. Benesh handed down the ruling and fined Parker \$50 plus \$2.50 state tax. Parker, who had entered an innocent plea, was given 30 days to pay the fine.

Benesh said he thought Parker had tried to care for his dogs, although he had been negligent to a degree.

The unusually lengthy municipal court session included sworn testimony from eight witnesses.

First person to take the stand was Harry L. Skinner, Iowa Park's animal control officer.

Skinner said he found the Old English Sheepdog dead on the morning of July 17. He said the dog was chained inside a fenced backyard at 117 James Drive.

Skinner said there was a "double handful" of dry dog food scattered beside the dog. A nearby water pan was turned upside down. "It was totally dry," the animal control officer testified.

He estimated the animal had been dead 14-15 hours, was swollen and infested with maggots.

Under cross examination by Parker, who acted as his own attorney, Skinner said he could not determine if the dog had died of dehydration or by chain strangulation while fighting with other dogs.

Sgt. Charles Whittingstall of the Iowa Park Police Department testified, "There was no water there at all. Just a little food scattered around." He estimated the canine had been dead 20 hours when it was discovered.

Next on the stand was Toni DeStefano, director of the Humane Society of Wichita County, who said she received a complaint from Robert Sumner of 119 James Drive.

Mrs. DeStefano dispatched a professional photographer, Becky Chaney, to the scene. Five 8x10 black and white photographs were entered as evidence.

"He (the dog) did not die in violence," Mrs. DeStefano stated

under examination by Benesh. She said the position in which the dog died, stretched out full length, was typical of animal death by heat prostration.

She admitted the dog could have turned over his water bowl immediately after it had been filled and he had drunk from it.

Continued on page 9.

Registration for Iowa Park Schools

BRADFORD AND KIDWELL

All children in the Iowa Park School District, grades One through Four are to register at their respective schools, Bradford or Kidwell, Friday or Monday from 8:30 a.m. to 12 noon, and from 1 to 3:30 p.m. Up-to-date immunization records are necessary for all students. Certified birth certificates for all first graders new to the school district is required for admission.

VALLEY VIEW

Only students new to the district will register for the 5th and 6th grades. These students are to report to the Valley View School, Friday or Monday, anytime between 9 a.m. and 12 noon, or 1 p.m. and 3 p.m.

JUNIOR HIGH

Only students new to the district will register for the 7th and 8th grades. These students are to register on Aug. 25 and 26, anytime between 8:30 a.m. and 12 noon, or 1 p.m. and 3:30 p.m. at the Junior High School.

HIGH SCHOOL

Any student new to the district should report to the High School at the earliest time possible to enroll. Schedules and locker assignments should be picked up as follows:

- Seniors 9:00 a.m.-12:00 p.m., August 25
- Juniors 1:00 p.m.-4:00 p.m., August 25
- Sophomores 9:00 a.m.-12:00 p.m., August 26
- *Freshmen 2:00 p.m.-4:00 p.m., August 26

*Freshmen are to report to the High School auditorium when arriving at 2 p.m. for Freshmen orientation.

No class changes can be made by high school students, according to Principal Bob Dawson, who points out "June 30 was the last day a student could change a schedule."

Grand jury returns multiple indictments

Multiple indictments have been returned by the Wilbarger County Grand Jury against Dr. Paul J. Parkey, formerly of Iowa Park, who was charged with participating in a cattle rustling operation.

Parkey, who is free after posting a \$35,000 bond, was indicted by the Wilbarger panel last Friday.

Parkey was indicted on one charge of theft over \$10,000 and five charges of theft over \$200.

Darrell R. Thedford, a Vernon pharmacist, also was indicted on one theft over \$10,000 and on five charges of theft over \$200.

The indictments stem from an

alleged series of cattle thefts said to have extended from Gainesville, Booker and Dublin to Clovis, N.M., between Dec. 30, 1976 and March 19.

Also indicted in connection with the case were three truck drivers.

William Davis Lewis of Colorado and Frank K. Simmons of Fort Worth each was indicted on one charge of theft over \$10,000 and six charges of theft over \$200.

Jerry Malone of Fort Worth was indicted on one charge of theft over \$10,000 and one charge of theft over \$200.

The case involves the alleged theft of almost 300 head of cattle, three trucks, pickup trucks and trailers.

Rebate above state average

City sales tax rebates to Iowa Park surpass the state average increase.

The average Texas city has realized a 19 per cent increase this year in sales tax rebates while Iowa Park most recently recorded a 22 per cent increase, according to the state comptroller's office.

Iowa Park received \$2,880.46 in sales tax rebates for the month long period ending July 29. That compares to a rebate of \$2,636.60 for the same period last year.

Total sales tax rebates to the city since January total \$35,444.50 as compared to reimbursements totaling \$28,909.93 for the same period in 1976.

Attorney denies death is faked

A Fort Worth attorney has denied charges that missing Iowa Park grain dealer Bobby Johnson staged a "fake" death and made false statements in application for a \$1-million life insurance policy.

Joseph Colvin, a Fort Worth lawyer, filed legal papers in the Wichita County District clerk's office in answer to allegations in a suit by American General Life Insurance Co.

The insurance company has asked that its \$1-million life insurance policy with Johnson be ruled null and void, claiming that Johnson "deliberately planned and contemplated a fake death for the purpose of collecting the insurance proceeds due under said policy through the beneficiaries named in the policies."

Colvin denies Johnson made false statements in application for the policy. The attorney also denies the Iowa Park man faked death for the purpose of collecting the insurance.

Colvin asked that the petition filed by the insurance company be denied and the life insurance policy on Johnson be declared a valid contract.

In another motion filed with the district clerk, Colvin asked that the insurance company's suit be overthrown until brother of the missing man H.C. Johnson, as owner of the insurance policy, and Mrs. Anita Johnson, as administrator of the couple's community property, are brought into the suit.

Neither was named in the original petition.

School budget to be adopted

Iowa Park school trustees are to meet in a called session at 7:30 this evening in the administration building to present the 1977-78 budget for adoption, and set the coming year's tax rate.

At the regular monthly meeting last week trustees heard a preliminary budget report by Harold Cowley which set the school's expenditures over the \$3-million mark for the first time. The figure also includes the West Wichita Cooperative, which is the Plan A

Chamber directors hear project reports

Reports of past and future projects were made Monday at the regular monthly meeting of the Iowa Park Chamber of Commerce board of directors.

Mrs. Gus Rich told directors the Crazy Day promotion was by far the most profitable and best participated project of the Retail Merchants

Association in a number of years. She added that the group would attempt to have even more activities next year when the sale is held.

Mrs. Rich also reported on the Christmas decorations project, saying that letters have been sent to merchants asking for donations and confirming of pledges already made

toward the purchase of new decorations. The old decorations are so battered they can no longer be used.

"We've got to get the program started somewhere, even if it is to replace only one or two of the old

Continued on page 5.

REVITALIZING BYWAYS - Wichita County street crews converged on Iowa Park this week, resurfacing several miles of long neglected city streets. Seven miles of streets were scheduled to be paved according to a priority list compiled by municipal officials.

Stovall-Henson vows read in garden setting Friday

The marriage of Miss Sherry Gayle Stovall and John Edd Henson took place Friday evening in the

garden of the home of the bride's parents, Mr. and Mrs. Glen Stovall in Wichita Falls. The groom is the son

of Mrs. Maxine Henson of Iowa Park and the late Edd Henson.

The Rev. Jimmy Johnson,

pastor of Grace Baptist Church in Iowa Park, performed the double ring ceremony. The decorative

setting featured hanging baskets and green plants combined with blue and white floral arrangements.

The bride's father gave her in marriage. She was attired in a long peasant-style dress of white eyelet accented with a ruffled bodice. She wore a light blue picture hat and carried a bouquet of blue and white daisies and baby's breath.

Debra Satterfield was bridesmaid and carried a long stemmed white carnation to complement her costume.

Gene Bond served as best man for the groom. Ushers were Ricky Stovall and Eddie Henson, brothers of the bride and groom.

The refreshment table was covered with a blue and white cloth and appointed with a three-tiered cake decorated with blue and white frosting flower and potted plants during the reception. Debra Satterfield and Elaine Logan served at the table.

The couple went to Oklahoma City on their

MRS. JOHN EDD HENSON

wedding trip. They will live at 2802 Boren in Wichita Falls. She was graduated

from Hirschi High School in 1975 and he attended Iowa Park High School.

Rural schools reunion slated

Homecoming will be held Saturday in the Community Center in Electra for persons who attended Sunshine Hill and Barwise rural schools. Those who attended the adjacent rural schools are also welcome to attend.

For further information, call Mrs. Loyd Bell at 592-4993 evenings.

Mr. and Mrs. Marvin Brixey, 1014 Louisa, are announcing the birth of Heather LeNee, born at 9:57 a.m. Saturday in Wichita General Hospital weighing six pounds, four ounces.

She has an older sister, Melony, six.

Grandparents are Mr. and Mrs. Robert L. Eastman of Burkburnett and Mr. and Mrs. V.M. Brixey of Springhill, La.

VANESSA FLETCHER

Couple sets wedding date

The engagement of Miss Vanessa Fletcher and Gary Burris of Alamo is being

announced today by the young lady's parents, Mr. and Mrs. Bennie Bagley. He is the son of Mr. and Mrs. C.A. Burris of Kopperel.

The wedding will take place in September.

Miss Fletcher was graduated from Iowa Park High School in 1976 where she was in cosmetology and secretary of VICA. She attended Midwestern State University and Vernon Regional Junior College and is presently doing private nursing.

The future groom, a graduate of Wichita Falls High School, is employed by Rosser Testing in McAllen.

Charter bus tour planned

Myrna Robinson, site manager of Friendly Door, has announced that reservations for a tour to Branson, Mo. Oct. 3-5 must be made by Sept. 1. She can be contacted at 592-9311 or 592-4932.

The group will travel by way of Oklahoma Transportation bus. The cost for the trip which will include lodging for two nights and a show each night will be \$75 per person for double occupancy. The group will see The Shepherd of the Hills and The Bald Knobbers and also tour Silver Dollar City. Mrs. Robinson said that cash or check must accompany reservations.

Doug English, Social Security representative, spoke to 40 members of Friendly Door Monday and Mrs. O.E. Lochridge will direct a singsong today. Diversion each day includes "42", dominoes and shuffle board. Mrs. Robinson, in commenting on the recent Crazy Day dinner, stated that much of the success of the meal went to Mmes. Floyd Adams, Joel Cathey, Harold Cowley, Gene Owens and Afton Pike.

HERE TODAY

Connie Williams to compete for district queen title

Laura Lynn Littrell

Connie Williams of Iowa Park will be among five county Farm Bureau queens who will vie for the District III crown during competition at 7:30 p.m. today at the Iowa Park High School auditorium.

Winner of the district title will go to the Texas Farm Bureau convention and state-wide queen's contest Nov. 27-30 in Houston.

Entered in the contest tonight are queens from Wichita, Clay, Montague, Wilbarger and Haskell counties.

Representing Wichita County will be Miss Williams, 19, daughter of Mr. and Mrs. Norman Williams of Iowa Park. She won two weeks ago over a field of six other

girls. Darlene Mahler, 17, of Iowa Park was runner-up to Miss Williams.

Leigh Ann Schenk will represent Wichita County in the Talent Find competition. Clay County will be represented by Jill Whitaker, 20, daughter of Mr. and Mrs. Joe Ben Whitaker of Henrietta.

Elaine Bunting, also of Henrietta, was runner up.

Kenda Coleman was selected Talent Find winner over a field of seven contestants.

Montague County queen is Darla Murphey, 18, daughter of Mr. and Mrs. John A. Murphey of Nocona. She is enrolled at Midwestern State University next semester.

Talent Find contestant for Montague County is Mark Wright of Nocona.

Wilbarger County queen is Carla Jan Fitzgerald, 17, daughter of Mr. and Mrs. Robert Fitzgerald, will be a senior at Northside High School.

Runner-up honors went to Bambi Radar of Vernon. Pamela Lindley will enter the Talent Find competition. She is from Vernon. Haskell County selected

Brenda Hill, 18, daughter of Mr. and Mrs. Melvin R. Hill of Haskell. She is a sophomore music major at Hardin Simmons in Abilene.

Miss Debbie Aycock was runner-up to Miss Hill over a field of three contestants.

The current district queen, Amy Ludeke of Burkburnett, will crown the new queen at the conclusion of the program.

Edward M. Cumbie, TFB Area Field Representative of Bronte, will be master of ceremonies.

Marvin Phemister, state Farm Bureau director of Weinert is arranging the program with the help of Mrs. Ruth Gard, Wichita County Farm Bureau office secretary.

The public is invited to attend the contest.

Former resident marriage is told

Mr. and Mrs. John P. Weisensee of Wichita Falls, former residents of Iowa Park, announce the marriage of their daughter, Mary Catherine, to Douglas Allen Marty, son of Mrs. Wilma Marty of Wadsworth, Ohio.

The wedding was officiated by Father James Vander Plaats August 6 at Grants Pass, Oregon.

Mrs. Marty was graduated from Iowa Park High School in 1968 and from the University of Texas at Arlington in 1972. He was graduated from high school at Wadsworth in 1972 and served six years in the U.S. Navy.

After a trip to California, Colorado and South Dakota, the couple will be at home at Phoenix, Oregon where she is employed in Social Welfare for Oregon State and he is a senior at Southern Oregon State University.

Puppet show slated Friday

Dean Miller and his puppets will provide the program for the monthly meeting of the Iowa Park chapter of AARP Friday at 10 a.m. in Texas Electric Reddy Room.

The local chapter which was organized two months ago now has 62 members who strive to keep informed about legislative issues being considered by congress and state legislatures which are of special concern to older persons. Any person over 55 years of age, whether retired or not, is eligible to join the local chapter.

"There are moments when everything turns out right. Don't let it alarm you; they pass." Jules Renard

Announce engagement

Mr. and Mrs. Ira M. Littrell Jr. of Wichita Falls are announcing the engagement of their daughter, Laura Lynn, to Jackie Paul Perkins, son of Mr. and Mrs. Robert Paul Perkins of Iowa Park.

Alpha Phi Omega fraternity. He works for Hodges Well Service Co.

October 15 is the wedding date chosen by the couple.

Certificates ready for book readers

Mary Bludnick, librarian announced this week that certificates for young people who read 12 books or more during the Summer Reading Program are ready and can be picked up at the Iowa Park Library. Prizes will also be given to those reading the most books on different reading levels.

ARTIFACTS ON DISPLAY - Mrs. Faris Nowell has loaned her Indian artifacts to the Iowa Park Library, to remain on display the rest of August. The collection, which includes not only tools and jewelry, but pieces of cloth and matting

as well as numerous works of pottery, dates back to about 900 A.D. The Nowells have recovered the articles from a digging in Catron County, western New Mexico, over the past 20 years.

4-H CLUB News

There were 40 members who attended the Wichita County 4-H day camp held at Camp Perkins on August 5. Programs included the Sentry dogs from Sheppard Air Force Base and John Brown of the Texas Department of Public Safety. A swim in the river was followed by a watermelon feast. Macrame was taught and there was a softball game. A wiener roast and dance concluded the day's event.

There will be a 4-H Leader Workshop for Horse Judg-

ing Training at the Texas 4-H Center in Brownwood on September 24 and 25. This will be for adult as well as teen leaders. The training will be presented by B.F. Yeates and Doug Householder. For a copy of the detailed program contact Corky Redden, Assistant County Extension Agent, at 766-0131.

The 4-H Beef Club will meet on September 6 at the County Agricultural Extension office. The purpose of the meeting will be to aid in the education of feeding and fitting beef cattle for shows. There will be a film on this subject.

"Today most of your electricity is made with cheap natural gas. But this gas will be gone soon. How will we supply the electricity you'll need then?"

"About 70 percent of the electricity you use today is generated in plants that run on natural gas. Most of it is gas we got at a low price many years ago. But those long-term contracts will expire soon.

At the Monticello plant near Mt. Pleasant, two lignite coal units are in operation now and a third unit is under construction.

This is why our construction budget is nearly a quarter-billion dollars this year — so we can continue building plants that can use other fuels, specifically lignite coal and nuclear.

One reason for Texas Electric's low rates is low cost gas contracted for years ago. As the chart on the left shows, more than half the fuel we use now is cheap natural gas. But our contracts for this gas expire soon. The chart on the right shows how we will replace this gas by 1983 with more abundant fuels.

By 1983, over 80 percent of your electricity will come from coal and nuclear fueled plants. This is how we intend to continue supplying you with the electricity you'll need."

Electricity. You count on it today. We're working to keep it that way.

W. N. HOUSE, Manager, Phone 592-4149

IOWA PARK

111 So. Main
Henrietta

Parker Square
Wichita Falls

301 N. Wall
Burkburnett

Kirby Sewell, senior electrical engineer for TESCO, checks construction progress at the Comanche Peak nuclear plant site.

Lee chairman of United Way

Charles Lee, manager of Cryovac, will serve Iowa Park as chairman of the 1977 United Way Campaign, Dick Waggoner, General Campaign chairman announced.

The drive, which officially kicks off Sept. 8, has a goal of \$1,112,800.

"This money is budgeted annually for 31 agencies in Burkburnett, Wichita Falls, Sheppard Air Force Base and our own Senior Citizens Center in Iowa Park," Lee explained. "The success of this drive means that these services can be continued for the benefit of all our North Texas citizens."

Lee pointed out that Iowa Park

participates actively in many other agencies based in Wichita Falls "and it's essential that these services be continued so that they are available when our citizens want or need them."

Tom Crane, of Wichita Falls, was named vice-chairman of the campaign and Mrs. Pat Norriss, Burkburnett, chairman.

Crane announced that the slogan "One For All" will be used during the drive illustrating the campaign message "one money-raising effort for all 31 United Way agencies."

"The services offered by United Way funded agencies enhance the

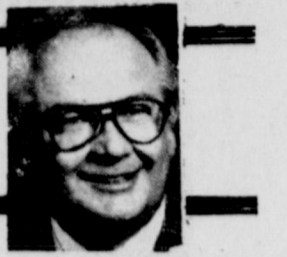

communities of Iowa Park, Burkburnett, Wichita Falls and Sheppard Air Force Base, and a combined effort of all communities will assure us of reaching our goal," Crane said.

Completion of the organizational structure with the announcement of divisional chairmen "should be within the next two weeks," Lee said.

Lee came to Iowa Park from Grinnell, Iowa. He is past president of the Rotary club, past president and now member of the board of directors of the Chamber of Commerce, and an active worker in the United Way.

As I See It...

by BOB HAMILTON

Is America's postal service system on a self-destruct course? Apparently so.

I made a mistake, along with thousands of others, back several years ago, criticizing the post office for not paying its own way, and being so political in its job opportunities.

I was wrong. What I wanted seemed practical at the time, but I forgot one major item: the mailing system's primary objective is a public service.

But it won't be for long, the way things are going.

The Postal Reorganization Act mandated the Postal Service to become self-supporting. Personnel have tried, since the "new order" system went into effect in 1971, but it has floundered.

Now the rush to disaster has been even more accelerated by a decision last December of the U.S. Court of Appeals in Washington which endorsed the Postal Service's "business" posture, and ordered the earliest possible implementation of a totally cost-based rate system, with no consideration of public policy or market factors permitted.

The Postal Service, since its inception, has been able to continue only because of emergency appropriations by congress. So, in order to become self supporting, several new ideas have been offered, with rate

increases heading the list.

For instance, are you aware that second class postal rates, such as the mailing for newspapers and magazines, have increased over 500 per cent in the last five years? And now, the Postal Service has filed a formal request to raise rates by another 30 per cent over this already inflated base! But there are some other provisions which would make that actually higher, when the small type is studied.

Coupled with these rate increases are the Postal Service's plan to further reduce basic services. We all know of the plan to eliminate Saturday delivery of mail by early next year. Even more frightening is the section of the new rate filing in which the Postal Service relates how much money it could save by going to three-day delivery. Still another plan calls for the slowing of overnight processing of mail, the peak period of mail volume, to save money.

I'm surprised they haven't come up

with a proposal to just eliminate postal service. But maybe that's the intent, without saying so.

There is some help on the horizon, however. Offered by James Hanley of New York and Charles Wilson of California, H.R. 7700 would make appropriations available for the postal department, take care of the Court of Appeals decision, and provide for the congress and the president to have a role in setting postal policy.

All three are important, because a public service must be aware and responsible to public desires, you see.

I encourage you all to write the president, our senators and representatives, asking their support of H.F. 7700. Our oldest and most dependable system of communications is in real trouble, if we don't.

George Washington described the postal system as an unique communications network, "a chain which can never be broken."

The unbreakable chain is breaking.

Local elevator situation prompts government

The involuntary bankruptcy suit against Robert Johnson Grain Co. and Geronimo Elevator Co. has prompted a public hearing scheduled Aug. 27 in Wichita Falls to review protection provided farmers storing grain in bonded warehouses.

U.S. Rep. Bob Poage said the House Agriculture Subcommittee on Livestock and Grains will hold the hearings scheduled to begin at 10 a.m. Aug. 27 in Hardin Auditorium at Midwestern State University.

Poage, vice-chairman of the House Committee on Agriculture, said the hearings are the result of reports that large amounts of grain were missing from the Geronimo Elevator Co. and Robert Johnson Grain Co. following the involuntary bankruptcy of those firms.

A request for the hearings was made earlier this year by U.S. Rep. Jack Hightower of Vernon.

"This hearing is to determine if

present laws provide adequate protection to farmers storing grain in bonded warehouses," Poage said.

"Considering the great risks our farmers must already take with the weather and fluctuating market prices, it is important that we do our best to assure them that their grain is safe when stored in bonded warehouses," he continued.

He said interested persons are urged to testify for the subcommittee hearing.

Persons wanting to testify should contact Janel Howard or Iris Sims by Aug. 25 at Hightower's office by calling 767-0541.

Chamber

decorations at a time. We must get the pledges in this month so we can know what our purchasing power is," she told directors.

It was pointed out that the Optimist Club will donate a large Christmas tree, 16 or 18 feet tall, for downtown decorations. The club annually holds a tree sale as a fund-raising project.

A Christmas parade is planned to kick off the season shopping early in December, and a Santa Claus is to visit in stores during the season. It is also being considered to have the Muleskinners to serve an on-street meal as the group did during the Bicentennial celebration.

College credit classes offered

Registration will be Aug. 29 for extension courses offered in Iowa Park by Vernon Regional Junior College.

Registration is scheduled for 6:30 p.m. Aug. 29 at Iowa Park High School. Classes also will begin on that date.

The college credit classes offered here on Mondays at 6:30 p.m. will include Business Law, Composition and Grammar, U.S. History to 1865 and General Psychology.

At 6:30 p.m. Thursdays courses to be offered will include Introduction to Business, Real Estate Principles and Practices, College Algebra and The American Political System.

To be eligible to enroll persons must be at least 19 years old and hold a high school diploma.

Clothing store is burglarized

Burglars escaped with more than \$500 in the Friday night burglary of the Velfree Shop at 208 W. Bank, according to Iowa Park police.

The burglary was reported at 10:13 a.m. Saturday.

Investigating officers said entrance to the clothing store was made by removing an air vent on the roof.

Burglars left behind on the roof a pair of pliers and a nail puller, police said.

Burglars made their way through the roof into a dressing room. A total of \$515.43 was removed from a filing cabinet in the store's office, police said.

In other police activity this week

Sgt. Charles Whittingstall suffered a cut on the head while helping to rescue a cat.

The police department received a report at 3:30 p.m. Tuesday that a cat had fallen into a water well at 105 W. Pecan.

Whittingstall and Harry Skinner, Iowa Park animal control officer, responded to the call. Skinner climbed down ten to 12 feet into the well to retrieve the cat.

When the young owner of the cat reached down to get the cat from Skinner, the anxious youth let go of the well's heavy wooden lid and it fell on Whittingstall's head. The cut required stitches.

Fans can see Eagles 85 miles away

Holliday football fans willing to make the 85-mile trip will have an opportunity to see the Eagles in action Friday night during a pre-season scrimmage at Knox City.

Four scrimmage sessions will be played, according to head Eagle mentor Don Lucy.

Holliday's freshmen Eagles will go up against Knox

City's high school newcomers at 6:30 p.m. Friday.

A scrimmage of the varsity units will follow, and then the junior varsity squads will knock heads before the varsity units return for another round to complete the pre-season test.

Although Knox City competes in another district, the Eagles will have their pre-season debut against

another Class A team.

Knox City's varsity squad was picked by Texas Football magazine editors to finish third in District 7-A competition this year, coming off last year's 4-6 campaign.

For many Holliday fans Friday night also will offer them their first look at newcomers to the Eagle coaching staff.

Matt Robinson will join Lucy and Bill Lee on the sidelines of varsity games, while Cotton Davis will join Cody West and Ralph Klinkerman coaching the younger players.

Another pre-season scrimmage is scheduled for the Eagles Aug. 26 when the Olney Cubs visit Holliday.

The varsity's first regular season game is scheduled for 8 p.m. Sept. 2 in Nocona, however, there is a possibility location of the game may be switched to Holliday.

Seventh, eighth and junior varsity teams will not see regular season action until Sept. 8 when Electra invades Big Red country.

OPTIMISTIC EYE - Don Lucy, Holliday head football coach, concentrates on team's performance during two-day workouts. Three Eagle units will venture to Knox City for scrimmages beginning at 6:30 p.m. Friday.

Tax rebate is doubled

City sales tax rebates to Holliday have increased more than twice as much as the average Texas city.

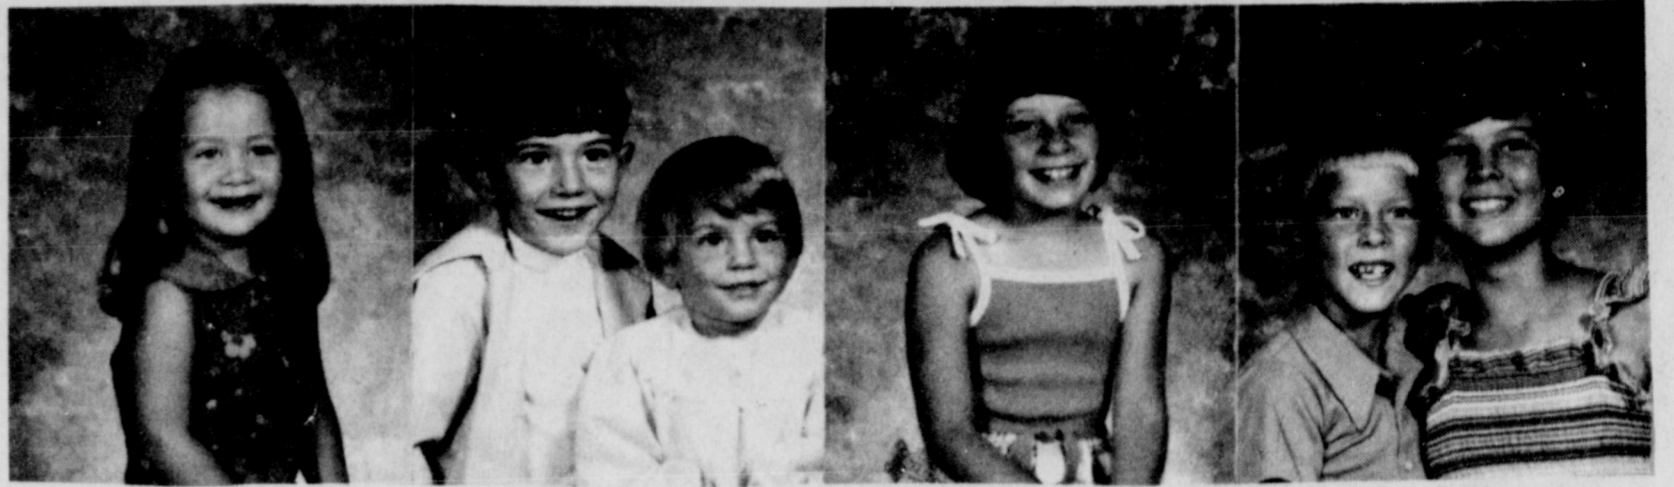

Reimbursements to the city are up 41 per cent as compared to last year. The average Texas city is experiencing a 19 per cent increase, according to the state comptroller's office.

Holliday was reimbursed \$1,548.46 for the month long period ending July 29.

During the same time period last year the city received \$1,004.88.

So far in 1977 Holliday has been reimbursed \$14,608.90. Holliday received \$10,359.21 during the same period in 1976.

Citizens of Tomorrow

Wendy Michelle Turner, 3, is the daughter of Mr. and Mrs. Wendon Turner of Holliday.

Three remain in hospital

Three Holliday youths remained hospitalized Wednesday following a one-car mishap that killed Gordon Kent Cornelison, also of Holliday.

Cornelison, 16, was pronounced dead-on-arrival at Wichita General Hospital after the accident which occurred at 11:15 p.m. Friday at Ford and Mells

roads in Archer County. The intersection is located 4.2 miles south of Holliday.

The vehicle carrying six Holliday teenagers was traveling east on Ford Road when it failed to negotiate a left turn onto Mells Road and overturned into a ditch, according to the Department of Public Safety.

Three of the teenagers

remained hospitalized Wednesday suffering injuries sustained in the accident. They include Kim Addison, Mindy Lowder and Brian Parks.

Each of the hospitalized youths is 15 and a student at Holliday High School. All three were listed in fair condition Wednesday, according to officials at

Wichita General Hospital.

Two other Holliday youths, Ricky A. Davis, 16, and Gary Chambers, 16, were treated and released from the hospital following the mishap.

Funeral for Cornelison, who would have been a sophomore at Holliday High School, was held Monday in Bowie.

Three adult business courses offered here

Three adult business courses are planned in Holliday by the Vernon Regional Junior College Division of Continuing Education in cooperation with the Holliday Independent School District.

Beginning Shorthand I is scheduled to meet at

Holliday High School from 6:30 to 9:30 p.m. for 15 Thursdays beginning Sept. 1 and ending Dec. 15.

Judy Breneman will be the instructor.

Basic Bookkeeping II is scheduled to meet at Holliday High School from 6:30 to 9:30 p.m. for 15

Mondays beginning Aug. 29 and ending Dec. 12.

Ronnie Ayers will be the instructor. This class is offered especially for those who took Basic Bookkeeping I last spring at Holliday High School. Persons who have had an introduction to bookkeeping in high school or elsewhere are welcome in this class.

Beginning Typing I is scheduled to meet at Holliday High School from

6:30 to 9:30 p.m. for 15 Tuesdays beginning Aug. 30 and ending Dec. 6.

Barbara Brewer will be the instructor.

The fee for each course is \$5. Books will be provided. Advance registration is encouraged.

Interested persons may secure registration forms from Ray Coe, superintendent of Holliday Independent School District, or by calling Dr. Jim Fritze at 552-6291 in Vernon.

Holliday Happenings

An ordinance to outlaw trash burning by residents is expected to highlight the 7 p.m. Tuesday meeting of the Holliday City Council.

More than 70 persons including 16 firemen and their families congregated to city hall Friday night for the Holliday Volunteer Fire Department's hamburger supper. Hamburgers, volleyball and horseshoes filled the agenda.

City officials were notified last week that a dog had

been found dead in a vacant car here. The dog apparently was locked accidentally in the car by a child. The animal was thought to have been dead about a week.

Have you noticed the new Texas flag flying at Holliday City Hall?

Holliday school trustees are expected to meet in executive session sometime next week to approve the district's new budget.

Registration dates given

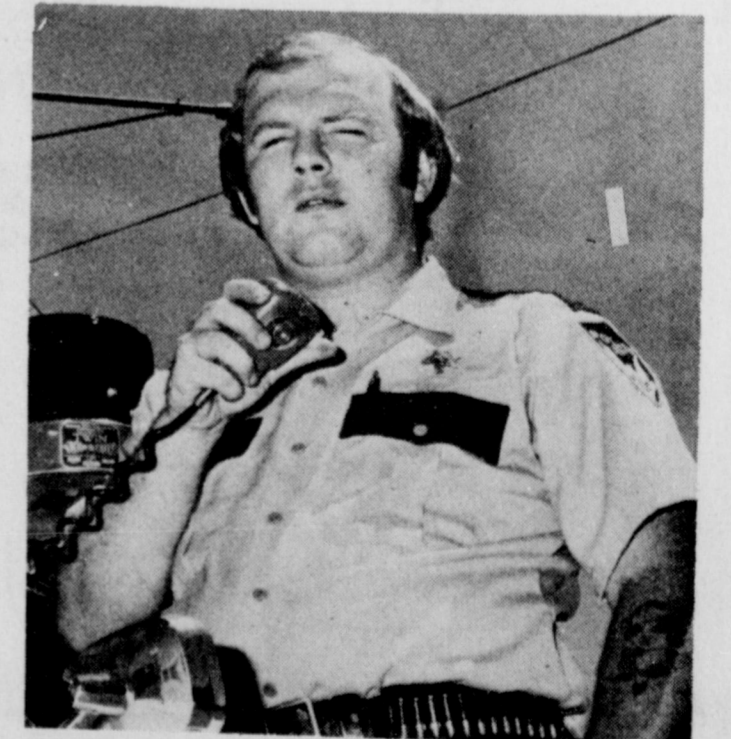

All new students in kindergarten through sixth grades attending Holliday schools for the first time will be required to pre-register Tuesday and Wednesday, said Dan Owen, elementary principal.

Pre-registration will be conducted from 8:30 a.m. until noon Tuesday and Wednesday in the element-

ary principal's office, Owen said.

Any kindergarten students who did not attend the pre-kindergarten registration in May also are asked to register during the two days next week.

All immunization records also are to be up to date for any elementary school students entering Holliday schools, Owen said.

NEW POLICEMAN - Dennis Rees, 28, has assumed duties as Holliday's new police officer.

Season tickets to go on sale here Aug. 30

Season reserved seat tickets for Hawk football games to be played here will go on sale to the general public Aug. 30, according to Principal Bob Dawson.

Option seat holders have until Aug. 26 to

renew options on the seats they now hold. Option holders are those who have renewed their options annually since donating to the construction of Hawk Stadium.

Season ticket sales to the public will begin at 6:30 p.m. Aug. 30, Dawson said.

Price for tickets per game will be \$2, when season tickets are purchased. That price includes a reserved seat.

Single game tickets will be \$3 for reserved seat, and \$2.50 for general admission.

The Hawks will play six games at home this year, including Lawton, Hirschi, Burkburnett, Brownwood, Mineral Wells and Graham.

Kid football sign-up set

Sign-up for the Top of Texas Kid Football program will begin at 5 p.m. Saturday at the ASCS building.

Boys interested in playing this year should bring at least one parent when they register. All coaches and coordinators will be there and answer any questions at that time about the program.

Players must be eight years of age and not older than 12 by Sept. 1.

Junior high dates given

Athletes who are planning to go out for junior high football are to have their physicals completed by Aug. 27, and be ready to start workout the following Monday.

Forms for the physicals are available at the junior high office or Iowa Park Clinic.

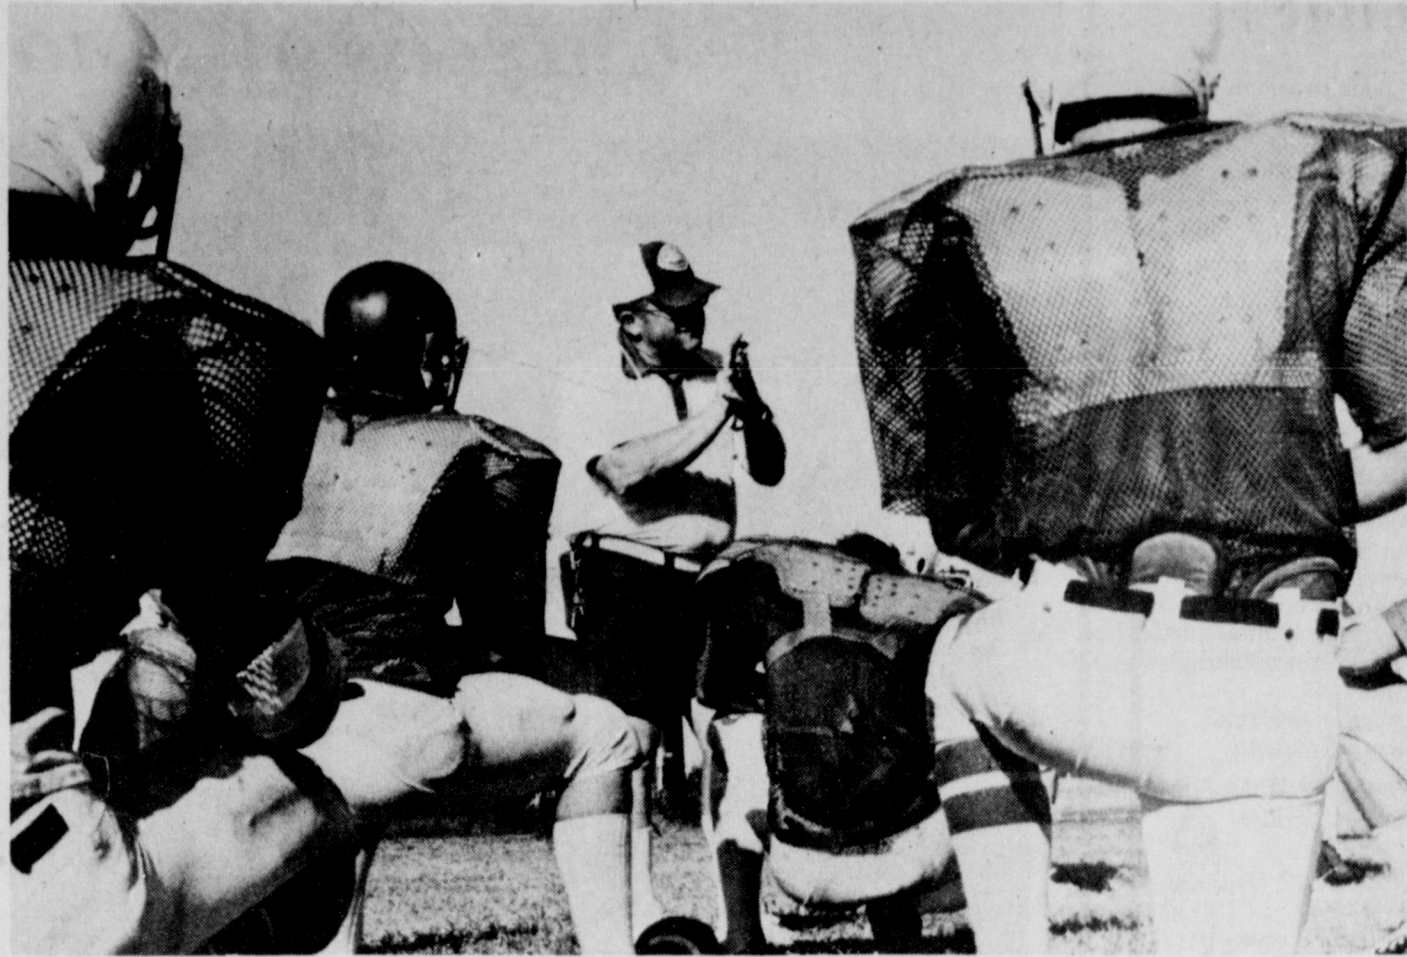

The physicals are to be turned in, as well as \$9 for insurance, when players are issued their equipment, also on the 27th.

Eighth grade players will be issued equipment between 7 a.m. and noon, and seventh graders between 1 and 5:30 p.m. Workouts will start the first day of school, Aug. 29, in preparation for the season opener Sept. 6 against Burkburnett.

Coaching staff introduction set

The entire football coaching staff will be introduced Monday evening when the Hawk Booster Club holds its first meeting of the season, according to Otis Waldrop, president.

To begin at 7:45 p.m. in the high school cafeteria, the film of tomorrow's scrimmage at Grapevine will also be shown, if it can be processed in time, Waldrop said.

WORDS OF INSTRUCTION about the fine points of playing football are given the Hawks by Coach Pat Tone, as he and his staff conduct two-a-day workouts. Fans will have their first opportunity to see the team under fire

Friday, when the varsity, junior varsity and freshmen travel to Grapevine for a pre-season scrimmage. The freshmen and junior varsity will start their play at 5:30 p.m., with the varsity following at 7:30.

Municipal Court Records

Results of municipal court held here last Thursday were:

Debra Lynn Smith, public intoxication, \$25;

Jack Parker, violation of animal control ordinance, \$52.50;

Jeoner G. Perkins, negligent collision, \$27.50;

Julie Ann Cope, disobeyed stop sign, dismissed.

Correction

Last week's municipal court report that the charge against Robert J. Sumner for animal abuse had been dismissed proved to be a simple mistake made at Iowa Park City Hall.

"It was an error at city hall," said Gene Britton, city administrator, who filed the erroneous complaint.

"I just got the wrong address. It was supposed to be against Mr. (Jack) Parker," the city official explained.

Sumner lives at 119 James, and Parker lives at 117 James.

Ordinance

Continued from page 1.

First witness called by the defense was Bob Russell of Iowa Park, who had been asked to feed and water the dog in Parker's absence. He said he had fed and watered the dog between 6:30 a.m. and 7 a.m. on the day prior to the animal being found dead. He said he did not check on the animal July 17 because the Parkers were scheduled to return home that day.

Parker's son, William Ray of Wichita Falls, testified the family's dog usually had access to shade. He said the dogs were chained because they had a tendency to dig under the fence and fight with other dogs in neighboring yards.

Barbara Parker also testified the dogs had access to shade most of the day.

A large portion of the testimony centered around whether the animals had proper shade. More than ten photographs were submitted as evidence by both defense and prosecution to establish a fact.

After hearing more than two hours of testimony Benesh ruled Parker had been negligent in the care of his dogs.

He said it was important for owners to see that their animals received proper care.

The judge ruled Parker had violated the city's Ordinance 221, an animal control document adopted a year ago.

The specific charge against Parker was that he had violated Section 31, Article X of the ordinance which states:

"No owner shall fail to provide his animals with sufficient good and wholesome food and water, adequate shelter and protection from weather, veterinary care when needed to prevent suffering, and with humane care and treatment."

Although Parker was fined \$52.50, conviction of the misdemeanor carries a possible conviction ranging from \$25 to \$200.

Nortex to review apartment project

Nortex Regional Planning Commission's executive committee is scheduled today to review an application for federal aid to build an apartment complex in Iowa Park.

The commission will meet at noon today at McBride Land and Cattle Co. at 501 Scott in Wichita Falls.

The housing issue stirred considerable controversy here in June, but finally was settled when the city council decided 2-1 to re-zone for multi-family housing the proposed construction site.

Bernstein Group of Columbus, Ohio, is applying to the Farmers Home Administration for financial aid to build a 56-unit housing complex on six acres bordered by Fourth, Third, W. Aldine and W. Texas.

Builders are seeking a \$868,000 loan from the federal agency.

The application already has received the green light from the commission's housing advisory committee.

County fair dates given

Lions Clubs of Wichita County will again provide clean, family entertainment at the Wichita County Fair Oct. 11-15, according to Jack Mason, president of the Wichita Falls Downtown Lions Club, sponsors of the event.

Mason said all Lions Clubs

of the county will be participating this year, including both the Iowa Park Lions Club and Evening Lions Club, making it even bigger than last year.

New location will be the old C.C. Pitts property on Seymour Highway and Ninth Street in Wichita Falls. More parking and outside entertainment will add to the fair this year, Mason commented.

Gene Ledel Shows of Fort Worth will once again provide the rides, while all games will be manned by local Lions. "They will be

games of skill, not chance,"

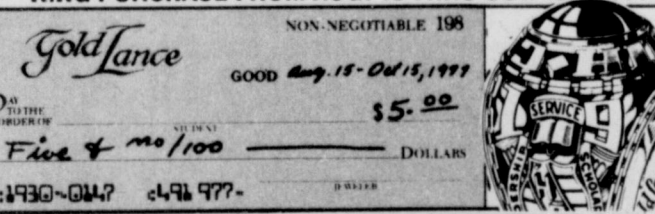

Mason added.

For those interested in

the agriculture, arts and crafts or vocational divisions, George Gay is chairman.

Movie is aided by Cartlidge

A graduate research paper written by former State Representative Tom Cartlidge was used in the movie MacArthur by actor Gregory Peck as he prepared for the title role of General Douglas MacArthur in the just released Universal film.

The 55-page paper, written by Cartlidge in 1973 while attending the University of Texas at Austin, is entitled "The Political Philosophy of Douglas MacArthur."

In his paper Cartlidge points out that while MacArthur was the hero of the conservative Republicans at home, his administration of Japan between 1945 and 1951 was a liberal one, with many new rights granted to all citizens, particularly for laborers and women.

Peck, in a letter to Cartlidge, wrote, "May I say

that your paper on General MacArthur struck me as being extremely objective, penetrating and fair. In the film, our view of the General does not differ, in any significant way, from your own."

CUT OUT FOR FUTURE REFERENCE

Great News FOR THE World

THE PROBLEM OF THE HOLY LAND

Why has the Holy Land been for so long the scene of trouble? And what is its future? Poverty-stricken for centuries under the desolating rule of the Turk, Palestine had played little part in world affairs from the time of the Crusades until the nineteenth century. Then the whole Middle East began to come into prominence owing to the decline of the Ottoman Empire. What Power would control the territories which were slipping from the Turkish grasp? This "Eastern Question" became the object of the schemes and rivalries of the leading nations.

With the defeat of the Turks in 1917 the whole Arabian Peninsula was freed from Turkish control. New Arab States came into being; and the scattered Jews, promised a National Home in the only land to which they had any claim by history, began to recolonize it under British administration. From September, 1923, Britain held the land under a Mandate from the League of Nations; but the rival claims of Jews and Arabs made it a responsibility so burdensome that in May, 1948, Britain surrendered the Mandate and withdrew. The immediate result was the establishment of an independent State of Israel.

The things which have befallen this land have not been mere accidents of history, for the most vital fact about it is one which does not usually enter into the calculations of statecraft. It is "the Lord's land" (Hosea 9:3; Joel 1:6); a land which the Lord God "careth for". His eyes "are always upon it, from the beginning of the year even unto the end of the year" (Deut. 11:12). The Israelites of old were told that if they broke their covenant with God, they would be scattered among the nations, and the sabbaths which they had failed to observe would be kept while the land lay waste (Lev. 26:14, 33-34). That prophecy has been abundantly fulfilled, yet they were also told the time would come when God would remember His covenant with their fathers, and "remember the land" (verses 42, 44-45). Then, says God, He will "take the children of Israel from among the nations, whither they be gone, and will gather them on every side, and bring them into their own land" (Ezek. 37:21).

That this return would be gradual and from small beginnings is vividly shown in the vision of the Valley of Dry Bones, also in Ezek. 37. The bones which the prophet sees are "very many and very dry", but they come together, bone to bone, and are clothed with flesh and sinews, and stand up "an exceeding great army". Even the political situation which makes such a

development possible is indicated in prophecy. When the Land was about to be overrun by the great military empires of the Euphrates Valley, a prophet described it as an overflow of the river (Isa. 8:5-8). A similar military overflow in later days in the same region is represented by the same river; but this time it is shown in prophecy at a point where the waters, having reached their greatest extent, are shrinking until the Euphrates is "dried up" (Rev. 16:12). Long before it occurred - as far back as the seventeenth century - prophetic students saw that this must mean the decline of the Ottoman Empire. At least since the middle of the nineteenth century, students of the Bible have been no less certain that Palestine will continue to be the object of jealousy, and will be invaded by an alliance of nations from the north immediately before the Lord Jesus Christ reveals himself in the earth at his return. The troubles which continue to surround it are no surprise to Bible readers.

Christ's return is the greatest of all certainties in the future of the Holy Land. He shall come in like manner as he was seen to go (Acts 1:11). His feet shall stand upon the Mount of Olives (Zech. 14:4). He will reign from Zion over the whole earth, in accordance with the Psalm in which God says: "Yet have I set my king upon my hill of Zion" (Psa. 2:6). For the Land of Israel is called by the prophet, "Thy land, O Immanuel" (Isa. 8:8); and it is said that the dominion as at the first shall come to Zion, and the kingdom to the daughter of Jerusalem (Micah 4:8).

Israel is God's land, and He has promised it as an inheritance to Abraham and to his seed for ever (Gen. 13:15). Pre-eminently, that Seed is Christ (Gal. 3:16). But "many" who are reckoned as descendants of Abraham on the ground of faith will "come from the east and the west, and sit down with Abraham and Isaac and Jacob" in Christ's kingdom (Matt. 8:10-11); for those who suffer with him shall also reign with him (2 Tim. 2:11-12). And because "the gifts and calling of God are without repentance" (Rom. 11:29), the Jews as a people will be brought back to "their own land" to recognize their Messiah and find their salvation in him (Zech. 12:10).

Not only has God determined the future of this land which in a special sense He calls His own, but He has made the future of all the rest of the world to be dependent upon it. None of the events in the Land today can be rightly understood unless that fact is kept constantly in mind.
