DR. BAIL WATSON
520 W. CLARA
IOWA PARK, TEXAS

YARD INUNDATED -- A city worker probes underwater with a shovel to free debris from a drain pipe at a home near the intersection of North Jackson and West Washington. Ditches and yards were inundated when fire hydrants were opened to relieve pressure on aging water lines out of fix.

Water rate possible topic

Very little is expected to be on the agenda for Monday night's regular meeting of the city council, but there undoubtedly will be some discussion on a story in the Wichita Falls Times and Record News concerning a water rate increase for this city.

The meeting is to begin at 7 p.m. in the council chambers.

According to the Wichita Falls newspaper yesterday, that city's council took action Tuesday to increase the rates for water sold to commercial customers, including Iowa Park.

The council had approved raising Iowa Park's rate by eight percent.

When contacted Wednesday afternoon, City Administrator Gene Britton said he had not been contacted by anyone from Wichita Falls, and knew nothing more than what he had read in the paper. Britton had returned Tuesday from a vacation.

It was his understanding, however, that Iowa Park has a contract for water purchases through March of 1979, at the rates agreed on when the contract was signed last March.

Iowa Park started purchasing water from Wichita Falls about five and a half years ago, to supplement the water from the three lakes which are the city's primary source. The

agreement came after a two-year drought and the local lakes were empty.

A 16-inch water line was laid from Wichita Falls to here to carry the water.

The first contract covered a five-year period. Both councils approved renegotiating of the new contract in 1979.

Britton said he and Mike Hubbard, city attorney, were to discuss the situation, hopefully before Monday's meeting.

Other Wichita Falls customers named as having their rates increased were City of Pleasant Valley, Burkburnett, Archer County Municipal Utility District No. 1, Dean Dale Water Supply Corp., Midwestern State Univ., and Wichita Falls State Hospital. The City of Holliday was not mentioned in the article, though it was the first municipal customer for Wichita Falls water, signing its contract before Iowa Park.

AGENDA ITEMS

Britton said items on Monday's agenda, other than regular department reports and reports from the Safety Council and Planning and Zoning Commission, possibly would be: nomination of two members to the Planning and Zoning Commission; and confirmation of appointment of a new police officer.

FUN FOR SOME -- Twelve-year-old Randy Hughes jumps a rushing drainage ditch along the 600 block of West Bank on his way home from junior high school. While Randy, son of Mr. and Mrs. David Hughes of 700 West Akameda, was having fun, city workers were working around the clock trying to stop leaks in the eight-inch water main in the 400 block of North Wall.

Hawks, Hawkettes open district slate Friday

Their pre-season schedule now out of the way, the Hawks and Hawkettes are set to launch their bids for District 4-AAA basketball championships when they open conference play tomorrow night at Weatherford.

Both teams are coming off victories against Quannah Tuesday night, and both have healthy winning records.

The senior-dominated boys team probably has the best shot at a title of the two clubs, carrying a gaudy 16-3 record into the game.

The Hawks are averaging 69 points through their 19-game schedule, while holding their opponents to a 57-point average.

Besides experience, four have been starters the past two seasons. Coach Keith Barrick's Mean Green bench has seven reserves on it who can take the court at any point in the game, and carry their load.

In fact, Barrick often platoons a five-player squad, which is especially helpful in wearing down opponents who might not have the reserve strength as Iowa Park.

The three losses for the Hawks have been to Childress, Lubbock Dunbar and Lubbock Estacado, and all were in tournament play. They won the Cooke County Junior College tournament at Gainesville, defeating two AAAA schools in overtime to gain the title.

Barrick's Bangers have shown they can win the easy ones, defeating Quannah 102-40 Tuesday night, as well as the close ones. They beat Lubbock Monterrey 51-50, Denton 64-63, Dallas Lincoln 67-66, Bowie 69-67 in overtime, and Crowell 76-73.

There was some question at the first of the season whether the Hawks could develop to their potential, because they were playing under their fourth coach in as many years. But that question appears to have been laid to rest.

Tuesday's victory over Quannah brought the Hawkettes season record to 12-8 for the season.

Coach Mike Fountain feels he has strengthened the team's defense by switching Sheryl Thornton to guard, from her forward position. She has played guard at various times this year, but the move appears permanent now, as she posted high marks in her efforts Tuesday, as did Francis Sampley.

The offensive fortunes rest mainly on the shoulders of freshmen forwards Jill Watts and Jo Ann McClurg, who have consistently been the high scorers in games this season. They are products of the undefeated junior high team of last year.

Rebounding responsibilities mainly fall on the jumping ability of Wendy Baston, a senior. And to aid them, Fountain this week moved Edie Hayden up from the JV.

DISTRICT PLAY

Iowa Park, Burkburnett, Vernon and Graham make up the North Zone of Dist. 4-AAA, and Mineral Wells, Weatherford, Brownwood and Stephenville the South Zone.

Teams will play foes in the same zone on a home-and-home schedule, then play teams outside the zone one game.

The Hawks and Hawkettes also catch Mineral Wells as their out of zone district games, but will host Brownwood and Stephenville.

Their first North Zone game will be against Graham, here Tuesday.

District play will wind up Feb. 7, and then intra-zone playoffs are scheduled, with the champions to be decided by Feb. 17.

Mineral Wells, the defending conference champion, was 16-2 going into the holiday layoff. Both losses were in tournament play.

The Hawks, prior to the Lubbock tournament, were ranked 17th among AAA teams in the state, and seventh among teams in a four-district region.

Pharmacy, autos hit by burglars

The year's new police blotter included reports of a break-in at Park Pharmacy and a trio of auto burglaries.

About 2:30 a.m. Saturday the police department here received a report that a car parked on Clara was on fire.

While local officers were answering the car fire, the burglar alarm sounded at Park Pharmacy, according to the police.

By the time officers arrived at the pharmacy the burglar or burglars had vacated the business. Entrance was

gained by throwing rocks through the glass front door.

City seeking work grant

Funding of student help for work at city parks may be made by HUD following an application for a grant, according to Gene Britton, city administrator.

Application for a \$45,000 through Title III and Title VII funds from U.S. Dept. of Labor under youth programs in Comprehensive Employment and Training Act is being sought by the city.

Work would be from five or six students to help plant trees and build structures and playground equipment at the city parks.

The Nortex Region reviewing committee gave the project the third highest priority among numerous applications, behind requests from Childress and Seymour, Britton said. HUD has gone along with the reviewing committee priorities in the past.

"We feel our chances are good for getting the grant," commented Britton.

"Any youth can apply for these programs, but our first consideration is family income and financial hardship," Cynthia Procknow, Wichita Falls director of human resources, said.

School trustee meeting delayed

The Iowa Park school board will not meet Tuesday, the meeting has been postponed until Jan. 17.

Trustees normally hold their monthly meeting on the second Tuesday of each month. However, there was a conflict with next week's date, and trustees approved the week's delay when they met in December.

However, the burglars were unsuccessful in their attempts to disengage the burglar alarm system by removing an exterior electricity meter.

L.W. Teel Jr., owner of the pharmacy, indicated the only items missing were syringes, police said.

The first of three auto burglaries was reported last Friday by Debbie Swanson, who told police a set of

Files motion for dismissal

The attorney for Pat Price of Iowa Park has filed a motion in U.S. District Court to have a felony indictment against his client dismissed.

The motion was filed by Mrs. Price's attorney, Gene Douglas, according to the U.S. District Clerk in Wichita Falls.

Mrs. Price, a bookkeeper for missing Iowa Park grain dealer Bobby Johnson, was indicted in September by a federal grand jury for aiding and abetting H.C. Johnson, who was charged with furnishing false information to the U.S. Department of Agriculture.

Although he was found guilty on eight counts of issuing false grain warehouse receipts, a federal jury in December acquitted H.C. Johnson on the charge which named Mrs. Price as an accomplice.

Since H.C. Johnson was acquitted on the charge, there is insufficient evidence to try Mrs. Price her attorney claims, according to the U.S. District Clerk.

While no specific date has been set, the clerk said U.S. District Judge Robert M. Hill would sentence H.C. Johnson sometime during the latter part of January. Johnson faces a maximum penalty of 40 years in prison and fines totaling \$40,000.

wedding rings valued at \$500 were stolen from the glove compartment of her auto parked at the Quikie Food Store.

Police received two auto burglary reports yesterday.

Buddie Ellis Bridwell told police his vehicle had been burglarized while parked at 1315 Westridge. A CB radio, microphone, eight stereo tapes, two pairs of pants and a shirt valued at \$310 were stolen.

An automatic shotgun and socket wrench valued at \$170 were stolen from a pickup truck parked at 1100 Cornelia, Roy Atchley told police.

A plate glass was broken out at Dairy Queen early Sunday morning.

Parkey sentenced to Texas prison

Three days before he was scheduled to begin serving a federal sentence, Vernon physician Paul J. Parkey pleaded guilty last Friday in a state district court and was sentenced to eight years in a Texas prison.

Parkey's guilty plea to a third degree felony theft charge involving receipt of 63 head of stolen cattle was entered in the Vernon courtroom of 46th District Judge Leslie Thomas.

Formerly of Iowa Park and a graduate of high school here, Parkey was scheduled to report Tuesday to a federal correctional institution in Memphis, Tenn. He was sentenced to five years on a similar federal count.

The state sentence of eight years indicated Parkey will have to serve prison time in Texas after completing his federal sentence.

Parkey received a more severe sentence in state court than his former business partner, Vernon pharmacist Darrell Thedford, who

received a five-year state sentence to run concurrently with a five-year federal prison term. Thedford, who was convicted of participating with Parkey in a multi-state cattle rustling scheme, reported Dec. 12 to a minimum-security federal detention center at Seagoville.

Although the activities were not specified, authorities indicated Parkey received the stiffer sentence for other criminal activities.

Parkey faced six separate state charges involving a cattle theft operation linking Texas and New Mexico. He pleaded guilty to a single third-degree felony count which carried a maximum penalty of 10 years in prison and a \$5,000 fine.

During Friday's brief courtroom hearing, it was disclosed plea bargaining had occurred. Judge Thomas approved the eight-year state sentence recommended by District Attorney Gene Healy.

Traffic safety survey set here

State Rep. Charles Finnell of Holliday announced today that the State Department of Highways and Public Transportation is expected to begin a Traffic Engineering Survey at Iowa Park by Feb. 1.

Estimated expenditure of State Funds will be \$8,600 to be funded by the Texas Office of Traffic Safety. Contract for the work is to be approved in the near future.

Rep. Finnell is currently the ranking member of the House Transportation Committee.

and allure lace cap train edged in lace, each article made by her mother, Miss Kathi Lynn Miller became the bride of John Henry Latham, Tuesday, Dec. 27.

The bride is the daughter of Mr. and Mrs. William Burns of Iowa Park and the groom is the home of Mr. and Mrs. Eugene Latham of Wichita Falls in whose home the wedding took place.

The double-ring ceremony was performed by the Rev. Charles Gallout, pastor of Allendale Baptist Church before the fireplace featuring Christmas decorations on the mantel and in the nuptial space.

The bride was given in marriage by her uncle, Loyd Thompson. Her lovely gown was accented with allure lace sleeves and her veil was graced with a band of flowers matching those in her cloud bouquet consisting of blue and pink carnations, white daisies and gypsophila.

She completed her costume with the bridal traditions. She wore an heirloom ring which belonged to her aunt, Mrs. Alton Bryant, for "something old". The "something borrowed" was a necklace loaned to her by Miss Regina Burns, her stepsister. Her blue addition was a fancy garter made by her mother, and she chose her wedding costume for "something new."

Miss Cindy Bryant of Rosharon, cousin of the bride, was maid of honor. She was attired in a long blue knit gown distinguished with a white antique lace panel down the front. She wore blue carnations and baby's breath in her hair and a corsage of white daisies, blue and pink carnations.

David Niell of Seymour was best man. The wedding reception was held in Iowa Park at the home of Mrs. Elene McCoy, grandmother of the bride.

The long refreshment table which held separate bride and groom cakes was covered with a white net cloth over blue and white polyester and caught to a

MR. and MRS. JOHN LATHAM

ruffled skirt that extended to the floor.

The cakes marked table extremities. Tall filigree columns separated the two tiers of the bride's cake, each tier distinct with flowering side borders and lavish cascading frosting roses in shades of blue at the sides in front. The novel top ornament was a kissing bride and groom seated on a love seat backgrounded with a filigree arch centered with a wedding bell.

The groom's chocolate cake was covered with chocolate frosting that formed a cascade of roses on one side and an oval frame filled with the names of the bride and groom in white letters on the other side.

A bride and groom centerpiece, crystal punch set, berry bowls filled with minis, bud vase holding blue

and pink carnations, and white napkins imprinted with "Kathi-John, December 27, 1977" completed table appointments.

Mrs. Tom Latham, the groom's sister-in-law, Miss Lori Skelton and Miss Regina Burns served refreshments to the guests.

Miss Susan Golleher, cousin of the bride, registered guests in the bride's book taken from Royal Service entitled "A New Frontier", referring to the barrier created by language barriers within the borders of the United States. The topical discussions revealed that removing the barrier could mean freedom for everyone with equality under the law, increased respect and understanding, people working together in peace and harmony for the good of all.

Those taking part in the program presentation were Mmes. C.L. McKinnon, Lee Smith, E.T. Patterson, J. Louis Quick, D.O. James and J.A. Berg.

Other members attending were Mmes. Roy B. Smith, J.C. Roby, V.I. Woodfin and Homer Blalock.

"Praising all alike, is praising none." John Gay

UMW officers are installed

Mrs. Jim Connatser conducted an impressive installation service for the United Methodist Women's first meeting of the new year Tuesday morning.

Officers installed were Mmes. H.W. Carter, president; C.L. Lee, vice president; E.L. Gallop, secretary; James Owens, treasurer; S.B. Keeter, coordinator; and Bertha McDonald, membership coordinator.

Coordinators not present for the installation service were Mrs. George Trammell, Christian Social Involvement; Miss Ethyle Kidwell, Christian Global Concerns; and Mrs. B.G. Robinson, secretary to Program Resources.

The newly-named circles and their leaders were named to include Mary, Mrs. Lori Krum; Rachel, a night circle, Mrs. Larry Parks; Ruth, Mrs. C.L. Thompson; and Rebecca, Mrs. Don Beals.

Mrs. Booher is hostess

Mrs. W.F. Booher was hostess Monday for the meeting of Night Baptist Women of First Baptist Church. Thirteen members and two guests, Mrs. Max Nunn from St. Charles, Mo. and Mrs. Joe Bell were present.

Miss Helen Reed presided over the meeting.

Mrs. Wm. Nunn coordinated the monthly program taken from Royal Service entitled "A New Frontier", referring to the barrier created by language barriers within the borders of the United States. The topical discussions revealed that removing the barrier could mean freedom for everyone with equality under the law, increased respect and understanding, people working together in peace and harmony for the good of all.

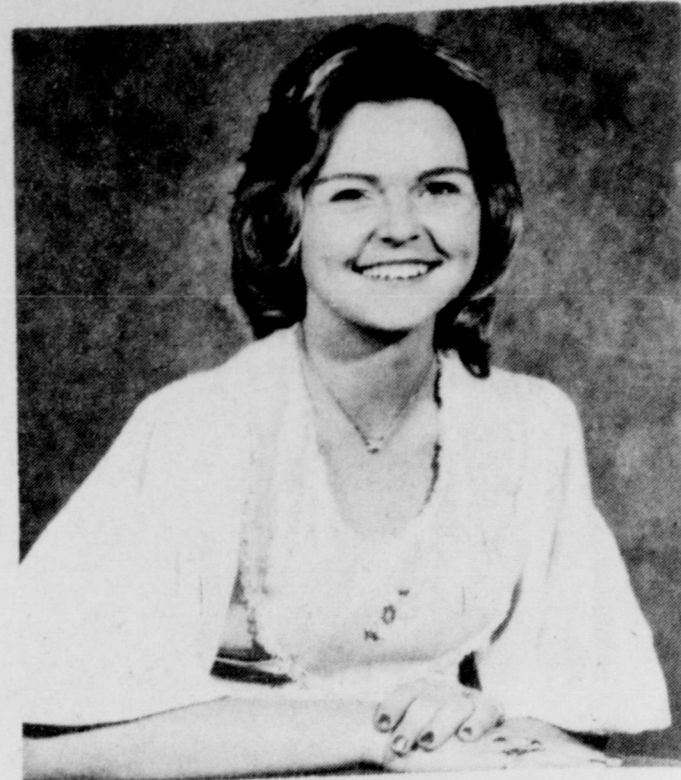

Those taking part in the program presentation were Mmes. C.L. McKinnon, Lee Smith, E.T. Patterson, J. Louis Quick, D.O. James and J.A. Berg.

Other members attending were Mmes. Roy B. Smith, J.C. Roby, V.I. Woodfin and Homer Blalock.

Mrs. Keeter announced that the theme of the current year's fellowship studies would be "Ye Shall Be My Witnesses."

Mrs. McDonald chose an article from "New Beginnings" by Helen Steiner Rice for a devotion apropos for the meeting. She emphasized that it was only in loving, giving and helping those in need that the clouds of fear and hate can be lifted.

Also present were Mmes. Miles Thompson, Jimmie Kasparek, M.L. Hines, Carl Sullivan, L.A. Teal, Elgin Denny, R. Carrillo Miranda, W.M. Owens, H.M. Mahler, Emma Gauntt, L.L. Lindsmith and Kathleen Hatten.

LaDONNA BRITT

Announce engagement

Mr. and Mrs. Monty F. Britt are announcing the engagement and forthcoming marriage of their daughter, LaDonna Lee, to Raymond Rawls of Lubbock. The groom-elect is the son of Mrs. Laverne Smail and Raymond Rawls Sr. of

Lubbock. Miss Britt was graduated from Iowa Park High School. Her fiancé attended Lubbock schools and is employed by Pay Master. The wedding will take place Feb. 11.

Mr. and Mrs. Larry Rodgers of Graham announce the birth of Alicia Renee, a six pound, fifteen and a half ounce daughter, Dec. 22. They have a three-year old son, Eric.

Grandparents are Mr. and Mrs. Jerome Mason of Iowa Park and Mr. and Mrs. Richard Rodgers of Newcastle. Great-grandparents are Mr. and Mrs. H.B. Kirkland of Archer City.

ANNOUNCEMENT

HERE, AT PARK PHARMACY, we have recently installed a modern Taxco Record System, to make available to you, at any time, a complete record of your original Prescriptions and Prescription refills for each year or for any given period.

Under this System your individual record of your Prescriptions will be so maintained as to qualify for Income Tax deduction, Insurance Requirements or for any other purpose under which you may need or desire such a record.

For instance, if you were to lose or misplace your Prescription and had no record of its original Prescription number with which to obtain a refill—it would be instantly available to you under your individual record.

Or, your Doctor may wish to review the medication you have had over a previous period of time; this, too, will be instantly available to him from your personal file.

A copy of your complete record will be available to you at any time or at the end of each year and your record for each succeeding year will become a permanent part of your personal file.

THERE IS NO CHARGE FOR THIS SERVICE—just a request from you to fill out the information below at your convenience and your file will be set up immediately.

PARK PHARMACY

DANCING LESSON Sch 116 West C

Esparza-Watreas marriage ceremony is held

MRS. RANDY WATREAS

The Rev. Kenneth Flowers was the officiant and Mrs. Daisy Thompson of Burkburnett was the sign interpreter for the exchange of nuptial vows by Miss Sandra Lee Esparza and Randy Watreas Dec. 23.

The First Baptist Church was the scene of the double-ring ceremony which was performed in the presence of relatives and close friends and a special group of deaf friends of the bride and groom.

Parents of the bride are Mr. and Mrs. Henry R. Esparza of Iowa Park, and the groom's parents are Mrs. Andrew Ruday of Burkburnett and Robert Watreas of Masontown, Pa.

Nuptial decorations included an arch entwined with lemon leaf accented with white doves at the top and blue satin bows on the sides, flanking arrangements of blue and white carnations and a background of seven-branched votive candleabra.

Traditional wedding music was provided by Kerry Johnston, organist. Preceding the ceremony, he played "Aria" by Flor Peeters and "Pax Vobis Cum" by Garth Edmundson. For the processional he played "Trumpet Voluntary" by Henry Purcell and concluded his offerings with "Prelude in Classic Style" by Gordon Young for the recessional.

Given in marriage by both parents, the bride was

radiant in a long candlelight chiffon gown. The empire bodice featured a yoke with a high neckline closed with pearl buttons and loops. The yoke was bordered with a fashionable wide ruffle finished with an embroidered scalloped design. The full bishop sleeves were caught to wide cuffs above the wrists which were also fastened with pearl buttons and loops. A self-belt hugged the waistline and tied in a soft bow with streamers in the back.

The beauty of the gown was further enhanced with a wide embroidered flounce headed with narrow candlelight ribbon above the hemline. The bridal veil of tulle was caught to a camelot cap of candlelight satin and lace made by Mrs. Gus Rich.

The bride carried a white Bible, a gift from the groom, to which a cascade of white sweetheart roses, baby's breath and blue satin ribbon streamers was attached.

For "something old", the bride wore a ring that belonged to Miss Donna Casper, candlelighter for the service. "Something borrowed" was an "I Love You" necklace in sign language loaned to her by the interpreter. The bridal costume and the garter were the "something new and blue" traditions.

Mrs. Jerry Sewell of 29 Palms, Calif. was matron of honor. She wore a long baby blue crepe dress patterned with a V neckline and a stylish pleated cape collar.

She carried a blue carnation trio with matching streamers.

Bob Holland of Burkburnett was best man. Mark Stucki and Jerry Stucki of Iowa Park were ushers.

Parents of the bride and groom hosted the reception following the wedding in the church library. They were assisted by Mrs. Gene Johnston and Mrs. Alton Hunter. Miss Cyndi Thompson registered guests.

The refreshment table was covered with white linen and centered with a hurricane candle surrounded by blue and white carnations.

The cake was cut by the bride and groom with a silver knife tied with narrow blue satin ribbons and lilies

of the valley. A distinctive look for the three-tiered confection was achieved in dramatic icing patterns which were highlighted with blue roses and pale green petals.

The top ornament lending a romantic touch to the cake was a cluster of white satin wedding bells outlined with pearls and linked together with puffs of tulle and lilies of the valley. Crystal appointments and bridal napkins completed table appointments.

The bride, a graduate of Iowa Park High School, is employed by Surgikos. The groom attended Western Pennsylvania School for the Deaf and Austin School for the Deaf. He works for Washex Machine Corp.

The couple, now at home in Iowa Park, went to Dallas on their wedding trip. The new Mrs. Watreas chose a beige crepe empire street-length dress with puffed sleeves for travel.

Adult education classes resume

Adult education classes resumed Tuesday after a 10-day recess for the holidays. These classes meet each Tuesday and Thursday evening at 7 at the junior high school in Iowa Park.

While most students in the class are working toward GED certificates, the class is open to all adults who desire to brush up on one subject area or more, in fields of English, math, science, social studies and literature.

Work is on an individual basis, so students may begin classes at any time during the school year. There is usually an influx of students at this time of year, so it is a

very good time to begin classes.

Adult education classes are free, and all books and materials are furnished by Region IX Education Center.

For information concerning these classes, contact Dean Miller at the school administration office during the day, or Mrs. John Jeter at 592-5745 after 4 p.m.

Sorority discusses purchase of park playground equipment

Mrs. Dalton Bleeker read a poem, "What Will You Do With This New Year?" by Helen Steiner Rice for the devotional thought and opening of the meeting held by Epsilon Eta chapter of Epsilon Sigma Alpha Tuesday evening. Mrs. Charles Dudley and Mrs. Ricky Vanek were hostesses at Woodbriar Apartments recreation room.

Mrs. Dudley conducted routine business. Mrs. Bill Hrnecik, project chairman, presented suggestions for providing Pace Park with

playground equipment, and it was voted to set aside several days for working on the project.

Announcement of the District VI meeting at Fort Worth Sunday was made.

In keeping with the program theme for the year "Friends and Places in Texas", the theme for the evening's program was "Fun, Food, Frolic and Friendship in San Antonio".

Mrs. Roy Johnson, who presented the program, focused attention on Fiesta San Antonio, an annual

event which started in 1891 in celebration of Pres. Benjamin Harrison's visit to the city.

"A group of ladies from a garden club started the celebration which was held on April 21 and it has grown to be headed by the Fiesta San Antonio Commission comprising 52 organizations which are responsible for providing constant performance for two weeks," she said.

The festivities at present are decidedly different than those which characterized the first celebration, according to the speaker. In 1891, the main attraction was the 12 wagons laden with flowers which participated in the Battle of Flowers. As

they approached the Alamo, six went in one direction and the other six went the opposite way; when they met each other they met each other with flowers until all supplies were exchanged. The climax was reached when the ladies placed wreaths in the chapel in honor of the Texas dead, according to Mrs. Johnson.

The next meeting will be Jan. 16 instead of Jan. 17, the regular meeting date, in the home of Mrs. Hrnecik. Others attending were Mmes. Carlton Hicks, Paul Tigrett, Jack Pennington, D.W. Mercer, Tom Venhaus,

Tom Compton, R.B. Faulkner, Jean Proulx, Kennie Jones and Homer Blalock.

Club members discuss programs

The programs for the new year were discussed and assigned during a meeting of Park Area Home Demonstration Club Wednesday morning. Mrs. W.E. Karstetter was hostess.

Mrs. Roy Fortner conducted the opening exercise using "A Package of Seed", hints for daily living and excerpts from "Bits of Silver and Gold."

The group has accepted an invitation from Mrs. Lyman Cady of Burkburnett to be her guests on Jan. 18.

Other members present were Mmes. G.V. Hender-

son, F.D. Stermer, J.C. Roby, Bertha McDonald, E.H. Pearce, Elvy Sargent, M.E. Reneau and W.G. Partney.

Welcome!

KATHY KERR and MONTY BRITT

Couple sets May date

The engagement of Miss Kathy Kerr and Monty Lynn Britt is being announced today by the young lady's parents, Mr. and Mrs. Jack L. Kerr. The prospective groom is the son of Mr. and Mrs. Monty Fred Britt.

The wedding date will be set the latter part of May. The bride-elect is a senior at Iowa Park High School and is employed by Iowa Park Florist. The groom-elect works for Mar-San Construction Co. at Denton.

Federal excise tax is lowered

Telephone users will be happy to learn that the federal excise tax on phone service will drop another notch, from five to four percent, beginning Jan. 1.

The reduction is the sixth in a 10-year scheduled elimination of the government-imposed tax. Under a schedule established by federal law, the tax will continue to drop one percent each year until it expires on Jan. 1, 1982.

"This means our customers in Texas will save more than \$17.3 million on their phone bills this year," said Gary Cook, local manager for Southwestern Bell in Iowa Park. "However, the tax reduction won't affect our earnings because Southwestern Bell simply acts as a collection agency for the government. In fact, our corporate taxes are headed up, not down."

For example, he noted, the company's combined federal, state and local taxes in the state amounted to

more than \$325 million during 1977, which is an increase of more than six percent over 1976.

Senior citizen hearing slated

A public hearing on needs and services to the elderly in Wichita and Wilbarger counties will be held on Monday, Jan. 16, at 10 a.m., in Wichita Falls, at the Senior Citizen Center (Red Door). The public hearing is sponsored by Nortex Regional Planning Commission.

The purpose of the hearing is to provide senior citizens, community groups, agencies and interested individuals an opportunity to discuss local problems and issues facing older persons and provide input in the development of the Area Plan for Aging Services in the North Texas Planning Region.

Municipal Court Records

Results of municipal court held here last Thursday were:

- Danny Louis Ainsworth, failed to dim lights; meeting, \$28.50;
- Roger Alton Black, speeding, \$59.50;
- Larry Dale Fuller, speeding, \$43.50;
- Ricky Joe Nettles, public intoxication, \$28.50;
- Charlie Lee Mathis, public intoxication, \$28.50.

Cook of the Week

Most every housewife has a warm spot in her heart for special foods which nobody could ever cook so well as her mother and grandmother. Mrs. Barbara Tucker not only cherishes pleasant memories of her grandmother's cooking and kitchen techniques, she has many of her recipes in her repertory of recipes and uses them consistently.

Mrs. Turner certainly is not a novice cook. She says that her mother "put her up to the cabinet when she was five" to initiate her culinary education.

She studied home economics at Nocona High School and taught in a cooking school for Japanese brides from 1959-62 when she and her late husband were in Japan during an Air Force assignment. She made many lasting friends during that time and still hears from many of the women that she helped to learn the American way of cooking.

Barbara has lived in Iowa Park 13 years and during these years both young people and adults have enjoyed her delicious and tantalizing foods and can attest to her being a cooking expert of the highest rank.

When two of her sons, Paul Jr. and Lee, who live in Wichita Falls now, were taking auto mechanics in Iowa Park High School she carried something for the class to eat each Thursday afternoon, extending over a period of three years. When her late husband decided to enroll in the class later she treated his group in the same way for another two years.

Barbara has been accepted in Bethania Hospital's LVN School of Nursing which starts this month. She has a talent for arts and crafts and sewing. She has gained popularity through her novel marble mouse creations. Hawk fans prefer her green mice but she makes them in assorted

Barbara Tucker

colors. She is a member of the First Assembly of God Church in Wichita Falls.

In addition to the sons in Wichita Falls, she has another son, Tony, of the home and four grandchildren.

Barbara proudly shares some of her handed down recipes from her grandmother with the Leader readers this week.

MARBLE CAKE

2 cups flour
1 cup sugar
1 T baking powder
Dash salt
1 cup oil
4 eggs
1 t vanilla
Mix all ingredients well and pour into oblong floured and greased pan.

Add 1 can of any kind pie filling or thickened fruit of any kind. Run knife through batter. Bake at 350° about 30 minutes or until brown.

SLOW COOKER POT ROAST

(Mrs. Tucker's grandmother did not have a slow cooker, but she used the back of her wood range to prepare meat this way.)

Before going to bed, wash and put roast into slow cooker. Add five cups water, salt and pepper to personal taste.

Add:
1 medium onion, chopped
4 small cloves of garlic, peeled

1 t vanilla
1 T lemon extract
Cream shortening and sugar. Add eggs one at a time and cream well. Sift flour, baking powder and soda and add alternately with buttermilk. Add vanilla and lemon extract. Bake in 350° oven.

MAIN DISH

Cook 1 lb. ground meat and 1 chopped onion
Arrange in layers:
Ground meat and onion
Flour tortillas
Green chili
Mushrooms
Cream of chicken soup
Cream of mushroom soup
Monterey Jack cheese
Cover and cook at 350° approximately 25 minutes.

SAUCEPAN BROWNIES

Place 1/2 cup butter in pan with 2 squares of chocolate and melt. Add in this order:
1 cup sugar
2 eggs
1/2 t vanilla
3/4 cup flour
1/2 cup nutb
Bake at 375° 25-30 minutes.

"You never know what is enough until you know what is more than enough."
William Blake

The first pole vaulter to clear the bar at 15 feet was Cornelius Warmerdam on April 13, 1940, in Berkeley, California.

1 small can chopped mushrooms
1/2 t each of garlic salt, onion salt and celery salt
Cook on high overnight, then on low all next day. Remove and thicken broth.

CHOCOLATE CHIP-RAISIN COOKIES

Beat 4 eggs
Add:
1 1/2 cups sugar
1/2 cup Wesson oil
2 t vanilla
Mix well, then add:
4 cups flour
4 t baking powder
Dash salt
1 pkg. chocolate chips or 2 cups raisins
Drop by teaspoonsfuls on greased and floured cookie sheet. Bake at 400°.

FAVORITE POUND CAKE

1 cup Crisco
2 cups sugar
4 eggs
3 cups flour
1 t baking powder
1/2 t soda
1 cup buttermilk

CUT OUT FOR FUTURE REFERENCE

NATIONAL SALVATION IS NOT INDIVIDUAL SALVATION

To understand National Salvation, it helps to look back at the downfall of the kingdom of ISRAEL, and then to consider its revival.

As we have considered in previous articles, God called the children of ISRAEL out of bondage in Egypt, called them His people, gave them a special set of laws, and brought them into the Promised Land under the Leadership of Joshua. There they became the Kingdom of ISRAEL after driving out most of the inhabitants of the land.

Under King David and under his son, Solomon, the Kingdom of Israel rose to great heights. However, because of disobedience, the Kingdom was divided into two parts. Because of continued iniquity, each division was carried into captivity by their enemies.

The last of the two to go into captivity was Judah, whose last king was Zedekiah. Listen to the Judgement issued to this king and his kingdom in Ezekiel 21:25-27. "And thou, profane wicked prince of Israel, whose day is come, when iniquity shall have an end, thus saith the LORD God: 'Remove the diadem, and take off the crown: this shall not be the same: exalt him that is Low, abase him that is high, I will overturn, overturn, it [i.e. kingdom of Judah]; and it shall be no more UNTIL He [i.e. Christ] comes whose right it is; and I will give it him:'"

And so it has been. Israel has been without a king for 2500 years, their people have been scattered throughout the earth, their land has been desolate until the last few decades. The nation reached the point to where they would say "Our bones are dried, and our hope is lost: we are cut off from our parts." In this 37th chapter of Ezekiel, we have a vivid illustration of how the nation would come back to life. It likens the nation to a valley of very dry bones, showing that its death had been for many, many years, but Ezekiel sees the bones rustling together to form skeletons and then sees flesh and sinew and skin come upon the bones and the spirit of life revive their bodies.

This process continues until he sees a very great army standing on its feet.

This particular prophecy does not relate to the actual resurrection of dead bodies but uses this process to illustrate the coming to life again of a nation.

We all recognize that the nation of Israel has in these last few years come into existence again and that it is very much alive. This begins to fulfill the prophecy above.

But think! Not one individual of that nation which existed 2500 years ago is part of the nation today. This illustrates that the salvation of a nation does not depend on the salvation of its former inhabitants.

This brings us to the title of our article concerning the difference between National Salvation and Individual Salvation.

The restoring again of Israel on its land and its eventual salvation from all its enemies is certainly the work of God as much as the resurrection of the faithful and their being made immortal, but these two works are for different purposes in the same scheme:

Immortalization is the ultimate hope of faithful individuals, when, as Paul says, "shall be brought to pass the saying that is written, 'Death is swallowed up in victory. O death, where is thy sting? O grave, where is thy victory? ... Thanks be to God, which giveth us the victory through our Lord Jesus Christ.'" On the other hand, the salvation of the Nation of Israel is for God's glorification in the earth, during the 1000 year reign of Christ, when all nations will be drawn to him through that purged nation.

This state of things in the earth under the leadership of the Great King (Jesus) and his co-rulers (the immortalized saints taken from the previous 6000 years), will lead many individuals to salvation.

At the end of that 1000 year period, the plan of redemption will be complete.

"THE LAST ENEMY that shall be destroyed is DEATH... And when all things shall be subdued unto him [Christ], then shall the Son also himself be subject unto Him [God] that put all things under him, that God may be ALL in ALL."

Christadelphians, 1508 Kell, Wichita Falls, Texas.

Worth Quoting

There are recurrent rumors that the legal profession is working to simplify the language in its trade. This is welcome news, but the lawyers are already a step behind the insurance industry which now has a suggested change of working in home-owners policies before the State Board of Insurance for consideration.

If the board approves the recommendations, the following 23 words will replace 165 words in the present insuring agreement: "We will provide the insurance described in this policy in return for the premium and compliance with all applicable provisions of this policy."

The present language is: "Subject

to the provisions and conditions of the policy, and of this form and endorsements attached, the company insures the named insured and legal representatives against loss (including expenses incurred in the removal of debris of property insured resulting from such loss) from any of the perils insured against to the property hereinafter described. Unless otherwise provided, this insurance shall apply only at the premises of the dwelling described on page 1, and liability of the company shall not exceed: the specified limits of liability; nor, the actual cash value of the property at the time of loss ascertained with proper deduction for depreciation; nor, the amount it

would cost to repair or replace the property with material of like kind and quality, with proper deduction for depreciation, within a reasonable time after the loss without allowance for any increased cost of repair or reconstruction or repair; nor shall it exceed the interest of the insured."

The new language sound better, doesn't it?
An author now unknown once wrote: "Do not become intoxicated with the excessive exuberance of your own inexhaustible verbosity. In promulgating your esoteric cogitation and articulating your superficial sentimentalities and amicable, philosophical and psychological observations, beware of platitudinous ponderosities. Let your conversational communications possess a clarified conciseness and a compact comprehensibility, and a concatenated cogency. Eschew all conglomeration of garrulity and bombastic loquaciousness."

In other words, keep it simple.

College credit courses offered

College credit courses in U.S. history and college algebra will be offered here by Vernon Regional Junior College.

Registration and the first night of classes will be at 6:30 p.m. Jan. 12 at Iowa Park High School.

Late registration will be at 6:30 p.m. Jan. 16.

The course in U.S. history since 1865 will meet Monday nights, and the college algebra course will meet Thursday nights.

Generally, anyone 18 years of age is eligible to enroll. High school seniors may enroll with the permission of the high school principal and the dean of student services.

As I See It....

By BOB HAMILTON

How much longer will our monetary system remain as we've known it?

First off, you might say "What monetary system? I'm always broke."

Well, it might be intended as a joke, though not necessarily. But during our lifetime, we've seen our national monetary system go off the gold standard, and the advent of the credit card. Neither one of them gives much support to stability.

And we've also seen the unbelievable growth of credit. The old system of paying with a check is just about out of society's picture, apparently. A few people have taken advantage of check writing, either writing on insufficient accounts or just plain stealing by check.

Daughter Number Two, Kim, told me she has trouble cashing checks in Wichita Falls. Seems they want more identification than her driver's license and social security number. They want a credit card number, too!

I finally had to get a credit card, after swearing I would never have another.

Credit cards can get you in trouble. You don't usually keep any tabs on how much you've charged, and find out when the monthly bill arrives. That's what happened to me several years ago, and it took a long time to pay it all out.

But it didn't take long for me to cut up that card.

Finally had to get another card, however. Dolores and I attend several meetings during a year, out of town. It got harder and harder to write a check to cover our motel bill, even company checks. And then they always wanted proof of identification, even though they had considerable on the registration card.

So, it turned out to be easier to have a credit card for me.

But credit cards are easy to steal, or mis-use.

Now the financial world is looking at a new system, where you don't ever handle any money, but handle all your financial undertaking by computer. Your bank account would be credited when you were due

"money", when you spend it, the transaction is done through a computer. No one would ever see any real "hard" cash, and everything would be done electronically.

This is, of course, assuming in the future we will still live somewhat like we do today. But there are indications we won't even be doing that.

We might all live off what we get from the government, which as you know is Socialism. Our country is cruising that direction as fast as it can, with all the social programs the government keeps adding.

Instead of cash, checks, banking, credit cards, paper credit or even computers, what we will have then is a slip of paper from your government telling you how many pairs of shoes and how many pounds of meat you have coming, for your working efforts, and that's it.

No, finance may not be in the future years what we know today. Just what it will be, there's no telling.

Can't you hear someone ask you, "A credit card for your thoughts?"

Humor 'n Whimsey

Joe Riordan

Sammuel Langhorne Clemens, or as most of us know him, Mark Twain, has been called "the Lincoln of American literature" by William Dean Howells, an outstanding writer and critic.

Clemens began his career as a printer's apprentice and became a success as a Mississippi River boat pilot, Civil War volunteer, author, humorist and lecturer. But, the pride of Hannibal, Missouri was a flop when it came to investing money, wisely. He must have been a slick promoter's dream.

According to legend, Clemens invested in almost every scheme, except the one to buy the Brooklyn Bridge. It seems every invention he backed with his money was a flop.

Eventually the Sage of Hannibal became skeptical. He vowed he would never back another new invention. But, he liked meeting people and hearing new ideas; so, he agreed to talk with an inventor from Boston.

It was 1876, and the young man with the new idea called on the author at his adopted home in Buffalo, New York. It was early autumn, and the

days were sunny with just enough warmth to make sitting on the front porch pleasant.

Twain listened to the inventor, examined the instrument he brought with him and shook his head. Sam Clemens was sure of one thing. He would never want one of these things in his home, and he doubted that anyone else would want one, either.

The young Bostonite thanked the famous author for the interview and looked at his pocket watch.

"I'll be going now, Mr. Clemens. It's been a pleasure to meet the great Mark Twain, but I have to catch a train to New York City."

He carefully packed his invention into his valise, picked up his hat from the chair beside him and walked to the front gate. He seemed dejected. Clemens felt sorry for him. Perhaps he had been too abrupt.

"Hold up there, young man."

"Yes, Mr. Clemens?"

"I don't believe I caught your name."

"My name, Mr. Clemens, is Bell - Alexander Graham Bell."

Bumper crops, depressed prices in '77

DON D. DECKER
County Agent

The year 1977 was one of bumper crops in Wichita County with depressed farm prices. The gross agricultural income came to 18.8 million dollars. This cannot be compared to previous years due to a difference in calculating procedures.

Field crops brought in 10.5 million dollars; livestock and poultry contributed 7.9 million; and fruits, nuts, wildlife, and government payments amounted to .4 million dollars.

Wheat was still the "number one" cash crop for the county with 4.9 million dollars from 70,000 acres. Wheat yields of 50-60 bushels per acre were common. But, 1977 will be remembered for its bumper cotton crop with fairly good prices. Cotton income amounted to 1.7 million dollars. The outlook for poor wheat prices coupled with the increasing wild oat problem caused many wheat growers to shift toward cotton, grain sorghum, and some soybean

production. Cotton acreage doubled to 10,000 acres in 1977 from 5,000 acres in 1976. Grain sorghum acreage went to 5,000 acres compared to only a few hundred acres last year.

Beef cattle exceeded all other commodities in the amount of gross income produced. The beef producers brought in 6.6 million dollars. Stocker calves produced 2.7 million, killer cows and bulls amounted to 1.9 million, added value to feeder cattle came to 1 million, while the sale of breeding cattle brought in 1 million.

The Extension Agricultural Program was under the direction of the Wichita County Program Building Committee headed by Loys Barbour of Iowa Park. This overall committee is representative of various commodities, community life, and 4-H clubs. Heads of the commodity and community groups included: agribusiness - Gad Garland of Burkburnett; livestock - Ralph Harvey of Iowa Park; pecans and fruit - Virgil Woodfin of Iowa Park; field crops - Loys Barbour, community development - Charles McGilvray of Wichita Falls; resource development - Jim Schur of Wichita Falls; and landscape and garden - Alex Wooten of Wichita Falls.

B.T. Haws retired as County Extension Agent on January 31, 1977. I succeeded Haws starting on March 1. Haws had served the county for 24 years prior to his retirement.

The main agricultural thrust was directed toward the wild oat problem in wheat and the unfavorable economic position of wheat. Crop rotation appeared to be the most practical solution to both of these problems. Farmers were encouraged to consider cotton and grain sorghum in rotation with wheat.

The latest information on cotton production was provided at a growers meeting on April 27 in Iowa Park. Cotton insect scouting training was conducted on June 27 with a tour to cotton fields in the area. Early season insect control (fleahoppers and boll weevils) demonstrations were established with Fred Dwyer, Larry McAlister, and Richard Fritsche. As it turned out, the insect activity was extremely low which contributed to the bumper crop.

Wendell Hale did the cotton herbicide demonstration with all the preplant, incorporated materials doing a good job. We learned to incorporate the yellow herbicides shallow.

Yields of 1 1/4 bales per acre were obtained by many growers. Some of these higher yields were made by Richard Fritsche, Hertis Baber, Rayford Young, Dawson Owens, Johnny Allred and W.H. McAlister, John Mann and Larry

McAlister conducted the cotton variety trials.

A demonstration by Raymond Schroeder produced 3000 pounds of grain sorghum per acre which grossed over \$100 per acre. Frank and William Morton did the demonstrations on grain sorghum varieties, fertility, herbicides, and seeding rates. Their work showed top yields can be obtained with adequate fertility, use of pre or post emerge herbicides, reduced seeding rates to 35 pounds per acre, and early planting.

The annual crops tour was held on August 9 featuring cotton and grain sorghum practices. Rayford Young's soybeans looked good on the tour, however, the hot, dry September weather reduced his expected yields.

A dry fall slightly delayed the planting of the wheat crop. An October rain brought up the wheat to a good stand. But, the wild oats also came up too. Herbicide demonstrations using Carbyne were established with James Barbour, Ken Kaiser, Fred Dwyer,

and Ray Hicks. Timing of the applications were very critical with only 3-4 days to be effective. Aerial applicators Ed Pryor, Duke Abernathy, and Jim Coleman worked with us closely to insure growers of the best control possible. Approximately 5000 acres of wheat was treated with this new practice for this area. Weldon Roth conducted the wheat variety test.

We had a bumper pecan and fruit crop too. The Annual Pecan Show was held on Dec. 2-3, with nearly 150 pecan entries and 100 pecan food entries. Tam Garland was elected the county pecan queen. The top exhibitors were J.L. Steed with a Mohawk, Howard Ragland with a Schley, and Jim Kuehler's native.

A Pest Control Operators Shortcourse under the direction of the agribusiness committee reached nearly every pest control firm in the county. This event brought pest control people up to date on the latest recommendations concerning insect control, plant disease problems, and pro-

per use of herbicides. Nearly 500 agricultural producers and home gardeners were trained and certified as private applicators under the new Pesticide Control Act.

The Futures Marketing Seminar, under the direction of the county livestock committee and the Chicago Mercantile, reached nearly 70 of the larger cattle producers in the area. Local people serving on the panel discussion included Paul Berend, J.D. Bloodworth, Jim Schur, and Macon Boddy.

Growth stimulate demonstrations using Ralgrow were conducted by Jerry Hodges, Mark and Larry Thompson, and Ray Hicks. Hodges and Thompson's also did the trials on systemic grub control.

The Friberg-Cooper community placed third in District III of the Texas Community Improvement Program, under the chairmanship of Cecil Jarvis, Carl Brockriede and Norman Vanderwoude were recognized as the outstanding conservation farmers at the Community Improvement and Conservation Banquet in November.

Over 150 property owners participated in the Estate Planning Shortcourse sponsored by Extension Service, School of Business at Midwestern State University, and the county program building committee. Fred Dwyer became president of the county farm bureau succeeding Norman Roberts. Barry Mahler provided the leadership to the county young farmers.

or helping with the club, contact Anita Burchett or Corky Redden at 766-0131.

A wide variety of 4-H leader training opportunities will be offered at the Texas 4-H Center near Brownwood on Saturday and Sunday, Jan. 28 and 29. Assistant County Extension Agent Anita Burchett notes that this weekend training opportunity is especially for adult 4-H leaders who assist youth in clothing and sewing projects.

Texas Agricultural Extension Service Area Clothing Specialist Mrs. Becky Culp of Amarillo will lead workshop instruction sessions. She will be assisted by three resource instructors from the Abilene area. Topics for weekend participants include Fashion trends for youth; Fabric and notion trends; Fashion/fabric coordination; Sewing machine adjustments for today's fabrics; and Contemporary sewing techniques. Participants will need to take their own sewing equipment for use in the workshop sessions. For additional information about registration Anita Burchett may be contacted at the County Extension Office, 1626 Midwestern Parkway, Wichita Falls, Texas, or call 766-0131 for further information.

Burkburnett 4-H club will meet at 7:30 today at the Burkburnett Bank. If you are from Burkburnett and are interested in joining 4-H

Obituaries

Rupert Swadley

Services for Rupert Swadley, 63, a former resident of Iowa Park and Wichita Falls, were Friday afternoon in Faith Village Church of Christ in Wichita Falls.

Bob Wear, Church of Christ minister from Hereford, officiated. Burial was in Highland Cemetery in Iowa Park under direction of Hampton-Vaughan Funeral Home.

Nephews were pallbearers. A three-year resident of Hereford, Swadley was born Nov. 9, 1914, in Seymour. He later moved to Iowa Park where he lived for a number of years before moving to Wichita Falls. He was a feed broker and a member of Hereford Church of Christ.

He is survived by his wife, Leona of Hereford; a daughter, Mrs. Howard Swadley of Wichita Falls; a son, Ronald of Tulsa, Okla.; three sisters, Mrs. Imogene Kemp of Gainesville, Mrs. Virginia Roberson of Dallas and Mrs. Aliene Horton of Iowa; a brother, Charlie Swadley of Mesquite.

B.J. Kent

Funeral was Tuesday in the Holiday First Baptist Church for B.J. Kent, 76, who died Saturday in Holiday.

Rev. Lloyd Riddles, pastor, officiated. Burial was in Holiday Cemetery. Born May 31, 1901, Kent had been an oil field pumper and resident of Holiday since 1968. He was a member of Holiday First Baptist Church.

Survivors include his wife, Leola; a son, Carl A. of Iowa Park; two daughters, Joy M. Morrison of Holiday and Bernice Bessire of Bridgeport; a brother, C.F. Kent of Houston; a sister, Johnnie North of Cleburne; 11 grandchildren and 12 great-grandchildren.

Pallbearers were Steve Morrison, Mike Morrison, Randy Alvey, Red Slack, Kenneth Holt and Royce Kimberlain.

Honorary pallbearers were Clarence Reed, Bob Craig, Paul King, Clarence Collier, Mike Wortham and Butch Boyd.

Mary Story Mitchell

Mary Story Mitchell, a longtime resident of Wichita Valley Farms, died Saturday at Fort Worth.

Services were Tuesday morning at Halverson-Cole Funeral Home in Fort Worth. The Rev. R.W. Jablonowski officiated and burial was in the LOOF Cemetery.

Mrs. Mitchell and her late husband, Gail Mitchell, were among the first to purchase farms in Wichita Valley Farms, and she maintained her home there for many years after his death. She moved to Wichita Falls, then later moved to Fort Worth.

She is survived by two sons, Hamilton Crawford Mitchell of Reno, Nev. and William Gail Mitchell of Greta, La.; three sisters, Mrs. O.L. James of San Antonio, Mrs. W.H. McBride and Mrs. Margaret Wilson, both of Fort Worth; five grandchildren, and seven great-grandchildren.

Sonic booms to be heard

Reno, Okla. From there it swings south to the Wichita Mountains in Oklahoma, about 20 miles west of Lawton.

Both of these routes make a lazy sickle shape pattern,

ending near Fort Sill, Okla. The third flight pattern, Training Route 219, follows about 20 miles west of Lawton, where it swings north to Frederick, Okla., and then northeast to Fort Sill.

According to General Taylor, two flights of four aircraft each, use one of these routes daily, Tuesday through Saturday, except during bird migratory periods. These routes will continue indefinitely, he said.

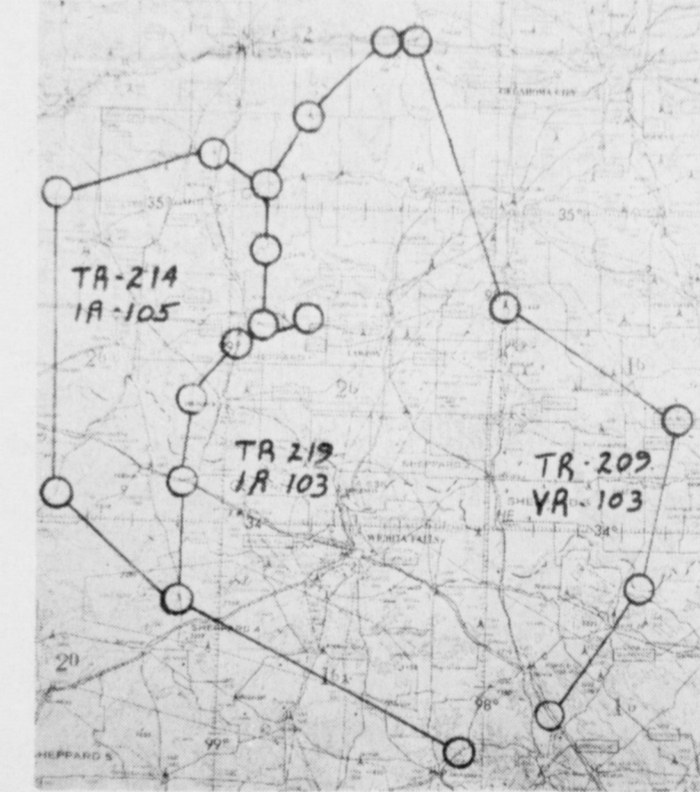

No sonic boom will result from the flights, which are flown at 420-480 knots at an altitude of 1500 feet and below.

In keeping with Tactical Air Command regulations, pilots will not fly low level over known hospitals, milk farms, large poultry farms, or congested areas.

The 301st was reactivated as an Air Force Reserve unit in July, 1972. Detached groups of the wing are located at Tinker AFB, Okla., and Hill AFB, Utah.

Pilots of the 457th Tactical Fighter Squadron from Carswell fly the "Thunderstick II," a specially modified version of Fairchild Republic's F-105 "Thunderchief" series D model.

The F-105 is a multi-purpose all weather tactical fighter-bomber.

No matter where you are, the most direct source for hometown news is the newspaper. NASA officials used headlines, particularly those from the sports pages to help keep astronauts in touch with reality.

102-40 Hawks run away from host Quanah

Five Hawks finished in double figures as Iowa Park surpassed the century mark for the first time this season when they defeated Quanah 102-40 Tuesday night.

Iowa Park swept three of four games from host Quanah, with the Hawkettes winning 63-38, the Hawk JV 58-23, and Quanah's girls junior varsity edging out their visitors 31-29.

It was a disappointed Hawk team that returned from Lubbock last week to take its wrath out on the Knights of Notre Dame 70-51 Friday night.

Disappointment came from being edged by

powerhouse Dunbar, 78-79, and then losing out in the third-place finals of the Caprock Tournament to Estacado, 60-79.

In Tuesday's runaway, Coach Keith Barrick used all 12 of his players in the game, but the reserves saw more than half the game's playing time. And still the game was no contest.

Iowa Park jumped to a 23-8 lead in the first quarter, and extended that to 52-19 by halftime. The Hawks extended the lead to 74-28 through the third period,

and finished with a big 28-point fourth quarter.

Reserve Donnie Taylor shared scoring honors with Anthony York, each posting 17 points. Jim Richardson racked up 16, Rusty Price 14 and Doug Rogers 12.

Andy Sitgraves was the only junior varsity player in the double figures, scoring 10 in that game.

Going into the second quarter tied 12-12, the Hawkettes maintained their scoring while the guards cut down that of Quanah's, and they went to the dressing

EFFORTS PAID OFF - Iowa Park, playing Notre Dame Friday night, fell behind in the third quarter and was in trouble of losing its third consecutive game to the Knights. But the efforts of the Hawks brought them back to win, 70-51. Fighting for the ball is junior Jimmy Richardson, 41, who scored 13 points in the game. Coming up to help are Jim Rowell, left, and Rusty Price, right. The Hawks will open Dist. 4-AAA play tomorrow against Weatherford with a 16-3 record.

room at halftime with a 27-16 lead. After three periods, they were ahead 44-26.

Jill Watts led the Hawkettes in scoring with 31 points, followed by Jo Ann McClurg's 25.

Two guards, Frances Sampley and Sheryl Thornton, scored the highest points on Coach Mike Fountain's grading system of any defenders this season. "They really turned in a good game," he said.

TOUGH BATTLE
Friday's 70-51 win over Notre Dame was not the runaway the score might indicate.

It started out that way, however, when the Hawks jumped to a 11-12 lead with 3:19 remaining in the first period, and were still ahead 19-5 with only 1:25 showing on the scoreboard clock before the first rest stop.

But the Knights, playing in familiar surroundings of their own gymnasium, caught fire, and trailed only 21-16 at the end of the first period.

Notre Dame continued its rally, and the Hawks continued to slip, and the Knights led 38-36 at halftime.

But, apparently refreshed

by the halftime rest, Iowa Park came roaring back to outscore the Knights 14-2 in the third period, and went on to win their 15th game of the season.

Rogers, who came off the bench and hit four of five shots late in the first quarter, wound up with 18 points for the evening. York had 14, Richardson 13 and Price 10.

The junior varsity posted a 67-42 victory.

Dunbar, which went into the state playoffs last year and is led by an all-stater, established a 19-15 lead by the end of the first quarter, but the Hawks, with a 26-13 second period, were ahead 41-32 at halftime.

The Lubbock school scored their go-ahead points with only seconds remaining on the scoreboard clock, and Iowa Park's long attempt shot failed.

York racked up 24 points to lead Mean Green scorers. He was helped by Jimmy Rowell's 16, Richardson 14 and Jim Dooley, 12. Dunbar's all-stater poured in 29 points.

Disappointed, the Hawks found little heart to battle for third place in the tournament, and lost to Lubbock Estacado, another AAA school, 60-77 Thursday. They trailed 7-16 at the end of the third period, and 24-32 at halftime in suffering their third loss of the season.

Leading scorers were Price, 14, York, 13, and Richardson, 12.

BANQUET SPEAKER - Former Oklahoma Univ. football great Steve Davis will be the keynote speaker at the Jan. 14 annual Hawk Football Banquet. Davis, who helped O.U. establish a 32-1-1 record while starting quarterback for the Sooners, will be on hand when several outstanding Hawks are recognized for their efforts during the 1977 season. Tickets, on sale at the high school principal's office, Parkway TrueValue and Iowa Park Leader, are \$3 per person.

Don Flippin is honored

Don Flippin, Hawk line coach for the seasons of 1972-75, was selected as the Abilene area coach of the year, it was announced by Bill Hart, Abilene Reporter-News sports writer.

Flippin, in his first year as head coach at Haskell, took the Indians to the second round of the Class A playoffs, after being picked pre-season no higher than sixth in the District 7-A race.

Former players being sought

All former Hawk basketball players are asked to get in touch with the high school office as soon as possible. They will be honored on Hawk Leadership Day in February which necessitates their responding early.

Anthony York, president of the Student Council, is the key person in the special day arrangements.

73°	20% more
72°	16% more
71°	12% more
70°	8% more
69°	4% more
68°	Recommended temperature setting

"Try lowering the temperature in your home to 68° this winter. You'll save on your heating bill!"

"A setting of 68° during the winter is the one Texas Electric recommends for both comfort and energy efficiency. For each degree above 68° the energy used for heating your house is increased by approximately 4% per degree. As shown by the chart the difference between the recommended thermostat setting and 74° is 24%. At 78° the increase in energy usage is 40% or more. Clearly, the lower you set your thermostat the lower your heating bill is going to be. And after last winter, one of the coldest on record, we think a lot of people are going to be trying their best to use less energy. Remember to change the filter in your heating system regularly, too. A dirty filter causes your heating system to work longer and that costs you more. Check the filter at least once each month. All forms of energy are costing more these days. If you're serious about saving energy and money, request a copy of our energy efficiency tips booklet on the comment portion of your electric service bill."

Wood, Ezzell named in student election

Bennie Ezzell and Amanda Wood were named Mr. and Miss Holliday High School during annual student body elections.

Ezzell, son of Mr. and Mrs. Ben L. Ezzell, is president of the senior class. He also is president of the student council and vice president of the school's chapter of the National Honor Society.

For his efforts in the 1977 gridiron season, Ezzell was tapped first team linebacker and second team offensive guard in District 13-A.

One of the team's co-captains, Ezzell also was listed among gridiron stars named to the Red River Football Team.

Miss Wood is the daughter of Mr. and Mrs. Raymon D. Wood.

She is a senior and was crowned homecoming queen for 1977-78.

Active in basketball and speech, Miss Wood also is a varsity cheerleader.

OTHER HONORS

Also during the school elections Miss Wood was voted all school beauty.

City, school meetings set

Holliday school board and city council both are scheduled to convene in regular sessions next week. The school board is scheduled to meet at 7:30 p.m. Monday.

Among items to be considered by trustees will be the contracts of administrators.

Other items on the board's agenda include the monthly tax statement, parking lot paving bids, overtime for janitors, minimum wage increase and voting boxes.

Holliday City Council is slated to meet at 7 p.m. Tuesday at city hall.

At a called session last Thursday it was reported the council hired Elvin J. Hoover, 23, of 301 E. Redwood as a general maintenance employee.

Andy Borton was named all school beau.

Class beauties were Tammy Wilson, senior; Lisa Talley, junior; Mindy Lowder, sophomore; and Angie Tinsley, freshman.

Mark Mankins and Donna Ruth were voted most studious, while Miss Ruth and Ezzell were selected busiest.

Selected most likely to succeed were Mankins and Miss Ruth.

Wittiest, according to their peers, are Nancy Sanders and Scott Collier.

Ezzell and Miss Ruth teamed up for the friendliest category.

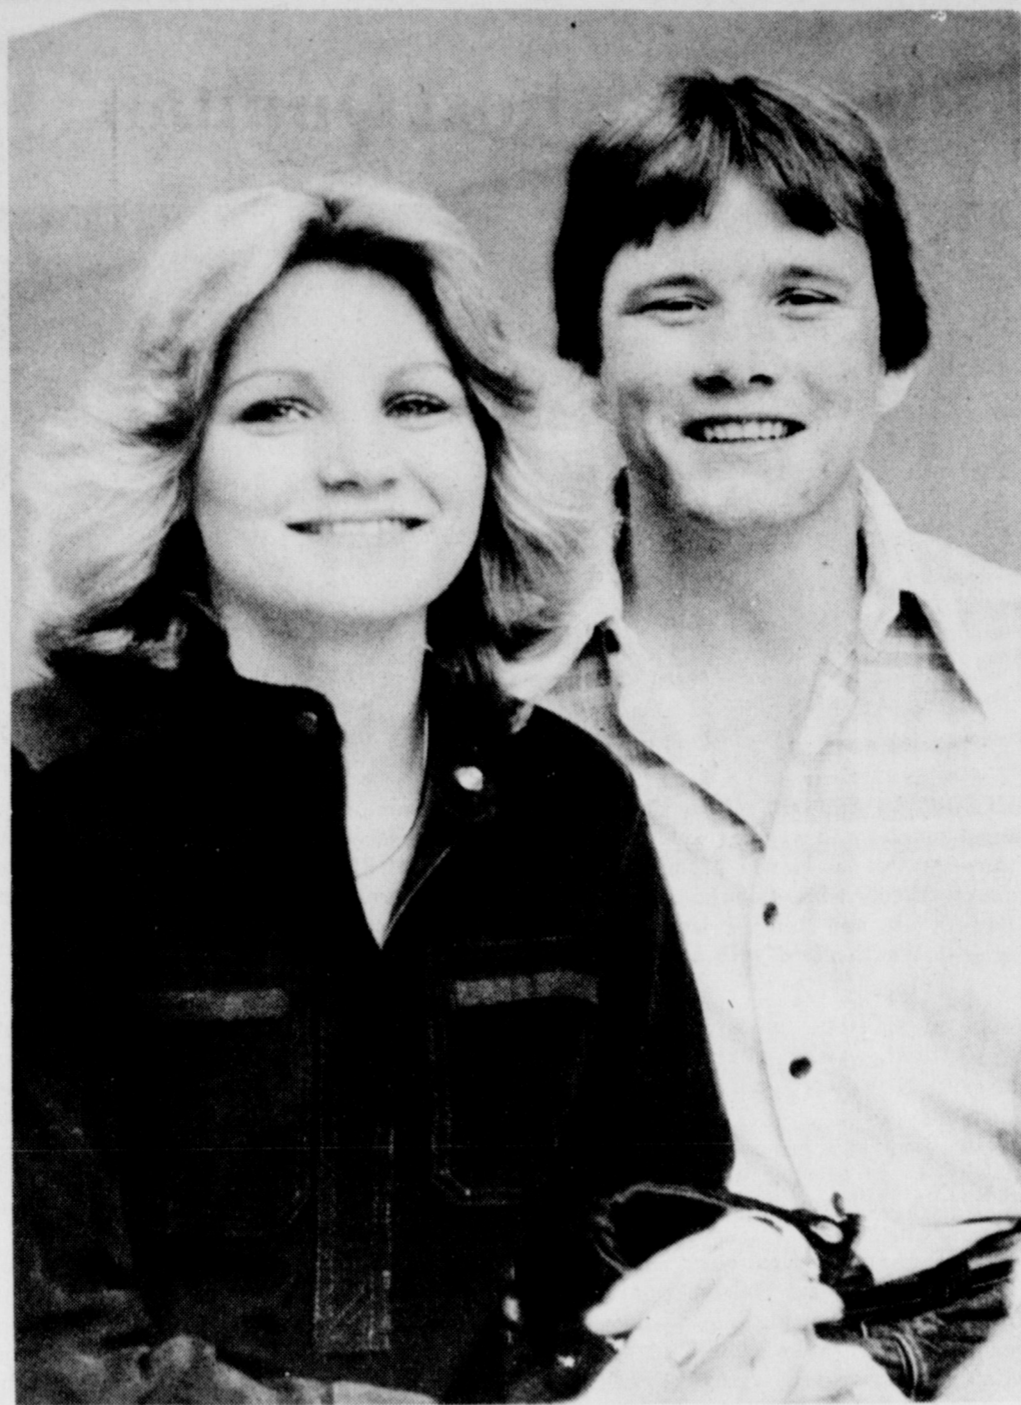

Miss Ruth and Mankins were voted most courteous, and the best dressed award went to Borton and Miss Wood.

Senior favorites were Ezzell and Monica Walker, and Michelle Rogers and Mark Wells were selected tops from the junior class.

The sophomore class chose Kim Addison and James Porter as its favorites.

Kristi Lucy and Rodney Moore were elected the freshman favorites.

Eighth grade favorites were Julie Lemons and Ray Looney, while seventh graders named Pattie Hewitt and Alan Henson as their favorites.

BENNIE EZZELL & AMANDA WOOD
...Elected Mr. & Miss Holliday High School

Holliday News

Teams start year on winning note

Holliday's varsity boys and varsity girls roundballers started the new year on a winning note, both registering substantial wins Tuesday night in Chillicothe.

Dobie Romines pumped in 20 points to pace the varsity Eagles in their 61-39 victory over Chillicothe. Andy Borton hit the double digits with 14 points.

In the varsity girls game it was senior forward Nancy Sanders back in usual form, scoring 29 points to lead the girls to a 60-41 win. Amanda

Wood netted 20 points. Eagle Fieldhouse will see plenty of action during the next two nights.

Holliday's seventh, eighth and junior varsity girls will host Petrolia here with the first game to be played at 5 p.m. today.

The seventh, eighth and JV boys will travel to Petrolia for more roundball action tonight.

A long afternoon and night of basketball is on tap for Friday. Four games are scheduled to be played. The JV girls and the JV boys will break the ice against Chillicothe beginning at 4 p.m. Friday.

Later Friday night the varsity girls and varsity boys will see if they can blow away Chillicothe again in front of the home crowd.

Closing out non-district competition, the varsity boys and varsity girls will travel to Seymour Tuesday night to take on the

Panthers beginning at 5 p.m. The JV girls will square off against Seymour about 4 p.m. Tuesday in Panther country.

AC TOURNEY

Holliday's varsity boys were eliminated from the New Year's weekend tournament hosted by Archer City.

During the first round of action Holliday was defeated by Megargel 56-39. Borton and Butch Battles shared highpoint honors with a dozen points each.

During the second round of action Bellevue escaped the Eagles 60-58. In the double digits were Mark Wells with 16, Mark Mankins with 11 and Kent Lemons and Battles with a dozen points each.

Megargel wound up winning the tourney trailed by Jacksboro and Archer City. Consolation went to Seymour.

Paper drive help asked

A second paper drive to help finance a new piano and organ for the high school auditorium is scheduled to be held Saturday, according to Pat Holt.

In Holliday workers will begin making their calls about 9 a.m. Saturday. Paper donations will be picked at Lakeside City about 8 a.m. Saturday, Mrs. Holt said.

Anyone with paper items such as newspapers, magazines, paperback books they would like to donate should box or bundle their contribution and leave it on their front porch to be picked up Saturday by volunteers.

During an earlier drive workers netted 1,050 pounds of paper which was sold to go toward the purchase of the new instruments for community use in the auditorium.

Second session kindergarten begins

Second session of kindergarten at Holliday schools will begin Jan. 16, said elementary principal Dan Owen.

To be eligible, prospective students must be kindergarten age having been five years old by Sept. 1, 1977 and did not attend the first semester of kindergarten here.

Students and their parents are to report to the kindergarten building at 8:15 a.m. Jan. 16. Parents should bring their child's birth certificate and up-to-date health records, Owen said.

A short meeting with the parents will follow in the cafeteria. Parents who cannot attend the Jan. 16 meeting should contact Owen before the opening class date, he said.

The first session of kindergarten at Holliday will end Jan. 13, he said.

Pesticide applicator workshop set in Vernon

THURSDAY, Jan. 5
Beef stew, crackers, rice, peanut butter, salad, dessert, milk.

FRIDAY, Jan. 6
Hamburgers, lettuce, tomatoes, pickles, onions, mustard, mayonnaise, ice cream.

MONDAY, Jan. 9
Barbecue on bun, beans, corn, sweet relish, milk, dessert.

TUESDAY, Jan. 10
Chicken fried steak, whipped potatoes, green beans, gravy, beets, hot rolls, milk, dessert.

WEDNESDAY, Jan. 11
Chili beans, cabbage, spinach, cole slaw, corn bread, milk, butter, dessert.

A three-day commercial and noncommercial pesticide applicator training workshop will be held Jan. 17-19 at the Chillicothe-Vernon Research and Extension Center, according to Emory P. Boring, area extension entomologist.

The first day session will cover general pest control, weed and brush control and forest pest control. It will start at 8:15 a.m. with a lunch break at 12:15 p.m. The afternoon session will start at 1:45 p.m. continuing until 6:15 p.m. The evening

session which is on forest pest control will begin at 7 p.m. and end at 9:30 p.m., Boring says.

Jan. 18, field crop pests, vegetable and fruit crop pests and predatory animal control will be discussed. This session will begin at 8:30 a.m., break for lunch at 11:45 a.m. and begin again for the afternoon session at 1:00 p.m. The day's activities will end at 6 p.m., Boring says.

On Jan. 19, farm storage pest control, fumigation and soil fumigation, ornamental

and turf pest control, seed treatment and right-of-way pest control will be discussed. The day's activities will begin at 8:30 a.m. with a lunch break at noon. The afternoon session will begin at 1 p.m. and end at 5:30 p.m., according to Boring.

Tests on the different parts of the workshop will be held on each of the three days.

Those interested in attending the workshop should preregister by contacting Emory P. Boring, III, Box 2159, Vernon, Texas 76384 or call 817-552-9941.

GED testing may be here

Completion of such a GED class would enable persons to receive the equivalency of a high school diploma.

Persons interested in taking the GED course should contact Holliday schools by post card or telephone by Jan. 23, Coe said.

Prospective GED students will meet at 7:30 p.m. Jan. 23 in the new Holliday High School building. The course will be available to anyone who qualifies and is

not restricted to residents of the Holliday Independent School District, Coe said.

There is a possibility that Holliday will host a GED high school equivalency class later in January, according to Ray Coe, superintendent of Holliday schools.

A survey is being taken to ascertain if there is sufficient interest, Coe said.

To be sponsored by Region IX Education Service Center, the class would be

open to anyone who has not completed their high school education.

VRJC CLASSES AVAILABLE

Registration and the first nights of classes for three courses offered here by Vernon Regional Junior College are scheduled for Jan. 23 and 24.

Courses offered include Typing I, Bookkeeping II and Shorthand.

The first meeting of the

Shorthand and Bookkeeping II classes will be from 6:30-9:30 p.m. Jan. 23 in the new high school building. A registration fee will be charged to cover the cost of books.

The Typing I course will begin at 6:30 p.m. Jan. 24.

Holliday School Menu

**The 7³/₄% Time Certificate—
What it is, How it works,
and what it can do for you.**

One Parker Square

Today	\$10,000.
1 Year	10,805.73
2 Years	11,676.38
3 Years	12,617.19
4 Years	13,633.80
5 Years	14,732.32
6 Years	15,919.35
7 Years	17,202.02
8 Years	18,588.04
9 Years	20,085.74
10 Years	21,704.11

It's simple. You deposit \$10,000 for ten years. Then you get a Time Certificate that states your investment will earn 7³/₄% interest annually, with interest compounded daily.

Then you sit back. And get rich. Or, at least, richer! Because every year you hold a Time Certificate it gains momentum for you (NOT TO MENTION MONEY).

See for yourself. If your Time Certificate is for the amount of \$10,000, for ten years, and if you let your interest earn for you, your Certificate will more than double its size.

From \$10,000 to \$21,704.11. That's a lot of money (not to mention momentum).

NOTE: Normal interest penalties will apply if money is withdrawn before maturity.

For additional information, call 767-8517. Let a Parker Square Savings Time Certificate start working for you.

SEE WHAT DAILY COMPOUND INTEREST CAN DO FOR YOU.

CARD OF THANKS
I want to thank all my friends and neighbors for all the wonderful food and flowers that I received during the passing of my loved one.
The Lynn R. Trigg Family

CARD OF THANKS
When friends walk by our side our burdens seem less heavy to bear, and our wonderful friends have been so faithful in walking beside us during the illness and death of our loved one. They have shared our sorrow with us through prayers, flowers, cards and food and have honored the memory of our loved one through memorials. For all of these and many other acts of kindness we are indeed grateful. Our desire is that God will richly bless each of you.
