Fortner-Erickson Vows Recited

Miss Judith Ann Fortner and Lt. William Victor Erickson were married Saturday morning, Oct. 10, in Iowa Park Church of Christ. John L. Maples, minister, directed their exchange of promises. Decorations were an arrangement of yellow roses and three candles.

Mr. and Mrs. Ray L. Fortner are parents of the bride. Dr. and Mrs. Carl Erickson of Seattle, Wash., are parents of the groom.

Vocal music was provided by a quartet composed of Mr. and Mrs. Ralph Beall, Mr. and Mrs. Larry Kinsley.

Mr. Fortner gave his daughter in marriage. She was wearing a white peau de soie sreet length dress trimmed with Alencon lace on bodice and skirt. Her head was covered with a peau de soie bow and she carried a bouquet of yellow roses.

Miss Sharon Fortner of Fort Worth was maid of honor for her sister. She wore pastel blue and carried a yellow rose.

Best man was Dick Miller of Los Angeles, Calif. He was roommate of Erickson at Annapolis.

Larry Fortner, brother of the bride, was usher and candlelighter.

A reception in the church followed the ceremony. The bride's parents were assisted by Mrs. Debbie Huff and Miss Marsha Shadle.

The sword used in cutting the wedding cake belonged to Erickson while attending the Naval Academy.

Judith is a graduate of W. F. George high school and of Bauder Fashion and Career college at Arlington.

William is a graduate of Franklin high at Seattle and of the Naval Academy at Annapolis. He presently is stationed at Moffett Field, Calif.

The couple will reside in Mountain View, Calif., until January. They plan then to go to Northwest Cape, Australia for 2 years.

ARC

Mr. and Mrs. Alvin Kock were honored with a going-away party at the John Reynolds home Saturday evening.

For five years they, with their two children Gary and Debbie have resided in Iowa Park and have been active in school and community affairs, especially in support of the Auxiliary to the Association for Retarded Children.

Mrs. Reynolds is president of the Auxiliary and invited members of the Executive Board and committee chairman to share in hosting the homemade ice cream and cake supper.

Following Alvin's retirement from the service, the Kocks are buying a business in their hometown. Their address will be Main Street, Marble Rock, Iowa 50653.

A lovely silver platter inscribed "Auxiliary to the Association for Retarded Children — 1970" was presented as a going-away gift and expressing appreciation for the fine contribution the couple have made to the organization here.

Those present were Messrs. and Mrs. Richard Bishop, Joe Baxter, Ed Navratil, Mrs. M. L. Hines, Mrs. Floyd Browning; the hosts and honorees.

Read Books

Fifteen boys and girls enjoyed the Iowa Park Library story hour last week. Mrs. Duerson read stories and after refreshments a short play period outside was enjoyed.

We thank Mrs. Earl Watson for her donation of books. They cover the subject of sewing:

- Pattern Adjustment
- Sewing Casual Clothes
- Tailoring Suits and Coats
- Professional Tips
- How to Sew for Children

Items of interest are still needed for our show case. If you have something interesting and unusual let us know.

"Look Homeward, Angel" by Thomas Wolfe is not a new book but it is new in our library and everyone will enjoy it. A great and memorable adventure awaits those who have not yet read this chronicle of American youth.

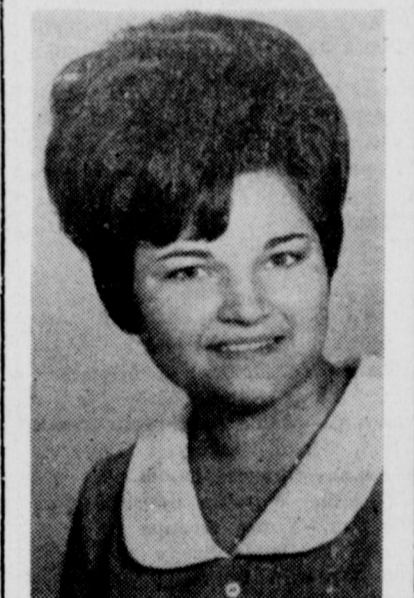

"Bless the Beast and Children" by Glendon Swarthout is a novel with eloquent testimony that all lost children are not born in the ghettos. Cruel in its clarity, touching in its portrayal of the realities of adolescence, this is a profoundly moving book.

"The Complete Book of Decoupage by Frances S. Wing is a definitive guide to the fascination, two-century-old art of decorating objects with paper cutouts.

Junior boys and girls will enjoy "The Sea Wolf" by Jack London. Fate suddenly plunges a man from the life of an art critic into the power of fiery, brutal Wolf Larsen, hard-bitten captain of the seal hunting schooner "Ghost."

To My Iowa Park Friends:
Many thanks for your love and kindnesses during my stay in your community.

ELLIE KERR

Engaged

Mr. and Mrs. Warren Lee of 617 West Texas are announcing the engagement of their daughter Jennie Kay to John Trahan, son of Mr. and Mrs. Johnny Dormier.

Miss Lee is a 1969 graduate of W. F. George high school and of Carter's School of Beauty. She is employed with Faye's Beauty Shop on Aldine street.

John is a 1968 graduate of IPHS and of the Postal Clerk school in San Diego. He is in the navy and his ship US J. C. Owens is based at Pearl Harbor.

The marriage ceremony will be conducted at Faith Baptist church in December, the date depending on the time his tour of duty permits.

JODY CHRISTINE BEAVERS

Mr. and Mrs. Billy Beavers are announcing the recent birth of a daughter Jody Christine. Weight 5 lb. 13 oz. She has a sister Dena Marie, 3 years old next month.

Grandparents are Mr. and Mrs. Lonnie Beavers of Iowa Park and Mr. and Mrs. Vaud Griffin of Wichita Falls. The great-grandfather S. C. Cole makes his home with his daughter Mrs. Lonnie Beavers here.

Cheerleaders Report to Boosters

Monday night in the school cafeteria the QB club met under direction of Pres. Hoyt Watson, who presented the IPHS cheerleaders.

Head cheerleader Nancy Huckaby introduced Becky Powell, Kristi Crawford, Bonnie Shewmake, Marcia Thompson, Kathy Nichols as the 1970 cheerleaders.

Nancy told the group of their activities and accomplishments when the girls attended a school for cheerleaders at Sherman last summer. They explained that their duties include planning Pep Rallies, decorating the halls at school, making signs and decorating the boys' football lockers with numbers and decals. Questions were answered by the girls.

Coach Watkins then expressed his views on the game with Stamford. He said our boys have come a long way and showed marked improvement since spring.

Tommy said no team can go against four tough AAA schools unbeaten and not improve. He named Bobby Morgan as Back of the Week for his good runs with the ball, his blocking and his all around defensive play including a pass interception and a fumble recovery.

Lineman of the Week is Greg Ancell who made several fine pass catches and carried out his blocking assignments well. Greg Frazier's run on the keeper play of our second touchdown drive rated the Big Offensive Play.

Next subject was Bowie, our next opponent. The boosters were told that Bowie has a bigger team than Stamford physically. On defense the Jackrabbits have a middle guard No. 55 Fincher at 230.

Tackles Case and Myers are both fine players at 190 and 185. Myers is heralded as being all-state material. No. 32 Whately at 185 lb. and No. 33 Henson 160 do the line-backing. Their Monster Man is Randy Read No. 28 who will be assigned to stop the Hawk wide running game. Bowie uses a stunting line and shots linebackers occasionally. Read plays the Arkansas Monster Man helping them throw up a formidable defense.

Offensively the Jackrabbits have had problems because both their QB and TB have been injured.

Both have leg injuries. Coffman No. 14 is rated a good runner and a fair passer. No. 30 Hustfield at 170 runs well from the fullback position. No. 48 Allison at 170 and No. 30 Dearman at 195 alternate TB duties.

Bowie runs from a basic I formation with two variations from the Hawks' I. Bowie splits their end and runs the WB inside the split. This formation will present some defensive problems for the Green. Another variation used effectively by the Jackrabbits is to set the TB about a yard to the side of the FB whereas the Hawks line their backs up behind each other.

Dear Editor:
We would like to take this means of expressing our appreciation for the fine work that has been done by the officers and committees of the Iowa Park Ex-Students Association in the past 2 years.

Knowing that it must involve a tremendous amount of time and effort, and non-existent amount of remuneration: A vote of thanks should be coming from all the Exes.

Our only regret about the meeting was the poor attendance by Exes in Iowa Park. It is always such a pleasure to renew old acquaintances and to reminisce. One class, for example, which had 58 members had 2 persons attending, both from Fort Worth!

After discussing this with other ex-students, we would like to suggest that each class have a representative to work for an attendance goal for his respective class.

If we can be of help in contacting Exes in the Dallas-Ft. Worth area, please let us know.

Sincerely,
H. Oscar Lochridge
Margie L. McDonald

Air Conditioning

It is now a reality. The job of air-conditioning the Iowa Park Library was completed this week.

It was paid for through donations by the public, and there are two persons who contributed most toward its accomplishment: Jack White and Frank Guyette. They donated the labor and provided the materials at cost, with no markup, because they believe the library is one of the most worthwhile facilities in any community.

They operate under the firm name of Iowa Park Air-Conditioning & Heating Co.

Also they appreciate especially the privilege their children had all during vacation of attending Story Telling Hour conducted by Mrs. Ellie Kerr, who gave her services free.

Mr. and Mrs. Jack White and two children Marie and John Pat live at 1100 Lincoln.

Mr. and Mrs. Guyette reside at 1114 Cornelia. Their four children range from kindergarten to junior in high school: Yvonne, Russell, Theresa and Paul.

Both families are members of the Catholic church. The Whites attend services at Our Lady Queen of Peace in Wichita Falls, and the Guyettes at Sheppard AFB.

Homecoming Parade, Crowning, Game, Banquet Filled Weekend

Queen Nancy and Council Prexy

The Homecoming game last Friday night was a definitely squad victory with all the Hawks getting into the play. The final score was 66-22 and the outcome was never in doubt.

The Hawk scoring was delayed at the beginning of the contest because of a fumble at Stamford's 4. After the Hawk defense held and the Bulldogs kicked, Iowa Park made another drive downfield with Jeff McDonald negotiating the final 25 yards through the left guard's position. Steve Webb's kick was good.

With Greg Frazier in the lineup for the first time in two weeks, the Hawks proceeded to score 28 points in the second quarter. Steve Watson crossed the goalline twice and Frazier ran for one yard and the fourth TD.

The Hawk air defense leaked twice in that period and allowed the Bulldogs to make 16 points.

Iowa Park fans were treated to a play most had never seen. Stamford. With the first half all gone, Stamford was given one more play from the 20 yard line because of a Hawk penalty. A pass to Austin Bolin was complete for the TD, and the Bulldogs put over a 2-point conversion—eight points with the clock stopped!

Stamford's band performed well at halftime with fine marching and good sound.

The Hawks band was aided by the Junior High and grade school bands in honor of Homecoming and did themselves proud.

Sitting on a throne was Homecoming Queen Nancy Huckaby with her attendants Becky Powell, Connie Russum and Gisele Farmer.

In the second half the Hawks continued to pour on the coal, making 33 more points. The Bulldogs never gave up and even succeeded to make another touchdown in the final quarter.

A new name in the scoring column for the Hawks is Tony Lee. He scored the last 6 points in the game with a 4-yard carry.

City Council Accept Offer

Monday night at the regular City Council meeting, Alderman Frank Harlin presented an offer of Mr. and Mrs. T. J. Pace sr. and their sons T. J. jr. and Robert K. Pace to give to the city the south half of Block 11, Texas Addition, for use as a park.

They stipulated that the transfer papers would be prepared by Robert K. Pace, an attorney in Wichita Falls at no expense to the City.

The grounds are to remain as a park for recreation and beauty and is not to be sold by the City for other use.

The Council voted unanimously to accept the gift. Robert is presently preparing the papers, which will be presented soon.

Description of the property is Lots 1 through 12, Block 11, Texas Addition. The park will be on the north side of West Clara between First and Second streets.

Mr. Harlin is presently making plans for preparing the park for public use and enjoyment.

The City of Iowa Park has filed a request with the Texas Water Quality Board for permission to build a new sewage treatment facility capable of processing a million gallons of waste water daily.

A hearing on the request was conducted in Austin, Tuesday. A protest by H. L. Kingcade is being considered since his home is within "several hundred feet" of the plant's proposed point of discharge of waste.

Mayor Erwin F. Soell said the plant construction will require six to eight months.

Vote 'No' on Drinks

Ministers and church members of Iowa Park met Monday to lay plans for defeating the Liquor by the Drink constitutional amendment which will be on the Nov. 3 general election ballot.

They will distribute literature on the subject and make strong reference to the vital question in sermons during the next three weeks.

A strong weapon against open saloons can be the Christian conviction of church people. If they will go to the polls and cast their vote on this question, they surely can defeat it by a large margin.

Already lined up for the campaign are Don Youngblood, John L. Maples, Claude McDonald, Bill Williams, Ron Killingsworth, Kenneth Flowers, Al M. Dorsett, Bill Norman.

Working with that group of ministers will be Lester Brooks, Floyd Zion, Ralph Beall and Rollins Woodall. Many others are committed to the cause but have not signed up formally.

Mrs. John B. Barbour returned Monday from Weslaco after a six weeks visit with her daughter Dr. and Mrs. Wm. G. Kitchell and family.

California Visit

Mr. and Mrs. Hubert Weseman returned last Thursday from a month's vacation that featured both happy association with relatives and travel to some of the most spectacular scenic areas of the USA and Canada.

They went first to the home of her sister Mr. and Mrs. Ralph Davis at San Diego, Calif. Mrs. Davis is the former Erschel Wigley. Here they visited another sister Mrs. Wynogene Wigley Day and a brother Virgil Wigley.

A real treat for Leota was the short visit they had with an uncle Jeff Wigley as they made a detour enroute home to see him.

At San Diego they were joined by the Davises and the four made a west coast trip to Vancouver, Canada, and back.

The Wesemans say it is worth a trip to California to see the castle home of the late editor and publisher William Randolph Hearst. It is now a historical monument near Monterey and San Luis Obispo, with 100 rooms that contain some of the world's best art collections and most authentic antique furniture. It is located on wooded slopes where there is a most unusual zoo with herds of zebras, tahr goats, anodads and other exotic animals.

Three tours are in progress on the estate all at the same time each day, with no overlapping of sights to be seen.

Of course they did not miss seeing the giant redwoods. It grieved them to see the destruction that had come to these giants because of fires.

A most awe-inspiring sight is Crater Lake in Oregon. Its blue, blue waters are nestled in the huge bowl which was created when old Mt. Mazama collapsed into the caldron which had been hollowed out beneath the cone by violent eruptions. The rim of Crater Lake rises 2000 feet above the surface of the water in places, and the waters are 2000 feet deep. Leota says the glowing descriptions of this scene are not one bit exaggerated.

At Vancouver they especially enjoyed the tea gardens and China Town. On the return Hubert made a specialty of viewing the dams on the Colorado river, including Boulder and Parker dams.

They spent some time in Zion National Park and especially enjoyed camping at the foot of The Great White Throne which rises 2,447 feet above the floor of the canyon and is the best known landmark in Zion Park.

Hubert and Leota are content to be home awhile now and view again in their minds' eyes, some of God's most inspiring creations.

Mr. and Mrs. Lester Brooks presented the program for the day. He showed slides of their iris garden at their Trail Ridge ranch.

Lester is regional vice-president of the Iris Society which covers the State of Texas. Mrs. Dean Miller of Iowa Park is chairman of this area which covers several counties.

Mr. Brooks was in charge of the Experiment Farm southeast of Iowa Park until he retired. He is now a part-time consultant for the Guar program. He helped organize the Iris club here.

Mr. Brooks told members he has always been an ardent fan of the Garden club for the many things accomplished to beautify Iowa Park and surrounding area.

Trail Ridge had its beginning a long time ago when as a boy he leaned on a hoe handle in the cotton field and dreamed of beautiful homes and hills that maybe someday he could have.

Lester showed slides of their farm with the iris gardens and landscaping they have done. There are picturesque hiking trails all over the place. Back of their home he has re-routed water to make their Bass Bayou.

Interesting were iris he has developed and one called "Skywatch" originated by Cliff Bentsen of St. Louis, who is secretary of the American Iris Society.

Brooks also showed slides he brought from the swamps of Louisiana and told how well they are doing here. At the recent iris show in Amarillo the chairman said Iowa Park area had the most beautiful and unusual iris he had ever seen.

Lester has crossed and originated many irises but he thinks none are really perfected enough to be registered. But after seeing pictures of so many lovely ones, members of the club here disagreed with him.

Mr. Brooks presented each club member one of the Regional Newsletters of American Iris Society he publishes; and a poem "Death of the Monarchs" concerning the beautiful trees that are dying or being destroyed. He urged everyone to save our trees.

Mrs. Delbert Todd presented Mr. Mr. and Mrs. Brooks a silver dish. Mrs. Reilly reported on the club float being made for the Homecoming Parade.

Others present were Mmes. Wiljiam A. Black, L. C. Hill, Gilbert Kohl, Luther Shaw, E. F. Soell, L. W. Teel Jr., W. L. Yost.

T-Sgt. and Mrs. Douglas Wing and children Rose 10, Douglas Jr. 9, and Kenneth 5 are new residents of Iowa Park. He has been in the air force and has 17 years of service.

Mr. and Mrs. Wing are natives of New York. They were at SAFB in 1958-59. He served in Vietnam in 1966 and 1967 and has recently returned from one year each in Vietnam and Laos. Except for a year in Africa and the times mentioned, the sergeant has had duty in the USA.

Dinner for Purcell

Congressman Graham Purcell will be honored at an Appreciation Dinner, Tuesday night, Oct. 27 by Dickens and Kent county Farmers Unions. Jay Naman of Waco, state president of FU, will be present to introduce Purcell.

The dinner will begin at 7:30 p.m. in East Ward school cafeteria in Spur.

Purcell introduced farm legislation in Congress which would extend the 1965 Farm Bill, with improvements in income to farmers all over the nation. This bill later became known as the Coalition Farm Bill and was eventually endorsed by National Farmers Union and some 30 other farm organizations.

All residents of the surrounding counties are invited to join in expressing appreciation to Purcell for his fight to bring prosperity to rural areas of the nation.

There will be an adult beginning sewing class at the IPHS homemaking department beginning Oct. 20 at 7:30 p.m. The study will be continued each Tuesday night for six weeks.

There is no charge for this interesting course and it will be offered by the homemaking teachers. Volunteer baby sitting will be provided by homemaking students.

Philia Study Club Homemakers

Mark Wittlinger, instructor in the Marionette Theater, who also teaches classes at the Children's Center in Wichita Falls, provided an interesting and challenging program for members of the Philia Study club at the home of Mrs. Donald Cook, Monday evening.

He described the development of the theater and told how responsive the children at the Center are to such a program.

Hallow'en decorations were everywhere and the refreshment table featured candles, witches and black cats. Roll call was answered by relating a superstition common to the family through the years. Mrs. Austin Webb led the group singing.

Mrs. Buddy Henderson presided for business when names for secret pals were drawn.

A poem "The Mind of a Child" read by Mrs. Richard Davis featured the meditation at the close of the program.

Mrs. Jimmie Howell and Mrs. Elvin Hefner were welcomed as new members. Present were Mesdames Harold Cowley, Deryl James, Jerry Padgett, R. T. Robinson, Louis Sawyer, and members mentioned above.

Music Study

Did you know that "Yankee Doodle" was the song used in decision by the British soldiers and it was later adopted by the Yanks as their rallying song?

Do you remember that "Hail, Columbia" was the national anthem until President Hoover replaced it by designating "The Star Spangled Banner" in its stead?

Did you know that "America" is truly our national anthem in the minds and affections of many? Samuel Francis Smith, a young clergyman who had no idea he was composing a hymn, penned the words, associated with no wars but whose sentiments proved so expressive of our ideals that they have been inspiration to all peace-loving Americans.

These points are some of the inspiring thoughts given by Miss Ethyle Kidwell at the meeting last Thursday evening of the Modern Music Study club in the home of Mrs. W. G. Steele. Co-hostesses were Mrs. M. J. McDonald and Mrs. Billy Gene House.

Mrs. James Sewell, pianist, played each number as Miss Kidwell told the history. Mrs. C. P. Pace read "Battle Cry of Freedom" and Mrs. Joe Singer told the story back of the hymn of the month "When Morning Gilds the Sky."

"Washington Post" and "Stars and Stripes Forever," piano selections by John Phillip Sousa, were played by Miss Helen Reed and Mrs. Otis Gay.

"When Johnny Comes Marching Home" was sung by the group as the concluding number.

Farnsworth, Herbie, Herman, Oscar Are Students' Pets

by Amy Dressler

Farnsworth and Herbie and Herman and Oscar are the four newest members of Iowa Park High School home economics department. They are the center of all attraction.

Our visitors are four jolly white rats which the National Dairy Council sent us for experimental purposes only. They are permanent residents of Wisconsin.

These four little fellows help us a lot in our study of malnutrition.

Farnsworth and Herbie are being fed a well-balanced diet of meat, vegetables, fruit, bread and milk. Herman and Oscar get potatoes, cake, cookies, popcorn and rolls.

The rats are to be returned after seven weeks to the Dairy association. There they will be checked in every way imaginable to see how their diets have affected their growth and condition of their fur.

When they first arrived the rodents were quite nervous and Herbie had a cold. To tell them apart we've marked their ears. Herbie's is red; Oscar's is blue; Herman's is green. Farnsworth has a crooked tail, so we didn't mark his ear.

Four home economics classes are involved in the experiment under supervision of Mrs. LeeRoy Olson, cooking teacher. Mrs. Carl Parnhill is our sewing teacher, but she also is interested in our rats.

Ever since the rats arrived on Sept. 16, Mrs. Olson has kept a daily running account of the rats and their progress. Here are some sample days:

Wednesday. Rates delivered and girls accepted them readily. Very nervous—fed bread and water. Herbie sneezed a lot.

Thursday. Oscar and Herman beginning to settle down but F and Herbie are still pretty fretful. Fed cake and chicken with bread. Getting used to the noises. Herbie seems to be okay today.

Friday. All rats adjusting: Oscar and Herman I would say completely; Farnsworth and Herbie very nervous when blender and equipment are used in kitchen. They like for students to notice them. Fed them popcorn and cornbread for weekend. They really liked the popcorn. Students are bringing in friends to see them.

Monday. All survived the weekend and seemed happier to see us than hungry. Herbie's eye seems much better at times. They are all busy eating. Began giving Farnsworth and Herbie milk and regular diet; and Herman and Oscar their diet. Like the milk and drank quite a bit. Farnsworth chewed on copper wire and pulled it from around the food dish.

Tuesday. Oscar and Herman ate all their food but F and Herbie left some. Today is the first day Herbie and Farnsworth have not been real restless during the day. They enjoy the girls and the girls enjoy them. They jump and run about in the morning when we first come in.

Wednesday. Will decrease amt. of food. Good not eating too well. Milk continues to be a problem: leaks out and sours at night. Good are beginning to settle down more but still more restless during the day.

Thursday. They are eating their regular food quite well; the bad rats continue to eat more than the good ones. The fresh milk was a disaster, so we are feeding dried and they really like it very well. The fresh milk soured overnight; would leak and the whole department smelled soured. Believe this other will work much better. Almost disaster: someone left brick off the top and rats were everywhere only for a second or so. They seem to enjoy the students' interest in them.

Friday. One of students thought the good rats looked fatter and better than bad ones. I can't tell too much difference; maybe it's psychological or maybe there really is. We will weigh them this afternoon. The good ones drink so much water with the dried milk, they will not be able to give them any over the weekend as they will not have enough to last. Haven't bothered the wire any more while we are here.

I guess there is a difference. Herbie 105 1/2 gr., Farnsworth 131, Herman 104, Oscar 91.

Monday. Rats survived another weekend and good cage had their water bottle on floor which was empty. I watched them and they drank but were not real thirsty, so must not have had it gone too long. They were very hungry and all doing fine.

Tuesday. They really put on a show for one class of students in playing and running about the class I think they knew the girls were watching and laughing at them. Students can see the difference in them pretty readily, particularly their coats and sizes.

Wednesday. One class gathered around one cage to admire them and the other cage began to show off trying to get their attention. Both groups seem to be contented and eat very well. They are always ready to be fed in the morning.

Thursday. More students are noticing the difference in them. They are, both cages, eating well and real cut-ups around the students. When they hear you walk close around their heads pop up

and they are up and out ready for your attention.

Friday. Weighed the rats and Farnsworth 178 1/2, Herbie 163, Oscar 106 1/2, Herman 142.

Monday. Survived another weekend. Eating well.

Tuesday. About same.

Friday. Farnsworth weighed 216 1/2, Herman 164 1/2, Oscar 112 1/2 and Herbie 203. Since Oscar has gained only 6 grams this week, Monday we will begin to feed him a good diet to see how he progresses. Much change in fur of good and bad—looks yellow and rough; slick and smooth.
