Store

torial limits of said City. (Here follows the field notes and description of the annexed territory which is a short section of Loop 370 Highway and the U.S. Expressway not presently in the city limits.)

Section 2. That it is not the in tention of the City of Iowa Park to annex any territory not legally subject to being annexed by said City, and should any portion of the above described territory not be subject to legal annexation by the City of Iowa Park, Texas, such fact will not prevent the City from annexing such territory which is above described and is subject to legal annexation by the City and it is the intention of the City of Iowa Park to annex only such territory as may be legally annexed by it within the limits of the above described area. Section 3. That this ordinance

shall be effective as of the date of its adoption.

Passed by the City Council on First reading on the 26th day of April A.D. 1971.

W. O. Cooper, Larry Jackson and Everett Ward of Nocona were visiting Lions. Local guests were r. Thurmon Reitz, Bill Robinson nd Joe Singer. described in Section One (1) of

this Ordinance adjoins the present Mrs. Joe Singer, vocalist, and city limits of the City of Iowa Lion Dave Bridgers, accompanist.

## How gas heating that heats in the winter can be an air-conditioner that cools in the summer.

You already have half a central air conditioning system.

It's a simple matter to install a cooling unit to your gas heating system. You can probably use the furnace blower and ductwork you already have. You'll save up to half the installation costs of starting from scratch.

Temperature control in your home is a year-round proposition, but not an expensive one. We have special rates for gas air conditioning during the summer. And no matter what the season, you pay less for gas than electricity.

Another nice thing about gas central air conditioning is its simplicity. There are fewer moving parts. Fewer breakdowns. Fewer repairs.

Wake up your central gas heating to central gas cooling. You'll sleep better this summer.
