Princess Caradja Tells of 'Red' Threat to USA

The historical background and progress of Russian Communism in the "captive countries" of Europe were described by Princess Caradja, Sunday in a lecture forum in Fellowship Hall of United Methodist church and during a luncheon-conversation time in the home of Mrs. Bertha McDonald following morning worship.

The speaker was born in Romania and in the process of growing up lived in England and France. She returned to Romania in 1905. At the age of 15 she was married to Prince Caradja in 1914. She and her two children fled the country when it fell to the Germans. In the fall of 1918, after the Armistice, she returned to Bucharest and took over an orphanage founded by her mother during the bitter years.

In 1920 she had a third daughter. In 1933 her 17-year-old died in Vienna. Her eldest was killed in an earthquake in 1940. In 1948 the youngest child escaped to the West.

The princess continued work at the orphanage, with surviving prisoners of war in POW camps, until all she had was taken over by the Communists and she accepted her daughter's offer to try to get her out. She got leave to come here in 1955 and since then has spoken in 48 states and Canada, going from place to place making contacts with those American flyers and prisoners of war whom she befriended in Romania.

The 10 captive countries she tells about are East Germany, Poland, Lithuania, Estonia, Latvia, Hungary, Bulgaria, Albania, and the last to fall Czechoslovakia . . . and of course her homeland.

She says, "You have never lost your freedom, so you take it for granted. We have, so we know the worth of it. You people read about it and imagine how had it would be. I only need to remember how it was."

Romania was the third largest world exporter of oil . . . the 8th in wheat. The Germans were short of both in 1945, so just took over and got them.

Her message is a plea for us in America to beware, to live our Christian ideals in order that the church might be saved, to stay strong to defend the last great stronghold of freedom on the face of the earth.

Solomon-Butler Vows Exchanged

Miss Patricia Ann Solomon and Michael Lee Butler were married last Saturday in the home of her grandparents Mr. and Mrs. Walt Davis in Dallas.

Her parents are Mr. and Mrs. B. J. Solomon, 402 W. Louisa, Iowa Park. His parents are Mr. and Mrs. James T. Butler of Richardson.

When given in marriage by her father Patricia Ann was wearing a peasant style natural color cotton dress with Mexican lace at the Empire waistline. Her bouquet was of white and coffee colored pom mums and baby's breath.

Maid of honor was Miss Donna Solomon, sister of the bride. Her dress was of dark beige nylon organdy. Her flowers were bronze pom mums.

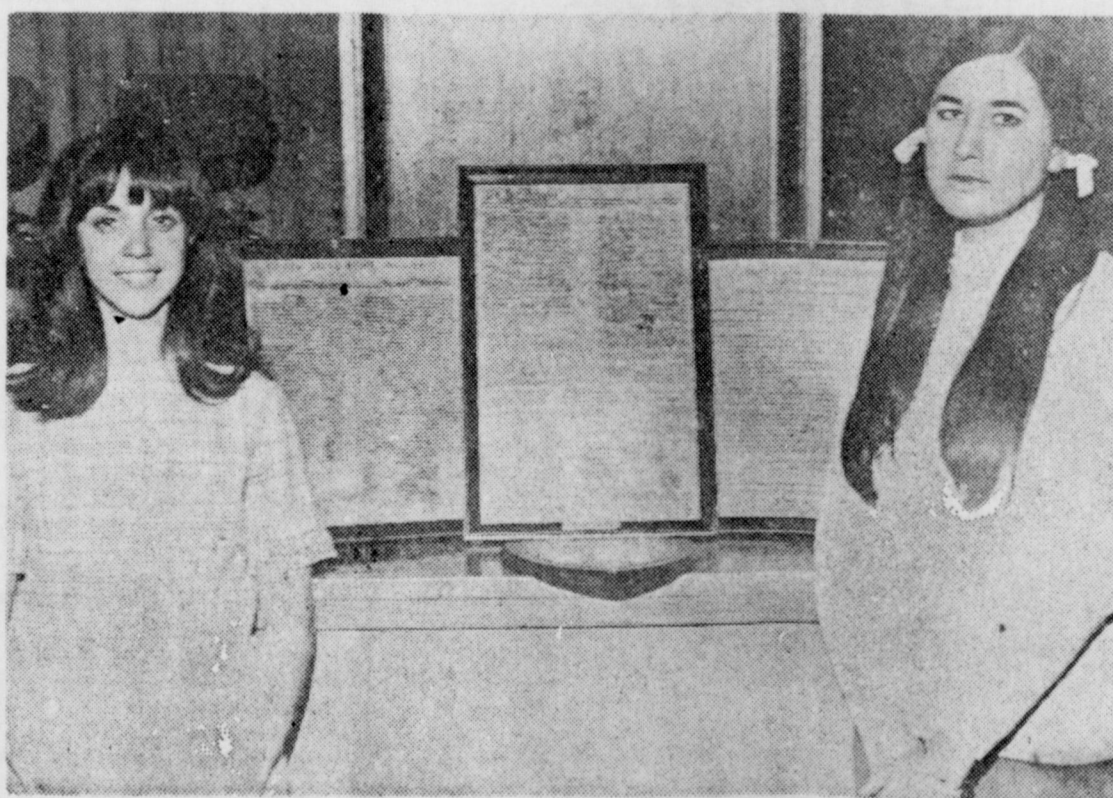

Best man was Jimmy Butler, brother of the groom.

Miss Debbi Butler, sister of the groom, presided at the refreshment table following the ceremony. The couple are planning to reside in Plano. They are juniors in East Texas State university and will continue their studies there.

Kills Rattler

Wednesday morning, Mrs. B. T. Grusendorf, Valley Farm No. 45, went out her back door, to feed the dog. On the lawn in striking distance was a rattlesnake in the process of swallowing a squirrel.

Mrs. G. grabbed a hoe and hit the reptile so hard it turned loose of the squirrel and tried to strike her. She succeeded in killing the snake. It was 6 to 7 feet long and had 7 or more rattlers. Now is a good time to be wary of rattlers!

Para Huff won first place in shorthand competition at Austin recently. Linda Wilson won second place, giving IPHS highest honors in that category.

The school will display proudly the first place plaque awarded Miss Huff. It is one of the first honors won in Class AAA by Iowa Park students.

Water Sources Studied

Possible sources of good water for Iowa Park at all times, regardless of droughts and or a great expansion in water use, was studied Tuesday night at the City Hall by Mayor Erwin F. Soell and Alderman Herman M. Mahler, representing the city administration; Delbert Todd and Gaines Maness, representing the Wichita County Water Control and Improvement District No. 3.

To the four have been added Mrs. Luther Shaw, Dr. Gordon G. Clark, Fred Parkey, Wayne House and Dr. Richard Carver, to constitute a commission. It will be charged with the responsibility of learning about all the sources of good city water and exploring the means of obtaining it.

Presently the feasibility appears to be treated water bought from the City of Wichita Falls and pumped here in a suitably sized pipeline.

The commission will consult immediately with Wichita Falls personnel who are knowledgeable in water supply and transportation, and make reports to the City Council, who will in turn report to the people.

All we can say now to them is, "Good luck, folk, we are backing you 100 per cent."

Meanwhile we can hope for a lot of good rain from Jupiter Pluvius.

Charles F. Finnell Is Pleased

Rep. Charles F. Finnell of Holiday expressed optimism this week with the makeup of the House district in which he will be running for reelection in 1972.

"With the western section of Wichita County added to Archer, Clay, Throckmorton and Young counties, I think we have a good district with strong common interests."

I look forward to serving an important section of Wichita county, although I regret losing three counties of my present district," Finnell said.

Iowa Park and other portions of western Wichita county were added to the district, while the counties of Baylor, Jack and Montague were detached in the redistricting bill adopted by the State Legislature.

"I have thoroughly enjoyed the opportunity of representing the fine people of District 61, and I look forward to the challenge of representing an area which is both rural and urban in nature," Finnell stated.

Tax Service Available

S & S Property Tax Service is
telling the purchasers of its serv-
ices how to check their Tax As-
sessed Values. It outlines a pro-
cedure that has had a great deal
of success before Boards of
Equalization in Texas and sev-
eral other states. It goes into a
large number of items that can
and do reduce the value of your
property, from the viewpoint of a
purchaser and therefore enter into
value for tax purposes.
The Farm and Ranch service
has specific items of interest to
North Texas property owners.
The service was designed not
only to inform the taxpayer how
to fight high land taxes but also to
insure that his rights are preserved
so that if he should take legal
action, the victory will be mean-
ingful.
Assessors sit around thinking up
new ways to get more money
from land and property owners,
so why shouldn't the land owners
respond with arguments on their
side for reason and equity in land
taxation?
Says E. M. Seydell of S & S,
"We work for the taxpayer and
not the tax collection."

FATHERHOOD FACTS AND FANCIES

Fishing gear or a portable
chain saw may seem ap-
propriate gifts for Dad — but an
African Dinka tribesman would
strongly disagree.
He anxiously awaits the
moment when he can receive
the one "perfect" present from
his son: the skin of the first
lion the young man kills!
It's not just what children
give their sires, but what
fathers pass on to their chil-
dren, that varies in fascinating
ways around the globe.
Tchambuli boys of New
Guinea learn that doing tribal
dances and carving ritual masks
is man's work — and that it's
mom's job to grow the crops
and catch the fish that feed the
family!

Does Dad spoil the child by
sparing the rod? The Arapah,
neighbors of the Tchambuli,
would recoil in horror at the
thought of striking their off-
spring. To them, a child's tears
are a tragedy — and one of
Dad's biggest jobs is to see that
his children never cry. He de-
lights in feeding the children
by hand, slipping them the best
morsels. Parental "don'ts" are
few. Yet the Arapah young-
sters emerge not as little mon-
sters — but as junior editions of
their mild parents.
In contrast, Ossete tribes-
men of the Russian Caucasus
are so stern that they never
play with their babies! Public
opinion brands as "sissified"
the man who fondles his chil-
dren. But tribal custom does
permit Dad to take his young-
ster by the hand when walking
— once the child has reached
the ripe age of four!

Strict Puritan parents some-
times insisted on being ad-
dressed by their offspring as
"honored sir," instead of
merely "father" — but for a
different reason. The South
Pacific son believes that spirits
are the true fathers of man-
kind. Instead he addresses Dad
by a title that means simply
"my mother's husband!"
In parts of the Near and Far
East, father has almost com-
plete authority over his chil-
dren, but must still defer to
grandfather. Several genera-
tions may live under one roof,
and the old patriarch domi-
nates them all. But among
some South Sea island tribes,
the uncle is the head of the
household.
This arrangement comes
about because of an odd social
structure which requires that
people choose their mates from
outside their native village, but
continue to live in their own
village after marriage. Dad lives
in one hamlet, Mama and the
kids in another. A man has
authority not over his own
children, but over his sister's
offspring!

To more than 50 million
American families, however,
it's father who will be the big
man on the third Sunday of
June. Father's Day was the
brainstorm of a grateful daugh-
ter, Mrs. John Dodd, who
wished to honor her father,
William Smart, for his devotion
and kindness in rearing six
motherless children. Thanks to
her efforts, the holiday was
first celebrated in 1910 in
Spokane, Washington.
From its modest beginnings,
Father's Day has become such
an important occasion to
American families that they are
expected to spend more than
one billion dollars this year on
gifts for Dad, who will smile
and feel twice-blessed whether his
gift is a home-made greeting
card smeared with the grimy
fingerprints of a loving son or
daughter or a great new
"Homelite 150" heavy-duty
portable chain saw, with light
magnesium body, built-in noise
muffler and automatic bar-and-
chain lubrication bought for
him by the entire family!

In old China, where great
age implied great prestige, a
son could think of no better
way to show respect for an
elderly parent than by making
him a birthday present of a
silk robe embroidered with
the Chinese characters for
"long life." The robe was con-
sidered most effective if sewn
by a young person likely to
live a long time!
There is one exotic custom,
pertaining more to new fathers
rather than old ones, that
American men might like to
adopt. In many African and
South American tribes, it's
feared that a father might
endanger the health of his new-
born child by engaging in hunt-
ing, fishing and other workday
pursuits.
Therefore, although Mama
returns to her usual tasks about
as soon as the baby is born,
Dad takes to his bed for days
or even weeks — and does
absolutely nothing!

Students Honor Retiring Teacher

Mrs. Stevens received from her
young friends a four carnation
corsage and a gift.
Mrs. Stevens is widow of the
late Bill Stevens. She lives at
1441 Phillips in Wichita Falls.
She has taught 31 years, with
20 of them in Holliday.
Edna Pearl received the BS
degree from Stephen F. Austin
college at Nacogdoches. Her first
11 years as teacher were spent
at Brady, Lufkin and Redland.
She came to Holliday in 1951.
Mrs. Stevens has two daugh-
ters: Mrs. Cecil Wilson of Wich-
ita Falls (with three sons); and
Mrs. Earl Thomas of Memphis,
Tenn. (with three daughters and
a son).
In discussing her retirement,
Mrs. Stevens said, "I enjoyed
teaching. Each day brought more
happy surprises than disappoint-
ments. I stressed good citizenship
and endeavored to make learning
a happy experience.
"I was born in Santo, grew up
in Wheeler. My father was the
first county treasurer in Wheeler
county. My hobbies are my seven
grandchildren, reading, sewing
and gardening."
Mrs. Stevens feels deeply the
fact that Supt. W. S. Thomas has
reached retirement age. She has
great respect for him as an edu-
cator and school administrator.

Trouble? Call us when you have a problem.

There may come a time when you'll need the help of a troubleshooter from Texas Electric.

A troubleshooter is the man who shows up in a hurry in any kind of weather —any hour of the day, any hour of the night—when you call Texas Electric to report a problem with your electric service.

Perhaps the lights keep dimming and flickering at the houses in your neighborhood. Or the power has gone off at your home.

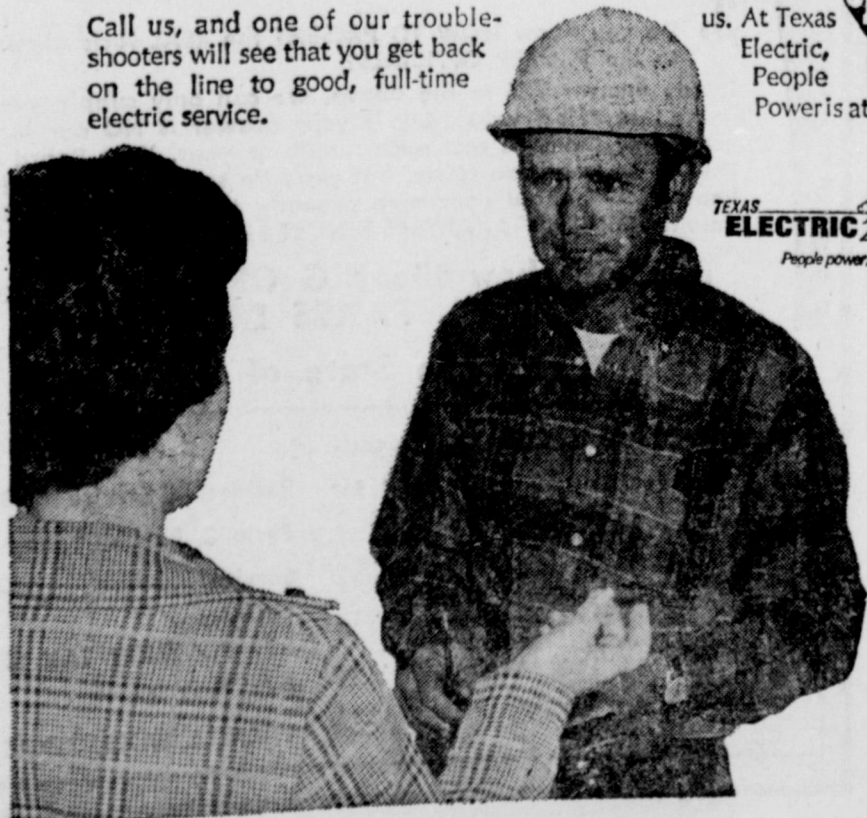

Call us, and one of our troubleshooters will see that you get back on the line to good, full-time electric service.

Or, if he finds that the company's lines are functioning properly, he'll suggest ways you can solve the problem with the help of your appliance repairman or electrician.

There may be other, less urgent things you'd like a troubleshooter to do. Remove your child's tangled kite from our electric lines. Or get a stranded cat down from one of our electric utility poles before there is trouble.

All this is just part of our job, so let us know when you need

us. At Texas **People Power** Electric, People Power is at your service.

Mrs. James Attends National PTA Convention in Oklahoma

Mrs. D. O. James, district chairman of cultural art, from Iowa Park, attended last week the 75th annual convention of the multi-million-member National PTA in Oklahoma City.

"It was a working convention and featured a series of stimulating workshops designed to motivate the delegates," Mrs. James said. She explained that the workshops focused on PTA power in legislation, PTA power in councils, and how to strengthen PTA program impact.

"The program also included workshops on the escalating opportunities in vocational-technical education, religion in public school and the future of the American family," Mrs. James explained.

"Quality Living and Quality Learning for All Americans: The Promise and the Process" was the convention's theme. This was outlined in the keynote address of Mrs. Leon S. Price, national president.

Prominent guest speakers at the convention were: Ralph Nader, this country's foremost consumer advocate; Dr. S. P. Marland jr., U.S. commissioner of education; Art Linkletter, who has devoted much time recently in the fight against drug abuse.

An overview of Project RISE (Reading Improvement Services Everywhere) was presented by Dr. John George of University of Missouri and by Rowan Stutz, national PTA treasurer. According to Mrs. James, "RISE is the national PTA's direct answer to the reading challenge of the present time—the Right to Read."

Mrs. J. W. Miller and Mrs. Walter Reitz, both of San Antonio, spent the weekend with Mrs. James

and accompanied her to Oklahoma City. Also joining and rooming with them was a group of friends who have worked with them for many years.

Mrs. James had dinner Tuesday evening with a cousin she hadn't seen in 26 years. She also visited a friend who was her neighbor in Arkansas, whom she hadn't seen in 40 years.

As Art Linkletter shook hands with Gladys, he remarked "I remember you as a kid on one of my programs." An exaggerated statement, of course.

Park Area HDC met June 2 at 10:30 in the home of Mrs. H. M. Mahler. Mrs. E. H. Pearce directed opening exercises. Mrs. Ray Low gave the meditation for June and led in prayer.

Roll call was answered with "A Good Way to Break a Bad Habit."

We elected Mrs. Lee Turner to represent Park Area as a delegate to council. Three will be voted on from the county to go to the state meeting.

Recreation Camp Day will be Aug. 4. National and State meeting will be Sept. 20-24.

Recreation was directed by Mrs. Carl and the contest was won by Mrs. W. C. Fleming and Mrs. D. O. James. Secret Pal gifts were distributed.

The program was "One Dish Meals." Each member brought a one dish meal, and luncheon was enjoyed by all.

June 16 meeting will be with Mrs. J. E. Penn. Members present were Mmes. Mahler, Jones, Sullivan, Low, Bennett, Karstetter, Roby, Estes, Nolen, Fortner, Pearce, Oliver, James, Turner, Cope. Visitor was Lisa Hansard with her grandmother Mrs. James.

Mrs. Barney Gibson of Electra, her daughter Mrs. Leonard Burt and son Tony of Clovis, N.M., was in town Tuesday. They also visited Mr. Fellers, father and grandfather, at Park Manor.

Governor Preston Smith recently signed into law House Bill 186 sponsored by Representative Vernon J. Stewart of Wichita county.

It is an act to prohibit any person on school property from willfully disrupting school classes or other school activities.

Pictured, left to right, are two officials of the Texas State Teachers Association; then Mr. Stewart; the governor; Senator Jack Hightower, who sponsored the bill in the Senate; Mrs. Jewel Harris, state president of TSTA; and Jim Bell, who also is with the teachers association.

IPHS a cappella choir was featured on the Memorial Day service Sunday afternoon at the Christian church.

The Rev. Mr. A. M. Dorsett of the Presbyterian church brought a message titled "They Loved and Were Loved," a thought from the poem "Flanders Field."

The choir, directed by Darrell Dick, sang "Lamb of God" and "Holy, Holy, Holy" and "Surely He Hath Borne Our Grievs."

Donald Hill led the opening prayer.

Mr. Dorsett pointed out there is no advantage today that was not bought with a price; love has no right to ask special privilege; we must not break faith with those who have given all because they loved.

Dave Cole Bridgers was program chairman and introduced the features.

Mrs. D. O. James, president of Highland Cemetery Association, directed the business. Mrs. M. L. Hines read minutes of the last meeting, and Miss Roberta Hill reported bank balance of \$3246.66.

Fenton Dale stated that Buck Voyles said the squaring of the west fence at the cemetery will be accomplished by September, thus adding more grave spaces to the plot.

It was voted to add enough cash from the treasury to make the C.D. fund equal to \$6,000.

Dallas Ralston, caretaker, described condition of the cemetery as "sad" in comparison to what it usually is in the spring. Because of drought, the bluebonnets were few, the birds were not there and even the grasshoppers have abandoned the place.

Taylor George offered the prayer of benediction.

Sealed bids will be received in the office of the City Secretary until 10:00 June 23, 1971, Iowa Park, for furnishing pump delivered gasoline, diesel fuel, Lube oil, and labor for the following: Lubrication, oil changes, filter changes, flat tire repairs, in accordance with specifications on file in the office of the City Secretary.
