

## Permits nearing quarter million

Iowa Park's building permits almost reached the quarter of a million mark for the year during May.

Though the month's total of \$25,304 was considerably less than the \$100,034 in permits issued in April, it was still a good month considering only one new structure was registered for the period.

The total for the year now is \$235,838.

Largest single permit for the month was issued to Donald Thompson, \$15,804, for construction of a new home at 623 W. Clara.

Other permits issued included:

Hobert Day, covering patio at 817 Vogel, \$150;

L. W. Teel, remodeling front of drug store, 115 W. Park, \$800;

Jason Blair, moving mobile home to 304 W. Crystal, \$7,000;

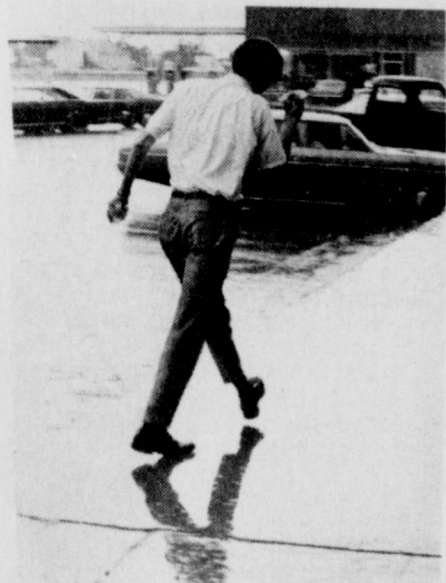

Robert D. Blevins, moving in mobile home to 803 E. Ruby, \$200;

O. R. Ackerman, covering patio at 204 Karen Lane, \$50;

Richard Ashton, storage building at 710 E. Hiway, \$400;

T. A. Clark, enclosing garage at 1004 Van Horn, \$400; and

Billy Joe Harrington, addition of room at 100 James Dr., \$500.

**IT RAINED IT RAINED IT RAINED IT RAINED**  
**IT RAINED IT RAINED IT RAINED IT RAINED**  
**IT RAINED IT RAINED IT RAINED IT RAINED**

Rains in the area over the weekend certainly didn't break the death grip drought conditions here, but it was certainly a relief and help.

Precipitation measurements in the Iowa Park area varied from an inch to more than two inches, and no one was complaining.

Official measurement for Iowa Park, as recorded at the Experiment Station, was 1.15, which included .23 Saturday, .60 Sunday, .31 Monday and .01 Tuesday.

The Valley View area had the highest reading, as C. E. Myers measured 2.1

# IOWA PARK LEADER

THURSDAY, JUNE 3, 1971

VOL. II, NO. 38

IOWA PARK, WICHITA COUNTY, TEXAS, 76367

10 CENTS

## COMMITTEE IS FORMED

# Talks with Wichita Falls sought on water problem

Representatives of Iowa Park will begin immediate talks with Wichita Falls officials to seek solutions to the city's water supply problems, it was determined Monday night at a meeting of civic leaders.

The blue ribbon committee is composed of two representatives of the city council, Dr. Erwin Soell and Herman Mahler; two from the water district board, Delbert Todd and Gaines Maness; and five appointed citizens, Fred Parkey, Dr. Richard Carver, Dr. Gordon Clark, Mrs. Luther Shaw and Wayne House.

Monday was the first meeting of the group. Dr. Soell was voted chairman,

Dr. Carver vice-chairman and Mrs. Shaw secretary.

Preliminary contact with Wichita Falls representatives is to take place this week to establish grounds for more official meetings in the very near future, it was decided by the group.

Iowa Park is now receiving its entire water supply from the irrigation ditch south of town, which is supplied by Lake Kemp, via Lake Diversion. This supply has been blended with the city's lake water until the latter facilities became so low they could not be used. The blending started about the first of the year.

Kemp's water is polluted with salt water springs. At last report it contained 3,000 parts per million salt.

Parkey reported that, prior to the past weekend's rains, Kemp could not continue supplying Iowa Park with water after August, and that an alternate source of supply would be necessary at that time.

The situation has been relieved somewhat with the recent rains, he said, which raised the lake's level three feet.

Though the lake is not as low as it was during the drought in the 1950's, he reported, the dangerously low level of Kemp is measured prior to peak crop irrigation season, rather than after the season as it was in the earlier drought.

Water is pumped from the irrigation ditch into Lake Iowa Park, in the northeast part of town, and treated before supplying the people. The city pays seven and a half cents per thousand gallons for the water.

Because the water is so high in its salt content, physicians have instructed all their patients who are on salt free diets not to drink it. These would include blood pressure patients, as well as those with heart conditions.

The committee generally agreed that the purchasing of treated water from Wichita Falls would be the most economical overall, both for the present and future needs. Members said they felt the neighboring city would agree with such a proposal, if the engineering is feasible.

Eventhough the Iowa Park lakes can supply enough water for the city, when

they are full, engineering reports made three years ago indicated the treatment plant would not have the capacity for the projected population of 7,700 expected here in 1975.

For a population of 7,700, the projected need of water during the summer would be 1.85 million gallons. This projection obviously is low, according to Dr. Soell, who said the maximum daily usage last summer was 1.5 million gallons.

Wichita Falls is currently selling water to Holliday, Scotland, the Northeast Water District and Lakeside. Holliday's supply from the city was started in 1969.

There are only two other sites in the area where dams could be built for lake water supplies, Parkey told the committee. One is on the Beaver Creek west of here, and the other is east of Henrietta, near Ringgold. Neither is expected to be built for several years.

In considering purchasing from Wichita Falls, raw, untreated water which is being piped to that city's treatment plants from Lake Kickapoo and Arrowhead, the committee generally felt that the distance was too great to lay a pipeline, and would not be economically feasible.

Though the Corps of Army Engineers is awarding contracts to firms which will prevent the salt pollution springs from contaminating Kemp, the resulting effect is not expected for several years, Parkey said. At that time, it is possible that Iowa Park could enter into a contract to purchase the better-grade water on a permanent basis, though doubtful the city could obtain water rights for the lake.

PROUD EVENT--Not often does a father have the opportunity to present his own son with a graduation diploma, but it happened here Friday night. Hoyt Watson, chairman of the school board of trustees, is shown congratulating his son Steve, with the diploma and a proud handshake.

## Graduation diplomas are presented to 116

"The 116 seniors who received their diplomas tonight is a sharp contrast to the graduating class only 10 years ago, when 54 were graduated," commented Faris Nowell, superintendent of schools, during commencement exercises Friday night.

A packed auditorium was on hand to hear the valedictory address given by Sylvia Sibley and the salutatory by Judy Kay Spruiell.

Special recognition was given to the 10 top scholastic students of the class, which included the valedictorian and salutatorian, Don Harrison, Pam Huff, Marvin Nipper, Glenna Miller, Linda Owens, Glenda Spruiell, Vickie Robinson and Cynthia Wilson.

Two awards were also announced during the ceremonies. Jimmy Harrison was named recipient of the Bobby Gilbreath Award and Lynn Dozier for the Arion Award.

And carrying on a tradition which began in 1925, the symbolic key of leadership was handed down from the senior class to the Class of 1972. Making the presentation was Jeff McDonald, senior class president, to Mike Kelly, junior president.

son, president of the board of trustees.

Rev. Claude McDonald, minister of the First Christian Church, gave the invocation and John Maples, pastor of the Church of Christ, gave the benediction.

Nancy Miller played both the processional and recessional on the organ.

The Arion Musician Award given Dozier is sponsored by the Noon Lions Club. His qualifications included being a senior student; first chair trumpet for the concert and marching band two years; solo trumpet for the stage band two years; participated in the U.I.L. solo and ensemble competition two years; band president two years; Band King, 1971; member of the band eight years; two years a member of the a cappella choir; participated in the U.I.L. vocal solo contest; a section leader in the choir; named to the All Region and All Area Choir 1970-71; member of the Madrigal group, 1971; and recipient of the John Philip Sousa Outstanding Bandsman Award.

Basis for judging the Gilbreath Award includes an athlete's ability, effort, attitude, versatility, achievement, leadership, conduct and grades. Harrison this year received the Hustler Award in football and his earning second place in the U.I.L. tennis singles competition provided the necessary points to earn Iowa Park High School the Spring Competition trophy its first year in AAA competition.

Two special numbers were presented by the high school choir. Members of the graduating class who belonged to the choir left the audience to join the unit.

Diplomas were presented by Hoyt Watson.

## Bike campaign ends Saturday

Saturday is the deadline for the Iowa Park Leader subscription campaign, in which youngsters can earn a bicycle or cash money.

Youths must turn in their subscription and money by noon Saturday, and receive their reward.

## If America falls, there's no place to go-----Says former Red captive

A former Rumanian princess who has lived under the domination of Communist control visited in Iowa Park from Thursday to Tuesday afternoon, the visit being the third that she has made here. She was the guest of Mr. and Mrs. Joe Harris and Mrs. J. J. McDonald and she filled several speaking engagements here and in Wichita Falls.

The theme of all her talks is Freedom and the motivating purpose behind her continuous traveling and speaking all over the United States is to arouse Americans to be awake and aware of the danger of losing their precious freedom.

Catherine Caradja, the former princess, befriended Joe Harris' brother, the Rev. Harry Harris of Weatherford when he was a prisoner of war in World War II, and she has maintained close contact with him and his relatives since she came to the U. S. in 1955.

The princess, who will be 79 years old in January, is armed with two suitcases, a bus ticket and memories as she travels fighting for the cause of freedom. She immediately impresses one with her nobility of character, ability and rank, and at the same time with her zeal and enthusiasm in the crusade for freedom.

"Most Americans imagine how bad it

would be to be under Communist rule; I don't have to imagine, I have to remember. I have never studied Communism. I have lived it," she stated.

Princess Caradja was born in Rumania in 1893 to Princess Catacuze and Prince Kretulesco. When she was three years of age her father placed her in an orphanage under a false name. After her mother's death in 1903, he moved her to France under her real name and with the assistance of an aunt, she returned to Rumania in 1908 and the court gave her to her mother's family.

She wed Prince Caradja in 1914; then World War I started. In the fall of 1916 when half of her country fell to the Germans, she fled to the free side with two children, one year old and 10 days old.

Six months later she started a 30-bed hospital for typhus cases, and later herself caught the fever. In the fall of 1918 after the Armistice, she returned to Bucharest.

Through the years of bitter searching for her, the mother of the princess had built a foundation for orphans. Her motto was "A mother who lost her child: for children who lost their mothers". In 1919, Princess Caradja took over the foundation from her grandmother and

added a foster home section in 12 villages near their estate.

In 1920, the princess had a third daughter. In 1933 she lost a child of 17 after a short illness in Vienna. Her eldest child was killed with her husband in an earthquake in 1940, and her last child escaped to the West in 1948 and now lives in Europe.

Princess Caradja worked with the foundation through the Nazi occupation in 1940 and the bombing of the oil refineries by the Allies. She helped the crew and 100 surviving American flyers of plane crashes in the POW camps in 1943 and an additional 1000 who fell in 1944.

The foundation held 3000 children at that time. She worked on for them through the Red invasion in 1944 and the ensuing Red government until 1949, when all was taken over by the state offices, and she lost all that she had. She remembers on March 1, 1949 that the Communists arrested 20,000 people. Anyone who was at home was taken. The princess was out scrounging food for the children and they didn't get her, but she could never go back to those children.

In painting a picture of what Communism is to students, young people and adults, the princess emphasizes that they

have no conception of what it is like and the naked terror of having no way out. "Every thought, every gesture of your is regulated. If you happen to have a count or countless in front of your name off you go to the factory."

The Communists told her that she came from an unhealthy social origin, so she did not get a ration card, and she had to have a ration card to get food. Neither was she issued a work permit. As a result she slimmed down from 170 pounds to 95 pounds. "Do you have any idea what it would be like to have no home, no food, no clothes?" she asks.

The princess said that America is facing a real danger and that she heard about it 65 years ago from her grandfather who took her back to confronted Marxism for the first time.

"America," she cries out wherever she speaks, "I am so concerned that the evil ones here are pushing your quite young to drugs and riots. I am also concerned you do not realize that you need a strong defence because your enemy, Russia, spent last year and this year more dollars on armament than you".

With nothing to hold her in Rumania, Princess Caradja decided to try to escape and after 56 harrowing days she

escaped in 1952. She will not tell anyone how she got away from behind the Iron Curtain. When asked she replies, "You don't need to know about getting out; you need to stay put, remembering if it happens here you have no place to run."

After her escape she made 160 talks in France on "Life Behind the Iron Curtain" and she spoke on the BBC networks in London each summer. She spent the winter of 1954-55 in Algiers after an earthquake organizing child relief and gave talks in Algeria and Morocco.

Since coming to the U. S. in 1955, the princess has spoken in 49 states and Puerto Rico. She has no idea how many talks she has made, but a conservative estimate would be about 40 per week. She has also contacted 500 of the POW's she befriended during World War II and located 300 more, not with clear addresses. She attends their POW reunions whenever possible. It was her good fortune to meet again Col. George Call (Ret.) of Wichita Falls last Friday. He was a captain when she first knew him.

Completely dedicated to the work of warning Americans to be on their guard and not lose their precious freedom, she declares with vehemence "This nation is the last chance of freedom. Here you have

the strength, the power and quality of freedom. If you were to go, there is no other nation that can even begin to face up to Russia. Remember if you lose your freedom, it cannot be regained in the next election."

Princess Caradja spoke at the First United Methodist Church Sunday morning during the Sunday School hour and at two churches in Wichita Falls Sunday evening. Before boarding the bus for Oklahoma City Tuesday afternoon she addressed the Realtors of Wichita Falls at a luncheon.

She avers that she has no intention of quitting and failing to warn Americans of the perils and consequences of losing their freedom. She has no home, only a mailing address; so she travels the East Coast one year, the West Coast the next, speaking to church groups, civic organizations and high school students on her special cause, the worth of freedom.

Mrs. McDonald honored the former princess at a luncheon Sunday and held open house for her during the afternoon. Luncheon guests were Rev. and Mrs. Don Youngblood; Messrs. and Mmes. George Trammell, Joe Harris and Bob Hamilton; Mrs. Kathleen Halten, Mrs. Homer Blacklock, Miss Ethyle Kidwell and Miss Janice Harris.

**LOOK WHO'S NEW**  
Michael Ray, an eight pound five ounce son, was born to Mr. and Mrs. James Ray Thorn, 505 S. Wall, at Bethania Hospital May 27.

Mrs. Thorn is the former Morgana Whitaker. Grandparents are Mr. and Mrs. J. M. Whitaker of Iowa Park and Mrs. Jess Pumroy of Wichita Falls.

Mr. and Mrs. Richard Dale Noll, 127 Valley Drive, announce the birth of a daughter, Kimberly Dale, May 12. She weighed five pounds, ten and one fourth ounces.

The new baby has one sister, Tammy. Grandparents are Mr. and Mrs. Leonard Drennan of Electra and Mr. and Mrs. H. T. Noll of Wichita Falls.

The great-grandparents are Mr. and Mrs. R. E. Drennan of Electra and Mrs. Flossie Yancey of Wichita Falls.

**Area HD Club has meeting**

Each member of the Park Area Home Demonstration brought a "one dish meal" for the luncheon meeting at the home of Mrs. H. M. Mahler Wednesday.

Mrs. E. H. Pearce, secretary, was in charge of the meeting preceding the luncheon. Mrs. Ray Low gave the meditation, and members responded

**Seniors meet**

Twenty-two members and one visitor, Mrs. Bertha Manning of Houston, attended the Senior Citizens meeting Monday. The meeting next week will be the regular monthly luncheon.

Those present were Messrs. and Mmes. J. A. Berg, Ed Hayes, Hill Spruiell, L. P. Lambert, and Herman Evans; Mmes. Martha Dillard, Gladys Thompson, Amma Chesher, Shirley Trimm, Myrtle Travis, Myrtice McDonald, J. C. Roby, O. M. Jones and R. L. Good; and Will Spruiell, T. M. Clark and M. L. Hines.

Mrs. Travis and Mrs. Lambert were the hostesses.

for "a good way to break a bad habit"

Announcement was made of the Recreation Camp Day August and the National and State meeting September 20-24. Mrs. Lee Turner was elected delegate to the joint convention.

Mrs. Carl Sullivan directed the recreation. Mrs. D. O. James and Mrs. W. C. Fleming were contest winners.

Secret pal gifts were distributed. The next meeting will be June 16 in the home of Mrs. J. E. Penn.

Others present were Mmes. O. M. Jones, W. M. Bennett, W. E. Karstetter, A. H. Estes, J. C. Roby, Roy Fortner, James Oliver, O. B. Nolen, Jr., J.R. Cole, and a visitor, Lisa Hansard.

**ABOUT TOWN**

Mrs. C. E. Birk and Bob Birk attended funeral services for Joseph Dudley Hall Jr. at the First Presbyterian Church in Fort Worth Friday. He was a cousin of Bob, and a nephew of the late C. E. Birk and died May 26 at M. D. Anderson Clinic at Houston.

**Junior horse show slated**

The Texas Junior Paint Horse Club will hold its first all-youth show June 27 at 10 a.m. in the Silver Spur Arena at Keller. Joe Howard Williamson of Iowa Park was elected president of the organization when it was formed only a few months ago.

The show, which will feature classes for Paints, as well as other breeds of registered horses, will be held the day after the Texas Spectacular show at the Rex Cauble Arena in Denton.

A full slate of halter and performance classes will be offered for Paint horses, as well as open classes for Paints and other registered horses.

The club is encouraging all youth to enter, with a special invitation extended to those youth who live in states neighboring Texas.

A saddle will be awarded the high point winner, and trophies to the top placings in each class.

Additional information can be obtained about the show by contacting Williamson.

BILL CALLAWAY

**Callaway graduated, commissioned**

Bill Callaway, son of Mr. and Mrs. P. W. Callaway, a 1962 graduate of Iowa Park High School, received a Master of Science degree from the University of Oklahoma May 16.

He also received a reserve commission in the U.S. Army through the R.O.T.C. program of O.U. He was commissioned in the chemical corps and will go on active duty in late 1972.

Bill received a B. A. degree from Oklahoma College of Liberal Arts in 1967. He is majoring in chemistry and plans to teach on the college level. His particular area of research has been Inorganic Synthetic Chemistry. He is currently working toward a Ph.D degree.

He is a member of the American Chemical Society and the American Chemical Society Inorganic Division, president of the Alpha Omega chapter of Phi Lambda Upsilon honorary chemical fraternity which he served as treasurer in 1970. He also belongs to Scabbard and Blade Military Society.

Mrs. Callaway is the former Carolyn Sue Ahrens of Wichita Falls. They have one daughter, Debra Christine, two and a half years old.

Bill has a brother, Sam, of Iowa Park.

MRS. MICHAEL LEE BUTLER

**Solomon-Butler vows are read Saturday**

Miss Patricia Ann Solomon and Michael Lee Butler exchanged wedding vows Saturday afternoon in the home of the bridegroom's grandparents, Mr. and Mrs. Walt Davis in Dallas. The Rev. William Upchurch, Methodist minister, performed the ceremony.

Parents of the couple are Mr. and Mrs. B. J. Solomon of Iowa Park and Mr. and Mrs. James T. Butler of Richardson.

The bride was given in marriage by her father. She wore a peasant style dress in natural color. Wide rows of Mexican lace accented the dress at the Empire waistline and around the deep ruffle of the long pleated skirt. She carried a nosegay of white and coffee-colored daisy pom mums and baby's breath.

Miss Donna Solomon, sister of the bride, was maid of honor. She was attired in a full length dark beige nylon organdy dress and carried a colonial bouquet of bronze pom mums.

Jimmy Butler attended his brother as best man.

A reception was held following the wedding. The focal point of interest on the lace-covered refreshment table was the attractive wedding cake topped with the traditional bride and groom. The punch service appointed another table. Miss Debbie Butler, sister of the groom, served refreshments to the wedding guests.

The bride and groom are both junior students at East Texas State University. She was graduated from Iowa Park High School and he was graduated from Richardson High School. They plan to continue their studies at the university.

**ABOUT TOWN**

Mr. and Mrs. Derrell Ragland arrived Tuesday afternoon from Northwood, N. Dak. for a visit with her parents, Mr. and Mrs. Wylie Francis.

Following a short wedding trip, the couple will live at Plano.

**ABOUT TOWN**

Patricia Cummings, daughter of Mr. and Mrs. John Cummings, underwent an emergency appendectomy at Wichita General Hospital Sunday night.

MISS LINDA KAYE GREENWOOD

**Couple sets wedding date**

Mr. and Mrs. John Fred Greenwood of 121 Wood Circle announce the engagement of their daughter, Linda Kaye, to Michael Wayne Morton, son of Mr. and Mrs. W. C. Morton, Route One, Iowa Park.

The bride-elect is a 1971 graduate of Iowa Park High School where she participated in the National Thespian Society, Future Teachers of America and Hawk Band.

The prospective groom attended Throckmorton High School and Valley View High School where he was president of the junior class. He also participated in VICA and FFA. He was graduated from Iowa Park High School last week and is now employed by Bill Lewis of Wichita Falls.

The couple will be married August 14 at the Faith Baptist Church.

MISS CONNIE REED

### Engagement announced

Mr. and Mrs. James R. Reed are announcing the engagement of their daughter, Connie Armita, to Gilbert Milton Stogsdill, son of Mr. and Mrs. J.R. Stogsdill. The wedding will take place July 10.

Miss Reed is a graduate of Iowa Park High School. She was in the band and pep squad and received the Judy Wilson award when she was a senior.

Stogsdill was graduated from Iowa Park High School and he received a degree from Midwestern University this spring. He served two years in the U. S. Army and served part of that time in Vietnam. He is employed by C&H Trucking Co. at Dallas as a dispatcher.

### Joint meeting set

A joint meeting of the Noon and Evening Lions Clubs, with their ladies, will be held at 7:30 p.m., June 15, for installation of new officers.

The ceremonies and banquet will be held at the First Christian Church.

### Suffers attack

Rev. James N. Easterwood of Bellaire, Tex., former pastor of the First Baptist Church in Iowa Park, suffered a severe heart attack at his home last Friday night and is in the hospital where he will be confined for several weeks.

His address is 706 S. Atwell, Bellaire, Tex. 77401.

### Darrell Jolly heads band

The Iowa Park Hawk Band members turned in their horns and uniforms and elected officers for 1971-72 at a meeting last Thursday.

Darrell Jolly was elected president. He will be a senior next year and plays the bass drum. He is the son of Mrs. Floyd Bartow.

Cindy Hill, daughter of Mr. and Mrs. Donald Hill, was elected vice president. She, too, will be a senior next year, and she plays the contra bass.

Serving as secretary will be Nancy Miller, daughter of Mr. and Mrs. Glen R. Miller. She plays the flute, bells and chimes and will be a junior.

Rita Railsback, daughter of Mr. and Mrs. Jack Railsback, a junior, will take over the treasurer's duties. She plays the alto clarinet. Sandra Skinner, daughter of Mr. and Mrs. Luther Skinner, will serve as co-treasurer. She plays the clarinet and is head twirler.

### Group slates camp trip

Twelve Iowa Park girls and a unit director have registered to attend Camp Letoli this summer.

Those slated to attend are: Risa Roberts, Judy Rusk, Stacey Julian, Sherry Kim McWilliams, Dawn Jari Ehler, Lori Merrill, Jill Koonce, Cody Collins, Belinda Henson, Robin Lamb, Lisa Watson and Terri Lou Quick. The unit director is Donna Buzbee.

Camp Letoli, owned and operated by Camp Fire Girls, still has openings for non-members of the organization to fill vacancies. Girls from the second grade through high school are eligible. The facility contains 218 acres of oak-shaded hill country and is located in Montague County.

The first session begins June 13. There will be five one-week sessions, each beginning on Sunday and ending on Saturday.

Dana Reeves, daughter of Mr. and Mrs. Buster Reeves, was elected reporter for the band. She will be a junior and plays the drums.

The Hawk Band will be very large next year. Larry Kingsley, band director, plans to march about 96 and there will be about 106 members of the Hawk Band, which will be in Triple A competition. Some very interesting events are planned for next year.

### Ladies tell of diggings

Several years' digging into Indian history was the topic of Tuesday's program for the Noon Lions Club.

Mrs. Faris Nowell and Mrs. John Nowell had a 20-minute photo slide presentation, plus artifacts recovered from digging into the ruins of a civilization which flourished in New Mexico between 900 and 1150 A.D. They go each summer with their husbands and other families.

Guests include Mr. and Mrs. David Summers and Mike McGinty.

### Copeland family reunion June 13

Descendants of the late Mr. and Mrs. F. Copeland will hold a family reunion June 13 at the Youth Center, starting about 10 a.m. Children of the Copelands, their families, relatives and friends are expected to attend.

All were raised in Wichita and Clay Counties.

The 11 surviving children expected to be there are Otis F. Copeland of Stamford, Mrs. L. F. Davis of Iowa Park, Reuben Edward Copeland of Arp, Mrs. Nellie Lou Jones of Wichita Falls, Essie Mae Gee of Ft. Smith, Ark., Gertie Lee Wheeler of Bell Plane, Kan., Nora Messila Stoker of Iowa Park, George Myers Copeland of Odessa, Addie Maurice Roseburn of Wichita Falls, Alsasa Lorraine Via of Iowa Park and Margaret Copeland Slay, also of Iowa Park.

### Cook of the Week

### Mrs. Louis Sefcik

Cooking at the Louis Sefcik house is sort of a family project since they are one of the busiest families in town. Mr. and Mrs. Sefcik are owners of Louis' Jewelry and their children Audrey, Lydia and George Bushfield are busy with school, church and 4-H Club activities.

They have learned the secret of preparing food ahead of time and in large quantities and of freezing it and they have acquired delicious recipes that can be prepared quickly and easily.

Mrs. Sefcik submitted the family's favorite summertime recipe:

Strawberry Crush Ice Cream 8 bottles of Strawberry Crush 1 can Eagle Brand Sweetened Condensed Milk (14 ozs.) 1 package frozen strawberries. Combine Eagle Brand milk and two bottles of strawberry Crush. Beat well. Add re-

maining Crush and thawed strawberries. Freeze in manual or electric freezer following usual freezing methods. Mrs. Sefcik stated that the possibilities for this dessert are unlimited if one will just use his imagination. Orange Crush may be used by omitting the strawberries. The possibilities seem to be limited only by flavors and tastes of individuals.

Louis enjoys cooking and at Betty's insistence he gave the recipe for a Bean-Sausage Casserole: 1 lb. pinto beans, Cook slowly until soft. Drop hot, seasoned sausage meat balls (1 lb.) into boiling beans and continue cooking for about 1/2 hour; Salt to taste. Serve with cornbread and salad.

To use as a casserole dish, top the beans and sausage with grated cheese and bake until cheese is melted.

### Graduates with honors

Mrs. Royce G. Kimberlain was graduated from the Wichita Falls Independent School of Vocational Nursing recently and during the graduation exercises she received an award for outstanding scholastic average, having been the highest ranking student in the class.

Upon completion of the state board examination in July she will be licensed as a Licensed Vocational Nurse. She has worked as an aide at Wichita General Hospital for four and a half years and has been in the Nursery Department most of the time. She is presently in charge of one of the shifts at the nursery.

Mrs. Kimberlain, nee Nell Reeves, is the daughter of the

late C. L. Reeves and Mrs. Reeves. Her late husband and her father were associated in the grocery business here for many years.

She has one daughter, Mrs. Dick Findley of Wichita Falls, and one son, Royce of Midland. She has four grandchildren.

## High School Talent On Display

TOP THREE WINNERS in the annual photo contest held by students in the photography class at Iowa Park High School are shown. Karen Watson exhibited the first-place entry, the hands and flower. Second place went to Ken Griffith, and his excellent portrait of a dog. Third place ribbon was earned by Don Donnell for his scenic shot of a yucca plant. Entries were exhibited and judged the final week of school.

## Spillman is graduated

NASHVILLE -- James R. Spillman, 4501 Packard Drive, Nashville, received the Master of Arts degree from George Peabody College for Teachers in Nashville Friday.

Spillman is the son of Mr. and Mrs. H. M. Spillman, 105 Douglas Drive, Iowa Park.

Spillman earned the B. S. degree at Tusculum College, Greeneville, Tennessee. He is an educational analyst with the Tennessee Higher Education Commission in Nashville.

George Peabody College for Teachers has conferred more than 37,000 professional degrees in its 186-year history. It is estimated that Peabody College graduates teach more than eight million Americans daily. The college numbers among its graduates 56 college

or university presidents. The college's school of library science and school of music are internationally known, and the division of surveys and field services has completed comprehensive surveys of almost 100 school systems in 22 states.

Peabody College county as a major contribution to international education the rebuilding of the educational system of the Republic of Korea under the direction of its division of education. Currently, the John F. Kennedy Center for Research on Education and Human Development is receiving national acclaim and support.

Peabody's students come from 45 states of the United States, the District of Columbia, and 28 foreign countries. In addition to on-campus programs, the college offers a semester in Denmark and a summer session in Athens, Greece.

## Day camp date set

The Camp Fire Girls Day Camp will be held June 14-17, according to Mrs. Kenneth Watts, chairman of the Camp Fire Leaders Association. All girls in grades 1 through 8, including members and non-members of Camp Fire, are eligible to attend. The cost will be \$4 for the four days.

Registration will take place June 10 and 11 at the City Park between 10 a.m. and 12 noon.

The activities of the Day Camp will include camping out, hiking, making crafts and cook outs. Girls who are old enough will be allowed to sleep out the last night.

Girls who are in high school and who would like to be a camp aide are requested to meet at the city park June 8 at 9 a.m. for three hours of training.

BIG HAUL...Parked on FM 1814 south of town Saturday morning were these nine huge trucks from California. Driving the three mechanical monsters that hauled two each were Carl Flatt and James Cokrum of Iowa Park, and Bill Kell of Waurika, Okla. It only took the trio two and a half days to make the haul from Pamona, Calif. They were delivered to a Wichita Falls leasing company.

## At Texas Electric, People Power is at your service.

### Trouble? Call us when you have a problem.

There may come a time when you'll need the help of a troubleshooter from Texas Electric.

A troubleshooter is the man who shows up in a hurry in any kind of weather —any hour of the day, any hour of the night —when you call Texas Electric to report a problem with your electric service.

Perhaps the lights keep dimming and flickering at the houses in your neighborhood. Or the power has gone off at your home.

Call us, and one of our troubleshooters will see that you get back on the line to good, full-time electric service.

Or, if he finds that the company's lines are functioning properly, he'll suggest ways you can solve the problem with the help of your appliance repairman or electrician.

There may be other, less urgent things you'd like a troubleshooter to do. Remove your child's tangled kite from our electric lines. Or get a stranded cat down from one of our electric utility poles before there is trouble.

All this is just part of our job, so let us know when you need

us. At Texas Electric, People Power is at your service.

## IT RAINED IT RAINED

### Shop in your home community

## Big cities thrive on small town money

Too much small town money travels to big cities. Are you helping build big city buildings and pave big city streets with out-of-town buying? Money spent away from home keeps traveling. Money spent at home returns to you in community improvements.

Spend your dollars where they do the most good. Shop your hometown businessman. Remember, a community is like a home, with neglect it loses its value.

## Slowness in aid to farmers draws Purcell's criticism

WASHINGTON, D. C.— The drought ravaging Texas and Oklahoma has reached such severe proportions that ranchers are selling critical breeding and "foundation" herds of cattle to avoid hauling carcasses out of their pastures, according to Congressman Graham Purcell (D-Tex). Purcell in a speech on the Floor of the House of Representatives today described the effects of the drought in the American southwest likening it to "Dust Bowl" days of the 1930's. He called for a presidential declaration designating North Texas and Oklahoma as a disaster area.

In stark terms, Purcell told that Wichita Falls, at the hub of a large agricultural area, has received only two inches of rain in the past six months. Nearby, there will be no wheat harvested in Wilbarger County, which only a year ago harvested 70,000 acres.

"The drought has now gone beyond the stage in which it solely affects the farmer," Purcell continued. "Many small towns in the drought-stricken area are in existence chiefly because of the agriculture industry which surrounds them. A hardware store operator can't buy a new pair of slacks because farmers can't afford tools or implements," Purcell also said that local banks have been pressed to their limits and are no longer able to assist drought victims.

Purcell strongly criticized Federal efforts to date in the Southwest. "Federal assistance is far short of what is actually needed," according to Purcell, and procedural logjams, such as requiring a "pauper's oath" form for government assistance, have further blocked effective assistance to drought-stricken farmers and ranchers.

Congress had been told was not even required," Purcell said.

"North Texans are losing faith in the Administration's declared commitment to rural America. The utterly critical

nature of the drought is beyond belief. The Administration must reconsider the recent announcement of limited assistance to the drought-stricken areas," the Texas lawmaker concluded.

## Beautiful landscapes result of planning

Beautiful landscapes don't just happen—they are the result of careful planning, reminds Thelma Wirges, County Home Demonstration Agent.

First begin with a master plan. A carefully developed plot not only enables the homeowner to place trees, shrubs, flowers and construction details correctly, but also to avoid costly and troublesome errors.

Drawing a plan to scale is relatively easy if you use graph paper. A scale of one foot on the ground to one inch on the plot is fractional ration to use. Draw in the property boundary lines and locate all existing features including the house, garage, doors, and windows, walks, drives and existing trees and shrubs. Next, plan your landscape improvements based on landscape needs and family desires.

The house landscape can be divided into three distinct areas —public, private and service. In planning the landscape, these areas should relate to the used areas of the house and garage.

The public area should be designed to enhance the appearance of the home, serving as a welcome to the approaching visitor.

The service area should contain those items and projects that are not too sightly, including garbage cans, incinerator, clothes line, tool shed, sand boxes, or even a vegetable garden. The area should be convenient to the kitchen, utility

room and garage and should be screened from public view.

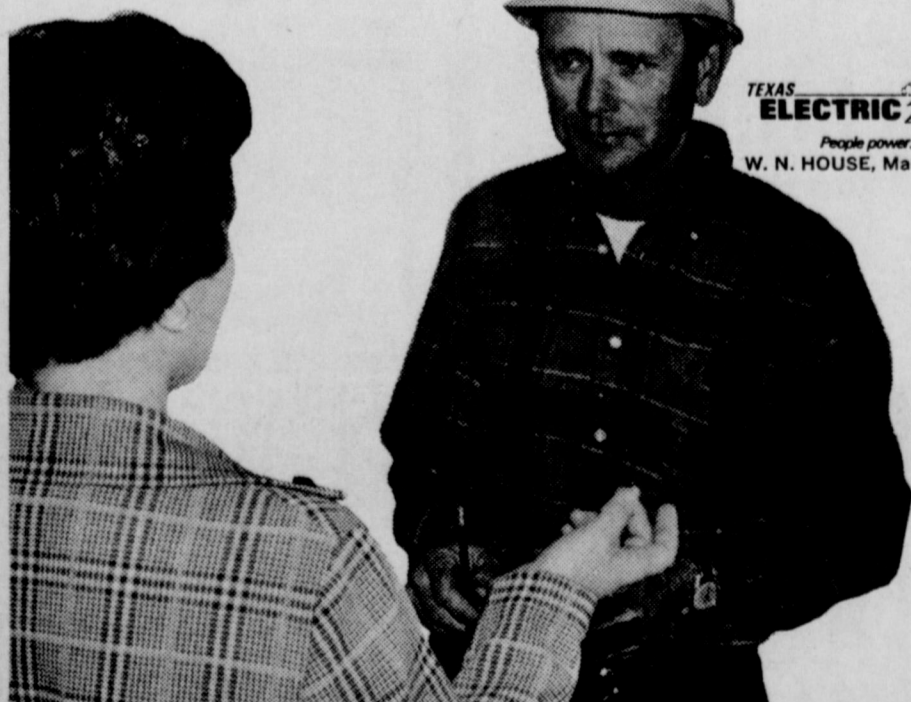

Considered an extension of the home living area, the private sector should be developed in accord with the living habits and recreational activities of the family.

As the home landscape is planned, Miss Wirges says the first consideration should be the overall design rather than specific plant materials. If space is limited a fence or brick wall may serve as a screen more effectively than a hedge or row of shrubs.

Selection of plants and build materials is the final step in planning the landscape. Local nurserymen are also a good source of information on the adaptability of plants to the local area, plant growth rate and ultimate size and shape of plants.

Wrought iron, used for some of the first outdoor furniture, is now mass-produced for use both inside and outside the home, reports Thelma Wirges, County Home Demonstration Agent.

Wrought iron, used outside is also called "all weather" furniture, is often made with expanded metal mesh table tops, chair seats, and backs, finished to match the frames. The mesh permits ventilation and enhances the comfort of seating and lounging pieces. Snap-on foam-filled cushions in a variety of vinyl patterns are also usually available for seating pieces.

# Kindergarten ceremonies held

The graduation program was presented by the morning and afternoon classes of Mrs. Wanda Adams Kindergarten for the parents and friends Wednesday, May 26, in the Fellowship Hall of the First United Methodist Church.

Theme of the program was--When I Grow Up--which began with a welcome song, followed by a class yell, poem about class flower, class motto and a class song. Each child then told what he would be when he grew up.

Receiving Bachelor of Rhythms degrees in the morning class were Gordon Carter, James Cowley, Kevin Craft, Darla Flick, John Henderson, Allen Henderson, Mark Hender-

son, Shawnee Henderson, Jana Higgins, Diana Jones, Stephanie Jones, Vincent Kingsley, Marc Klinkerman, Shirley Kubat, Terry Linthicum, Sarah Lowe, Dee Lynne Miller, Billy Munroe, James Riddlehuber, Kevin Robnett, Steven Smith, Theresa Thompson, Kyle Wells, and David White.

Receiving degrees in the afternoon class were Catherine Aceves, Mary Bell, Alisa Cain, Michael Culpher, Jeffery Dunn, Cheryl Flowers, Sandra Gullatt, Yvonne Guyette, Julie Guyton, Jay Harris, Karen Hauge, Joe Kenney, Donald Miller, Terri Miller, Leslie Reed, Darin Riggs, Kent Roberts, Tracy Rosenberg, Mark Shierry, Stephen Stewart, Timothy Stewart, Leslie Voyles, Billy Wachsmann, Stanley Watson.

Mrs. Howard Klinkerman registered guests for the morning class exercises and Mrs. Mark Carter and Mrs. Jesse Flick were at the refreshment table.

Mrs. Loyd Bell registered those who attended the afternoon program. Mrs. John Cain and Mrs. Hoyt Watson served at the refreshment table.

Mrs. Otis Gay was the accompanist for both programs.

## YOUR BIBLE QUESTIONS AND ANSWERS

John L. Maples, minister, Church of Christ, Iowa Park.

QUESTION: We will spend the next few weeks answering questions relative to why we believe the Bible. JLM

ANSWER: The Bible is not a textbook on material science. It is a textbook on religion - the science of correct living. It was written hundreds of years before modern science was originated, yet it is scientifically accurate. Modern science has never disproved any statement in the Bible but has proved and demonstrated the truthfulness of hundreds of things which the Bible anticipated. The Mind which directed the writing of the Bible put into it many truths which were beyond the range of human comprehension and human knowledge at the time they were written.

If you would like to have a question answered please write to "Bible Questions and Answers," P. O. Box 520, Iowa Park, Texas, 76367.

**PEEK-A-BOO** - Hotpants check out for summer in a pint-size version. Peek-a-boo coverage is provided in a maxi-length cotton dress of sugar plum stripes. Rick-rack outlines the dress, and a checked sash ties it all together. By Joni J of Dallas.

WORTHY ADVISOR-Cathy Bolden, center, is the new worthy advisor of the Order of Rainbow for Girls. Other officers pictured are left to right: Julie Woods, charity; Charlotte Elliott, faith; Janie Cogdell, worthy associate advisor; Connie Morrison, hope.

## Cathy Bolden installed Worthy Advisor

Miss Cathy Bolden, daughter of Mr. and Mrs. Robert J. Bolden, was installed worthy advisor of Iowa Park Assembly 345, Order of Rainbow for Girls Monday evening in the Masonic Lodge.

The installing officer, Miss Diane Johnston, was introduced by Mrs. Ray Defer, mother advisor. Others assisting with the installation were Misses Nancy Huckaby, marshal; Dana Reeves, recorder; Debbie Buikema, chaplain, and Mrs. Larry Latimer, musician.

Also installed were Misses Janie Cogdell, worthy associate advisor; Julie Wood, charity; Connie Morrison, hope; Charlotte Elliott, faith; Geneva Rains, treasurer; and Debbie Buikema, recorder.

Mrs. Defer was installed as mother advisor. Others installed were Misses Connie Garrison, chaplain, Carol Schroeder, fidelity; Susan Threet, drill leader; Diane Dressler, patriotism; Bramley Balsley, love; Shelly Murfield, religion; Cindy Caldwell, confidential observer; Laquita Muhlinghouse, nature; Geneva Rains, immortality; Julie Latimer, musician.

Pages were Misses Morrison, Garrison, Muhlinghouse, Murfield and Balsley.

The new worthy advisor has chosen "Love and Peace" for her theme. Her motto is "Today's hurt is yesterday's understanding woven into tomorrow's love."

She has chosen yellow and white for her colors; "He that loveth God not knoweth not God, for God is love" for the song. Miss Cindy Hill sang "He", Miss Bolden's favorite song during the installation. She was accompanied by Miss Nancy Miller.

Miss Buikema, retiring worthy advisor, was presented a pin by A. L. Reed, member of the advisory board.

Ronnie Hill gave the invocation and benediction.

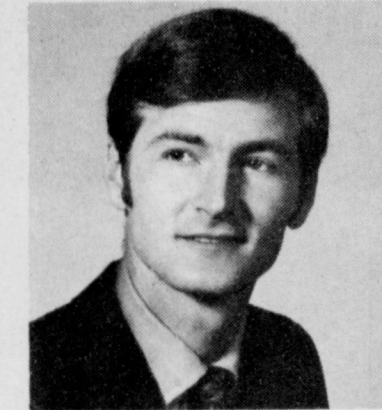

Mr. and Mrs. Bolden hosted a reception following the installation.

## Danny Custis is graduated

Danny Custis graduated from Cooke County Jr. College at Gainesville May 16.

The son of Mrs. Wilena S. Custis, he is a graduate of Iowa Park High School.

He plans to enter East Texas State University next fall and pursue his agriculture education major. He is presently employed with the Farmers Home Administration in Wichita Falls.

RICHARD ROWNTREE

## Receives degree in dentistry

Richard Dana Rowntree, son of Mr. and Mrs. J. D. Rowntree of Abilene, formerly of Iowa Park, received a Doctor of Dental Surgery degree during the 29th Commencement of the University of Texas Dental Branch at Houston, May 17. He has been commissioned by the U. S. Army as first Lieut.

A graduate of Iowa Park High School, he attended Midwestern University for three years where he was a member of Beta Beta Beta, a biological honor society.

At the Texas Dental Branch where he studied for three years, he belongs to Delta Sigma Delta, a professional fraternity.

Mrs. Rowntree is the former Kaye Stankewitz, daughter of Mr. and Mrs. Leroy Stankewitz. She was graduated from Midwestern University and for three years she has taught in the Cypress Fairbanks Consolidated Schools at Houston.

## Which is larger?

Which is bigger--bargain, giant, or family size? How about economy or large economy size? As any shopper knows, there's usually no rhyme or reason to the size names manufacturers give their products. And some large sizes cost more per unit than their smaller brothers and sisters.

To clear up the confusion and deception in packaging, the Federal Trade Commission has proposed a new rule that would apply to manufacturers using such terms as "jumbo, economy, giant". In order to use such a term, the manufacturer must offer the same brand in at least one other size so comparisons can be made. Each term must refer to a specific size within a particular brand. In other words, there can only be one "economy" size of Brand X. If a size is labeled "economy", it must truly be an economy, at a per unit price substantially reduced from the regular price of all other packages of the same brand.

**SALE STARTS FRIDAY JUNE 4 10AM SHARP**

**BOGAN FURNITURE & APPLIANCE IOWA PARK**

**QUITS BUSINESS**

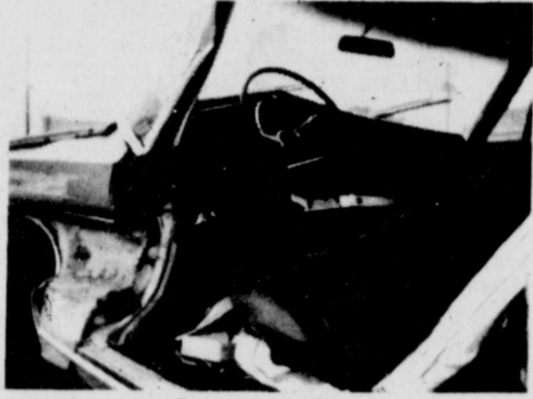

**Bogan recovering from accident**

Jack Bogan, well-known Iowa Park furniture store owner, is recuperating in Wichita General Hospital following a serious car-truck accident in Wichita Falls Friday night.

Bogan is recovering from eight fractured ribs, three of which were broken in two places, a gash on his left forehead which required 20 stitches, and multiple abrasions and contusions. Injured at 9 p.m., he was held in intensive care until early Saturday morning, when they moved him to room 381 where he remains.

The accident took place at the intersection of Eighth and Holliday. Bogan was reportedly driving East on Eighth, enroute home on the expressway, when a large, loaded moving van going south on the expressway failed to stop at the lighted intersection.

The truck, which was reportedly sliding in an effort to stop, crashed into the driver's side of Bogan's car. Shattering glass caused most of the cuts on his face.

# Holliday baseball gets underway

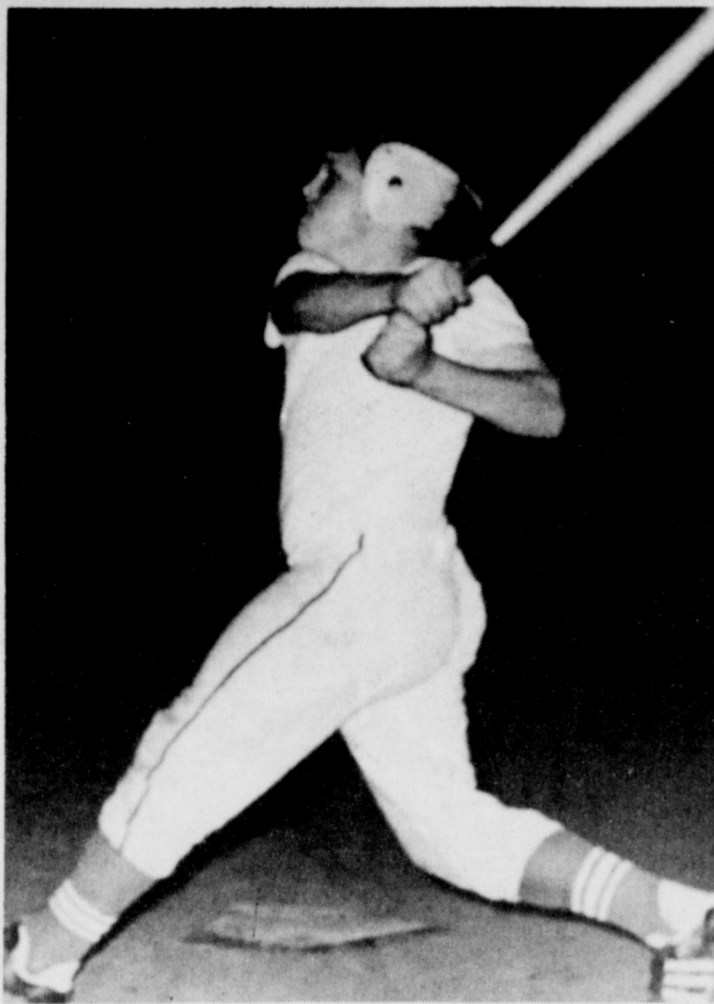

Holliday's summer baseball program got off to a roaring start as two city teams defeated out-of-towners and two local squads battled until hail forced the game to be called. Steve's Repair Shop, which has dominated scrimmage action in the Midget division, blasted the First State Bank of Archer City, 18-1. Winning pitcher Willie Gafford aided his own cause with a grand slam homerun. Coaches are Ronnie Gafford and Johnny Selph.

Dugan's Spee-Dee FoodStore claimed victory over the Talley insurance squad after hail caused the game to be called in

the third inning, 10-6. Spee-Dee's team is coached by Floyd Cribbs and Gene Harmon. Coaching the Talley Insurance team are Russ Allen and Darinus McKay.

In Minor League competition Ayres Oil came through with a narrow, 13-12, victory against the Knights of Columbus from Scotland. Bobby Gilmore collected the win for Holliday and collected three hits including a homerun.

More than 100 boys are taking part in Holliday's summer baseball program. Sponsors of each of the seven teams have donated \$60 to help buy uniforms and equipment.

Boys participating will sell baseball buttons to raise more money to help with expenses and prepare for next season's program. The boy that sells the most buttons will be awarded a new aluminum bat (value at \$10).

Officers of this year's program are Dan Stone, president; Gary Dillard, vice president; and Judy Nichols, secretary-treasurer. Taking care of measurements and ordering uniforms is Linda Willis. In charge of the concession stand is Chris Stone.

Boys who haven't signed up and would like to compete in the baseball program should contact one of the officers or coaches before the season reaches its halfway point.

## Agent gives tips on non-fat eating

If you have a terrible sweet tooth, yet the word 'fattening' keeps ringing in your ears, bite into a sweet low-calorie pear, suggests Thelma Wirges County Home Demonstration Agent.

A medium-sized pear has about 100 calories. And it is also good for you, providing small amounts of vitamins and minerals. To supplement the food value of pears, combine them with vitamin-rich fruits, juices, and protein foods.

Serve baked or broiled pears with lamb, ham or pork. For an attractive garnish, fill the pear centers with mint jelly or cranberry sauce.

Or, try stewing pears cut into quarters of halves in cranberry, orange or pineapple juice for a flavorful dessert. Select slightly underripe fruit and bring them to the boiling point, then simmer until tender. This way you can supplement the vitamin value of the pears with that of the juice yet keep the

calories low. Serve stewed pears with a small scoop of sherbert, ice milk, or a dollop of sour cream.

Combine fresh diced pears with melon balls, grapes, plums, peaches and other fruits in season for a colorful compote. Use orange juice to sweeten the fruit, to accent the flavor, and to keep them from darkening.

For a heartier gourmet dessert, team pears with cheese.

Do you know if these statements are true or false? Older people need less protein than young adults. Fried foods are difficult to digest. Whole grain breads. Butter has more calories than margarine. Toast has fewer calories than bread. They are all false, says Thelma Wirges, County Home Demonstration Agent. And here are the reasons:

Our body's requirements for protein continue throughout life, so an older person needs the same amount as a young adult of the same body size.

Digestion of fried foods is as complete as that of other foods, but fat takes longer to digest than carbohydrates or protein. Because fat coats food when fried, it remains in the stomach for a longer period of time.

Enriched white breads are just as nutritious as whole grain breads. Be sure to watch labels for the word "enriched", as unenriched white breads have less vitamin B and iron. One hundred calories—that's the amount both butter and margarine contain. The price is different, but the caloric content is the same.

A slice of bread loses moisture when toasted, making toast lighter in weight than bread. But the number of calories in a slice of bread does not change in toasting.

Liver, usually lower in price than other cuts of meat, is a valuable food contribution at mealtimes. Liver is an excellent source of vitamin A, B- vitamins and high quality protein and iron.

Calf liver, the most expensive type of liver, requires only a short cooking period, long enough to change its color. It can be broiled or fried.

Beef liver requires slightly longer cooking and is usually considered better when braised. Cooking with moist heat will keep it from being too dry.

Pork liver is lowest in price because it has a stronger flavor. It may be braised with onions or tomatoes.

There is no waste in liver so a pound will make four servings. And it is not necessary to soak or scald the meat.

Liver is perishable and requires careful storage. It should be bought for immediate use and kept in the home refrigerator no more than a day or two before cooking.

# Highlights and Sidelights

From Your State Capitol

AUSTIN -- Sixty-second Legislature wound up its regular session with a bang and a roar -- and a few whippers.

In a photo-finish, the House-Senate conferees turned out a record \$6.9 billion biennial budget for near-deadline consideration.

Lawmakers earlier agreed on a \$617 million tax bill which will go into effect July 1, then followed up with \$35 million worth of new taxes on liquor-by-the-drink and by-the-gallon.

Texans will be paying four per cent sales (five, in most cities) and auto sales -rental tax, 18.5 cents a pack on cigarettes; \$4.50 per \$1,000 on corporation franchises; and \$5 per barrel on beer. A 10 per cent gross receipts tax will be levied on mixed-drink sales and \$1.95 a gallon on liquor sales generally. A gasoline tax increase, approved earlier, was repealed in a subsequent bill.

cases receive compensation solely from the state, not the counties.

\* Environmental Protection Act of 1971 is constitutional in authorizing private individuals to maintain legal anti-pollution actions on behalf of the public or to sue the state, but vagueness and caption of the bill offer constitutional problems.

\* Bill authorizing commissioners courts in "counties of one million to 1.5 million" to prohibit keeping of hogs within 500 feet of a residence not in an incorporated city is unconstitutional.

\* A hospital district in which an indigent prisoner was held by the sheriff is liable for his medical bills when it did not have adequate facilities and treatment had to be administered by another hospital.

\* Texas Board of Licensure for Nursing Home Administrators has no authority to fix licensing fee of \$50 per annum for "administrators in training."

\* A State Department of Public Welfare employee called out on an emergency mission for protective service to an abandoned or abused child is entitled to reimbursement for official travel mileage expense.

vice building and other improvements, \$358,500.

Monterrey Park, San Antonio, football-baseball lighted field and other facilities, \$46,550; Brownfield Mini Park, concrete cycle paths, skating and other playground facilities, \$13,300; Bledsoe-Miller Park, Waco, redevelopment in Model Cities area, \$22,500; Southland Park, Polk County, general development, \$46,500; Bishop City Park dam and spillway, \$16,250; Valley Mills Jaycee Park general development, \$10,600; Martin Lake Park, Amarillo, reshaping existing lake and playground, headquarters building development, \$244,515; Brooklyn Park, Waco, redevelopment in Model Cities area, \$27,950 and Fairmont Park, Pasadena, acquisition of 6.3 acres of land for park, \$19,000.

Another \$731,300 B. O. R. grant was approved for McKinney Falls State Park near Austin. Grant matches the 632 acres of land donated.

Among other achievements for which the 62nd Legislature will be remembered are:

\* Ratification of a federal constitutional amendment to lower the voting age to 18.

\* Approval of a liquor-by-the-drink sales act and submission of a mixed-drink referendum to the first group of wet counties on May 18.

\* Congressional and legislative redistricting.

\* Submitted a constitutional amendment to authorize the convening legislature in 1974 to sit as a convention to rewrite Texas' constitution.

\* Passed far-reaching bank law reform legislation.

\* Creation of a tuition-backed revenue-bond fund to build new state colleges.

\* Establishment (by constitutional amendment) of a \$100 million bond fund to aid cities that build sewer facilities.

Lawmakers gave up on budgeting for welfare services for this biennium, and will return next year (if not sooner) to appropriate funds for 1973 assistance to the needy, meanwhile hoping for expanded federal aid.

COURTS SPEAK--U. S. Supreme Court decision striking down Georgia's financial responsibility law poses a threat to Texas' law. Court said the law must provide for determination of fault before a drivers license is suspended.

Third Court of Civil Appeals here reversed the local court in a suit involving control of an Abilene bank.

State recovered \$6,000 penalty from Texas Rockwool of Belton in an air pollution suit filed by the attorney general on behalf of the State Air Control Board.

State Board of Registration for Professional Engineers got a permanent injunction against a Del Rio man from practicing engineering or representing self to the public as a licensed professional engineer.

BARNES TELLS ASSETS--Lt. Gov. Ben Barnes, in keeping with his pledge, filed a voluntary statement of financial assets and liabilities with the Secretary of State.

Lieutenant Governor listed financial assets of \$267,721 and liabilities of \$184,100, for a net worth of \$83,621. Principal asset was a business association with Brownwood businessman Herman Bennett. Barnes said he has interests in construction, motel franchises, real estate, farming, radio stations and shopping centers as well as \$74,600 worth of stocks -- but owes \$150,792 in bank loans.

Barnes was among the first major officials to file a voluntary statement. He pushed for a new state law requiring such disclosure by public officials.

AG OPINIONS -- An appointee who served one day as "executive" of a printing company was ineligible for the "employer" member position on the Texas Industrial Accident Board, Atty. Gen. Crawford Martin has held.

In other recent opinions, Martin concluded that:

\* Governor does not have power to veto proposed constitutional amendments.

\* A bill providing that a dry area annexed to a wet area shall occupy the same wet status as the annexing area is unconstitutional, as it violates the local option mandate.

\* Applicants signing petitions for incorporation of a new town must be qualified electors who have resided in the area at least six months. Area must contain more than 200 inhabitants (who do not have to be qualified electors).

\* Out-of-state witnesses in criminal

APPOINTMENTS -- Rep. Tommy Shannon of Fort Worth was designated by House Speaker Gus Mutscher of Brenham as speaker pro tempore of the House of Representatives.

George W. Horan Jr. of Fort Worth and George Dillman of Dallas were designated chairman and vice-chairman of the Texas Tourist Development Board.

Gov. Preston Smith named J. H. Bain Jr. of Stockdale to a new term on the Finance Commission of Texas.

Smith appointed John T. Duncan of Bryan to the American Revolution Bicentennial Commission, to replace Mrs. Marcella Perry of Houston who resigned.

PILOT PROJECT PICKED--State Capital Area Planning region was selected by the Governor's office and the University of Houston Institute for Urban Studies as the pilot site for an experimental housing market aggregation project.

Funded by U. S. Department of Housing and Urban Development, the project is one of two in the nation. Purpose is to promote housing construction activity. Area will be "tested" for housing constructed on mass production basis.

# if

the ads in this paper were printed in a special disappearing ink which was visible only from 5:00 p.m. until 5:01 p.m. they would certainly not be very effective selling tools -- nor reach many potential buyers -- nor make a lasting impression -- nor have the re-readership which they do have. Use your advertising dollar to its fullest advantage -- in print!

**IOWA PARK LEADER**

## Holliday Happenings

Holliday's Church of Christ will conduct its annual Vacation Bible School June 7-11, with classes to be held from 9:30 to 11:30 each morning.

Pre-schoolers through high school age youths are invited to attend the school which will have as its theme "In His Steps".

Directing the activity is Mr. Doyle Evans who is the pastor. Offering their services as teachers will be Nancy Robinson, Mona Gibson, Beverly Evans, Irene St. Clair, Norma

Loudamy and Jim Robinson. Several members of the church will also take part assisting these teachers.

The Rev. Jackie W. Chappell and his wife will be included among the guest singers at the First Assembly of God monthly singing in Holliday. The monthly event gets underway at 7:30 p.m. Saturday as several area and local singers are slated to perform.

The Rev. Leo A. Chappell extends a cordial invitation to everyone who would like to come and hear the gospel singers and those who would like to take part in the individual and congregational singing.

## Bible school dates slated

The Vacation Bible School at the First Baptist Church in Holliday will be held June 7-11 from 8:30 to 11:30 each day.

A parade will be held Saturday at 2 p.m. as part of Preparation Day, and a picnic will be held at Funland on June 11 the closing day of the school.

The Commencement Program will take place Sunday June 13 at 7:30 p.m. The Bible school will be for boys and girls from three years of age through the sixth grade.

Mr. and Mrs. Ronnie Stubblefield announce the birth of their son Chad Allen. Chad Allen tipped the scales at six pounds three ounces when he was born May 22.

A daughter was born to Mr. and Mrs. Larry Joe Fields, May 17 in Duncan, Okla. Larry is presently serving with the Navy in Vietnam. Grandparents are Mr. and Mrs. Jerry Fields of Holliday and Mr. and Mrs. George Chambers of Duncan, Okla.

# OBITUARIES

## Mrs. Ethel Effie Nichols

Funeral for Mrs. Ethel Effie Nichols, 59, who died last Wednesday in Bowie, was Saturday in Hillcrest Baptist Church in Wichita Falls. The Rev. Walter Evans, pastor, officiated. Burial was in Randlett, Okla.

Mrs. Nichols, a nurse at Wichita Falls State Hospital, was born May 26, 1912 in Randlett. Survivors include a son, Gary of Arlington; two daughters, Mrs. Delores Winter of Bowie and Mrs. Jo Hamilton of Dallas; four brothers, Roy and Manuel Braden of Randlett, Sam Braden of Lufkin and Ray Braden of Yukon, Okla.; three sisters, Betty Braden of Iowa Park, Alta Mae Braden of Randlett and Mrs. Ruby Lee of Arlington.

## Clark Lemond

Services for Clark Lemond, 79, father of Phares Lemond of Iowa Park, were Sunday in the First Baptist Church at Post Oak. Born Dec. 26, 1893 in Jack County, he died Friday in a Henrietta hospital.

He is survived by his wife, Ruth; a daughter, Mrs. Anna Armonstrout of Jacksboro; six other sons, Howard of Blue Grove, Kenneth of Midway, Thurman of St. Louis, Mo., Morris of Olney, Forrest of Chico, and J. C. of Fort Worth; and 17 grandchildren.

Attending the funeral from Iowa Park were Mrs. Edna Lemond, Mrs. Jimmie Kasparek, Mr. and Mrs. Wayne Williams and Mr. and Mrs. Pat Kingcade.

## William Grady Cole

Service for William Grady Cole, 79, who died Friday at Park Manor Nursing Home, was Saturday morning at the Church of Christ, John Maples, minister, officiated.

Burial was in Crestview Memorial Park in Wichita Falls under the direction of Tanner Funeral Home.

Pallbearers were Tom Barnett, Guthrie Young, Orange Lester, W. D. Vestal Jr., W. W. Wright and R. L. Good.

Mr. Cole was born July 7, 1891 at Garland and he married Annie Belle Herring at Duncan, Okla. in 1911.

A resident of Iowa Park since 1955, he was a retired gasoline plant operator for Warren Petroleum Co. He was a member of the Iowa Park Church of Christ, and the I. O. O. F. and Masonic Lodges at Shawnee, Okla.

He is survived by his wife; one daughter, Mrs. Ladd Laws of Iowa Park; two sons, Garland Grady of Gladewater and Reed of Odessa; two sisters, Mrs. Clara Males of Shawnee, Okla., and Mrs. Annie Atkins of Soper, Okla.; two brothers, Thomas of Rolf, Okla., and Henry of Belen, New Mex.; and five grandchildren.

## O. O. Bull

Final rites for O. O. Bull, 69 of Bettie, a former resident of Iowa Park, were held Saturday in the Caudle Funeral Chapel at Gilmer with the Rev. Bobby McClenny and the Rev. James Fortner officiating.

Burial was in the Hopewell Cemetery. He died last Thursday in a Gilmer hospital after a brief illness.

A retired pumper, he worked for the American Petrofina Co. when he lived in the Valley View Community. He was a member of the Faith Baptist Church here.

Survivors include his wife, Thelma of Bettie; three daughters, Mrs. Clarine Hilbers, Mrs. Johnnie Fay Langford and Mrs. Cathy Langford, all of San Diego, Calif.; three step daughters, Mrs. Joyce McClenny of Lindale, Mrs. Coylene Boggie of Hopewell and Mrs. Jean Morman of Whitehouse; four sisters, Mrs. Florence Hamilton, Mrs. Verah Hillies and Mrs. Edna Wood, all of Arizona, and Mrs. Mamie Wyatt of Highland, Calif.; one brother, Earl Bull of Dimmitt; 18 grandchildren; and one great-grandchild.

Mr. and Mrs. James Stewart and Mr. and Mrs. Marlin Drury from Iowa Park attended the funeral service. Mrs. Bull is a sister of Stewart.

## Mrs. Mattie Kiker

Services for Mrs. Mattie Kiker, 95, mother of Mrs. T. J. Pace, who died Saturday in a Wichita Falls hospital, were Tuesday afternoon at the Floral Heights Methodist Church.

The Rev. Don Youngblood, pastor of the First United Methodist Church in Iowa Park, officiated. Burial was in Crestview Memorial Park under the direction of Hampton-Vaughan Funeral Home.

A resident of Wichita Falls since 1941, Mrs. Kiker was born June 27, 1895 in Tennessee. She was a member of the Floral Heights Methodist Church. Her late husband was at one time minister of the Methodist church in Iowa Park.

In addition to Mrs. Pace, she is survived by a son, Orville of New Orleans and 11 grandchildren.

Grandsons were pallbearers.

## Eldon Owen 'Pony' Cornwell

Funeral for Eldon Owen (Pony) Cornwell, 83, will be today at 2 p.m. in Tanner Funeral Home chapel, John Maples, minister of the Church of Christ, will officiate. Burial will be in Highland Cemetery.

Born March 27, 1888 in Hood County, he died Tuesday afternoon at Wichita General Hospital.

A resident of Wichita County for 50 years, he resided on the Iowa Park Road. He was formerly employed by Thompson Tool Co. in Iowa Park and worked at Roy's Service Station on the Iowa Park Road until his retirement.

He is survived by several nieces and nephews.

### City View meet set

A meeting of residents in the City View Independent School District has been called for 7:30 this evening, in the school auditorium.

Calling the gathering is a five-man committee, recently elected, which is charged with the responsibility of working against a tax increase in the district, and to consolidate with

the Wichita Falls schools. At a meeting two weeks ago, those attending voted to take court action against the board to stop, or at least delay, the announced 53 percent increase in school taxes. There has been no court action filed, and a report is to be made to the people at tonight's meeting, according to a spokesman.

Members of the elected committee are Al Griest, John Allen, Clyde Alderman, Earl Hathaway and Bob Kennedy.

## Recreation program starts next Monday

The Summer Recreation Program, sponsored by the city Parks and Recreation Department, is slated to begin Monday and continue through July 23, according to Jimmy Alsop, program director.

All youngsters of school age are eligible to participate in the day-long program held Monday through Friday. Admission for the season is 50 cents per child.

Held at the junior high gymnasium, the hours are from 9 a.m. to noon, and from 2 to 5 p.m.

Among the many activities offered are quiet games, pool, ping pong, basketball, handball, four-square, tennis, softball, and soccer. Every Friday morning special events are set up, such as bicycle races, sack races and other competitive events, for which prizes are awarded to the winners.

A concession stand is available for soft drinks and candy.

Aiding Alsop, well-known junior high coach, are his wife and son, Randy.

## FINNELL NEW REPRESENTATIVE

# County is split by legislature

A bill splitting Wichita County for representation in the House was approved in an 11th hour rush Monday as the Texas Legislature went through its traditional last gasp effort to pass major legislation before the midnight May 31st regular session deadline.

The House had already approved a plan to move Iowa Park, Electra and the south-eastern part of Wichita Falls into District 61, represented by Charles Finnell of Holliday.

And when the Senate approved the bill Monday evening and sent it to Gov. Preston Smith for his signature, that left Reps. Vernon Stewart and Dave Allred with what was remained of Wichita County.

Yet to be determined in a special session which convened Tuesday, is the redistricting of State senatorial districts and U.S. Representative districts.

Though this area is not expected to

be affected and Sen. Jack Hightower of Vernon is believed to be "our man" in the high chamber, there remains some question about whether Wichita County will continue to be represented in Washington by Rep. Graham Purcell or Rep. Bob Price.

The remaining district changes are expected to be completed by the end of this week, according to reports from Austin.

Rep. Finnell immediately expressed optimism with the makeup of the House district and made it known last Wednesday night when the bill came out of the House that he would be running for reelection in 1972.

"With the western section of Wichita County added to Archer, Clay, Throckmorton and Young Counties, I think we have a good district with strong common interests."

"I look forward to serving an important section of Wichita County, although I regret losing three counties from my present district," Finnell said.

While gaining the portion of Wichita County, Finnell lost the counties of Baylor, Jack and Montague.

"I have thoroughly enjoyed the opportunity of representing the fine people of District 61, and I look forward to the challenge of representing an area which is both rural and urban in nature," he stated.

There remains some question, however, on whether the redistricting maps will stay as the Legislature passed it. Some court action is promised, and the House even figured in its appropriations the financing of court costs, it is reported.

## As I See It . . .

By BOB HAMILTON

I don't think there is any way around it. . . the cost of living in Iowa Park is going to take a slight increase in the near future.

It all has to do with water. Though the two city lakes which normally supply Iowa Park with water do a good job in normal, wet seasons, city officials recognize that not all years (like this one) are normal, the per-person consumption is increasing as is the population, and the water treatment plant is limited in its output.

So it appears the city must find an additional source of water, and Wichita Falls is the likely place. Negotiations as pointed out on the front page, are to start very soon and hopes are a pipe can be laid this summer.

The costs of purchasing treated water, installation of a pipe line, additional holding tanks must be added to the bill, whether it comes in the form of higher water prices or taxes. And at the same time the city must continue to pay a minimum of \$2,500 monthly to the water district for retirement of bonds on the lake construction.

Iowa Park has been making money on the sale of water in the past. Last year about \$5,000 was channeled from the water department fund to the general fund, and the year before the figure was close to \$15,000. This revenue helped keep down taxes to finance the city's cost of operation.

But the cost of treated water from Wichita Falls is an unknown factor, and, therefore, any projection of future cost of water here would be a guess. The mayor, Dr. Erwin Soell, figures the increase will be between 25 and 33 percent.

Whatever the cost, I believe most people are ready to pay for it. I think they want a good, reliable source of water whether it comes from our two lakes or from our neighbor city.

He said it was doubtful a water line could be put down without a bond issue.

There's no telling what it has cost the people of the city to use Lake Kemp water these past few months. Many have been buying water at a high rate in containers. But the real cost is just showing up. And that is in damage to plumbing fixtures. One supplyman told me business was booming on parts for bathroom fixtures and hot water heaters. The damage to the underground water pipes isn't known, but it wasn't good in the older part of town, even before Kemp's salt water flowed through them.

Iowa Park has been paying dearly for water from Kemp anyway. Not that the seven and a half cents per thousand gallons was too high, since we didn't have

any choice, but I've estimated evaporation from the holding lake along runs well over \$100 on some days.

I hope the committee representing the city has good progress in working out an agreement with Wichita Falls. It's doubtful our neighbors will overcharge us for the water we ask.

But it's like one man told me a few years ago: "You don't know what you can pay for water, when you don't have any."

## Pastor says patriotism replaced by revolution

"They loved and were loved", a phrase taken from "In Flanders Field" furnished inspiration for the Memorial Day address by the Rev. A. M. Dorsett, pastor of the First Presbyterian Church, Sunday afternoon at the First Christian Church.

In paying tribute to the war dead, he said that they had a purpose in living and demonstrated it as they gave their lives that America might remain free. He observed that a spirit of revolution far too often replaces the spirit of patriotism in the nation today, and he challenged his hearers to love and be loved by exemplifying a willingness each day to be the kind of persons that the Lord would have them to be.

A group from the Iowa Park High School

## LETTERS to the EDITOR

Dear Mrs. Hamilton  
I liked the trip to your shop and the paper you give. Thank you very much.  
Your friend,  
Teresa Siddle

Dear Mrs. Hamilton,  
Thank you for showing use around I liked it very much.  
Your friend,  
Randy Billingsley

Dear Mrs. Hamilton,  
Thank you for letting us see the Leader. I would like to wrok there. Well I better go now.  
Your friend,  
Laurie Tatam

Dear Mrs. Hamilton  
Is it fun making the leader? I bet it is.  
Your friend  
Troy

Dear Mrs. Hamilton,  
Thank you for showin us around. I enjoyed it very much.  
Your friend,  
Kella Elliott

Dear Mrs. Hamilton and Staff,  
Thank you so much for having us. We all enjoyed it.

The children have been writing in cur-sive since only Christmas and some of them are having a little trouble, but I hope you can read them.  
Most sincerely,  
Mrs. Bell

Dear Mrs. Hamilton,  
I like you leader. Your people are very fast. I hope I can do something like that when I growup.  
Your friend,  
Bob

Dear Mrs. Hamilton,  
Thank you for showing us how to make Iowa Park leaders. The tiperighters were very interesting. The machine I didn't understand was the one that had all those holes in it. I couldn't read any of it. I'll try to get one of the papers sometime.  
Third grader,  
Gayland Collins

Dear Mrs. Hamilton,  
Tancq you for the little pink thaing. And I thank all of the staf was intarresting.  
Your friend,  
Barbara

Dear Mrs. Hamilton,  
I really enjoyed visiting the Iowa Park Leader. You really told us some interesting things about the Leader. I like to write letters to people who show us things that are interesting. I never had my letter in the paper before.  
Your friend,  
Lynn Collins

Dear Mrs. Hamilton,  
I think that the tepe writer you made go by itself was magic. I don't know.  
Your friend,  
Jimmy Smith

A note from the Texas State Department of Health, via Park Clinic:  
"To protect the human population, rabies control requires the elimination of all stray dogs and cats, the immunization of owned dogs and cats, the immunization of livestock in problem areas, and the reduction of the offending wildlife population to numbers that will not support a continuing transmission cycle."

## LETTERS to the EDITOR

Dear Sir:

Saturday, May 29, the Northwest Texas Field and Stream Association held their annual Kid Fishing Rodeo at Horseshoe Lake. We hosted some 650 youngsters and 260 adult supervisors to a fishing trip, free lunch with all the trimmings, and awarded various prizes. This annual event is open to any youngster free of charge 12 years of age or younger. This year our attendance was a little off due to weather conditions, however we managed to consume some 1800 hot dogs, 1200 Pepsi Colas, 900 bags potato chips and 900 ice cream cartons.

My reason for writing this letter is to express a great big thank you to Iowa Park's John Sibley, Field and Stream director, who took the reigns this year and ran with them like the Hawks' football team and did an excellent job, to Richard Davis, Carlton Hicks and Earl Chesser for help and supervision, to the Ag boys and some 5th grade boys for clean up detail and also a tip of the hat to David Thayer and some 12 boys for tying some 100 fishing poles and making stringers. With Iowa Park's help, youngsters from Iowa Park, Wichita Falls, Burk, Vernon and other communities this truly makes the Northwest Texas show up in our Northwest Texas Field and Stream organization now over 1700 families strong.

Very truly yours,  
NORTHWEST TEXAS FIELD AND STREAM ASSOCIATION  
KENNETH CUNNINGHAM  
EXECUTIVE SECRETARY
